

M E M O R A N D U M

The Office of Risk and Insurance Management kicked off the DGS State Employee Drive with the help of Victor Matteucci, son of ORIM employee Tavelle Matteucci. Victor is a 2nd grader at the Heron School in Natomas, his teacher, Ms. McGhie assigned a Christmas kindness project for the class and he chose to help his mom out with the canned food drive. Not only did Victor provide food for the campaign but he designed and colored a poster stating that “other children his age do not have food to eat and they need our help”. Victor’s kindness was acknowledged by his teacher and ORIM gets to keep the poster.

In addition, Jocelyn Mendoza, daughter of another ORIM employee, Sovia Mendoza colored a poster showing a snowman holding a can of food next to a Christmas tree. Jocelyn is a kindergartener at John Morris School in South Sacramento. The theme of her citizenship lesson was giving back to others, and letting her mom bring the poster into work.

Through efforts of State employees, and with a little help from school age children, the State Employee Drive is recognized as one of the largest in the Sacramento Metropolitan area.

And the donations will continue to roll in well into January! ORIM has challenged the Business Services Office to see which one can bring in the most cans by January 18, 2008! Good luck to both!
