MINUTES
State Allocation Board
January 14, 2009

Upon notice duly given, the special meeting of the State Allocation Board meeting was held in Room 112 of the State Capitol in Sacramento, California on January 14, 2009 at 1:30 p.m.

Members of the Board present were as follows:

- Tom Sheehy, Chief Deputy Director, Policy, Department of Finance, designated alternate for Michael Genest, Director, Department of Finance (DOF)
- Scott Harvey, Chief Deputy Director, Department of General Services, designated alternate for Will Bush, Director, Department of General Services
- Kathleen Moore, Director, School Facilities Planning Division, California Department of Education, designated representative for Jack O'Connell, Superintendent of Public Instruction
- Senator Alan Lowenthal
- Senator Mark Wyland
- Assembly Member Jean Fuller
- Assembly Member Julia Brownley
- Assembly Member Tom Torlakson

Members of the Board absent were as follows:

- Rosario Girard, President and CEO, Phoenix Construction Services, Inc., appointee of Arnold Schwarzenegger, Governor of the State of California
- Senator Loni Hancock

Representatives of the State Allocation Board (SAB) were as follows:

Rob Cook, Executive Officer
Lori L. Morgan, Deputy Executive Officer
Katrina Valentine, Assistant Executive Officer

Representatives of the Department of General Services, Office of Public School Construction (OPSC), were as follows:

Rob Cook, Executive Officer
Lori L. Morgan, Deputy Executive Officer

Representative of the Department of General Services, Office of Legal Services, was as follows:

Henry D. Nanjo, Assistant Chief Counsel

With a quorum present, Tom Sheehy, Chair, called the meeting to order at 1:35 p.m.

The Chair welcomed the new members appointed to the SAB.

SPECIAL/APPEALS

School Facility Program Financial Crisis Emergency Regulations

After the Executive Officer presented this item to the Board, Ms. Jeannie Oropeza, representing the DOF, addressed concerns regarding the Pooled Money Investment Board's (PMIB) role in the cash flow and apportionment situation. She also stated that the OPSC was preparing a list that detailed the status of not only health and safety projects but affected school district projects so the PMIB would be aware of those obligations. A Board member indicated that the SAB would want to have an active role in the prioritization of school district projects should State bond funding become available. The Executive Officer also indicated that there was $31 million worth of health and safety projects.

The following individuals addressed the Board regarding this issue:

- Mr. Tom Duffy, representing the Coalition for Adequate School Housing organization;
- Mr. Dave Walrath, representing the Small School District Association;
- Mr. Ron Hudson, Deputy Superintendent of the Kings Canyon Unified School District;
- Mr. Stan Scheer, Superintendent of Schools at Murrieta Valley Unified School District;
- Mr. Richard Gonzalez, representing Richard Gonzalez & Associates;
- Ms. Anna Ferrera, representing the County School Facilities Consortia;
- Mr. Wael Elatar, representing the San Bernardino City Unified School District;
- Dr. Stephen Foster, representing the Chawanakee Unified School District; and
- Mr. Lyle Smoot, representing the Los Angeles Unified School District (LAUSD).

These individuals expressed a variety of concerns related to the State of California's financial crisis and the impact to school facilities related projects. The comments included concerns about the need for continued cash flow for SAB approved apportionments, and the need for apportionments to continue to be made due to the districts' contractual obligations. Additionally, it was pointed out that these concerns were especially urgent for financial hardship projects. It was also requested that if apportionments cannot be made, that the SAB proceed with unfunded approvals to enhance districts' ability to obtain interim financing and to otherwise acknowledge projects' eligibility. It was also suggested that the Board consider prioritizing fund releases and/or apportionments when cash incrementally becomes available. It was further requested that the Board provide flexibility regarding savings for financial hardship projects and applying those savings to other School Facility Program (SFP) projects.

There was much discussion surrounding the financial crisis and its impact on school district projects. Some Board members wanted to know who would be responsible for the costs incurred by school districts for halting construction contracts. Although discussions continued, the Chair requested a roll-call vote before members parted and the motion, which was to approve the staff recommendations with the proposed staff amendments to the emergency regulatory text on page three as read into the record, carried per the following votes:

Failed ___

The Chair made a commitment to the Board that if a Board member wished to revisit the regulations as they relate to the availability of funds and the interaction between the PMIB and the SAB roles, the regulations would be revisited and addressed.

A Board member suggested that there are four categories of crisis which school district projects fall under: 1) health and safety projects; 2) projects that were apportioned but not funded and have contracts; 3) projects that were apportioned but do not have contracts (with the understanding that these districts should not at this point enter contracts unless the district can pay for the entire cost of the contract); and 4) projects that want to come forward to the Board in the normal processing and that are under contract.

The Board requested that a representative from the State Treasurer's Office attend the next scheduled SAB meeting, which is January 28, 2009, and provide the SAB and the audience with a better understanding of the State of California's current financial condition and its ability to access the bond market. Additionally, it was also requested that staff provide a list of the projects affected that indicates the dollar amount, project type, categories (as referenced by a Board member), etc. The Board also asked the LAUSD to update the SAB concerning the District's ability to enter the capital markets with their own local issuances at the January 28, 2009 SAB meeting.

Unfunded Approvals

This item was withdrawn by the OPSC.

REPORTS

Relief Measures Taken By State Agencies

Many elements of this report were taken up during the discussion of the School Facility Program Financial Crisis Emergency Regulations item, at which time the Board approved Attachment A. Attachment A is the Statewide mailer notifying all school districts and county superintendents of schools about bridge financing and interfund borrowing for financial hardship districts during this financial crisis. The relief measures taken by State agencies are noted in the report, which may be further presented at a future SAB meeting.

ADJOURNMENT

There being no further business to come before the Board, the Chair adjourned the meeting at 3:50 p.m.

PRIOR MINUTES

A motion was made, and carried, to approve the Minutes for the October 29, 2008 and November 10, 2008 SAB meetings.

EXECUTIVE OFFICER'S STATEMENT

The Executive Officer informed the Board of the following:

School Facility Program Apportionments in 2008

The SAB has apportioned over $5 billion in 2008. The following represents the approximate allocations for each category:

	Proposition 1A	Proposition 47	Proposition 55	Proposition 1D
New Construction	$1,619,644	$13,045,117	$964,581,299	$1,216,510,649
Modernization		300,000	31,030,994	676,051,338
Career Technical Education				420,601,473
High Performance Schools				11,295,570
Overcrowding Relief Grant				99,303,833
Critically Overcrowded Schools		763,385,747	417,637,152	
Charter Schools		26,192,028	65,335,407	462,590,124
Joint-Use		1,359,257	8,236,443	13,559,929
Totals:	$1,619,644	$804,282,149	$1,486,821,295	$2,899,912,916
			Grand Total:	**$5,192,636,004**

High Performance

Since the first High Performance Incentive Grants were approved at the February SAB, approximately $11.3 million has been apportioned to encourage High Performance design attributes in public school projects. The OPSC is continuing to reach out to educate and assist school districts in accessing High Performance funds. As interest and awareness is growing, more school districts have been incorporating High Performance attributes in the design stage of their projects, and the OPSC expects requests for High Performance funding to increase in 2009. After this SAB meeting, approximately $88.7 million in High Performance funds remain available from Proposition 1D.

November 2008 Local Bond Measures

There were 86 bond measures totaling more than $17 billion that went before California voters in 33 counties in November 2008. Voters approved 76 of these measures, an 88.37 percent success rate, ultimately authorizing more than $16.7 billion.

Overcrowded Relief Grant Program

In the Agenda, 11 applications totaling approximately $59 million in funding for the Overcrowded Relief Grant Program were considered for approval. Approximately $900 million will be available for the third funding cycle, which closes on January 30, 2009.

Deferred Maintenance Program Funding

The SAB apportions funds annually for the Deferred Maintenance Program after December 1st of each year. These funds provide assistance to school districts for major repair or replacement of existing school building components. The OPSC anticipates presenting the Deferred Maintenance Program funding to the Board for approval in January 2009.

EXECUTIVE OFFICER'S STATEMENT (cont.)

January Funding Items

More than $800 million in excess funds from the Proposition 47 Critically Overcrowded School Facilities Program will be ready for transfer to New Construction as early as January 2009. The General Site grant will sunset December 31, 2008. The OPSC will present an item for its extension next month. The annual statutory Construction Cost Index adjustment will also be taken up in January 2009. Finally, the OPSC will present an item at the January 2009 Implementation Committee meeting discussing a methodology to analyze school construction data collected from the Project Information Worksheet. This analysis will be used to develop a recommendation to the Board for a grant adjustment as authorized under Assembly Bill 127.

RESOLUTION RE: APPOINTMENT OF THE ASSISTANT EXECUTIVE OFFICER TO THE STAET ALLOCATION BOARD

The Board approved the Resolution to appoint Ms. Katrina Valentine as the Assistant Executive Officer to the State Allocation Board, effective October 1, 2008.

CONSENT ITEMS

A motion was made, and carried, that the Board approve the Consent calendar as presented.

FINANCIAL REPORTS

Status of Funds

The Deputy Executive Officer presented the Status of Funds to the Board and noted that by the conclusion of today's meeting, the Board will have approved and/or authorized $726 million in apportionments representing over 460 applications. The Board accepted the Status of Funds report as presented.

In considering this item, the Board approved the staff's recommendations.

