

SPECIAL EDUCATION DIVISION
QUARTERLY REPORT
FOURTH QUARTER 2005/2006 FISCAL YEAR
April 1, 2006 - June 30, 2006

Background. Effective June 1, 2005, the Office of Administrative Hearings (OAH) entered into an interagency agreement with the California Department of Education (CDE) to administer the mandated special education dispute resolution program. That agreement obligates OAH to provide certain specified dispute resolution services in conformance with 20 United States Code, section 1415 et seq., and California Education Code section 56500.1 et seq., as well as requires OAH to collect particular data on the operation of the program. OAH is obligated to report on that data quarterly.

The interagency agreement further contemplated that during the 2005-06 fiscal year, the operation of the special education dispute resolution program would be transitioned to OAH from the University of the Pacific, McGeorge School of Law, Special Education Hearing Office (SEHO), with SEHO continuing to provide particular dispute resolution services during the 2005-06 fiscal year. To the extent that the data reported herein relies on or relates to McGeorge's activities during or prior to the completion of the transition period, OAH cannot vouchsafe for its accuracy because OAH was neither privy to nor had oversight over SEHO's operation.

During the 2005-06 fiscal year, OAH's obligations under the interagency agreement have undergone a number of modifications. These changes have resulted in significant unanticipated changes in the nature and volume of the workload for which OAH is responsible. This too has resulted in some anomalies in the data.

The agreement, as originally entered, required OAH to provide hearings for all cases filed after June 30, 2005, for which a hearing was required. OAH was also obligated to take over all matters (hearings or mediations) still pending with McGeorge on June 30, 2006. Thereafter, from July 1, 2006, through June 30, 2008, OAH was required to provide all the services necessary to appropriately administer the special education dispute resolution program, as called for by the agreement and all applicable laws.

At the time the agreement was entered into, OAH was not obligated to provide any dispute resolution services (hearings or mediations) for cases filed prior to July 1, 2005. Also, the agreement precluded OAH from providing mediation services for any case filed between July 1, 2005, and December 31, 2005. OAH was required to refer those matters to McGeorge.

At CDE's request, OAH agreed to amend the agreement in two respects. First, OAH agreed to provide hearings for all cases in which a hearing was required and had not been commenced on or before the close of business on June 30, 2005. That included cases which had been filed with McGeorge prior to July 1, 2005, and for which OAH was not responsible under the original agreement. Second, OAH agreed that commencing on January 1, 2006, it would provide mediation services for all cases unresolved as of that date. These included cases which had been filed with McGeorge prior to December 31, 2005, and for which OAH was not responsible under the original agreement.

OAH agreed to assume these additional responsibilities because CDE advised that it was unable to reach an agreement with McGeorge to handle this work and because OAH is committed to making certain that the special education dispute resolution program is fully available to California's special education students. This includes those students whose cases would have been lost or unduly delayed had OAH not agreed to take on this additional work.

Apart from the increased workload associated with conducting the additional and unanticipated special education mediations and hearings, the manner and timing of transferring the cases from McGeorge to OAH has been difficult. It has necessitated countless hours inventorying, reviewing, and processing all of the almost 1,600 McGeorge case files, some dating back a number of years.¹ During the fiscal year, particularly during the third and fourth quarters, OAH has worked to process these "pipeline" cases in a way designed to best address the pressing needs of the children involved in these additional cases.

As noted above, OAH agreed to provide certain specified dispute resolution services. Such services include conducting mediations and/or hearings in special education cases, as well as addressing all the procedural matters attendant to those proceedings. Matters to be resolved in those proceedings generally included issues related to the identification, eligibility, assessment, and/or educational placement of a student as they relate to his or her right to a "free appropriate public education."

