The American Express Payment System provides centrally billed accounts for airlines, rail, and car rental via the Business Travel Account (BTA) and individual travel charge cards for state travelers. In addition, American Express provides the Meeting Planners Account (MPA). This centrally billed account is to be used for the payment of consolidated lodging, and meeting and conference hotel charges.

The Voyager Fleet Payment System is a fuel card that can be used at over 10,000 locations throughout California to purchase fuel, alternative fuels, fluids, and lubricants. The Voyager card is also accepted by all major repair and maintenance providers throughout California. Voyager maintains data security savings and controls.