SPECIALS/APPEALS

Career Technical Education Facilities Funding

Ms. Tracy Sharp, representing the SAB staff, presented this item to the Board and recognized the hard work that the Career Technical Education Facilities Program (CTEFP) Team performed in order to present these applications for funding consideration to the Board. Mr. Eric Blum, representing the Los Angeles Unified School District (LAUSD), addressed the Board concerning 31 CTEFP applications that were returned to the District and stated that the District would appeal if the issue does not get resolved with the OPSC. The Board expressed concern that 31 CTEFP applications submitted by one school district were returned. Staff explained that regulatory amendments were approved and in place prior to this second funding cycle, which required additional documentation to be submitted. Staff also clarified that all applicants for the second funding cycle were reviewed under the same criteria. A Board member requested that staff work with the school districts that had applications returned in hopes that those school districts could resolve the issues and file the applications for the third funding cycle. Staff announced that it would coordinate with the CDE to identify an appropriate timeline for both the State and school districts in order to set a third funding cycle, and would report back at a future SAB meeting. In considering this item, the Board approved the staff's recommendations.

Overcrowding Relief Grant Program

Ms. Brigitte Baul, representing the SAB staff, presented this item to the Board and recognized the hard work that the Overcrowding Relief Grant (ORG) Team performed in order to present these applications for funding consideration to the Board. The Board expressed concerns that the ORG Program was not being utilized to its fullest potential with $900 million still available. It was noted that these types of projects are complex and take more time to ready the project to the construction stage. Mr. Eric Blum, representing the LAUSD, stated to the Board that once the Critically Overcrowded Schools applications have converted to final apportionments, the District has full intention to utilize the ORG Program. Mr. Wael Elatar, representing the San Bernardino City Unified School District, addressed the Board concerning three applications that were returned. Mr. Elatar indicated that two of the applications were re-filed under the School Facility Program (SFP). In addition, he asked that the third application (Middle College High School) be agendized as an appeal for discussion at the January 2009 SAB meeting. In considering this item, the Board approved the staff's recommendations.

REGULATIONS

Emergency Repair Program Regulations

Ms. Masha Lutsuk, representing the SAB staff, presented this item to the Board. In considering this item, the Board approved the staff's recommendations.

REPORTS

Seismic Mitigation Program Update

The Executive Officer and Mr. Dave Thorman, State Architect, representing the Division of the State Architect, presented this report to the Board. The following individuals addressed the Board concerning this issue:

- Mr. Tom Duffy, representing the Coalition for Adequate School Housing (CASH) organization;
- Ms. Margie Brown, Assistant Superintendent for the San Ramon Valley Unified School District; and
- Mr. Terry Tao, representing the Andelson, Atkinson law firm.

The public comments concerned areas that were discussed during the development of the regulations and requested reconsideration regarding: 1) funding for interim housing; 2) funding for the structural evaluations of the buildings; 3) creation of an unfunded list; and 4) the ground shaking criteria at 1.7g acceleration.

The Board requested that staff prepare a report for the January 2009 SAB meeting that discusses the four items outlined above. The Board accepted the report.

Legislative Update

Mr. Juan Mireles, representing the SAB staff, presented this item to the Board. The Board accepted the report.

PUBLIC COMMENTS

Mr. Tom Duffy, representing the CASH organization, addressed the Board concerning the cash flow problem for the State of California, which will impact the SFP. He stated that the Board should request the OPSC to work with CASH to communicate to school districts about entering into contracts and that school districts may not receive a fund release for apportionments made by the SAB. The Chair explained that while this may be true, it would be premature for the OPSC to notify school districts at this time and that the request could be re-evaluated after the Pooled Money Investment Board (PMIB) meeting on December 17, 2008. The Board requested that staff agendize for the January 2009 SAB meeting proposed regulatory action that would address items such as time limits, etc., to provide relief to school districts due to the financial crisis.

PUBLIC COMMENTS (cont.)

In addition to the regulatory action, the Board suggested that an earlier meeting might be needed in January due to the urgency of the situation, especially if the PMIB takes an action that would impede the ability to provide fund releases for SAB approved apportionments.

Mr. Bruce McDaniel, Superintendent of the Lennox School District, addressed the Board concerning the ORG Program and the appeal the District filed because the ORG Program regulations have not been approved by the Office of Administrative Law (OAL). The Deputy Executive Officer responded that the ORG Program regulations were submitted to the OAL on December 4, 2008, with a request for an expedited review, and that it was anticipated that the regulations would be approved mid-January 2009, which would enable the District to file for the third funding cycle. In addition, the Deputy Executive Officer encouraged the District to prepare its application for submittal prior to the filing cut-off and offered the staff's assistance.

MISCELLANEOUS

A Board member referenced the transition team's stimulus package and requested that staff begin reviewing the Federal Renovation and Repair Program regulations that were in place in 2001.

ADJOURNMENT

There being no further business to come before the Board, the Chair adjourned the meeting at 4:50 p.m.

THE EXECUTIVE OFFICER STATEMENT
WILL BE FORTHCOMING

State of California
State Allocation Board
School Facility Program

This Resolution of the State Allocation Board (hereafter referred to as the "Board") is applicable to the appropriate sections of the Education Code and is described and filed in the office of the Executive Officer and will be made available to all interested parties as the Resolution pertains to the documents attached hereto. Said documents were acted upon by the Board at its meeting on January 28, 2009.

WHEREAS, the Board has previously approved or determined to be approvable a number of projects for construction or modernization eligibility of facilities for school districts and is making apportionments for the grant amounts for projects that meet the Board's criteria for the apportionment of grants pursuant to Education Code Sections 17072.10 or 17074.10 or Board Regulations 1859.81.1 or 1859.83;

WHEREAS, Treasury Regulations Section 1.150-2 require the State (on whose behalf the Board is acting) to declare its reasonable intent to provide grant funding to school districts, in accordance with Board policy and law, for costs of the projects with proceeds of State bonds;

NOW THEREFORE, BE IT RESOLVED:

1. This Resolution is adopted by the Board for the purposes of establishing compliance with Treasury Regulations Section 1.150-2, and this Resolution does not bind the Board to make any additional apportionment, or bind the State to incur any indebtedness.

2. The Board anticipates that some or all of the school districts listed on the list of "Projects" referred to in this Resolution will pay certain capital expenditures in connection with some or all of the project costs prior to the issuance of bonds by the State to pay for the grants for the projects. The reimbursement of such costs is consistent with the State's budgetary and financial circumstances, and in accordance with Board policy, as no other funds or accounts of the State have been budgeted or are available to pay the costs of the projects on either a short-term or a long-term basis.

3. The Board, acting on behalf of the State, hereby declares that it is the State's official intent to use proceeds of general obligation bonds that may become available for such purpose, consistent with the requirements of law that are in effect at the time the funds are available, to provide grants in accordance with applicable laws and regulations.

4. This Resolution shall be continuously available for inspection by the general public during normal business hours at the offices of the Board at 1130 K Street, Suite 400, Sacramento, California, commencing within one week after the date of enactment of this Resolution.

5. Any eligibility determination does not constitute a commitment of future funding by the Board.

I, the undersigned, duly authorized as the Executive Officer of the State Allocation Board, do hereby certify the foregoing to be true and correct, and that this Resolution was adopted at a meeting of said Board on January 28, 2009 at Sacramento, California.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, January 28, 2009

SCHOOL FACILITY PROGRAM

PURPOSE OF REPORT

To adjust the baseline eligibility for new construction and modernization projects under the Leroy F. Greene School Facilities Act of 1998.

DESCRIPTION

The districts listed on Attachment A have received eligibility approval for new construction. There has been a change in their baseline in accordance with the California Code of Regulations relating to the Leroy F. Greene School Facilities Act of 1998, Section 1859.51.

The districts listed on Attachment B have received eligibility approval for modernization. There has been a change in their baseline in accordance with the California Code of Regulations relating to the Leroy F. Greene School Facilities Act of 1998, Section 1859.61.

RECOMMENDATIONS

1. Approve an adjustment to the new construction eligibility baseline determination as shown on Attachment A.

2. Approve an adjustment to the modernization eligibility baseline determination as shown on Attachment B.

3. Provide that this approval of adjusted eligibility determination does not constitute a commitment for future funding by the State Allocation Board.

CONSENT

KEY TO ADJUSTMENTS: **NEW CONSTRUCTION ONLY:**

(a) Reduced by the number of pupils provided grants in a new construction School Facility Program (SFP) project and by the number of pupils that received a Preliminary Apportionment pursuant to Section 1859.140 or a Preliminary Charter School Apportionment pursuant to Regulation Section 1859.162.2.

(b) Reduced by the number of pupils housed, based on the loading standards pursuant to Ed. Code Section 17071.25(a)(2)(A), in a new construction LPP project funded under the provisions of the LPP pursuant to Regulation Section 1859.12 or 1859.13.

(c) Reduced by the number of pupils housed in additional classrooms constructed or purchased based on the loading standards, pursuant to Ed. Code Section 17071.25(a)(2)(A), in a modernization SFP project.

(d) Adjusted as a result of audit findings made pursuant to Regulation Sections 1859.90 and 1859.105.

(e) Increased/decreased by changes in projected enrollment in subsequent enrollment reporting years, except as provided in (j) below.

(f) Adjusted as a result of errors or omissions by the district or by the Office of Public School Construction (OPSC).

(g) Adjusted as result of amendments to the SFP Regulations that affect the eligibility.

(h) Increased by the number of pupils eligible for grants pursuant to Regulation Section 1859.82(a).

(i) Reduced by the number of pupils housed in classrooms provided after the baseline eligibility was determined by the State Allocation Board, with 12 exceptions at Regulation Section 1859.51(i).

(j) For Small School Districts, following a 3-year period after the district's eligibility was approved by the Board, decreased by any reduction in projected enrollment, and by any increase in pupils in the latest CDE operational grant report per Ed. Code Sec. 42268.