As a procedural matter, the parties (usually parents and school districts) to a special education dispute may seek a resolution of their disagreement through mediation prior to filing a request for a hearing. They may also engage in informal, non-adversarial means of

¹ McGeorge encouraged the use of "off calendar" status to continue a matter while mediation efforts were undertaken or the parties attempted to reach a negotiated settlement on their own. These matters typically remained "off calendar" until one party asked that the matter be placed back "on calendar" for a hearing. The 1,559 cases received by OAH from McGeorge in the last six months of 2005 included cases that had been "off calendar" and were going back "on calendar" for a hearing, as well as cases that had been settled while at McGeorge but needed a dismissal order issued by OAH which had exclusive authority to do so after July 1, 2005. During the same period, OAH, as required by the interagency agreement with CDE, referred virtually all new case filings to McGeorge. These matters were also generally placed in "off calendar" status by McGeorge. This resulted in a large number of cases with no scheduled hearings. Since receiving these cases on January 1, 2006, OAH has diligently worked to determine the status of each of the McGeorge "pipeline" cases.

resolution after a request for hearing has been filed, or even after a hearing has commenced. Resolution sessions are initially convened by local educational agencies, without the assistance of OAH, within 15 days of receiving the parents' hearing request. If such a resolution session does not resolve the parties' dispute, then the parties may pursue mediation and/or participate in settlement conferences conducted by an administrative law judge from OAH. The administrative law judges at OAH are trained and experienced in resolving cases through these informal means. The vast majority of cases resolve through such informal processes, which obviates the need for the more formal and adversarial hearing process.

To put the scope of the task given to OAH in perspective, and the progress made, this report will reflect not only the cases processed for the fourth quarter, but also a review of the available data back to June 1, 2005. Given that the 2005-06 fiscal year was the initial year of operation for the OAH special education division, as data is collected over the coming fiscal year and the SEHO "pipeline" cases are processed out of the system, OAH will be in a better position to provide a more accurate picture of how cases have resolved since OAH assumed responsibility for conducting mediation and due process hearings in special education cases.

Fourth Quarter Highlights. OAH recognized the possibility that in the hundreds of "pipeline" cases it inherited, a degree of inertia may have set in as progress stalled and unresolved issues spilled over into successive school years. OAH therefore made the processing of these "pipeline" cases a major priority and substantial time, effort, and resources over the past quarter have been devoted to addressing the considerable backlog of SEHO cases. These efforts have been successful. Hundreds of aged cases were placed back "on calendar" and status letters were sent to all parties for cases that were in "off calendar" status. This status check alone resulted in 92 inactive SEHO cases being closed. And through these efforts, of the 1,559 cases inherited from SEHO, 1,344 cases (86 percent) have been resolved through closure, settlement, or hearing. Many were cases that had been languishing for many months, if not years. At present, of the 1,027 matters pending before OAH, only 215 are cases inherited from SEHO. During the 2005-06 fiscal year, OAH successfully processed a total of 3,047 cases through closure.

Even as case backlogs were addressed by merging "pipeline" cases into the existing calendar, OAH recognized the need to improve decision timeliness. This was emphasized over the fourth quarter and the timeliness of decisions issued increased from 29 percent during the third quarter to 57 percent during the fourth quarter. As new administrative law judges are added and experience levels increased, decision timeliness is expected to improve still more. The average timeline for decision was 41 days. Of the 56 decisions issued over this quarter, 32 were issued within the requisite timeframe. All decisions have been provided to CDE and posted on the OAH website.

OAH scheduled 1,167 mediations and facilitated 531 mediation sessions over the fourth quarter. As detailed more fully in the report, mediations held by OAH were successful in 70 percent of these cases. All the administrative law judges assigned to mediations attended a civil mediation course offered through the National Judicial College (NJC), the preeminent national training institution for judges. This program requires 40 hours of actual training and leads to issuance of a certificate that satisfies requirements in many jurisdictions that mediators be properly “certified.” In addition, a day-long mediation course was presented by a very capable NJC instructor at the OAH annual training that focused on special education matters. Additional special education mediation training is planned for the annual training scheduled this fall.

