Introduction

BidSync is a powerful e-procurement system designed to save you time and money in preparing and managing all phases of the acquisition process. Each day thousands of agencies use this system to find, respond to, and be awarded valuable contracts. This manual will walk you through the process of searching for Small Businesses (SB), Disabled Veteran Business Enterprises (DVBE), Non-Profit (NP) Organizations, and Non-Profit Veteran Service Agencies (NVSA).

If at any time you have questions, please contact your administrator. For further information about this or any other topic, please visit our website at www.bidsync.com or the DGS e-procurement site at www.eprocure.dgs.ca.gov.
