Senate Bill No. 739

CHAPTER 106

An act making appropriations for the support of the government of the State of California and for several public purposes in accordance with the provisions of Section 12 of Article IV of the Constitution of the State of California, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 26, 2001. Filed with Secretary of State July 26, 2001.]

I object to the following appropriations contained in Senate Bill 739.

Item 0160-001-0001—For support of Legislative Counsel Bureau. I revise this item by deleting Provision 1.

I am deleting Provision 1 of this item, which would authorize the continuance of a salary differential approved by the Department of Personnel Administration (DPA) in 1998, in spite of its termination for all other State departments on July 1, 2001. Though I am aware that this language would address a salary compaction problem between supervisory and staff attorney positions at the Legislative Counsel Bureau, it would be inappropriate to authorize the continuation of this program for one department to the exclusion of others. I am directing the DPA to work with the Legislative Counsel Bureau on identifying administrative solutions to this problem.

Item 0250-001-0001—For support of Judiciary. I reduce this item from $282,689,000 to $282,394,000 by reducing:

(2) 20-Courts of Appeal from $166,633,000 to $166,588,000, and
(3) 30-Judicial Council from $74,126,000 to $73,876,000.

I am deleting the legislative augmentation of $45,000 for a half-time Legal Editorial Assistant to post unpublished legal opinions of the Courts of Appeal on the California Courts Website. It is not clear that this is a priority of the Judiciary, and the need for funds to provide this service has not been demonstrated.

I am reducing the funding for administrative support of the Equal Access Fund by $250,000 to conform to the action taken in Item 0250-101-0001.

Item 0250-101-0001—For local assistance, Judiciary. I reduce this item from $18,482,000 to $13,707,000 by reducing:

(9) 30.90-Equal Access Fund from $14,250,000 to $9,500,000, and
(10.5) 97.20.004-Local Projects from $75,000 to $50,000 by reducing the following subschedule:

(a) County of San Joaquin: Child Advocacy Center and Visitation Center at Mary Graham Children's Shelter from ($75,000) to ($50,000).

I am reducing the equal assistance funding for the Equal Access Fund by $4,750,000. California is heading into a difficult year with its softening economy and substantial revenue decreases. Consequently, the General Fund expenditures in this Budget are down 1.7 percent over the prior year. I am open to considering funding for this worthy program in the future when the economy improves.

I am reducing the legislative augmentation to establish a new facility for the Child Advocacy Center and Visitation Center at Mary Graham Children's Shelter by $25,000. This action is essential due to fiscal constraints and limited resources in the General Fund. However, I am sustaining $50,000 of this augmentation on a one-time basis.

Item 0450-101-0932—For local assistance, State Trial Court Funding. I reduce this item from $2,082,060,000 to $2,081,310,000 by reducing:

(1) 10-Support for operation of the Trial Courts from $1,773,533,000 to $1,772,783,000.

I am deleting the $750,000 legislative augmentation to establish a truancy court pilot project in Los Angeles County. Actions related to truancy, family issues, and juvenile
crime are already within the responsibility of the established family court system. It is not clear that further delineation of areas of responsibility within the courts is necessary, and such delineation could result in inefficiencies and duplication of efforts.

Item 0450-111-0001—For transfer by the Controller to the Trial Court Trust Fund. I reduce this item from $1,136,151,000 to $1,135,401,000.

I am deleting the $750,000 legislative augmentation to establish a truancy court pilot project in Los Angeles County to conform with the action taken in Item 0450-101-0932.

Item 0530-001-0001—For support of Secretary for California Health and Human Services. I reduce this item from $1,834,000 to $1,584,000 by reducing:

1. Secretary for California Health and Human Services Agency from $2,836,000 to $2,586,000,

and by deleting Provisions 1, 2, 3, 4, 5, 6, and 7.

I am deleting $154,000 General Fund included in the Budget as an augmentation for operating expenses and equipment, including an augmentation to the Agency’s travel budget, and $96,000 from the base as a matter of consistency because the discretionary budgets for nearly all State departments funded from the General Fund have been reduced similarly. This action is essential due to fiscal constraints and limited resources in the General Fund.

I am deleting Provisions 1 through 7 to conform to actions taken in Item 4170-101-0001.

Item 0540-101-0001—For local assistance, Secretary for Resources. I reduce this item from $24,147,000 to $18,147,000 by reducing:

2. Los Angeles River—North from 4,000,000 to 1,000,000;

5. Tuolumne River Parkway from 7,000,000 to 5,000,000; and

9. Otay River Parkway from 2,000,000 to 1,000,000;

and by revising Provision 4.

Due to fiscal constraints and limited resources in the General Fund, it is necessary to reduce the allocations for these projects.

I am revising the following provisional language to conform to this action:

"4. The funds appropriated in Schedule (2) through (5) of this item shall be expended as follows:

Los Angeles River—North: $1 million for the Cornfields property at Chinatown in the City of Los Angeles. These funds will be supplemented with $35 million from the Proposition 12 (Parks Bond) to provide for acquisition and preliminary development;

Los Angeles River—South: $5 million for the acquisition of Wrigley Heights in the City of Long Beach;

San Joaquin River Parkway: $3 million for the Spano Ranch acquisition in the Counties of Fresno and Madera; and

Tuolumne River Parkway: $5 million for various acquisition and development projects in Stanislaus County."

Item 0540-101-6015—For local assistance, Secretary for Resources. I reduce this item from $7,650,000 to $3,400,000 by deleting:

2. Los Angeles River—North (850,000);

5. Tuolumne River Parkway (850,000);

9. Otay River Parkway (850,000);

10. Upper Arroyo Seco Parkway (850,000); and

11. San Lorenzo River Parkway (850,000).

While these river parkway projects may have merit, I believe that the Resources Agency should review and prioritize all river parkway projects prior to allocating the remaining funds in the River Protection Subaccount.

Item 0550-001-0001—For support of Secretary for Youth and Adult Correctional Agency. I reduce this item from $1,277,000 to $1,027,000 by reducing:

1. Secretary for Youth and Adult Correctional Agency from $1,535,000 to $1,285,000,
I am deleting the $250,000 legislative augmentation to establish the California Council on Mentally Ill Offenders. The deletion of this new ongoing expenditure is necessary to provide for a prudent General Fund reserve.

I am also deleting Provision 2 to conform to this action.

I am deleting Provision 1, which states legislative intent to fully fund Phase II of an epidemiological investigation of the prevalence and incidence of Hepatitis C in the Department of Corrections and the Department of the Youth Authority. The Budget Act of 2000 included $2 million for an epidemiological study by the University of California, on the prevalence and incidence of Hepatitis C in these two departments, and this funding is sufficient to complete the study. Therefore, the intent stated in Provision 1, to fully fund this study sometime in the future, is unnecessary.

Item 0555-001-0001—For support of Secretary for Environmental Protection. I reduce this item from $4,737,000 to $2,737,000.

In order to correct a technical error in the Budget Bill, I am reducing this item by $2,000,000. This technical veto will conform with the Legislature's intent, and is consistent with the legislative action taken in Item 0555-001-0044, which reduced funding for Permit Assistance Centers from $2,439,000 to $439,000.

As part of this Budget, I am also sustaining the 31.4 positions for the Permit Assistance Centers that were approved by the Legislature without funding. The current energy emergency is an urgent priority, and the Permit Assistance Centers have a crucial role in addressing the environmental permit and approval requirements for new power generation. However, I disagree with the Legislature's action to remove funding for these positions. In order to fund these positions, the Secretary would have to redirect significant resources, negatively affecting the California Environmental Protection Agency’s ability to administer existing environmental regulatory functions at a level consistent with existing law. Therefore, I will direct the Secretary to explore all appropriate means of supporting the Permit Assistance Centers on an ongoing basis.

Item 0650-101-0001—For local assistance, Office of Planning and Research. I delete this item.

I am deleting the $50,000 legislative augmentation for the Hacienda Heights Cityhood Organization to complete an incorporation study. This action is essential due to fiscal constraints and limited resources in the General Fund.

Item 0650-102-0001—For local assistance, Office of Planning and Research. I reduce this item from $690,000 to $550,000 and delete Provision (f).

I am deleting the $140,000 augmentation for the Contra Costa Youth Council. This action is essential due to fiscal constraints and limited resources in the General Fund. The remaining $550,000 is being sustained on a one-time basis.

I am deleting Provision (f) to conform to this action.

Item 0690-001-0001—For support of Office of Emergency Services. I reduce this item from $42,077,000 to $35,977,000 by reducing:

1. 15-Mutual Aid Response from $18,402,000 to $15,202,000, and
2. 35-Plans and Preparedness from $24,778,000 to $21,878,000.

I am reducing the augmentation for various emergency operations equipment by $3,200,000 due to fiscal constraints and the need to build a prudent reserve for economic uncertainties. California is heading into a difficult year with its softening economy and substantial revenue decreases. Consequently, the General Fund expenditures in this Budget are down 1.7 percent over the prior year. This Budget does retain $2.5 million for the purchase of emergency-related equipment for use throughout the state through the mutual aid system. I am open to considering funding for these equipment needs when the economy improves.

I am reducing the augmentation for the Tri-Net Seismic Network by $2,900,000 due to fiscal constraints and the need to build a prudent reserve for economic uncertainties. Of the $6.8 million proposed in my Budget, $3.9 million will be retained to provide $2.9 million for maintenance and operation of the current Tri-Net system in Southern California, and $1.0 million to begin to expand the system to other critical locations throughout the state to ensure a more uniform system for earthquake monitoring and related emergency response. California is heading into a difficult year with its softening economy and substantial revenue decreases. Consequently, the General Fund
expenditures in this Budget are down 1.7 percent over the prior year. I am open to considering funding for this worthy project in the future when the economy improves.

Item 0690-101-0001—For local assistance, Office of Emergency Services. I reduce this item from $539,000 to $225,000 by reducing:

(a) Local Projects from $539,000 to $225,000 by deleting $180,000 from the following subschedules:

(8) City of Garden Grove: Back-up for Emergency Operations Center at City Hall ($60,000);

(9) East County Fire Protection District: East County Fire Rescue Equipment ($100,000);

(10) City of West Covina Fire Department: Fire Department Mass Casualty Trailer ($20,000);

and by reducing $134,000 for the following subschedules:

(2) Altadena Mountain Rescue Team: Altadena Mountain Rescue Team-Mobile Command Post Procurement from ($14,000) to ($10,000);

(3) City of Manteca: Thermal Imaging Devices from ($60,000) to ($50,000);

(4) Malibu Mountain Rescue Team, Inc.: Malibu Mountain Search and Rescue Team from ($25,000) to ($10,000);

(5) Tulare-Kings Chapter of the American Red Cross: Emergency Response Vehicle Procurement from ($100,000) to ($50,000); and

(6) City of Dinuba (Fire Ambulance Services): Regional Multi-Function Training Facility from ($20,000) to ($15,000); and

(7) KRCB TV22-91FM: Small Public Broadcasting Station Digital Conversion from ($100,000) to ($50,000)

These actions are essential due to fiscal constraints and limited resources in the General Fund. The augmentations that remain are being sustained on a one-time basis.

Item 0820-001-0001—For support of Department of Justice. I reduce this item from $315,225,000 to $314,325,000 by reducing:

(8) 45-Public Rights from $57,183,000 to $56,683,000, and by deleting:

(12.7) 97.20.004-Local Projects ($400,000).

I am deleting the $500,000 legislative augmentation to establish the Office of Immigrant Assistance, which would be charged with investigating complaints alleging unfair business practices and discriminatory acts committed against immigrant populations. The Department of Justice has already established this Office within existing resources, and no justification has been provided for additional funding.

I am also deleting the $400,000 legislative augmentation to implement a toll-free school safety phone line in San Francisco, Los Angeles, and San Diego Counties. This action is essential due to fiscal constraints and limited resources in the General Fund. I am deleting Provision 5 to conform with this action.

Item 0820-101-0001—For local assistance, Department of Justice. I reduce this item from $11,844,000 to $6,764,000 by reducing:

(1) 25-Executive Programs from $8,283,000 to $3,283,000, and by deleting:

(2.5) 97.20.004-Local Projects ($80,000):

(a) Oxnard Police Department: Oxnard Police Department Photo Imaging System ($80,000);

and by deleting Provision 3.

I am deleting the $5,000,000 legislative augmentation for the Youth Leadership Through Crime Prevention Program. The Budget already contains significant funding for similar juvenile crime programs within the Office of Criminal Justice Planning and the Board of Corrections. Accordingly, I am deleting this new ongoing augmentation to build a prudent reserve for economic uncertainties.

I am deleting Provision 3 to conform to this action.

I am also deleting the $80,000 legislative augmentation which would support a photo imaging system for the Police Department of the City of Oxnard. This action is essential due to fiscal constraints and limited resources in the General Fund.
Item 0840-001-0001—For support of State Controller. I reduce this item from $68,363,000 to $67,422,000 by reducing:
(1) 100000-Personal Services from $68,547,000 to $65,432,000, and
(4) Reimbursements from −$28,115,000 to −$25,941,000.
I am reducing the funding provided for Personal Services by $3,115,000 ($941,000 General Fund and $2,174,000 reimbursements) and eliminating 54.6 vacant personnel years. This action is consistent with my efforts to control the growth of State government and maximize the use of existing personnel to meet the service demands of the State. Over the last few years, my Administration has eliminated 6,600 vacant positions statewide, including those in constitutional offices. I am also eliminating 30 vacant positions from the Department of Insurance.

Item 0845-001-0217—For support of Department of Insurance. I reduce this item from $126,656,000 to $124,924,000 by reducing:
(1) 10-Regulation of Insurance Companies and Insurance Producers from $56,237,000 to $55,483,000;
(2) 12-Consumer Protection from $39,391,000 to $38,862,000;
(3) 20-Fraud Control from $31,738,000 to $31,289,000;
(4) 50.01-Administration from $22,933,000 to $22,636,000; and
(5) 50.02-Distributed Administration from −$22,933,000 to −$22,636,000.
I am reducing the funding provided for Personal Services by $1,732,000 and eliminating 30 vacant positions in the department. This action is consistent with my efforts to control the growth of State government and maximize the use of existing personnel to meet the service demands of the State.

Item 0855-001-0367—For support of California Gambling Control Commission. I am revising this item by deleting Provision 1.
I am deleting Provision 1 which would specify that the Gambling Control Commission cannot duplicate the functions of the Division of Gambling Control within the Department of Justice. Based on the duties and responsibilities specified in Chapter 867, Statutes of 1997, the Gambling Control Commission has formalized a Memorandum of Understanding with the Department of Justice to specify the respective functions of the Commission and the Department to avoid duplication. Therefore, this provision is unnecessary.

Item 0890-002-0001—For support of Secretary of State. I delete this item.
This action is necessary due to fiscal constraints and limited resources in the General Fund.

Item 1700-001-0001—For support of Department of Fair Employment and Housing. I reduce this item from $18,170,000 to $18,095,000 by reducing:
(1) 50-Administration of Civil Rights Law from $22,293,000 to $22,218,000.
I am reducing this item by $75,000. Although my January Budget included these funds to provide additional materials regarding the Fair Employment and Housing Act to housing providers and small businesses employers, I take this action so that vital programs are protected and a prudent reserve for economic uncertainties is maintained.

Item 1760-001-0001—For support of Department of General Services. I reduce this item from $23,688,000 to $23,538,000 and delete Provision 2.
I am deleting the $150,000 legislative augmentation for the preparation of documentation for the State to request an allocation of public safety radio frequencies for state and local agencies. While I understand that receipt of the expanded public safety spectrum is contingent upon the State’s application for use, funding is already included in the Budget for engineering and design work on the Public Safety Radio Integrated Systems Management project. Therefore, additional funding is not necessary to ensure the State’s ability to receive and retain the new public safety spectrum.
I am deleting Provision 2 to conform to this action.

Item 1760-001-0666—For support of Department of General Services. I revise this item by reducing:
(1) Program Support from $651,637,000 to $651,487,000, and
(3) Amount payable from the General Fund (Item 1760-001-0001) from −$23,688,000 to −$23,538,000.
I am revising this item to conform to the action I have taken in Item 1760-001-0001.

Item 1760-115-0101—For transfer upon order of the Director of Finance, from the School Facilities Fee Assistance Fund to the General Fund. I reduce this item from $121,000,000 to $108,000,000.

I am reducing this transfer by $13,000,000. This reduction will allow the program to continue funding reservations for fee assistance received through December 2001, in accordance with pending legislation to sunset the program. Any unobligated program funds remaining after December 31, 2001, will be returned to the General Fund at that time.

Item 2240-014-0472—For support of Department of Housing and Community Development. I reduce this item from $653,000 to $413,000, and delete Provisions 1 and 2.

I am deleting the legislative augmentation of $240,000 that would provide funding to extend a contract to market the Child Care Facilities Loan program and to award grants for providing technical assistance to potential borrowers. The program has staff and resources for marketing and technical assistance built into its existing support budget. Additionally, the one-time augmentation of $150,000 for program marketing in 2000–01 raised awareness of the program and should generate sufficient interest in the program to use the remaining $3.5 million in direct loan funds.

I am deleting Provisions 1 and 2 to conform to this action.

Item 2240-101-0001—For local assistance, Department of Housing and Community Development. I reduce this item from $22,644,000 to $22,361,000 by reducing:

(a) County of San Mateo: North San Mateo County Homeless Shelter Improvements from ($300,000) to ($200,000); and
(f) Jovenes, Inc.: Olivares/Pleasant Ave. Transitional Housing and Youth Center from ($50,000) to ($40,000); and

by deleting $173,000 from the following subschedules:
(g) Single Room Occupancy Housing Corporation: James M. Wood Memorial Community Center ($150,000); and
(b) City of Cypress: Installation of disabled access curb ramps ($23,000).

I am reducing the legislative augmentations for various local projects by $283,000. This action is essential due to fiscal constraints and limited resources in the General Fund. I am sustaining the remaining augmentations on a one-time basis.

I am also sustaining $1,000,000 of one-time funding for construction of the People Assisting the Homeless Regional Center in Los Angeles.

Item 2240-104-0001—For transfer, upon order of the Director of Finance, to the Farmworker Housing Grant Fund (0927). I reduce this item from $18,500,000 to $13,875,000.

I am reducing this transfer by $4,625,000. California is heading into a difficult year with its softening economy and substantial revenue decreases. Consequently, the General Fund expenditures in this Budget are down 1.7 percent over the prior year. I take this action as a matter of consistency because the discretionary programs for nearly all State departments funded from the General Fund have been reduced similarly.

In addition, part of this reduction reflects the availability of approximately $3,700,000 in funding from 2000–01 that will allow program expenditures of $17,575,000 in 2001–02. This leaves the program with significantly higher funding than the Budget Act of 1999, which provided $3,500,000.

Item 2240-105-0001—For transfer, upon order of the Director of Finance, to the Emergency Housing and Assistance Fund (0985). I reduce this item from $14,000,000 to $13,300,000 and delete Provision 2.

I am reducing this transfer by $700,000. California is heading into a difficult year with its softening economy and substantial revenue decreases. Consequently, the General Fund expenditures in this Budget are down 1.7 percent over the prior year. I take this action as a matter of consistency because the discretionary programs for nearly all State departments funded from the General Fund have been reduced simi-
This leaves the Emergency Housing and Assistance Program with an annual funding level of $13,300,000, still significantly higher than $4,000,000 provided in the Budget Act of 1999 for shelter programs.

I am deleting Provision 2 because it conflicts with Item 2240-115-0843, which transfers funds from the California Housing Trust Fund to the General Fund. This provision was inadvertently left in the Budget.

Item 2240-107-0001—For transfer, upon order of the Director of Finance, to the Housing Rehabilitation Loan Fund (0929). I reduce this item from $35,400,000 to $26,050,000 and revise Provisions 1 and 2.

I am reducing this transfer by $9,350,000 and revising Provisions 1 and 2 as follows:

1. Of the amount transferred by this item $31,000,000 shall be utilized for the purposes of the Multifamily Housing Program as set forth in Chapter 6.7 (commencing with Section 50675) of Part 2, Division 31 of the Health and Safety Code.

2. Of the amount transferred by this item, $4,400,000 shall be utilized for the Downtown Rebound Program established by Section 50898.1 of the Health and Safety Code. Of this amount, $3,000,000 shall be available for the purposes of subdivision (a) and $1,400,000 shall be available for the purposes of subdivision (b).

I am reducing funding for the Multifamily Housing Loan Program by $7,950,000 and the Downtown Rebound Program by $1,400,000. This action is necessary due to fiscal constraints and limited resources in the General Fund. I take this action as a matter of consistency because the discretionary programs for nearly all State departments funded from the General Fund have been reduced similarly. In addition, part of the reduction to the Multifamily Housing Loan Program reflects the availability of approximately $68 million in funding provided in 2000–01 that will allow program expenditures of $91 million in 2001–02.

Item 2400-001-0933—For support of Department of Managed Health Care. I reduce this item from $30,858,000 to $30,358,000 by reducing:

1) 30-Health Plan Program from $30,858,000 to $30,358,000.

I am reducing by $500,000, the $1,000,000 legislative augmentation for educating health plan enrollees and providers about the availability of the Independent Medical Review process. The Independent Medical Review process has already been used by many plan enrollees to obtain independent, third party review of disputes about medical care. The Department provides information on how to access the process and arranges for the reviews. In combination with the existing efforts of the department and the $2,000,000 already in the budget for consumer education, this should be sufficient funding to inform enrollees and providers of the recently created Independent Medical Review process. Health plans are also required to provide the process information and application forms to enrollees denied treatment or services based on medical judgment.

Item 2660-001-0001—For support of Department of Transportation. I delete this item.

I am deleting the $355,000 legislative augmentation for local projects. This action is essential due to fiscal constraints and limited resources in the General Fund.

Item 2660-001-0042—For support of Department of Transportation. I reduce this item from $2,020,380,000 to $2,013,380,000 by reducing:

7) 20.80-Highway Transportation—Maintenance from $798,906,000 to $793,906,000;

9) 40.00-Transportation Planning from $117,604,000 to $115,604,000;

and by deleting Provisions 14, 16, 18, 19 and 20.

I am deleting the $5,000,000 legislative augmentation for State Route 710 maintenance. The Department has indicated that it will review the aesthetics and pavement quality of the highway system and use existing resources to make improvements during 2001–02. The Department plans to review the adequacy of existing aesthetic standards for the system and consider options for changes in both design and maintenance goals.

I am deleting the $2,000,000 legislative augmentation to provide funding for Chapter 832, Statutes of 2000, which permits regional transportation planning agencies to include, in their 20-year regional transportation plans, alternative planning scenarios
that emphasize integration of land use to reduce transportation impact. Since inclusion of alternative scenarios is a discretionary activity and if agencies believe there would be benefits, they should redirect funding for this purpose from other state, federal, and local funds provided for planning. I am also deleting Provision 18 of this item to conform to this action.

I am deleting Provision 14 that requires Caltrans to change the method it uses to report on the work it does to prepare projects for construction. While I agree that the approach proposed in this language would provide useful information, I am concerned that it does not adequately recognize the necessary role of project substitution. A portion of Caltrans’ work schedule each year is unavoidably affected by delays beyond the control of the Department or the regional transportation agencies. To ensure a high overall level of project delivery, the regional agencies and Caltrans then substitute projects, an approach which reflects prudent management rather than poor scheduling. While I am open to continuing dialogue on useful measures of project delivery, I believe it is important that the discussion proceed not pursuant to budget bill language but in a broader policy setting. In the interim, I am directing the Department to include a range of project completion information in its future reporting that will present a balanced and complete picture to the Legislature and the public.

I am deleting Provision 16 that requires Caltrans to evaluate options and recommend specific mechanisms to the Legislature for funding capital improvement projects that maintain the California’s shortline rail system, as identified in the Global Gateways Program or other goods movement initiatives by January 10, 2002. As previously stated in my signing message of AB 2866, Chapter 127, Statutes of 2000, which contained a similar requirement, I object to using state funds for this purpose. While the efficient movement of goods is important to California’s economy, private, for-profit companies that operate freight railroads are largely capable of funding their own capital and operating needs.

I am sustaining the funding level in this item for design, environmental, construction management, and other project delivery services. Furthermore, I am sustaining Provision 17 that allows unexpended funds appropriated for project preparation and construction management in this item to be used for operating expenses for the purposes of contracting for architectural and engineering services for project delivery. It is my intent that Caltrans use the funding provided for the 315 positions added by the Legislature in whatever manner is necessary to ensure that design services are timely and projects are not delayed.

I am deleting Provision 19 that requires Caltrans to replace all overhead guide signs with signs using specified retroreflective sheeting materials within five years, so as to decrease electricity consumption. Caltrans is currently replacing signs with retroreflectorized signs through its routine maintenance and rehabilitation program. This language would accelerate that program at a significant cost. Energy savings related to this proposal would be minimal compared to the cost of accelerating the replacement program.

I am deleting Provision 20 that requires Caltrans to construct a grade crossing for State Route 1 on the Alameda Corridor as a triple grade crossing. The State’s commitment to the Alameda Corridor has been demonstrated with the $42 million provided from its Interregional Transportation Improvement Program and $18 million from Proposition 116 funds, which is over 80 percent of the cost of the currently budgeted single grade crossing project. I am directing the Department to work with the interested parties to find a solution to finance and construct the larger and more beneficial grade crossing project.

Budget Bill language supported by the Administration was inadvertently omitted from this item. As a technical correction, I am directing the department to prepare its urban highway congestion monitoring report, distribute the report to the various congestion management agencies statewide, and also make the reports available to any interested parties upon request.
Item 2660-001-0046—For support of Department of Transportation. I revise this item by deleting Provision 3.

I am deleting Provision 3 that states legislative intent to require Caltrans to bid competitively for intercity rail services, as opposed to current law, which is permissive.

The benefits of competitive bidding on intercity rail services are speculative since private rail operators may incur additional costs for the acquisition of equipment and infrastructure necessary to service the various intercity rail routes. The State and Amtrak have been partners in expanding rail service in California, both in building the infrastructure and in marketing rail travel. Amtrak is able to provide one-stop ticketing and connections between its interstate trains and the State’s intercity rail service that another vendor may find difficult to duplicate.

While I support competitive bidding, bidding on existing corridors where Amtrak has made significant long-term investments would be difficult for both bidders and the State and may not be cost beneficial. Therefore, I am directing the Department of Transportation to conduct a study to identify the costs and benefits of competitive bidding for the State’s intercity rail services.

Item 2660-001-0703—For support of Department of Transportation. I delete this item.

I am deleting the $250,000 legislative augmentation to complete a study of abandoned rail corridors to evaluate their potential for non-motorized transportation and as links to improve access to public transit. In 1994, Caltrans performed a survey of rail rights-of-way to identify the status of all the rail corridors in the state and evaluate their relative importance and potential for future rail passenger service. I am directing Caltrans to update and expand the 1994 study using existing resources and to identify abandoned rail corridors that have potential for use by non-motorized transportation and as links to improve access to public transit. Once completed, Caltrans will provide this information to local transportation planning agencies for consideration in local planning efforts.

Item 2660-002-0608—For support of Department of Transportation. I reduce this item from $72,247,000 to $65,029,000 and delete Provision 2.

I am deleting the augmentation of $7,218,000 and Provision 2 to conform to the direction I have provided to Caltrans related to Provision 17 of Item 2660-001-0042.

Item 2660-101-0001—For local assistance, Department of Transportation. I reduce this item from $2,294,000 to $1,595,000 by reducing:

(a) Local Projects from $2,294,000 to $1,595,000 by reducing $201,000 for the following subschedules:

(3) City of Martinez: Burlington Northern/Santa Fe Railroad Trestle from ($60,000) to ($40,000);
(5) City of San Jose: Los Gatos Creek Trail Bicycle and Pedestrian Improvement Project from ($75,000) to ($57,000);
(7) City of Ventura: California Street Storm Drain Upgrade from ($100,000) to ($50,000);
(8) Southern California Regional Rail Authority: Inland Empire Maintenance Facility from ($100,000) to ($50,000);
(10) City of Manteca: Safe Route to School Grant Crom Street Sidewalk Project from ($100,000) to ($50,000); and
(12) County of Los Angeles: Malibu Canyon-Las Virgenes Road Scenic Highway Designation from ($25,000) to ($12,000);

and by deleting $498,000 for the following subschedules:

(2) City of Westminster: Bolsa Avenue/Little Saigon Project ($50,000);
(9) City of Tracy: Replacement of school and pedestrian crossing signs with enhanced visibility signs ($10,000);
(14) City of Fullerton: New Central Control System ($53,000);
(15) City of Brea: Replace Street Light Poles ($115,000);
(16) City of Brea: Carbon Canyon Traffic Analysis ($50,000);
(17) City of Brea: Carbon Canyon Specific Plan Update ($100,000);
City of Cypress: Rental Deposit Guarantee Program ($70,000); and
Castaic Area Town Council: Emergency Bypass Road for Castaic Road ($50,000).

I am reducing and deleting these legislative augmentations for local projects by $699,000. These actions are essential due to fiscal constraints and limited resources in the General Fund. The augmentations that I am sustaining are for one-time expenditures.

Item 2660-101-0042—For local assistance, Department of Transportation. I reduce this item from $356,738,000 to $339,417,000 by reducing:
(1) 20.30-Highway Transportation-Local Assistance from $210,592,000 to $193,871,000,
and
(3) 40-Transportation Planning from $10,600,000 to $10,000,000

I am reducing this legislative augmentation for Freeway Service Patrol from $18,000,000 to $1,279,000, to expand the Freeway Service Patrol. This level of funding will provide local agencies with the ability to cover unavoidable operating cost increases. The Freeway Service Patrol provides valuable assistance to motorists and helps reduce traffic congestion. While I understand that expanding this program to additional congested areas and to provide better service may have merit, existing statutory formulas preclude the direct allocation of funds based on needs. I am directing the Department of Transportation to work with interested parties on developing a plan for expanded services.

I am deleting the $600,000 legislative augmentation for the Coronado Tunnel study. The cost of environmental studies related to a local project should be borne by the local agency sponsoring the project or funded from the region’s share of the State Transportation Improvement Program.

Item 2660-103-0042—For local assistance, Department of Transportation. I delete this item.

I am deleting the augmentation of $20,000,000 for initial planning and design costs for the Transbay Terminal Improvement Plan. While I believe there is merit to the project, it should be considered in the context of other regional transportation projects and available funding. It would not be prudent to commit any funds until a viable financing plan is developed for the project in its entirety.

Item 2720-001-0044—For support of Department of the California Highway Patrol. I reduce this item from $948,101,000 to $946,351,000 by reducing:
(2) 20-Regulation and Inspection from $102,863,000 to $101,113,000,
and by deleting Provision 1.

I am deleting the $1,750,000 legislative augmentation and Provision 1, which funds ten additional officers for the farm labor transportation safety program. The January Budget I proposed includes ten additional officers, doubling the program started a year earlier. I am directing the California Highway Patrol to dedicate five of these additional officers to the Salinas Valley. These officers will begin to address the need for farm labor transportation safety in one of the largest agricultural areas of the State.

Item 2720-002-0001—For support of Department of the California Highway Patrol. I delete this item and Provision 1.

I am deleting the $10,000 legislative augmentation for the California Highway Patrol Explorer Post. This action is essential due to fiscal constraints and limited resources in the General Fund.
Item 2720-101—For local assistance, Department of the California Highway Patrol. I reduce this item from $1,000,000 to $999,000 and revise Provision 1.

"1. Grants shall only be available to local law enforcement agencies that collect all of the following data:

(a) The number of vehicle drivers stopped for all traffic law enforcement purposes, whether or not a citation or warning was issued.

(b) The race or ethnicity of the individuals stopped, based on visual observation.

(c) A tabulation of which of the following basis the stop was made: (1) a violation of the Vehicle Code; (2) a violation of the Penal Code; (3) a violation of a local ordinance; or (4) the appearance of the driver or the appearance of the vehicle matches the description of a crime suspect or of a vehicle involved in the commission of a crime or belonging to a crime suspect.

(d) Whether a vehicle search was instituted.

(e) A tabulation indicating if any of the following items were discovered or seized in the course of the search: (1) weapons; (2) controlled substances; (3) cash; (4) vehicles; (5) other property believed to be unlawful or the possession of which is unlawful.

(f) A tabulation of which of the following resulted from the search or stop: (1) a written citation; (2) a warning; or (3) an arrest. Notwithstanding any other provisions of law, grants may be in the form of advanced payments for the costs of data collection...

I am reducing this item by $1,000 and deleting language that adds new data elements to be collected when law enforcement officers make traffic stops. I find racial profiling abhorrent, and signed legislation outlawing the practice and requiring all peace officers to submit to additional training in cultural diversity. Given the extraordinary challenges of the work peace officers perform up and down this state, I believe it is more appropriate for local law enforcement agencies to decide if the additional data elements specified in this provision should be collected voluntarily.

Local jurisdictions representing over 60 percent of the State’s population currently are collecting racial profiling data. According to the Commissioner of the California Highway Patrol, the collection of the new data elements that would have been required under this provision and the tabulation and reporting of them to the California Highway Patrol will add significant costs to this program. I am concerned that the added costs are not offset by the modest grants that can be made with the money appropriated in this item. This may lead to less participation by law enforcement agencies in this voluntary program. I am reducing $1,000 from this item to reflect savings that will be achieved based on vetoing Provision 1 of this item.

I am also revising the language to delete a printing error in the budget bill, which shows an invalid amount associated with this provision.

