TITLE 2. STATE ALLOCATION BOARD

NOTICE OF PROPOSED REGULATORY ACTION

THE STATE ALLOCATION BOARD PROPOSES TO
AMEND REGULATION SECTION 1859.83, TITLE 2,
CALIFORNIA CODE OF REGULATIONS, RELATING TO
LEROY F. GREENE SCHOOL FACILITIES ACT OF 1998

NOTICE IS HEREBY GIVEN that the State Allocation Board (SAB) proposes to amend Regulation Section 1859.83, contained in Title 2, California Code of Regulations (CCR). A public hearing is not scheduled. A public hearing will be held if any interested person, or his or her duly authorized representative, submits a written request for a public hearing to the Office of Public School Construction (OPSC) no later than 15 days prior to the close of the written comment period. Following the public hearing, if one is requested, or following the written comment period if no public hearing is requested, the OPSC, at its own motion or at the instance of any interested person, may adopt the proposal substantially as set forth above without further notice.

AUTHORITY AND REFERENCE CITATIONS

The SAB is proposing to amend the above-referenced regulation section under the authority provided by Sections 17070.35 and 17075.15 of the Education Code. The proposal interprets and makes specific reference Sections 17072.32, 17074.15, 17074.16, 17075.10, 17075.15, 17077.40, 17077.42 and 17077.45 of the Education Code.

INFORMATIVE DIGEST/POLICY OVERVIEW STATEMENT

The Leroy F. Greene School Facilities Act of 1998 established, through Senate Bill 50, Chapter 407, Statutes of 1998, the School Facility Program (SFP). The SFP provides a per-pupil grant amount to qualifying school districts for purposes of constructing school facilities and modernizing existing school facilities. The SAB adopted regulations to implement the Leroy F. Greene School Facilities Act of 1998, which were approved by the Office of Administrative Law (OAL) and filed with the Secretary of State on October 8, 1999.

Existing SFP Regulation Section 1859.83 states that, "a district is eligible for funding as a result of unusual circumstances that created excessive project costs beyond the control of the district." Section 1859.83(a) stipulates that a district with a project in the geographic area designated in the Geographic Percentage Chart is eligible for the Excessive Cost Hardship Grant(s) determined by listed percentage factors. Santa Catalina Island has no listed percentage factor, but states "As specifically approved by the Board."

The SAB, at its December 15, 2010 meeting, voted to remove “As specifically approved by the Board” and adopted a 50 percent cost percentage multiplier for school projects for excessive costs due to geographic location on Santa Catalina Island only. The Board considered the increased costs of construction on the island through the Saylor Construction Cost Index and price research with Catalina Island businesses that would affect construction costs.

Construction projects are significantly more expensive on Santa Catalina Island because materials must be ferried in through the island’s only barge company and contractors and their staff must either be ferried in everyday or obtain lodging in a resort community.

The proposed amendments are as follows:

Existing Regulation Section 1859.83 specifies additional school project funding (Excessive Cost Hardship Grants) for which school districts may apply as a result of unusual circumstances that create excessive project costs. Subsection (a) prescribes Excessive Cost Hardship Grants for excessive costs for projects in specific geographic locations. The proposed amendments change the Geographic Percentage Factor for school projects on Santa Catalina Island from “As specifically approved by the Board” to “50 percent.”

IMPACT ON LOCAL AGENCIES OR SCHOOL DISTRICTS

The Executive Officer of the SAB has determined that the proposed regulations do not impose a mandate or a mandate requiring reimbursement by the State pursuant to Part 7 (commencing with Section 17500) of Division 4 of the Government Code. It will not require local agencies or school districts to incur additional costs in order to comply with the proposed regulations.

ECONOMIC IMPACT

The Executive Officer of the SAB has assessed the potential for significant adverse economic impact on businesses or private persons that might result from the proposed regulatory action and the following determinations have been made relative to the required statutory categories:

- The SAB has made an initial determination that there will be no significant, statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.
- There will be no impact in the creation or elimination of jobs within the State, the creation of new businesses or the elimination of existing businesses or the expansion of businesses in California.
- The SAB is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.
- There will be no non-discretionary costs or savings to local agencies.
- There will be no costs to school districts except for the required district contribution toward each project as stipulated in statute.
- There will be no costs or savings in federal funding to the State.
- There are no costs or savings to any State agency.
- The SAB has made an initial determination that there will be no impact on housing costs.

EFFECT ON SMALL BUSINESSES

It has been determined that the adoption of the regulation section will not affect small businesses in the ways identified in subsections (a)(1)–(4) of Section 4, Title 1, CCR. This

regulation only applies to school districts for purposes of funding school facility projects.
