Value Added Services

A complete suite of services that accommodate the fleet management needs of our clients. Voyager offers a full array of services to fulfill requirements within the fleet supply chain.

- TeleTrans
- Emergency Roadside Assistance
- Onsite Bulk Fueling Services
 - Voyager FuelForce
- Aviation Fueling Services

TeleTrans

- Paperless transaction processing system that provides an efficient, cost-effective method of accepting the Voyager Fleet Card.
- Enables merchants to accept the Voyager Fleet Card immediately, without purchasing or installing new equipment.
- Benefits for our clients include:
 - Reduce administrative expenses
 - Better security and control of payment process
 - Maintenance transaction detail provided on all Voyager reports
 - Consolidated fuel and maintenance billing statement
 - Increased acceptance base
 - Audit trail of payment activity

Paperless Transactions

Savings Opportunities

- Administrative Savings
- Employ competition in discount strategy
- Control; non-fuel purchases, etc.
- Payment instrument for other purchases (Bulk Fuel, Aviation)
- Account information and control through Voyager software offerings.

Power to Leverage Savings