I. Case Filings.

The total number of new case filings for the period of April 1, 2006, through June 30, 2006, was 766.

	April	May	June	Total
Student Filed Cases	147	222	230	599
District Filed Cases	19	23	17	59
Expedited Cases	7	7	1	15
Mediation Only	24	31	38	93
Total	197	283	286	766

Of the combined total of 766 new cases, the largest number involves the Los Angeles Unified School District with 320 cases or 42 percent of total cases filed. This is followed by San Diego Unified School District with 20 new requests, Newport-Mesa Unified School District with 19 new requests and Capistrano Unified School District with 11 new requests.

The total number of cases opened by OAH over the past year was 4,041.² This number includes 1,559 cases that were received from SEHO.

Looking at numbers from June 2005, the largest number of cases involved the Los Angeles Unified School District with 1,370 cases or 34 percent of the total cases filed. This is followed by Capistrano Unified School District with 88 requests, Newport-Mesa Unified School District with 76 requests, San Diego Unified School District with 76 requests, Long Beach Unified School District with 56 requests, and San Francisco Unified School District with 55 requests. The complete breakdown by school district for the fourth quarter (FY 2005-06), and also from June 1, 2005, are attached to this report.

² This number reflects 3,978 cases opened in FY 2005-06, and 63 files that were opened in June 2005.

II. Closed Cases.

Between April 1, 2006, and June 30, 2006, 931 cases were closed. These include cases that were dismissed, withdrawn by request of the parties, or that were resolved successfully prior to or after hearing. Of the 931 closed cases, 284 were cases that were initially filed with SEHO and 647 were cases that were filed with OAH on or after July 1, 2005. Of the 931 cases closed during this quarter, 37 percent settled outside mediation and/or a resolution session and 24 percent settled in mediation, for a total settlement rate of 61 percent. Reporting on the success of the IDEA-mandated resolution is inconsistent as only 92 cases (10 percent) were reported resolved in the mandated resolution session. Anecdotal information suggests this number should be much higher; however, OAH is only able to report the data it receives from school districts regarding resolution sessions. A number of cases (9 percent) were withdrawn by the petitioner without a stated reason for withdrawal.

A summary of the disposition status of these cases follows:

	OAH Cases	SEHO Cases	Total
Settled Outside Mediation or Resolution Session	238	108	346
Settled in Mediation ³	174	50	224
Settled in Settlement Conference	2	0	2
Resolved through Resolution Session	92	0	92
Withdrawn by Petitioner	50	32	82
Dismissal Order by Administrative Law Judge	9	2	11
Dismissed via Notice of Insufficiency	21	0	21
Dismissed due to Inactivity	61	92	153
Total Number of Closed Cases	647	284	931

During the fiscal year, particularly the third and fourth quarters, OAH devoted considerable time and resources to identifying aged SEHO cases that were in “off calendar” status and placing those matters back on calendar. Status letters were sent to all parties for cases that were in “off calendar” status. This action resulted in 92 inactive SEHO cases being closed.

III. Mediations.

OAH began holding mediations on January 1, 2006. Unless the parties indicate that mediation is waived, when a request for a due process hearing is received, OAH schedules

³ Settlement in mediation is a case closure category, not a measure of success at mediation. For example, it does not encompass the significant number of matters that settled after progress toward settlement was made during mediation. Referral to the actual number of cases that reached an impasse during mediation is a more accurate reflection of the success of mediation and is reflected in section III below.

an initial mediation date. This quarter, 1,167 mediations were scheduled.⁴ The parties proceeded on the initial mediation date in 764 cases and rescheduled the initial mediation date in 403 cases.⁵ In 37 cases, the parties waived mediation. In 193 cases, the parties cancelled the mediation or did not appear at the mediation session. Lastly, 99 cases were resolved before mediation occurred.

