

**STATE ALLOCATION BOARD**

1130 K Street, Suite 400  
Sacramento, CA 95814  
<http://www.opsc.dgs.ca.gov>

**Date:** February 27, 2009

**To:** Interested Parties

**Subject:** **NOTICE OF THE STATE ALLOCATION BOARD  
IMPLEMENTATION COMMITTEE MEETING**

Notice is hereby provided that the State Allocation Board Implementation Committee will hold a meeting on *Thursday, March 12, 2009* from 9:30 a.m. to 3:30 p.m. in the Legislative Office Building located at 1020 "N" Street, Room 100, Sacramento, California.

The Implementation Committee's proposed agenda is as follows:

- 1) Convene Meeting
- 2) Revised Partial 2009 Implementation Committee Meeting Calendar  
*Discuss calendar revisions resulting from State furloughs*
- 3) Potential Priority Funding Order  
*Discuss potential order for releasing funds for the \$2.4 billion in apportioned projects*
- 4) Implementation of Senate Bill (SB) 658—Romero: School Facility Program Eligibility Impacts  
*Discuss regulatory changes for the implementation of Chapter 271, Statutes of 2008 (SB 658—Romero), relating to the phase-out of Multi-Track Year-Round Education operational grants and related School Facility Program eligibility impacts*
- 5) Implementation of SBX3 4—Ducheny: Emergency Repair Program  
*Discuss regulatory changes to the Emergency Repair Program as a result of the enactment of Chapter 12, Statutes of 2009 (SBX3 4—Ducheny)*

Any interested person may present public testimony or comments at this meeting regarding the issues scheduled for discussion. Any public input regarding unscheduled issues should be presented in writing, which may then be scheduled for a future meeting. For additional information, please contact Sue Genera at (916) 445-9383.

A handwritten signature in cursive script that reads "Katrina Valentine".

KATRINA VALENTINE, Chairperson  
State Allocation Board Implementation Committee

Individuals who need auxiliary aids for effective participation are invited to make their requests and preferences known to Sue Genera at (916) 445-9383 five days prior to the meeting.

STATE ALLOCATION BOARD  
IMPLEMENTATION COMMITTEE

Pending Items List  
March 12, 2009

---

A. Future Items

- SB 1556
  - Project Information Worksheet Data Analysis Methodology
  - Financial Hardship Program
  - Joint-Use Program
  - 60 Percent Commensurate & 150 Percent Regulations
  - Revisions to the Facility Inspection Tool
  - Accessibility and Fire Code Requirements for Modernization Projects
    - *This item was previously heard at the November 2008 Implementation Committee meeting. It will be brought back to a future Committee meeting for further discussion.*
  - Role of the Implementation Committee
  - Alternative Education Loading Standards and Funding
-

STATE ALLOCATION BOARD  
IMPLEMENTATION COMMITTEE  
March 12, 2009

FUND RELEASE PRIORITIES FOR APPORTIONED PROJECTS

PURPOSE

To solicit input regarding priority criteria for the State Allocation Board's (SAB) consideration for processing fund releases for School Facility Program (SFP) projects.

BACKGROUND

On December 17, 2008, the Pooled Money Investment Board (PMIB) took action to temporarily halt disbursing funds from the State's Pooled Money Investment Account for capital projects, including the construction of public schools.

Since that time, the SAB requested the OPSC to discuss the prioritization of fund releases at the SAB Implementation Committee and present recommendations for the Board's consideration.

DISCUSSION

There are 849 projects that have been apportioned by the SAB and are now subject to the disbursement freeze. For 102 of these projects, the OPSC received the *Fund Release Authorization* (Form SAB 50-05) on or before December 17, 2008 for a grand total of \$239 million. There are 207 projects with fund release requests received from December 18, 2008 through March 9, 2009 totaling \$1.1 billion. In total, there are 309 projects with received fund release requests for \$1.4 billion in apportionments.

Attachment A provides summary of project detail information for all projects that have been apportioned by the SAB and are subject to the fund release freeze. Attachment B provides individual project information, as reported by school districts, in addition to fund release data.

At the February 19, 2009 meeting, the Implementation Committee suggested that, upon availability of funds, fund releases should be processed in the date order received with special consideration for projects based on the following factors:

- Projects with the Form SAB 50-05 submitted prior to December 17, 2008 when the PMIB halted fund disbursements from the Pooled Money Investment Account;
- Projects that are under construction;
- Projects that risk immediate work stoppage due to unavailability of funds;
- Projects for school districts with severe financial challenges and potential risk of insolvency due to the impact of State funding freeze.

To further develop these factors into priority criteria, Staff has identified the following objectives:

- Priority criteria needs to be objective.
- Priority criteria needs to be based on information that is easy to obtain and reliable.
- Information needed to establish project's eligibility for fund release priority needs to be available in a timely fashion without requiring extensive analysis and/or research.

## **Fund Release Process**

To begin discussions on the potential modified fund release process, projects that have been apportioned by the SAB subject to the fund release freeze can be separated into three groups:

- Group A: Projects for which the Form SAB 50-05 has been submitted on or before December 17, 2008
- Group B: Projects with contracts signed on or before December 17, 2008 and the Form SAB 50-05 submitted after December 17, 2008
- Group C: Contracts signed and Form SAB 50-05 submitted after December 17, 2008

## **Projects under Construction**

In order to submit a fund release request for new construction or modernization adjusted grant apportionment, the district must enter into a contract for at least 50 percent of the work in the approved plans and specifications prior to submitting the Form SAB 50-05. The Form SAB 50-05 also requires districts to provide the Notice to Proceed issue date. Is it fair to assume that all projects with submitted fund release requests are under construction?

## **Risk of Immediate Work Stoppage**

It may be difficult to accurately assess risk of immediate work stoppage and do so objectively and without extensive analysis. Every project on the list represents a school district's claim for State bond funds and would indicate that the State funds apportioned for the projects are needed to complete the construction activities. Without State funds, it can be assumed that most, if not all, projects may face work stoppage as local funding is intended to cover only a portion of a new construction or modernization project.

Furthermore, this criterion would require a definition of "immediate" with respect to the risk of work stoppage. Without knowing when State funds will be available, it is not possible to provide a definition that would be applicable to the current situation. For example, if State funds will not become available until early 2010, every project that is at risk of work stoppage between now and early 2010 would meet this requirement.

It is important to note that one cannot assume that all construction contracts impacted by the disbursement freeze are structured in the same manner. It is possible that some contracts may be set up in a way to avoid work stoppage even in the absence of State match.

## **Risk of Insolvency**

This is perhaps the most difficult factor to evaluate quickly and objectively. As previously noted in the Committee discussions, the availability of local funds and risk of insolvency require a projection of an organization's fiscal health over a determinable time period in the future (one month, six months, one year, etc.).

The OPSC has reviewed the Criteria and Standards for Fiscal Solvency available from the California Department of Education (CDE), as well as the process for Certification of Interim Financial Reports. While that information is helpful in the overall evaluation of district's fiscal status, it is not entirely applicable to the task at hand. The Certification process applies to the entire budget of a school district, while it seems most appropriate to focus on Capital Project Funds for purposes of evaluating the availability of funds for an SFP project. Furthermore, the CDE analysis is only current through the Second Interim Reports filed by districts for fiscal year 2007/08. Lastly, districts that may face a potential risk of insolvency due to SFP bond fund release freeze may not be on the list due to good fiscal health as the potential for insolvency is not reflected in past financial statements.

Given the inherent difficulties of assessing fiscal insolvency mentioned above, another alternative could be to evaluate the availability of local funds. For example, in order to meet contract obligations in the absence of State bond funds, school districts with available local bond funds or other capital outlay resources will likely borrow from these accounts, perhaps at the expense of other projects. A report from the district that outlines the available resources in its capital project funds with a corresponding listing of outstanding SFP fund releases and local encumbrances can indicate the amount of local funds available for capital outlay. This could be similar to the process of loan review for the Career Technical Education Facilities Program with a submittal of Funding Availability Worksheet by school districts seeking loan approval.

Another example would involve the comparison the district's current assets (cash and other liquid assets) to the current liabilities (including the outstanding contract for SFP project). This information is available in the districts' financial statements, which are due on September 15 (for the Year End Report) and December 15 and March 15 (for the First and Second Interim Reports). If, however, the current ratio, or another standard accounting metric is utilized, regulations and/or policy must outline how the ratio is to be used in determining district's ability to cover the encumbrances.