(k) Adjusted for any changes in classroom inventory as a result of a reorganization election.

(l) For classroom loading standards adopted by the Board for non-severely and severely disabled individuals with exceptional needs.

(m) As directed by the SAB due to finding a Material Inaccuracy pursuant to Section 1859.104.1.

(n) Increased by the number of pupils that received a Preliminary Apportionment that was rescinded pursuant to Section 1859.148 or a Preliminary Charter School Apportionment that was rescinded pursuant to Section 1859.166.

(o) Adjusted for operational grant changes as determined/provided by the California Department of Education.

(p) For High School Attendance Area (HSAA) districts with Preliminary Apportionments within the 2002 or 2004 Critically Overcrowded School Facilities Account, adjusted in accordance with Regulation Section 1859.51(p)(1), (2), or (3).

(q) Adjusted by the difference between the Alternative Enrollment Projection for the current enrollment reporting year and the projected enrollment determined pursuant to Section 1859.42 for the current enrollment reporting year, or by the eligibility remaining from this calculation that can no longer be utilized if the funds made available pursuant to EC Section 17071.75(a)(1)(A) have been exhausted.

(r) Adjusted per Ed. Code Sec. 17071.75(b)(2) by the number of pupils housed, based on the loading standards per Ed. Code Sec. 17071.25(a)(2)(A), in any classroom(s) where title was relinquished to the School District receiving the transferred classrooms.

MODERNIZATION ONLY:

(a) Reduced by the number of pupils provided grants in a modernization SFP project or CSFP Rehabilitation project at the specific site.

(b) Reduced by the number of pupils housed, based on the loading standard pursuant to EC Section 17071.25(a)(2), in a modernization LPP project funded under the LPP pursuant to Regulation Section 1859.14 and 1859.15.

(c) Increased by changes in projected enrollment in subsequent enrollment reporting years.

(d) (1) Increased for additional facilities not previously modernized with State funds, that become 25 years old, if permanent, or 20 years old, if portable or, (2) as a result of audit findings made pursuant to Regulation Sections 1859.90 and 1859.105.

(e) Adjusted as a result of errors or omissions by the district or by the OPSC.

(f) Adjusted as result of amendments to the Subgroup 5.5 Regulations that affect the eligibility.

(g) For classroom loading standards adopted by the Board for non-severely and severely disabled individuals with exceptional needs.

(h) As directed by the SAB due to finding a Material Inaccuracy pursuant to Regulation Section 1859.104.1.

(i) Increased for facilities previously modernized with State funds, which qualify for an additional modernization apportionment pursuant to Regulation Section 1859.78.8.

(j) Adjusted as a result of the Reconfiguration of an existing high school under the Small High School Program.

(k) Decreased for facilities that were deemed eligible for modernization pursuant to Regulation Sections 1859.60 and 1859.61(d) and subsequently replaced, or will be replaced under a signed contract for construction or acquisition of facilities, in a project funded by the district without participation from the State.

(l) Adjusted as a result of replaced eligible portables funded with the Overcrowding Relief Grant, per Ed. Code Section 17079 et seq.

State Relocatable

Classroom Program

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, January 28, 2009

SALE OF STATE RELOCATABLE CLASSROOMS

PURPOSE OF REPORT

To authorize the applicant districts to purchase State relocatable classrooms leased from the State Allocation Board (SAB) under the Phase-Out Plan for the State Relocatable Classroom Program (SRCP).

BACKGROUND

At the October 2005 meeting, the Board was presented with and adopted the Phase-Out Plan for the SRCP. The SRCP was originally designed to meet classroom needs for those districts impacted by excessive growth or unforeseen classroom emergencies. The implementation of the Phase-Out Plan was brought forth for the SAB's consideration due to the increasing size of the SRCP and the general condition of an aging fleet. The Phase-Out Plan outlines a process for immediate disposal of all State relocatable classrooms and permits school districts and other entities to purchase the relocatable classrooms.

AUTHORITY

Education Code Section 17094 permits the Board to dispose of a State relocatable classroom to the public or private entity in any manner that it deems to be in the best interest of the State, if the Board deems there is no longer a need for the State relocatable classroom.

Education Code Section 17089.2 permits the Board to accept payments in equal annual installments for an agreed upon term not to exceed nine years.

DESCRIPTION

The districts listed on Attachments A and B have complied with all provisions of the Phase-Out Plan, adopted by the SAB, for the purchase of State relocatable classrooms. The cost of the State relocatable classroom and the reduction of pupil grants from the district's School Facility Program new construction baseline eligibility will be determined by the age of the State relocatable classroom. Districts will be responsible for all costs to move and set up the State relocatable classroom.

RECOMMENDATIONS

1. Approve the sale of 27 relocatable classrooms for $94,002 in revenue to the State School Building Aid Fund as shown on Attachment A.

2. Approve the sale of 74 relocatable classrooms for $545,000 in future revenue to the State School Building Aid Fund on a payment plan, not to exceed nine years, as shown on Attachment B.

3. Direct Staff to adjust the districts baseline eligibility as shown on Attachments A and B.

Unused Sites Program

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, January 28, 2009

UNUSED SITES

EXHIBIT/APPL. NO. 92/66159-00-00

Salinas Union High School District – Monterey County

PURPOSE OF REPORT:

To present the District's request for the State Allocation Board to grant a refund of the 2007/08 Fiscal Year Unused Site Assessment fee.

DESCRIPTION

The Salinas Union High School District was assessed an unused site fee of $152,880 for the 2007/08 Fiscal Year at the December 10, 2008 State Allocation Board meeting. The fees will be deducted from the District's State School Fund apportionment during the months of February through May 2009. The District recently submitted documentation indicating that this property was acquired in 2007 and should not be assessed a fee until the 2014/15 Fiscal Year. Therefore, the District is entitled to a refund of the unused site assessment fee that will be withheld for the 2007/08 Fiscal Year.

Site	Year	Withheld	Recommendation
Rogge Road (9830332)	2007/08	$152,880	Refund

AUTHORITY

Pursuant to Education Code Section 17219(f), nonuse payments shall not be required "Whenever a school district acquires or has acquired a site for school purposes, as determined by the State Allocation Board and does not use the site within... (2) seven years of the date of acquisition for any of grades 7 to 12, inclusive, maintained by a high school district or a unified school district..."

STAFF COMMENTS

The District has provided documentation to support their request and staff has verified the information.

RECOMMENDATION

Approve the District's request for a refund of the 2007/08 Fiscal Year unused site assessment fee of $152,880 and notify the State Controller's Office to not deduct the unused site assessment fee as indicated.

To present Emergency Repair Program (ERP) funding applications for apportionment.

DESCRIPTION

The Local Educational Agencies (LEAs) listed on the Attachment have submitted a *Grant Request* (Form SAB 61-03, Rev. 01/07) for ERP funding. The applications have been reviewed by Staff and it has been determined that the applications meet the regulations and requirements of the ERP.

The Attachment includes 14 grant requests, designated by "g" for projects that are not completed and/or for which the funds have not been fully expended. It also includes 21 reimbursement requests, designated by "e-r" for projects that are fully completed and paid for by the LEA. These reimbursement projects also include a submittal of the *Expenditure Report* (Form SAB 61-04, New 01/07) by the LEAs in addition to the Form SAB 61-03.

RECOMMENDATION

Apportion $11,344,669 in ERP funds for all projects listed on the Attachment from Fund 082-000.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, January 28, 2009

SCHOOL DISTRICT DATA	
School District:.....OAK GROVE ELEMENTARY	County:.....SANTA CLARA
Application Number: 93/69625-00-00	School Name:..... VARIOUS
Total District Enrollment: 11,714	Project Grade Level:.....K-6

PURPOSE OF REPORT

To present the District's request for approval to deposit site sale proceeds into its General Fund.

DESCRIPTION

Assembly Bill 1895, Chapter 269, Statues of 2006 (Coto) allows the Oak Grove School District to sell surplus real property together with any personal property and deposit the proceeds from the site sale into its General Fund. On June 6, 2008, the Oak Grove School District Board of Trustees approved the sale of Calero School Site Property to East Side Union School District. The property sold for $20 million. The District has requested authorization to transfer $20 million from the sale of school property proceeds into its General Fund to pay one-time non-recurring expenditures. The District has declared it can meet any of its major deferred maintenance needs with existing local capital outlay funds. The District has acknowledged that it is ineligible to receive hardship funding from the State School Deferred Maintenance Program (DMP) for a five year period and will also have a $20 million offset from future hardship assistance for any School Facility Program (SFP) projects, including seismic mitigation or replacement.

AUTHORITY

Education Code (EC) Section 17463.8 provides that ... "the Oak Grove Elementary School District may sell surplus real property, together with any personal property located thereon, purchased entirely with local funds, and may deposit the proceeds thereof into the general fund of the school district or county office of education, and may use the proceeds from the sale for any one-time general fund purpose... If a school district exercises the authority granted pursuant to this section, the school district is ineligible for hardship funding from the State School Deferred Maintenance Fund under Section 17587 for five years after the date of sale.

EC 17463.8 (b) provides that "The State Allocation Board shall reduce the amount of hardship assistance awarded pursuant to Article 8 (commencing with Section 17075.10) to a school district that exercises the authority granted pursuant to this section by an amount equal to the amount of the proceeds of the sale of surplus real property used for a one-time expenditure of the school district pursuant to this section."

