Greetings in 2012!

Now that 2012 is upon us, let's hope that the state's economy takes a positive turn especially in the travel and hospitality industry.

I would like to take this opportunity to let you know that I will be leaving my current position as the Department of General Services (DGS) Business Partnership Manager as of February 1. I have accepted a position with the DGS Office of Risk and Insurance Management, Emergency Management Program (ORIM). I will be working closely with other state agencies, non-profit organizations and private sector to prepare the State of California for any disaster or catastrophe that may occur.

I have thoroughly enjoyed working with all of you and I anticipate our paths crossing again as we serve government travelers and emergency responders up and down the state.

Keep in touch. I will still have the same email address. Continued success!

Regards,

Greg

Brief Updates

- The next PAG meeting is March 7, 2012.
- A Request for Proposal for the travel payment system should be released in February 2012.
- The California Meeting Management Program surpassed its 500th meeting.