Also, if a school district has multiple projects with outstanding fund releases, but sufficient resources to meet obligations on only a portion of the projects, how shall the SAB determine the prioritization of those projects?

STATE ALLOCATION BOARD  
IMPLEMENTATION COMMITTEE  
March 12, 2009

Senate Bill 658

PURPOSE OF REPORT

To discuss the implementation of Senate Bill (SB) 658, Chapter 271, Statute of 2008 (Romero), which eliminates the Operational Grant.

BACKGROUND

The Operational Grant is awarded by the California Department Education (CDE) to school districts that operate a Multi-Track Year-Round Education (MTYRE) program. The CDE establishes a yearly lost eligibility report to determine the number of students claimed by a district for Operational Grants.

The Office of Public School Construction (OPSC) uses the report to establish and determine adjustments to a district's new construction eligibility. As a part of establishing new construction eligibility, a district must complete an *Existing School Building Capacity* (Form SAB 50-02). The Form SAB 50-02 determines the classroom capacity by totaling all eligible classrooms and the greater of Substantial Enrollment Requirement adjustment or Operational Grants. If a district's participation in the Operation Grant program changes, an adjustment will be made to its new construction eligibility.

AUTHORITY

SB 658 adds Section 42270 to the Education Code. Section 42270 exempts school districts from the increase in school building capacity if it received an operational grant in the 2007-2008 fiscal year.

DISCUSSION

The OPSC amended School Facility Program (SFP) Regulation Section 1859.2 for the revision dates for definitions of the Form SAB 50-02, *Eligibility Determination* (Form SAB 50-03), and *Application for Funding* (Form SAB 50-04). SFP Regulation 1859.35 is amended by removing Section c. SFP Regulation Section 1859.51 is amended by revising Section (j)(2) and (o). (See Attachment A)

The OPSC amended the Forms SAB 50-02, 50-03, and 50-04 by eliminating the references for Operational Grants. (See Attachments B, C, and D)

Any District's new construction eligibility that has been adjusted due to Operational Grants will have its remaining lost eligibility returned.

# ATTACHMENT A

## Section 1859.2. Definitions.

For the purpose of these regulations, the terms set forth below shall have the following meanings, subject to the provisions of the Act:

...

"Form SAB 50-02" means the *Existing School Building Capacity*, Form SAB 50-02 (Revised ~~09/02~~ 03/09), which is incorporated by reference.

"Form SAB 50-03" means the *Eligibility Determination*, Form SAB 50-03 (Revised ~~06/08~~ 03/09), which is incorporated by reference.

"Form SAB 50-04" means the *Application for Funding*, Form SAB 50-04 (Revised ~~04/08~~ 03/09), which is incorporated by reference.

...

Note: Authority cited: Sections 17070.35 and 17078.64, Education Code.

Reference: Sections 17009.5, 17017.6, 17017.7, 17021, 17047, 17050, 17051, 17070.15, 17070.51(a), 17070.71, 17070.77, 17071.10, 17071.25, 17071.30, 17071.33, 17071.35, 17071.40, 17071.75, 17071.76, 17072.10, 17072.12, 17072.18, 17072.33, 17073.25, 17074.10, 17074.30, 17075.10, 17075.15, 17077.40, 17077.42, 17077.45, 17078.52, 17078.56, 17078.72(k), 17079, 17079.10, 17280, 56026, and 101012(a)(8), Education Code; Section 53311, Government Code; and Section 1771.5, Labor Code.

## Section 1859.35. Calculation of Existing School Building Capacity.

The district's existing school building capacity shall be determined by totaling the amount calculated in (a) and ~~with the amount determined in (b) or (c), whichever is the greater.~~

...

- (c) ~~A number equal to the number of pupils provided operational grants as indicated in the current report of operational grants made by the CDE pursuant to Education Code Section 85 42268, less the number of pupils at a school on the MTYRE calendar that has a density of at least 200 or more pupils per acre when the district has at least 40 percent of its enrollment on MTYRE as of the date of determination of the existing school building capacity of the district.~~

Note: Authority cited: Section 17070.35, [42270](#), Education Code.

Reference: Sections 17071.10, 17071.25, 17071.33, 17071.35 and 17071.40, [42270](#), Education Code

## Section 1859.51. Adjustments to the New Construction Baseline Eligibility.

The baseline eligibility for new construction determined on the Form SAB 50-03, will be adjusted as follows:

...

- (j) For Small School Districts, decreased:

...

- (2) ~~By any increase in the number of pupils included in the latest operational grant report made by the CDE pursuant to Education Code Section 42268 beginning three years after the district's most current eligibility was approved by the Board. The reduction in eligibility shall be determined by the number of pupils included in the latest operational grant report that exceed the number of pupils included in the operational grant report in effect when the district's most current eligibility was approved by the Board or adjusted by a subsequent operational grant report after that date.~~

...

- (o) ~~Adjusted for operational grant changes as determined/provided by the California Department of Education: before the 2007-2008 fiscal year.~~

...

Note: Authority cited: Section 17070.35, Education Code.

Reference: Sections 17052, 17070.51, 17071.25, 17071.75, 17071.76, 17072.20, 17077.40, 17078.72, 17079.20 and 42268, [42270](#), Education Code.

## EXISTING SCHOOL BUILDING CAPACITY SCHOOL FACILITY PROGRAM

SAB 50-02 (REV 09/02/03/09)

STATE ALLOCATION BOARD  
OFFICE OF PUBLIC SCHOOL CONSTRUCTION

Page 1 of 4

### GENERAL INFORMATION

As part of the district's request for new construction funding under the School Facility Program (SFP), a determination of the district's existing school building capacity must be made. This one time report and the Form SAB 50-01 are used to calculate the district's eligibility for SFP new construction funding. Once the district's existing school building capacity has been determined on this form, a determination of the district's baseline eligibility may be made, by completion of the Form SAB 50-03.

The following documentation is necessary and must be submitted with this form:

- A drawing of each school site within the boundaries of the district or the high school attendance area (HSAA) or Super HSAA that identifies all permanent and portable classrooms on the site that are included in the gross classroom inventory pursuant to Section 1859.31.
- A summary of each school site that identifies each classroom that qualifies for exclusion pursuant to Section 1859.32.
- A summary of all classrooms and exclusions for all sites within the district, the HSAA or Super HSAA (as appropriate).

A high school district, unified school district, or county superintendents of schools may file on a HSAA or Super HSAA basis as provided under Education Code Section 17071.76 and Section 1859.41. In that case, the facilities in that HSAA or Super HSAA shall be reported on this form.

After the Board has determined the initial baseline eligibility, this form is used to adjust that baseline eligibility pursuant to Section 1859.51 for the following:

- A change in the classroom inventory that was reported at the time the district requested its initial determination of existing school building capacity as a result of special day class loading.
- Errors and/or omissions of the classroom inventory that was reported at the time the district requested its initial determination of existing school building capacity.
- A change in the classroom inventory of the district as a result of a reorganization election. This form is not used for modernization eligibility or funding applications.

For a list of the documents that must be submitted in order for the Office of Public School Construction (OPSC) to deem an eligibility request for new construction complete and ready for OPSC processing, consult the OPSC Web site at [www.opsc.dgs.ca.gov](http://www.opsc.dgs.ca.gov).

**SPECIFIC INSTRUCTIONS****PART I - Classroom Inventory**

Indicate if this request is for a new or adjusted Existing School Building Capacity determination. The district must first prepare a gross classroom inventory and make adjustment to the inventory pursuant to Sections 1859.31 and 1859.32. Contact the OPSC Web site at [www.opsc.dgs.ca.gov](http://www.opsc.dgs.ca.gov) for an EXCEL worksheet for preparation of this inventory. To assure timely processing of your application, districts must provide drawing(s) of each school site within the district, the HSAA or Super HSAA with the eligibility request to the OPSC (if not previously submitted to the OPSC). The drawing(s) must identify all permanent and portable classrooms and the specific reason why any classroom was excluded from the inventory pursuant to Section 1859.32.