STAFF COMMENTS

The Oak Grove Elementary School purchased the 10.9 acre site in 1968 for a total price of $140,000. The School Board has certified that it has no major deferred maintenance requirements that it cannot cover by its own existing capital outlay resources. The District's plan for the use of proceeds, per its November 8, 2007 school board meeting, is to use some of the proceeds from the sale and invest it with the County Controller to generate interest income. Also, the District plans to purchase computers, equipment, materials, supplies and/or professional/contracted services. The District states that these are one time purchases and will not result in an ongoing fiscal obligation to the District.

STAFF COMMENTS (cont.)

The District understands that it will not be eligible to receive hardship funding in the DMP for five years; as well as, having an off-set of $20 million from its hardship assistance on future SFP projects, including seismic mitigation or replacement.

Based on the information submitted by the District, Staff finds that the District can meet any of its major deferred maintenance needs with existing local capital outlay resources for the next five years. Therefore, Staff supports the District's request to deposit its site sale proceeds into its General Fund for one-time general fund purposes.

RECOMMENDATIONS

1. Approve the District's request to transfer $20 million from the site sale proceeds into its General Fund.

2. Prohibit the District from receiving hardship funding in the DMP until June 6, 2013, which represents a period of five years from the date of the sale of the Calero School site.

3. Reduce the amount of future hardship assistance in the SFP, including seismic mitigation or replacement, in the amount of $20 million, which represents the amount equal to the site sale proceeds deposited into the District's General Fund.

This Item was approved by the State Allocation Board on January 28, 2009.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, January 28, 2009

SCHOOL DISTRICT DATA	
Charter School:.....MONSEÑOR OSCAR ROMERO CHARTER	County:.....LOS ANGELES
Application Number:.....54/64733-00-057	School Name:.....MONSEÑOR OSCAR ROMERO MIDDLE
Total Charter School Enrollment:.....50	Project Grade Level:..... 6-8

PURPOSE OF REPORT

To present the Charter School's request to use alternate data to fund its Charter School Facilities Program (CSFP) application which would require the State Allocation Board (SAB) to re-process and re-prioritize all of the CSFP applications that were funded in May of 2008. This would result in the SAB having to rescind several projects apportioned in May 2008.

SUMMARY

Propostion 1D provided $500 million, less California School Finance Authority administrative costs, for charter schools to be allocated on a competitive basis.

Based on the CSFP application filing period of February 5 through June 5 of 2007 and consistent with Regulation Section 1859.2, the 2006/07 reporting year data was used to compute the preference points to determine which CSFP applicants received funding. The 2006/07 reporting year data was the most current data on file and the only data available at the time. Monseñor Oscar Romero Middle School (Monseñor Middle) would have been able to receive more preference points in the Low Income category if the data used had been from the 2007/08 reporting year. Because of this, Monseñor Middle has requested that its 2007/08 data be used in comparison to all other applicants 2006/07 data, which would result in the Monseñor Middle application receiving funding.

To use 2007/08 data for only one project and in only one aspect of preference points would be inappropriate. Program integrity requires that all applicants be judged using the same criteria. In order to accommodate Monseñor Middle's request, the SAB would need to rescind, re-process and re-prioritize all applicants using the 2007/08 data. This would result in several projects that were previously approved in May 2008 having their apportionments rescinded by the SAB. With the SAB approval of the Preliminary Apportionments in May 2008, recipients have moved forward on their projects and have already spent or contracted for an estimated amount totaling over $36 million.

BACKGROUND

At the May 2008 SAB meeting, the CSFP applications were presented for approval. The Office of Public School Construction (OPSC) accepted over 90 applications by the filing deadline requesting in excess of $2 billion. After the review process was completed, 79 applications totaling $1.5 billion remained eligible for consideration. The value of the eligible applications exceeded the $487.5 million available for apportionment. Therefore, pursuant to Education Code Section 17078.56, the following was implemented:

- The SAB must apportion applications based on both preference points and funding category. Preference points for applicants are calculated based on:
    - percentage of district overcrowding
    - percentage of low income pupils
    - non-profit entities, and;
    - rehabilitation of existing district owned facilities

(Continued on Page Two)

SPECIAL
000068

BACKGROUND (cont.)

Once the preference points are established, the application with the highest number of points is funded in each of the categories for regions of the State; urban, rural or suburban area type; size of the charter school; and grade levels served by the project.

- Any applications the SAB is unable to provide a preliminary apportionment for must be returned to the charter school applicant. There is no provision in law to establish an unfunded list for the remaining projects. The SAB may consider opening additional filing periods if sufficient funds are available in the future.

Although Monseñor Middle was eligible for funding consideration, it did not have enough preference points to be funded (See Attachment A for the May 2008 funding item). Therefore, the Monseñor Middle application was returned to the Charter School.

DESCRIPTION

One of the factors used to determine the preference points for eligible charter school applications is the percentage of low income pupils in the school district where the project will be located. The free and reduced price lunch data is used to ascertain the percentage of low income pupils. As the final filing date for the applications occurred during the 2006/07 reporting year, this is the corresponding free and reduced lunch data that was used pursuant to Regulation Section 1859.2. If the charter school is a new school and this data is not yet available, the charter school may use either the school district average from the district in which the project would be located or the data from any public school within the Charter School General Location.

Since Monseñor Middle did not exist for the 2006/07 reporting year, the free and reduced price lunch data was not available. Therefore, consistent with other applicants in the same situation and program regulations, the applicant used the data from a nearby school, which had 91 percent of its students eligible for free or reduced price lunch. However, Monseñor Middle opened for the 2007/08 reporting year and had 100 percent of the students eligible for a free or reduced price lunch. For that reason, the Charter School is requesting to have its preference points re-calculated with the 2007/08 reporting year data. The Charter School is further requesting the SAB fund its project utilizing the free and reduced price lunch percentage of 100, increasing its preference points from 36 to 40. Compared to other projects that used the 2006/07 data, the project would have received funding.

As it is not equitable to use 2007/08 free and reduced price lunch data for only one of the 79 applicants, the reporting year would need to be changed for all applicants. Making this change and using the newer data will change the funding order and would result in applicants who previously received a Preliminary Apportionment to have their funding rescinded.

AUTHORITY

See Attachment B.

STAFF COMMENTS

The application filing deadline for the charter school applications was June 5, 2007. At that time, the most current information available for free and reduced price lunch was the 2006/07 reporting year. All applicants must use the same reporting year (2006/07) in order for a fair and equitable comparative evaluation to be made. The OPSC was unable to use the 2007/08 reporting year to determine the free and reduced price lunch data, because this data was not available by the final filing date.

SPECIAL

STAFF COMMENTS (cont.)

Applicants were informed of the criteria that would be used to generate preference points via regulations, correspondence, and the Frequently Asked Questions (FAQ) posted on the OPSC Web site. In regards to free and reduced lunch percentages, the FAQ page is very clear that "The data should come from the most recent (2007 Application should use October 2006/2007) Consolidated Application Part 2 submitted to the California Department of Education."

Staff has calculated preliminary estimates of how changing the reporting year to 2007/08 would affect the funding matrix that determines which applications receive a Preliminary Apportionment. It is currently not possible to update for level of school district overcrowding as this requires the added burden of having over thirty school districts go back to their respective boards for certifications to the number of unhoused students the charter project will house. However, with some limitations, it is possible to see the impact of updating free and reduced lunch data and the enrollment data determining the small, medium and large categories. Using the revised data, Monseñor Middle would receive a Preliminary Apportionment. In addition, four charter schools would lose their Preliminary Apportionment which the SAB apportioned in May 2008. It can be assumed that a similar outcome would occur if the level of school district overcrowding were updated as well.

Of the 29 Preliminary Apportionments awarded in May 2008, many have already started planning their projects. A survey of awardees shows that a combined total of over $36 million has already been spent or contracted for on these projects. Several applicants have started the process of hiring architects, selecting sites and designing plans. Those that have not yet started planning their projects have already informed students, teachers and the community that new or enhanced facilities are coming in the near future.

To rescind Preliminary Apportionments eight months after SAB approval would have devastating effects on the charter schools and seriously undermine the integrity of the CSFP. The data used for the Monseñor Middle application was correct for the 2006/07 school year. In order to maintain program integrity and avoid potential liability, Staff must recommend that the SAB deny the Charter School's request.

RECOMMENDATION

Deny the Charter School's request.

BOARD ACTION

In considering this item, the Board approved staff's recommendation to deny the Charter School's request. In addition, the Board requested that staff prepare a report for the April 2009 SAB meeting and provide options/ recommendations concerning the allocation of the remaining $24 million in the Charter School Facilities Program; does the Board retain the funding as a buffer for the projects that have not converted to a final apportionment and/or should the Board consider a future funding round utilizing some or all of the funds.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, May 28, 2008

CHARTER SCHOOL FACILITIES PROGRAM
PRELIMINARY APPORTIONMENTS

PURPOSE OF REPORT

To provide preliminary apportionments for the Charter School Facilities Program (CSFP) in the amount of $462,590,124.

DESCRIPTION

Proposition 1D provides the CSFP with an additional $500 million for charter school facilities. This program provides qualified applicants with a preliminary apportionment for the construction of new charter schools or the rehabilitation of existing district owned facilities that are at least 15 years old. The applications that are included on the Attachment to this agenda item underwent a thorough review process by both the California School Finance Authority (CSFA) and the Office of Public School Construction (OPSC). The applicants have been determined to be financially sound and all program requirements have been met.

AUTHORITY

Education Code (EC) Sections 17078.52 through 17078.66 and 17180.5 established the CSFP, and the 2002, 2004, and 2006 Charter School Facility Accounts. EC Section 17078.54 further authorizes the CSFA to charge its administrative costs against the Charter School Facility Account, not to exceed 2.5 percent of this account.

