We agree and fully support the proposed modifications regarding PEX tubing, as issued on July 10, 2008.

This includes the modifications issued for all agencies listed:
Building Standards Commission (BSC)
Division of the State Architect-Structural Safety (DSA-SS)
Office of Statewide Health Planning and Development (OSHDP)
Housing and Community Development (HCD)

We believe that PEX tubing should be a clear option for use in any jurisdiction in California.
