

INITIAL STATEMENT OF REASONS

Section 1859.76. New Construction Additional Grant for Site Development Costs.

Specific Purpose of the Regulation

To extend for one year (until January 1, 2015) the additional grant for general site development costs available to school districts under the School Facility Program (SFP).

Need for the Regulation

First paragraph after (d)(3): It was necessary to extend until “no later than January 1, 2015” the additional grant for general site development costs. This additional grant helps school districts cover the extra costs for items such as landscaping, finish grading, driveways, walkways, outdoor instructional play facilities, permanent playground equipment, and athletic fields. The one-year extension is necessary to prevent school districts from experiencing funding shortfalls in completing new construction projects as planned.

No alternatives were considered because the general site development grant is a supplement to the new construction base grant.

Alternatives to the Proposed Regulatory Action that would Lessen any Adverse Economic Impact on Small Business

The SAB has determined that the proposed regulation does not affect small businesses.

Finding of Significant Adverse Economic Impact on Businesses

The SAB has determined that the adoption of the regulation will not affect businesses, including small businesses because they are not required to comply with or enforce the regulation, nor will they benefit from or be disadvantaged by the regulation.

Impact on Local Agencies or School Districts

The SAB has determined that the proposed regulation does not impose a mandate or a mandate requiring reimbursement by the State pursuant to Part 7 (commencing with Section 17500) of Division 4 of the Government Code. It will not require local agencies or school districts to incur additional costs in order to comply with the proposed regulation.