Item 2720-491—Reappropriation, Department of the California Highway Patrol. I reduce this item by $1,000 and revise Schedule (1) as follows:

“(1) Item 2720-101-0001, Budget Act of 2000 (Ch. 52, Stats. 2000). The unencumbered balance is reappropriated to provide local assistance grants to local law enforcement agencies for the cost of collecting racial profiling data and shall be available for expenditure until June 30, 2002. Grants shall only be available to local law enforcement agencies that collect all of the following data: (a) the number of vehicle drivers stopped for all traffic law enforcement purposes, whether or not a citation or warning was issued; (b) the race or ethnicity of the individuals stopped based on visual observation, (c) a tabulation of which of the following basis the stop was made: (1) a violation of the Vehicle Code; (2) a violation of the Penal Code; (3) a violation of a local ordinance; or (4) the appearance of the driver or the appearance of the vehicle matches the description of a crime suspect or of a vehicle involved in the commission of a crime or belonging to a crime suspect; (d) whether a vehicle search was instituted; (e) a tabulation of which of the following items were discovered or seized in the course of the search: (1) weapons; (2) controlled substances; (3) cash; (4) vehicles; or (5) other property believed to be unlawful..."
or the possession of which is unlawful, and (f) a tabulation of which of the following resulted from the search or stop: (1) a written citation; (2) a warning; or (3) an arrest. Notwithstanding any other provisions of law, grants may be in the form of advanced payments for the costs of data collection.”

I am reducing $1,000 from this item and deleting language that adds new data elements to be collected when law enforcement officers make traffic stops. This action conforms with the action I have taken on Item 2720-101-0001.

Item 2740-001-0044—For support of Department of Motor Vehicles, I revise this item by deleting the following schedule:

   (7.5) 97.20.001-Unallocated reduction −$21,000,000,

and by deleting Provision 4.

In order to correct a technical error in the Budget Bill, I am deleting Schedule 7.5 and Provision 4, which relate to a proposal to make a $21 million unallocated reduction in the Budget of the Department of Motor Vehicles. Such an unallocated reduction was considered by the Legislature and rejected. The total in the item reflects the correct amount. These provisions were inadvertently left in the final version of the Budget Bill. This technical veto will conform the Budget Act to the action taken by the Legislature.

Item 2920-101-0001—For local assistance, Technology, Trade, and Commerce Agency. I reduce this item from $34,790,000 to $29,675,000 by reducing:

   (1) 07-Science, Technology and Innovation from $19,066,000 to $14,166,000; and
   (5) 97.20.004-Local Projects from $2,390,000 to $2,175,000 by reducing the following subschedules:

(a) Canoga Park Improvement Association: Canoga Park Improvement Association/Main Street Canoga Park Community Center Commercial District Improvements from $150,000 to $100,000;

(f) East LA Community Corporation: Community Development Incubator from $140,000 to $75,000; and

and by deleting the following subschedule:

(c) Redwood Economic Development Inst.: Aleutian Goose Festival and Business Cluster Program (100,000).

I am reducing funding for the Next Generation Internet project by $3,000,000 and retaining $2,000,000. Combined with funding available from the Budget Act of 2000, this program will be able to support the two Centers and their grant programs to develop business applications for the new high-speed Internet2 as anticipated in 2001–02. I am also reducing funding for the Manufacturing Technology Program by $1,900,000.

I am reducing $215,000 for legislative augmentations for the local projects as indicated above. These actions are necessary due to fiscal constraints and limited resources in the General Fund. I am sustaining one-time funding for the remaining local projects.

Item 2920-111-0001—For transfer, upon order of the Director of Finance, from the General Fund to the Film California First Fund (3005). I reduce this item from $10,000,000 to $2,000,000.

I am reducing this transfer by $8,000,000. This reduction reflects the availability of $8,000,000 in funding from 2000–01 that will allow expenditure of $10,000,000 in 2001–02 for this program, which provides incentives to use California locations for filming.
Item 3360-101-0001—For local assistance, State Energy Resources Conservation and Development Commission. I delete this item.

I am deleting the legislative augmentation of $200,000 for the City and County of San Francisco to provide energy efficiency outreach to non-English speaking persons. While I am supportive of outreach efforts to educate non-English speaking persons about the critical need to conserve energy and reduce electricity demand, the State and Consumer Services Agency, the Department of Consumer Affairs, the California Conservation Corps, and the State Energy Resources Conservation and Development Commission are taking measures to inform non-English speaking populations about available energy efficiency and conservation programs. In particular, the Department of Consumer Affairs is running energy efficiency campaigns in paid media forums in five different languages and printing an Energy Assistance Guide and Tips for Energy Emergency in five languages.

I am deleting the legislative augmentations of $80,000 for a solar panel pilot program for the City of Redondo Beach, $30,000 to replace red signal lights for the City of Manhattan Beach, and $300,000 for energy efficiency improvement in the City of Oxnard. This action is essential due to fiscal constraints and limited resources in the General Fund.

Item 3480-001-0001—For support of Department of Conservation. I revise this item by reducing:

(1) 10-Geologic Hazards and Mineral Resources Conservation from $25,865,000 to $25,665,000;

and by deleting:

(18.5) Amount payable from the Abandoned Mine Reclamation and Minerals Fund (Item 3480-001-3025) (−$200,000);

and by deleting Provision 2.

I am revising this item to conform to the action I have taken in Item 3480-001-3025.

Item 3480-001-3025—For support of Department of Conservation. I delete this item and Provision 1.

I am deleting this item because the Department of Conservation has not completed its inventory of abandoned mines. Until that inventory is completed and prioritized, it is premature to fund remediation efforts.

Item 3480-011-0035—For transfer by the Controller from the Surface Mining and Reclamation Account to the Abandoned Mine Reclamation and Minerals Fund. I delete this item.

I am deleting the $200,000 transfer to conform to the action I have taken in Item 3480-001-3025.

Item 3540-001-0001—For support of Department of Forestry and Fire Protection. I reduce this item from $360,496,000 to $359,496,000 by reducing:

(1) 100000-Personal services from $360,743,000 to $360,423,000;

(2) 300000-Operating expenses and equipment from $220,667,000 to $219,987,000;

and by deleting Provisions 4.

I am reducing the $2,700,000 legislative augmentation for Sudden Oak Death (SOD) mitigation to $1,700,000. This action deletes $1,000,000 for related fire protection services that have already been funded in this item.

I am deleting Provision 4 because it infringes on the Administration’s responsibility to protect forestland by establishing regulations related to timber harvest practices. I am encouraging the Board of Forestry to work with all interested parties to develop permanent regulations promoting responsible timber harvest practices while providing sufficient habitat protection.

Item 3540-101-0001—For local assistance, Department of Forestry and Fire Protection. I reduce this item from $285,000 to $120,000 by reducing:

(1) Local Projects from $285,000 to $120,000 by deleting;

(c) Placer Land Trust: Auburn Native Oak Protection ($90,000); and

(d) City of Norco: Norco Tree Abatement ($75,000)
This action is essential due to fiscal constraints and limited resources in the General Fund. Furthermore, the amount being sustained for projects in this item shall be on a one-time basis.

**Item 3600-101-0001**—For local assistance, Department of Fish and Game. I reduce this item from $2,200,000 to $1,800,000 by reducing:

1. 97.20.004-Local Projects from $600,000 to $200,000 by reducing:

**Item 3600-301-6018**—For capital outlay, Department of Fish and Game. I delete this item.

I am deleting the $7,500,000 legislative augmentation for the Mill Creek Acquisition. While I am supportive of additional funds for acquisitions aimed at protecting wildlife habitat, I note that there is currently $30 million ($15 million General Fund and $15 million Save the Redwoods League) available for this acquisition through the Wildlife Conservation Board’s Land Conservation Matching Grants Program. In addition, I am sustaining language in Item 3790-301-0005 directing the Department of Parks and Recreation to allocate $10,000,000 from the 2000 Bond Habitat Acquisition Program to the Mill Creek Acquisition project.

**Item 3640-101-0001**—For local assistance, Wildlife Conservation Board. I reduce this item from $559,000 to $300,000 by reducing:

1. 97.20.004—Local Projects from $559,000 to $300,000 by reducing subschedule:
   1. Santa Clara County Open Space Authority: Open Space Acquisition Project—Hong Property from ($100,000) to ($50,000);

   1. Stanislaus Wildlife Care Center: Expansion ($109,000); and
   2. Mountains Recreation and Conservation Authority: Rocky Pointe Arroyo-Simi Wetlands and Nature Preserve ($100,000).

1. 10-Coastal Management Program from $15,782,000 to $14,382,000.

I am deleting the $1,400,000 legislative augmentation for workload related to Local Coastal Program permit applications, appeals, and review. This action is necessary to continue funding for previously approved projects and provide for a prudent reserve for economic uncertainties.

**Item 3760-101-0001**—For local assistance, State Coastal Conservancy. I reduce this item from $1,900,000 to $1,690,000 by reducing:

1. 97.20.004—Local Projects from $1,900,000 to $1,690,000 by reducing the following subschedules:
   1. City of Oakland: Lake Merritt restoration from ($200,000) to ($160,000);
   2. County of Marin: Bolinas Restoration Project from ($300,000) to ($155,000); and
   3. City of San Diego: Ocean pier restoration from ($150,000) to ($125,000).

This action is essential due to fiscal constraints and limited resources in the General Fund. I am sustaining the legislative augmentations remaining for this projects on a one-time basis.

Item 3790-001-0001—For support of Department of Parks and Recreation. I reduce this item from $130,947,000 to $129,537,000.

I am reducing this item by $535,000 for projects at the State Capitol to begin restoration of the historic flag collection, install protective mural cases, and renovate the insectory within Capitol Park. This action is essential due to fiscal constraints and limited resources in the General Fund.

I am sustaining $100,000 of the $300,000 originally allocated in this item specifically for preparing a feasibility study on adding the San Joaquin River Parkway to the State Parks System. This action is essential due to fiscal constraints and limited resources in the General Fund.

In order to correct a technical error in the Budget Bill, I am reducing this item by $675,000. This amendment corresponds to the correct appropriation amount payable from the General Fund as shown in Item 3790-001-0392.

I am reducing this item by $2,500,000 in recreational grants, which would provide funding to develop a new community events center and rehabilitate the historic Plaza House at El Pueblo de Los Angeles State Park. This action is essential due to fiscal constraints and limited resources in the General Fund.
I am reducing this item by $15,631,990 in local projects. This action is essential due to fiscal constraints and limited resources in the General Fund. Furthermore, of the amount being sustained for these projects, funding shall be approved on a one-time basis.
I am deleting the $100,000 local project for (138) Tulare County’s District Attorney’s Office: Tulare County Gang Task Force Operations. This is a technical veto to correct an error in the Budget Act. This technical veto will conform to the Legislature’s intent, and is consistent with legislative action taken in Item 8100-101-0001 (26.5)(a), which makes the correct allocation for this project within the Office of Criminal Justice Planning.

Item 3790-102-0383—For local assistance, Department of Parks and Recreation. I sustain this Item for use on a one-time basis.

Expenditure of this appropriation is dependent upon enactment of separate legislation that will authorize the Director of the Department of Parks and Recreation to establish guidelines for the allocation of these funds.

Item 3790-301-0001—For capital outlay, Department of Parks and Recreation. I reduce this item from $350,000 to $245,000 by reducing:
(1) 97.20.004-Local Projects: Mount Diablo State Park (Morgan Territory) Acquisition from $300,000 to $225,000, and
(2) Topanga State Park—Los Liones Trailhead improvements and restroom construction from $50,000 to $20,000.

I am reducing these legislative augmentations by $105,000 due to fiscal constraints and limited resources in the General Fund.

However, I am sustaining the $50,000 legislative augmentation for the Topanga State Park—Los Liones Trailhead improvements and restroom construction project on a one-time basis.

Item 3790-301-0005—For capital outlay, Department of Parks and Recreation. I revise this item by reducing:
(30.92) 90.KZ.101-Cornfields Project: Acquisition—Acquisition from $40,000,000 to $36,000,000; and
(31) Reimbursements from −$5,041,000 to −$1,041,000; and delete Provision 7.

These reductions are in conformance with Items 0540-101-0001, Schedule (2) and 0540-101-6015, Schedule (2), which were reduced due to fiscal constraints and limited resources.

I am deleting Provision 7, which allocates $6,500,000 of the funds appropriated to the Albion Acquisition. This project has not been reviewed by the Department, with input from the State Parks and Recreation Commission, against other competing priority park system needs.

Item 3790-302-0005—For capital outlay, Parks and Recreation. I reduce this item from $69,400,000 to $9,850,000 by reducing:
(7) 90.EC.400-Kenneth Hahn SRA: Baldwin Hills—Acquisition from $11,000,000 to $4,000,000;
(13) 90.TF.400-Pigeon Point Light Station SHP: Bolsa Point/Whaler’s Cove—Acquisition from $5,000,000 to $4,000,000;
(14) 90.JT.400-John Marsh Home SHP: Cowell Ranch—Acquisition from $5,000,000 to $1,500,000; and
(15) 90.FH.100-Santa Monica SB: 415 PCH Project—EIRs and Planning from $500,000 to $250,000

and by deleting $47,900,000 for the following projects:
(1) 90.EX.400-Malibu Creek SP: Acquisition (700,000);
(2) 90.EF.400-Mendocino Headlands SP: Big River—Acquisition ($5,000,000);
(3) 90.BR.400-Butano SP: Acquisition ($3,000,000);
(4) 90.BR.400-Castle Rock SP: Acquisition ($7,000,000);
(5) 90.CH.400-Point Lobos SR—Acquisition ($5,000,000);
(6) 90.CO.400-Wilder Ranch SP: Curren Ranch—Acquisition ($2,200,000);
(8) 90.EF.400-El Capitan SB: El Capitan Ranch—Acquisition ($6,500,000);
(9) 90.FW.400-Topanga SP: Mulholland Gateway—Acquisition ($9,000,000);
(10) 90.H6.400-Cuyamaca Rancho SP: Tulloch-Cuyamaca Acquisition ($3,000,000);
(11) 90.P.400-Half Moon Bay SB: Francis Beach—Acquisition ($1,500,000); and
(12) 90.Q.400-Montara SB: Rancho Corral—Acquisition ($5,000,000);
I am reducing these legislative augmentations due fiscal constraints and diminishing resources in the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Fund for unspecified state parks projects. The amount I have sustained for the Kenneth Hahn SRA: Baldwin Hills acquisition is intended to secure the acquisition of the Stocker Street Trail. Should this amount be insufficient, I direct the Department of Parks and Recreation to reassess the critical nature of this project and, if appropriate, request additional funds in the 2002 Governor’s Budget.

In addition, I direct the Department of Parks and Recreation to allocate $3,000,000 and $625,000 from the 2000 Bond Redwood Acquisition Program for the Mendocino Headlands: Big River acquisition and the Butano SP acquisition, respectively. I further direct the department to seek additional federal funds for the Butano SP acquisition.

I further direct the Department of Parks and Recreation to allocate from the 2000 Bond Habitat Acquisition Program $3,000,000 for the Castle Rock SP acquisition, $5,000,000 for the El Capitan SB: El Capitan Ranch acquisition, $4,000,000 for the Topanga SP: Mulholland Gateway acquisition, $3,000,000 for the Cuyamaca Rancho SP: Tulloch-Cuyamaca acquisition, $1,000,000 for the Pigeon Point Light Station SHP: Bolsa Point/Whaler’s Cove acquisition, and $1,500,000 for the John Marsh Home SHP: Cowell Ranch acquisition.

Item 3810-301-0005—For capital outlay, Santa Monica Mountains Conservancy. I reduce this item from $16,250,000 to $14,250,000.

I am deleting the $2 million legislative augmentation for the Oakmont-Verdugo Mountains purchase. The Oakmont-Verdugo Mountains acquisition is one of the projects previously funded through the Resources Agency in 2000–01 from bond funds provided through Proposition 13. The additional $2 million augmentation is not necessary to complete the acquisition.

Item 3860-001-0001—For support of Department of Water Resources, I reduce this item from $117,373,000 to $113,657,000 by reducing:

(4) 30-Public Safety and Prevention of Damage from $41,976,800 to $38,260,800,

and by deleting Provision 2.

California is heading into a difficult year with its softening economy and substantial revenue decreases. Consequently, the General Fund expenditures in this Budget are down 1.7 percent over the prior year. Due to fiscal constraints and limited resources, it is necessary to reduce funding for sediment removal projects for the Tisdale Bypass and the Fremont Weir. However, I am retaining $599,000 for environmental review and engineering design activities to allow the projects to move forward.

I am deleting Provision 2 to conform to this action.

Item 3860-101-0001—For local assistance, Department of Water Resources, I reduce this item from $22,586,000 to $21,991,000 by reducing:

(4) 97.20.004-Local Projects from $21,591,000 to $955,000 by reducing subschedules:

(b) State Reclamation Board: Success Reservoir Enlargement Project from ($550,000) to ($335,000);

c) City of Fremont: Dredging Lake Elizabeth from ($400,000) to ($120,000);

and by deleting subschedule:

d) Butte County: Rock Creek/Keffer Slough ($100,000).

I am deleting the $865,000 $595,000 legislative augmentation. This action is essential due to fiscal constraints and limited resources in the General Fund. Furthermore, of the amount being sustained for these projects, funding shall be approved on a one-time basis.

Item 3900-101-0001—For local assistance, State Air Resources Board. I reduce this item from $200,000 to $75,000 by reducing:

(1) Local projects from $200,000 to $75,000 by reducing the following subschedule:

(a) Montebello Unified School District: CNG Buses from ($150,000) to ($75,000);

and by deleting the following subschedule:

(b) City of San Clemente: Electric vehicle-San Clemente ($50,000).
I am deleting the $125,000 legislative augmentation. This action is essential due to fiscal constraints and limited resources in the General Fund. The $75,000 in subschedule (a) is being sustained on a one-time basis.

Item 3910-001-0226—For support of California Integrated Waste Management Board. I revise this item.
I am reducing the legislative augmentation of 19.0 positions by 10.0 positions. I am sustaining the remaining 9.0 positions to address the Waste and Used Tire program workload, and sustaining full funding for this program to provide sufficient resources for contractual services.

Item 3910-001-0386—For support of California Integrated Waste Management Board. I reduce this item from $939,000 to $439,000.
I am deleting the $500,000 legislative augmentation for grants to local government to reduce or eliminate trash in the Los Angeles River Watershed. While I am supportive of environmental improvement projects, this project is not of sufficiently high priority to justify funding over other meritorious projects. Proponents of this project have the option to apply for a competitive grant from the Solid Waste Disposal and Codisposal Cleanup Program.

Item 3910-001-0387—For Support of California Integrated Waste Management Board. I revise this item by reducing:
(1) 11-Waste Reduction and Management from $77,653,000 to $77,153,000, and
(12) Amount payable from Solid Waste Disposal Site Cleanup Trust Fund (Item 3910-001-0386) from −$939,000 to −$439,000.
I am revising this item to conform to the action I have taken in Item 3910-001-0386.

Item 3940-001-0001—For support of State Water Resources Control Board. I reduce this item from $108,796,000 to $108,659,000 by reducing:
(1) 10-Water Quality from $401,839,000 to $401,702,000.
I am deleting the $137,000 augmentation for administration of clean beach and research projects. I am reducing this item to conform to the action I have taken in Item 3940-101-0001.

Item 3940-101-0001—For local assistance, State Water Resources Control Board. I reduce this item from $3,066,000 to $1,503,000 by reducing:
(1) 10-Water Quality from $242,763,000 to $237,869,000;
(1.5) 97.20.004-Local Projects from $203,000 to $3,000 by deleting the following subschedules;
(a) Upper San Gabriel Valley Municipal Water District: Watershed Restoration Program ($150,000);
(c) City of San Juan Capistrano: Water Quality Program ($50,000);
(8) Amount payable from the Coastal Nonpoint Source Control Subaccount (Item 3940-101-6022) from −$65,000,000 to −$61,469,000;
and by revising Provision 1.
I am deleting $1,363,000 of the augmentation for clean beach research projects to protect vital existing programs. California is heading into a difficult year with its softening economy and substantial revenue decreases. Consequently, the General Fund expenditures in this Budget are down 1.7 percent over the prior year. However, in recognition of the critical need to reduce the number of beach closures due to viral and bacterial contamination, I am sustaining $32,298,000 of the Coastal Nonpoint Source Account funding in Item 3940-101-6022 for various clean beach projects.
I am revising Schedule (8) to conform to the action I have taken in Item 3940-101-6022.
I am also revising Provision 1 to conform to this action.

1. A total of $242,763,000 ($237,869,000 appropriated in this item and $401,839,000 appropriated in Item 3940-101-6022) shall be used for clean beach and research projects in accordance with the following schedule:
(a) County of Los Angeles: Mothers’ Beach, Marina Del Rey (2,000,000)
(b) City of Malibu: Surfrider, Malibu Lagoon (2,000,000)
(c) City of Calabasas: Malibu Creek (385,000)

This action is essential due to fiscal constraints and limited resources in the General Fund.

The $3,000 legislative augmentation for the Novato Sanitary District: Novato Heights Sewer Project Revenue Study is being sustained on a one-time basis.

Item 3940-101-6022—For local assistance, State Water Resources Control Board. I reduce this item from $65,000,000 to $61,469,000.

I am deleting $3,531,000 for various clean beach projects that are not of sufficiently high priority to fund at this time. The action taken in this item conforms to the action I have taken in Item 3940-101-0001.
Item 3960-101-0001—For local assistance, Department of Toxic Substances Control. I delete this item.

I am deleting the $50,000 legislative augmentation for the North Fork Community Development Council for the North Fork Mill Site PCP Contamination Clean-up. This action is essential due to fiscal constraints and limited resources in the General Fund.

Item 4120-101-0001—For local assistance, Emergency Medical Services Authority. I sustain this item.

I am sustaining the $25,000,000 legislative augmentation for trauma care centers and the $5,000,000 augmentation for trauma care system planning on a one-time only basis. The Healthy Families and Medi-Cal program and funding expansions continued in this Budget will provide health coverage for approximately 1.1 million formerly uninsured Californians. Funding included in the Budget for those previously uninsured, in addition to the base funding for millions of our residents, should decrease the number of uninsured patients served in trauma centers, and, as a result, reduce the need for State funding in the future.

Item 4130-001-0632—For support of California Health and Human Services Agency Data Center. I reduce this item from $307,811,000 to $304,585,000 by reducing:

(2) 30-Systems Management Services from $165,422,000 to $162,196,000.

I am reducing this item by $3,226,000 to conform with actions taken in Item 5180-141-0001.

Item 4140-101-0001—For local assistance, Office of Statewide Health Planning and Development. I revise this item by deleting Provision 2.

I am deleting Provision 2, which would require the Office of Statewide Health Planning and Development to encourage multi-year Rural Health Capital Grants applications. The Office is currently able to award multi-year Rural Health Capital Grants, subject to the appropriation of funds. While a multi-year process may streamline the grant award and payment process, it could result in all funds being committed before new applicants have the opportunity to compete for funding. Additionally, should funding for this program be reduced in the future, out-year commitments may not be able to be met.

Item 4140-111-0236—For local assistance, Office of Statewide Health Planning and Development. I revise this item by deleting Provision 1.

I am deleting Provision 1, which would require the Office of Statewide Health Planning and Development to encourage multi-year Rural Health Services Small Grants applications. The Office is currently able to award multi-year Rural Health Services Small Grants, subject to the appropriation of funds. While a multi-year process may streamline the grant award and payment process, it could result in all funds being committed before new applicants have the opportunity to compete for funding. Additionally, should funding for this program be reduced in the future, out-year commitments may not be able to be met.

Item 4170-001-0001—For support of Department of Aging. I revise this item by deleting Provision 2.

Provision 2 would require that the augmented funds provided for the Multipurpose Senior Services Program (MSSP) be used to increase base funding for current client program slots. The deletion of Provision 2 conforms to the elimination of a $1.5 million ($750,000 General Fund) legislative augmentation in the Department of Health Services local assistance budget. The funding for the MSSP local assistance has increased by 55.8 percent under my Administration, including a 17 percent increase provided in this Budget in the Medi-Cal program. I believe that the Budget provides sufficient funding for the program to cover service costs to the most impaired seniors on a priority basis; therefore, I am deleting the provisional language and the related base funding increase at this time.

Item 4170-101-0001—For local assistance, Department of Aging. I reduce this item from 38,848,000 to $36,075,000 by reducing:

(4) 40-Special Projects from $25,607,000 to $23,540,000, and...
(4.5) 97.20.004—Local Projects from $2,551,000 to $1,845,000 by reducing the following subschedules:

(b) Acacia Adult Day Services Garden Grove: Building renovation from ($170,000) to ($75,000);
(c) City of Chino: Senior citizens’ expansion project from ($75,000) to ($65,000);
(d) City of Culver City: Culver City Senior Center from ($450,000) to ($350,000);
(e) City of Montclair: Senior Center from ($90,000) to ($80,000);
(f) City of Rancho Cucamonga: New Senior Center from ($75,000) to ($65,000);
(g) Filipino-American Senior Opportunities Development Council, Inc.: Provide furniture and equipment for the Northside Community Center from ($100,000) to ($75,000);
(h) City of Bellflower: Equipment and rehabilitation for Senior Services at Simms Park from ($25,000) to ($20,000);
(i) George and Marta Brown Foundation: Equipment for the George and Marta Brown Foundation’s Brown Center for Innovation-Senior computer lab from ($43,000) to ($30,000);
(j) City of Rialto, Department of Parks and Recreation: Rialto Senior Center furnishings from ($100,000) to ($60,000);
(k) City of Chino: Senior Citizens’ Center expansion from ($150,000) to ($125,000);
(m) City of Culver City: Construction of the Culver City Senior Center from ($800,000) to ($600,000);
(q) Filipine American Association of the USA (FAAUSA): Adult day care center for Filipino World War II veterans from ($100,000) to ($25,000);

and by deleting the following subschedules:

(n) Sierra Foothill Senior Management: Meals on Wheels waiting list elimination ($38,000);
(o) Lutheran Social Services of Southern California: Caring Neighbors program ($30,000);
(p) Camarillo Health Care District: Elements Affecting Senior Independence program ($30,000);

and by deleting Provision 6.

I am deleting $98,000 and reducing $608,000 from the indicated legislative augmentations for local projects. These reductions are needed due to fiscal constraints and limited resources in the General Fund. The funding for the projects which I am sustaining is being included on a one-time basis.

I am deleting the legislative augmentation of $600,000 General Fund for the Linkages program, which was intended to provide a per-client rate increase, and reducing the Community-Based Services Programs by an additional $1,000,000 due to the need to maintain a prudent reserve for economic uncertainties. The Budget retains $24.9 million for Community-Based Services Programs, which includes $8.7 million for the Linkages program. Given better economic times during the first two years of my Administration, we were able to provide $12.4 ($8.9 million General Fund) to expand services for seniors in 1999–2000 and $332.4 million ($187.3 million General Fund) specifically for community programs for seniors in 2000–01. California is heading into a difficult year with its softening economy and substantial revenue decreases. Consequently, the General Fund expenditures in this Budget are down 1.7 percent over the prior year. I am open to considering funding for these worthy programs in the future when the economy improves.

I am also deleting the legislative augmentation of $467,000 General Fund for one-time grants for start-up costs at new Adult Day Care (ADC) and Adult Day Support (ADS) centers. Historically, the State has not provided start-up grants for these centers. Due to limited General Fund resources, it is inappropriate for the State to initiate funding for a new program. The Budget includes local assistance funding of $177.5 million ($86.3 million General Fund) for Adult Day Health Care and $4.7 million
($4.3 million General Fund) for Alzheimer’s Day Care Resource Centers, which provide a range of similar health, therapeutic, and social services. In addition, a new federal program, the National Family Caregiver Support Program, will be initiated in 2001–02 to provide a continuum of caregiver support services similar to those offered at ADC and ADS centers.

I am deleting Provision 6 to conform to this action.

Item 4170-102-0001—For local assistance, Department of Aging. I sustain this item.

I am sustaining the $1,500,000 legislative augmentation for the City of Elk Grove for the Elk Grove Senior Center on a one-time only basis.

Item 4180-101—Commission on Aging. I delete this item.

I delete this item because this language requires the Commission on Aging to report on its financial requirements to operate the Commission, the Area Agencies on Aging Advisory Council of California, and the California Senior Legislature. This activity is more properly conducted as part of the Administration’s normal budget development process.

Item 4200-001-0001—For support of Department of Alcohol and Drug Programs. I reduce this item from $5,267,000 to $5,091,000 by reducing:

(1) 15-Alcohol and Other Drug Services Program from $34,588,000 to $33,652,000, and
(2) Reimbursements from $4,115,000 to $3,939,000.

I am reducing $352,000 ($176,000 General Fund and $176,000 reimbursements) and four new Drug Medi-Cal program auditor positions originally included in my proposed 2001–02 Budget. The May Revision of the Budget proposed the elimination of these positions and associated funding. The Legislature rejected that reduction. The Budget retains ten positions for Drug Medi-Cal audits. In addition, the department can seek assisiting by directing suspected fraud to the Department of Health Services, which added 192 positions in 2000–01 for Medi-Cal fraud investigation. This reduction is necessary to provide for a prudent General Fund reserve for economic uncertainties.

Item 4200-001-3019—For support of Department of Alcohol and Drug Programs. I revise this item by deleting Provision 4.

I am deleting Provision 4, which would require the Department of Alcohol and Drug Programs to provide a written summary, by April 2002, of the implementation of the Substance Abuse and Crime Prevention Act of 2000 (Proposition 36). This provision specifies the information to be included in the summary. Because the programs authorized under Proposition 36 commenced July 1, 2001, it is unlikely that sufficient data would be available in time to result in a meaningful report by April 2002. Proposition 36 requires an annual report to be prepared. I am directing the Department to include in its report, to the extent that data are available, the information requested by the Legislature pursuant to this provision. Additionally, I am directing the Department to provide copies of the annual report to the appropriate fiscal committees of the Legislature.

Item 4200-101-0001—For local assistance, Department of Alcohol and Drug Programs. I reduce this item from $49,240,000 to $40,380,000:

(1) 15-Alcohol and Other Drug Services programs from $366,820,000 to $358,120,000;
(1.5) 97.20.004-Local Projects from $862,000 to $702,000;
and by revising Provision 4.

I am deleting $5,700,000 for youth treatment programs. I proposed this reduction as part of the May Revision of the Budget. The Legislature rejected that reduction, restoring the funding. Given the significant commitment of General Fund for Proposition 36, I am reducing this program, consistent with my May Revision. California is heading into a difficult year with its softening economy and substantial revenue decreases. Consequently, the General Fund expenditures in this Budget are down 1.7 percent over the prior year. The Budget contains over $635 million in state and federal funds for local drug and alcohol treatment programs, including approximately $35 million specifically for youth treatment and prevention services.
I am deleting $3,000,000 from the Drug Court programs. I proposed this reduction as part of the May Revision of the Budget. The Legislature rejected that reduction, restoring the funding. This reduction is necessary due to fiscal constraints and limited resources in the General Fund. The Budget continues $14.1 million for drug court treatment and $900,000 for court administrative costs. The Budget also includes $16 million ($7.8 million General Fund) in new Drug Medi-Cal funding and $11.2 million in new local assistance federal block grant funding.

I am revising Provision 4 containing certain legislative augmentations for local projects. This action is necessary due to fiscal constraints and limited resources in the General Fund.

"4. Of the funds appropriated in this item, $862,000 shall be for the following projects:
(a) Marin Services for Women: Drug and Alcohol Program (250,000)
(b) Pico Union Westlake Cluster Network: Drug Free Community Program (125,000)
(c) Montebello East Los Angeles Counseling Center (243,000)
(d) Walden House Incorporated: Walden House Conference Report (100,000)
(e) Wolfe Center: Renovation and Repairs of Wolfe Center (47,000)
(f) King of Kings: Recovery Unit (37,000)"

I am sustaining the remaining augmentations on a one-time basis.

Item 4200-104-0001—For local assistance, Department of Alcohol and Drug Programs. I reduce this item from $26,957,000 to $25,957,000 by reducing:
(1) 15-Alcohol and Other Drug Services Program from $26,957,000 to $25,957,000.

I am reducing the state-funded perinatal program by $1,000,000, while maintaining over $25.9 million in General Fund support for this effort. California is heading into a difficult year with its softening economy and substantial revenue decreases. Consequently, the General Fund expenditures in this budget are down 1.7 percent over the prior year. I take this action as a matter of consistency because the discretionary programs for nearly all State departments funded from the General Fund have been reduced similarly. I note that another substance abuse perinatal program, the Perinatal Drug Medi-Cal program, is increasing by over $1.8 million, to a total of $5.3 million ($2.6 million General Fund).

Item 4260-001-0001—For support of Department of Health Services. I reduce this item from $233,690,000 to $231,260,000 by reducing:
(1) 10-Public and Environmental Health from $236,623,000 to $235,573,000;
(2) 20-Health Care Services from $396,573,000 to $395,573,000;
(4.6) 97.20.004-Local Projects from $3,803,000 to $2,123,000;
(5) Reimbursements from $29,694,500 to $29,694,000; and
(41) Amount payable from the Federal Trust Fund (Item 4260-001-0890) from $306,470,500 to $305,894,000;

I am deleting one position added by the Legislature for the Department of Health Services to provide assistance to the County Medical Services Program (CMSP) in negotiating rebate contracts with drug manufacturers. This position would be responsible for negotiating contracts and securing rebates from drug manufacturers on behalf of the CMSP. This legislative increase in state staff conflicts with my continuing effort to control the growth of state government. Given the department’s vacancy level, I am instructing existing resources be redirected to fulfill the Legislature’s requirements. However, I am retaining the funding that will allow the CMSP to reimburse the department for these services.

I am deleting the $500,000 that was included in my proposed Budget for pilot projects to expand community options for long-term care. The Legislature redirected $100,000 of this proposal to expand the Program of All-Inclusive Care for the Elderly.
California is heading into a difficult year with its softening economy and substantial revenue decreases. Consequently, the General Fund expenditures in this Budget are down 1.7 percent over the prior year. In addition, I am deleting $500,000 from the Federal Trust Fund, Item 4260-001-0890, to conform to this action.

In order to correct a technical error in Schedule (41) and Schedule (5) Reimbursements of this item, I am reducing Schedule (41) by an additional $76,500, and Schedule (5) Reimbursements by $500. This technical veto will conform the Budget Act to the action taken by the Legislature.