Once the classroom inventory has been prepared, identify the classrooms in that inventory as follows:

Lines 1-6, report those classrooms included in the inventory that meet the definition of portable as provided by subdivision (k) of Education Code Section 17070.15 as follows:

1. Leased under the provisions of the State Relocatable Program. This includes portables approved for purchase, but with outstanding payments.\*
2. Leased or lease-purchased for less than five years. Include interim housing portables lease-purchased for less than five years.
3. Leased for interim housing purposes for less than five years.\*\*
4. Leased for interim housing for five years or more.\*\*
5. Leased or lease-purchased for five years or more. Include interim housing portables lease-purchased for five years or more.
6. Owned, including those acquired under the State Relocatable Program (i.e. no outstanding payments). Include interim housing portables owned.
7. Report the remaining classrooms in the inventory that do not meet the "Portable" definition that were reported on lines 1-6.

\* State Relocatable Classrooms approved for purchase by the Board shall be deemed owned by the district when the final lease payment is made to the Board, otherwise it is deemed to be leased, not lease-purchased.

\*\*Interim housing is defined as temporary classrooms used for modernization, therefore only portables leased may be considered interim. Lease-purchase agreements are not acceptable.

When reporting classrooms, identify each classroom based on its most typical use for grades K-6, 7-8, 9-12 or non-severely disabled individuals with exceptional needs (non-severe) and severely disabled individuals with exceptional needs (severe). If this request is to adjust the inventory for non-severe or severe pupil loading, the total classrooms reported must be equal to the classrooms reported at the time of the district request for initial determination of existing school building capacity. In no event may the number of classrooms reported for non-severe or severe pupils exceed the number of classrooms needed to house the projected number of non-severe and severe pupils shown on the Form SAB 50-01 using loading standards of 13 pupils for non-severe and 9 pupils for severe classrooms.

Continuation high classrooms must be counted as 9-12 teaching stations.

**PART II - Available Classrooms**

Once all classrooms have been identified and reported as either permanent or portable in Part I, the district may use one of two options for determining the final count of available classrooms which will be used to calculate the "existing school building capacity" of the district, the HSAA or Super HSAA.

**OPTION A**

Report the classrooms in Part I as reported on lines 4, 5, 6 and 7. Enter the totals on line e for grades K-6, 7-8, 9-12, non-severe or severe.

**OPTION B**

- a. Enter the totals of all classrooms reported in Part I, line 8 as either K-6, 7-8, 9-12, non-severe or severe.
- b. Enter the total number of all portable classrooms reported in Part I, lines 1, 2, 5 and 6.
- c. In the total column, report 25 percent of the total permanent classrooms reported in Part I, line 7. Round up.
- d. Subtract the total of line c from the total of line b and assign the total portables as either K-6, 7-8, or 9-12, non-severe or severe. Assignment of classrooms must be proportionate to the portable classrooms reported on lines 1, 2, 5, and 6 of Part I for each grade group. Classrooms assigned at a grade group cannot exceed the classrooms reported for that grade group on line a.
- e. Subtract line d from line a for grades K-6, 7-8, 9-12, non-severe or severe.

Unless specifically requested by the district, the OPSC will use the "total" of Option A or Option B that minimizes the existing school building capacity of the district, the HSAA or Super HSAA.

**Part III - Determination of Existing School Building Capacity**

1. Classroom capacity - After determining the lesser of the totals on line e of Option A or Option B in Part II, multiply the K-6 classroom total by 25, the 7-8 and 9-12 classroom totals by 27, the non-severe classrooms by 13 and the severe classrooms by 9, for the option selected.

2. Enter one of the following:

- 6 percent of the K-6 pupil capacity as reported on line 1, and 6 percent of the K-6 non-severe and severe classroom capacity for elementary and unified districts or unified districts filing on a HSAA or Super HSAA. The K-6 non-severe and severe classroom capacity shall be determined by applying a ratio of the K-6 classroom capacity reported on line 1 to the K-12 classroom capacity reported on line 1 multiplied by the non-severe and severe classroom capacity reported on line 1, Unified districts may allocate the 6 percent amount at any grade group.
- Indicate zero (0) if the elementary or unified district meets the substantial enrollment requirement (SER) or the district qualifies for waiver of the SER authorized by Education Code Sections 17017.6 and 17017.7 (c).
- Indicate zero (0) if applicant is a high school district.

~~3.—Operational Grants (OG)—Enter the number of students in grade groups K-6, 7-8, 9-12, non-severe or severe that were included in the latest report by the California Department of Education (CDE) pursuant to Education Code Section 42268 for that district, less the number of pupils at a school on multi-track year round enrollment (MTYRE) calendar that has a density of at least 200 pupils per acre when the district has at least 40 percent of its enrollment on MTYRE as of the date of determination of the existing school building capacity of the district.~~

~~4.3. Total Line 1 and Line 2 – Report the **greater of the** totals of grade groups K-6, 7-8, 9-12, non-severe and severe **for on line 2 or 3. This represents the “existing school building capacity” of the district, the HSAA or Super HSAA.**~~

~~5.—Total—Enter the total of lines 1 and 4. This represents the “existing school building capacity” of the district, the HSAA or Super HSAA.  
PART III – Determination of Existing School Building Capacity HSAA or Super HSAA:~~

**EXISTING SCHOOL BUILDING CAPACITY**

**SCHOOL FACILITY PROGRAM**

## GENERAL INFORMATION

This form is used by the School District to calculate the district's eligibility for new construction and modernization funding under the School Facility Program (SFP). The business address entered on the application should be the location that the school district wishes the Office of Public School Construction (OPSC) to mail all correspondence regarding this application.

### Part I

Complete to designate or change the authorized district representative and/or alternate. Should this be the case, complete the school district information, identify the district representative(s) in Part I and complete the district certification information at the bottom of the form, including the date the district's governing board took appropriate action.

### Part II

Complete for new construction baseline eligibility determination. This part is also used to request an adjustment to an approved new construction baseline eligibility as a result of subdivisions (f), (k) and (l) of Section 1859.51 due to either errors or omissions of information submitted by the district when it requested the initial baseline eligibility, because of a reorganization election that has changed the classroom inventory of the district or to change the classroom inventory that was reported at the time the district requested its initial determination of existing school building capacity as a result of special day class loading. The following documentation is necessary to determine new construction baseline eligibility and must be submitted with this form:

- A completed Form SAB 50-01 based on the latest enrollment data.
- A completed Form SAB 50-02.

### Part III

Complete for modernization baseline eligibility determination at a specific site. Districts must be able to provide a drawing of the site where eligibility for modernization is generated with its request for an eligibility determination. The drawing must identify all permanent and portable classrooms on the site and their ages. If the district intends to use the square footage method in Option B, the drawings must also identify the square footage of all facilities on the site.

Part III is also used to request an adjustment to the approved baseline eligibility at a specific site as a result of subdivisions (c), (d), (e), (g), (i), and (k) of Section 1859.61 due to one or more of the following:

- an increase in enrollment,
- additional facilities becoming at least 20/25 years old,
- facilities becoming eligible for an additional modernization apportionment, for permanent school buildings every 25 years after the date of its previous apportionment or for portable classrooms every 20 years after the date of its previous apportionment,
- because of errors or omissions of information submitted by the district when it requested the initial baseline eligibility for the site, or
- to change the classroom inventory that was reported at the time the district requested its initial determination of existing school building capacity as a result of special day class loading,

- a replacement of a facility that was previously deemed eligible for modernization but subsequently replaced in a project funded with local funds with no participation from the State. The district should submit a site diagram indicating the replaced facilities and a copy of the contract for construction or acquisition of facilities.

The following documentation is necessary (if not previously submitted to the OPSC) to determine modernization baseline eligibility and must be submitted with this form (as appropriate):

- Site diagram of school where modernization funding is requested. The diagram must indicate the ages and number of all permanent and portable classrooms on the site in accordance with the gross classroom inventory as provided by Section 1859.31.
- If the modernization eligibility will be determined by Option B, the site drawings must also include square footage and/or dimensions of all buildings on the site.

It is not necessary to complete Part III if the district is only requesting funding for new construction and it is not necessary to complete Part II if the district is only requesting funding for modernization.

A district may request that eligibility for new construction or modernization be reviewed and approved by the Board pursuant to Section 1859.20 prior to submitting Form SAB 50-04 to the Board.

For a list of the documents that must be submitted in order for the OPSC to deem an eligibility request for new construction or modernization complete and ready for OPSC processing, consult the OPSC Web site at [www.opsc.dgs.ca.gov](http://www.opsc.dgs.ca.gov).

