To: Building Standards Commission

Trilogy Plumbing, Inc. has been in business for over six years. We employ approximately 120 employees in Sacramento and Anaheim, California. We agree and fully support the proposed modifications regarding PEX tubing, as issued on July 10, 2008. This includes the modifications issued for all agencies listed:

- Building Standards Commission(BSC)
- Division of the State Architect-Structural Safety(DSA-SS)
- Office of Statewide Health Planning and Development(OSHPD)
- Housing and Community Development(HCD)

We believe that PEX Tubing has offered the industry a viable option to more costly water systems and has proven to reduce warranty cost after installation. This combination of reliability and affordability has help Trilogy Plumbing bring affordable housing to all Californians.

Sincerely,

David Keefe, President
Trilogy Plumbing, Inc.
