GENERAL INFORMATION

Once the Board has determined or adjusted the district's eligibility for either new construction or modernization funding, the district may file an application for funding by use of this form. The Board will only provide new construction funding if this form is submitted prior to the date of occupancy of any classrooms included in the construction contract. If the district has a pending reorganization election that will result in the loss of eligibility for the proposed project, the district may not file an application for funding until the Board has adjusted the district's new construction baseline eligibility as required in Section 1859.51. This may be accomplished by completion of Form SAB 50-01, Form SAB 50-02 and Form SAB 50-03.

For purposes of Education Code Section 17073.25, the California Department of Education (CDE) is permitted to file modernization applications on behalf of the California Schools for the Deaf and Blind.

Requests for funding may be made as follows:

1. A separate apportionment for site acquisition for a new construction project for environmental hardship pursuant to Section 1859.75.1. For purposes of this apportionment, the following documents must be submitted with this form (as appropriate):
 - Form SAB 50-01, Form SAB 50-02 and Form SAB 50-03 (if not previously submitted).
 - Contingent site approval letter from the CDE.
 - Preliminary appraisal of property.

 2. A separate apportionment for site acquisition and/or design costs for a new construction project pursuant to Section 1859.81.1. This apportionment is available only to districts that meet the financial hardship criteria in Section 1859.81. Districts may apply for a separate apportionment for the design and for site acquisition on the same project. For purposes of this apportionment, the following documents must be submitted with this form (as appropriate):
 - Form SAB 50-01, Form SAB 50-02 and Form SAB 50-03 (if not previously submitted).
 - Contingent site approval letter from the CDE (site apportionment only).
 - Preliminary appraisal of property (site apportionment only).
 3. A separate apportionment for district-owned site acquisition cost pursuant to Section 1859.81.2. For purposes of this apportionment, the following documents must be submitted with this form (as appropriate);

 4. A separate apportionment for design cost for a modernization project pursuant to Section 1859.81.1. This apportionment is available only to districts that meet the financial hardship criteria in Section 1859.81. For purposes of this apportionment, the Form SAB 50-03 must accompany this form (if not previously submitted).
 5. A New Construction Adjusted Grant pursuant to Section 1859.70 or 1859.180. If the funding request includes site acquisition, the proposed site must either be owned by the district, in escrow, or the district has filed condemnation proceedings and received an order of possession of the site. For purposes of this apportionment, the following documents must be submitted with this form (as appropriate):

 - Cost estimate of proposed site development, if requesting site development funding.
 - If this request is pursuant to Section 1859.77.2 and the district's housing plan is other than those listed in the certification section of this form, a copy of the school board resolution and the approved housing plan.
 - If the site apportionment is requested pursuant to Regulation Section 1859.74.5, a cost benefit analysis as prescribed in Regulation Section 1859.74.6 or a copy of the Board finding that the non-school function on the district-owned site must be relocated.
 - If this is a request for funding under the Small High School Program, pursuant to Regulation Section 1859.93.2, the district must also provide a CDE Small High School academic reform strategy approval.

 6. For purposes of the Overcrowding Relief Grant (ORG), districts must submit the Overcrowding Relief Grant District-Wide Eligibility Determination (Form SAB 50-11) prior to the submittal of this funding application. In addition, districts must have had the CDE deem the site eligible for the ORG (pursuant to Section 1859.181) prior to the submittal of this application. For purposes of this apportionment, the following documents must be submitted with this form as well as the documents listed in section 5 above:

Prior to acceptance of an application for funding that includes a financial hardship request, the district must have its financial hardship status "pre-approved" by the Office of Public School Construction (OPSC). To apply for a financial hardship "pre-approval", consult the OPSC Web site at www.dgs.ca.gov/opsc.

If the district is requesting New Construction funding after the initial baseline eligibility was approved by the Board and the district's current CBEDS enrollment reporting year is later than the enrollment reporting year used to determine the district's baseline eligibility or adjusted eligibility, the district must complete a new Form SAB 50-01 based on the current year CBEDS enrollment data, and submit it to the OPSC with this form. In addition, if the district's request is fully or partially based on eligibility derived from an Alternative Enrollment Projection, the district must update the Alternative Enrollment Projection to correspond with the CBEDS enrollment data for the current year. A small district with 2,500 or less enrollment as defined in Section 1859.2 will not have its eligibility reduced for a period of three years from the date the district's baseline eligibility was approved by the Board as a result of reduction in projected enrollment.