I am deleting the $250,000 legislative augmentation to conduct public health assessments. These capabilities already exist among local public health departments, and the Budget includes $1 million General Fund for a nonspecific local public health subvention, some of which could be directed to this activity. This reduction is also necessary to establish a prudent General Fund reserve for economic uncertainties. I am also deleting Provision 9 to conform to this action.

I am revising Provision 10 containing certain legislative augmentations for local projects. This action is necessary due to fiscal constraints and limited resources in the General Fund. I am sustaining the remaining augmentations on a one-time basis.

```
10. Of the funds appropriated in this item, $3,803,000 $2,123,000 shall be for the following projects:
    (a) City of Avalon: Genetic Testing in Avalon Bay pursuant to requirements of AB 411 (1997) (150,000)
    (b) City of Santa Rosa: Cloverdale Street Clover Avenue Plume Project to Shut Down Contaminated Wells and Construct New Wells (250,000) (150,000)
    (c) Mexican American Alcoholism Program, Inc.: Start up for Community Health Center in South Sacramento (550,000) (150,000)
    (d) Napa Valley Vintners Health Center: Community Health Center Construction (250,000) (200,000)
    (e) San Diego Children’s Hospital: Regional Emergency Care Center (1,000,000)
    (f) Westside Women’s Health Center (8,000)
    (g) VIDA: Local Health Program (100,000)
    (h) City of Long Beach: Multi-Cultural Health Center (15,000) (20,000)
    (i) Santa Barbara Junior League: Clinic on Wheels (200,000) (195,000)
    (j) Horizon Foundation: Public Health Study on Anti-Gay Campaign (100,000)
    (k) Minority AIDS Project in Los Angeles (400,000) (50,000)

Item 4260-001-0890—For support of Department of Health Services. I reduce this item from $306,394,500 to $305,894,000.

I am reducing this item by $500,500 to conform with actions taken in Item 4260-001-0001, which includes a technical veto to correct an error in the Budget Act.

Item 4260-003-0942—For support of Department of Health Services. I revise this item by deleting Provision 1.

I am deleting Provision 1, which would allow the Department of Health Services to spend up to $2,000,000 from the Federal Citation Penalties Account for awards to specific nursing facilities. These awards would be passed on to direct caregivers in the form of bonuses. This deletion will permit applicability of Health and Safety Code Section 1417.4, which establishes the Quality Awards Program for nursing homes. This statute allows monetary awards from the General Fund to be used for staff bonuses and monetary awards from the Federal Citation Penalties Account to be used for innovative grants to improve the quality of care and quality of life for residents in skilled nursing facilities. The Budget Bill incorrectly identifies both the General Fund and the Federal Citation Penalties Account as sources for staff bonuses, with no mention of innovative grants to improve the quality of care and quality of life for residents in skilled nursing facilities. The deletion of this provision will leave only Health and Safety Code Section 1417.4 with authority over the Federal Citation Penalties Account, allowing the Department to use funds from this account in the manner intended by statute.
Item 4260-101-0001—For local assistance, Department of Health Services. I reduce this item from $9,548,027,000 to $9,546,027,000 by reducing:

(3) 20.10.030-Benefits (Medical Care and Services) from $22,826,757,000 to $22,822,757,000; and

(5) Amount payable from the Federal Trust Fund (Item 4260-101-0890) from $14,802,896,000 to $14,800,896,000;

and by deleting Provisions 12, 13 and 14.

I am deleting the $250,000 legislative augmentation for the Department of Health Services (DHS) to conduct an oral health needs assessment of children. This is a potentially duplicative effort funded from limited General Fund resources. If the assessment is deemed to be of sufficient priority, private foundation funding should be sought, as was done to conduct the prior study. In addition, I am deleting $250,000 from the Federal Trust Fund, Item 4260-101-0890, and deleting Provision 12, to conform to this action.

I am deleting Provision 13, which would require DHS to study methods for developing alternative rate-setting methodologies for distinct-part nursing facilities and report to the Legislature by April 1, 2002. By statute, the Department is currently required to submit a report to the Legislature regarding alternative long-term care reimbursement methodology. This report includes distinct-part nursing facilities. Therefore, I am deleting this provision as such a report is already statutorily required.

I am deleting the $1,000,000 legislative augmentation to increase supplemental outpatient rates paid to small and rural hospitals. Supplemental outpatient rates were recently doubled for these small and rural hospitals in the Budget Act of 2000, from $4 million to $8 million ($4 million General Fund). Additionally, as part of the proposed Orthopaedic Hospital Settlement, Medi-Cal will pay hospitals a lump-sum payment of $350 million ($175 million General Fund) in 2001–02, and beginning July 1, 2001, increase hospital outpatient rates by 30 percent as well as provide annual increases of 3.33 percent effective July 1 in each of the three subsequent years. In addition, I am deleting $1,000,000 from the Federal Trust Fund, Item 4260-101-0890, to conform to this action.

I am deleting Provision 14 which would require that up to $5 million General Fund be transferred from other Medi-Cal program areas to Medi-Cal Outreach for Children should $5 million in Proposition 10 funding be unavailable for this program. This language potentially would create a $5 million General Fund deficiency in the Medi-Cal program. Absent the Proposition 10 funding and matching federal funding, the outreach budget would increase by approximately $5.3 million from the 2000–01 level, to $39.6 million. I am directing DHS to continue to work with the Children and Families Commission to secure Proposition 10 funding for our outreach to children effort. However, if the funding is unavailable, the Department should continue to provide application assistance and related fees, and school-based outreach pursuant to the funding levels in the May Revision of the Governor’s Budget and make needed reductions from other areas of the education and outreach budget.

Item 4260-101-0890—For local assistance, Department of Health Services. I reduce this item from $14,802,896,000 to $14,800,896,000:

(4) 10.30.030-Childhood Lead Poisoning Prevention from $10,500,000 to $8,500,000;

(6) 10.30.050-Communicable Disease Control from $66,604,000 to $65,704,000;

(7) 10.30.060-AIDS from $262,187,000 to $258,187,000;

(8) 20.30-County Health Services from $110,020,100 to $108,020,100.
20.40—Primary Care and Family Health from $1,526,327,800 to $1,502,413,800;

(12) Amount payable from the Childhood Lead Poisoning Prevention Fund (Item 4260-111-0080) from −$14,000,000 to −$12,000,000; and

(20) Amount payable from the Federal Trust Fund (Item 4260-111-0890) from −$1,029,448,000 to −$1,026,378,000.

I am reducing this item by $2,000,000 for the Local Public Health Subvention. I originally proposed this reduction as part of the May Revision of the Budget. The Legislature rejected that proposal. For 2001–02, local realignment health account funds are estimated to be $1.5 billion, an increase of $48.7 million. In addition, the Master Tobacco Settlement will provide local governments in California an additional $475 million. These funds may be used for any public health purpose deemed a local priority.

I am reducing this item by $5,000,000 for media activities related to teen pregnancy prevention and other family planning programs. The 2001–02 Budget provides $104.3 million for various family planning programs and activities. Although I am supportive of family planning programs, this action is necessary due to fiscal constraints and limited resources in the General Fund. I take this action as a matter of consistency because the discretionary budgets for nearly all State departments funded from the General Fund have been reduced similarly.

I am deleting the $6,700,000 legislative augmentation to update the Child Health and Disability Prevention Program (CHDP) Periodicity Schedule to reflect American Academy of Pediatrics standards. The Department of Health Services (DHS) reviews the appropriateness of care provided in CHDP, within programmatic and fiscal constraints. Due to fiscal constraints and limited General Fund resources, I cannot support this augmentation. I am also deleting the $1,900,000 legislative augmentation from the Federal Trust Fund in Item 4260-111-0890 to conform with this action.

I am deleting the $2,000,000 legislative augmentation for the Rural Health Services Program that would provide a minimum $75,000 per-clinic award, the $2,000,000 legislative augmentation for the Seasonal Agricultural and Migrant Workers Clinic Program, and the $2,000,000 legislative augmentation for the American Indian Health Program. Given the recent slowing of economic growth, it is not fiscally prudent to expand health care funding for these programs at this time. However, I am retaining the $10 million augmentation for the Expanded Access to Primary Care (EAPC) Clinic Program. This Umbrella program provides funding for and increased access to all clinics that provide primary care. Moreover, local realignment funds are estimated to be $1.5 billion in 2001–02, an increase of approximately $45 million. Further, the Master Tobacco Settlement will provide local governments in California an additional $475 million. These funds may be used for any public health purpose deemed a local priority. Finally, expanded Medi-Cal and Healthy Families programs will provide improved access to care and should mitigate the need for increased clinic funding.

I am deleting the $500,000 legislative augmentation for the Women, Infants and Children (WIC) Farmer’s Market Program. Chapter 294, Statutes of 1997, shifted authority for the program from the California Department of Food and Agriculture to DHS to enable continuation of the service without General Fund expense. Furthermore, nutritional services (including fresh fruits and vegetables, in some instances) are currently available through other federal and State food and nutrition programs whose combined expenditures are approximately $4 billion annually. This augmentation would represent the first augmentation of General Fund for this purpose, which I cannot support due to limited General Fund resources. I am also deleting the $1,170,000 legislative augmentation from the Federal Trust Fund in Item 4260-111-0890 to conform with this action.

I am deleting the $2,000,000 legislative augmentation for the Childhood Lead Poisoning Prevention Program. The program is currently operating with an annual funding imbalance of approximately $5.3 million. If revenue and expenditure levels remain unchanged, the Special Fund reserve will be depleted during 2002–03. This augmentation would therefore hasten fund exhaustion. I am directing DHS to submit a proposal for the 2002–03 Budget to operate this program within available resources. The Budget currently provides $8.5 million Childhood Lead Poisoning Prevention...
Fund to local health departments for lead enforcement and control. I am also deleting the $2,000,000 legislative augmentation in Item 4260-111-0080 to conform with this action.

I am sustaining the $500,000 legislative augmentation for the Padres Contra El Cancer Program on a one-time basis. In future years if this is deemed to be a local priority, local realignment funds or the local share of Tobacco Settlement funds may be used for this purpose.

I am reducing this Item by $4,000,000 for HIV/AIDS Education and Prevention activities. While I recognize the importance of these activities in reducing the spread of the disease; however, California is heading into a difficult year with its softening economy and substantial revenue decreases. Consequently, the General Fund expenditures in this Budget are down 1.7 percent over the prior year. The Budget maintains $61 million General Fund for HIV/AIDS education, prevention, outreach, and direct services. I am sustaining a $15.3 million legislative augmentation for the AIDS Drug Assistance Program (ADAP) to fund drug price increases and increased caseload in this important program, bringing total funding for the ADAP to $162.9 million, including $59.9 million General Fund.

I am reducing this Item by $400,000 for Tuberculosis Treatment Services. The Budget provides $7.6 million General Fund for counties to perform non-treatment based tuberculosis control activities, such as outreach, education, investigation, and outbreak control. Moneys can also be made available for these activities from local realignment funds and local Master Tobacco Settlement funds which may be used for any public health purpose deemed a local priority. This reduction is necessary to build a prudent General Fund reserve for economic uncertainties.

I am reducing this Item by $500,000 for Pediatric Immunizations. The Budget provides $16.5 million General Fund for counties to administer and obtain vaccines. Counties can also perform these services pursuant to their statutory indigent care requirements in conjunction with the federal Vaccines For Children Program, which annually makes available millions of federally-funded vaccines for use in California’s public health programs. Further, local realignment funds and the Master Tobacco Settlement funds may be used for any public health purpose deemed a local priority. This reduction is necessary to build a prudent General Fund reserve for economic uncertainties.

I am reducing this item by $2,644,000 for the County Maternal and Child Health Services allocation. The Budget continues to provide $66.1 million for activities directed to Maternal and Child Health programs. Further, local realignment funds and the Master Tobacco Settlement funds may be used for any public health purpose deemed a local priority. This reduction is necessary to build a prudent General Fund reserve for economic uncertainties. I take this action as a matter of consistency because the discretionary budget for nearly all State departments funded from the General Fund have been reduced similarly.

Item 4260-111-0080—For local assistance, Department of Health Services. I reduce this item from $14,000,000 to $12,000,000.

I am reducing this item by $2,000,000 to conform with the actions taken in Item 4260-111-0001.

Item 4260-111-0890—For local assistance, Department of Health Services. I reduce this item from $1,029,448,000 to $1,026,378,000.

I am reducing this item by $3,070,000 to conform to the actions taken in Item 4260-111-0001.

Item 4260-113-0001—For local assistance, Department of Health Services. I reduce this item from $23,836,000 to $23,496,000 by reducing:

(3) 20.10.030-Benefits (Medical Care and Services) from $36,470,000 to $35,490,000, and

(4) Amount payable from the Federal Trust Fund (Item 4260-113-0890) from $72,038,000 to $71,398,000.

I am deleting the $340,000 General Fund legislative augmentation for the Department of Health Services to conduct a Rural Health Demonstration Project for special populations. The Budget contains $9 million for the Managed Risk Medical Insurance
Board to conduct Rural Health Demonstration Projects. Due to fiscal constraints and limited General Fund resources, I cannot support an expansion of the Project at this time. I am also deleting $640,000 from the Federal Trust Fund, Item 4260-113-0890 to conform to this action.

Item 4260-113-0890—For local assistance, Department of Health Services. I reduce this item from $72,038,000 to $71,398,000. I am reducing this item by $640,000 to conform to the action I have taken in Item 4260-113-0001.

Item 4280-101-0890—For local assistance, Managed Risk Medical Insurance Board. I reduce this item from $122,536,000 to $120,536,000 by reducing:
(2) Healthy Families Program from $604,140,000 to $598,240,000;
(3) Amount payable from the Federal Trust Fund (Item 4280-101-0890) from −$375,855,000 to −$371,955,000;
and by deleting Provisions 1 and 3.

I am deleting the legislative augmentation of $2,000,000 General Fund for the Healthy Families Program (HFP) to implement Rural Health Demonstration Projects. The HFP already administers Rural Health Demonstration Projects, and the Budget includes $9 million ($3 million General Fund) for this purpose. I cannot support this legislative augmentation because of fiscal constraints and limited General Fund resources. In addition, I am deleting $3,900,000 from the Federal Trust Fund, Item 4280-101-0890 to conform to this action.

I am deleting Provision 1 which would change the Administration’s commitment to fully fund the HFP from all enrolled “children” to “families”. While the 2001–02 Budget fully funds the proposed HFP parental expansion, this capped program is not intended to be an entitlement. Funding of the provision would involve a significant commitment of state funds at a time when state resources are limited. The Administration’s commitment in the HFP is to ensure coverage for all eligible children and expand the program to parents as state and federal resources permit and as allowed by the federal government.

I am sustaining the $5,000,000 legislative augmentation for the Major Risk Medical Insurance Program (M RMIP). However, I am deleting Provision 3 because it targets the additional resources solely towards enrollment in the program rather than making it available for the M RMIP enrollment and/or other private/public sector market-based efforts to improve access to health insurance for medically uninsurable persons. My Administration will continue to work with the Legislature and the insurance industry to further develop and implement such market-based efforts.

Item 4280-101-0890—For local assistance, Managed Risk Medical Insurance Board. I reduce this item from $375,855,000 to $371,955,000.

I am reducing this item by $3,900,000 to conform to the action I have taken in Item 4280-101-0001.

Item 4300-003-0001—For support of Department of Developmental Services. I revise this item by deleting Provision 9.

I am deleting Provision 9 because this language is contrary to federal and state regulations. This provision would require the Department of Developmental Services to develop, by November 1, 2001, a visual method of readily identifying developmentally disabled individuals placed, pursuant to the California Penal Code, within the secured perimeter at Porterville Developmental Center (Porterville) and to implement the identification method by January 1, 2002.

Although I am vetoing this provision, I am sensitive to the safety and security needs of the local community surrounding Porterville. During my Administration, I have included funding to increase the number of police and security officers ten-fold; construct two 16-foot fences around the area in which the behavioral/forensic consumers reside and observation towers to allow the whole area to be under visual control; construct a Sally Port through which all visitors must be screened; institute electronic locking and alarm systems; and establish a comprehensive set of policies and procedures relating to security and staff training. Implementing a visual identification method, which may include uniforms, would likely result in litigation and/or loss of
federal funding. Loss of federal funding for these individuals in Porterville would result in new, multi-million dollar General Fund costs.

Item 4300-101-0001—for local assistance, Department of Developmental Services. I reduce this item from $1,514,845,000 to $1,508,194,000 by reducing:

(1) 10.10.010—Operations from $381,782,000 to $377,486,000
(2) 10.10.020—Purchase of Services from $1,660,248,000 to $1,653,352,000
(6) Reimbursements from −$512,476,000 to −$512,231,000.

I am deleting the legislative augmentation of $2,600,000 ($2,355,000 General Fund and $245,000 reimbursements) for rate increases for in-home and out-of-home respite workers and day program (non-mobile consumers) providers. The 2000–01 Budget provided $42.2 million ($22.3 million General Fund) for a 10 percent rate increase for salaries and wages and a 5 percent rate increase for associated administrative costs. California is heading into a difficult year with its softening economy and substantial revenue decreases. Consequently, the General Fund expenditures in this Budget are down 1.7 percent over the prior year. Given the previous rate increase and the limited resources in the General Fund, I cannot support further rate increases at this time.

I am sustaining the legislative augmentation of $750,000 General Fund for the Devereux Facility on a one-time basis.

I am reducing this item by $2,596,000 for Regional Center clinical staffing ratio increases for evaluation and service coordination in the Early Start Program and workload driven staffing positions for therapy, audiology, and support. The May Revision of the Budget proposed this reduction, which was rejected by the Legislature. California is heading into a difficult year with its softening economy and substantial revenue decreases. Consequently, the General Fund expenditures in this Budget are down 1.7 percent over the prior year. I am open to considering funding for this worthy program in the future when the economy improves.

I am reducing this item by $1,700,000 for the expansion and implementation of a redesigned special incident reporting system for Regional Center providers. The redesign of the special incident reporting system is important, as it will help to ensure compliance with federal requirements and continued federal funding under the Home and Community-Based Services waiver. However, due to the uncertainty of the economy and General Fund revenues, this reduction is necessary to establish a prudent General Fund reserve. With this reduction, the Budget contains $7,544,000 ($5,770,000 General Fund) for the expansion and implementation of a redesigned special incident reporting system. However, due to the uncertainty of the economy and General Fund revenues, this reduction is necessary to establish a prudent General Fund reserve. With this reduction, the Budget contains $7,544,000 ($5,770,000 General Fund) for the expansion and implementation of a redesigned special incident reporting system. It is my intent to include this funding in the 2002–03 Budget, given the importance of continued federal funding and my commitment to meet federal requirements placed on the Regional Centers.

I am reducing funding for state hospital security improvements by $2,644,000, to $5,000,000 and directing the Department of Mental Health to make its highest priority improvements that ensure staff and patient safety. It is my intent to include funds to complete the security improvements to the state hospitals in 2002–03. Given the fiscal
constraints and limited General Fund resources, it is appropriate to prioritize the secu-

Item 4440-101-0001—for local assistance, Department of Mental Health. I reduce
this item from $160,421,000 to $144,004,000 by reducing:

(1) 10.25—Community Services—Other Treatment from $981,981,000 to
$968,431,000;

(2) 10.40—Community Services—Adult System of Care from $7,772,000 to
$7,000,000; and

(3) 10.47—Community Services—Children’s Mental Health Services from
$41,854,000 to $39,759,000.

I am reducing the $350,000 legislative augmentation to fund the California Mental
Health Advocacy Commission. This Commission would duplicate much of the work
already being accomplished by the statewide Mental Health Planning Council and
statewide advocacy groups. Due to fiscal constraints and limited General Fund
resources, it is inappropriate to expand State government by establishing another state-

I am deleting the $3,000,000 legislative augmentation to fund the Mental Health
Respite Care Pilot Program. This augmentation would provide resources for local
respite assistance services and could constitute a new state-funded entitlement
program. Counties are charged with providing mental health services to residents and
have been provided funding for these services through State-Local Realignment. To the
extent new categorical programs are established, responsibility for funding these
programs shifts to the State. If counties desire to provide respite assistance programs,
such programs can be implemented and supported through existing local resources.

I am reducing $5,000,000 for the Supportive Housing Program. I proposed this
reduction as part of the May Revision of the Budget. The Legislature rejected that
reduction, restoring the funding. California is heading into a difficult year with its soft-
ening economy and substantial revenue decreases. Consequently, the General Fund
expenditures in this Budget are down 1.7 percent over the prior year. This funding was
new in 2000–01, and most of the programs are just beginning. Therefore, this reduction
is likely to have little impact on established programs or clients. The Budget continues
$20.1 million for supportive housing programs and $65.6 million for Integrated
Services for Homeless Adults.

I am reducing $2,095,000 for the Children’s System of Care. The Budget provides
$443.3 million for mental health treatment to Medi-Cal eligible children and $13
million for mental health services for children in the Healthy Families Program, and
sustains $39.8 million for the Children’s System of Care. I am highly supportive of
children’s mental health programs. However, California is heading into a difficult year
with its softening economy and substantial revenue decreases. Consequently, the
General Fund expenditures in this Budget are down 1.7 percent over the prior year. I
take this action as a matter of consistency because the discretionary budgets for nearly
all State departments funded from the General Fund have been reduced similarly. I am
open to considering funding for this worthy program in the future when the economy
improves.

I am reducing $100,000 for Dual Diagnosis Services for Underserved Populations.
I am sustaining the remaining $1.9 million. I note that this program spent $1.5 million
in 2000–01. California is heading into a difficult year with its softening economy and
substantial revenue decreases. Consequently, the General Fund expenditures in this
Budget are down 1.7 percent over the prior year. I am open to considering funding for
this worthy program in the future when the economy improves.

I am reducing $100,000 for the Institutions for Mental Disease Transition Pilot
Project, which is the Department of Mental Health’s portion of the Long-Term Care
Pilot Project. This project is a new program for 2001–02 and not all of the $750,000
provided in the Budget has been spent. In light of fiscal constraints and limited
resources in the General Fund, it is appropriate to reduce the funding for this program.

I am deleting $6,000,000 for Crisis Intervention and Stabilization Assistance. This
time-limited program initially funded in 2000–01 has not yet begun, and thus, no
ongoing services are affected. In light of fiscal constraints and limited resources in the
General Fund, I take this action as a matter of consistency because the discretionary budgets for nearly all State departments funded from the General Fund have been reduced similarly.

I am reducing $772,000 for the Adult System of Care. This pilot program which provides integrated mental health services to adults is similar to the Integrated Services to Homeless Adults program. I am increasing that program by $10 million in this Budget. In light of this increase and limited resources in the General Fund, I am taking this action as a matter of consistency as indicated above.

I am sustaining Provisions 4 and 5 on a one-time basis.

Item 4440-101-0890—For local assistance, Department of Mental Health. I revise this item by deleting Provision 4.

I am deleting Provision 4, which would require the Department of Mental Health to use $200,000 from budgeted local assistance federal funds to develop, by no later than June 30, 2002, a comprehensive statewide plan for the prevention of suicide. The local assistance funding provided in the Budget should be used for treatment services, rather than for administrative studies. Because county mental health is a state-funded, county-administered program, and because service priorities are determined at the local level, such studies should be developed in and by the communities that will operate and benefit from the programs.

Item 4440-103-0001—For local assistance, Department of Mental Health. I reduce this item from $209,856,000 to $204,815,000.

I am reducing this item by $5,041,000 to eliminate the 3 percent discretionary cost-of-living adjustment (COLA) for Mental Health Managed Care originally provided in the 2001–02 Budget. Under Medi-Cal, in 2000–01, psychiatrists received an 18.1 percent rate increase and psychologists received a 30 percent rate increase. These rate increases were also provided for these services under Mental Health Managed Care. In light of fiscal constraints and limited resources in the General Fund, I am eliminating the COLA for 2001–02. Even in the absence of the 3 percent COLA, funding for this program totals $204.8 million General Fund, an increase of $19.6 million General Fund in 2001–02.

Item 4440-111-0001—For local assistance, Department of Mental Health. I reduce this item from $12,247,000 to $11,747,000.

I am reducing this item by $500,000 for caregiver resource centers. Another program serving a similar population, the Traumatic Brain Injury (TBI) program, is being increased by $300,000 in on-going funding and $1.4 million in one-time funding. Due to fiscal constraints and limited resources in the General Fund, I cannot continue to fund the caregiver resource center program at the prior level and increase funding for the TBI program.

Item 4700-101-0001—For local assistance, Department of Community Services and Development. I reduce this item from $7,700,000 to $7,150,000 by reducing:

(2) 47-Naturalization Services from $6,650,000 to $6,150,000;

and by deleting:

(3) 97.20.004-Local Projects ($50,000)

(a) Napa County Coalition for Economic Opportunity for Napa Valley Coalition of Non-Profit Agencies: Model Program for Non-Profit Coalition Training and Purchasing of Services ($50,000).

I am reducing funding for the Naturalization Services Program by $500,000 General Fund. California is heading into a difficult year with its softening economy and substantial revenue decreases. Consequently, the General Fund expenditures in this Budget are down 1.7 percent over the prior year. I take this action as a matter of consistency because the discretionary budgets for many State programs funded from the General Fund have been reduced similarly. The Budget provides $6.2 million General Fund for the Naturalization Services Program, which I believe is sufficient to continue the provision of services on a priority basis.

I am deleting the legislative augmentation of $50,000 for the Napa County Coalition for Economic Opportunity for Napa Valley Coalition of Non Profit Agencies. The reduction is necessary due to fiscal constraints and limited resources in the General Fund.
Item 5100-001-0001—For support of Employment Development Department. I reduce this item from $30,514,000 to $29,514,000.

I am reducing this item by $1,000,000 to conform to the action taken in Item 5100-001-0870.

Item 5100-001-0870—For support of Employment Development Department. I revise this item by reducing:

1. 10-Employment and Employment Related Services from $211,339,000 to $211,820,000.

9. Amount Payable from the General Fund (Item 5100-001-0001) from $−30,514,000 to $−29,514,000.

I am reducing $1,000,000 and sustaining $4,000,000 of the $5,000,000 for the Faith Based Initiative. The grants associated with this program will provide job services and training to many individuals not traditionally served by the current system of workforce development. However, this reduction is necessary to provide for a prudent reserve for economic uncertainties. California is heading into a difficult year with its softening economy and substantial revenue decreases. Consequently, the General Fund expenditures in this Budget are down 1.7 percent over the prior year. I am open to considering funding for this worthy program in the future when the economy improves.

Item 5100-101-0001—For local assistance, Employment Development Department. I reduce this item from $950,000 to $900,000 by reducing:

2. 97-20-004-Local Projects from $700,000 to $650,000

(c) Women Advancing the Valley through Education, Economics and Empowerment (WAVE): Resource Center for WAVE from ($100,000) to ($50,000).

I am deleting the $50,000 legislative augmentation for this local project. This reduction is necessary due to fiscal constraints and limited resources in the General Fund. I am sustaining $650,000 in this item for local projects on a one-time basis.

I am sustaining the $250,000 legislative augmentation for the Youthbuild program on a one-time basis. This program provides training and services for economically disadvantaged youth to provide them with the skills necessary to obtain unsubsidized employment, to complete secondary or post-secondary education, to gain entrance to military service, or to obtain qualified apprenticeship.

Item 5160-001-0001—For support of Department of Rehabilitation. I reduce this item from $47,519,000 to $47,019,000 by reducing:

1. Vocational Rehabilitation Services from $320,287,000 to $317,940,000, and

8. Amount payable from the Federal Trust Fund (Item 5160-001-0890) from $−269,770,000 to $−267,923,000.

I am reducing $2,347,000 ($500,000 General Fund and $1,847,000 Federal Trust Fund) of the $320.3 million ($44.9 million General Fund) appropriated for the Vocational Rehabilitation Services program. The Vocational Rehabilitation Services program operates under an Order of Selection based on the availability of funding. Therefore, all of the Most Significantly Disabled clients will continue to be served. The reduction is necessary due to fiscal constraints and limited General Fund resources.

Item 5160-001-0890—For support of Department of Rehabilitation. I reduce this item from $269,770,000 to $267,923,000.

I am reducing this item by $1,847,000 to conform to the action taken in Item 5160-001-0001.

Item 5160-101-0001—For local assistance, Department of Rehabilitation. I reduce this item from $107,093,000 to $107,043,000 by reducing:

3.5) 97.20.004-Local Projects from $350,000 to $300,000

(a) Accessible San Diego: Welcome Center for Disabled from ($100,000) to ($50,000).

I am reducing the $50,000 legislative augmentation because this reduction is necessary due to fiscal constraints and limited resources in the General Fund. I am sustaining the remaining augmentations for projects on a one-time basis.

Item 5160-495—Reversion, Department of Rehabilitation. I delete this item.

I am deleting the reversion item added by the Legislature because I continue to support as a high priority, making state services and facilities available to persons with
disabilities. This funding was appropriated with two-year availability. The Americans with Disabilities Act Task Force I appointed, in conjunction with the Department of Rehabilitation, has already approved $11.6 million in projects. The Task Force is moving forward in identifying additional projects. A request for funding proposal has recently been circulated, with a deadline for response of July 23, 2001. It is anticipated that all available funding will be utilized.

Item 5180-001-0001—For support of Department of Social Services. I reduce this item from $95,932,000 to $93,932,000 by reducing:

(1) 16-Welfare Programs from $71,965,500 to $69,965,500.

I am deleting the $2,000,000 General Fund legislative augmentation for the Emergency Food Assistance Program for food bank infrastructure improvements. Over the past two years, $2 million General Fund has been appropriated for food bank infrastructure improvements. The State also has provided and continues to provide funding directly for food assistance for needy families. Federal and State expenditures for food assistance will be $4 billion ($152 million General Fund) in 2001–02. This includes expenditures for school meal programs, senior nutrition programs, the Women, Infants, and Children program, the federal Food Stamp program, and the California Food Assistance Program (CFAP). I also support making CFAP a permanent program as part of this Budget.

I am also deleting 2.0 positions approved by the Legislature, in lieu of the proposed contract services, to provide administrative oversight and assistance to the Alameda County Child Welfare Services agency, because of the State’s Formal Notice of Noncompliance issued to this county. Contract services are more appropriate because the work is time limited, the project is time sensitive, and filling positions for staff to be onsite in Alameda County may cause delays, which may have a negative impact on the State’s ability to perform its responsibilities.

Item 5180-101-0001—For local assistance, Department of Social Services. I reduce this item from $2,591,540,000 to $2,590,243,000 by reducing:

(5.5) 97.20.004-Local Projects from $3,782,000 to $2,485,000;

and by deleting Provisions 12 and 13 and revising Provisions 14 and 16.

I am deleting Provision 12, which states legislative intent to fully fund CalWORKs Stage One and Stage Two child care services. The Budget fully funds Stage One and Stage Two child care and includes a $153 million child care reserve to assure that sufficient funds are available if unanticipated needs arise after enactment of the budget.

I am deleting Provision 13, which states legislative intent to fully fund CalWORKs employment services. The Budget funds CalWORKs Employment Services at the current year level and includes a $30.1 million reserve available for unanticipated needs in any program for which Temporary Assistance for Needy Families Block Grant funds are appropriated, including CalWORKs benefits, employment services, county administration, and child care costs.

I am making a technical veto to correct language in Provision 14 to conform the language to legislative actions that provided a $6,500,000 General Fund augmentation for the ongoing support of foster children and Independent Living Program services for youth over 18 years. I am also deleting language referencing implementation of an Internet-based Web application to facilitate foster youth access to personal history record information because the $1.5 million General Fund augmentation for this purpose was included in Item 5180-151-0001.

“14. Of the funds appropriated in this item, an amount not to exceed $6,500,000 shall be available for the ongoing financial support of foster children and Independent Living Program services for youth over 18 years; and implementation of an Internet-based Web application to facilitate foster youth access to their personal history information upon the enactment of a statute establishing the program during the 2001–2002 Regular Session.”

I am revising Provision 16 to delete certain legislative augmentations for local projects. These reductions are necessary due to fiscal constraints and limited resources in the General Fund. I am sustaining $2,560,000 in this item for local projects on a one-time basis. I revise Provision 16 as follows to conform to these reductions:
16. Of the funds appropriated in this item, $3,782,000 shall be for the following projects:

(a) CARECEN: Renovation of New Headquarters (100,000)

(b) Catholic Charities of Los Angeles: Guadalupe Center in Canoga Park, Renovation (150,000)

(c) Community Development Council of Orange County: New Food Delivery Trucks for Food Bank (68,000) (35,000)

(d) County of Sonoma: Valley of the Moon Children’s Home—Construction of New Facility (250,000)

(e) County of Sonoma: Valley of the Moon Children’s Home—Construction of New Facility (500,000)

(f) Feedback Foundation Anaheim: Capital Goods for Senior Food Bank (100,000) (50,000)

(g) Highlands Pre-school and Childcare Center, Infant Toddler Program for Working Poor (50,000)

(h) People Assisting the Homeless (PATH) Los Angeles: Program Outreach (75,000)

(i) Welsspring Women’s Center: Purchase of New Energy Efficient Heating Unit (25,000)

(j) Pomona Valley Center for Community Development: After-School Care Program at the Pomona Valley Center for Community Development (40,000) (50,000)

(k) Latin American Civic Association: Headstart (200,000) (50,000)

(l) New Economics for Women: Construction of Community Educational Center for the La Posada Housing Project; New Economics for Women (NEW) (250,000)

(m) City of Milpitas: Expansion of the Milpitas’ “stay and play” Program (75,000)

(n) City of Burbank: Childcare Demonstration Project (50,000) (40,000)

(o) El Centro del Pueblo: For case management and after school services in conjunction with the family development network collaboration (190,000) (75,000)

(p) Mid-Valley YMCA: Mid Valley YMCA Afterschool Childcare program (50,000)

(q) Women’s Shelter of Long Beach: Transitional Shelter for Domestic Violence Victims & Families (25,000) (60,000)

(r) Toberman Settlement House: Capitol Development Program (50,000);

(s) Valley of the Moon: Children’s Home (100,000)

(t) First A.M.E. Church: First A.M.E. Church Welfare-to-Work Program in Los Angeles (250,000) (225,000)

(u) Mothers in Action: Mothers in Action Program in Los Angeles (200,000) (25,000)

(v) Valley of the Moon: Children’s Home (100,000)

(w) Ward Family Life Programs: Domestic Violence and Health and Well-Being Programs (250,000) (200,000)

(x) Al Wooten, Jr. Heritage Center: Domestic Violence and Health and Well-Being Programs (100,000) (70,000)

(y) City of Springville: Springville Community Preschool and Childcare playground (25,000)

(z) City of Oceanside: Middle School After School Programming (50,000)

(aa) City of Twentynine Palms: Knott’s Sky Park pre-School (50,000)

(ab) Mexican American Opportunities Foundation: Cargo Van; Mexican American Opportunities Foundation (20,000)

(ac) Clara Mateo Alliance, Inc.: Homeless Women and Children’s Day Service Center (100,000) (80,000)

Item 5180-141-0001—For local assistance, Department of Social Services. I reduce this item from $405,197,000 to $400,997,000 by reducing:

(2) 16.85-Automation Projects from $254,425,000 to $248,319,000;
Amount payable from the Federal Trust Fund (Item 5180-141-0890) from −$557,599,000 to −$555,693,000; and by deleting Provision 10.

I am reducing this item by $3,226,000 ($1,700,000 General Fund) to reduce funding for Statewide Automated Welfare System (SAWS) oversight. This action is necessary to protect other vital programs and to provide for a prudent General Fund reserve for economic uncertainties. In addition, each of the SAWS projects includes funding and staff for oversight activities. I am directing the Department of Social Services (DSS) and the Health and Human Services Agency Data Center (HHISDC) to jointly re-evaluate the role of the SAWS Oversight Committee, the HHISDC, the DSS, and the Department of Information Technology in overseeing the SAWS projects, and to phase the SAWS Oversight Committee out to the extent it is duplicative.