Pursuant to Regulation Section 1859.164, all funds approved as a preliminary apportionment are to be transferred to the Restricted Charter School Fund and any funds not approved as preliminary apportionments are to be transferred to the Unrestricted Charter School Fund.

Pursuant to Regulation Section 1859.166 and 1859.166.1, a time limit and a potential time extension are provided for the conversion of a preliminary apportionment to a final apportionment. These sections further provide that any preliminary charter school apportionments not converted will be rescinded and the funding reserved for the project will be placed back in the Unrestricted Charter School Fund.

STAFF COMMENTS

Of the $500 million made available for the program, up to 2.5 percent of this amount may be used by the CSFA for its administrative purposes. The chart below shows the distribution of the $500 million available to fund the CSFP:

Fund/Account	Amount
Total Available from Proposition 1D	$500,000,000
CSFA Administrative Cost Reservation	($12,500,000)
Total Available for Preliminary Apportionments	$487,500,000

The OPSC accepted over 90 applications by the filing deadline for a requested amount of over $2 billion. After the review process was completed, 79 applications totaling $1,513,654,236 remain eligible for consideration. The value of the eligible applications received greatly exceeds the $487.5 million available for apportionment in the Charter School Facility Account. Therefore, by law, the following must occur:

(Continued on Page Two)

STAFF COMMENTS (cont.)

- To ensure that a variety of project types are funded, the Board will apportion applications based on both preference points and funding category. Preference points for applicants are calculated based on:
  - percentage of overcrowding for the school district where the project will be located
  - percentage of low income pupils in the school district where the project will be located, any public school within the Charter School General Location, or in the existing charter school
  - whether or not the charter school is a non-profit entity, and
  - whether or not the charter school is rehabilitating district owned existing facilities

  Once the preference points have been established, the application with the highest number of points will be funded in each of the categories for regions of the State; urban, rural or suburban area type; size of the charter school; and grade levels served by the project. On the Attachment to this item, the applications are shown in rank order and the shaded projects are those that are recommended for funding.

- All funds approved as a Preliminary Charter School Apportionment in this action shall be transferred to the Restricted Charter School Fund within the appropriate Charter School Facility Account for the purpose of making final apportionments to the individual projects when the charter school or school district files a conversion application.

- Any applications the SAB is unable to provide a Preliminary Charter School Apportionment for will be returned to the Charter School applicant as there is no provision in law to establish an unfunded list for the remaining projects. The Board may consider opening additional filing periods once a sufficient amount of funds are available in the Unrestricted Charter School Fund.

The successful applicants will have four years (with a possible one-year extension) to convert the project to a Final Charter School Apportionment. Any preliminary charter school apportionments not converted within the specified time period will be rescinded and the funding reserved for the project will be placed back in the Unrestricted Charter School Fund.

RECOMMENDATIONS

1. Approve preliminary apportionments for the projects shown on the Attachment in the amount of $462,590,124.
2. Authorize the OPSC to set aside $12.5 million in funding for CSFA administrative costs.
3. Authorize the transfer of $462,590,124 to the Restricted Charter School Fund within the 2006 Charter School Facility Account.
4. Authorize the transfer of $24,909,876 to the Unrestricted Charter School Fund within the 2006 Charter School Facility Account.
5. Provide that the charter schools receiving a Preliminary Apportionment convert the project to a Final Apportionment within four years or as provided in Regulation Section 1859.166.1.

BOARD ACTION

In considering this item, the State Allocation Board approved staff's recommendations. In addition, the Board requested staff to monitor the seven charter school projects for which the applicant reduced the project costs in order to be financially sound.

AUTHORITY

- Education Code Section 17078.56 states the following:

  (a) The board, in consultation with the authority, shall approve projects pursuant to this article as otherwise set forth in this chapter, and shall make preliminary apportionments only to financially sound applicants in accordance with all of the following criteria:
  (1) The board shall seek to ensure that, when considered as a whole, the applications approved pursuant to this article are fairly representative of the various geographical regions of the state.
  (2) The board shall seek to ensure that, when considered as a whole, the applications approved pursuant to this article are fairly representative of urban, rural, and suburban regions of the state.
  (3) The board shall seek to ensure that, when considered as a whole, the applications approved pursuant to this article are fairly representative of large, medium, and small charter schools throughout the state.
  (4) The board shall seek to ensure that, when considered as a whole, the applications approved pursuant to this article are fairly representative of the various grade levels of pupils served by charter school applicants throughout the state.

  (b) While ensuring that the requirements of subdivision (a) are met when considering all approved projects under this article as a whole, the board shall, within each factor of the criteria set forth in subdivision (a), give a preference to charter schools in overcrowded school districts, charter schools in low-income areas, charter schools operated by not-for-profit entities, and charter schools that utilize existing school district facilities.

- School Facility Program (SFP) Regulation Section 1859.2 *Definitions* states in part:

  "..."Low-income" shall be the percentage of pupils deemed eligible for free/reduced lunch as identified in the most recent Free and Reduced Price Meals data on file at the CDE. The data on file with CDE shall be determined to be the information collected for the month of October, and any errors and omissions amendments to that information for that time period that have been received and approved by the CDE..."

  "..."Charter School General Location" shall mean a minimum of a one mile radius to a maximum of a three mile radius from the present or proposed location of the Charter School project as identified in the chartering agreement..."

- SFP Regulation Section 1859.164.1 *Calculation of Preference Points* states in part:

  "Preference points will be calculated for all Preliminary Charter School Applications. An application shall receive preference points based on the total of (a), (b), (c) and (d), up to a maximum of 160 points, as follows:

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, January 28, 2009

SCHOOL DISTRICT DATA	
School District: SAN BERNARDINO CITY UNIFIED	County: SAN BERNARDINO
Application Number: 56/67876-00-003	School Name: MIDDLE COLLEGE HIGH
Total District Enrollment: 56,727	Project Grade Level: 9-12
District Baseline Eligibility: K-6, -2,416; 7-8, -1,872; 9-12, -1,723; Non Severe, 358; Severe, 148	
Financial Hardship: YES	

PURPOSE OF REPORT

To present the District's request to process an Overcrowding Relief Grant (ORG) funding application for a project that previously received New Construction site and design funds under the School Facility Program (SFP).

SUMMARY

The District is seeking to combine two mutually exclusive funding sources, New Construction SFP and ORG toward the same scope of work. This would result in a duplication of State funding as the per-pupil grant under both programs have design costs embedded. New Construction SFP is authorized by the voters to add new school capacity to house unhoused children. The ORG program is authorized by the voters to replace existing portable classrooms with permanent classrooms and it is specifically prohibited from adding new capacity. Granting the District's request would violate the voter authorized purposes of these programs. The District was presented with options that would allow it to proceed while maintaining program integrity; however, the District did not accept any of the options, and its ORG application was returned. The District subsequently submitted an appeal to pursue ORG funding of the Middle College High School project.

BACKGROUND AND DISCUSSION

In October 2007, the District submitted to the Office of Public School Construction (OPSC) a New Construction SFP application for site acquisition and design funds for Middle College High School. The application was approved at the April 2008 State Allocation Board (SAB) meeting. At that time, OPSC Staff advised the SAB and the District that it would be unlikely to have sufficient New Construction SFP eligibility to complete the project due to declining enrollment. The site and design funds were released to the District in the amount of $15,341,826 and the District proceeded with drafting plans and specifications, purchasing parcels of land, and allocating relocation funds to eligible property owners.

In July 2008, the District submitted an ORG funding application for the same project. In the ORG program, New Construction eligibility is not required; rather, districts must remove portable classrooms from overcrowded sites and replace them with permanent classrooms at the existing or other school sites. The District stated that the project would replace 17 portable classrooms from three overcrowded sites in the District.

The OPSC was unable to grant the District's request for several reasons:

- The New Construction SFP requires eligibility as generated by a projected need to house unhoused pupils, and site and design funds were apportioned for a New Construction SFP growth project to increase the pupil capacity of the District. The ORG program, on the other hand, replaces portable classrooms on overcrowded sites with permanent classrooms to relieve overcrowding. The ORG program does not require New Construction eligibility and, in fact, ORG projects are prohibited from increasing the pupil capacity of a district. The purpose of the New Construction SFP directly conflicts with the purpose of the ORG and, fundamentally, it would be inappropriate to allow an ORG classroom replacement project to be funded with monies that were originally allocated for increasing pupil capacity under New Construction SFP.

(Continued on Page Two)

SPECIAL
000077

BACKGROUND AND DISCUSSION (cont.)

- ORG apportionments come from a different funding source than apportionments for New Construction SFP. The two funding sources are mutually exclusive, and it would be inappropriate to commingle funds from two distinct programs with two different funding sources for the same scope of work.
- Design costs are embedded in the ORG per-pupil grant amounts, yet the District has already received funding for design costs under New Construction SFP for the same project. Approving ORG funding for the District's project without first recovering the New Construction SFP site and design funds already apportioned would result in double-funding.

The District suggested that it could avoid double-funding by receiving a reduced ORG apportionment to offset the site and design funds it has already received; however, the SAB's legal counsel opined that there is no authority under the law or SFP regulations to allow commingling funds between the New Construction SFP and ORG programs in the manner requested. Therefore, the OPSC sent a letter to the District outlining the following three options that would enable the District to proceed without violating the voters' authorization:

- Rescind the New Construction SFP site and design apportionment and submit a new application for funding under the ORG program, or
- Reduce the New Construction SFP site and design apportionment to costs incurred and submit a new application for funding under the ORG program, or
- Continue to pursue funding for the project under the New Construction SFP.

