STAFF ANALYSIS / STATEMENTS (cont.)

Conclusion

Staff is seeking Board direction on this appeal. Additionally, if this appeal is approved, staff recommends amending regulations to have unencumbered Level II developer fees as applying only to new construction projects to clarify this issue for future projects. In addition, staff should include an analysis of all other developer fees, and whether regulations should address these as well.

BOARD OPTION

Pursuant to the *Rules and Procedures of the State Allocation Board*, "Staff is providing the following option for the Board's consideration. A positive vote by six members is required for the Board to take action that is an alternative to Staff's administrative action. Absent a positive vote by six members of the Board, Staff's administrative action will stand and the school district's appeal will be considered closed."

Grant the District's appeal.