I am reducing this item by $500,000 for Statewide Fingerprint Imaging System implementation activities. This action is necessary to provide for a prudent General Fund reserve for economic uncertainties. I am sustaining $11.7 million General Fund to complete the implementation of this system and begin ongoing maintenance and operations in 2001–02.

I am reducing this item by $1,000,000 for Welfare Client Data System implementation activities. This action is necessary to provide for a prudent General Fund reserve for economic uncertainties. I am sustaining $81.8 million to continue the implementation of this system in 2001–02.

I am reducing this item by $1,380,000 ($1,000,000 General Fund) for Consortium IV implementation activities. This action is necessary to provide for a prudent General Fund reserve for economic uncertainties. I am sustaining $78.6 million to continue the implementation of this system in 2001–02.

I am deleting Provision 10, which requires the DSS to submit a report to the Legislature with options for an automatic transitional food stamp benefit for former CalWORKs recipients for up to three months after the recipient leaves cash assistance. The transitional benefit proposal would expand federal Food Stamp and California Food Assistance Program eligibility and result in additional General Fund costs for benefit payments and county administration.

Item 5180-141-0890—For local assistance, Department of Social Services. I reduce this item from $557,599,000 to $555,693,000.

I am reducing this item by $1,906,000 to conform to actions taken in Item 5180-141-0001.

Item 5180-151-0001—For local assistance, Department of Social Services. I reduce this item from $737,672,000 to $726,494,000 by reducing:

1. 25.25-Children’s Services from $1,789,208,000 to $1,781,613,000;
   (a) 25.25.010-Child Welfare Services from $1,674,066,000 to $1,672,671,000;
   (b) 25.25.020-Adoptions Program from $89,159,000 to $88,959,000;
   (c) 25.25.030-Child Abuse Prevention from $25,983,000 to $19,983,000;
2. 25.35-Special Programs from $126,995,000 to $122,917,000;
   (a) 25.35.010-Specialized Services from $8,944,000 to $5,644,000;
   (b) 25.35.050-County Services Block Grant from $92,304,000 to $91,526,000;
(6) Amount payable from the Federal Trust Fund (Item 5180-151-0890) from −$1,136,637,000 to −$1,136,142,000; and by revising Provisions 6 and 10.

I am deleting $400,000 General Fund and $495,000 Federal Trust Fund for Child Welfare Services Case Management System staff development in order to maintain a prudent reserve for economic uncertainties. As the Department has the ability to prioritize the efforts of the training program, I am directing it to give primary attention to the most urgently needed training in order to minimize the impact of the reduction.

I am deleting $500,000 General Fund for the Supportive and Therapeutic Options Program due to fiscal constraints and limited resources in the General Fund. It is my intent that no child be removed from this program and that savings will occur from attrition. Additionally, counties are projected to receive $1.1 billion in State-Local Realignment funding for community mental health services, which can be used for
children receiving Child Welfare Services as well as for children and youth at-risk of placement in exiting foster care.

I am deleting the $200,000 General Fund legislative augmentation to fund criminal background checks for adoptive applicants at the time of application, rather than reimbursing only those individuals who adopt, upon completion of an adoption. The Budget includes $872,000 ($436,000 General Fund) to reimburse adoptive parents for nonrecurring adoption expenses. I cannot support this augmentation due to fiscal constraints and limited resources in the General Fund.

I am deleting $1,000,000 General Fund for the Child Abuse Prevention, Intervention and Treatment program County Third Party Contracts, and retaining $13,395,000 General Fund to provide prevention and intervention services for children at risk of abuse or neglect. California is heading into a difficult year with its softening economy and substantial revenue decreases. Consequently, the General Fund expenditures in this Budget are down 1.7 percent over the prior year. I take this action as a matter of consistency because the discretionary programs for nearly all State departments funded from the General Fund have been reduced similarly.

I am deleting $5,000,000 General Fund retained by the Legislature for the Juvenile Crime Prevention programs. The May Revision proposed the elimination of $9.7 million General Fund for these programs due to fiscal constraints and limited resources in the General Fund. The Budget includes a separate $116.3 million General Fund appropriation for comprehensive multi-agency responses to juvenile crime, which is a continuation of a continuum of prevention and rehabilitation services, designed and operated at the local level and administered by the Board of Corrections.

I am reducing funding for the Special Circumstances Program by $3,300,000 General Fund. I support the services provided by this program; however, expenditures in this program over the last several years have approximated only 78 percent of the amount available for benefit payments. I am reducing the funding for payments under this program by $1,300,000. Additionally, changes to this program included in Budget trailer bill language would streamline the administrative determinations process and reduce the program’s administrative costs. Consequently, I expect an additional $2,000,000 General Fund savings related to administration of the program.

I am reducing funding for the County Services Block Grant basic costs by $778,000 General Fund. The May Revision proposed a reduction of $11.2 million ($5.9 million General Fund); however, the Legislature retained $778,000 General Fund of this amount to cover Non-Medical Out-of-Home Care administrative costs. I believe that the retained funding of $20.7 million ($11.3 million General Fund) will be sufficient to cover these costs and meet federal SSI program requirements.

I am revising this item by making a technical veto to correct language in Provision 6, to conform to the legislative actions that provided $74,300,000 General Fund for the augmentation to Child Welfare Services.

"6. Of the amount appropriated in this item, $124,874,000 shall be provided to counties to fund additional child welfare service activities and shall be allocated based on child welfare services caseload and county unit costs. However no county shall receive less than $100,000. These funds shall be expressly targeted for emergency response, family reunification, family maintenance and permanent placement services and shall be used to supplement, and shall not be used to supplant, child welfare services funds. A county is not required to provide a match of the funds received pursuant to this provision if the county appropriates the required full match for the county’s child welfare services program exclusive of the funds received pursuant to this provision. These funds are available only to counties that have certified that they are fully utilizing the Child Welfare Services/Case Management System (CWS/CMS) or have entered into an agreed upon plan with the State Department of Social Services outlining the steps that will be taken to achieve full utilization. The department shall reallocate any funds that counties choose not to accept under this provision, to other counties based on the allocation formula specified in this provision."
The department, in collaboration with the County Welfare Directors Association and representatives from labor groups representing social workers, shall develop the definition of full utilization of the CWS/CMS, the method for measuring full utilization, the process for the state and counties to work together to move counties toward full utilization, and measurements of progress toward full utilization.”

I am revising this item by making a technical veto to correct language in Provision 10, to conform the language to legislative actions that provided a $1,500,000 General Fund augmentation for development and implementation of a pilot Internet-based Health and Education Passport in the County of Los Angeles.

10. Of the funds appropriated in this item, $2,000,000 $1,500,000 shall be for the pilot of the Internet based Health and Education Passport in the County of Los Angeles, to collect and maintain health and education records for children in the foster care system, as required authorized by Section 16010 16011 of the Welfare and Institutions Code. Of this amount, the Department of Finance may transfer up to $500,000 to Item 5180-001-0001 for support of the State Department of Social Services, to provide technical assistance in preparation of the Advance Planning Document, provide Independent Verification and Validation to ensure SACWIS compliance, and to ensure that the project meets federal and state guidelines and privacy requirements.”

Item 5180-151-0890—For local assistance, Department of Social Services. I reduce this item from $1,136,637,000 to $1,136,142,000.

I am reducing this item by $495,000 to conform to the actions taken in Item 5180-151-0001.

Item 5240-001-0001—For support of Department of Corrections. I reduce this item from $4,246,968,000 to $4,241,601,000 by reducing:

(1) 21-Institution Program from $3,250,387,000 to $3,245,770,000;
(3) 31-Community Correctional Program from $433,438,000 to $432,688,000; and
and by deleting Provision 11.

I am deleting the $750,000 legislative augmentation for a Global Positioning Satellite System pilot project. The benefits of this technology in enhancing public safety have not been sufficiently demonstrated to justify the cost.

I am deleting Provision 11 to conform to this action.

I am deleting the $617,000 legislative augmentation to increase the uniform allowance for correctional supervisors because this issue would be more appropriately addressed through negotiations with the Department of Personnel Administration.

I am deleting the $4,000,000 augmentation for operating costs associated with the proposed retrofit of backup electrical generators at Department of Corrections institutions. Since the proposed retrofit will not occur this fiscal year, this augmentation is no longer necessary.

Item 5460-001-0001—For support of Department of the Youth Authority. I reduce this item from $299,703,000 to $298,768,000 by reducing:

(1) 20-Institutions and Camps from $313,750,000 to $312,815,000.

I am deleting $935,000 of the augmentation in the January Budget for deferred maintenance projects, leaving $5,000,000 to address this need. This action is essential due to fiscal constraints and limited resources in the General Fund.

Item 6110-001-0001—For support of Department of Education, I reduce this item from $51,519,000 to $50,445,000 by reducing:

(1) 10-Instruction from $57,754,000 to $57,355,000;
(2) 20-Instructional Support from $67,528,000 to $67,189,000;
(4) 41.00-Executive Management and Special Services from $8,197,000 to $8,077,000;
(5) 41.01-State Board of Education from $2,041,000 to $1,541,000;
(7.6) 97.20.004.001-Local Projects from $575,000 to $560,000; and
(9) Amount Payable from Federal Trust Fund (6110-001-0890) from −$109,660,000 to −$109,361,000

I am deleting the legislative augmentation of $100,000 in Schedule (1) and eliminating one position to support the Apprenticeship program. While I am supportive of
the Apprenticeship program, the need for an additional position has not been justified. I would also note that the Budget maintains a $1,944,000 augmentation for this program.

I am reducing Schedule (2) for the legislative augmentation of $213,000 and 0.9 personnel years for the Standardized Testing and Reporting and High School Exit Exam Workbook Program. The workload associated with the Workbook Program will be performed mainly by the contractor. Therefore, I cannot support providing additional funding for the Department of Education. I am deleting Provision 26 to conform to this action.

I am reducing Schedule (2) by $1,000 and eliminating 26.7 vacant personnel years. I share the concern raised by various legislators that several departments have excess and unnecessary position authority in their respective budgets. The elimination of these vacant positions will have no adverse affect on workload or educational services provided. Lastly, this action is consistent with the overall statewide policy regarding excess vacant positions being implemented in other departments with excessive salary savings.

I am reducing Schedule (2) by $125,000 and one position for the legislative augmentation to provide technical assistance relative to compliance with the Student Safety and Violence Prevention Act (Chapter 587, Statutes of 1999). This Act strengthened California’s nondiscrimination policy by conforming the Education Code to other state constitutional and Penal Code provisions. The department’s staffing already includes 15 positions for school safety-related programs, which are available to absorb any workload increase associated with this program. I am deleting Provision 35 to conform to this action.

I am reducing Schedule (4) by $120,000 and one position to eliminate the legislative augmentation for a development officer to leverage private support for education and to make a $20,000 technical correction. The Department’s staffing should provide adequate resources to respond to inquiries from parties interested in supporting California’s educational programs.

I am reducing Schedule (5) by $500,000 for distributing human rights and genocide model curriculum to all schools in the State. This action is necessary to provide for a prudent General Fund reserve for economic uncertainties. In addition, school districts can already use their general apportionment or other funds to obtain the model curriculum. I am deleting Provision 30 to conform to this action.

I am sustaining the $60,000 of the $75,000 proposed in Schedule (7.6), for the legislative augmentation provided to the Department of Education for the Weekend Parental Involvement Pilot Program on a one-time basis.

I am reducing Schedules (1) and (9) by $299,000 to conform to the actions taken in Item 6110-001-0890.

Item 6110-001-0890—For support of Department of Education. I reduce this item from $109,660,000 to $109,361,000 and delete Provision 14.

I am deleting the legislative augmentation of $299,000 and 3 positions in the State Department of Education, intended to assist with the allocation of any specified federal technology funds received. The budget provides an increase of $850,000 for the California Technology Assistance Project specifically to help school districts take full advantage of available federal funds. If California receives any increased federal funds, I suggest that they be used to supplement any existing available funds for additional technology equipment in schools.

I am deleting Provision 14 to conform to this action.

Item 6110-006-0001—For support of Department of Education (Proposition 98). I reduce this item from $34,483,000 to $33,483,000 by reducing:

1. 10.60.040-Instruction, State Special Schools from $39,370,000 to $38,370,000:
   (b) 10.60.040.002-School for the Deaf, Fremont from $14,347,000 to $13,347,000,

and by deleting Provision 3.
I am deleting the $1,000,000 legislative augmentation provided to the California School for the Deaf in Fremont. I am aware of the staffing issues in the Fremont area associated with comparable pay and cost of living. However, this augmentation is not the appropriate means of addressing the issue of equitable pay for staff at the State Special Schools. I also note that the Department of Personnel Administration is already working to address this issue to provide a long term and more viable solution.

I am deleting Provision 3 to conform to this action.

Item 6110-101-0001—For local assistance, Department of Education (Proposition 98), I reduce this item from $4,559,000 to $2,934,000 and revise Provision 1.

I am reducing local projects by $1,625,000. This action is essential due to fiscal constraints and limited resources in the General Fund. The individual projects remaining in this item are being sustained on a one-time basis.

Additionally, I am reducing the $1,000,000 augmentation for the National Hispanic University by $300,000. The remaining $700,000, in combination with $250,000 I am sustaining in a separate item, will be used toward the purchase of additional land for this unique university. This university serves the entire state of California in its mission to educate bilingual teachers and to increase the number of math, science and technology degrees granted. I also note that a technical error was made in designating these funds as Proposition 98. I request the Department of Finance to inform the State Controller that the $700,000 appropriated for this purpose will not be so designated in our official calculation of the guarantee.

"1. The funding in this item shall be allocated for the following local projects:
(a) San Fernando Middle School: Renovation of the San Fernando Middle School Auditorium (500,000) (350,000)
(b) Mount Pleasant School District—National Hispanic University Lease Purchase Agreement (1,000,000) (700,000)
(c) Elk Grove Unified School District: Elk Grove Community Pool (50,000)
(d) Fremont Elementary School, Santa Ana Unified School District: Fremont Elementary School playground equipment (50,000) (30,000)
(e) Gilbert Elementary School, Garden Grove Unified School District: Gilbert Elementary School playground equipment (110,000) (40,000)
(f) Jackson Elementary School, Santa Ana Unified School District: Jackson Elementary School playground equipment (80,000) (55,000)
(g) Lennox School District: Purchase computers (125,000) (75,000)
(h) Rancho Cordova Elementary School: Rancho Cordova Elementary School playgrounds (50,000)
(i) Rancho Cordova High School: Light fixtures (25,000)
(j) Sunnyvale Elementary School District: Program funds for Project H.E.L.P (100,000)
(k) Fremont Union High School District: Digital Divide Scholarship Program (100,000) (75,000)
(l) East Side Union High School District: Laptops for under-achieving 9th graders (50,000) (47,000)
(m) Los Angeles Unified School District: Health clinic at San Fernando High School (200,000)
(n) Merced Union High School District, Education Foundation: Construction of Golden Valley Pool (250,000) (172,000)
(o) Merced Union High School District: Buhach High School Aquatic Facility (250,000) (190,000)
(p) Ceres Unified School District: Ceres High School Performing Arts Center (250,000) (100,000)
(q) Alameda Unified School District: Woodstock Child Development Center (100,000) (65,000)
(r) East San Gabriel Valley Regional Occupational Program: East San Gabriel Valley Occupational Program and Technical Center (75,000)
(s) Alhambra Unified School District: Mark Keppel High School HVAC system repair and improvement (250,000)
(t) Fremont Unified School District: Renovation of the Tak Fudenna Stadium (50,000)
(u) Glendale Unified School District: Latino Student Initiative Program (50,000) (40,000)
(v) Glendale Unified School District: Middle School Technology Lab Program (75,000) (35,000)
(w) Verdugo Hills High School: Equipment (31,000) (20,000)
(x) Mountain Avenue Elementary School: Computers (15,000) (15,000)
(y) Pasadena Unified School District: Greening Project (25,000) (20,000)
(z) Long Beach Unified School District, Los Angeles County Office of Education COE ($250,000) each to LBUSD and LACOE: Augmentation for specialized secondary schools: California Academy of Math and Science (CAMS) and Los Angeles County High School for the Arts (LACHSA) (100,000)
(aa) Long Beach Unified School District: Request for matching funds for district's participation in Malcolm Baldrige National Quality Program (50,000)
(ab) Sacramento City Unified School District: Didion/Lewis Park Multi-Use Recreational Center (175,000) (65,000)
(ac) Sacramento Unified School District: After School Arts and Education Program (Public/Private partnerships for arts education through Sacramento City Unified School District) (75,000) (40,000)
(ad) Golden Valley Unified School District: Safe routes for travel to schools (100,000)
(ae) Simi Valley Unified School District: Joint-use tennis courts (100,000)
#af) Lennox Middle School: Lennox Middle School scholarship program (50,000)"

Item 6110-104-0001—For local assistance, Department of Education (Proposition 98). I revise this item by deleting Provision 6.
I am deleting Provision 6 of this item, which would authorize the use of up to $10 million from any potential savings during 2001–02 to be allocated for supplemental instruction transportation in 2002–03. School districts receive funds for supplemental instruction along with a variety of categorical programs and their general apportionment, all of which can be used to meet the costs of instruction, including transportation. In addition, this provision would result in significant pressure to provide future increases for this purpose without any regard to the availability of resources already provided by the State.

Item 6110-156-0001—For local assistance, Department of Education (Proposition 98). I reduce this item from $610,706,000 to $600,706,000 by reducing:

1. 10.50.010.001-Adult Education from $574,705,000 to $564,705,000, and by deleting Provisions 6 and 7.

I am reducing the $10,000,000 augmentation for the Adult Education program to better reflect estimated participation. As this program historically has not spent its entire budget allocation, the revised amount will be sufficient to maintain the existing level of service delivery. Even with this reduction, the Adult Education program experienced an increase of 4.7 percent above the current year total.

I am deleting Provisions 6 and 7 that would reallocate unexpended 2000–01 Adult Education funds for program increases. Existing audit findings, related to concurrent enrollment, need to be resolved prior to considering Adult Education funding increases. The Superintendent of Public Instruction currently has the authority to allocate any unused funding to school districts that can demonstrate a need to fund additional students. Finally, I am concerned that this proposal increases the revenue limit without enhancing either accountability or performance.

Item 6110-161-0890—For local assistance, Department of Education. I reduce this item from $667,190,000 to $664,818,000 by reducing:

4. 10.60.050.021-IDEA, Capacity Building, Special Education from $43,828,000 to $41,456,000, and by deleting Provision 12.
I am deleting the $2,372,000 legislative augmentation provided to expand the existing Quality Assurance and Focused Monitoring Pilot Program. I share the desire to improve results for all children, especially those with disabilities. However, my Budget already provides $1,420,000 for local assistance grants in the third year of the Quality Assurance and Focused Monitoring Pilot Program, and it would not be prudent to provide additional funds for this purpose until the tangible results from existing efforts are reviewed and best practices are identified.

I am deleting Provision 12 to conform to this action.

Item 6110-193-0001—For local assistance, State Department of Education (Proposition 98). I reduce this item from $180,769,000 to $180,464,000 by deleting:

(8) 20.60.113-Instructional support: Substitute Teacher Training Program ($305,000).

I am deleting the $305,000 legislative augmentation, contained in Schedule 8, for a program to provide professional development training to substitute teachers. I believe it is important to concentrate State resources on serving permanent instructional staff, many of whom have not yet had an opportunity to participate in state-funded professional development efforts. In addition, information regarding the scope and duration of the training that this augmentation would fund is lacking.

Item 6110-196-0001—For local assistance, Department of Education (Proposition 98). I reduce this item from $1,319,668,000 to $1,309,168,000 by reducing:

(f) 30.10.020.012-Special Program, Child Development, Alternative Payment Program Stage 3 from $214,326,000 to $203,826,000.

The Legislature’s addition of $33,500,000 in Subdivision (26) of Item 6110-485, in combination with actions taken to redirect $32,508,000 of one-time funding earmarked for child care facilities in Provision 2 (c) of this Item constitute a legislative augmentation of over $66 million for additional child care subsidies for former CalWORKs families who have exhausted eligibility in Stages 1 and 2. Those augmentations were predicated on the May Revision’s $280 million estimate as the amount needed to fully fund all estimated Stage 1 and 2 caseload that would time out off of their two-year transitional subsidized child care benefit through the budget year. However, the Stage 3 estimate has subsequently been revised downward by $20 million based on 3rd quarter data recently received from the State Department of Education. Based on this revised estimate and consistent with the Administration’s interest in reforming the State’s child care subsidy system, I am reducing $10.5 million from this item as a base veto and eliminating the $33.5 million one-time augmentation included in Subdivision (26) of Item 6110-485 for a total veto of $44 million. These actions will still leave funding sufficient for all caseload, under current eligibility, co-payment and subsidy policies, that would become eligible for discretionary Stage 3 services prior to February 1, 2002. The Budget still results in an increase of over $63 million from the prior year for this population for a total of approximately $236 million. I am, however, setting $24 million aside in the Proposition 98 Reversion Account for additional services through the remainder of the 2001–02 fiscal year contingent upon enactment of legislation by January 31, 2002, to reform the State’s subsidized child care programs in a manner that meets my objectives to use the existing resources allocated for these programs more effectively and to revise inequitable access policies that currently disadvantage low-income populations who have not received public assistance through CalWORKs.

Item 6110-199-0001—For local assistance, Department of Education. I delete this item and Provision 1.

I am deleting the $700,000 legislative augmentation for child nutrition startup and expansion grants to community-based organizations and local government agencies. This action is necessary to provide for a prudent General Fund reserve for economic uncertainties. The Budget Act continues to provide $1,000,000 for startup and expansion grants to local educational agencies.

I am deleting Provision 1 to conform to this action.

Item 6110-233-0001—For local assistance, Department of Education. I reduce this item from $17,779,000 to $550,000 and revise Provision 1.
I am deleting the $25,000 legislative augmentation for the Soledad Enrichment Action, Inc.: Charter School Girls Academy (reference Provision 1 (b) in this Item). This action is essential due to fiscal constraints and limited resources in the General Fund.

I am reducing the $400,000 augmentation for the National Hispanic University by $150,000. The remaining $250,000, in combination with $700,000 I am sustaining in a separate item, will be used toward the purchase of additional land for this unique university. This university serves the entire state of California in its mission to educate bilingual teachers and to increase the number of math, science and technology degrees.

I am deleting the $50,000 legislative augmentation for Ocean Institute Education (reference Provision 1 (e) in this Item). This action is essential due to fiscal constraints and limited resources in the General Fund. In addition, since the proposed funding amount would be insufficient to fully implement the project, greater future costs or pressures would likely result.

I am reducing the $500,000 legislative augmentation for Save the Children’s “Web of Support” by $400,000 (reference Provision 1 (g) in this Item). This action is essential due to fiscal constraints and limited resources in the General Fund.

The individual projects remaining in this item are being sustained on a one-time basis.

I am revising Provision 1 to conform to this action:

“1. The funds in this item shall be allocated for the following local projects:
(a) Building Up Los Angeles: Girls Today Women Tomorrow Mentoring Program (50,000)
(b) Soledad Enrichment Action, Inc.: Charter School Girls’ Academy (25,000)
(c) The National Hispanic University: Purchase and construction of 11-acre campus for the only National Hispanic University in the Southwest that celebrates 20th anniversary in 2001 (250,000)
(d) CHIME Institute for Children with Special Needs: Construction of healthy buildings (100,000)
(e) Ocean Institute: Ocean Institute Education (50,000)
(f) Communities in Schools: Lockeford Computers (50,000)
(g) Save the Children: Save the Children’s “Web of Support” (500,000) (100,000)”

Item 6110-485—Reappropriation (Proposition 98) Department of Education. I revise this item from $566,020,000 to $466,102,000 as follows:

I am deleting Subdivision (26) for CalWORKs Stage 3 Child Care services. Consistent with this Administration’s interest in reforming the State’s child care subsidy system, I am eliminating the $33.5 million one-time augmentation included in Subdivision (26) of this Item for the purposes explained in my actions on Item 6110-196-0001.

I am reducing Subdivision (27) by $2,500,000 as follows:

“(27) $8,000,000 $5,500,000 to be set aside on a one-time basis pursuant to legislation enacted during the 2001-02 Regular Session for career/technical education services.”

The Legislature proposed setting aside $8,000,000 from the Proposition 98 Reversion Account for career/technical education. I am reducing this amount by $2,500,000, thereby sustaining $5,500,000 for this program on a one-time basis. Although I am supportive of career/technical education, this action keeps state spending in line with revenues and provides for a prudent General Fund reserve for economic uncertainties. I am amending Subdivision (27) to conform to this action.

I am reducing Subdivision (36) by $1,750,000 as follows:

“(36) $2,250,000 $500,000 to the State Department of Education to allocate to school districts for one-time costs associated with the English Language Development Test.”

I am reducing by $1,750,000 the $2,250,000 legislative augmentation for one-time costs associated with the English Language Development exam. I am sustaining $500,000 to fund district apportionments for an estimated 333,000 English Language Learners expected to enter the California public school system in 2001–02. These
students are required to be assessed under State law within 30 days of enrollment. I am supportive of this assessment, which is aimed at measuring English Language Proficiency of English Language Learners, which will assist in the appropriate placement of these students.

I am deleting Subdivisions (28), (29), (34), and (38) as follows:

I am deleting the legislative augmentation of $26,468,000 in Subdivision (28) in this item to the State Department of Education for the Year Round School Grant Program. These funds were requested to address the impact of unintended consequences to the Year Round School Grant Program resulting from the enactment of Chapter 407, Statutes of 1988 (SB 50, Greene). However, given the State’s fiscal condition, I believe it would be more appropriate to correct the inequities imposed by this program through legislation, thus eliminating cost pressures to the State.

I am deleting the legislative augmentation of $32,300,000 in Subdivision (29) in this item to the State Department of Education (SDE) for the purpose of funding a current year augmentation for the K–3 Class Size Reduction (CSR) Program. The SDE provided the CSR Program with a cost-of-living adjustment in excess of the rate provided by the Legislature and the Administration in the Budget Act of 1998, resulting in a lack of base funding in 2000–01. Given that the SDE has provided a rate in excess of that provided by the Legislature and the Administration, a more appropriate solution for this issue would be for the SDE to correct the current year per pupil rate, and then recalculate program costs to determine the actual amount required for this program.

I am deleting Subdivision (34) of this item, which would provide a $400,000 legislative augmentation to funds available for transportation costs associated with supplemental instruction. School districts receive funds for supplemental instruction along with a variety of categorical programs and their general apportionment, all of which can be used to meet the costs of instruction, including transportation. In addition, this provision would result in significant pressure to provide future increases for this purpose without any regard to the availability of resources already provided by the State.

I am deleting Subdivision (38) of this item for the reappropriation of $3,000,000 that is set aside for a management information system for Regional Occupational Centers and Programs pursuant to the enactment of legislation during the 2001–02 Regular Session. Any funds for this purpose are premature pending the completion of a data management study and approval of a feasibility study report for the Department of Education. Upon approval, funding for this system should be sought through the annual budget process.

Item 6110-490—Reappropriation, Department of Education. I revise this item by reducing Schedule (1) by $450,000 and deleting Schedule (2).

I am reducing by $450,000 the $950,000 legislative reappropriation for the legal defensibility of the High School Exit Exam in Item 6110-001-0001, Budget Act of 2000. This action is necessary to keep State spending growth in line with revenues and provide for a prudent General Fund reserve for economic uncertainties. The $500,000 remaining should be sufficient to cover costs during the year, as it is the amount expended during the prior year.

I am deleting the $250,000 legislative reappropriation for an evaluation of the Public Schools Accountability Act in Item 6110-001-0001, Budget Act of 2000. The Budget will still contain $500,000 in base funding which I believe to be sufficient to cover the costs associated with this evaluation.

I am revising Schedule (1) as follows and deleting Schedule (2) to conform to these actions:

“(1) $500,000 from Item 6110-001-0001 of the Budget Act of 2000 (Ch. 52, Statutes of 2000). These funds shall be used for the purposes of ensuring the legal defensibility of the High School Exit Examination, including its reliability and validity.”

Item 6110-495—Reversion, Department of Education, Proposition 98. I am revising this item by deleting Schedule 16.

I am deleting Schedule 16 that would revert $17.5 million from the existing balance of the Child Care Facilities Revolving Fund in order to partially fund an augmentation
of CalWORKs Stage 3 child care services on a one-time basis in Item 6110-485. I object to this reversion because it would limit the amount available to maintain adequate facilities for General Child Care and Preschool programs as well as for facilities which may be needed to support the CalWORKs center based pilot program which is designed to provide high quality, Title 5 compliant child care options for CalWORKs families receiving subsidized care. While I am setting aside $24 million to partially restore the amount I have vetoed from the Proposition 98 Reversion Account in Schedule (26) of Item 6110-485, other actions I have taken on the Budget will leave sufficient resources available in the Proposition 98 Reversion Account to fulfill that commitment without the need for this reversion.

Item 6120-101-0001—For local assistance, California State Library. I reduce this item from $410,000 to $352,000 and revise Provision 1.

I am reducing $58,000 of the $410,000 legislative augmentation for local library projects due to fiscal constraints and limited resources in the General Fund. Specifically, I am reducing the legislative augmentation for the City of Oakland from $100,000 to $77,000, and for the La Canada-Flintridge project from $75,000 to $40,000.

I am revising Provision 1 to conform to this action:

1. The funds appropriated in this item shall be allocated for local projects, on a one-time basis, as follows:
   (a) City of Oakland: African-American Museum and Library (100,000) (77,000)
   (b) City of La Canada-Flintridge-Joint Use Library for the City of La Canada-Flintridge and La Canada Unified School District (75,000) (40,000)
   (c) Westlake Village Library (10,000)
   (d) Agoura Hills Library (10,000)
   (e) City of Los Angeles: Woodland Hills Library (15,000)
   (f) City of San Diego: Logan Heights Library (100,000)
   (g) Yuba County Library (100,000)"

Item 6120-221-0001—For local assistance, California State Library. I reduce this item from $56,870,000 to $52,970,000.

I am reducing this item by $3,900,000. This action is essential due to fiscal constraints and limited resources in the General Fund.

Item 6440-001-0001—For support of University of California, I reduce this item from $3,217,468,000 to $3,191,176,000 by reducing:

(1) Support from $3,079,171,000 to $3,055,161,000;
(2) Charles R. Drew Medical Program from $10,949,000 to $8,949,000;
(13) Local Projects from $600,000 to $318,000;

I am sustaining the $5,000,000 legislative augmentation for clinical teaching support at the university’s medical centers, neuropsychiatric institutes, and dental clinics. However, I am supporting this augmentation on a one-time basis, given fiscal constraints and limited resources in the General Fund.

I am deleting the $100,000 legislative augmentation to establish the Walter H. Capps Center for the Study of Religion and Public Life at the Santa Barbara campus. This action is necessary to keep State spending growth in line with revenues and provide for a prudent General Fund reserve for economic uncertainties. Furthermore, the University can use other funding sources for the Center if it is a high priority. I am deleting Provision 27 to conform to this action.

I am deleting the $1,500,000 legislative augmentation to establish the Silicon Valley Center, an off-campus center of the Santa Cruz campus. It would be premature to provide funds for this purpose prior to approval of this off-campus center by the California Postsecondary Education Commission. After the center has been approved, any requests for funds should be submitted through a budget change proposal as part of UC’s annual budget request. I am deleting Provision 28 to conform to this action.

I am deleting the $2,000,000 legislative augmentation to expand student services. California is heading into a difficult year with its softening economy and substantial
revenue decreases. Consequently, the General Fund expenditures in this Budget are down 1.7 percent over the prior year. I take this action to provide for a prudent General Fund reserve for economic uncertainties.

I am deleting the $1,000,000 legislative augmentation for the UCLA Center for the Study of Latino Health and Culture. This action is necessary to provide for a prudent General Fund reserve for economic uncertainties. I believe the University can use other fund sources for this Center if it is a high priority. I am deleting Provision 31 to conform to this action.

I am deleting the $2,000,000 legislative augmentation for the Charles R. Drew Medical Program. This action is necessary to keep State spending growth in line with revenues and provide for a prudent General Fund reserve for economic uncertainties. After this action, funding for this program remains at $8,949,000.

I am reducing the $600,000 legislative augmentation for various local projects by $282,000. I am sustaining the remaining $318,000 on a one-time basis. This action is essential due to fiscal constraints and limited resources in the General Fund. I am revising Provision 34 to conform to this action:

“34. The funds appropriated in Schedule (13) of this Item shall be allocated for the following local projects:

(a) UC: UC Ag Research Center, Monterey (200,000)
(b) University of California Los Angeles Advance Policy Institute: Creation of Internet Resource: “Living Independently in LA” (100,000)
(c) University of California, San Francisco, Center for Lesbian Health Research (100,000)
(d) University of California: UC Ag Extension in Monterey County (200,000)

I am deleting the $1,500,000 legislative augmentation for graduate and professional school outreach. California is heading into a difficult year with its softening economy and substantial revenue decreases. Consequently, the General Fund expenditures in this Budget are down 1.7 percent over the prior year. This action is necessary to provide for a prudent General Fund reserve for economic uncertainties. After this action, funding for this program remains at $3,200,000, in addition to $2,000,000 in matching university funds. I am deleting Provision 32 to conform to this action.

The following base reductions are essential due to fiscal constraints and limited resources in the General Fund. I take these actions as a matter of consistency because the discretionary budgets for nearly all State departments funded from the General Fund have been reduced similarly:

The $3,000,000 I proposed to fund Invasive Species Research.
The $3,000,000 I proposed to increase student services. I am deleting Provision 29 to conform to this action and my previous action to eliminate a $2 million legislative augmentation for this purpose.
The $1,100,000 I proposed to expand ASSIST-Articulation System Stimulated Inter-Institutional Student Transfer.
The $4,000,000 I proposed to continue genetic biomarker research, originally conducted by the March of Dimes. These funds were intended to be one-time in 2000–01, and were erroneously proposed in the 2001–02. I am revising Provision 23 to conform to this action:

“23. Of the amount appropriated in Schedule (1), $9,000,000 $5,000,000 is to fund the Medical Investigation of Neurodevelopmental Disorders (MIND) Institute, including $7,500,000 $3,500,000 for research, of which at least $4,000,000 is for genetic marker research.”

The $4,000,000 I proposed on a one-time basis to expand Internet2. After this action, the Budget still contains $14 million on a one-time basis to continue Internet2 connectivity for UC campuses, and $8 million in permanent funds, including funds to continue my commitment to provide Internet2 linkages between universities in California and Mexico to enhance collaboration among researchers, teachers, and students. I am revising Provision 24 to conform to this action:

“24. Of the amount appropriated in Schedule (1), $32,000,000 is for Internet connectivity and network infrastructure to grades K–12 schools and county