The District responded with a letter containing an opposing legal opinion stating that there is no law that expressly prohibits a school district from applying for and receiving SFP New Construction funding and ORG funding for the same construction work. The District raised concerns that because it would be unable to apply for its ORG project until the New Construction SFP project was closed out, the process time to close out a project would delay construction funds from being apportioned. In addition, the District had already made deposits, was in or closed escrow, and signed purchase agreements on all 23 parcels of land, and eviction notices had been served and relocation was in progress. If the District were to apply for funding under the ORG program, updated appraisals would be required. The site acquisition allowance is limited to the lesser of either the appraised value or the actual purchase price of the site and, because purchase agreements had been signed and all parcels were either in escrow or had closed escrow, this could result in a loss of funds to the District if the parcels were to be appraised at a lower value than the original appraisals and/or the actual purchase prices.

Because the District did not accept any of the options provided by the OPSC, had not closed out the SFP application for an identical project, and had not returned unused moneys from the SFP grant, the application for ORG funding was returned and the District submitted an appeal of denial of the ORG application.

AUTHORITY

Education Code (EC) Section 17072.35 states "A grant for new construction may be used for any and all costs necessary to adequately house new pupils..."

EC Section 17079.20 (a) states "The board shall require that applications for funding pursuant to this article be used for an equivalent number of permanent classrooms to replace the portable classrooms upon which the determination of the number of eligible pupils is based."

SPECIAL
000078

(Continued on Page Three)

AUTHORITY (cont.)

EC Section 17072.12(a) states "...the board may provide funding for assistance in site development and acquisition if all of the following are met:

(1) The amount of the site acquisition and development assistance does not exceed 50 percent of the cost of site development to the school district, plus the lesser of the following:

(A) 50 percent of the site cost to the school district.

(B) 50 percent of the appraised value of the site within six months of the time the complete application is submitted...".

SFP Regulation Section 1859.74 states "...the Board shall provide funding...for the lesser of one half of the actual cost of the site or one-half of the appraised value of the site acquired...".

SFP Regulation Section 1859.74(b) states "...The value determined by an appraisal made or updated no more than six months prior to application submittal to the OPSC for funding."

STAFF COMMENTS

The District's legal opinion is based on the premise that if law or regulations do not specifically prohibit a particular activity, then that activity is allowed. However, the SAB's Legal Counsel does not concur and has opined that the law and regulations must be interpreted to be consistent with both the SFP and the ORG Programs. To maintain program integrity, commingling funds from different sources that are intended for different purposes to fund the site and/or design, and construction associated with a single scope of work in the manner requested is not allowed. Similarly, it is unnecessary to specify that approving funding under two different programs for the same scope of work is prohibited, as duplicate funding is clearly not allowed.

RECOMMENDATION

Deny the District's request.

BOARD ACTION

The Board requested that this item be rescheduled for the February 2009 State Allocation Board meeting for further discussion.

SPECIAL

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, January 28, 2009

SCHOOL FACILITY PROGRAM
FINANCIAL CRISIS EMERGENCY REGULATIONS

PURPOSE OF REPORT

To present proposed emergency regulations in response to the State's financial crisis.

DESCRIPTION

On December 17, 2008, the Pooled Money Investment Board took action to temporarily halt disbursing cash from the State's Pooled Money Investment Account for capital projects, including public schools construction. This action places school districts that have received a preliminary apportionment, under Chapter 12.5 of the Education Code (EC) and approved by the State Allocation Board (SAB), in a difficult position to meet the required four year time limit for a preliminary apportionment to convert to a final apportionment. In addition, other time limits associated with the submittal of Division of the State Architect (DSA) and the California Department of Education (CDE) approved plans are impacted by the State's financial crisis.

AUTHORITY

EC Section 17070.35(a) states, "In addition to all other powers and duties as are granted to the board by this chapter, other statutes, or the California Constitution, the board shall do all of the following:

(1) Adopt rules and regulations, pursuant to the rulemaking provisions of the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, for the administration of this chapter. . . .

(2) Establish and publish any procedures and policies in connection with the administration of this chapter as it deems necessary. . . ."

Government Code Section 15503 states, "Whenever the board is required to make allocations or apportionments under this part, it shall prescribe rules and regulations for the administration of, and not inconsistent with, the act making the appropriation of funds to be allocated or apportioned. The board shall require the procedure, forms, and the submission of any information it may deem necessary or appropriate. Unless otherwise provided in the appropriation act, the board may require that applications for allocations or apportionments be submitted to it for approval."

STAFF COMMENTS

The Office of Public School Construction (OPSC) Staff has reviewed the programs it administers, on behalf of the SAB, to ensure that school districts can continue to meet statutory and regulatory requirements during this unprecedented fiscal crisis. In order to provide relief to school districts, Staff is proposing the attached emergency regulatory amendments and new sections for adoption (see Attachment A).

Amend Regulation Section 1859.2

Definitions have been added for "Inactive Preliminary Apportionment" and "Inactive Preliminary Charter School Apportionment" to allow for districts who are participating in the Critically Overcrowded Schools (COS) and Charter School Facilities programs to maintain their current project timeline status. Without these regulations, districts may not be able to meet the statutory timelines required for conversion to a Final Apportionment or Final Charter School Apportionment.

(Continued on Page Two)

SPECIAL
000080

STAFF COMMENTS (cont.)

Amend Regulation Section 1859.121

Current regulations state that Joint-Use projects must be approved at the July session of each year. The proposed addition would provide that the Board would still be presented, but would only approve the Joint-Use applications should the authority to apportion funds exist at that time.

Amend Regulation Section 1859.129

Current regulations state that Type II Joint-Use projects that are not part of a qualifying School Facility Program (SFP) Modernization project must submit the DSA and CDE approved plans and specifications to the OPSC within one year of the apportionment. Proposed regulations would allow the Board, once a determination that the project qualifies as an Inactive Apportionment has been made, to suspend the twelve month requirement to submit the DSA and CDE's approved plans and specifications for a period not to exceed 12 months.

Adopt Regulation Section 1859.148.2

This section creates the method in which a district's COS project timeline would be extended in response to this fiscal crisis. Districts would be able to continue their projects once the crisis has passed with all the remaining time they had on December 17, 2008 when the crisis began. For example, districts would not be required to proceed with their projects during a time when the Board could not provide the earlier stages of funding, such as a separate site apportionment for environmental hardship.

Amend Regulation Section 1859.164.2

Current regulations provide that once a district submits the *Fund Release Authorization* (Form SAB 50-05), the OPSC will release the funds. The proposed revised regulations would provide a clause defining this release as subject to availability of those funds.

Adopt Regulation Section 1859.166.2

This section creates the method in which a district's charter school project timeline would be extended in response to this fiscal crisis. Districts would be able to continue their projects once the crisis has passed with all the remaining time they had on December 17, 2008 when the crisis began. For instance, districts would not be forced to proceed with their projects during a time when the Board could not provide the earlier stages of funding, such as separate advance release of funds for design or site acquisition.

Amend Regulation Section 1859.197

Current regulations provide that the OPSC will release funds for approved Career Technical Educational Facilities projects that include loans for the district's matching share within 30 days of the apportionment. The proposed revised regulations provide a clause defining this release as subject to availability of those funds. In addition, current regulations provide a 12-month period to applicants to submit the necessary approvals from the CDE and DSA for projects apportioned as a reservation of funds. The proposed regulations provide for an extension not to exceed 12 months to this time limit.

SPECIAL
000081

RECOMMENDATIONS

1. Adopt the proposed regulations as shown on the Attachment and begin the regulatory process.

2. Authorize the OPSC to file these regulations with the Office of Administrative Law on an emergency basis.

BOARD ACTION

In considering this item, the Board approved the staff's recommendations. In addition, the proposed language relating to the SFP Joint-Use Program [Regulation Section 1859.129(b)(1)(A)] and the Career Technical Education Facilities Program [Regulation Section 1859.197(e)] was deferred to the February 2009 SAB meeting. Further, the Board requested that the financial hardship issues be reviewed and returned to a future SAB meeting for discussion.

ATTACHMENT A
PROPOSED AMENDMENTS TO THE
SCHOOL FACILITY PROGRAM REGULATIONS
State Allocation Board Meeting, January 28, 2009

Amend Regulation Section 1859.2. as follows:

Section 1859.2. Definitions.

. . . .

"In Escrow, Non-Governmental Entities" means the deposit of signed instrument(s) and/or funds with instructions with a title company or escrow agent to carry out the provisions of an agreement or contract to acquire a specified school parcel or site for a determinable sum, and for a determinable date of acquisition which may be based on the district's receipt of funding from the State.

"Inactive Preliminary Apportionment" means an apportionment for a project, based on a finding by the SAB, that meets all of the following criteria: 1) received a Preliminary Apportionment prior to December 17, 2008; 2) A complete request to convert a Preliminary Apportionment to a Final Apportionment has not been made; 3) the time limit under Education Code Section 17078.25(a) or (b) will expire on or after December 17, 2008.

"Inactive Preliminary Charter School Apportionment" means an apportionment for a project, based on a finding by the SAB, that meets all of the following criteria: 1) received a Preliminary Charter School Apportionment prior to December 17, 2008; 2) A complete request to convert a Preliminary Charter School Apportionment to a Final Charter School Apportionment has not been made; 3) the time limit under Education Code Sections 17078.25(a) or (b) and 17078.52(c)(3) will expire on or after December 17, 2008.

Amend Regulation Section 1859.121. as follows:

Section 1859.121. Joint-Use Project Application Submittals and Apportionments.