For a list of the documents that must be submitted in order for the OPSC to deem a funding request for new construction or modernization complete and ready for OPSC processing, consult the SFP handbook and other information located on the OPSC Web site at www.dgs.ca.gov/opsc.

For purposes of completing this form for a Final Charter School Apportionment, a charter school shall be treated as a school district.

SPECIFIC INSTRUCTIONS

The district must assign a Project Tracking Number (PTN) to this project. The same PTN is used by the OPSC, the DSA and the CDE for all project applications submitted to those agencies to track a particular project through the entire state application review process. If the district has already assigned a PTN to this project by prior submittal of the P&S to either the DSA or the CDE for approval, use that PTN for this application submittal. If no PTN has been previously assigned for this project, a PTN may be obtained from the OPSC Web site at www.dgs.ca.gov/opsc "PT Number Generator."

1. Type of Application

Check the appropriate box that indicates the type of School Facility Program (SFP) grant the district is requesting for purposes of new construction, modernization, a separate design and/or site apportionment, site apportionment as an environmental hardship or New Construction (Final Apportionment). If the application is for the modernization of school facilities and includes facilities that are eligible for an additional apportionment pursuant to Section 1859.78.8, include a site diagram with this application that specifies the age of each facility eligible for modernization. The diagram should also indicate the date of its original DSA plan approval and the date the facility received its prior modernization apportionment. If known include the project modernization number on the diagram. If the application is for modernization of a California School for the Deaf or Blind, the CDE shall check the box identified as Modernization of California Schools for the Deaf/Blind. If the request is for a separate design apportionment, the CDE shall check the appropriate box. If the eligibility for this project was established as a result of the need for new

or replacement facilities pursuant to Section 1859.82 (a) and (b), seismic replacement or seismic rehabilitation for the Most Vulnerable Category 2 Buildings, or rehabilitation pursuant to Section 1859.83 (e), check the appropriate box(es).

If this request is for an Overcrowding Relief Grant, check the New Construction (Overcrowding Relief Grant) box.

If this request is to convert a Preliminary Apportionment or a Preliminary Charter School Apportionment to a Final Apportionment, check the New Construction Final Apportionment, New Construction Final Charter School Apportionment or the Rehabilitation Final Charter School Apportionment box, as appropriate.

If the district is requesting a separate site and/or design apportionment, complete boxes 2a, 3, 4, the site acquisition data in box 5 (d and e), and boxes 12, 13, 14, 15 and 23 only.

Include pupils to be housed in a new or replacement school authorized by Section 1859.82 (a). The amount entered cannot exceed the district's baseline eligibility determined on Form SAB 50-03 and will be the basis for the amount of the new construction or modernization grants provided for the project.

If this request is for a Final Apportionment, the pupils assigned to the project must be at least 75 percent, but not more than 100 percent, of the pupils that received the Preliminary Apportionment. Refer to Section 1859.147.

Potential Triggers for an SFP Project to be Added to Fiscal Workload List

Current Standard

SFP Projects are added to the Fiscal Workload when one of the following occurs first:

- Three years (for an elementary school) or 4 years (for a middle/high school) elapses from the date of the final fund release