## SPECIFIC INSTRUCTIONS

### Part I – District Representative Information

Enter the name(s) of district employee(s) that can act on behalf of the district's board. A consultant who is on contract with the district to communicate with the OPSC on behalf of the district's board may be listed. The designee of the Superintendent of Public Instruction shall file modernization applications on behalf of the California Schools for the Deaf and Blind.

### Part II – New Construction Eligibility Determination

Indicate if this request is for a new or adjusted eligibility determination. Enter the district-wide information unless filing on a High School Attendance Area (HSAA) or Super HSAA basis. The enrollment projection and the existing school building capacity data are obtained from information reported and determined on the Form SAB 50-01 and the Form SAB 50-02. Once the OPSC has verified the information provided on these forms, it will automatically be transferred to this form to determine the district's eligibility for new construction. The district may manually enter the information from these forms and compute its eligibility; however, it may be adjusted by the OPSC based on verification of Form SAB 50-01 and Form SAB 50-02.

1. Enter either the fifth-year or the tenth-year projected enrollment as shown in Part I of Form SAB 50-01 for grades K–6, 7–8, 9–12 and for the total of non-severe and severe special day class (SDC) projected enrollment.

# ELIGIBILITY DETERMINATION

## SCHOOL FACILITY PROGRAM

2. Enter the amounts on Form SAB 50-02, Part III, line 53 for grades K–6, 7–8, 9–12, non-severe and severe.
3. New construction eligibility (i.e., the “baseline eligibility”) is determined by subtracting the existing school building capacity (line 2) from the projected five year enrollment (line 1). Report negative numbers in brackets.

Adjustments to the district’s new construction baseline eligibility will be made by the OPSC pursuant to Section 1859.51. Contact your project manager at the OPSC for the adjusted baseline eligibility for future request for new construction grants.

### Part III – Modernization Eligibility Determination

Modernization eligibility is calculated based on information at a specific site when modernization SFP grants are requested within the district. Therefore, completion of Form SAB 50-01 and Form SAB 50-02 are not needed to determine eligibility for modernization funding. Since the eligibility is site specific, the district must submit a separate Form SAB 50-03 for each site for which it is requesting modernization funding. Indicate if this request is for new baseline eligibility determination or for an adjustment to an approved baseline eligibility as a result of Section 1859.61.

The district may use one of two options to calculate its modernization eligibility at a specific site within the district. The district may select only one option at a time to calculate its modernization eligibility at any given school site. The district may switch options at a later date, if it results in a net gain in eligibility at the site, regardless of whether a funding application has been submitted. Hence, for purposes of adjusting modernization eligibility to include non-classroom buildings previously modernized under the Lease-Purchase Program, a district may switch options for the purposes of obtaining additional modernization apportionments as provided by Section 1859.78.8. To assure timely processing of the application, districts must provide a drawing of the site (if not previously submitted to the OPSC) where modernization funds are generated with the eligibility request to the OPSC. The drawing must identify all permanent and portable classrooms and their ages on the site. If the square footage of Option B is selected, the drawings must also identify the square footages of all facilities on the site. For purposes of determining the age of the building for modernization funding, the 25/20 year period shall begin 12 months after the plans for the building were approved by the Division of the State Architect (DSA); or in the case of permanent or portable classrooms previously modernized with State funds, which are eligible for an additional apportionment, the 25/20 year period shall begin on the date of its previous modernization apportionment. Any drawing that includes classrooms eligible for an additional apportionment pursuant to Section 1859.78.8 should specify both the date the classroom’s plans were originally approved by the DSA and the date of its previous modernization apportionment.

1. Enter the school site name from the California Public School Directory published by the California Department of Education.

#### Option A

2. Enter the number of permanent classrooms by grade level at the school site that would have been included in the Gross Classroom Inventory pursuant to Section 1859.31 that are at least 25 years old and include any

permanent classrooms not previously reported that have become at least 25 years old. If the school is a 6–8 middle school only, then report all classrooms at the 7–8 grade level. If this request is to adjust the classrooms reported for non-severe or severe pupil loading, the total classrooms reported must be equal to the classrooms reported at the time of the district request for initial modernization baseline eligibility. In no event may the number of classrooms reported for non-severe or severe pupils exceed the number of classrooms needed to house non-severe and severe pupils as reported on line 6 using loading standards of 13 for non-severe and 9 for severe classrooms. For purposes of the California Schools for the Deaf and Blind, the loading standard for these severe pupils shall be 9.

3. Enter the total number of portable classrooms by grade level at the school site that would have been included in the Gross Classroom Inventory pursuant to Section 1859.31 that are at least 20 years old and include any portable classrooms not previously reported that have become at least 20 years old. If the school is a 6-8 middle school only, then report all classrooms at the 7–8 grade level. If this request is to adjust the classrooms reported for non-severe or severe pupil loading, the total classrooms reported must be equal to the classrooms reported at the time of the district request for initial modernization baseline eligibility. In no event may the number of classrooms reported for non-severe or severe pupils exceed the number of classrooms needed to house non-severe and severe pupils as reported on line 6 using loading standards of 13 for non-severe and 9 for severe classrooms.
4. Add lines 2 and 3 by the grades shown.
5. Multiply line 4 by 25 for K–6, 27 for 7–8 and 9–12, 13 for non-severe and 9 for severe.
6. Enter the latest California Basic Educational Data Systems (CBEDS) enrollment for the school site identified as it would have been reported utilizing the criteria in Parts A, C and D of Form SAB 50-01. Report continuation high pupils as 9–12. If the school is a 6–8 middle school only, report 6th graders as 7–8.
7. Modernization eligibility (i.e., the baseline eligibility) is the lesser of each column of lines 5 or 6.

#### Option B

2. Enter the total number of permanent classrooms at the school site that would have been included in the Gross Classroom Inventory pursuant to Section 1859.31 or all permanent square footage at the site that is at least 25 years old.
3. Enter the total number of portable classrooms at the school site that would have been included in the Gross Classroom Inventory pursuant to Section 1859.31 or all portable square footage at the site that is at least 20 years old pursuant to Section 1859.60.
4. Add lines 2 and 3.
5. Enter the remaining number of permanent and portable classrooms at the school site that would have been included in the Gross Classroom Inventory pursuant to Section 1859.31 or all remaining permanent or portable space that is under 25/20 years old.
6. Add lines 4 and 5.
7. Determine the percentage of space on the site that is at least 25/20 years old by dividing line 4 by line 6. Round to four decimal places.

**ELIGIBILITY DETERMINATION**  
**SCHOOL FACILITY PROGRAM**

8. Enter the latest CBEDS enrollment for each grade group at the school site identified as it would have been reported utilizing the criteria in Parts A, C and D of Form SAB 50-01. Report continuation high pupils as 9–12. If the school is a 6–8 middle school only, report 6th graders as 7–8.
9. Modernization eligibility (i.e., the baseline eligibility) is determined by multiplying line 7 by each grade group reported in line 8. Round up.

Adjustments to the District's modernization baseline eligibility will be made pursuant to Section 1859.61. These adjustments will be made by the OPSC. Contact your project manager at the OPSC for the adjusted baseline eligibility for future requests for modernization grants at the specific site.

## GENERAL INFORMATION

Once the Board has determined or adjusted the district's eligibility for either new construction or modernization funding, the district may file an application for funding by use of this form. The Board will only provide new construction funding if this form is submitted prior to the date of occupancy of any classrooms included in the construction contract. If the district has a pending reorganization election that will result in the loss of eligibility for the proposed project, the district may not file an application for funding until the Board has adjusted the district's new construction baseline eligibility as required in Section 1859.51. This may be accomplished by completion of Form SAB 50-01, Form SAB 50-02 and Form SAB 50-03.

For purposes of Education Code Section 17073.25, the California Department of Education (CDE) is permitted to file modernization applications on behalf of the California Schools for the Deaf and Blind.