The Board shall accept Approved Applications for Joint-Use Funding on a yearly basis as follows:

(a) For any funding made available for this purpose by May 31, 2003, applications will be accepted from November 5, 2002 through May 31, 2003. The Board will apportion the funding made available by May 31, 2003 at the July 2003 Board meeting.

(b) For any additional funding that is made available for this purpose from June 1, 2003 through May 31, 2008, the Board will accept applications from June 1 of the prior calendar year through May 31 of the current calendar year for any funding made available for this purpose by May 31 of each year. The Board will apportion the funding made available by May 31 of each year at the following July Board meeting based on the SFP regulations in effect at that time.

(c) For any funding that is made available for this purpose the Board will accept applications for the 2008/2009 funding cycle from June 1, 2008 through March 1, 2009. For the 2009/2010 funding cycle and for all future funding cycles, the Board will accept applications from March 2 of the prior calendar year through March 1 of the current calendar year. Subject to the availability of financing provided by the Pooled Money Investment Board for bond-funded projects, ~~T~~the Board will apportion the funding made available based on the SFP regulations in effect at that time.

SPECIAL
000083

Amend Regulation Section 1859.129. as follows:

Section 1859.129. Time Limit on Apportionment.

(a) If the district received an apportionment for a Type I Joint-Use Project or a Type II, part of a qualifying SFP Modernization project, Joint-Use Project, the district is subject to the time limit on the apportionment as outlined in Education Code Section 17076.10.
(b) If the district received an apportionment for a Type II Joint-Use Project, not part of a qualifying SFP Modernization project, the district:
(1) Has one year from the date of that apportionment to submit the plans and specifications to the OPSC for the Joint-Use Project that have been approved by the DSA and the CDE (plans only), otherwise the apportionment will be rescinded without further Board action. If, upon review by the OPSC, the final Division of the State Architect approved plans create a reduction in square footage that is greater than or equal to five percent of the square footage contained in the preliminary plans, a commensurate reduction to the apportionment pursuant to Section 1859.125 shall be taken to the next available State Allocation Board meeting.
(A) In the event the Board determines there is a fiscal emergency or crisis on the part of the State of California, the Board can make a finding that a project has an Inactive Apportionment, as defined in Regulation Section 1859.2, and that the District's ability to receive plans and specifications approval from the DSA and/or CDE (plans only) has been impacted, and therefore is no longer able to meet the approval requirement in Education Code Section 17077.45(c). In the event the Board makes that determination and finding, the Board may suspend the twelve month period as of December 17, 2008 for a period not to exceed 12 months. Once the suspension period has concluded, each project will resume where its originating period of time was suspended, as of December 17, 2008. Regulation Section 1859.129(b)(1)(A) shall become inoperative January 1, 2010.
(2) Has 18 months from the date the DSA and CDE approved plans were submitted to the OPSC to submit a completed Form SAB 50-05 or the apportionment will be rescinded without further Board action.
(3) Is subject to substantial progress time limit on the apportionment as outlined in Subdivision (b) of Education Code Section 17076.10.

Note: Authority cited: Sections 17070.35 and 17075.15, Education Code.

Reference: Sections 17076.10, 17077.40, 17077.42 and 17077.45, Education Code.

Adopt Regulation Section 1859.148.2. as follows:

Section 1859.148.2. Inactive Preliminary Apportionments Under a State of California Fiscal Crisis

In the event the Board determines there is a fiscal emergency or crisis on the part of the State of California, the Board can make a finding that a project has an Inactive Preliminary Apportionment, as defined in Regulation Section 1859.2, that no longer meets the meaning of Preliminary Apportionment as defined in Education Code Section 17078.10(c), and that the four-year period with a possible one time one-year extension requirement set forth in Education Code Section 17078.25(a) and (b) is therefore suspended as of December 17, 2008 and until such time as the Board finds that State bond funds are available for the project, the balance of four-year period with a possible one time one-year extension period which existed on December 17, 2008 shall resume. Once the Board finds that State bond funds are available for the project, the four-year period with a possible one time one-year extension requirement set forth in Education Code Section 17078.25(a) and (b) shall resume but in no case shall that period of time exceed a total of four-year period with a possible one time one-year extension while the subject project has a Preliminary Apportionment. Each project will resume where its originating period of time was suspended, as of December 17, 2008.

This regulation section shall become inoperative January 1, 2010.

Note: Authority cited: Sections 17070.35 and 17075.15, Education Code.

Reference: Section 17078.25, Education Code.

SPECIAL
000084

Amend Regulation Section 1859.164.2. as follows:

Section 1859.164.2. Preliminary Charter School Apportionment Fund Release.

A Charter School receiving a Preliminary Charter School Apportionment from the Board after July 2, 2003 may request an advance release of funds for either of the following:

(a) A separate advance release of funds for design equal to 20 percent of the amount determined in Section 1859.163.1(a)(1) through (9) or Section 1859.163.5(a) through (g).
(b) A separate advance release of funds for site acquisition once the requirements in Section 1859.81.1(a)(2) and (3) are met for an amount not to exceed the Preliminary Charter School Apportionment for site acquisition. The Board shall release to the Charter School an amount up to the Preliminary Charter School Apportionment determined in Section 1859.163.1(b).

Qualified Charter Schools may request a separate advance release of funds for the design and for the site acquisition for the same project. A Charter School seeking an advance release of funds pursuant to (a) and/or (b) must have been deemed and maintained financial soundness status from the Authority. Subject to the availability of financing provided by the Pooled Money Investment Board for bond-funded projects, ~~T~~the OPSC will release State funds included in a Preliminary Charter School Apportionment pursuant to (a) or (b) to the Charter School after submittal of the Form SAB 50-05. The OPSC shall not release funds in excess of the Preliminary Charter School Apportionment. State funds released from a Preliminary Charter School Apportionment pursuant to this Section shall be subject to the provisions in Section 1859.166. Once the Preliminary Charter School Apportionment is converted to a Final Charter School Apportionment pursuant to Section 1859.167, the Charter School may request a release of the remaining funds as prescribed in Section 1859.90. Prior to the release of any funds, the Charter School Agreements must be executed.

Note: Authority cited: Sections 17070.35 and 17078.64, Education Code.

Reference: Sections 17078.53 and 17078.58, Education Code.

Adopt Regulation Section 1859.166.2. as follows:

Section 1859.166.2. Inactive Preliminary Charter School Apportionments Under a State of California Fiscal Crisis

In the event the Board determines there is a fiscal emergency or crisis on the part of the State of California, the Board can make a finding that a project has an Inactive Preliminary Charter School Apportionment, as defined in Regulation Section 1859.2, that no longer meets the meaning of Preliminary Charter School Apportionment as defined in Education Code Section 17078.52(c)(3), and that the four-year period with a possible one time one-year extension requirement set forth in Education Code Section 17078.25(a) and (b) is therefore suspended as of December 17, 2008 and until such time as the Board finds that State bond funds are available for the project, the balance of four-year period with a possible one time one-year extension period which existed on December 17, 2008 shall resume. Once the Board finds that State bond funds are available for the project, the four-year period with a possible one time one-year extension requirement set forth in Education Code Section 17078.25(a) and (b) shall resume but in no case shall that period of time exceed a total of four-year period with a possible one time one-year extension while the subject project has a Preliminary Charter School Apportionment. Each project will resume where its originating period of time was suspended, as of December 17, 2008.

This regulation section shall become inoperative January 1, 2010.

Note: Authority cited: Sections 17070.35 and 17078.64, Education Code.

Reference: Section 17078.52 and 17078.53, Education Code.

Amend Regulation Section 1859.197. as follows:

Section 1859.197. Fund Release Process.

The OPSC will release State funds that have been apportioned by the Board pursuant to Sections 1859.195 and 1859.196 after submittal by the applicant of the Form SAB 50-05.

(a) If an apportionment was made for a Career Technical Education Facilities Project, the applicant must submit a Form SAB 50-05 within 18 months of the Apportionment as outlined in Education Code Section 17076.10 or the apportionment shall be rescinded without further Board action.
(b) If Career Technical Education Facilities funds were reserved for the applicant pursuant to Section 1859.193(d) of these Regulations, the applicant:
(1) Has one year from the date of apportionment to submit the CDE plan approval and DSA-approved plans and specifications, as required, to the OPSC for the Career Technical Education Facilities Project, otherwise the apportionment shall be rescinded without further Board action.
(2) Has 18 months from the date the CDE plan approval and DSA-approved plans and specifications, as needed, are submitted to the OPSC to submit a completed Form SAB 50-05 or the apportionment shall be rescinded without further Board action.
(c) If the applicant requires a loan for the entire matching share requirement pursuant to Section 1859.194(b) of these Regulations:
(1) Subject to the availability of financing provided by the Pooled Money Investment Board for bond-funded projects, ~~T~~the OPSC will release ten percent of the Career Technical Education Facilities grant to the applicant within 30 calendar days of the apportionment.
(2) The applicant has one year from the date of apportionment to submit the CDE plan approval and DSA-approved plans and specifications, as required, to the OPSC for the Career Technical Education Facilities Project, otherwise the apportionment shall be rescinded without further Board action
(3) The applicant has 18 months from the date in (c)(2) to submit a completed Form SAB 50-05 or the apportionment shall be rescinded without further Board action.
(d) The applicant is subject to substantial progress time limit on the apportionment as outlined in Education Code Section 17076.10(b).
(e) In the event the Board determines there is a fiscal emergency or crisis on the part of the State of California, the Board may grant an extension not to exceed 12 months to the time limit prescribed in (b)(1) and (c)(2) above and Section 1859.193(d). Regulation Section 1859.197(e) shall become inoperative January 1, 2010.

