

REPORT OF THE EXECUTIVE OFFICER  
State Allocation Board Meeting, December 6, 1995

IMPLEMENTATION OF SB 92 SPACE SAVER SCHOOLS

PURPOSE OF REPORT

To implement the provisions of SB 92 (Greene) Chapter 57, Statutes of 1995 relating to Space Saver Schools.

DESCRIPTION

This legislation eliminates:

1. The requirement that the Board evaluate design proposals and select four that most effectively accomplish the purposes of Space Saver schools.
2. The provision which allows the Board to pay for designs which are not approved.
3. Eliminates the date by which proposals were to be evaluated.

The Implementation Committee supports this policy.