Requests for funding may be made as follows:

1. A separate apportionment for site acquisition for a new construction project for environmental hardship pursuant to Section 1859.75.1. For purposes of this apportionment, the following documents must be submitted with this form (as appropriate):
  - Form SAB 50-01, Form SAB 50-02 and Form SAB 50-03 (if not previously submitted).
  - Contingent site approval letter from the CDE.
  - Preliminary appraisal of property.
  - Approval letter from the Department of Toxic Substances Control.
2. A separate apportionment for site acquisition and/or design costs for a new construction project pursuant to Section 1859.81.1. This apportionment is available only to districts that meet the financial hardship criteria in Section 1859.81. Districts may apply for a separate apportionment for the design and for site acquisition on the same project. For purposes of this apportionment, the following documents must be submitted with this form (as appropriate):
  - Form SAB 50-01, Form SAB 50-02 and Form SAB 50-03 (if not previously submitted).
  - Contingent site approval letter from the CDE (site apportionment only).
  - Preliminary appraisal of property (site apportionment only).
3. A separate apportionment for district-owned site acquisition cost pursuant to Section 1859.81.2. For purposes of this apportionment, the following documents must be submitted with this form (as appropriate);
  - Form SAB 50-01, Form SAB 50-02 and Form SAB 50-03 (if not previously submitted).
  - Site approval letter from the CDE.
  - Appraisal of district-owned site.
  - Cost benefit analysis as prescribed in Section 1859.74.6 or a copy of the Board finding that the non-school function on the district-owned site must be relocated.
4. A separate apportionment for design cost for a modernization project pursuant to Section 1859.81.1. This apportionment is available only to districts that meet the financial hardship criteria in Section 1859.81. For purposes of this apportionment, the Form SAB 50-03 must accompany this form (if not previously submitted).
5. A New Construction Adjusted Grant pursuant to Section 1859.70 or 1859.180. If the funding request includes site acquisition, the proposed site must either be owned by the district, in escrow, or the district has filed condemnation proceedings and received an order of possession of the site. For purposes of this apportionment, the following documents must be submitted with this form (as appropriate):
  - Form SAB 50-01, Form SAB 50-02 and Form SAB 50-03 (if not previously submitted).
  - Site/plan approval letter from the CDE.
  - Appraisal of property if requesting site acquisition funds.
  - Plans and specifications (P&S) for the project that were approved by the DSA. Submittal of plans may be on CD-ROM or "Zip Drive" readable in AutoCAD 14. The specifications may be provided on a diskette that is IBM compatible.
  - Cost estimate of proposed site development, if requesting site development funding.
  - If this request is pursuant to Section 1859.77.2 and the district's housing plan is other than those listed in the certification section of this form, a copy of the school board resolution and the approved housing plan.
  - If the site apportionment is requested pursuant to Regulation Section 1859.74.5, a cost benefit analysis as prescribed in Regulation Section 1859.74.6 or a copy of the Board finding that the non-school function on the district-owned site must be relocated.
  - If this is a request for funding under the Small High School Program, pursuant to Regulation Section 1859.93.2, the district must also provide a CDE Small High School academic reform strategy approval.
  - If this request is fully or partially based on eligibility derived from an Alternative Enrollment Projection, a justification of how the project relieves overcrowding, including but not limited to, the elimination of the use of Concept 6 calendars, four track year-round calendars, or bussing in excess of 40 minutes.
  - Written confirmation from the district's career technical advisory committee indicating that the need for vocational and career technical facilities is being adequately met within the district consistent with Education Code Sections 51224, 51225.3(b), 51228(b), and 52336.1.
6. For purposes of the Overcrowding Relief Grant (ORG), districts must submit the Overcrowding Relief Grant District-Wide Eligibility Determination (Form SAB 50-11) prior to the submittal of this funding application. In addition, districts must have had the CDE deem the site eligible for the ORG (pursuant to Section 1859.181) prior to the submittal of this application. For purposes of this apportionment, the following documents must be submitted with this form as well as the documents listed in section 5 above:
  - Overcrowding Relief Grant Eligibility Determination Form approved by the CDE.
  - Copies of the supporting documentation provided to the CDE when determining the density of the site, including the site diagram.

The district is not required to submit its current CBEDS enrollment data.

Modernization Adjusted Grant pursuant to Section 1859.70. For purposes of this apportionment, the following documents must be submitted with this form (as appropriate):

- Form SAB 50-03 (if not previously submitted).
- P&S for the project that were approved by the DSA.
- If the request includes funding for accessibility and fire code requirement pursuant to Section 1859.83(f), the DSA approved list of the minimum accessibility work required and a detailed cost estimate for the work in the plans.
- DSA approval letter for elevator to meet handicapped compliance, if funding is requested.
- Cost estimate of the proposed site development necessary for the Reconfiguration of an existing high school.
- Plan approval letter from the CDE.
- Districtwide enrollment data on Form SAB 50-01 when requesting project assistance (if not previously submitted).
- If the request includes funding for 50 year old permanent buildings pursuant to Section 1859.78.6, a site diagram identifying all buildings to be modernized in the project. The diagram must specify those buildings that are at least 50 years old.

# APPLICATION FOR FUNDING SCHOOL FACILITY PROGRAM

SAB 50-04 (REV 04/08/03/09)

- Written confirmation from the district's career technical advisory committee indicating that the need for vocational and career technical facilities is being adequately met within the district consistent with Education Code Sections 51224, 51225.3(b), 51228(b), and 52336.1.

Prior to acceptance of an application for funding that includes a financial hardship request, the district must have its financial hardship status "pre-approved" by the Office of Public School Construction (OPSC). To apply for a financial hardship "pre-approval", consult the OPSC Web site at [www.opsc.dgs.ca.gov](http://www.opsc.dgs.ca.gov).

If the district is requesting New Construction funding after the initial baseline eligibility was approved by the Board and the district's current CBEDS enrollment reporting year is later than the enrollment reporting year used to determine the district's baseline eligibility or adjusted eligibility, the district must complete a new Form SAB 50-01 based on the current year CBEDS enrollment data, and submit it to the OPSC with this form. In addition, if the district's request is fully or partially based on eligibility derived from an Alternative Enrollment Projection, the district must update the Alternative Enrollment Projection to correspond with the CBEDS enrollment data for the current year. A small district with 2,500 or less enrollment as defined in Section 1859.2 will not have its eligibility reduced for a period of three years from the date the district's baseline eligibility was approved by the Board as a result of reduction in projected enrollment.

For a list of the documents that must be submitted in order for the OPSC to deem a funding request for new construction or modernization complete and ready for OPSC processing, consult the SFP handbook and other information located on the OPSC Web site at [www.opsc.dgs.ca.gov](http://www.opsc.dgs.ca.gov).

For purposes of completing this form for a Final Charter School Apportionment, a charter school shall be treated as a school district.

## SPECIFIC INSTRUCTIONS

The district must assign a Project Tracking Number (PTN) to this project. The same PTN is used by the OPSC, the DSA and the CDE for all project applications submitted to those agencies to track a particular project through the entire state application review process. If the district has already assigned a PTN to this project by prior submittal of the P&S to either the DSA or the CDE for approval, use that PTN for this application submittal. If no PTN has been previously assigned for this project, a PTN may be obtained from the OPSC Web site at [www.opsc.dgs.ca.gov](http://www.opsc.dgs.ca.gov) "PT Number Generator."

### 1. Type of Application

Check the appropriate box that indicates the type of School Facility Program (SFP) grant the district is requesting for purposes of new construction, modernization, a separate design and/or site apportionment, site apportionment as an environmental hardship or New Construction (Final Apportionment). If the application is for the modernization of school facilities and includes facilities that are eligible for an additional apportionment pursuant to Section 1859.78.8, include a site diagram with this application that specifies the age of each facility eligible for modernization. The diagram should also indicate the date of its original DSA plan approval and the date the facility received its prior modernization apportionment. If known include the project modernization number on the diagram. If the application is for modernization of a California School for the Deaf or Blind, the CDE shall check the box identified as Modernization of California Schools for the Deaf/Blind. If the request is for a separate design apportionment, the CDE shall check the appropriate box. If the eligibility for this project was established as a result of the need for new

or replacement facilities pursuant to Section 1859.82 (a) and (b), seismic replacement or seismic rehabilitation for the Most Vulnerable Category 2 Buildings, or rehabilitation pursuant to Section 1859.83 (e), check the appropriate box(es).

If this request is for an addition to an existing site and advance funding for the evaluation and RA costs, check the appropriate box and refer to Section 1859.74.4.

If this request is for an Overcrowding Relief Grant, check the New Construction (Overcrowding Relief Grant) box.

If this request is to convert a Preliminary Apportionment or a Preliminary Charter School Apportionment to a Final Apportionment, check the New Construction Final Apportionment, New Construction Final Charter School Apportionment or the Rehabilitation Final Charter School Apportionment box, as appropriate.

