The chart indicates the number of projects that utilized existing architectural plans from another project (out of the 637 new construction projects apportioned from 2008 through May 1, 2012 that were required to submit a Project Information Worksheet (PIW) at the time the data was compiled*). For projects with re-used plans, the average number of times the same plans were re-used is also indicated.

* PIW submittal is required three times in the course of a new construction project: 1) at the time of the full grant fund release; 2) with the first annual expenditure report following the full grant fund release; 3) with the final expenditure report when the project is complete. The data in this graphic does not include any apportioned project for which a fund release was not submitted when the data was compiled.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, December 12, 2012

PRIORITY FUNDING SCHOOL CONSTRUCTION APPORTIONMENTS

PURPOSE OF REPORT

To provide priority funding State apportionments for the School Facility Program (SFP) in the amount of \$383.8 million.

DESCRIPTION

At the May 2011 State Allocation Board (Board) meeting, the Board approved proposed regulations establishing two annual filing periods for prioritizing school construction funding as cash proceeds became available to provide apportionments. The proposed regulations created two 30-day certification windows in which school districts could request to receive an apportionment upon certification that a *Fund Release Authorization* (Form SAB 50-05) could be submitted within 90-days of receiving an apportionment.

The Office of Administrative Law approved the regulations on July 27, 2011. Based on the regulations, the current 30-day filing period began on July 11, 2012 and ended on August 9, 2012. Certifications must have been physically received by the Office of Public School Construction (OPSC) on or before August 9, 2012 and are valid until January 8, 2013.

By approving this item, the Board will provide apportionments for 196 projects for 90 school districts in the amount of \$383.8 million.

AUTHORITY

Education Code Section 17070.35(a) states, "In addition to all other powers and duties as are granted to the board by this chapter, other statutes, or the California Constitution, the board shall do all of the following:

- (1) Adopt rules and regulations, pursuant to the rulemaking provisions of the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, for the administration of this chapter...
- (2) Establish and publish any procedures and policies in connection with the administration of this chapter as it deems necessary...."

Government Code Section 15503 states:

Whenever the board is required to make allocations or apportionments under this part, it shall prescribe rules and regulations for the administration of, and not inconsistent with, the act making the appropriation of funds to be allocated or apportioned. The board shall require the procedure, forms, and the submission of any information it may deem necessary or appropriate. Unless otherwise provided in the appropriation act, the board may require that applications for allocations or apportionments be submitted to it for approval.

Budget Letter 10-09 requires that if there are insufficient bond proceeds, departments and agencies are responsible for prioritizing the projects that will be funded consistent with the prioritization criteria outlined (including job creation). It also indicates that if bond proceeds are not managed efficiently, additional bonds may not be sold for the program.

AUTHORITY (cont.)

SFP Regulation Section 1859.2 states:

‘For the purpose of these regulations, the terms set forth below shall have the following meanings, subject to the provisions of the Act:...

“Unfunded List” means an information list of unfunded projects, with the exception of the unfunded list defined below as “Unfunded List (Lack of AB 55 Loans)”.

“Unfunded List (Lack of AB 55 Loans)” means an information list of unfunded projects that was created due to the State’s inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans) to fund school construction projects as declared in the Department of Finance Budget Letter #33 issued on December 18, 2008.’

SFP Regulation Section 1859.90.2 states:

The priority funding process allows the Board to distribute available funds to districts or charter schools who request an Apportionment or an advance release of funds from a Preliminary Apportionment or Preliminary Charter School Apportionment during specific 30-calendar day filing periods beginning with July 27, 2011 and continuing with the 2nd Wednesday of January and the 2nd Wednesday of July each calendar year. Certifications are valid until the next filing period begins. Requests must be physically received by the OPSC by the 30th calendar day to be considered valid. During any priority funding process a district or charter school must submit the Form SAB 50-05 within a specified time period of the Apportionment or approved advance release of funds request, pursuant to (a)(2) or (b)(2) of this section. Projects receiving an apportionment as part of the priority funding process for which the OPSC does not physically receive an original signature copy of the Form SAB 50-05 within the appropriate time limit shall be rescinded without further Board action.

SFP Regulation Section 1859.129(b)(2) states:

Has 18 months from the date the [Division of State Architect] DSA and [California Department of Education] CDE approved plans were submitted to the OPSC to submit a completed Form SAB 50-05 or the apportionment will be rescinded without further Board action. If the district is requesting an Apportionment pursuant to Section 1859.90.1 or 1859.90.2, the Board will require that this time limit be reduced to no more than 90 days from the date of the apportionment.

SFP Regulation Section 1859.197 (b)(2) states:

Has 18 months from the date the CDE plan approval and DSA-approved plans and specifications, as needed, are submitted to the OPSC to submit a completed Form SAB 50-05 or the apportionment shall be rescinded without further Board action. If the district is requesting an apportionment pursuant to Section 1859.90.1 or 1859.90.2, the Board will require that this time limit be reduced to no more than 90 days from the date of the apportionment.

- Staff provides outreach at monthly county office of education meetings held throughout the State.

Certifications

Pursuant to SFP Regulations, districts choosing to participate in the priority funding process must submit a request to convert an Unfunded Approval to an Apportionment. As part of the request, districts are required to make the following certifications:

- The District understands that the time limit on fund release shall be no more than 90 days from the date of Apportionment.
- The District acknowledges that failure to submit a valid *Fund Release Authorization* (Form SAB 50-05) within the 90-day period will result in the project being rescinded without further Board action. A rescinded application will revert back to an Unfunded Approval at the bottom of the unfunded list and cannot be guaranteed bond authority. The application will receive a new Unfunded Approval date of March 12, 2013. In the case of multiple rescissions, each application will be placed at the bottom of the Unfunded Approvals List in the order of the original Unfunded Approval date.