offices of education, and $14,000,000 is available, on a one-time basis, for Internet2 connectivity and infrastructure for UC campuses.”

I am deleting the $2,000,000 base funding for outreach programs. After this action, the University’s budget still includes $44,753,000 for these programs. I am requesting that UC allocate this reduction within the various programs outlined in Provision 10, at its discretion, in a manner that would minimize any negative impact on outreach efforts, and to report to the Administration and the Legislature on the allocation of this reduction. I am revising Provision 10 to conform to this action:

“10. Of the amount appropriated in Schedule (1), $46,753,000 is provided for new and existing outreach programs that are aimed at improving the chances for pupils from a wide diversity of backgrounds to become eligible for the University of California, as follows:

(a) The following amounts are for pupil academic development and school partnership programs and shall be matched on a one-to-one basis by the participating schools:

(1) Up to $17,500,000 is for pupil academic development programs, including MESA, Puente, and the Early Academic Outreach Program, so that these programs may increase the number of pupils who participate in the programs and may offer services such as college admissions test preparation programs, fee waivers for Advance Placement tests, and an increased number of field trips for high school and middle school participants to visit college campuses.

(2) Up to $10,000,000 is provided for K–12 school partnership programs to systemically reform partner schools in order to achieve long-term improvements in student success.

(3) Up to $1,000,000 is provided for pupil academic development programs and K–12 partnership programs in the Central Valley.

(b) Up to $4,500,000 is provided for services to community college students to promote transfer, particularly among community colleges with historically low transfer rates or a large proportion of disadvantaged students.

(c) Up to $1,000,000 is provided for informational outreach to pupils, families, and K–12 teachers and counselors.

(d) Up to $1,000,000 is provided for charter schools.

(e) Up to $3,200,000 is provided for systemwide graduate and professional school outreach, to be matched by $2,000,000 in university funds.

(f) Up to $1,500,000 is provided for long-term evaluation of the effectiveness of outreach programs, including college graduation rates for pupils who participated in the K–12 programs, regardless of the college attended.

(g) Up to $4,553,000 over and above any funds provided under (a)(1) is provided to support MESA programs.

(h) Up to $2,500,000 is provided for recruitment and admission efforts intended to yield immediate short-term results, including up to $750,000 to support campus efforts to move toward comprehensive assessment of freshmen applications, up to $1,000,000 for student-initiated outreach activities focused on recruitment and mentorships aimed at high school juniors and seniors, and up to $750,000 for other high-yield recruitment activities such as campus visits, phone banks, mailings, and student prep events. Of the $750,000 appropriated to support campus efforts to move toward comprehensive assessment of freshmen applications, funding shall be provided to campuses contingent on the elimination of the two-tiered admissions system and the establishment of a unitary admissions review process.”

I am reducing the $500,000 base funding for the Multi-campus Research Unit for Labor Studies. I am revising Provision 21 to conform to this action:

“21. Of the amount appropriated in Schedule (1), $5,500,000 shall be used for UC Berkeley/UCLA to support the Multi-campus Research Unit for Labor Studies.”
I am reducing $310,000 base funding for substance abuse research. After this action, the budget still includes $24,000,000 for this purpose. I am revising Provision 16 to conform to this action:

“16. Of the funds appropriated in Schedule (1), $24,310,000 $24,000,000 is for substance abuse research at the University of California, San Francisco campus in the Neurology Department.”

Item 6610-001-0001—For support of California State University, I reduce this item from $2,556,068,000 to $2,535,208,000 by reducing:

(1) Support from $3,377,256,000 to $3,357,006,000;
(2.5) Local Projects from $910,000 to $300,000;

and by revising Provision 17, and deleting Provisions 15 and 16.

I am deleting the $5,000,000 legislative augmentation for high cost programs. The University’s budget includes full funding for enrollment increases at the agreed-upon “marginal cost” amount per full-time equivalent student. The marginal cost formula used to determine additional funding needed for enrollment growth addresses both high cost and low cost programs by providing an “average” marginal cost amount. The University has the discretion to decide how to allocate these funds to each particular program, whether it would be to provide the same amount to each program, or to provide additional funding for high cost programs and a lesser amount for lower cost programs. I am deleting Provision 16 to conform to this action.

I am deleting the $250,000 legislative augmentation for the CSU Program for Education and Research in Biotechnology. This action is necessary to keep State spending growth in line with revenues and provide for a prudent General Fund reserve for economic uncertainties. I am deleting Provision 15 to conform to this action.

I am reducing the $910,000 legislative augmentation for various local projects by $610,000. I am sustaining the remaining $300,000 on a one-time basis. These actions are essential due to fiscal constraints and limited resources in the General Fund. I am revising Provision 17 to conform to this action:

“17. The funds appropriated in Schedule (2.50) of this item shall be allocated for the following local projects:

(a) California State University of San Bernadino: Projects to establish the Water Resource Institute ($50,000)
(b) California State University: CSUPERB Biotechnology Center-Pasadena. These funds shall be used for final site assessment and development of the Pasadena Bioscience Innovation and Training Center, and for development of a pilot bioinnovation workforce training program. The California State University will provide an update to the Legislature on the progress of this project during the 2002–03 budget deliberations ($250,000) ($200,000)
(c) CSU Portuguese Study Center ($260,000)
(d) CSL Stanislaus: Portuguese Studies ($250,000)
(e) San Francisco State University: Seeing Art at Work: Celebrating a Century of Labor Art in Northern California ($100,000)”

The following actions are essential due to fiscal constraints and limited resources in the General Fund. California is heading into a difficult year with its softening economy and substantial revenue decreases. Consequently, the General Fund expenditures in this Budget are down 1.7 percent over the prior year. I take these actions as a matter of consistency because the discretionary budgets for nearly all State departments funded from the General Fund have been reduced similarly.

The $2,000,000 reduction in base funding is for Agricultural Research. After this reduction, the budget still includes $4 million for this purpose.

The $12,500,000 reduction is for the Teacher Technology Professional Development Program. In the January Budget, I proposed an $18.5 million augmentation for this program. After this action, the Budget still includes $12.5 million, a $6 million increase over 2000–01.

The $500,000 reduction is for Marine Studies Research. In the January Budget, I proposed a $1 million augmentation for this program. After this action, the Budget still includes a $500,000 augmentation for this purpose.

Item 6610-491—Reappropriation, California State University. I delete this item.
I am deleting this reappropriation of $2,000,000 General Fund from Item 6610-301-0001, Budget Act of 2000, for design and construction of the Center for Animal and Veterinary Science Education, Phase 1A at the California State University, Pomona campus. The campus has not defined the final scope of this project, and I believe this funding, instead, should be used to build a prudent General Fund reserve in light of fiscal constraints.

Item 6870-001-0001 — For support of, Board of Governors of the California Community College (Proposition 98). I reduce this item from $14,129,000 to $13,379,000 by reducing:

(1) 10-Apportionments from $1,412,000 to $1,326,000;
(2) 20-Special Services and Operations from $18,904,000 to $18,490,000;
(3) 30.01-Administration from $5,459,000 to $5,373,000;
(4) 30.02-Administration—Distributed from $5,459,000 to $5,373,000;
(4.5) 97.20.004-Local Projects from $750,000 to $500,000;
and by revising Provision 3 and deleting Provision 2.

I am deleting the $86,000 augmentation and eliminating one position to support Compliance Review ($42,000) and Legal Affairs ($44,000). This action is necessary to keep State spending growth in line with revenues and provide for a prudent General Fund reserve for economic uncertainties.

I am deleting the $414,000 augmentation to support Enrollment Management ($109,000), Extended Opportunities Programs and Services (EOPS) and Cooperative Agencies Resources for Education (CARE) ($80,000), and five-year facilities planning ($125,000), and to collect baseline data for the Teacher and Reading Development Program ($100,000). These actions are necessary to provide for a prudent General Fund reserve for economic uncertainties. I am deleting Provision 2 to conform to this action.

I am adjusting Schedules (3) and (4) by −$86,000, and $86,000, respectively, to conform with my earlier action to delete augmentations for Legal Affairs and Compliance Review.

I am reducing the $750,000 legislative augmentation to contract for the operation of Community College Leadership Institute by $250,000. I am sustaining the remaining funds on a one-time basis. This action is essential due to fiscal constraints and limited resources in the General Fund. I am revising Provision 3 to conform to this action.

3. Of the funds appropriated in Schedule (4.5) of this item, $250,000 $500,000 shall be available for the California Community Colleges to contract with an institution of higher education within California to operate a Community College Leadership Institute to coordinate education and training opportunities for community college faculty, classified staff, trustees, and administrators for leadership roles in California Community Colleges.”

Item 6870-101-0001 — For local assistance, Board of Governors of the California Community Colleges (Proposition 98). I reduce this item from $2,733,941,000 to $2,608,341,000 by reducing:

(4) 10.10.040-Partnership for Excellence from $307,600,000 to $300,000,000;
(5) 20.10.005-Student Financial Aid Administration from $18,149,000 to $7,149,000;
(6) 20.10.010-Extended Opportunity Programs and Services and Special Services from $93,439,000 to $91,439,000;
(22) 20.30.050-Economic Development from $50,172,000 to $45,172,000;
(23) 20.30.070-Transfer Education and Articulation from $3,974,000 to $1,974,000;
and by deleting:

(24) 20.40.025-Scheduled Maintenance/Special Repairs ($49,000,000);
(25) 20.40.035-Instructional Equipment and Library Materials Replacement ($49,000,000);
and by revising Provisions 1, 6, 9, 10, 23, 24 and 27 and by deleting Provisions 8, 25, and 26.

I am deleting the legislative augmentation of $7,600,000 to provide the Partnership for Excellence program with a cost-of-living adjustment (COLA). Increased funding for this program should be based solely on the merits of improving student outcomes.
Furthermore, this funding would create a pressure on the State to provide a COLA for other discretionary programs.

I am deleting the legislative augmentation of $2,000,000 for Extended Opportunity Programs and Services (EOPS) book grants. This augmentation is not necessary as current law allows colleges to use base EOPS funding for books grants if so desired. The budget provides $79,663,000 for EOPS, which includes an augmentation of $5,200,000. I am revising Provisions 9 and 10 to conform to this action.

"9. Of the funds appropriated in Schedule (6), $79,663,000 is for Extended Opportunity Programs and Services in accordance with Article 8 (commencing with Section 69640) of Chapter 2 of Part 42 of the Education Code. Of this amount $6,000,000 represents an augmentation and may only be allocated to serve 10,000 additional students over the number served in the 1999–2000 fiscal year. Funds provided in this item for Extended Opportunity Programs and Services (EOPS) shall be available to students on all campuses within the California Community College system, including those students on new campuses or in new districts. $11,775,000 is for funding, at all colleges, the Cooperative Agencies Resources for Education (CARE) program in accordance with Article 4 (commencing with Section 79150) of Chapter 9 of Part 48 of the Education Code. The board of governors shall allocate funds on a priority basis and to local programs on the basis of need for student services."

"10. Of the funds appropriated in Schedule (6), at least $5,000,000 shall only be available to increase the amount of grants to students for purchasing books. In addition, these funds shall not supplant the amount of resources used for book grants by the community colleges in Extended Opportunity Programs and Services."

I am deleting a $5,000,000 augmentation to the Economic Development Program to provide additional Industry Driven Regional Collaboratives. These funds, instead, will be used to provide a set-aside of $4 million for increased nursing enrollments, as well as $1 million for curriculum development and pilot programs for training licensed nurses in specialty areas, pending enactment of legislation during the 2001–02 Regular Session. I am revising Provision 23 to conform.

"23. Of the funds provided in Schedule (22) of this item for the Economic Development Program:

(a) No more than $17,536,000 shall be allocated for grants for regional business resources assistance and innovation Network Centers.

(b) No less than $16,387,000 shall be allocated for Industry Driven Regional Education and Training Collaboratives. These grants shall be made on a competitive basis and the award amounts shall not be restricted to any predetermined limit, but rather shall be funded on their individual merits. Of this allocation, $5,000,000 shall only be available for additional regional collaboratives to address information technology, nursing and biotechnology workforce development services. These funds shall not supplant the amount of resources used in the 2000–01 fiscal year for regional collaboratives in the above-mentioned service areas.

(c) No more than $4,149,000 shall be allocated for statewide network leadership, organizational development, coordination, information and support services, or other program purposes.

(d) $5 million shall be available for Job Development Incentive Training programs focused on job creation for public assistance recipients. Any annual savings from this subdivision shall only be available for expenditure for one-time activities listed under subsection (j) of Section 88531 of the Education Code.

(e) No more than $2.1 million shall be allocated for Mexican International Trade Centers established pursuant to Section (a) of Ch. 959, Statutes of 1999.

(f) The following provisions apply to the expenditure of funds within subdivisions (a) and (b) above: Funds allocated for centers and regional collaboratives shall seek to maximize the use of state funds for subdivisions (g)
through (j) of Section 88531 of the Education Code. Funds allocated to districts for purposes of subdivisions (g) and (i) of Section 88531 of the Education Code for performance-based training and student internships shall be matched by a minimum of one dollar of private business and industry funding for each one dollar of state funds. Funds allocated for purposes of subdivision (h) of Section 88531 of the Education Code for credit and noncredit instruction may be transferred to Schedules (1) or (3) to facilitate distribution at the chancellor’s discretion. Any funds that become available from Network Centers due to savings, discontinuance or reduction of amounts shall first be made available for additional allocations in subdivision (b) above to increase the level of subsidized training otherwise available.

(g) Funds allocated by the board of governors under this provision shall not be used by community college districts to supplant existing courses or contract education offerings. The chancellor shall ensure that funds are spent only for expanded services and shall implement accountability reporting for districts receiving these funds to ensure that training, credit, and noncredit programs remain relevant to business needs. Programs that do not demonstrate continued relevance and support by business shall not be eligible for continued funding. The board of governors shall consider the level of involvement and financial commitments of business and industry as primary factors in making awards. The chancellor shall incorporate grant requirements into its guidelines for audits of Economic Development grants.”

I am deleting the proposed $11,000,000 for Cal Grant implementation. This action is necessary to keep State spending growth in line with revenues and provide for a prudent General Fund reserve for economic uncertainties. I am deleting Provision 8 to conform to this action.

I am deleting the legislative augmentation of $2,000,000 for Transfer Grants. I am supportive of increasing transfers, but believe that the $155 million augmentation I approved last year will greatly assist colleges in improving their transfer rates. I am revising Provisions 6 and 24 to conform.

“6. Funds provided in Schedule (4) are for the Partnership for Excellence Program established pursuant to Section 84754 of the Education Code. It is the intent of the Legislature that community college districts increase the level of instruction and student services provided to meet the system-wide goal for student transfer. The goal for the California Community Colleges is to increase the number of “transfer ready” students to provide enough applicants to increase by at least 6 percent annually the number of transfer students eligible to enroll at the University of California through the year 2005–06. The goal is also to increase the number of “transfer ready” students to provide enough eligible applicants to increase by at least 5 percent annually the number of transfer students eligible to enroll at the California State University through the year 2005–06.

Colleges accepting Partnership for Excellence funds shall, in connection with their transfer center planning process and annual updates, prepare a set of campus goals for annual change in transfer of eligible students through the 2005–06 academic year, a rationale for selecting those goals, and a plan for achieving those goals. These campus transfer goals, rationale, and plans shall be submitted to the Chancellor’s Office of the California Community Colleges as part of the annual update of the transfer center plan no later than December 1, 2001. The Chancellor’s Office of the California Community Colleges shall compile and submit campus transfer goals for annual change, the rationale for selecting those goals, and plans to achieve those goals to the Governor and the Legislature no later than February 1, 2002.

In administering the provisions of Sections 66734 and 84754 of the Education Code, the chancellor shall review the capacity and readiness of each community college district to meet the needs of students desiring to transfer.
From within existing resources, the chancellor shall provide technical assistance to community college districts as necessary to assure that each community college district identifies options to use its local resources most effectively for providing reasonable opportunities to transfer for students served by the district. Technical assistance shall be provided to any college with persistently low numbers or rates of transfer, with the goal that the number of transfers will increase by an average of 10 percent annually, as necessary to overcome these low numbers or rates by the 2004–05 academic year. On or before March 1, 2002, the chancellor shall provide a progress report to the Governor and the Legislature on this review and technical assistance, and, on or before April 15 of each year thereafter, shall report on progress each community college has made in increasing the number of transfers, along with campus expenditures on transfer-related activities, as part of the annual Partnership for Excellence report submitted to the Governor and the Legislature in accordance with paragraph (1) of subdivision (e) of Section 84754 of the Education Code.

24. Of the funds appropriated in Schedule (23), $589,000 is for Project ASSIST, $835,000 is for the California Articulation Number (CAN) system, $550,000 is for faculty articulation workshops through fiscal year 2004–05, and $2,000,000 is to be used for transfer grants designed to improve student success in transferring to the University of California and the California State University at community colleges with historically low rates of transfer to those institutions. The $2,000,000 for transfer grants shall be administered by the Chancellor of the California Community Colleges and may be used to augment existing transfer centers or to establish transfer academies at community colleges with historically low rates of transfer to the University of California and the California State University.

I am deleting $98 million for Scheduled Maintenance and the Instructional Equipment and Library Materials Replacement programs. California is heading into a difficult year with its softening economy and substantial revenue decreases. Consequently, the General Fund expenditures in this Budget are down 1.7 percent over the prior year. Historically, the State provides funds for these programs on a one-time basis. I take these actions as a matter of consistency because the Budget includes no discretionary funding for scheduled maintenance and instructional equipment for the California State University and the University of California. While I would like to maintain these funds as a base effort in these areas, this action is essential due to fiscal constraints and limited resources in the General Fund. I am open to considering funding for these worthy programs in the future when the economy improves. I am deleting Provisions 25 and 26 and revising Provisions 1 and 27 to conform to this action.

27. Of the funds appropriated in Schedules (24), (25) and (26) of this item, the Chancellor of the California Community Colleges shall have the discretion to transfer funds among these schedules to fund the highest infrastructure priorities of the system. Funds from Schedules (24) and Schedule (26) of this item may be used to fund architectural barrier removal projects that meet the requirements of the federal Americans with Disabilities Act of 1990 and seismic retrofit projects limited to $400,000. Districts that receive funds for architectural barrier removal projects shall provide a $1 match for every $1 provided by the state. The amounts in Schedules (24) and Schedule (26) shall be available for expenditure until June 30, 2003.

Item 6870-102-0001—For local assistance, Board of Governors of the California Community Colleges (Proposition 98). I reduce this item from $945,000 to $660,000 and revise Provision 1.

I am reducing the $945,000 legislative augmentation for local projects by $285,000. I am sustaining the remaining $660,000 on a one-time basis. This action is essential due to fiscal constraints and limited resources in the General Fund. I am revising Provision 1 to conform to this action.
1. The funds in this item shall be allocated for the following local projects:

(a) City College of San Francisco: Support Funding for Phase 1 of the facility to be jointly used by City College and San Francisco State University for Teacher Preparation, Child Development and Early Childhood Education, and Community Health (200,000) (200,000)

(b) San Francisco Community College: Mission campus (200,000)

I am deleting the legislative augmentation of $14,859,000 for 34 projects at various
 campuses of the California Community Colleges, because this amount should be held
 in reserve to address any unanticipated cost increases needed to complete previously
 approved projects.

Item 7980-001-0001—For support of Student Aid Commission. I reduce this item
 from $16,469,000 to $14,969,000 by reducing:
 (1) (15)-Financial Aid Grants Program from $16,515,000 to $15,015,000,
 and by deleting Provision 1.

I am deleting the $1,500,000 legislative augmentation to provide outreach regarding
 the Cal Grant program, and to create the College Corps Program. I note that the Student
 Aid Commission’s budget already includes funding for outreach purposes. This action
 is necessary to maintain State spending growth in line with revenues, and to provide
 for a prudent reserve for economic uncertainties.

Item 7980-101-0001—For local assistance, Student Aid Commission. I reduce this
 item from $619,584,000 to $618,584,000 by reducing:
 (1) 15-Financial Aid Grants Program from $631,962,000 to $630,962,000,
 and by revising Provision 1 by deleting subschedule (i).

I am deleting the $1,000,000 legislative augmentation to provide funds for organi-
zations to host financial aid workshops and forums for high school students and their
 parents. This action is necessary to keep State spending growth in line with revenues
 and provide for a prudent General Fund reserve for economic uncertainties. Never-
thless, I note that the California Student Opportunity and Access Program (Cal-
SOAP), administered by the Student Aid Commission, includes over $8 million to
 provide informational outreach to K–12 students. I encourage this program to empha-
size financial aid outreach to ensure all qualified students apply for and receive a Cal
 Grant award.

I am revising Provision 1 to conform to this action.

1. Funds appropriated in Schedule (1) are for the purposes of all of the following:
 (a) Awards in the Cal Grant Program under Chapter 1.7 and Article 3
 (commencing with Section 69530) of Chapter 2 of Part 42 of the Education
 Code.
 (b) Graduate fellowship renewal awards under former Article 9 (commencing
 with Section 69670) of Chapter 2 of Part 42 of the Education Code.
 (c) Grants under Section 4709 of the Labor Code.
 (d) California Student Opportunity and Access Program contract agreements
 under Article 4 (commencing with Section 69560) of Chapter 2 of Part 42
 of the Education Code.
 (e) The purchase of loan assumptions under Article 5 (commencing with
 Section 69612) of Chapter 2 of Part 42 of the Education Code. 6,500
 warrants shall be issued to California students pursuant to the purchase of
 loan assumptions.
 (f) Grants under the California State Work-Study Program, Article 18
 (commencing with Section 69950) of Chapter 2 of Part 42 of the Education
 Code.
 (g) The purchase of loan assumptions under Article 5.5 (commencing with
 Section 69618) of Chapter 2 of Part 42 of the Education Code.
 (h) New and renewal Cal Grant awards in amounts not to exceed award levels
 comparable to those in effect for the 2000–01 award year except as other-
 wise provided by law.
Notwithstanding any other provision of law, of the amount in this schedule, $1,000,000 shall be used to conduct Cal Grant and financial aid outreach by providing funds for organizations to host financial aid workshops and forums to directly assist high schools and students and their families regarding the completion and submission of the Free Application for Federal Student Aid (FAFSA) form and information about the expanded Cal Grant Program. The workshops and forums shall target those high schools that have an Academic Performance Index (API) that ranks in the lowest two deciles in the state.

Item 7980-103-0001—For local assistance, California Student Aid Commission. I am sustaining this item which appropriates funding for the Jackie Robinson Foundation on a one-time basis only.

Item 8100-001-0001—For support of Office of Criminal Justice Planning. I reduce this item from $4,493,000 to $4,343,000 to make a technical correction to the Budget Bill.

The program schedules and funding details reflected in this item are correct; however, the total appropriation exceeds the sum of the schedules by $150,000. Therefore, in order to correct this technical error, I am reducing the item appropriation total by $150,000, which will conform the Budget Act to the action taken by the Legislature.

Item 8100-101-0001—For local assistance, Office of Criminal Justice Planning. I reduce this item from $98,341,000 to $96,935,000 by reducing:

(26.5) 97.20.004-Local Projects from $4,593,000 to $3,187,000 by deleting $350,000 for the following subschedules:

(y) OK (Our Kids) Mentoring Program: OK (Our Kids) Mentoring Program Expansion ($100,000);

(z) Unity One: Unity 1 Gang Prevention Program in Los Angeles ($100,000);

(aa) Banning Police Department: Police Department Expansion ($50,000);

(ac) Juvenile Hall Auxiliary of Contra Costa County: Field of Dreams ($100,000);

and by reducing $1,056,000 from the following subschedules:

(c) City of Gardena: Police Detective Vehicles from ($250,000) to ($200,000);  
(d) City of San Gabriel: San Gabriel Police Department from ($200,000) to ($150,000); 
(f) Orange County District Attorney’s Office: High Tech Crime Unit from ($250,000) to ($100,000); 
(g) Tariq Kamisa Foundation: Youth Violence Prevention Program from ($500,000) to ($200,000); 
(i) County of Alameda Sheriffs Department: MOMS (Maximizing Opportunities for Mothers to Succeed) from ($800,000) to ($600,000); 
(j) City of Hayward: Police Facility Addition for Expansion of Youth & Family Services Bureau Counseling Services from ($350,000) to ($300,000); 
(k) Orange County District Attorney’s Office: Orange County Community Education Services from ($125,000) to ($95,000); 
(f) Orange County District Attorney’s Office: TracKRS from ($125,000) to ($95,000); 
(n) Glendale Police Department: Purchase of one van for the Glendale Police Department Police Activities League Program from ($40,000) to ($25,000); 
(s) Hollywood Police Activities League from ($75,000) to ($60,000); 
(t) City of Rialto Police Department: Police Activities League from ($100,000) to ($60,000); 
(u) Adopt-a-Bike and Computer, Inc.: Computer Repair Program from ($28,000) to ($20,000); 
(v) South Coast Ecumenical Council: Long Beach BLAST from ($25,000) to ($20,000);
(w) Long Beach Police Athletic League: Long Beach Police Athletic League Program from ($50,000) to ($40,000);
(ad) Devonshire PALS: Building for PALS Youth Center from ($100,000) to ($50,000);
(ac) City of Pacifica: Completion of the Pacifica Police Station from ($175,000) to ($147,000);
(af) Tulare County District Attorney’s Office: Tulare County Gang Task Force Operations from ($100,000) to ($75,000).

This action is essential due to fiscal constraints and limited resources in the General Fund. I am sustaining the remaining funding for the projects identified in this schedule on a one-time basis.

I am also deleting Provision 4 of this item, which would specify that the funding appropriated in Schedule 25 is available for competitive grants for the construction and upgrade of local crime laboratories, and would require at least 25 percent to be allocated for projects that are currently in the process of being constructed. This language is unnecessary because I have already directed the Office of Criminal Justice Planning to distribute the grants on a competitive basis. In addition, the requirement that 25 percent of the funds be used for projects that are currently in progress unnecessarily restricts the allocation process by predefining the method by which a portion of the funds may be used.

I am deleting Provision 4, which would require that $3,300,000 of the funds appropriated in this item be allocated for high technology identity theft pilot projects as specified in SB 222. This provision unnecessarily ties this funding to legislation, which may not be enacted and could limit the ability of the Executive Branch to effectively manage programs.

Item 8100-102-0001—For local assistance, Office of Criminal Justice Planning. I delete this item and Provision 1.

I am deleting this item, which would provide law enforcement assistance grants of $500,000 each to 36 rural and small counties in California on an ongoing basis. I am vetoing this funding because I intend to sign a budget trailer bill that would provide annual grants of an equal amount to the same rural and small counties identified in this item.

Item 8260-103-0001—For local assistance, California Arts Council. I reduce this item from $12,631,000 to $9,132,000 by reducing:

(a) Local Projects from $12,631,000 to $9,132,000 by deleting $1,300,000 for the following subschedules:
   (18) San Diego Maritime Museum: Education Pilot Project ($125,000);
   (22) Armand Hammer Museum: Renovation of the Armand Hammer Museum located on the UCLA campus ($750,000);
   (38) Tulare County: History of Transportation wing in the Mooney Grove Museum Complex ($75,000);
   (39) County of Riverside: Edward Dean Museum and Gardens Education Program ($50,000);
   (41) Fullerton Railway Plaza Association: Railway Museum, City of Fullerton ($50,000);
   (44) High Desert Arts Foundation: High Desert Center for the Arts property acquisition ($75,000);
   (45) Beverly Hospital Foundation ($100,000);
   (47) Fender Museum of the Arts Foundation: Fender Museum ($75,000);
   and by reducing $2,199,000 from the following subschedules:
   (2) Armenian Film Foundation: Armenian Film Foundation from ($190,000) to ($150,000);
   (3) B Street Theatre, Sacramento: Children’s Theater of Sacramento, California from ($250,000) to ($200,000);
   (5) Community Redevelopment agency of the City of Los Angeles: NoHo Theater Arts District Marquis Project from ($100,000) to ($50,000);
(7) La Raza Galeria Posada, Sacramento: La Raza Galeria Posada Arts Education Programs from ($50,000) to ($30,000);
(9) San Fernando Valley Chinese Cultural Association, Chinese Heritage Foundation: Chinese Heritage Center from ($250,000) to ($50,000);
(10) City of Los Angeles: Children’s Museum from ($1,000,000) to ($500,000);
(12) City of Los Angeles: Children’s Museum from ($1,000,000) to ($500,000);
(13) Centro Cultural de Mexico en Orange County: Cultural Arts Center from ($36,000) to ($32,000);
(14) Mexican Cultural Institute: Cultural and educational programs from ($100,000) to ($50,000);
(16) City of Glendale: Glendale Police Department Memorial from ($25,000) to ($20,000);
(17) Santa Barbara Community Youth Performing Arts Center: Santa Barbara Junior High School theater from ($100,000) to ($95,000);
(20) Hollywood Entertainment Museum: Educational Center for Entertainment Arts from ($250,000) to ($180,000);
(21) City of West Hollywood: Russian Cultural Center at Plummer Park from ($55,000) to ($30,000);
(26) City of Chino: Community Theatre expansion from ($100,000) to ($55,000);
(27) Skirball Cultural Center: Skirball Cultural Arts Center from ($500,000) to ($400,000);
(28) Valley Public Television, KVPT Channel 18/65: Purchase Eagles Lodge Building for office and production expansion from ($15,000) to ($10,000);
(31) City of Palo Alto: Children’s Theatre sound and light systems from ($300,000) to ($175,000);
(32) B Street Theater: The Children’s Theater of California from ($225,000) to ($100,000);
(33) Capital Unity Council from ($100,000) to ($50,000);
(34) Sacramento Theater Company: Kids Write Plays from ($100,000) to ($45,000);
(36) The Natural History Museum of Los Angeles County: Seismic strengthening and historic preservation of the Natural History Museum of Los Angeles County from ($250,000) to ($125,000); and
(37) Miners Cultural Center from ($100,000) to ($50,000).

This action is essential due to fiscal constraints and limited resources in the General Fund. The remaining augmentations are being sustained on a one-time basis.

Item 8300-001-0001—For support of Agricultural Labor Relations Board. I reduce this item from $5,611,000 to $5,341,000 by reducing:
(2) 20-General Counsel Administration from $3,240,000 to $2,970,000.

I am deleting the $270,000 legislative augmentation to the Agricultural Labor Relations Board for additional field staff. I believe the augmentation of $457,000 and three additional staff that I proposed to investigate unfair labor practice cases is sufficient to address workload in this area.

Item 8350-001-0001—For support of Department of Industrial Relations. I reduce this item from $157,214,000 to $153,777,000 by reducing:
(7) 50-Enforcement and Promulgation of Laws Relating to Wages, Hours and Conditions of Employment, and Licensing and Adjudication from $44,749,000 to $41,862,000;
(8) 60-Promotion, Development, and Administration of Apprenticeship and other On-the-Job Training from $9,102,000 to $8,552,000;
and by deleting Provision 1.

I am deleting the $500,000 legislative augmentation for the Department of Industrial Relations to assess the information needs for managing and tracking the Department’s workload. There is insufficient information to justify funding at this time. I am also deleting Provision 1, which specifies the purpose of the assessment, to conform to this action.
I am sustaining $2,000,000 of the $4,937,000 legislative augmentation to provide increased labor law enforcement efforts, inclusive of industries with high labor enforcement issues, in the Divisions of Labor Standards Enforcement and Apprenticeship Standards. Although I am supportive of efforts to protect the workforce of California, I am reducing this augmentation by $2,937,000 due to fiscal constraints and limited General Fund resources.

Item 8660-001-0462—For support of Public Utilities Commission. I reduce this item from $65,629,000 to $64,116,000 by reducing:
(1) 10-Regulation of Utilities from $82,128,000 to $80,615,000.
I am deleting the legislative augmentation of $1,513,000 and 9.4 personnel years for the Consumer Affairs Branch to address the consumer complaints backlog. While I am supportive of reducing the backlog, my proposed 2001–02 Budget already included additional resources for this purpose, which the Legislature sustained. Further augmentations to this activity are not warranted until the Commission can demonstrate that the approved resources along with operational efficiencies recommended for implementation by the Commission are insufficient to reduce the backlog.

Item 8700-001-0001—For support of California Victim Compensation and Government Claims Board. I revise this item by reducing:
(1) 11-Citizens Indemnification from $53,901,000 to $50,901,000, and
(10) Amount payable from the Restitution Fund (Item 8700-001-0214) from −$42,951,000 to −$39,951,000.
I am revising this item to conform to the action I have taken in Item 8700-001-0214.

I am deleting the $3,000,000 legislative augmentation to establish three Victim Recovery Resource and Treatment Centers. A similar program is currently being operated by the University of California, San Francisco, and is in the early stages of implementation. While I support programs that provide assistance to victims of crime, it is premature to expand the use of Victim Recovery Centers until an evaluation of the pilot project is completed in 2005.

I am deleting Provision 3 to conform to this action.

Item 8860-025-0001—For support of Department of Finance. I reduce this item from $3,000,000 to $2,999,000, and by revising Provision 1.

This language would restrict the State Controller’s ability to audit school district attendance, and would conflict with current law by attempting to prohibit recovery of funds not claimed in accordance with law. The language infringes on the separation of powers in that it usurps Executive Branch authority to effectively administer State programs. Further, the language represents a substantive change of law inappropriate for inclusion in the Budget Act.

I am revising Provision 1.

1. (a) The funds appropriated in this item shall be used to fund a contract with the Controller’s Office to perform audits of school attendance records. The audits shall be limited to data pertaining to the prior three fiscal years.

(b) Prior to conducting the audit, the Controller shall submit an audit plan to the Joint Legislative Budget Committee. The plan shall comply with American Institute of Certified Public Accountants (AICPA) Generally Accepted Auditing Standards and shall identify (1) the scope and limitations of the attendance audit, (2) the records that shall be retained and supplied by the local agency during the course of the audit, and (3) the state advisories or institutional memoranda describing the obligations of the local agencies subject to the audit.

(c) It is the intent of the Legislature in providing for these audits that, except as provided in subdivision (d) of this provision, school district attendance audits shall be prospective in application only and shall not be retroactive in the imposition of any apportionment penalty.

Ch. 106 — 62 —
(d) The audits may be used to impose a retroactive apportionment penalty in
cases of either (1) an intentional act to defraud the State of California or (2)
purposeful falsification of records.

Item 8935-301-0701—For capital outlay, Department of Veterans Affairs. I delete
this item.

I am deleting the $12,000,000 legislative augmentation for the design and construc-
tion of a new veterans’ home in Lancaster, California. I have received correspondence
from the state commanders of the Veterans of Foreign Wars of the United States,
AMVETS, and The American Legion urging me to move forward with building more
veterans’ homes in southern California with greater attention given to location,
services, and resources available to better serve our veterans.

In addition, my Blue Ribbon Task Force on Veterans’ Homes has recommended that
any future veterans’ homes be located in proximity to a United States Department of
Veterans Affairs Medical Center and close to available nursing professionals. The
Lancaster site does not meet either of these criteria. I look forward to the recommenda-
tions of the Governor’s Commission on Veterans Homes on the establishment of
future veterans’ homes.

Item 8960-301-0001—For capital outlay, Veterans’ Home of California—
Yountville. I reduce this item from $2,550,000 to $2,339,000 by deleting:
(3.5) 80.20.440-Remodel Recreation Center—Preliminary plans and working draw-
ings ($211,000)

I am deleting the $211,000 legislative augmentation for this project because it is not
a critical fire and life safety issue that requires immediate correction and because of the
need to fund higher competing priorities. In addition, the scope of the project has not
been defined, and the associated out-year costs have not been evaluated.

Item 8960-490—Reappropriation, Veterans’ Home of California—Yountville. I
delete this item.

I am deleting the $1,600,000 reappropriation for support costs associated with the