If the district is requesting a separate site and/or design apportionment, complete boxes 2a, 3, 4, the site acquisition data in box 5 (d and e), and boxes 12, 13, 14, 15 and 23 only.

### 2. Type of Project

- Select the type of project that best represents this application request and enter the total number of pupils assigned to the project for each grade group. Include pupils to be housed in a new or replacement school authorized by Section 1859.82 (a). The amount entered cannot exceed the district's baseline eligibility determined on Form SAB 50-03 and will be the basis for the amount of the new construction or modernization grants provided for the project.

If this request is for a Final Apportionment, the pupils assigned to the project must be at least 75 percent, but not more than 100 percent, of the pupils that received the Preliminary Apportionment. Refer to Section 1859.147.

For ORG projects, the amount entered cannot exceed the Overcrowding Relief Pupil Eligibility (pursuant to Section 1859.182 and 1859.183) as reflected in the total number of eligible pupils determined by the Form SAB 50-11 or the CDE Overcrowding Relief Grant Eligibility Determination form.

- Check the box if the project is eligible for funding for 50 year or older permanent buildings and report, at the option of the district:
  - The total number of eligible classrooms or the total eligible square footage building area at the site. Refer to Section 1859.78.6(b)(1)(A) or (b)(2)(A).
  - The total number of permanent classrooms or the total permanent square footage building area that is at least 50 years old and not been previously modernized with state funds. Refer to Section 1859.78.6(b)(1)(B) or (b)(2)(B).
  - Enter the greater percentage as calculated under Regulation Section 1859.78.6(b)(1)(C) or Regulation Section 1859.78.6(b)(2)(C).
  - If this project includes eligible 50 year or older pupil grants, enter the appropriate number assigned to the project for each grade group. The number of pupils entered cannot exceed the cumulative number of 50 year or older permanent buildings pupil grants requested for all modernization funding applications for the site as determined by using the percentage factor above.
- If this request includes pupil grants generated by an Alternative Enrollment Projection Method, enter the number of pupils by grade level.
- Indicate if this request is for funding of a 6-8 school and/or an Alternative Education School.
- Check the applicable box if the district is requesting additional pupil grants assigned to the project that exceed the capacity of the project or if the pupils

assigned represent eligibility determined at another grade level and check the appropriate box to indicate under which regulation the district is applying. The pupil capacity of the project may be determined by multiplying the classrooms reported in box 3 by 25 for K–6; 27 for 7–8, 9–12 grades; 13 for non-severe and 9 for severe.

- f. If the request is for replacement facilities pursuant to Section 1859.82 (a) or (b) on the same site, check the facility hardship box.
- g. Enter the square footage of the non-toilet area and toilet area contained in the rehabilitation project.
- h. Indicate the site scenario that best represents the project request.
- i. For ORG projects, the district must provide the following information in the space provided:
  - Name of the eligible school site(s) where portables will be replaced in this project
  - Number of portables being replaced at each school site
  - Number of site specific eligible pupils being requested for this project for each school site. The total number of site specific eligible pupils assigned to this project must equal the total number of pupils in Section 2a.

### 3. Number of Classrooms

Enter the:

- Number of classrooms as shown on the plans and specifications (P&S). If there was demolition at the site, report the net increase in the number of classrooms showing in the P&S.
- Master plan site size, as recommended by the California Department of Education.
- Recommended site size, as determined by the California Department of Education.
- Existing Useable Acres already owned at that location (if any).
- Proposed Useable Acres that was/will be purchased as part of the application (if any).

### 4. Financial Hardship Request

Check the box if the district is requesting financial hardship assistance because it is unable to meet its matching share requirement. Refer to Section 1859.81 for eligibility criteria. Districts requesting financial assistance must have received a pre-approval for financial hardship status by the OPSC. Consult the OPSC Web site at [www.opsc.dgs.ca.gov](http://www.opsc.dgs.ca.gov) for details and necessary documentation needed in order to determine eligibility.

### 5. New Construction Additional Grant Request

Check the appropriate box(es) if the district requests an augmentation to the new construction grant for "additional" grants for the items listed or for replacement facilities pursuant to Section 1859.82(a) and (b). Refer to Sections 1859.72 through 1859.76 and 1859.82(a) and (b) for eligibility criteria. Enter the:

- a. Therapy area in square feet as provided in Section 1859.72.
- b. Multilevel classrooms in the P&S pursuant to Section 1859.73.
- c. Check the box if the district is requesting project assistance pursuant to Section 1859.73.1. If the district has not submitted a request for new construction baseline eligibility on a district-wide basis, it must submit a current Form SAB 50-01 based on district-wide enrollment data with this form.
- d. If the project the district is requesting SFP funding for does not require an RA, refer to Section 1859.74. If a RA is required on a site that is not leased or an addition to an existing site, refer to Section 1859.74.2. If RAs are required on a leased site or an addition to an existing site, refer to Sections 1859.74.3 or 1859.74.4, respectively. The limitation of 50 percent may be exceeded when

unforeseen circumstances exist, the CDE determines that the site is the best available site, and substantiation that the costs are the minimum required to complete the evaluation and RA.

- 1) Enter 50 percent of the actual cost.
- 2) Enter 50 percent of the appraised value of the site. If the request is made pursuant to Regulation Section 1859.74.5, enter 50 percent of the appraised value.
- 3) Enter 50 percent of the allowable relocation cost.
- 4) Enter two percent of the lesser of the actual cost or appraised value of the site (minimum \$25,000).
- 5) Enter 50 percent of the Department of Toxic Substances Control (DTSC) fee for review and approval of the phase one environmental site assessment and preliminary endangerment assessment reports. Refer to Sections 1859.74, 1859.74.1, 1859.74.5, 1859.75, 1859.75.1 and 1859.81.1. If the district is submitting a funding request for new construction under the Small High School Program, enter the 60 percent values.

A project that received site acquisition funds under the Lease-Purchase Program (LPP) as a priority two project is not eligible for site acquisition funds under the SFR. A district-owned site acquired with LPP, SFP or Proposition 1A funds is not eligible for funding under Regulation Section 1859.74.5.

- e. Enter 50 percent of the amount allowable for hazardous materials/waste removal and/or remediation for the site acquired pursuant to Sections 1859.74.2, 1859.74.3, 1859.74.4, 1859.75.1 or 1859.81.1. If an RA is required, check the box.
- f. Enter 50 percent of eligible service-site development, off-site development including pedestrian safety paths and utilities costs allowed pursuant to Section 1859.76. If the district is submitting a funding request for new construction under the Small High School Program, enter the 60 percent values. Attach cost estimates of the proposed site development work which shall be supported and justified in the P&S. All cost estimates shall reflect 100 percent of the proposed work.

Check the box if the district is requesting an Additional Grant for General Site Development pursuant to Section 1859.76

- g. If the district is requesting replacement facilities on the same site, (including seismic replacement), enter the square footage requested as provided in Section 1859.82(a) or (b).
- h. If the request for seismic rehabilitation does not exceed 50 percent of the current replacement cost of the classroom or related facility, report 50 percent of the health/safety seismic mitigation cost and the ancillary costs as authorized by Section 1859.82(a).
- i. Enter the square feet of eligible replacement area as provided by Section 1859.73.2.
- j. If the district is requesting an Additional Grant for Energy Efficiency pursuant to Section 1859.71.3, enter the percentage of energy efficiency that exceeds Title 24 requirements as prescribed in Section 1859.71.3(a)(3).
- k. Check the box(es) if the district requests and the project qualifies for additional funding for fire code requirements authorized in Section 1859.71.2.
- l. If the district is requesting an Additional Grant for High Performance Incentive pursuant to Section 1859.70.4, enter the number of high performance points as prescribed in Section 1859.71.6.

**6. Modernization Additional Grant Request**

- Check the box if the district is requesting project assistance allowance pursuant to Section 1859.78.2. If the district has not submitted a request for new construction baseline eligibility on a district-wide basis, it must submit a current Form SAB 50-01 based on district-wide enrollment data with this form.
- If the district is requesting an Additional Grant for Energy Efficiency pursuant to Section 1859.78.5, enter the percentage of energy efficiently that exceeds Title 24 requirements as prescribed in Section 1859.78.5(a)(3).
- Check the box if the district requests an additional grant for site development utility cost necessary for the modernization of 50 years or older permanent building(s). Enter 60 percent of the eligible costs allowable pursuant to Section 1859.78.7(a).
- Check the box if the district is requesting a Separate Apportionment for Reconfiguration pursuant to Section 1859.78.9. Enter the full value of the Reconfiguration request, not to exceed an aggregate of \$500,000 for all high school entities created.
- Check the box(es) if the district requests and the project qualifies for additional funding for fire code requirements authorized in Section 1859.78.4.
- If the district is requesting an Additional Grant for High Performance Incentive pursuant to Section 1859.70.4, enter the number of high performance points as prescribed in Section 1859.77.4.

