TITLE 2. STATE ALLOCATION BOARD

NOTICE OF PROPOSED REGULATORY ACTION

THE STATE ALLOCATION BOARD PROPOSES TO  
AMEND REGULATION SECTION 1859.76, TITLE 2,  
CALIFORNIA CODE OF REGULATIONS, RELATING TO  
LEROY F. GREENE SCHOOL FACILITIES ACT OF 1998

NOTICE IS HEREBY GIVEN that the State Allocation Board (SAB) proposes to amend Regulation Section 1859.76, contained in Title 2, California Code of Regulations (CCR). A public hearing is not scheduled. A public hearing will be held if any interested person, or his or her duly authorized representative, submits a written request for a public hearing to the Office of Public School Construction (OPSC) no later than 15 days prior to the close of the written comment period. Following the public hearing, if one is requested, or following the written comment period if no public hearing is requested, the OPSC, at its own motion or at the instance of any interested person, may adopt the proposal substantially as set forth above without further notice.

AUTHORITY AND REFERENCE CITATIONS

The SAB is proposing to amend the above-referenced regulation section under the authority provided by Section 17070.35 of the Education Code. The proposal interprets and makes reference Sections 17070.35, 17072.12 and 17072.35 of the Education Code.

INFORMATIVE DIGEST/POLICY OVERVIEW STATEMENT

The Leroy F. Greene School Facilities Act of 1998 established, through Senate Bill 50, Chapter 407, Statutes of 1998, the School Facility Program (SFP). The SFP provides a per-pupil grant amount to qualifying school districts for purposes of constructing school facilities and modernizing existing school facilities. The SAB adopted regulations to implement the Leroy F. Greene School Facilities Act of 1998, which were approved by the Office of Administrative Law (OAL) and filed with the Secretary of State on October 8, 1999.

The SAB adopted the additional grant for general site development costs at its June 28, 2006 meeting, which was approved by the OAL and filed with the Secretary of State on September 5, 2006. This additional grant helps school districts cover the extra costs for items such as landscaping, finish grading, driveways, walkways, outdoor instructional play facilities, permanent playground equipment, and athletic fields. Districts may be eligible for the additional grant when building new schools and for additions to existing school sites where additional acreage is acquired.

As first implemented, the additional grant for general site development costs was to be suspended “no later than January 1, 2008” unless extended by the SAB. The SAB, at its December 12, 2007 meeting, extended the suspension date to “no later than January 1, 2009,” which was approved by the OAL and filed with the Secretary of State on July 10, 2008. The SAB, at its February 25, 2009 meeting, approved extending the suspension date to “no later than January 1, 2010,” which was approved by the OAL and filed with the Secretary of State on September 18, 2009. Most recently the SAB, at its November 4, 2009 meeting, approved extending the suspension date to “no later than January 1, 2011.”

The proposed amendment to one SFP regulation section is as follows:

Existing Regulation Section 1859.76 provides new construction additional grants for specific types and amounts of site development costs. It provides that the additional grant for general site development costs shall be suspended “no later than January 1, 2010” unless extended by the SAB. The proposed amendment extends the suspension of the additional grant for general site development costs until “no later than January 1, 2011.”

#### IMPACT ON LOCAL AGENCIES OR SCHOOL DISTRICTS

The Executive Officer of the SAB has determined that the proposed regulation does not impose a mandate or a mandate requiring reimbursement by the State pursuant to Part 7 (commencing with Section 17500) of Division 4 of the Government Code. It will not require local agencies or school districts to incur additional costs in order to comply with the proposed regulation.

#### ECONOMIC IMPACT

The Executive Officer of the SAB has assessed the potential for significant adverse economic impact on businesses or private persons that might result from the proposed regulatory action and the following determinations have been made relative to the required statutory categories:

- The SAB has made an initial determination that there will be no significant, statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.
- There will be no impact in the creation or elimination of jobs within the State, the creation of new businesses or the elimination of existing businesses or the expansion of businesses in California.
- The SAB is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.
- There will be no non-discretionary costs or savings to local agencies.
- There will be no costs to school districts except for the required district contribution toward each project as stipulated in statute.
- There will be no costs or savings in federal funding to the State.
- There are no costs or savings to any State agency.
- The SAB has made an initial determination that there will be no impact on housing costs.

#### EFFECT ON SMALL BUSINESSES

It has been determined that the adoption of the regulation section will not affect small businesses in the ways identified in subsections (a)(1)-(4) of Section 4, Title 1, CCR. This regulation only applies to school districts for purposes of funding school facility projects.