Memorial Chapel project, Item 8960-011-0001, Budget Act of 2000. The Legislature
deleted the capital outlay funding for the Memorial Chapel project; therefore, the
support costs associated with the project are not needed.

Item 9100-101-0046—For local assistance, Agricultural and Rural Relief Rebates
Program, tax relief, sales and use tax rebates for diesel fuel for producing and
harvesting agricultural products. I delete this item and Provision 1.

I am deleting the $8,000,000 legislative augmentation for the Agricultural and Rural
Relief Rebates Program. This augmentation would provide sales and use tax rebates for
diesel fuel for producing and harvesting agricultural products and transporting these
products to the marketplace. Although I am supportive of tax relief for the agricultural
industry, providing that relief in the form of rebates is not the most efficient method to
deliver tax relief, and would result in unnecessary administrative costs. I intend to sign
budget trailer legislation that provides agricultural tax relief in the form of tax exemp-
tions.

Item 9100-102-0001—For local assistance, Agricultural and Rural Relief Rebates
Programs, Tax Relief. I delete this item and Provision 1.

I am deleting the $19,300,000 legislative augmentation for the Agricultural and
Rural Relief Rebates Program. This augmentation would provide tax rebates for lique-
fied petroleum gas for residential and agricultural business use, farm and forestry
equipment and machinery, and racehorse breeding stock. Although I am supportive of
tax relief for these purposes, providing that relief in the form of rebates is not the most
efficient method to deliver tax relief, and would result in unnecessary administrative
costs. I intend to sign budget trailer legislation that provides tax relief for these
purposes in the form of tax exemptions.

this item from $25,526,000 to $6,405,000 by reducing:

This action is essential due to fiscal constraints and limited resources in the General Fund. The augmentations provided in this item are being sustained on a one-time basis.

This technical veto will make a technical correction to the Budget Bill to conform with the Legislature’s intent, and is consistent with the legislative conference action taken in Item 1760-001-0666, which would not require the Department of General Services to establish a separate building rate for the Ronald Reagan Building, recalculate the statewide building rental rate based on the deletion of the costs for the Ronald Reagan Building, and add five cents per square foot per month to initiate the Maintenance and Repairs System (MARS) special repair and recurring maintenance program.
I am revising Control Section 4.60 as follows:

"SEC. 4.60. Notwithstanding any other provision of law, the Department of Finance shall adjust any item of appropriation of this act, as appropriate, to fund the rent for state office buildings as adjusted by the Department of General Services establishment of a separate building rate for the Ronald Reagan Building and the recalculated statewide building rental rate based on the deletion of costs for the Ronald Reagan Building plus five cents per square foot per month to initiate the MARS special repair and recurring maintenance program, as required under Item 1760-001-0666."

I realize this control section does not require the Department of Finance to notify the Joint Legislative Budget Committee of any adjustments made to Section 2.00 of this Act. However, I am directing the Department of Finance to provide a 30-day notification to the Joint Legislative Budget Committee, as was required by the intended legislative action.

SEC. 7.00—Dymally-Alatorre Bilingual Services Act. I delete this control section. I am deleting this control section that would appropriate funding to four departments to assist in the provision of bilingual services to the public. The need for funding for these four departments has not been justified. All State departments must comply with the Dymally-Alatorre Act, and most have done so within existing resources. I am directing all State departments to comply with the Act within existing budgeted resources.

With the above deletions, revisions, and reductions, I hereby approve Senate Bill 739.

GRAY DAVIS

LEGISLATIVE COUNSEL’S DIGEST

SB 739, Peace. 2001–02 Budget.

This bill would make appropriations for support of state government for the 2001–02 fiscal year.

This bill would declare that it is to take effect immediately as an emergency statute.

Appropriation: yes.

The people of the State of California do enact as follows:

SECTION 1.00. This act shall be known and may be cited as the "Budget Act of 2001."

SEC. 1.50. (a) In accordance with Section 13338 of the Government Code, as added by Chapter 1284, Statutes of 1978, and as amended by Chapter 1286, Statutes of 1984, it is the intent of the Legislature that this act utilize a coding scheme compatible with the Governor’s Budget and the records of the State Controller, and provide for the appropriation of federal funds received by the state and deposited in the State Treasury.

(b) Essentially, the format and style are as follows:

1. Appropriation item numbers have a code which is common to all the state’s fiscal systems. The meaning of this common coded item number is as follows:

2720—Organization Code (this code represents the California Highway Patrol)
001—Reference Code (first appropriation for a particular fund for support of each department)
0044—Fund Code (Motor Vehicle Account, State Transportation Fund)

(2) Appropriation items are organized in organization code order as reflected in the Governor’s Budget.

(3) All the appropriation items, reappropriation items, and reversion items, if any, for each department or entity are adjacent to one another.

(4) Federal funds received by the state and deposited in the State Treasury are appropriated in separate items.

(c) The Department of Finance may authorize revisions to the codes used in this act in order to provide compatibility between the codes used in this act and those used in the Governor’s Budget and in the records of the State Controller.

(d) Notwithstanding any other provision of this act, the Department of Finance may revise the schedule of any appropriation made in this act where the revision is of a technical nature and is consistent with legislative intent. These revisions may include, but shall not be limited to, the substitution of category for program or program for category limitations, the proper categorization of allocated administration costs and cost recoveries, the distribution of any unallocated amounts within an appropriation and the adjustment of schedules to facilitate departmental accounting operations, including the elimination of categories providing for amounts payable from other items or other appropriations and the distribution of unscheduled amounts to programs or categories. These revisions shall include a certification that the revisions comply with the intent and limitation of expenditures as appropriated by the Legislature.

(e) Notwithstanding any other provision of this act, when the Department of Finance, pursuant to subdivision (d), approves the schedule or revision of any appropriation relating to the elimination of amounts payable, the language authorizing the transfer shall also be eliminated.

SEC. 2.00. (a) The following sums of money and those appropriated by any other sections of this act, or so much thereof as may be necessary unless otherwise provided herein, are hereby appropriated for the use and support of the State of California for the 2001–02 fiscal year beginning July 1, 2001, and ending June 30, 2002. All of these appropriations, unless otherwise provided herein, shall be paid out of the General Fund in the State Treasury.

(b) Appropriations and reappropriations for capital outlay, unless otherwise provided herein, shall be available for expenditure during the 2001–02, 2002–03, and 2003–04 fiscal years, except that appropriations and reappropriations for studies, preliminary plans, working drawings, or minor capital outlay, except as provided herein, shall be available for expenditure only during the 2001–02 fiscal year. In addition, the balance of every appropriation or reappropriation made in this act that contains funding for construction that has not been allocated, through fund transfer or approval to proceed to bid, by the Department
of Finance on or before June 30, 2002, except as provided herein, shall revert as of that date to the fund from which the appropriation was made.

(c) Whenever by constitutional or statutory provision the revenues or receipts of any institution, department, board, bureau, commission, officer, employee, or other agency, or any moneys in any special fund created by law therefor, are to be used for salaries, support or any proper purpose, expenditures shall be made therefrom for any such purpose only to the extent of the amount therein appropriated, unless otherwise stated herein, or authorized pursuant to Section 11006 of the Government Code.

(d) Appropriations for purposes not otherwise provided for herein that have been heretofore made by any existing constitutional or statutory provision shall continue to be governed thereby.

Provisions:
1. The appropriation made in this item shall be in lieu of the appropriation in Section 1564 of the Code of Civil Procedure for all costs, expenses, or obligations connected with the administration of the Unclaimed Property Law, with the exception of payment of owners’ or holders’ claims pursuant to Section 1540, 1542, 1560, or 1561 of the Code of Civil Procedure, or of payment of the costs of compensating contractors for locating and recovering unclaimed property due the state.
2. Of the claims received for reimbursement of court-ordered or voluntary desegregation programs pursuant to Sections 42243.6, 42247, and 42249 of the Education Code, the Controller shall pay only those claims that have been subjected to audit by school districts in accordance with the Controller’s procedures manual for conducting audits of education desegregation claims. Furthermore, the Controller shall pay only those past-year actual claims for desegregation program costs that are accompanied by all reports issued by the auditing entity, unless the auditing entity was the Controller.
3. No less than 0.9 personnel-year in the Audits Division shall be used to audit education desegregation claims.

4. The Controller may, with the concurrence of the Director of Finance and the Chairperson of the Joint Legislative Budget Committee, bill affected state departments for activities required by Section 20050 of the State Administrative Manual, relating to the administration of federal pass-through funds.
   No billing may be sent to affected departments sooner than 30 days after the Chairperson of the Joint Legislative Budget Committee has been notified by the Director of Finance that he or she concurs with the amounts specified in the billings.

5. (a) Notwithstanding subdivision (b) of Section 1531 of the Code of Civil Procedure, the Controller may publish notice in any manner that the Controller determines reasonable, provided that (1) none of the moneys used for this purpose is redirected from funding for the Controller’s audit activities, (2) no photograph is used in the publication of notice, and (3) no elected official’s name is used in the publication of notice.
   (b) No funds appropriated in this act may be expended by the Controller to provide general information to the public, other than holders (as defined in subdivision (e) of Section 1501 of the Code of Civil Procedure) of unclaimed property, concerning the unclaimed property program or possible existence of unclaimed property held by the Controller’s office, except for informational announcements to the news media, through the exchange of information on electronic bulletin boards, or no more than $15,000 per year to inform the public about this program in activities already organized by the Controller for other purposes. This restriction does not apply to sending individual notices to property owners (as required in subdivision (d) of Section 1531 of the Code of Civil Procedure).

6. The Controller’s office shall, through audits of Medi-Cal program and providers, enhance the General Fund resources or reduce the General Fund expenditures through identification of over-
payments, cost avoidance, and other appropriate measures.

7. Of the moneys appropriated to the Controller in this act, the Controller shall not expend more than $500,000 to conduct post-eligibility fraud audits of the Supplemental Security Income/State Supplementary Payment Program.

8. The Commission on State Mandates shall provide, in applicable parameters and guidelines, as follows:
   (a) If a local agency or school district contracts with an independent contractor for the preparation and submission of reimbursement claims, the costs reimbursable by the state for that purpose shall not exceed the lesser of (1) 10 percent of the amount of the claims prepared and submitted by the independent contractor, or (2) the actual costs that would necessarily have been incurred for that purpose if performed by employees of the local agency or school district.
   (b) The maximum amount of reimbursement provided in subdivision (a) may be exceeded only if the local agency or school district establishes, by appropriate documentation, that the preparation and submission of these claims could not have been accomplished without incurring the additional costs claimed by the local agency or school district.

9. The funds appropriated to the Controller in this act may not be expended for any performance review or performance audit except pursuant to specific statutory authority. It is the intent of the Legislature that audits conducted by the Controller, or under the direction of the Controller, shall be fiscal audits that focus on claims and disbursements, as provided for in Section 12410 of the Government Code. Any report, audit, analysis, or evaluation issued by the Controller for the 2001–02 fiscal year shall cite the specific statutory or constitutional provision authorizing the preparation and release of the report, audit, analysis, or evaluation.

10. The Controller shall deliver his or her monthly report on General Fund cash receipts and disbursements within 10 days after the close of each month to the Joint Legislative Budget Commit-
tee, the fiscal committees of the Legislature, the Department of Finance, the Treasurer’s office, and the Office of the Legislative Analyst.

11. For purposes of the review and payment of any claim for reimbursement by local government submitted pursuant to Section 54954.4 of the Government Code, the Controller shall use the procedures that were in effect at the time the claim was submitted.

12. Pursuant to Section 1564 (c) of the Code of Civil Procedure, the State Controller shall transfer all money in the Abandoned Property Account in excess of fifty thousand dollars ($50,000) to the General Fund no less frequently than at the end of each month. Provisions:

1. Notwithstanding any other provision of law, revenues from the sale of legislative bills and publications received by the Bill Room shall be deposited in the Service Revolving Fund.

2. Notwithstanding any other provision of law, if the Director of the Department of General Services determines in writing that there is insufficient cash in a special fund under his or her authority to make one or more payments currently due and payable, he or she may order the transfer of moneys to that special fund in the amount necessary to make payment or payments, as a loan from the Service Revolving Fund. That loan shall be subject to all of the following conditions:
   (a) No loan shall be made that would interfere with the carrying out of the object for which the Service Revolving Fund was created.
   (b) The loan shall be repaid as soon as there is sufficient money in the recipient fund to repay the amount loaned, but no later than 18 months after the date of the loan, except that the loan to the Motor Vehicle Parking Fund shall be repaid no later than five years after the date of the loan. The Department of General Services may impose a parking rate increase as necessary for the repayment of the loan only if the increase is approved by a memorandum of understanding entered into by each collective bargaining unit that represents state employees to be affected by the increase, and the memorandum of understanding is ratified by statute. Any parking rate increase imposed pursuant to this provision shall apply equally to state employees who are affected by the increase whether or not they are represented by a collective bargaining unit. The amount loaned shall not exceed the amount that the fund or program is authorized at the time of the loan to expend during the 2001–02 fiscal year from the recipient
fund except as otherwise provided in Provi-
sions 4, 5, and 6 of this item.
(c) The terms and conditions of the loan are ap-
proved, prior to the transfer of funds, by the
Department of Finance pursuant to appropri-
ate fiscal standards.

2.6. Of the amount appropriated in this item,
$15,316,000 shall be available to the Depar-
tment of General Services to purchase 821 ve-
hicles.

2.7. It is the intent of the Legislature that the depart-
ments that provide e-government services or
transactions shall reimburse the Department of
General Services (DGS) for the development,
implementation, and maintenance of the state’s
centralized e-government systems. The DGS
shall establish rates that departments shall be
charged for the ongoing use and maintenance of
the systems. Departments shall not develop or
implement e-government systems to the extent
such systems already exist within the state’s
centralized e-government systems. Notwith-
standing Item 9840-001-0988, Item 9840-001-
0494, and Section 27 of this act, the Director of
General Services may augment this item, by up
to an aggregate of one and one-half percent in
cases where the Legislature has provided fund-
ing in departmental budgets for e-government
services. Any augmentation that is deemed to be
necessary on a permanent basis shall be submit-
ted for review as part of the normal budget de-
velopment process. An augmentation shall be
approved by the Department of Finance and
shall not be made sooner than 30 days after writ-
ten notification is provided to the Chairperson
of the Senate Committee on Budget and Fiscal
Review, the Chairperson of the Assembly Bud-
get Committee, and the Chairperson of the Joint
Legislative Budget Committee, or not sooner
than whatever lesser time the Chairperson of the
Joint Legislative Budget Committee may deter-
mine.

4. Notwithstanding Item 9840-001-0988, Item

item or any of Items 1760-001-0002, 1760-001-
0003, 1760-001-0006, 1760-001-0026, and 1760-
001-0602, by up to an aggregate of 10 percent in cases where (a) the Legislature has approved funds for a customer for the purchase of services or equipment through the Department of General Services (DGS) and the corresponding expenditure authority has not been provided in this item or (b) a local government entity or the federal government has requested services from the DGS. Any augmentation that is deemed to be necessary on a permanent basis shall be submitted for review as part of the normal budget development process. If the Director of the Department of General Services augments this item or Item 1760-001-0002, 1760-001-0003, 1760-001-0006, 1760-001-0026, or 1760-001-0602 the DGS shall notify the Department of Finance within 30 days after that augmentation is made as to the amount, justification, and the program augmented. Any augmentation made in accordance with this provision shall not result in an increase in any rate charged to other departments for services or the purchase of goods without the prior written consent of the Department of Finance.

5. Notwithstanding Item 9840-001-0988, Item 9840-001-0494, and Section 27.00 of this act, if this item or Item 1760-001-0002, 1760-001-0003, 1760-001-0006, 1760-001-0026, or 1760-001-0602 is augmented pursuant to Provision 4 by the maximum allowed under that provision, the Director of Finance may further augment the item or items in cases where (a) the Legislature has approved funds for a customer for the purchase of services or equipment through the DGS and the corresponding expenditure authority has not been provided in these items, or (b) a local government entity or the federal government has requested services from the DGS. Any augmentation that is deemed to be necessary on a permanent basis shall be submitted for review as part of the normal budget development process.

6. istration, the Energy Assessments Section of the Professional Services Branch, and the Office of Public Safety Radio Services. The augmentation shall be for the specific purpose of enabling the Office of State Printing, the Office of Risk and Insurance Management, the Office of Fleet Administration, the Energy Assessments Section of the Professional Services Branch, and the Office of Public Safety Radio Services to provide competitive services to their customers (including local government entities or the federal government) and may be made only if the office has sufficient operating reserves available to fund the augmentation. If the Director of General Services augments either of the items in this provision, the DGS shall notify the Department of Finance within 30 days after that augmentation is made as to the amount, justification, and the office augmented. Any augmentation that is deemed to be necessary on a permanent basis shall be submitted for review as part of the normal budget development process.

7. Any augmentation made pursuant to Provisions 4, 5, and 6 of this item shall be reported in writing to the chairpersons of the fiscal committees of each house and the Chairperson of the Joint Legislative Budget Committee within 30 days of the date the augmentation is approved. This notification shall identify the amount of, and justification for, the augmentation, and the program that has been augmented. Provisions:

1. Notwithstanding Section 6217 of the Public Resources Code, the Energy Crisis/Environmental Justice Air Emissions Program is to be funded from the Natural Resources Infrastructure Fund.

2. Of the funds appropriated in this item, $20,000,000 shall be available for use as grants to provide incentives for the purchase or lease of zero emission vehicles, and shall be available for expenditure through June 30, 2004, as follows:
   (a) $10,000,000 for grants in an amount up to $5,000 per vehicle pursuant to criteria established by the State Air Resources Board.
   (b) $10,000,000 for grants in an amount up to $11,000 per vehicle to subsidize the purchase or lease of zero emission vehicles to be used in fleets operating in nonattainment areas.
   (c) The State Air Resources Board shall award grants pursuant to subdivision (b) of this provision through a competitive process that
gives preference to the award of grants to fleet operators that will use the vehicles primarily in communities that are disproportionately impacted by poor air quality, including low-income communities and communities of color.

(d) An entity receiving grants pursuant to subdivision (b) of this provision shall be ineligible for any grants pursuant to subdivision (a) of this provision.

3. A total of $48,000,000 ($23,000,000 appropriated in Item 3900-001-0001 and $25,000,000 appropriated in Item 3900-001-0383) shall be subject to the following:

   (a) $16,000,000 shall be allocated to county air pollution control districts and air quality management districts for the purposes of funding the purchase of new clean fuel schoolbuses or the retrofit of diesel schoolbuses consistent with the criteria adopted by the State Air Resources Board in December 2000. Funds shall be allocated to districts on the basis of population. In expending these funds, a district shall distribute half of the funds to directly benefit low-income communities and communities of color that are disproportionately impacted by air pollution.

   (b) $16,000,000 shall be allocated to county air pollution control districts and air quality management districts for expenditure pursuant to Chapter 9 (commencing with Section 44275) of Part 5 of Division 26 of the Health and Safety Code. First priority for expenditure of these funds shall be to replenish emissions reductions achieved by these districts pursuant to Chapter 9 (commencing with Section 44275) of Part 5 of Division 26 of the Health and Safety Code that were reallocated by the State Air Resources Board during calendar year 2001 in order to offset peaker plant emissions. Any remaining funds shall be allocated to these districts based on the schedule adopted by the board pursuant to Chapter 9 of the Health and Safety Code, updated to reflect changes in district attainment status. In expending funds pursuant to this provision, a district shall distribute half of the funds to di-
rectly benefit low-income communities and communities of color that are disproportionately impacted by air pollution.

(c) $16,000,000 shall be allocated to county air pollution control districts and air quality management districts to mitigate emissions from diesel-fueled electrical backup generators which are operated due to the state electricity crisis. Funds appropriated pursuant to this provision shall be made available to all these districts based upon population and the level and severity of community exposure to emissions from such generators. Funds may be expended to reduce emissions from sources other than electrical back-up generation, if the emissions reductions are for the same or similar types and quantities of emissions and the emissions reductions mitigate the emissions from that generation. In expending funds pursuant to this provision, a district shall distribute one-half of the funds to benefit directly low-income communities and communities of color that are disproportionately impacted by air pollution. Up to 10 percent of these funds shall be allocated to districts, in proportion to the amount of each district’s subvention pursuant to Chapter 5 (commencing with Section 39800) of the Health and Safety Code, for the implementation, monitoring, and enforcement of programs related to the state electricity crisis.

2. The projects scheduled under this item shall be reviewed by the State Water Resources Control Board, in consultation with the California Coastal Commission and the Beach Water Quality Task Force, to determine if they are consistent with the Costa-Machado Water Act of 2000. If the State Water Resources Control Board determines that any project, or portion thereof, listed in Provision 1 (a) to (ao), inclusive, is ineligible for funding under the Coastal Nonpoint Source Control Program established by the Costa-Machado Water Act of 2000, or if the identified recipient of funds notifies the board that it will not proceed with a project, the board shall make those identified funds available for other activities that the board considers consistent with the Coastal Nonpoint Source Control Program through the board’s project review process for that grant program.

For the purposes of reviewing projects listed in Provisions 1 (a) to (ao), inclusive, the local matching contribution required by subdivision (f) of Section 79148.8 of the Water Code may be sat-
isfied by an in-kind match that meets all or a portion of local cost share required by subdivision (f) of Section 79148.8 of the Water Code. For the purposes of determining the capital costs of the project, the in-kind match shall be included in the total project cost.

Provisions:
1. Provision 1 of Item 4170-001-0890 is also applicable to this item.
2. Notwithstanding subdivision (d) of Section 28.00 of this act, the Department of Finance, upon notification by the California Department of Aging, may authorize augmentations in this item for budget revisions submitted by Area Agencies on Aging and approved by the Department of Aging for estimated entitlements of per-meal reimbursements from the U.S. Department of Agriculture and for funds allocated to Area Agencies on Aging for federal Title III and Title VII one-time-only allocations.
3. Notwithstanding Section 26.00 of this act, the Department of Finance, upon notification by the Department of Aging, may authorize transfers between Program 10—Nutrition and Program 30—Supportive Services and Centers in response to budget revisions submitted by the Area Agencies on Aging.
4. The Department of Aging shall establish guidelines designed to assure the quality of services provided with the Family Caregiver Support Program funds, and shall make those guidelines available to the fiscal and concerned policy committees of the Legislature. The department shall include in the guidelines a mechanism for assuring that these new funds supplement and do not supplant existing services to caregivers and build upon existing state-funded programs to the extent possible. The department shall require each Area Agency on Aging to amend the plan required by Section 9400 of the Welfare and Institutions Code, which requires the Area Agency on Aging to consider available data, assess the need for services, identify sources of funding for services, and develop a plan for delivery of services based on...
needs. The amendment shall identify a specific plan for support of caregivers, including family caregivers and other caregivers. The plan shall identify existing and needed resources and ensure that National Family Caregiver Support Program funds are used to meet unmet needs and link existing programs together into a more seamless system of support and services for caregivers. As part of this plan, Area Agencies on Aging that elect not to fund one or more of the required federal services shall demonstrate how these service needs are met through other mechanisms. In the development of this plan, Area Agencies on Aging shall work with the department and other appropriate entities. The department shall require each Area Agency on Aging, as part of its regular reporting or through surveying, to all of the following:

(a) Documentation that planning for allocation of the funds has included all other existing caregiver support services operating locally.

(b) Documentation of how the use of the Family Caregiver Support Program funds will be coordinated with existing state-funded programs.

(c) Documentation that the resulting plan considers all other existing and potential caregiver support services operating locally and that new service plans will use existing infrastructure where possible, and where this funding conforms with the Area Agency on Aging plan specified above.

(d) Identification of which of the allowable federal activities are of highest need in the local area. In no event shall the Area Agency on Aging be required to provide all federally allowable services. No Area Agency on Aging shall use the funds until a review of current needs and services has been made.

The department shall provide a status report to the Legislature by November 15, 2001, on the progress by the Area Agencies on Aging in meeting the objectives of this provision. The report shall include information on the plans that have been developed or are in development by that time.
The Department of Aging shall gather data to assess the impact of services on caregivers. In addition the department shall gather data to identify the categories of care recipients who receive assistance under this program in order to assess the potential impact of services on the care recipients, including, but not limited to, the following categories:

(a) Care recipients at risk of abuse or neglect by their caregiver and referred by the Adult Protective Services Program.
(b) Care recipients with mental illness or disorder.
(c) Care recipients with multiple health problems.
(d) Care recipients who are under 18 years of age and whose primary caregiver is over 60 years of age.

5430-102-0001—For local assistance, Board of Corrections

Schedule:

(1) Local Projects ........................................ (5,350,000)
   (a) Lodi Police Department .................... (3,650,000)
   (b) Galt Police Department ..................... (1,700,000)

5430-108-0890—For local assistance, Board of Corrections, payable from Federal Trust Fund

Provisions:

1. Of the amount appropriated in this item and made available from the federal 2000 fiscal year Violent Offender Incarceration/Truth-in-Sentencing Grant Program, the Board of Corrections shall provide competitive grants to counties to build or expand, or both build and expand, juvenile detention facilities, as authorized.

2. (a) The Legislature finds and declares that exigent circumstances exist regarding the impact of the increasing number of juvenile offenders on public safety in California. Of the funds allocated to the state pursuant to the Federal Violent Crime Control and Law Enforcement Act (P.L. 103-322) and appropriated in this item, an amount not less than $22,431,000 shall be used to address these circumstances through grants to counties.

   (b) The Legislature finds and declares that numerous county juvenile facilities throughout California are dilapidated and overcrowded, and construction and expansion of available bed capacity is critical. Capital construction and expansion are necessary to protect the life and safety of persons confined or employed in these facilities to avoid threatened closures or the imposition of court-ordered sanctions. There is an immediate need of $400,000,000 to address the local juvenile facility housing crisis. The fast-rising number of juvenile offenders affects the efforts of law enforcement and threatens public safety throughout the state. The need to enhance public safety is
particularly important to local jurisdictions that do not have adequate facilities to confine the increasing number of juvenile offenders. Notwithstanding the provisions of Chapters 324 and 339 of the Statutes of 1998 and Chapter 50 of the Statutes of 1999, the Legislature intends that these funds be used to support the construction or expansion of juvenile detention facilities that possess a site assurance from the respective board of supervisors under all of the following conditions:

(i) No county request may exceed a maximum state construction cost per bed rate of $100,500.

(ii) Local entities shall match at least 25 percent of the grant.

(iii) Not more than 15 percent of this minimum match requirement shall be provided with in-kind resources.

3. For the grant programs identified in Provisions 1 and 2 of this item, the Board of Corrections shall establish funding schedules and procedures to ensure that, at a minimum, all the following are on file or updated as deemed necessary:

(a) Possession of a site assurance for the project or projects.

(b) Documentation of need for the project or projects.

(c) Adoption of a formal county plan to finance construction of the proposed project or projects.

(d) Submittal of a preliminary staffing plan for the project or projects.

(e) Submittal of architectural drawings, which shall be approved by the board for compliance with minimum juvenile detention facility standards and which shall be approved by the State Fire Marshal for compliance with fire and life safety requirements.

(f) Documentation that the facilities can be safely staffed and operated.

(g) Submittal by the county, or a group of counties acting together, of a plan that identifies the county continuum-of-care model for prevention, intervention, supervision, treatment, and incarceration of juvenile and adult offenders. The plan shall identify the manner in
which the county will maximize all funding sources, including local criminal justice, local social services, federal and state programs, and education for providing appropriate services for juvenile and adult offenders.

4. Of the funds allocated pursuant to Provisions 1 and 2 of this item, up to 3 percent may be transferred to support the administration, including technical assistance and oversight, of the implementation of these grant awards.

5. Notwithstanding any other provision of law, the funds appropriated in this item are available for expenditure until September 30, 2005.

6. No funding shall be awarded from this item to any county that is operating a juvenile detention facility that has been found to be unsuitable for the confinement of minors pursuant to Section 209 of the Welfare and Institutions Code unless the conditions that rendered the facility unsuitable have been remedied and the facility is a suitable place for confinement of minors at the time of the grant award, or unless the funding is used to enhance compliance with applicable juvenile detention facility standards in one or more existing juvenile detention facilities operated by the county.

5430-109-0890—For local assistance, Board of Corrections, Program 11, payable from the Federal Trust Fund ............................................................... 40,000,000

Provisions:

1. Of the amount appropriated in this item, up to $6,000,000, or 15 percent of the Federal Violent Offender Incarceration/Truth-in-Sentencing funds allocated to the state for the federal 2001 fiscal year, may be allocated by the Board of Corrections to local governments through competitive grants to build or expand, or both build and expand, adult and juvenile detention facilities. Local entities shall be responsible for meeting the 25 percent match requirement.

2. The Legislature hereby declares that exigent circumstances exist regarding the impact of the increasing number of juvenile offenders on public safety in California and that, of the funds allocated to the state pursuant to the Federal Violent Crime Control and Law Enforcement Act of 1994 (P.L. 103-3-22) and appropriated by this item, not less than $34,000,000 shall be used to address
these circumstances through competitive grants to counties. The need to enhance public safety is particularly important for local jurisdictions that do not have adequate facilities to confine the increasing number of juvenile offenders. Therefore, the Legislature intends that these funds be used to support the construction or expansion of juvenile detention facilities of the appropriate security levels, as defined by the Federal Violent Crime Control and Law Enforcement Act of 1994 and regulations adopted pursuant thereto, to ensure appropriate custody space for the confinement of the growing number of juvenile offenders.

3. For the grant programs identified in Provisions 1 and 2 of this item, the Board of Corrections shall establish minimum standards, funding schedules, and procedures which shall take into consideration, but not be limited to, the following:
   (a) Possession of a site assurance for the project or projects.
   (b) Documentation of need for the project or projects.
   (c) Adoption of a formal county plan to finance construction of the proposed project or projects.
   (d) Submittal of a preliminary staffing plan for the project or projects.
   (e) Submittal of architectural drawings, which shall be approved by the board for compliance with minimum adult or juvenile detention facility standards and which shall also be approved by the State Fire Marshal for compliance with fire safety and life safety requirements.
   (f) Documentation that the facilities can be safely staffed and operated.
   (g) Demonstration that all appropriate steps to reduce overcrowding have been undertaken, including, but not limited to, efforts to implement a risk-based detention system or other appropriate detention assessment models.

4. Notwithstanding the provisions of the Budget Act of 1998 (Ch. 324, Stats. 1998), Chapter 339 of the Statutes of 1998, and the Budget Act of 1999 (Ch. 50, Stats. 1999), the Legislature intends that these funds be used to support the construction or expansion of adult and juvenile detention facilities
with a maximum state construction cost per juvenile bed rate not to exceed $100,500. Local entities shall match at least 25 percent of the grant. Not more than 15 percent of this minimum match shall be provided with in-kind resources. The greater the percentage of matching funds that a county provides, the higher the priority the county shall be given for allocation of the funds.

5. Of the funds allocated pursuant to Provisions 1, 2, and 7 of this item, up to 3 percent may be transferred, upon approval of the Department of Finance, to support the administration, including technical assistance and oversight, of the implementation of grant awards pursuant to Provisions 1 and 2.

6. Notwithstanding any of the provision of law, the funds appropriated in this item are available for expenditure until September 30, 2006.

7. If federal funds in the 2001 federal fiscal year in excess of the amount appropriated in this item are allocated to the state for facility construction pursuant to the Federal Violent Crime Control and Law Enforcement Act of 1994, those federal funds are hereby appropriated to the Board of Corrections for making grant awards, pursuant to Provisions 1 and 2 of this item. In that case, 15 percent of the additional funds shall be allocated pursuant to Provision 1 of this item and the balance shall be allocated pursuant to Provision 2 of this item.

   (1) New middle schools where at least 50 percent of students are eligible for free or reduced-cost meals through the school lunch program of the United States Department of Agriculture.
   (2) Increase grant caps for participating middle schools that have students on waiting lists to participate. Grant caps may be increased by the lesser of either 25 percent of the current grant cap or the proportion of children unserved by the program as measured by documented waiting lists as of January 1, 2001, com-
pared to actual after school enrollment on that same date.

(3) New elementary schools where at least 50 percent of students are eligible for free or reduced-cost meals through the school lunch program of the United States Department of Agriculture.

(4) Increase grant caps for participating elementary schools that have students on waiting lists to participate under the same limitations as paragraph (2) of this subdivision.

Further, in order to support student academic achievement, funds allocated to middle schools for expansion of the After School Learning and Safe Neighborhoods Partnerships Program shall only be available for programs meeting high academic quality standards. Criteria for judging the strength of academic quality for middle school applications shall be based on the following priority order: (1) programs offering tutoring and homework assistance in language arts and mathematics, coordinated with the school's academic program to assist student readiness in meeting the high school exit exam; (2) history and social science, or science. All academic components shall include supervision by staff meeting qualifications no less than that of an instructional aide and a staff to student ratio no greater than 20 students per staff.

(aa) Of the amount appropriated in Schedule (3) of this item, $14,850,000 is for expansion of a Before School component of the After School Learning and Safe Neighborhoods Partnerships Program. Expenditure of this money is contingent upon legislation to establish this new component.