**7. Excessive Cost Hardship Request**

Check the appropriate box to request an augmentation to the New Construction, Modernization or Charter School Facility Program Rehabilitation Grants for an excessive cost hardship for the items listed. Refer to Section 1859.83 for eligibility criteria. Requests for excessive cost grants for accessibility requirements are allowed only if required by the Division of the State Architect (DSA). At the district's option, the district may request three percent of the modernization base grant or enter 60 percent of the amount calculated pursuant to Regulation Section 1859.83(f). Attach a copy of the DSA approved list that shows the minimum work necessary for accessibility requirements.

If the request is for the excessive cost grant for a new Alternative Education school pursuant to Section 1859.83(c)(2) and the district wishes to request less than the maximum allowance, please submit a letter along with application indicating the desired amount.

If the request is for rehabilitation mitigation, report 80 percent or 60 percent (as appropriate) of health/safety rehabilitation mitigation cost for a modernization project as authorized by Section 1859.83(e).

**8. Project Priority Funding Order**

Enter the priority order of this project in relation to other new construction applications submitted by the district on the same date. If applications are not received on the same date, the OPSC will assign a higher district priority to the application received first. Check the box(es) if the project meets the criteria outlined in Section 1859.92(c)(3),(4) and (6), as appropriate. This information is needed for purposes of priority points.

**9. Prior Approval Under the LPP**

If the project the district is requesting SFP grants for received a Phase P, S, or C approval under the LPP, report the application number of that project, regardless if the project actually received funding or was included on an "unfunded" list. Failure to report this information may delay the processing of the application by the OPSC.

**10. Prior Apportionment Under the SFP**

If the project received a separate apportionment under the SFP for either site and/or design, or site environmental hardship, enter the application number of the project. Failure to report this information may delay the processing of the application by the OPSC.

**11. Preliminary Apportionment to a Final Apportionment**

If this request is to convert a Preliminary Apportionment to a Final Apportionment, enter the application number of the Preliminary Apportionment. Failure to report this information may delay the processing of the application by the OPSC.

**12. Alternative Developer Fee**

The district must report certain alternative fees collected pursuant to Government Code Section 65995.7, as of the date of application submittal to the OPSC. Refer to Section 1859.77 for details. Districts are advised that the OPSC may perform an audit of the developer fees collected prior to application approval by the Board.

**13. Adjustment to New Construction Baseline Eligibility**

Pursuant to Section 1859.51 certain adjustments to the district's new construction baseline eligibility must be made each time a district submits Form SAB 50-04, to the OPSC for SFP new construction or modernization grants. These adjustments are made by the OPSC based on information reported by the district on this form.

- Report all classroom(s) provided after the district submitted its request for determination of its new construction baseline eligibility for the grades shown, or indicate N/A if there are none. Refer to Section 1859.51(i).

In the additional classroom column, indicate the number of additional net classrooms provided if not previously reported.

In the replacement classroom column, indicate the number of classrooms that were included in the determination of the district's new construction eligibility pursuant to Education Code Section 17071.75 but replaced in a locally funded project.

Enter the date the initial construction contract was signed for additional or replacement classrooms.

- If the eligibility for this project was determined on a high school attendance area (HSAA) or Super HSAA pursuant to Section 1859.41, enter the number of pupils by grade level type that were included in the latest report by the CDE pursuant to Education Code Section 42268 that received operational grants in that HSAA or Super HSAA:

**14. Pending Reorganization Election**

Complete only for new construction projects. Indicate if there is a pending reorganization election that will result in a loss of eligibility for this project. If the answer is "yes", the district must complete Form SAB 50-01, Form SAB 50-02 and Form SAB 50-03, to adjust the district's new construction baseline eligibility as a result of the reorganization and submit them with this form.

**15. Joint-Use Facility/Leased Property**

Check the box if:

- The facilities to be constructed/modernized as part of this project will be for joint use by other governmental agencies.
- The new construction or modernization grants will be used for facilities located or to be located on leased property.

**16. Project Progress Dates**

Complete this section for new construction/modernization projects:

- a. Enter the date the initial construction contract was signed for this project. If a construction contract has not been executed, enter N/A.
- b. Enter the issue date for the Notice to Proceed for the construction phase of the project, or enter N/A if a Notice to Proceed has not been issued.

**17. Labor Compliance Program**

Indicate whether the district is subject to a Labor Compliance Program that has been approved by the Department of Industrial Relations pursuant to Labor Code Section 1771.7 by checking the appropriate box.

**18. Construction Delivery Method**

Check the box that best represents the construction delivery method that the district has or will use for this project, if known.

**19. Career Technical Education Funds Request**

Indicate if Career Technical Education (CTE) funds will be requested for classroom(s) included in the plans and specifications for this project pursuant to Section 1859.193. If "Yes", enter the number of CTE classroom(s) shown on the P&S.

**20. Overcrowding Relief Grant Narrative**

The district must either provide an explanation in the space provided or attach a letter signed by the district representative detailing how this project will relieve overcrowding.

**21. Architect of Record or Licensed Architect Certification**

The architect of record or the licensed architect must complete this section.

**22. Architect of Record or Design Professional Certification**

The architect of record or the appropriate design professional must complete this section.

**23. Certification**

The district representative must complete this section. For additional information regarding district certifications, refer to the SFP handbook located on the OPSC web site at [www.opsc.dgs.ca.gov](http://www.opsc.dgs.ca.gov).

APPLICATION FOR FUNDING
SCHOOL FACILITY PROGRAM

- e. 50 percent hazardous waste removal: \$
f. Site Development
g. Facility Hardship Section 1859.82(a) or (b)
h. Seismic Rehabilitation [Section 1859.82(a)]
i. Replacement area
j. Energy Efficiency: %
k. Automatic Fire Detection/Alarm System

**21. Architect of Record or Licensed Architect Certification**

I certify as the architect of record for the project or as a licensed architect that:

- The P&S for this project were submitted to the OPSC by electronic medium (i.e., CD-ROM, zip disk or diskette) or as an alternative, if the request is for a modernization Grant, the P&S were submitted in hard copy to the OPSC.
- Any portion of the P&S requiring review and approval by the Division of the State Architect (DSA) were approved by the DSA on \_\_\_\_\_ (enter DSA approval date).
- Any portion of the P&S not requiring review and approval by the DSA meets the requirements of the California Code of Regulations, Title 24, including any handicapped access and fire code requirements.
- If the request is for a Modernization or Charter School Facility Program Rehabilitation Grant, the P&S include the demolition of more classrooms than those to be constructed in the project, the difference is \_\_\_\_\_ classroom(s). (Indicate N/A if there are none.)
- If the request is for a Modernization or Charter School Facility Program Rehabilitation Grant, the P&S include the construction of more classrooms than those to be demolished in the project, the difference is \_\_\_\_\_ classroom(s). (Indicate N/A if there are none.)

DATE

**22. Architect of Record or Design Professional Certification**

I certify as the architect of record for the project or the appropriate design professional, that:

- If the request is for a New Construction Grant, not including the ORG, I have developed a cost estimate of the proposed project which indicates that the estimated construction cost of the work in the P&S including deferred items (if any) relating to the proposed project, is at least 60 percent of the total grant amount provided by the State and the district's matching share, less site acquisition costs. This cost estimate does not include site acquisition, planning, tests, inspection, or furniture and equipment and is available at the district for review by the OPSC.
- If the request is for a Modernization or Charter School Facility Program Rehabilitation Grant, I have developed a cost estimate of the proposed project which indicates that the estimated construction cost of the work in the P&S, including deferred items and interim housing (if any) relating to the proposed project, is at least 60 percent of the total grant amount provided by the State and the district's matching share. This cost estimate does not include planning, tests, inspection or furniture and equipment and is available at the district for review by the OPSC.

