4-333. Observation and inspection of construction.

...

(b) **Inspection by a project inspector.** The school board must provide for and require competent, adequate and continuous inspection by an inspector satisfactory to the architect or registered engineer in general responsible charge of observation of the work of construction; to any architect or registered engineer delegated responsibility for a portion of the work; and to DSA.

1. The cost of project inspection shall be paid for by the school board. An inspector shall not have any current employment relationship with any entity which is a contracting party for the construction or any entity providing any services for the school district except for services directly related to project inspection.
