For purposes of completing this form for a Final Charter School Apportionment, a charter school shall be treated as a school district.

SPECIFIC INSTRUCTIONS

The district must assign a Project Tracking Number (PTN) to this project. If the district has already assigned a PTN to this project by prior submittal of the P&S to either the DSA or the CDE for approval, use that PTN for this application submittal. If no PTN has been previously assigned for this project, a PTN may be obtained from the OPSC Web site at www.dgs.ca.gov/opsc "PT Number Generator."

1. Type of Application

Check the appropriate box that indicates the type of School Facility Program (SFP) grant the district is requesting for purposes of new construction, modernization, a separate design and/or site apportionment, site apportionment as an environmental hardship or New Construction (Final Apportionment). If the application is for the modernization of school facilities and includes facilities that are eligible for an additional apportionment pursuant to Section 1859.78.8, include a site diagram with this application that specifies the age of each facility eligible for modernization. The diagram should also indicate the date of its original DSA plan approval and the date the facility received its prior modernization apportionment. If known include the project modernization number on the diagram. If the application is for modernization of a California School for the Deaf or Blind, the CDE shall check the box identified as Modernization of California Schools for the Deaf/Blind. If the request is for a separate design apportionment, the CDE shall check the appropriate box. If the eligibility for this project was established as a result of the need for new or replacement facilities pursuant to Section 1859.82 (a) and (b), seismic replacement or seismic rehabilitation for the Most Vulnerable Category 2 Buildings, or rehabilitation pursuant to Section 1859.83 (e), check the appropriate box(es).

If this request is for an addition to an existing site and advance funding for the evaluation and RA costs, check the appropriate box and refer to Section 1859.74.4.

If this request is for an Overcrowding Relief Grant, check the New Construction (Overcrowding Relief Grant) box.

If this request is to convert a Preliminary Apportionment or a Preliminary Charter School Apportionment to a Final Apportionment, check the New Construction Final Apportionment, New Construction Final Charter School Apportionment or the Rehabilitation Final Charter School Apportionment box, as appropriate.

If the district is requesting a separate site and/or design apportionment, complete boxes 2a, 3, 4, the site acquisition data in box 5 (d and e), and boxes 12, 13, 14, 15, 16, and 234 only.

2. Type of Project

- Select the type of project that best represents this application request and enter the total number of pupils assigned to the project for each grade group. Include pupils to be housed in a new or replacement school authorized by Section 1859.82 (a). The amount entered cannot exceed the district's baseline eligibility determined on Form SAB 50-03 and will be the basis for the amount of the new construction or modernization grants provided for the project.

If this request is for a Final Apportionment, the pupils assigned to the project must be at least 75 percent, but not more than 100 percent, of the pupils that received the Preliminary Apportionment. Refer to Section 1859.147.

For ORG projects, the amount entered cannot exceed the Overcrowding Relief Pupil Eligibility (pursuant to Section 1859.182 and 1859.183) as reflected in the total number of eligible pupils determined by the Form SAB 50-11 or the CDE Overcrowding Relief Grant Eligibility Determination form.

For Charter School Facilities Program Rehabilitation, leave the number of pupils blank.

b. Check the box if the project is eligible for funding for 50 year or older permanent buildings and report, at the option of the district:

- The total number of eligible classrooms or the total eligible square footage building area at the site. Refer to Section 1859.78.6(b)(1)(A) or (b)(2)(A).
- The total number of permanent classrooms or the total permanent square footage building area that is at least 50 years old and not been previously modernized with state funds. Refer to Section 1859.78.6(b)(1)(B) or (b)(2)(B).
- Enter the greater percentage as calculated under Regulation Section 1859.78.6(b)(1)(C) or Regulation Section 1859.78.6(b)(2)(C).
- If this project includes eligible 50 year or older pupil grants, enter the appropriate number assigned to the project for each grade group. The number of pupils entered cannot exceed the cumulative number of 50 year or older permanent buildings pupil grants requested for all modernization funding applications for the site as determined by using the percentage factor above.

c. If this request includes pupil grants generated by an Alternative Enrollment Projection Method, enter the number of pupils by grade level.

d. Indicate if this request is for funding of a 6–8 school and/or an Alternative Education School.

e. Check the applicable box if the district is requesting additional pupil grants assigned to the project that exceed the capacity of the project or if the pupils assigned represent eligibility determined at another grade level and check the appropriate box to indicate under which regulation the district is applying. The pupil capacity of the project may be determined by multiplying the classrooms reported in box 3 by 25 for K–6; 27 for 7–8, 9–12 grades; 13 for non-severe and 9 for severe.

f. If the request is for replacement facilities pursuant to Section 1859.82 (a) or (b) on the same site, check the facility hardship box.

g. Enter the square footage of the non-toilet area and toilet area contained in the Charter School Facilities Program Rehabilitation project.

h. Indicate the site scenario that best represents the project request.

i. For ORG projects, the district must provide the following information in the space provided:

- Name of the eligible school site(s) where portables will be replaced in this project
- Number of portables being replaced at each school site
- Number of site specific eligible pupils being requested for this project for each school site. The total number of site specific eligible pupils assigned to this project must equal the total number of pupils in Section 2a.

3. Number of Classrooms

Enter the:

- Number of classrooms as shown on the plans and specifications (P&S). If there was demolition at the site, report the net increase in the number of classrooms showing in the P&S.

- Master plan site size, as recommended by the California Department of Education.