The specific statistics related to mediations are as follows:

Total Number of Mediation Requests	760
Number of Mediation-Only Requests	93
Number of Mediation requests related to Due Process Hearings	667
Number of Mediation-Only Requests Resolved through Mediation	50
Number of Mediations related to Due Process Hearing resolved through Mediation ⁶	174
Total Number of Pending Mediations ⁷	543

During the fourth quarter 2005-06, OAH facilitated 531 mediation sessions. Of those sessions, 263 (50 percent) resulted in a final agreement on the day of the mediation, 91 (17 percent) resulted in an interim agreement, and 16 (3 percent) resulted in an agreement in principle. This category reflects cases in which the parties agree to a resolution of all disputed issues during the mediation and the only remaining task is to reduce the agreement to writing. In addition, 19 mediations were continued for a second mediation date. Of the 531 mediations held, 142 (27 percent) resulted in an impasse. Consequently, mediations held by OAH were successful in 70 percent of the cases.

The overall breakdown is as follows:

Total Mediations	Final Agreement	Interim Agreement	No Agreement "Impasse"	Agreement in Principle	Continued
531	263	91	142	16	19

⁴ This number reflects the total number of mediations scheduled and will not necessarily coincide with the number of case filings. Many cases have second and third mediation dates scheduled and, therefore, the actual number of mediations held is greater than the number of case filings.

⁵ In 295 cases, the mediation date was rescheduled once; in 87 cases, the mediation date was rescheduled twice; and in 108 cases, the mediation date was rescheduled three or more times.

⁶ As discussed in footnote 3, this number reflects the use of mediation as a case closure category. The actual success of mediation is best measured through identification of the number of mediations that reached an impasse and is discussed further in this report.

⁷ This number represents the total number of cases requested, less the number of cases settled. In actuality, the total number of pending cases is a combination of the total number of cases reported previously, plus the new filings reported here, less the number of closed cases. Currently OAH has 1,027 matters pending at various stages of the administrative hearing process.

IV. Due Process Hearings.

During the fourth quarter, final due process hearing decisions were issued in 56 cases. Copies of all decisions have been provided to CDE and were posted on the OAH website. The decisions average 15.4 pages in length. The longest decision was 39 pages and the shortest was 2 pages. The average length of hearing was 3.8 days. The length of hearings ranged from 1 to 13 days. For the 2005-06 fiscal year, final written decisions were issued in 119 cases. The average decision was 15 pages in length and the average hearing was 3.4 days.

Of the cases decided during the fourth quarter 2005-06, 2 cases (4 percent) were decided fully in favor of the student, 38 cases (67 percent) were decided in favor of the district, and 16 cases (29 percent) were split decisions. Students were represented by an attorney or advocate in 37 cases (66 percent) and unrepresented in 19 cases (34 percent). Districts were represented by an attorney or advocate in 55 cases (98 percent) and were unrepresented in 1 case (2 percent).

For the fourth quarter, 19 percent of the cases heard involved preschool students, 40 percent involved elementary school students, 14 percent involved middle school students, and 27 percent involved high school students.

The issues for hearing included students identified as specific learning disabled (18 cases), autistic-like (18 cases), other health impaired (14 cases), mentally retarded (2 cases), speech and language disabled (1 case), orthopedic impairment (1 case), and visually impaired (1 case).

The districts brought four cases seeking approval to conduct assessments of students. The other issues addressed at hearing included denial of "free appropriate public education" (FAPE) claims (84 percent), eligibility for special education services (9 percent), and validity of assessments (13 percent). Of the remedies requested, 50 percent of cases requested reimbursement for services, 11 percent requested reimbursement for assessments, and 68 percent requested compensatory education.