**23. Certification**

I certify, as the District Representative, that the information reported on this form, with the exception of items 21 and 22, is true and correct and that:

- I am an authorized representative of the district as authorized by the governing board of the district; and,
- A resolution or other appropriate documentation supporting this application under Chapter 12.5, Part 10, Division 1, commencing with Section 17070.10, et. seq., of the Education Code was adopted by the school district's governing board or the designee of the Superintendent of Public Instruction on, \_\_\_\_\_; and,
- The district has established a "Restricted Maintenance Account" for exclusive purpose of providing ongoing and major maintenance of school buildings and has developed an ongoing and major maintenance plan that complies with and is implemented under the provisions of Education Code Section 17070.75 and 17070.77 (refer to Sections 1859.100 through 1859.102); and,
- Pursuant to Education Code Section 17070.755, the district has made a priority of the funds in the restricted maintenance account, established pursuant to Education Code Section 17070.75, to ensure that facilities are functional and meet local hygiene standards; and,
- The district has considered the feasibility of the joint use of land and facilities with other governmental agencies in order to minimize school facility costs; and,
- If this funding request is for the modernization of portable classrooms eligible for an additional apportionment pursuant to Education Code Section 17073.15, the district certifies that (check the applicable box below):
  - 1. The state modernization funds will be used to replace the portable classrooms and permanently remove the displaced portables from the classroom use within six months of the filing of the Notice of Completion for the project; or,
  - 2. It has provided documentation to the Office of Public School Construction which indicates that modernizing the portable classrooms eligible for an additional apportionment is better use of public resources than the replacement of these facilities.
- Facilities to be modernized have not been previously modernized with Lease-Purchase Program, Proposition 1A Funds or School Facility Program state funds; and,
- Facilities to be rehabilitated under the Charter School Facility Program previously funded with School Facility Program State funds meet the requirements of Section 1859.163.6; and,
- All contracts entered on or after November 4, 1998 for the service of any architect structural engineer or other design professional for any work under the project have been obtained pursuant to a competitive process that is consistent with the requirements of Chapter 10 (commencing with Section 4525) of Division 5, of Title 1, of the Government Code; and,
- If this request is for new construction funding, the district has received approval of the site and the plans from the CDE. Plan approval is not required if request is for separate design apportionment; and,
- If this request is for modernization or Charter School Facility Program Rehabilitation funding, the district has received approval of the plans for the project from the CDE. Plan approval is not required if request is for separate design apportionment; and,
- The district has or will comply with the Public Contract Code regarding all laws governing the use of force account labor; and,
- This district has or will comply with Education Code Section 17076.11 regarding at least a 3 percent expenditure goal for disabled veteran business enterprises; and,

# APPLICATION FOR FUNDING SCHOOL FACILITY PROGRAM

- The district matching funds required pursuant to Sections 1859.77.1 or 1859.79 has either been expended by the district, deposited in the County School Facility Fund or will be expended by the district prior to the notice of completion for the project; and,
- The district has received the necessary approval of the plans and specifications from the Division of the State Architect unless the request is for a separate site and/or design apportionment; and,
- If the district is requesting site acquisition funds as part of this application, the district has complied with Sections 1859.74 through 1859.75.1 as appropriate; and,
- With the exception of an apportionment made pursuant to Section 1859.75.1, the district understands that the lack of substantial progress toward increasing the pupil capacity or renovation of its facilities within 18 months of receipt of any funding shall be cause for the rescission of the unexpended funds (refer to Section 1859.105); and,
- If the apportionment for this project was made pursuant to Section 1859.75.1, the district understands that the lack of substantial progress toward increasing the pupil capacity or renovation of its facilities within 12 months of receipt of any funding shall be cause for the rescission of the unexpended funds (refer to Section 1859.105.1); and,
- The district understands that funds not released within 18 months of apportionment shall be rescinded and the application shall be denied (refer to Section 1859.90); and,
- The statements set forth in this application and supporting documents are true and correct to the best of my knowledge and belief; and,
- All school facilities purchased or newly constructed under the project for use by pupils who are individuals with exceptional needs, as defined in Education Code Section 56026, shall be designed and located on the school site so as to maximize interaction between those individuals with exceptional needs and other pupils as appropriate to the needs of both; and,
- This form is an exact duplicate (verbatim) of the form provided by the OPSC. In the event a conflict should exist, the language in the OPSC form will prevail; and,
- The district understands that some or all of the State funding for the project must be returned to the State as a result of an audit pursuant to Sections 1859.105, 1859.105.1, 1859.106; and,
- The district has complied with the provisions of Sections 1859.76 and 1859.79.2 and that the portion of the project funded by the State does not contain work specifically prohibited in those Sections; and,
- If the SFP grants will be used for the construction or modernization of school facilities on leased land, the district has entered into a lease agreement for the leased property that meets the requirements of Section 1859.22; and,
- If the application contains a "Use of New Construction Grant" request, the district has adopted a school board resolution and housing plan at a public hearing at a regularly scheduled meeting of the governing board on \_\_\_\_\_ as specified in Sections 1859.77.2, or 1859.77.3, as appropriate. The district's approved housing plan is as indicated (check all that apply):
  - 1. The district will construct or acquire facilities for housing the pupils with funding not otherwise available to the SFP as a district match within five years of project approval by the SAB and the district must identify the source of the funds. [Applicable for Sections 1859.77.2(a) and (b) and 1859.77.3(a) and (b)]
  - 2. The district will utilize higher district loading standards providing the loading standards are within the approved district's teacher contract and do not exceed 33:1 per classroom. [Applicable for Sections 1859.77.2(a) and (b) and 1859.77.3(a) and (b)]
  - 3. The pupils requested from a different grade level will be housed in classrooms at an existing school in the district which will have its grade level changed, to the grade level requested, at the completion of the proposed SFP project. [Applicable for Sections 1859.77.2(b) and 1859.77.3(b)]
- If the district requested additional funding for fire code requirements pursuant to Sections 1859.71.2 or 1859.78.4, the district will include the automatic fire detection/alarm system and/or automatic sprinkler system in the project prior to completion of the project; and
- The district has consulted with the career technical advisory committee established pursuant to Education Code Section 8070 and the need for vocational and career technical facilities is being adequately met in accordance with Education Code Sections 51224, 51225.3(b), and 51228(b), and 52336.1; and,
- If the district is requesting an Additional Grant for Energy Efficiency pursuant to Sections 1859.71.3 or 1859.78.5, the increased costs for the energy efficiency components in the project exceeds the amount of funding otherwise available to the district; and,
- If this application is submitted after January 1, 2004 for modernization funding, the district has considered the potential for the presence of lead-containing materials in the modernization project and will follow all relevant federal, state, and local standards for the management of any identified lead; and
- The district has or will initiate and enforce a Labor Compliance Program that has been approved by the Department of Industrial Relations, pursuant to Labor Code Section 1771.7, if the project is funded from Propositions 47 or 55 and the Notice to Proceed for the construction phase of the project is issued on or after April 1, 2003; and,
- Beginning with the 2005/2006 fiscal year, the district has complied with Education Code Section 17070.75(e) by establishing a facilities inspection system to ensure that each of its schools is maintained in good repair; and
- If this application is submitted pursuant to Section 1859.93.2, the district certifies that it has an academic reform strategy scored by the CDE, and is available at the district office for OPSC verification; and
- If this application is submitted pursuant to Section 1859.93.2, the district certifies the enrollment at the Small High School will not exceed 500 pupils for a minimum of two complete school years after the Occupancy of the last Small High School funded, as outlined in Section 1859.104(e)(2); and
- If this application is submitted pursuant to Section 1859.78.9, the district certifies the enrollment at the resulting Small High Schools will not exceed 500 pupils for a minimum of two complete school years after the Occupancy of the Small High Schools; and
- If this application is submitted pursuant to Section 1859.78.9 or Section 1859.93.2, the district certifies that it will meet all reporting requirements as specified in Section 1859.104(e)(1) and/or (2); and
- If this application is submitted pursuant to Section 1859.180, the district certifies that within six months of occupancy of the permanent classrooms, it will remove the replaced portables from the eligible school site and K-12 grade classroom use with the exception of schools described in Education Code Section 17079.30(c), and
- The district has considered the feasibility of using designs and materials for the new construction or modernization project that promote the efficient use of energy and water, maximum use of natural light and indoor air quality, the use of recycled materials and materials that emit a minimum of toxic substances, the use of acoustics conducive to teaching and learning, and the other characteristics of high performance schools.