(Example: Two applications are rescinded with Unfunded Approval dates of October 26, 2011 and December 14, 2011. The application that received an Unfunded Approval on October 26, 2011 would be placed on the unfunded list first, followed by the application that received an unfunded approval on December 14, 2011).

The District will not be required to re-submit the funding application and no further application review will be required.

- The District acknowledges that by participating in the priority funding process, the district is waiving its right to the 18-month timeline for fund release submittal.

There is currently \$391.1 million in available cash in Propositions 1A, 47, 55, and 1D. At this time, \$383.8 million will provide apportionments for 196 projects on the Unfunded List (Lack of AB 55 Loans) that have submitted priority funding certifications and are eligible for an apportionment. Any requests by districts to participate in the priority funding process that are not converted to Apportionments shall retain their date order position on the Unfunded Approval list.

This priority funding round has generated requests 103 school districts for 218 out of 400 projects, which represent 54.5 percent of the projects on the Unfunded List (Lack of AB 55 Loans) that could have submitted certifications. On October 24, 2012, the Board provided \$7.4 million in Facility Hardship apportionments for 7 of the 400 projects. Currently, there are \$524.6 million in apportionment requests, which exceeds the \$391.1 million in available cash.

BACKGROUND (cont.)

The recommended apportionments are based on the Unfunded Approval date and received date of the applications that submitted a funding request. Staff identified 196 apportionment requests totaling \$383.8 million that are eligible for an apportionment. The attachments provide detailed lists of the apportionment requests received during this filing period that remain on the Unfunded List (Lack of AB 55 Loans). The applications receiving an apportionment are highlighted in Attachments A, D, E and F.

The table below contains a detailed breakdown of all of the priority funding requests submitted during the filing period ending August 9, 2012 and have not yet received apportionments. The certifications are valid until January 8, 2013.

Unallocated Proceeds

On January 9, 2013, a new 30-day priority funding certification filing period will begin. Certifications submitted during the period that ended on August 9, 2012 will no longer be valid. Unallocated proceeds will be available for future apportionments.

Financial Hardship Project Apportionments

Of the 196 applications receiving an apportionment, 13 applications are for 10 school districts that received financial hardship funding. Staff completed a re-review of district funds for seven of the ten districts. Of the remaining three districts, two did not require a re-review because they had a financial hardship review in the last six months, and one did not require a re-review because the apportionment is an adjustment to add grant funds that were inadvertently omitted from the original approval.

Department of Industrial Relations (DIR) Prevailing Wage Monitoring (PWM)

On September 30, 2011, Assembly Bill 436 (Solorio) (AB 436) was signed into law, amending many of the provisions in Senate Bill X2 9 (SB X2 9). On October 31, 2011, the DIR submitted regulations to the Office of Administrative Law (OAL) to implement the bill.

On December 14, 2011, the Board approved amendments to the SFP regulations that implemented PWM compliance requirements specified in SB X2 9 and amended by AB 436. This grant is intended to assist districts in covering the DIR fee for monitoring and enforcement of the prevailing wage requirements for all State bond funded projects. The DIR fee is capped at one quarter of one percent of the total State bond apportionment. On January 1, 2012, the DIR regulations implementing the PWM requirements in this legislation went into effect.

On March 26, 2012, the amended SFP regulations became effective, authorizing the Board to begin providing the new PWM grant for all SFP projects with a construction contract awarded after January 1, 2012 regardless of bond source.

Staff has included additional grants for the PWM grant on all eligible projects as part of the recommended apportionments.

Fund Release Requirements

Districts receiving State Apportionments are required to submit a valid Form SAB 50-05 containing an original signature for each approved application. Forms SAB 50-05 must be physically received by the OPSC at 707 Third Street, West Sacramento, CA 95605 prior to the close of business on March 12, 2013. If a district fails to submit a valid Form SAB 50-05 within the allotted time frame, the project will be rescinded without further Board action and will receive a new Unfunded Approval date of March 12, 2013 on the Unfunded List (Lack of AB 55 Loans).

Errors and Omissions: Staff is requesting a reduction to this project's previous approval, made at the September 19, 2012 SAB meeting, which inadvertently included an increase of \$307.00 for the Prevailing Wage Monitoring grant amount.

Pursuant to the Board's action on December 12, 2012, the District is required to submit a complete Fund Release Authorization (Form SAB 50-05) on or before March 12, 2013; otherwise, the apportionment will be rescinded without further Board action and will receive a new Unfunded Approval date of March 12, 2013.

The Form SAB 50-05 submittal must contain an original signature from a designated District Representative and must be physically received by the Office of Public School Construction at 707 Third Street, West Sacramento, CA 95605 prior to the close of business on March 12, 2013.

Amounts shown for financial hardship assistance are subject to adjustment as a result of a review of the District's financial records pursuant to Regulation Section 1859.81(a) at the time of apportionment.

The District qualifies for financial hardship pursuant to SFP Regulation Section 1859.81(c)(4). The District has demonstrated it is financially unable to provide all or a part of the matching funds and is levying the developer fees or equal alternative revenue source justified by law. The District's total bonding capacity (April 30, 2012) is \$5 million or less.

Assembly Bill 436 (Solorio), Chapter 378, Statutes of 2011, requires school districts to notify the Department of Industrial Relations (DIR) of School Facility Program projects with a public works contract awarded on or after January 1, 2012. Except for projects exempt pursuant to Labor Code Section 1771.3(b)(3), the DIR is required to provide prevailing wage monitoring services for the projects.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.
