In considering this item, the Board approved the staff's recommendation.

Los Angeles Unified/Los Angeles Various Application Numbers

In considering this item, the Board considered both points of view from staff and the District and proposed a compromise that would reduce the District's request by \$12 million. Since the District was allowed to retain \$12 million for cost overruns for a different group of air conditioning projects, this action provides funding for the 31 air conditioning projects up to the reduced amount of \$22,236,282 (\$34 million minus \$12 million equals \$22 million). In addition, the Board stipulated that no further requests for reimbursement of air conditioning projects from the unfunded list would be considered. Ms. Beth Hamby, representing the Los Angeles Unified School District, addressed the Board by agreeing to and accepting this compromise.

REGULATIONS***Amendments to the School Facility Program Modernization Program***

In considering this item, the Board approved the staff's recommendations including the withdrawal of proposed amendments to Regulation Sections 1859.32(k) and 1859.51(i)(5) of the regulatory text.

REPORTS***Bidding Climate Report***

Mr. Eric Hall, representing the Coalition for Adequate School Housing (CASH) and the San Dieguito High School District, addressed the Board. In considering this item, the Board accepted the report and directed staff to take this report to the SAB Implementation Committee where feedback could be obtained for purposes of developing a future report with recommendations that will allow the Board the opportunity to modify the School Facility Program either administratively or through legislation and/or regulation.