Note: Authority cited: Sections 17070.35 and 17078.72(k), Education Code.

REPORT OF THE OFFICE OF THE STATE TREASURER
State Allocation Board Meeting, January 28, 2009

REPORT ON THE STATE OF CALIFORNIA'S ACCESS TO THE BOND MARKET

PURPOSE OF REPORT

To provide a report from the Office of the State Treasurer on the State of California's access to the bond market which has been impacted by the State's current financial crisis.

BACKGROUND

At the State Allocation Board's (SAB) special meeting on January 14, 2009, the SAB requested Staff contact the State Treasurer's Office to request a report be presented at the next meeting scheduled on January 28, 2009. This report is intended to give insight into the economic crisis the State is facing and the probability of being able to sell bonds in the future.

Mr. Paul Rosenstiel, Deputy Treasurer, representing the State Treasurer's Office (STO), provided a report on the STO's latest efforts to sell State bonds.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, January 28, 2009

FINANCIAL CRISIS IMPACTS TO SCHOOL FACILITY PROGRAM PROJECTS

PURPOSE OF REPORT

To present the status of previously apportioned School Facility Program (SFP) projects that have not had funds released as a result of the State's financial crisis.

BACKGROUND

On December 17, 2008, the Pooled Money Investment Board (PMIB) took action to temporarily halt disbursing funds from the State's Pooled Money Investment Account for capital projects, including the construction of public schools. Therefore, the Office of Public School Construction (OPSC) is now restricted from releasing funds for projects that have been previously apportioned by the State Allocation Board (SAB).

At the January 14, 2009 SAB meeting, the OPSC was asked by the SAB to seek additional information concerning the 866 apportioned SFP projects which have been impacted by the PMIB's action. The projects account for approximately $2.4 billion in unreleased funds, including approximately $440 million for 88 financial hardship projects. Since the SAB meeting, the OPSC Staff made efforts to contact 250 entities made up of 232 school districts, 10 county offices of education, and eight regional occupational programs to obtain project specific information. The attachments contain self-reported data and lack responses from some school districts.

DESCRIPTION

Attachment A represents a summary of the project information the OPSC Staff was able to obtain and Attachment B represents a detailed listing of the project information.

RECOMMENDATION

Accept this report.

The Board accepted the report as presented.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, January 28, 2009

SCHOOL FACILITY PROGRAM UNFUNDED APPROVALS

PURPOSE OF REPORT

To discuss making unfunded project approvals.

SUMMARY

In the past when the State Allocation Board (SAB) exhausted its bond authority, it established unfunded approval lists. Although receiving an unfunded approval did not constitute a guarantee of funding, the list established the need for State funding for school construction and modernization. Additionally, when projects received unfunded approvals, bond negotiations were in process - providing a level of confidence to school districts that State funds would be available subject to voter approval. In these times, the State's financial house was in order, the bond market was healthy and accommodating, and the Board did not have outstanding apportionments that it could not fund. None of those conditions exist today.

Currently, the State is experiencing a financial crisis that is unprecedented and unlikely a short-term problem. In this uncertainty, the SAB may need to preserve some flexibility to address the changing and fluid financial environment.

BACKGROUND

The State of California is currently in a fiscal crisis with a two-year projected deficit exceeding $40 billion. Simultaneously, the worldwide financial markets are in turmoil. As a result of these two circumstances, the State Treasurer has announced that the bond market is closed to the State of California and that the State cannot sell any bonds.

On December 17, 2008, the Pooled Money Investment Board (PMIB) took action to halt disbursing cash from the State's Pooled Money Investment Account (PMIA) for capital projects, including the construction of public schools. This action was taken to preserve cash for State obligations.

On December 18, 2008, the Department of Finance issued Budget Letter #33 (Attachment A) to provide direction to State agencies as a result of the PMIB action. This letter, in part, states:

> "Effective immediately, all state entities that have expenditure control and oversight of General Obligation and lease revenue bond programs shall cease authorizing any new grants or obligations for bond projects, including new phases for existing projects."

DESCRIPTION

The Office of Public School Construction (OPSC) uses loans from the PMIA to release funds for SAB approved projects. These loans from the PMIA are repaid when the State sells bonds. Under Budget Letter #33 noted above, the OPSC is unable to release funds for approved school construction projects until further notice.

Historically, the SAB has made unfunded approvals for projects when bond funds have been exhausted. The approvals occurred as recently as 2006 for modernization projects and in 2002 for new construction and modernization projects. A project that met the criteria for funding was placed on an unfunded list. In addition to these more recent unfunded actions, the SAB approved zero dollar apportionments for eligible projects under the Lease-Purchase Program when bond funds were exhausted. The zero dollar apportionments constituted a full approval and provided a level of confidence to local school boards contemplating interim financing of projects.

STAFF COMMENTS

Establishing an unfunded list at this current time may be risky for school districts as they may incur debt without a realistic timeline to be reimbursed. However, the creation of an unfunded list communicates to school districts that their projects meet all program requirements and that the projects are eligible for funding when funds become available. Further, it provides flexibility to school districts to enable them to obtain alternative financing should they choose to pursue their projects without State funding.

AUTHORITY

School Facility Program (SFP) Regulation Section 1859.95 cites: "The Board will also accept and process applications for apportionment for purposes of developing an Unfunded List based on the date the application is ready for Apportionment, with the exception of New Construction funding applications that utilize eligibility generated by the Alternative Enrollment Projection.

Applications for New Construction Adjusted Grants for a project where the site was apportioned pursuant to Section 1859.75.1 shall receive a date on the Unfunded List based on the date the environmental hardship site apportionment was made for the project.

With the exception of financial hardship eligibility, a district with an application included on an Unfunded List shall not be required to re-establish eligibility for that application prior to apportionment.

An application for funding included on an Unfunded List is eligible for reimbursement subject to adjustments in the New Construction Grants amount pursuant to Section 1859.77."

SFP Regulation Section 1859.2 states: "Ready for Apportionment means a final review of an Approved Application has been completed by the OPSC and it has been determined that it meets all requirements of law for an apportionment or eligibility determination, and the OPSC will recommend approval to the Board."

RECOMMENDATION

Accept this report.

BOARD ACTION

The Board accepted the report and requested that staff agendize this issue for vetting at the Implementation Committee meeting. Further, the Board requested that an action item be presented at the February 2009 SAB meeting and present recommendations on the $2.4 billion in unfunded apportionments approved by the Board.

In addition, the Board requested that staff find out when the next PMIB meeting will be held and notify all the SAB members and post the notification on the OPSC Web site so that other interested parties are aware.

BUDGET LETTER

SUBJECT: INTERIM LOANS FOR GENERAL OBLIGATION AND LEASE REVENUE BOND PROJECTS	**NUMBER:** 08-33
REFERENCES:	**DATE ISSUED:** December 18, 2009
	SUPERSEDES:

TO: Secretary of State
State Controller
State Treasurer
Superintendent of Public Instruction
Administrative Office of the Courts
Agency Secretaries
Office of the President, University of California
Chancellor's Office, California State University
Board of Governors, California Community Colleges
Department Directors
All GO Bond Financing Committees
California Institute for Regenerative Medicine
Departmental Budget Officers
Departmental Accounting Officers
Department of Finance Budget Staff

FROM: DEPARTMENT OF FINANCE

Budget Officers are requested to forward this Budget Letter (BL) to their Department Facilities, Construction, and Contract Managers.

The Pooled Money Investment Board (PMIB) voted yesterday to freeze all disbursements from AB 55 loans (Pooled Money Investment Account (PMIA) loans) with the exception of accrued interest and necessary administrative costs. The PMIB took this action to preserve necessary cash resources to pay the day-to-day operational needs of the state for the balance of the fiscal year pending further PMIB action in January. If loan disbursements continue at the current pace, the state's portion of the PMIA is projected to run out of liquid cash before the end of the current fiscal year (cash held in the Local Agency Investment Fund will remain). No future loans or higher amount of loan renewals will be approved until the budget crisis is resolved in a manner sufficient to allow the state to resume issuing bonds.

AGENCY LIABILITY

Please be advised that any expenditure not in compliance with this BL could result in your department's or agency's operating budget being obligated to pay that expenditure.

PROJECT SUSPENSION AND FREEZES

Effective immediately, all state entities that have expenditure control and oversight of General Obligation and lease revenue bond programs shall:

1. Cease authorizing any new grants or obligations for bond projects, including new phases for existing projects.

2. Suspend all projects, excluding those for which Department of Finance (DOF) authorizes an exemption based on criteria described unless the contracting entity can continue with non-state funding sources (private, local, or federal funds).

SPECIAL
000113

3. Freeze all disbursements on AB 55 loans that were not authorized nor submitted to the Controller for payment prior to December 17, 2008.

4. Instruct all grant or loan recipients not to enter into any new construction, other agreements or contracts that would be funded from AB 55 loans.

State entities are not permitted to substitute cash in special funds for previously approved AB 55 loans. Utilizing cash in other state special funds that are in the PMIA would not comply with the PMIB's actions taken yesterday.

EXEMPTIONS

Immediately report to your DOF Program Budget Manager any project, which if suspended, will subject the state to unacceptable legal liability, fines or penalties. Such projects will be reviewed on a case-by-case basis to determine if continued funding is appropriate or feasible.

In the next few days, additional project information and status will be required so that the PMIB may determine what additional expenditures will be authorized to comply with its direction that all future AB 55 disbursements not exceed $500 million through June 2009.

Additional information and direction will be forthcoming.
