

On Track for Another Successful Round of Funding

Lisa Silverman
Acting Executive Officer

The OPSC is delighted to report that the second Priorities in Funding round is on track to being as successful as the first. As a continuation of the second Priorities round, additional apportionments totaling \$40.6 million were approved at the February 23, 2010 State Allocation Board (SAB) meeting for 18 projects. If your district has received an apportionment under the second Priorities in Funding round, please keep in mind that your deadline for submitting a fund release request depends on the date your apportionment was granted:

December 15, 2010 SAB meeting:

442 State apportionments were made under the second Priorities in Funding round. To date, fund release requests have been submitted for 305 projects, or 69 percent. The remaining districts have until March 15, 2011 to submit their fund release requests. Requests must be physically received by close of business that day.

January 26, 2011 SAB meeting:

26 State apportionments were made under a continuation of the second Priorities in Funding round. To date, fund release requests have been submitted for 5 projects, or 20 percent. The remaining districts have until April 26, 2011 to submit their fund release requests. Requests must be physically received by close of business that day.

February 23, 2011 SAB meeting:

18 State apportionments were made under a continuation of the second Priorities in Funding round. These districts have until May 24, 2011 to submit their fund release requests. Requests must be physically received by close of business that day.