Of the 56 decisions issued in the fourth quarter, 25 involved cases filed with SEHO, and 31 involved cases originated with OAH. Of the 56 decisions rendered, 32 (57 percent) were issued within the requisite timeframe and 24 were issued after the established timeframe. The average timeline for decision was 41 days. OAH has experienced an 81 percent increase in the number of decisions issued during the fourth quarter over those issued during the third quarter. Additionally, the timeliness of decisions issued during the fourth quarter increased from 29 percent during the third quarter to 57 percent.

Specific hearing statistics are summarized below:

	Fourth Quarter
Total Number of Hearing Requests ⁸	766
Number of Cases Resolved Through Settlement	664
Number of Decisions Issued	56
Number of Decisions within 45 day Timeline	2
Number of Decisions Within Extended Timeline	28
Number of Decisions Issued After Timelines and Extension Expired	25
Number of Pending Matters ⁹	1027
Number of Expedited Hearings	2
Number of Hearing Requests Resolved Without a Hearing	988

V. Expedited Hearing Requests.

For the fourth quarter, OAH received 15 requests for expedited hearings. An expedited hearing is a hearing that involves a parent’s challenge to the school district’s determination that misconduct was not the “manifestation” of the student’s disability or a challenge to district’s disciplinary placement. Under the IDEA, expedited hearings are to be held within 20 school days of the request for hearing. A decision in expedited cases is to be issued within ten school days after the hearing is concluded. Two cases proceeded to hearing and 11 cases were settled without the need for a hearing.

The specific statistics related to expedited hearings are as follows:

Total Number of Expedited Hearing Requests	15
Number of Settlement Agreements	11
Number of Expedited Hearings Held	2
Number of Change of Placement Ordered	0

VI. Motions.

Prehearing motions and Notices of Insufficiency (NOI) comprise a substantial amount of the work completed by administrative law judges. For the fourth quarter 2005-06, 290 prehearing motions and 159 NOIs were considered and ruled upon by OAH. This represents an 8 percent increase in motions filed and a 12 percent increase in NOIs filed over those filed during the third quarter 2005-06.

⁸ This number represents the total number of new filings.

⁹ As discussed in footnote 7 above.

The NOI numbers are as follows:

	Sufficient	Insufficient	Partially Sufficient	Total
NOI	45	59	55	159
2 nd NOI	11	1	2	14

The type and number of motions are set forth below:

Type of Motion	Number Received
Add Party	11
Amend Complaint	47
Compel	3
Consolidate	19
Continue	32
Dismiss Case	55
Dismiss Party	18
Dismiss Issues	4
Extend Time	20
Reconsideration	9
Reopen	12
Sanctions	3
Stay Put	33
Miscellaneous	30
Total	296

VII. Interpreters.

During the fourth quarter, the assistance of an interpreter was requested in 35 cases. Of those requests, 27 were from the greater Los Angeles area, 3 were from the San Diego/South Bay area, and 5 were from the Northern California area. The largest number of requests was for Spanish interpretation with 21 requests, followed by Korean (3), Cantonese (2), American Sign Language (2), and one each for Farsi, Hebrew, Mandarin, Portuguese, Telug, Thai, and Russian.

VIII. Summary.

During the 2005-06 fiscal year, OAH successfully processed 3,047 cases through closure and issued 119 hearing decisions. Thus, 96 percent of cases were resolved through informal processes, and without the need for more formal adjudication and decision. In the fourth quarter alone, OAH scheduled 1,167 mediations and facilitated 531 mediation sessions. Mediations were successful in 70 percent of these cases.

OAH has also worked diligently and successfully to address the considerable backlog of SEHO pipeline cases it inherited. Of the 1,559 cases inherited from SEHO, 1,344 cases have been resolved through closure, settlement, or hearing. This work was largely achieved over the fourth quarter. The fourth quarter also saw a significant increase in the number of decisions issued (56), and improvement in timeliness over decisions issued the previous quarter. At the present time, there are 1,027 matters pending before OAH; 215 of those matters were inherited from SEHO and 812 originated with OAH.