(aaa) In the event the State Department of Education anticipates that it will be unable to encumber all of the funds for expansion pursuant to subdivisions (a) and (aa) of this provision, $2,000,000 of the anticipated savings shall be available for three year grants on a one-time basis for after school regional centers established pursuant to Chapter 318 of the Statutes of 1998 for the purpose of serving as a centralized resource.
for technical assistance and training on best practices for either or both, (1) the Before School component and (2) middle schools in areas such as program content and local financing, including establishment of long-term partnership funds, staffing, and managing programs for accountability.

(b) Of the amount appropriated in Schedule (1) of this item, $23,799,000 is for the purpose of providing full-year funding for expansion of the half-day preschool program with priority given to funding allocations to underserved areas initiated with a $23,799,000 augmentation in the Budget Act of 2000, as specified in Provision 1(aa) of Item 6110-196-0001 of Section 2.00 of Chapter 52, Statutes of 2000.

(c) Of the amount appropriated in Schedule (2)(a) of this item, $40,000,000 is for the purpose of providing full-year funding for expansion of full-day, general child care for children ages 0–5 years old initiated with a $40,000,000 augmentation in the Budget Act of 2000, as specified in Provision 1(b) of Item 6110-196-0001 of Section 2.00 of Chapter 52, Statutes of 2000.

(d) Of the amount appropriated in Schedule (2)(c) of this item, $3,000,000 is for the purpose of providing full-year funding for expansion of migrant day care services initiated with a $3,000,000 augmentation in the Budget Act of 2000, as specified in Provision 15 of Item 6110-196-0001 of Section 2.00 of Chapter 52, Statutes of 2000.

2. Notwithstanding Section 8278 of the Education Code, funds available for expenditure pursuant to Section 8278 of the Education Code shall be expended in the 2001–02 fiscal year pursuant to the following schedule:

(a) The amount necessary for accounts payable pursuant to paragraph (1) of subdivision (b) of Section 8278 of the Education Code.

(b) $5,000,000 in augmentation of Schedule (2) (l), Quality Improvement, for projects to improve the quality and availability of child care as specified in Provisions 7(d) and 7(e) of this item.
(c) Of the remaining funds available after meeting the requirements in (a) and (b) of this provision, $1,732,000 shall be allocated for instructional materials and equipment for center-based programs and to improve resource lending libraries in resource and referral programs, $5,000,000 shall be allocated for facilities renovation and repair contracts necessary to meet health and safety standards and to comply with the federal Americans with Disabilities Act of 1990, and, up to $32,508,000 shall be available for Stage 3 child care in accordance with Provision 9(b) of this item. Should additional amounts become available pursuant to Section 8278 beyond those specified herein, it is the intent of the Legislature that up to $15,000,000 may be transferred to the Child Care Facilities Revolving Fund, of which $5,000,000 may be used for the CalWORKs Center-Based Pilot. Additional amounts in excess of $15,000,000 shall not be expended prior to approval of a plan by the Department of Finance pursuant to the notification requirements of Section 28 of this act.

(d) The Controller shall establish an account entitled Section 8278 Expenditures in 1999 in 6110-196-0001, Program 30.10.060. Any unexpended General Fund balances as of June 30, 2001, or subsequent abatements, from those amounts listed in Schedules (1), (2)(a), (2)(b), (2)(c), (2)(d), (2)(g), (2)(h), (2)(i), (2)(j), (2)(k), (2)(l) and (2)(m) of this item, that are available pursuant to Section 8278 of the Education Code, shall be transferred to the account for the purpose of making expenditures pursuant to that section.

3. The State Department of Education shall report to the Joint Legislative Budget Committee and the Department of Finance, by March 31, 2002, the amount of child development funds, by program, that have been determined after audit to be unearned. The report shall include the settlement of claims payable by program from unearned contract fund balances. This provision includes both Federal Fund and General Fund contracts.
4. (a) Notwithstanding any other provision of law, alternative payment child care systems shall be subject to the rates established in the Regional Market Rate Survey of California child care and development providers for provider payments. The State Department of Education shall utilize a federal fund contract with the State Child Care Resource and Referral Network (Network) to conduct a market rate survey. It is the intent of the Legislature that the contract between the State Department of Education and the Network require that the summary report and analyses of changes in mean and ceiling rates, adjustment factors, and regional rates be forwarded to the Department of Finance along with the mean and ceiling rates. The contract shall also provide resources sufficient for the Network to respond to requests for related information by the Department of Finance. Any changes to the market rate limits, adjustment factors or regions are subject to the approval process for child care contract funding terms and conditions as specified in Section 8447 of the Education Code. When approved, those changes shall be utilized by the State Department of Education and the State Department of Social Services in various programs under the jurisdiction of both departments to determine limits of reimbursement to providers.

(b) Notwithstanding any other provision of law, annual revisions to the family copayment schedule for child care and development programs are also subject to the approval process pursuant to Section 8447 of the Education Code and, when approved, shall be utilized by both the State Department of Education and Department of Social Services where applicable.

5. The funds appropriated in this item for campus child care tax bailout shall be allocated by the State Department of Education based on a schedule provided by the Chancellor of the California Community Colleges. The chancellor shall schedule the allocation of these funds to community college districts that levied child care permissive override taxes in the 1977–78 fiscal year pursuant
to Sections 8329 and 8330 of the Education Code in an amount equal to the property tax revenues, tax relief subventions, and state aid required to be made available by the district to its child care and development program for the 1979–80 fiscal year pursuant to Section 30 of Chapter 1035 of the Statutes of 1979, increased by any cost-of-living increases granted in subsequent fiscal years. These funds shall be used only for the purpose of community college child care and development programs.

6. Notwithstanding any provision of law to the contrary, higher educational institutions may establish and maintain child development programs on or near their respective campuses with priority for services given to children of students of that campus. Those higher educational institutions under contract with the State Department of Education for child care and development services shall be subject to the rules and regulations adopted by the Superintendent of Public Instruction except where those rules and regulations differ with respect to the conditions specified for the community colleges in Provision 11 of Item 6870-101-0001.

7. Funds in Schedule (2)(l), along with funds allocated pursuant to Provision 2(b) of this item, shall be reserved for activities to improve the quality and availability of child care, pursuant to the following:

(a) $2,230,000 is for the schoolage care and resource and referral earmark.

(b) $16,411,000 is for the infant and toddler earmark and shall be used for increasing the supply of quality child care for infants and toddlers. Of this amount, $4,413,000 is available on a one-time basis. Of the remaining funds, up to $8,998,000 is available for expenditure immediately and $3,000,000 shall only be available after the Department of Education reports to the Department of Finance the 2002 federal fiscal year earmark requirement. It is intended that the earmark be funded at the minimum amount required under federal law with any discretionary funding remaining used to offset budget year expenditures in CalWORKs Stage 2 through budget revision approved by the Department of Finance. Not-
withstanding any other provision of law, expenditure plans and contract provisions for awarding these funds shall give high, but not exclusive, priority to the development of new family day care home providers, especially those who offer care during nontraditional hours such as weekends, evenings, and nights and who offer care for special needs children.

(c) $1,500,000 is for the five-year regional resource centers program initiated in the Budget Act of 1999 (Ch. 50, Stats. 1999) to develop capacity in underserved areas.

(d) From the remaining funds including funds available pursuant to Provision 2(b) of this item, the following amounts shall be allocated for the following purposes: $4,000,000 to train former CalWORKs recipients as child care teachers, $2,000,000 in one-time funding to continue training and to develop, produce, and disseminate classroom curriculum linked to the prekindergarten learning and development guidelines developed pursuant to Section 8203.3 of the Education Code for child care centers; $3,000,000 in one-time funding available through 2003–04 to adapt, produce and disseminate prekindergarten learning and development guidelines and related curriculum for all exempt and licensed family child care home providers; $2,700,000 for contracting with the Department of Social Services for increased inspections of child care facilities, $1,000,000 to continue the Family Child Care At Its Best training project, which, through an interagency agreement with the University of California at Davis Extension Program, provides child development training to licensed family child care home providers to enhance the quality and safety of licensed family child care homes, $1,000,000 for Trustline registration workload (Ch. 3.35 (commencing with Sec. 1596.60), Div. 2, H. & S.C.); $500,000 for health and safety training for licensed and exempt child care providers; $320,000 for the Child Development Training Consortium, $300,000 for the Health Hotline, $300,000 to implement a technical assistance program to child care
providers in accessing financing for renovation, expansion, and/or construction of child care facilities; and $1,000,000 for the Home Instruction Program for Preschool Youngsters (HIPPY) for the districts in the amounts specified herein, contingent upon a written agreement with the California HIPPY State Office by October 1, 2001, to provide evaluation, training, and technical assistance to local districts implementing HIPPY programs according to the HIPPY statewide capacity building design. The agreement shall specify implementation goals including starting date and participation levels as agreed to by both parties. In the event that a school district or county office of education does not substantially meet the implementation requirements specified in the written agreement by February 1, 2002, its share may be redistributed as determined by the Superintendent of Public Instruction and the California HIPPY State Office with the approval of the Department of Finance through notification of the Legislature through the Section 28.00 notification process. Funds shall be allocated under this provision, as follows: (1) Los Angeles Unified School District ($100,000), (2) Los Angeles County Office of Education ($100,000), (3) Santee School District ($115,000), (4) San Diego Unified School District ($340,000), (5) Contra Costa County Office of Education ($75,000), (6) San Francisco Unified School District ($100,000), (7) Santa Barbara Unified School District ($85,000), and (8) Stanislaus County Office of Education ($85,000).

(e) The State Department of Education shall allocate $425,000 to preschool education projects including, but not limited to, those operated by the public television stations in Redding, San Francisco, San Jose, Los Angeles, Fresno, and San Diego. Of this amount, the department shall allocate up to $320,000 to public television stations in Redding, San Francisco, San Jose, and Los Angeles, based upon the satisfaction by the projects operated by the public television stations in each of
those cities of all of the following criteria: (1) the 30-percent minimum match; (2) a plan that identifies the providers to be trained; (3) number of trainers to be trained; (4) the quality of the training offered; (5) linkages to the child care community; and (6) cost-effectiveness. The balance of the $425,000 identified in this subdivision shall be made available to support projects in Fresno and San Diego, based upon the determination by the State Department of Education of the satisfaction by the projects operated by the public television station in each of those cities of the criteria set forth in (1) to (6), inclusive, of this subdivision. As a condition of receiving funds as described in this subdivision in the 2001–02 fiscal year, each grantee that received funds in the 2000–01 fiscal year shall complete and submit to the State Department of Education, no later than March 1, 2002, an evaluation of the effectiveness of the project operated by the grantee in improving the quality of child care provided in the affected community.

(f) $30,000 shall be made available for a preschool public television project in Eureka.

(g) As required by federal law, the State Department of Education shall develop an expenditure plan that sets forth the final priorities and the reasons therefor if the final priorities are different from those approved in response to the reporting requirement contained in Provision 7(h) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 2000 (Ch. 52, Stats. 2000). This plan shall be submitted to the Department of Finance by September 1, 2001, and funds shall not be encumbered prior to approval of the plan by the Department of Finance. The State Department of Education shall coordinate with the Department of Social Services, the California Children and Families State Commission, and other applicable entities to identify annual statewide expenditures for quality enhancements which qualify for meeting federal requirements, and shall reference these expenditures in its bien-
nial federal quality plans or any subsequent amendments.

(h) $15,000,000 from the General Fund shall be for child care worker recruitment and retention programs as specified by Chapter 547, Statutes of 2000.

8. (a) If the federal funds available pursuant to Provision 10 of Item 6110-196-0001 of Section 2.00 of the Budget Act of 1997 (Ch. 282, Stats. 1997) have not been transferred to Item 6110-001-0001 of Section 2.00 of this act by June 30, 2001, those funds shall be available in the 2001–02 fiscal year for (a) interim data reporting as approved by the Department of Finance, and, (b) for the same purposes and subject to the same conditions, including FSR development, and reporting requirements otherwise applicable to Item 6110-196-0001 and Item 6110-001-0890 of Section 2.00 of the Budget Act of 1997 (Ch. 282, Stats. 1997).

(b) No later than August 31, 2001, the State Department of Education (SDE) shall convene a data collection task force composed of representatives of the SDE, the Legislative Analyst, the chairs and vice chairs of the appropriate fiscal and policy committees of the Legislature, the Department of Social Services, the Senate Office of Research, the Joint Legislative Audit Committee, the Department of Finance, child care providers, and other stakeholders as defined by the task force. The task force shall advise the SDE on the implementation of the interim data collection system and development and implementation of the long-term data collection system. The task force members shall provide advice concerning any associated feasibility study reports and requests for proposals, assist the SDE in designing systems that generate policy-relevant information, establish timelines for project completion, and monitor progress toward project completion. Any company or individual who participates in the task force or in an advisory capacity to the task force shall not be eligible to bid for the development of the system. In the development of this system, the SDE shall contract for a risk assessment
of the project. The SDE shall provide copies of any status reports it is required to send to the United States Department of Health and Human Services, as well as any feasibility study reports and requests for proposals, to each of the task force participants. If the interim system and long-term system are not fully discussed in those reports, the SDE shall provide supplementary reports to the members of the task force on October 1, 2001, and March 1, 2002, regarding progress toward completion of the projects. It is the intent of the Legislature that the SDE take all necessary steps to comply with federal reporting requirements in a timely fashion.

(c) The State Department of Education shall ensure that any long-term data collection system adopted by the department is able to collect the data specified by Provision 8(c)(6) of Item 6110-196-0001 of the Budget Act of 2000 (Ch. 52, Stats. 2000).

(d) For purposes of ensuring adequate data for policy consideration, management of the current year budget, and development of the child care budget for the 2002–03 fiscal year, with special emphasis on CalWORKs caseload driven programs, it is the intent of the Legislature that the SDE utilize funds made available pursuant to subdivision (a) above for interim data collection to finance any surveys or sampling activities needed to augment state staff capabilities in meeting requirements specified herein and as clarified or amended by the Department of Finance. It is legislative intent that the SDE expedite any contracting necessary to fulfill the data requirements of this subdivision. It is recognized that the CalWORKs child care programs present unique challenges requiring the cooperation of the two implementing state agencies with the Department of Finance to annually determine a budgetary plan and to determine any midyear adjustments which may be advisable. Therefore, the following requirements shall apply:

1. The State Department of Education shall maintain an improved allocation, contract-
ing, and reimbursement system for CalWORKs Stage 2 and Stage 3 funding to ensure funds are distributed in proportion to statewide needs. These needs shall recognize attrition experience and family fees collected at the local level which shall be counted toward the funding available to meet those needs. The department shall conduct monthly analyses of caseloads and expenditures and adjust agency contract maximum reimbursement amounts and allocations as necessary to ensure funds are distributed proportional to need. The department shall share monthly caseload analyses with the Department of Social Services.

2. The department shall provide quarterly reports on the sufficiency of funding for Stage 2 and Stage 3 to the Department of Finance and the Department of Social Services (DSS) and to the Legislative Analyst’s office. The department shall provide caseloads, expenditures, allocations, unit costs, family fees, and other key variables and assumptions used in determining the sufficiency of state allocations. Detailed backup by month and on a county-by-county basis shall be provided to the DSS at least on a quarterly basis for comparisons with Stage 1 trends.

3. Any request from the child care reserve shall be based on the information and analyses pursuant to the preceding paragraphs and shall be made jointly and coordinated with the DSS to eliminate duplication. In order to facilitate coordination, detailed backup by month and on a county-by-county basis, if different from quarterly data provided pursuant to the previous paragraph, shall be provided to the DSS to facilitate its analyses and comparison of overall CalWORKs caseloads and related child care needs.

4. By September 15, 2001, and March 15, 2002, the department shall ensure that detailed caseload and expenditure data, through the most recent period for Stage 2
and Stage 3 along with all relevant assumptions, is provided to DSS to facilitate budget development and the May Revision, respectively. The detailed data provided shall include actual and projected monthly caseload from Stage 2 scheduled to time off of their transitional child care benefit from the last actual month reported by agencies through the 2003–04 fiscal year as well as local attrition experience. DSS shall utilize data provided by the State Department of Education, including key variables from the prior fiscal year and the first two months of the 2001–02 fiscal year, to provide coordinated estimates in November 2001 for each of the three stages of care for preparation of the 2002–03 Governor’s Budget, and shall utilize data from the first two quarters of the 2001–02 fiscal year for preparation of the 2002 May Revision. DSS shall share its assumptions and methodology with SDE in the preparation of the 2002–03 Governor’s Budget.

5. As deemed necessary by the department for counties where there is more than one Alternative Payment Program participating in Stage 2 and Stage 3, county welfare departments shall participate jointly with the Alternative Payment Programs, as applicable, to jointly determine the amount of funds initially distributed to each Alternative Payment Program. However, the State Department of Education may adjust these allocations at any time for providers deemed by the State Department of Education to be on conditional status and shall adjust the allocations as necessary to ensure a distribution of funding proportional to each alternative payment provider’s documented need pursuant to the analysis specified in this provision.

6. Upon request by the Department of Finance, the State Department of Education shall determine, through survey or mandatory reporting, and through use of consultant services as necessary, requested infor-
mation (such as selected updates of data collected pursuant to Provision 8(c)(6) of the Budget Act of 2000 (Ch. 52, Stats. 2000)) which shall be provided to the Department of Finance for use in 2002–03 budget development.

9. (a) The Department of Finance is authorized to augment the appropriation in this item for CalWORKs Stage 3 funding upon demonstration by the State Department of Education that additional funding is necessary to serve the caseload specified in Provision 9(b). The Department of Finance shall provide written notification to the chairperson of the fiscal committees of each house of the Legislature and the Chairperson of the Joint Legislative Budget Committee at the time such augmentation is approved.

(b) Notwithstanding any other provision of law, the funds in Schedule (2)(f) for Stage 3 are reserved exclusively for continuing child care to: (1) former CalWORKs families who are working, have left cash aid and have exhausted their two-year eligibility for transitional services in either Stage 1 or 2 pursuant to subdivision (c) of Section 8351 or Section 8353 of the Education Code, respectively, but still meet eligibility requirements for receipt of subsidized child care services; and (2) families who received lump-sum diversion payments or diversion services under Section 11266.5 of the Welfare and Institutions Code and have spent two years in Stage 2 off of cash aid, but still meet eligibility requirements for receipt of subsidized child care services. The funds made available for CalWORKs Stage 3 child care pursuant to this item, Item 6110-485, and pursuant to Provision 2(c) of this item are on a one-time basis. The State Department of Education shall advise all Alternative Payment Providers to notify the Stage 3 caseload that subsidies are only extended through the 2001–02 fiscal year under current eligibility, subsidy, and family fee conditions.

(c) Any families who have been continuously enrolled in Stage 3 slots funded through the origi-
nal increment of $60,000,000 initially funded in the Budget Act of 1997 (Ch. 282, Stats. 1997) from the Child Care and Development Block Grant are exempted from these restrictions, provided they continue to meet eligibility criteria for receipt of subsidized child care. However, Alternative Payment Providers shall continue to replace exempted families with those meeting the eligibility requirements specified herein.

10. Nonfederal funds appropriated by this item which have been budgeted to meet the state’s Temporary Assistance for Needy Families maintenance of effort requirement established pursuant to the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193) may not be expended in any way that would cause their disqualification as a federally allowable maintenance of effort expenditure.

11. In recognition of the extensive services currently provided to CalWORKs recipients, the increased level of services provided to these populations by resource and referral agencies as provided for in this item, and the economies of scale that occur as contract amounts have been multiplied since 1996–97, it is the intent of the Legislature that administrative and support services allowances for alternative payment contractors serving these populations be limited to no more than 25 percent of the direct cost of care payments to child care providers. Therefore, notwithstanding any other provision of law or regulation, the State Department of Education shall ensure that contract provisions conform to this intent for Stages 2 and 3 child care contracts funded through Schedules (2)(e) and (2)(f) of this item.

12. 1. Notwithstanding Section 13332.11 of the Government Code or any other provision of law, the California State University may proceed with any phase of any project identified in the above schedule, including preparation of preliminary plans, working drawings, construction, or equipment purchase, without the need for any further approvals.
2. The California State University shall complete each project identified in the above schedule within the total funding amount specified in the schedule for that project. Notwithstanding Section 13332.11 of the Government Code or any other provision of law, the budget for any project to be funded from the Higher Education Capital Outlay Bond Fund of 1998 may be augmented by the California State University within the total appropriation made by this item, in an amount not to exceed 10 percent of the amount appropriated for that project. This condition does not limit the authority of the California State University to use nonstate funds for these purposes.

3. The California State University shall complete each project identified in the above schedule without any change to its scope. The scope of a project means, in this respect, the intended purpose of the project as determined by reference to the following elements of the budget request for that project submitted by California State University to the Department of Finance: (a) the program elements related to project type, and (b) the functional description of spaces required to deliver the academic and supporting programs as approved by the Legislature.

Notwithstanding Section 2.00 of this act or any other provision of law, the appropriation made in this item is available for encumbrance during the 2001–02 and 2002–03 fiscal years, except that the funds appropriated for construction only must be bid during the 2001–02 fiscal year and will be available for expenditure through 2002–03, and funds appropriated for equipment purposes are available for encumbrance until June 30, 2004. For the purposes of encumbrance, funds appropriated for construction management and project contingencies purposes as well as any bid savings, shall be deemed to be encumbered at the time a contract for that purpose is awarded; these funds also may be used to initiate consulting contracts necessary for management of the project during the liquidation period. Any savings identified at

2. Of the funds appropriated in Schedule (1), Appropriations, up to $100,000 is for a maintenance allowance, pursuant to regulations adopted by the board of governors. Up to $500,000 is to reimburse colleges for the costs of federal aid repayments related to assessed fees for fee waiver recipients. This reimbursement only applies to students who completely withdraw from college before the census date.

3. Notwithstanding any other provision of law, $26,482,000 of the funds appropriated in Schedule (2) shall be for allocation to community college districts in the 2001–02 fiscal year for the...
purposes of funding FTES in courses in basic skills, including English-as-a-second-language courses and workforce preparation courses for newly legalized immigrants, to the extent the total FTES claimed by a district for the 2001–02 fiscal year exceeds the level of total FTES funded for that district in the 2001–02 fiscal year. The Chancellor of the California Community Colleges shall develop criteria for allocating these funds.

4. (a) Of the amount appropriated in Schedule (2), up to $12,729,000 shall be available as necessary upon certification by the Chancellor of the California Community Colleges for the purpose of funding community college-related and supplemental instruction pursuant to Section 3074 of the Labor Code as provided in Section 8152 of the Education Code. 6. Funds provided in Schedule (4) are for the Partnership for Excellence Program established pursuant to Section 84754 of the Education Code. It is the intent of the Legislature that community college districts increase the level of instruction and student services provided to meet the systemwide goal for student transfer. The goal for the
California Community Colleges is to increase the number of “transfer ready” students to provide enough applicants to increase by at least 6 percent annually the number of transfer students eligible to enroll at the University of California through the year 2005–06. The goal is also to increase the number of “transfer ready” students to provide enough eligible applicants to increase by at least 5 percent annually the number of transfer students eligible to enroll at the California State University through the year 2005–06.

Colleges accepting Partnership for Excellence funds shall, in connection with their transfer center planning process and annual updates, prepare a set of campus goals for annual change in transfer of eligible students through the 2005–06 academic year; a rationale for selecting those goals; and a plan for achieving those goals. These campus transfer goals, rationale, and plans shall be submitted to the Chancellor's Office of the California Community Colleges, as part of the annual update of the transfer center plan, no later than December 1, 2001. The Chancellor's Office of the California Community Colleges shall compile and submit campus transfer goals for annual change, the rationale for selecting those goals, and plans to achieve those goals to the Governor and the Legislature no later than February 1, 2002.

Technical assistance shall be provided to any college with persistently low numbers or rates of transfer, with the goal that the number of transfers will increase by an average of 10 percent annually, as necessary to overcome these low numbers or rates by the 2004–05 academic year. On or before March 1, 2002, the chancellor shall provide a progress report to the Gov-
8. Of the funds provided in Schedule (5), $11,000,000 shall be used to ensure that all eligible students have access to Cal-Grants. The chancellor shall allocate these funds by providing $25,000 to each college, and distributing the remaining funds proportionally based on each individual college’s respective share of total Pell Grant recipients.

9. Of the funds appropriated in Schedule (6), $81,663,000 is for Extended Opportunity Programs and Services in accordance with Article 8 (commencing with Section 69640) of Chapter 2 of Part 42 of the Education Code. Of this amount $6,000,000 represents an augmentation and may only be allocated to serve 10,000 additional students over the number served in the 1999–2000 fiscal year. Funds provided in this item for Extended Opportunity Programs and Services (EOPS) shall be available to students on all campuses within the California Community College system, including those students on new campuses or in new districts. $11,775,000 is for funding, at all colleges, the Cooperative Agencies Resources for Education (CARE) program in accordance with Article 4 (commencing with Section 79150) of Chapter 9 of Part 48 of the Education Code. The board of governors shall allocate funds on a priority basis and to local programs on the basis of need for student services.
10. Of the funds appropriated in Schedule (6), at least $7,000,000 shall only be available to increase the amount of grants to students for purchasing books. In addition, these funds shall not supplant the amount of resources used for book grants by the community colleges in Extended Opportunity Programs and Services.

11. (a) The funds appropriated in Schedule (8) are for local assistance for funding the excess direct instructional cost of providing special support services or instruction, or both, to disabled students enrolled at community colleges, and for state hospital programs.

(b) Of the amount appropriated in Schedule (8), $3,945,000 shall be used to address deficiencies identified by the federal Office of Civil Rights (OCR) as follows:

(1) $597,000 to provide access to print information to visually impaired students by creating and printing Braille versions of written materials.

(2) $3,348,000 to provide accessibility to hearing impaired distance education students by having live and closed captioning on telecourses and other video and Internet related instructions.

(c) Of the amount appropriated in Schedule (8) at least $943,000 shall be used for support of the High Tech Centers for activities including, but not limited to, training of district employees, staff and students in the use of specialized computer equipment for the disabled. All High Tech Centers shall meet standards developed by the chancellor’s office. Colleges that receive these augmentations shall not supplant existing resources provided to the centers.

(d) Notwithstanding any other provision of law, of the funds appropriated in Schedule (8) of this item, $1,529,000 shall be for state hospital adult education programs at the hospitals served by the Coast, Kern, and West Valley Community College Districts since the 1986–87 fiscal year. The amount provided includes the level of funding provided for these state hospital programs in the 1986–87 fiscal year, plus subsequent cost-of-living
adjustments if provided. If adult education services at any of the three hospitals are not supported by the community colleges in the 2001–02 fiscal year, the associated funds shall, upon order of the Department of Finance, after 30 days’ notice to the Chairperson of the Joint Legislative Budget Committee, be transferred to the State Department of Developmental Services (DDS). For any transfer of funds to DDS during the 2001–02 fiscal year, the Proposition 98 base funding levels for community colleges and DDS shall be adjusted accordingly.

12. The funds for the Fund for Student Success in Schedule (21.5), with the exception of the funds identified in subdivisions (c) and (d) of this provision, shall be used for competitive grants to increase student success based on an analysis of student outcomes. The funds used for these grants shall be available for a limited duration, after which colleges shall institutionalize the programs within their budgets. The chancellor shall develop criteria for allocation of the competitive grants. Of the funds appropriated in Schedule (21.5):

(a) $1,000,000 shall be available for small planning grants of up to one year duration for innovative projects aimed at improving student success.

(b) $8,985,000 shall be available for the initial year of two or three year innovative projects aimed at improving student success where the state share shall be no greater than 75% of the costs of the first year and no more than 25% in the last.

(c) Up to $1,944,000 is for the Puente Project to support 75 colleges and is available if these funds are matched by $100,000 of private funds and the participating community colleges and University of California campuses maintain their 1995–96 support level for the Puente Project. These funds will be subject to the same local match agreement as existing programs. These funds are not required to be allocated on a temporary basis and may be allocated on a permanent basis to support a Puente Project that meets the conditions of
the Puente Project contract agreement. All funding shall be allocated directly to participating districts in accordance with their participation agreement.

(d) Up to $2,489,000 is for the Mathematics, Engineering and Science Achievement (MESA) Programs. These funds are not required to be allocated on a temporary basis and may be allocated on a permanent basis provided the conditions for receipt of funds continue to be met. For each dollar allocated, the recipient district shall provide one dollar in matching funds.

(e) No less than $1.8 million is reserved for maintaining middle college programs pursuant to the Governor’s initiative. Of the funds provided herein, the chancellor shall have the discretion to extend the grant period beyond the normal pattern for the Fund for Student Success as necessary to meet the goals of the initiative.

(f) With the exception of special part-time students at the community colleges pursuant to Section 48802 of the Education Code, student workload based on participation in the Middle College High School Program shall not be eligible for community college state apportionment.

As a condition of receipt of funds pursuant to subdivisions (a) and (b), colleges must submit to the chancellor’s office a yearly report including: an expenditure plan, a progress report detailing number of students served, and the ability of the college to increase student success based on an analysis of student outcomes. It is the intent that the chancellor’s office submit an annual report to the Legislature and Department of Finance by November 1, of each year. The report shall include an analysis of the programs funded at each campus, including the effects on student outcomes. The chancellor shall also identify any colleges which did not continue operation of the program after state funds have ceased and the reasons therefore.

13. The funds appropriated in Schedule (10) are for the purpose of assisting welfare recipient students and those in transition off of welfare to
achieve long-term self-sufficiency through coordinated student services offered at community colleges including: work study; other educational related work experience; job placement services; child care services; and coordination with county welfare offices to determine eligibility and availability of services. All services funded in this schedule shall be for current CalWORKs recipients or prior CalWORKs recipients who are in transition off of cash assistance for no more than two years. Current cash assistance recipients may utilize these services until their initial educational objectives are met. Former recipients in transition off of cash assistance may utilize these services for a period of up to two years after leaving cash assistance subject to the conditions of this provision. These funds shall be used to supplement and not supplant existing funds and services provided for CalWORKs recipients attending community colleges. The chancellor shall develop an equitable method for allocating funds to all districts and colleges based on the relative numbers of CalWORKs recipients in attendance and shall allocate funds for the following purposes:

(a) Job placement.
(b) Coordination with county welfare offices and other local agencies, including local workforce investments boards.
(c) Curriculum development and redesign.
(d) Child care and work study.
(e) Instruction.
(f) Postemployment skills training and related skills.

Of the amount appropriated in Schedule (10) of this item, at least $49,500,000 shall be allocated for the purposes identified in subdivision (a) and (d) of this provision and, of this amount, not less than $15,000,000 shall be for child care. Funds utilized for subsidized child care shall be for children of CalWORKs recipients through campus-based centers or parental choice vouchers at rates and with rules consistent with those applied to related programs operated by the State Department of Education, including parental contribution schedules. Subsidized campus child care for CalWORKs recipients may be provided
during the period they are engaged in qualifying state and federal work activities through attainment of their initial education and training plan and for up to three months thereafter or until the end of the academic year, whichever period of time is greater.

Funds utilized for work study shall be used solely for payments to employers that currently participate in campus-based work-study programs or are providing work experiences that are directly related to and in furtherance of student educational programs, provided that those payments may not exceed 75 percent of the wage for the work study positions; the employers shall pay at least 25 percent of the wage for the work study position. These funds may be expended only if the total hours of education, employment, and work study for the student are sufficient to meet both state and federal minimum requirements for qualifying work-related activities.

The balance of funds allocated for (a) and (d) of this provision shall provide either job placement, instructional services, work study or child care for CalWORKs students. Funds can be used to provide credit or noncredit classes for CalWORKs students if a district has committed all of its funded FTES and is unable to offer the additional instructional services to meet the demand for CalWORKs students. This determination shall be based on fall enrollment information. Districts shall make application to the chancellor’s office by October 15. If the chancellor approves the use of funds for direct instructional workload, the chancellor’s office shall submit a report to the Joint Legislative Budget Committee by November 15, 2001, that (a) identifies the enrollment of new CalWORKs students, (b) states whether and why additional classes were needed to accommodate the needs of CalWORKs students, and (c) sets forth an expenditure plan for the balance of funds.