OR

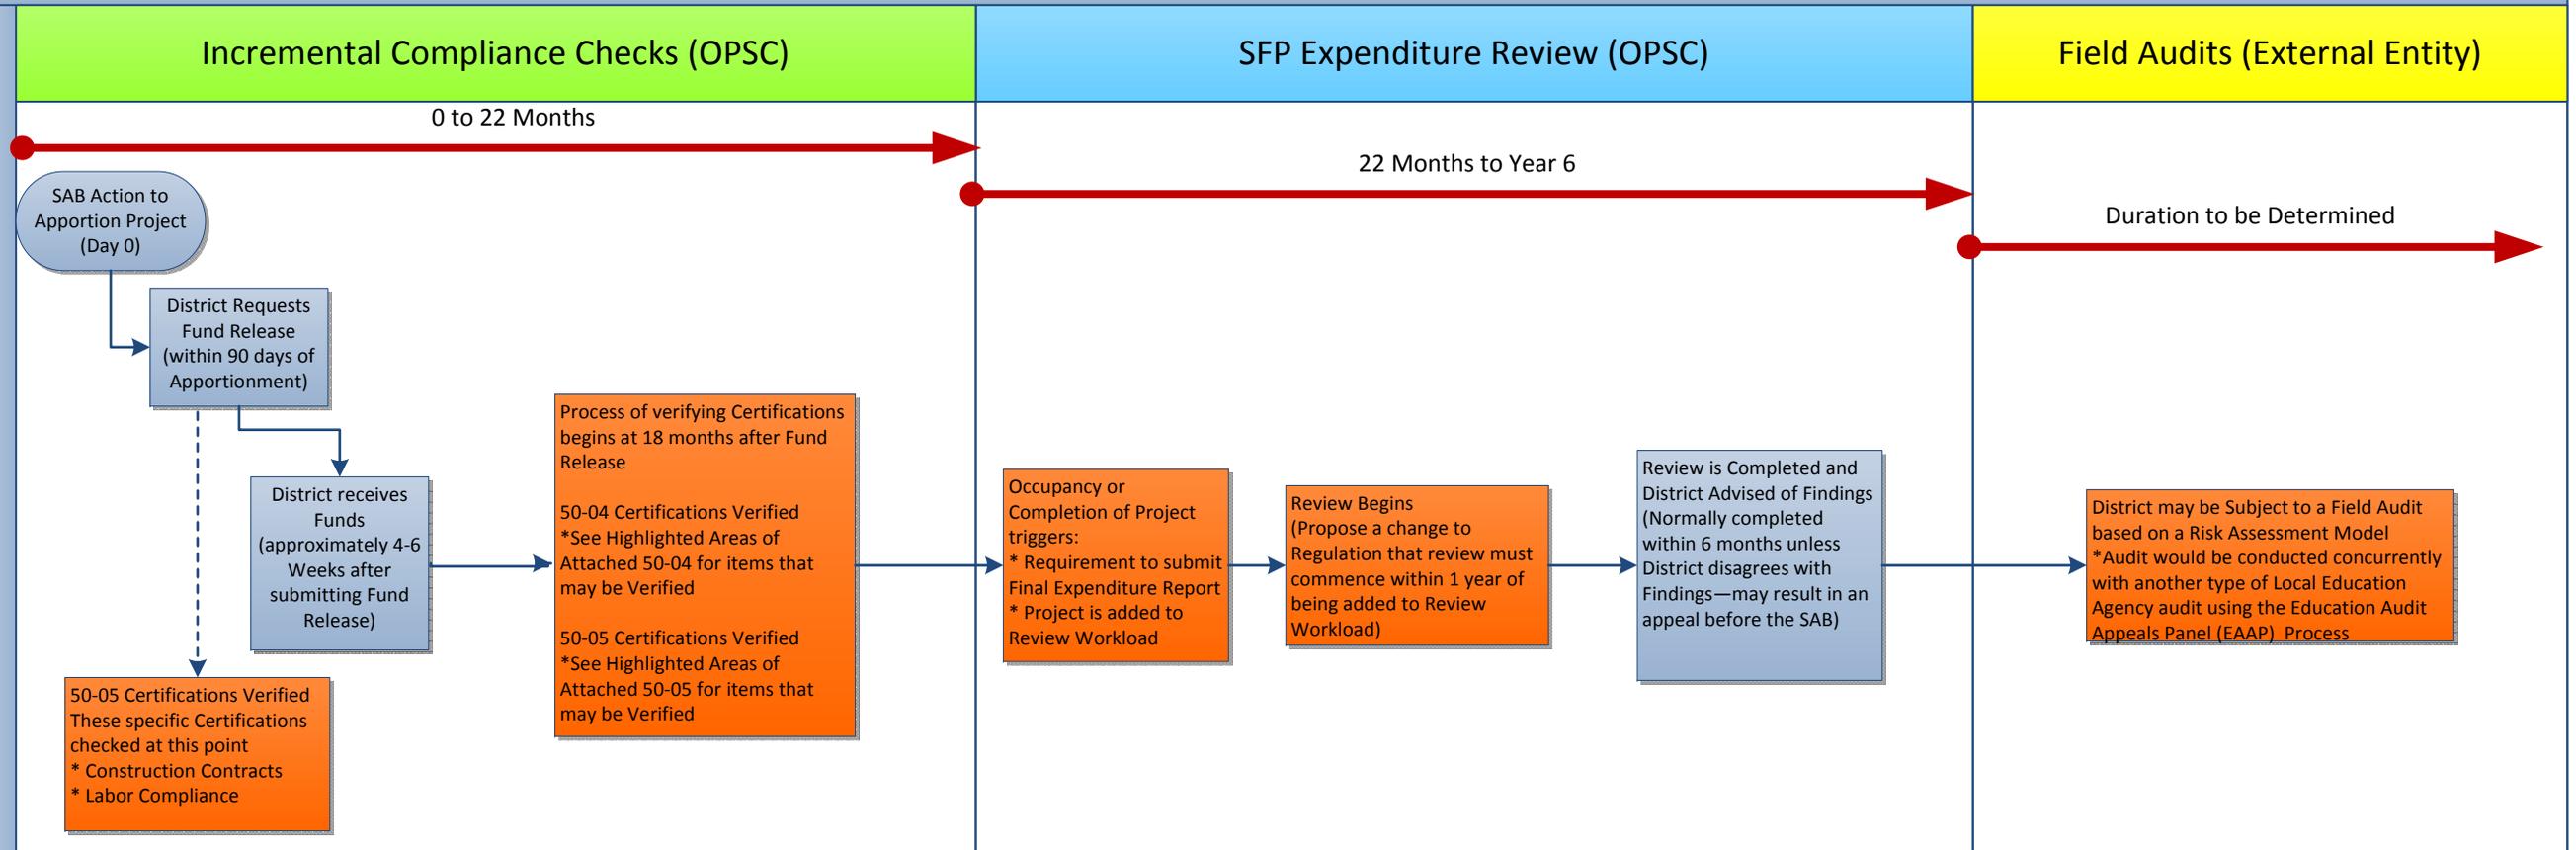

- The District/COE submits a 100% Expenditure Report

Once a project is placed on the Fiscal Workload List, the OPSC has 2 years from that date to initiate a review.

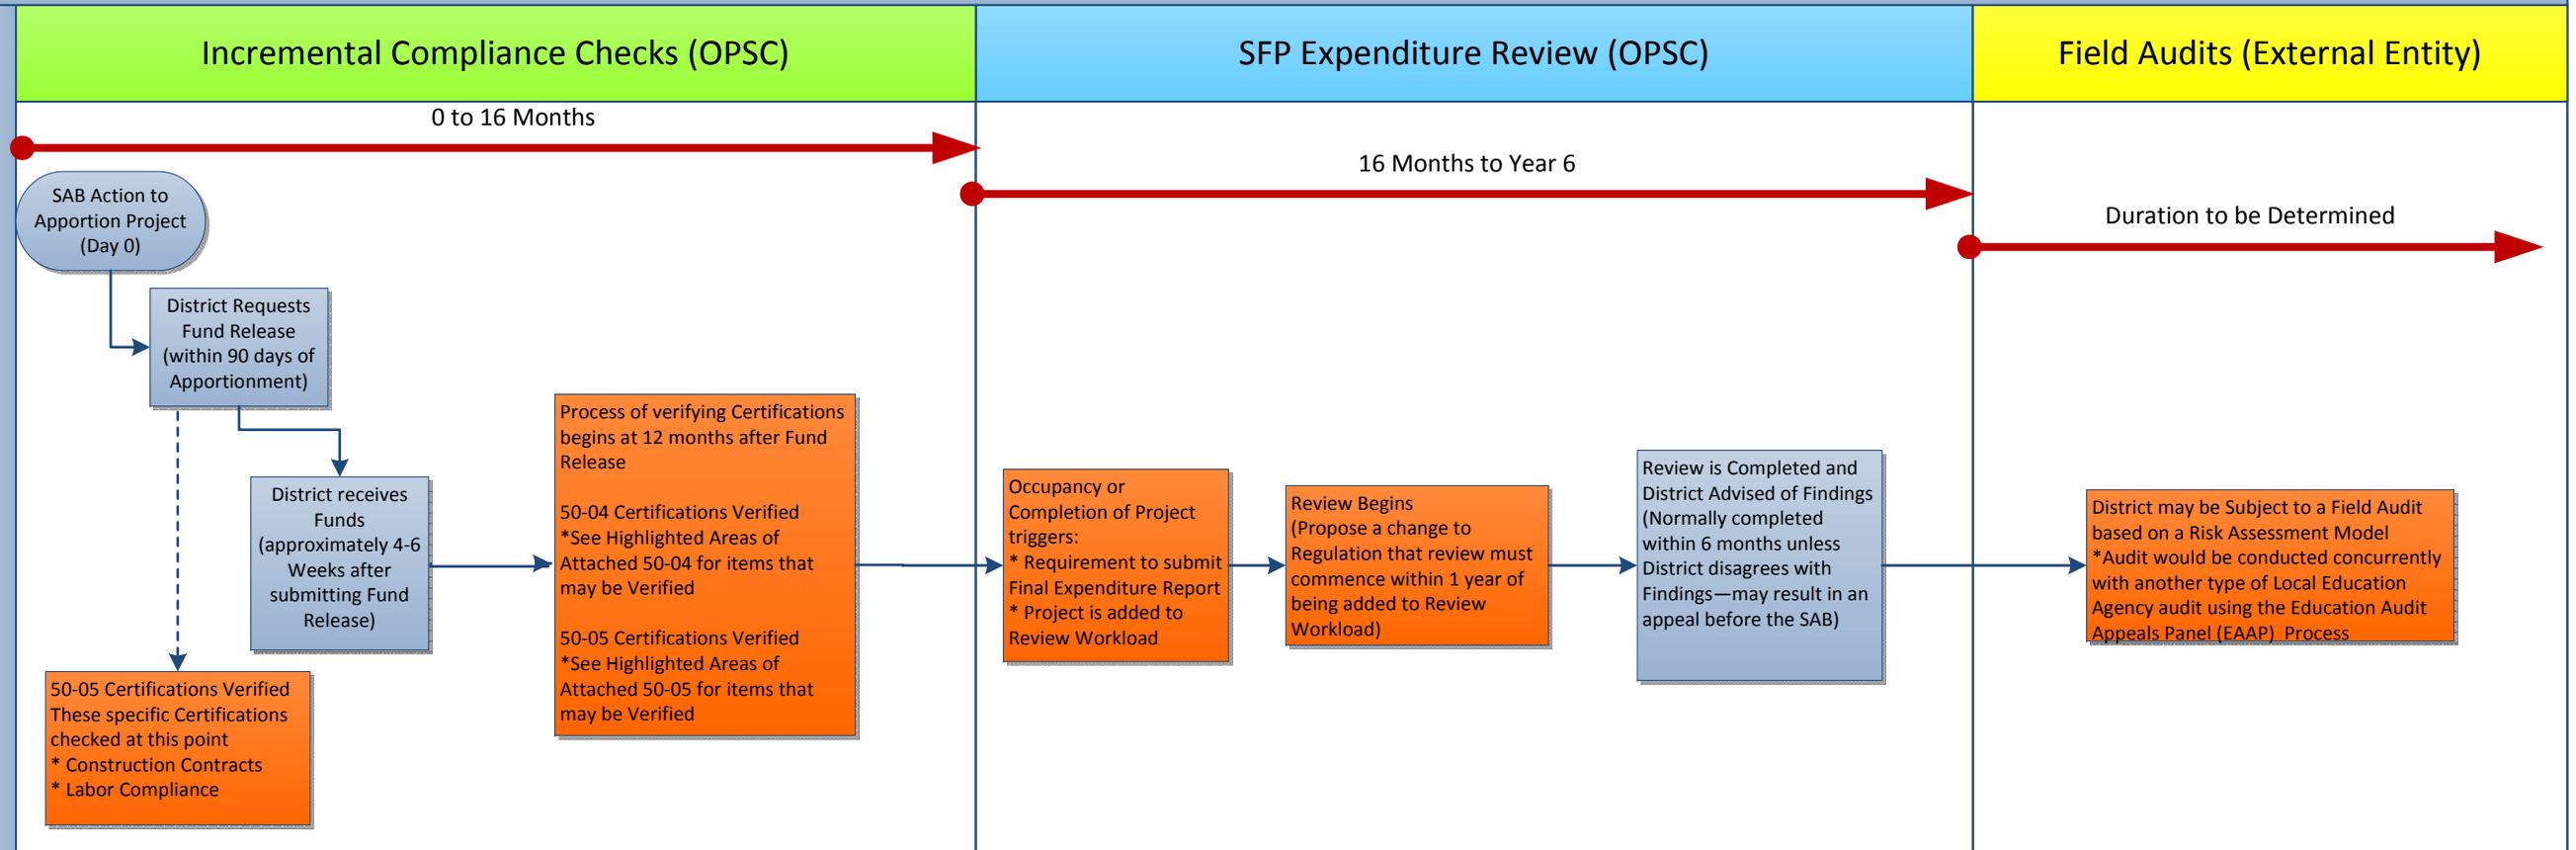

Other Trigger Option to Consider