As a condition of receipt of the funds appropriated in Schedule (10), by the fourth week following the end of the semester or quarter term commencing in January 2002, each participating community college shall submit to the chancellor’s office a report, in the format specified by

the chancellor, in consultation with the Department of Social Services, that includes but may not be limited to the funded components, the number of hours of child care provided, average monthly enrollment of CalWORKs dependents served in child care, the number of work study hours provided, the hourly salaries and type of jobs, the number of students being case managed, the short-term programs available, student participation rates, and other outcome data. It is intended that, to the extent practical, reporting from colleges utilize data gathered for federal reporting requirements at the state and local level. Further, it is intended that the chancellor’s office compile the information for annual reports to the Legislature, the Governor, the Legislative Analyst, and the Departments of Finance and Social Services by October 15 of each year as specified in the annual Budget Act.

First priority for expenditures of any funds appropriated in Schedule (10) shall be in support of current CalWORKs recipients. However, if caseloads are insufficient to fully utilize all of the funding in this schedule in a cost beneficial way, it is intended that up to $10,000,000 may be allocated for providing postemployment services to former CalWORKs recipients who have been off of cash assistance for no longer than two years to assist them in upgrading skills, job retention, and advancement. Allowable services include direct instruction that cannot be funded under available growth funding, child care to support attendance in these classes consistent with this provision, job development and placement services, and career counseling and assessment activities which cannot be funded through other programs. Child care services may only be provided for periods commensurate with a student’s need for postemployment training within the two-year transitional period.

Prior to allocation of funds for postemployment services, the chancellor shall first secure the approval of the Department of Finance for the allocations; complete a cumulative report on the outcomes, activities, and cost-effectiveness of the program no later than October 15, 2001, in compliance with the Budget
Acts of 1998, 1999, and 2000 (Ch. 324, Stats. 1998, Ch. 50, Stats. 1999 and Ch. 52, Stats. 2000) and this act, and shall provide the rationale and justification for the proposed allocation of postemployment services to districts for transitional students.

14. Of the funds appropriated in Schedule (2) $8,000,000 is to fund additional fixed, variable, and one-time costs for providing support services and instruction for CalWORKs students which include but are not limited to: job placement and coordination; curriculum development and redesign; child care and work study; and instruction. As a condition for funding, colleges are required to submit a plan to the chancellor’s office on how the funds will be utilized which shall be based on collaboration with county welfare offices about the services and instruction that is needed for CalWORKs recipients. The funds matched by federal TANF block grant funds and scheduled in Item 6870-111-0001(1) are also subject to all these same conditions.

15. Nonfederal funds appropriated in Schedules (2) and (10) of this item have been budgeted to meet the state’s Temporary Assistance for Needy Families maintenance of effort requirement pursuant to the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (Public Law 104-193) and may not be expended in any way that would cause their disqualification as a federally allowable maintenance of effort expenditure.

16. The funds in Schedule (11) of this item shall be allocated to provide foster parent training. Funds shall be allocated in such a manner as to ensure priority for training required by Section 1529.2 of the Health and Safety Code. Districts shall make services available to foster parents to satisfy the requirements of Section 1529.2 of the Health and Safety Code as a first priority. Remaining funds may be used for services to foster child relative caretakers and for additional parenting skills, thereafter.

18. (a) The funds appropriated in Schedule (12) are for the purpose of student matriculation, as specified in Article 1 (commencing with
Section 78210) of Chapter 2 of Part 48 of the Education Code.

(b) Of the amount appropriated in Schedule (12), an amount equal to 15.64 percent of that amount shall be allocated to community college districts on a one-to-one matching fund basis to provide matriculation services to include, but not be limited to, orientation, assessment, and counseling for students enrolled in designated noncredit classes and programs who may benefit most, as determined by the Chancellor of the California Community Colleges pursuant to Sections 78216 to 78218, inclusive, of the Education Code.

21. (a) $23,600,000 of the funds provided in Schedule (19) shall be for the purpose of providing allocations to all districts. It is the intent that colleges receiving these funds shall maintain all of the capabilities specified in the Budget Acts of 1996 through 2001 for the Telecommunications and Technology Infrastructure program. The funds appropriated in this item shall be allocated by the chancellor, shall not supplant existing funds used for technology and networking purposes, and shall be subject to established fiscal controls, annual reporting and accountability requirements specified by the chancellor. It is the intent that this allocation shall enable further development of networks. Therefore, colleges shall match maintenance and ongoing costs with other funds, after installation, for the following required purposes: (1) maintenance of communication lines, software and other costs associated with connecting to the collaborative California State University/California Community College telecommunications wide area network (4C Net); (2) video conference connectivity, transport, maintenance, and training; (3) local planning and development for improving library technology including library automation, connections to college local area networks and connections to external data bases; (4) digital satellite systems and the following optional purposes: (A) the development, ex-
pansion, and maintenance of local area networks both within and between buildings: (B) development, expansion, and maintenance of districtwide wide area networks for interconnecting multiple campuses and off-campus centers within a district; and (C) implementation of local technology applications that are intended to improve student learning and other services.

The chancellor shall allocate the $23,600,000 by providing $197,811 for each of the 109 colleges and $45,000 for each of the 20 governing sites that are not colocated with the colleges. $1,138,650 of that amount shall be used to fund three new colleges and three new district sites with one-time startup costs of $289,775 per college and $89,775 per district site. New colleges are not eligible for ongoing and one-time funds until accreditation. If accreditation does not occur in the 2001–02 year, the funds are to be distributed evenly among the remaining colleges. All provisions related to technology standards and telecommunication plans as specified in Provision 17(a) of Item 6870-101-0001 of Section 2.00 of the Budget Act of 1996 (Ch. 162, Stats. 1996) and Provision 14(a) of Item 6870-101-0001 of Section 2.00 of the Budget Act of 1997 (Ch. 282, Stats. 1997), shall apply.

(b) $12,700,000 of the funds provided in Schedule (19) of this item shall be for the purpose of supporting technical and application innovations and for coordination of activities that serve to maximize the utility of the technology investments of the community college system toward improving learning outcomes. Allocations shall be made by the chancellor, based on criteria and guidelines as developed by the chancellor, on a competitive basis through the RFA/RFP application process as follows:

(1) At least $700,000 shall be available for technical and application pilot projects that improve intercollege relationships in the areas of: (a) learning and instructional services; (b) student services; and
(c) administrative services, however not more than 25 percent of the amount shall be allocated for this purpose.

(2) All provisions as specified in Provision 17(b)(2) of Item 6870-101-0001 of Section 2.00 of the Budget Act of 1996 (Ch. 162, Stats. 1996) shall apply to Provision (1) above.

(3) Not more than $10,000,000 shall be available for centers to provide regional coordination for technical assistance and planning, cooperative purchase agreements, and faculty and staff development. All other provisions as specified in Provision 17(b)(3) of Item 6870-101-0001 of Section 2.00 of the Budget Act of 1996 (Ch. 162, Stats. 1996) shall apply. $4.0 million is intended to fund the segment’s share of upgrading the 4C Net backbone from an OC-3 to an OC-12 Network and shall be matched dollar for dollar by the CSU. If this condition is not met, the chancellor shall report the reasons the expenditure should still be made on any other use of the funds using the reporting provisions of the Section 28.00 process. $2.3 million is for the development and implementation of a systemwide audio bridging and telephony capability of the 4C Net backbone to facilitate collaboration of faculty, students, and staff in instruction, student services, and shared governance activities.

(4) $2,000,000, or as much as necessary, shall be available for a statewide digital uplink for the purpose of delivering statewide satellite services to system colleges and districts related to instruction, student support, and administration.

(c) $8,000,000 of the funds provided in Schedule (19), shall be for allocations to community college districts to fund faculty and staff training in the use of technology to assist learning (including distance education and online courses), expand access, and contrib-
ute to student success. The chancellor shall develop an allocation formula that reflects the number of faculty and provides a minimum grant for small sites. The disbursement of funds shall be contingent upon inclusion of a satisfactory staff development component by each district within its telecommunications and technology use plan, as specified by the chancellor. Districts may not use these funds to supplant existing training and staff development efforts related to technology; the chancellor shall ensure that these funds are used for additional training and development in the use of technology. The use of technology training allocations shall be included in reports required for this program.

(d) The chancellor shall submit an annual report to the Legislative Analyst, the budget and fiscal committees of the Legislature, and the Department of Finance no later than November 1, 2001, identifying any changes to the standards developed pursuant to the control provisions for this program in the Budget Act of 1997 (Ch. 282, Stats. 1997), the status of the implementation of the telecommunications and technology infrastructure program to date and any additional needs, including the reasons therefore.

22. The funds provided in Schedule (20) of this item shall be available for grants to districts to fund California Virtual University distance education centers, for instructing faculty in teaching courses online, and other expenses for conversion of courses for distance education. The funds appropriated in this item shall not supplant existing funds and shall be subject to established fiscal controls, annual reporting and accountability requirements specified by the chancellor. The chancellor shall develop criteria for the allocation of these funds. As a condition of receipt of the funds, colleges are required to submit to the chancellor’s office reports in a format specified by the chancellor sufficient to document the value and productivity of this program including but not limited to numbers and nature of courses converted, and the amount of distance education...
instructional workload services provided as a result of these courses. It is intended that the chancellor’s office further develop the reporting criteria for participating colleges and submit that for review along with an annual progress report on program implementation to the Legislative Analyst, Office of the Secretary for Education, and the Department of Finance no later than November 1, 2001, for review and comment.

23. Of the funds provided in Schedule (22) of this item for the Economic Development Program:

(a) No more than $17,536,000 shall be allocated for grants for regional business resources assistance and innovation Network Centers.

(b) No less than $21,387,000 shall be allocated for Industry Driven Regional Education and Training Collaboratives. These grants shall be made on a competitive basis and the award amounts shall not be restricted to any predetermined limit, but rather shall be funded on their individual merits. Of this allocation, $5,000,000 shall only be available for additional regional collaboratives to address information technology, nursing, and biotechnology, workforce development services. These funds shall not supplant the amount of resources used in the 2000–01 fiscal year for regional collaboratives in these service areas:

(c) No more than $4,149,000 shall be allocated for statewide network leadership, organizational development, coordination, information and support services, or other program purposes.

(d) $5 million shall be available for Job Development Incentive Training programs focused on job creation for public assistance recipients. Any annual savings from this subdivision shall only be available for expenditure for one-time activities listed under subsection (j) of Section 88531 of the Education Code.

(e) No more than $2.1 million shall be allocated for Mexican International Trade Centers established pursuant to Section (a) of Ch. 959, Statutes of 1999.
The following provisions apply to the expenditure of funds within subdivisions (a) and (b) above: Funds allocated for centers and regional collaboratives shall seek to maximize the use of state funds for subdivisions (g) through (j) of Section 88531 of the Education Code. Funds allocated to districts for purposes of subdivisions (g) and (i) of Section 88531 of the Education Code for performance-based training and student internships shall be matched by a minimum of one dollar of private business and industry funding for each one dollar of state funds. Funds allocated for purposes of subdivision (h) of Section 88531 of the Education Code for credit and noncredit instruction may be transferred to Schedules (1) or (3) to facilitate distribution at the chancellor’s discretion. Any funds that become available from Network Centers due to savings, discontinuance or reduction of amounts shall first be made available for additional allocations in subdivision (b) above to increase the level of subsidized training otherwise available.

(g) Funds allocated by the board of governors under this provision shall not be used by community college districts to supplant existing courses or contract education offerings. The chancellor shall ensure that funds are spent only for expanded services and shall implement accountability reporting for districts receiving these funds to ensure that training, credit, and noncredit programs remain relevant to business needs. Programs that do not demonstrate continued relevance and support by business shall not be eligible for continued funding. The board of governors shall consider the level of involvement and financial commitments of business and industry as primary factors in making awards. The chancellor shall incorporate grant requirements into its guidelines for audits of Economic Development grants.

24. Of the funds appropriated in Schedule (23), $589,000 is for Project Assist, $835,000 is for the California Articulation Number (CAN) system, $550,000 is for faculty articulation work-

The $2,000,000 for transfer grants shall be administered by the Chancellor of the California Community Colleges and may be used to augment existing transfer centers or to establish transfer academies at community colleges with historically low rates of transfer to the University of California and the California State University.

25. The funds appropriated in Schedule (24) of this item shall be distributed by the Chancellor of the California Community Colleges to community college districts on a project-by-project basis based on priority of need for the project. As a condition of receiving these funds, a district shall certify that it will increase its operations and maintenance spending from 1995–96 fiscal year actual levels by the amount of the allocation plus an amount to be provided from district discretionary funds equivalent to $1 for each $1 of state funds. The chancellor may waive all or a portion of the matching requirement, case by case, based upon a review of a district’s financial condition. The question of whether a district has complied with its resolution shall be reviewed under the annual audit of that district.

26. The funds appropriated in Schedule (25) are available for the purpose of providing community college districts with funds to replace high priority instructional equipment, and library materials. The Chancellor of the California Community Colleges shall allocate these funds on the basis that, for every $3 of funds allocated from Schedule (25) of this item, the recipient district shall provide $1 in matching funds. These funds shall not be used for personal services costs or operating expense.

Of the funds appropriated in Schedule (25); $5 million is available only to institute competitive matching grants for workforce development instructional equipment based on the ability of the grant to leverage the best industry match; at a
27. Funds from Schedules (24) and Schedule (26) of this item may be used to fund architectural barrier removal projects that meet the requirements of the federal Americans with Disabilities Act of 1990 and seismic retrofit projects limited to $400,000. Districts that receive funds for architectural barrier removal projects shall provide a $1 match for every $1 provided by the state. The amounts in Schedules (24) and Schedule (26) shall be available for expenditure until June 30, 2003.

28. The funds appropriated in Schedule (27) of this item shall be allocated on a one-time basis to the San Mateo County Community College District for the Canfaña College and California State University, San Francisco Partnership Project. 29. Pursuant to Sections 69648.5, 78216, and 84850 of the Education Code, the Board of Governors of the California Community Colleges may allocate funds appropriated in Schedules (6), (8), and (12) of this item by grant or contract, or through the apportionment process, to one or more districts for the purpose of providing program evaluation, accountability, monitoring, or program development services, as appropriate under the applicable statute.

6870-485—Reappropriation (Proposition 98) California Community Colleges. The sum of $126,325,000 is reappropriated from the Proposition 98 Reversion Account for the following purposes.

0001-General Fund
(1) $3,153,000 to the California Community Colleges for the purpose of funding 2000–01 costs for the Part-Time Faculty Office Hours Program. Notwithstanding Education Code Section 87885, or any other provision of law, these funds shall provide up to 50 percent of the total costs (including state and local matching funds) of the compensation paid for office hours of part-time faculty. Furthermore, the use of these funds is contingent on the enactment of legislation to reinstate a 1:1 state-to-local matching ratio.

(2) $23,000,000 to the California Community Colleges for assisting colleges in covering a portion of their natural gas and electricity costs incurred during the 2000–01 fiscal year, or enhancing efficiency efforts. Funds shall be allocated to the chancellor’s office for distribution to districts in direct proportion to colleges’ actual energy expenditures in the 2000–01 fiscal year.

(3) $26,000,000 to the California Community Colleges to assist colleges in covering a portion of their increased natural gas and electricity costs incurred during the 2001–02 fiscal year or for enhancing conservation efforts. Funds shall be allocated to the chancellor’s office for distribution...
to individual colleges on a square-foot basis of owned or long-term leased space.

(4) $7,172,000 to the California Community Colleges for the purpose of funding 2001–02 costs for the Part-Time Faculty Office Hours Program. Of the funds provided, the use of $4,672,000 is contingent upon the enactment of legislation to reinstate a 1:1 state-to-local matching ratio.

(5) $57,000,000 to the California Community Colleges solely to increase compensation for part-time faculty from the amounts previously authorized. Funds shall be distributed to districts based on the total actual full-time equivalent students served in the previous fiscal year and include a small district factor as determined by the chancellor. These funds are to be used to assist districts in making part-time faculty salaries more comparable to full-time salaries for similar work, as determined by each district’s local collective bargaining unit. These funds shall not supplant the amount of resources each district used to compensate part-time faculty or be used to exceed parity of each part-time faculty employed by each district with regular full-time faculty at the same district, as certified by the chancellor. If a district achieves parity, its allocation may be used for any other educational purpose.

(6) $10,000,000 to the California Community Colleges for the purpose of funding 2001–02 costs for the Community College Teacher and Reading Development Partnerships. Grants are designed to both encourage promising students to pursue a career in teaching through development of an articulated internship program with school districts and California State University institutions and to assist elementary school pupils to develop improved reading skills. Acceptance of grants shall constitute concurrence by the district to collect and provide all information specified by the chancellor. The board of governors shall implement the program in accordance with the plan approved by the Office of the Secretary for Education.

Provisions:
1. Notwithstanding any other provision of law, the Office of Criminal Justice Planning may provide advance payment of up to 25 percent of grant funds awarded to community-based, nonprofit organizations, cities, school districts, counties, and other units of local government that have demonstrated cash-flow problems according to the criteria set forth by the Office of Criminal Justice Planning.

2. To maximize the use of program funds and demonstrate the commitment of the grantees to program objectives, the Office of Criminal Justice Planning shall require all grantees for funds from the Gang Violence Suppression-Curfew Enforcement Strategy program to provide local matching funds of at least 10 percent for the first and each subsequent year of operation. This match requirement applies to each agency that is to receive grant funds. An agency may meet its match requirements with an in-kind match, if approved by the Office of Criminal Justice Planning.
4. Of the amount appropriated in this item, $30,000,000 appropriated in Schedule 25 shall be available for competitive grants for the construction and upgrade of local crime laboratories and for the purchase of equipment for local crime laboratories. Grants can be used to repay local financing, including retirement of payment of debt service that has been expended since January 1, 2001, for the purpose of constructing, renovating, or expanding a local crime laboratory. Of the amount available, at least 25 percent shall be allocated for projects that would facilitate the immediate construction, renovation, or expansion; have an approved and acquired site; and have completed the environmental review by July 1, 2001.

5. Of the amount appropriated in this item, $800,000 appropriated in Schedule 20.5 shall be available for competitive grants for the California Innocence Protection Program. The OCJP shall make the funds available for the purpose of assisting convicted persons who are attempting to establish their actual innocence through the use of postconviction DNA testing. Grants shall only be used to represent indigent inmates convicted of a crime in a California court. Applications for funding provided pursuant to this item shall only be received from qualified nonprofit organizations meeting guidelines established by the American Bar Association for operating legal clinics using law students. It is the intent of the Legislature that funds provided to qualifying nonprofit organizations shall be made as soon as possible in the interest of justice and shall be disbursed within 60 days of receipt of an application for funding. In addition, county public defenders and private counsel providing legal assistance and representation in cases under this program may apply to OCJP for funding under this program.

Up to 40 percent of the funding shall be set aside for allocation to county public defenders or private counsel, and any of this amount not allocated by March 1 shall be made available to qualifying nonprofit organizations based on demonstrated need. For qualified nonprofit organizations receiving funding under this program, at least 25 percent of their total budget for these purposes
must come from other sources, which may include in-kind contributions.

Funding for this program shall not be expended for the purpose of court-approved DNA forensic testing under Section 1405 of the Penal Code. Funding for this program shall not be used to supplant funding provided locally for indigent defense representation.

The OCJP shall develop criteria for the selection of private counsel receiving funding under this program in consultation with the directors of the California appellate projects. Selected private counsel shall be provided funding only on a reimbursement basis for actual costs associated with providing legal assistance and representation of clients under this program. Reimbursement guidelines shall be developed in consultation with the directors of the California appellate projects. The OCJP shall consider whether an applicant attorney may be appointed by the court from a county’s indigent defense panel and shall limit eligibility for funding only to those activities allowed by this program but not funded locally.

An amount not to exceed 5 percent of the funding appropriated may be used for administrative expenses of the OCJP, including costs to reimburse the directors of the California appellate projects for their actual costs of providing consultation to implement this program.

Entities and attorneys receiving funding under this program shall report to the OCJP the number of requests received and the number of cases in which any of the following have occurred: (1) a preliminary investigation was conducted, (2) a full investigation was conducted and DNA testing was sought, (3) the appellant was represented in court proceedings or an attempt was made to vacate a conviction, and (4) an appellant’s conviction was vacated or overturned as a direct result of the representation by the entity or attorney. The entities and attorneys shall also provide detailed expenditure reports semiannually and annually on the use of funds provided under this program. These semiannual and annual reports shall also list all staff positions supported by this funding and their compensation. The OCJP shall prepare and submit a report to the Joint Legislative Bud-
get Committee on or before February 1, 2002, on
the foregoing information for each entity receiv-
ing funding under this program.

The allocation shall be based on detailed plans submitted by the agency secretaries, and if no agency secretary, by the appropriate authority. The detailed plan shall be due to the Department of Finance in conjunction with the fall 2002–03 budget preparation process.

SEC. 13.00. (a) Notwithstanding any other provision of law, expenditures under Item 0160-001-0001 of Section 2.00 of this act or any
appropriation in augmentation of that item shall be exempt from Chapter 7 (commencing with Section 11700) of Part 1 of, and Article 2 (commencing with Section 13320) of Chapter 3 of Part 3 of, Division 3 of Title 2 of the Government Code, Division 2 (commencing with Section 1100) of the Public Contract Code, and subdivision (a) of Section 713 of Title 2 of the California Code of Regulations, and may be expended as set forth in the Governor’s Budget, or for other purposes, including expenditures for the number of positions in various classifications authorized by the Joint Rules Committee.

(d) Notwithstanding any other provision of law, the Legislative Counsel Bureau may convert or reclassify positions in the bureau, as deemed appropriate by the Legislative Counsel, for inclusion, or redesignation, in the career executive assignment band, to the extent that the total number of positions in the career executive band in the bureau does not exceed 3 percent of the positions in the bureau. Any position that is converted or reclassified shall not be subject to review or approval by the Department of Personnel Administration or State Personnel Board.

SEC. 14.00. (a) Notwithstanding any other provision of law, if the Director of the Department of Consumer Affairs determines in writing that there is insufficient cash in a special fund under the authority of a board, commission, or bureau of the department to make one or more payments currently due and payable, the director may order the transfer of moneys to that special fund, in the amount necessary to make the payment or payments, as a loan from a special fund under the authority of another board, commission, or bureau of the department. That loan shall be subject to all of the following conditions:

1. No loan from a special fund shall be made that would interfere with the carrying out of the object for which the special fund was created.

2. The loan shall be repaid as soon as there is sufficient money in the recipient fund to repay the amount loaned, but no later than a date 18 months after the date of the loan. Interest on the loan shall be paid from the recipient fund at the rate accruing during the loan period to moneys in the Pooled Money Investment Account.
(3) The amount loaned shall not exceed the amount that the appropriate board, commission, or bureau is statutorily authorized at the time of the loan to expend during the 2001–02 fiscal year from the recipient fund.

(4) The terms and conditions of the loan are approved, prior to the transfer of funds, by the Department of Finance pursuant to appropriate fiscal standards.

(b) (1) Notwithstanding any other provision of law, the Department of Consumer Affairs, during the 2001–02 fiscal year, may order the release of moneys from the clearing account in the Consumer Affairs Fund in an amount exceeding the amount advanced to the clearing account from a special fund within the department, as a loan to make one or more payments on behalf of that special fund that are currently due and payable. To the extent that the amount of moneys currently in the clearing account is insufficient to make the payment or payments on behalf of that special fund, the department may transfer additional moneys to the clearing account from any other special fund under the authority of a board, commission, or bureau of the department to include in the loan. A loan made to a special fund under this subdivision shall be subject to all of the following conditions:

(A) The loan shall not be made if it would reduce the amount advanced to the clearing account from another special fund, or the amount contained in that special fund, as applicable, to an extent that would interfere with the carrying out of the object for which that special fund was created.

(B) The loan shall be repaid as soon as there is sufficient money in the recipient fund to repay the amount loaned, but no later than a date 60 days after the date of the loan.

(C) The amount loaned shall not exceed the amount that the appropriate board, commission, or bureau is statutorily authorized at the time of the loan to expend during the 2001–02 fiscal year from the recipient fund.

(2) For purposes of this subdivision, the “clearing account” in the Consumer Affairs Fund is the account established in that fund, consisting of moneys advanced from the various special funds within the department, from which the Department of Consumer Affairs pays operating and other expenses of each special fund in an amount ordinarily not exceeding the amount advanced from that special fund.

(c) The Director of the Department of Consumer Affairs shall provide a report by March 1, 2002, on all loans initiated or repayments made pursuant to subdivision (a) or (b) within the preceding 12-month period to the chairperson of the budget committee, and the chairperson of the appropriate legislative oversight committee, of each house of the Legislature.

(d) At least 10 days prior to initiating a loan to be made pursuant to subdivision (a) or (b), the Director of the Department of Consumer Affairs shall provide written notification to the Joint Legislative Budget Committee if either (1) any loan from any one fund exceeds $200,000
or (2) the aggregate amount of loans from any one fund exceeds $200,000.

The amounts accruing to the State School Fund under this section shall be disbursed fully before any General Fund transfers to Section A or Section B of the State School Fund are disbursed for regular apportionments.

SEC. 24.03. Notwithstanding any other provision of law, funds appropriated by Section 2.00, Section 8.50, Section 28.00, Section 28.50, or any other provision of this act may not be expended for the support of any program, network, or material, with the exception of instruction to pupils who are identified as deaf or hearing impaired pursuant to 34 C.F.R. 300.7(b) paragraphs (3) and (4), that promotes or uses reading instruction methodologies that emphasize contextual clues in lieu of fluent decoding.

The amount retained by the Driver Training Penalty Assessment Fund for the purposes of Item 6110-001-0178 may be adjusted by the Department of Finance for actions pursuant to any control section of this act.

(b) After moneys are retained by the Driver Training Penalty Assessment Fund pursuant to subdivision (a), the Controller shall transfer any remaining balances to the General Fund.

the State Department of Developmental Services, the State Department of Mental Health, the Department of the Youth Authority, the State Special Schools, the Regents of the University of California, the Board of Directors of Hastings College of the Law, the Board of Trustees of the California State University, and community college districts through the Chancellor of the California Community Colleges shall report to the Governor and the Legislature no later than January 15, 2003, the amount of lottery funds that each entity received and the purposes for which those funds were expended in the 2001–02 fiscal year, including administrative costs, and proposed expenditures and purposes for expenditure for the 2002–03 fiscal year. If applicable, the amount of lottery funds received on the basis of adult education average daily attendance (ADA) and the amount of lottery funds expended for adult education also shall be reported.

(b) The State Department of Education shall conduct a survey of a representative sample of 100 local education agencies to determine the patterns of use of lottery funds in those agencies. The sample shall be drawn to include all local education agencies having more than 200,000 ADA and representative local education agencies randomly selected by size, range, type, and geographical dispersion. From the funds appropriated to the State Department of Education for local assistance, the department shall ensure that the expenditure of funds allocated to a local education agency (LEA), through a contract between the department and the LEA or through a grant from the department to the LEA, shall be subject to the LEA’s fiscal accountability policies and procedures. If it is necessary for the LEA to establish a separate entity to complete the work scope of the contract or grant, the fiscal accountability policies and procedures for that entity shall be the same as those of the LEA, or amended only with the approval of both the superintendent of schools of the LEA and a fiscal representative of the department designated by the Superintendent of Public Instruction. Further, the department shall have the authority to provide for an audit of the expenditures under the contract or grant between the department and the LEA to verify conformance with appropriate fiscal accountability policies and procedures. The cost of the audit, if required, shall be charged to the audited contract or grant.

SEC. 25.20. (a) One million dollars of the revenues, fees, and other resources designated for deposit in the Export Finance Fund (0809) shall be deposited in the General Fund for the 2001–02 fiscal year.

(b) In no case may a fee increase be imposed as a result of redirecting the fees in this section.

SEC. 26.00. (a) It is the intent of the Legislature, in enacting this section, to provide flexibility for the administrative approval of intraschedule transfers within individual items of appropriation in those instances where the transfers are necessary for the efficient and cost-effective implementation of the programs, projects, and functions funded by this act. No transfer shall be authorized under this section to either eliminate any program, project, or function, except when implementation is found to be no longer feasible in light of changing circumstances or new information, or establish any new program, project, or function.

(b) The Director of Finance may, pursuant to a request by the officer, department, division, bureau, board, commission, or other agency to which an appropriation is made by this act, authorize the augmentation of the amount available for expenditure in any schedule set forth for that appropriation, by making a transfer from any of the other designated programs, projects, or functions within the same schedule. No intraschedule transfer may be made under this section to fund any capital outlay purpose, regardless of whether budgeted in a capital outlay or a local assistance appropriation. Upon the conclusion of the 2001–02 fiscal year, the Director of Finance shall furnish the chairpersons of the committees in each house of the Legislature that consider appropriations and the budget, and the Chairperson of the Joint Legislative Budget Committee, with a report on all authorizations given pursuant to this section during that fiscal year.

(c) Intraschedule transfers of the amounts available for expenditure for a program, project, or function designated in any line of any schedule set forth for that appropriation by transfer from any of the other designated programs, projects, or functions within the same schedule shall not exceed, during any fiscal year:

1. 20 percent of the amount so scheduled on that line for those appropriations made by this act that are $2,000,000 or less.
2. $400,000 of the amount so scheduled on that line for those appropriations made by this act that are more than $2,000,000 but equal to or less than $4,000,000.
3. 10 percent of the amount so scheduled on that line for those appropriations made by this act that are more than $4,000,000.
4. The Department of Transportation Highway Program shall be limited to a schedule change of 10 percent.

(d) Any transfer in excess of $200,000 may be authorized pursuant to this section not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairperson of the committee in each house of the Legislature that considers appropriations and the
Chairperson of the Joint Legislative Budget Committee, or not sooner
than whatever lesser time the Chairperson of the Joint Legislative Bud-
get Committee, or his or her designee, may in each instance determine.
(e) Any transfer in excess of the limitations provided in subdivision
(c) may be authorized not sooner than 30 days after notification in writ-
ing of the necessity to exceed the limitations is provided to the chair-
person of the committee in each house that considers appropriations
and the Chairperson of the Joint Legislative Budget Committee or his or
her designee, may in each instance determine.
SEC. 27.00. (a) Approval by the Department of Finance of the
creation of deficiencies pursuant to Section 11006 of the Government
Code or approval to expend at rates that, in the opinion of the Director
of Finance, will require a deficiency appropriation may be granted only
in cases of actual necessity. It is the intent of the Legislature that au-
thorization for deficiency spending under this section should be limited
to cases of unanticipated expenses incurred in the operation of existing
programs, where it is necessary to incur those expenses during the
2001–02 fiscal year. No deficiency authorization may be made under
this section for any expenditure for capital outlay.
(b) The Director of Finance may not approve any deficiency autho-
rization unless the approval is made in writing and filed with the Chair-
person of the Joint Legislative Budget Committee and the chairperson
of the committee in each house that considers appropriations not later
than 30 days prior to the effective date of the approval, or not sooner
than whatever lesser time the chairperson of the joint committee, or his
or her designee, may in each instance determine, except for an approval
for an emergency expenditure. “Emergency expenditure,” for this pur-
pose, means an expenditure incurred in response to conditions of di-
saster or extreme peril that threaten the health or safety of persons or
property within the state. This notification requirement is not applicable
to caseload increases in Medi-Cal, California Work Opportunity and
Responsibility to Kids (CalWORKs), and Supplemental Security
Income/State Supplementary Program (SSI/SSP). All notifications
shall include: (1) the date a deficiency request was received by the De-
partment of Finance, (2) the reason for the proposed deficiency, (3) the
approved amount, and (4) the basis of the department’s determination
that the expenditure for which the deficiency authorization is approved
is required by a case of actual necessity.
(c) Approval for any emergency expenditure shall be made in writ-
ing and filed with the Chairperson of the Joint Legislative Budget Com-
mittee and the chairperson of the committee in each house that consid-
ers appropriations not later than 10 days after the effective date of the
approval. All notices shall state the reason for and the amount of the de-
cency, together with the director’s determination that the expenditure
for which the deficiency authorization is approved satisfies the criteria
for emergency expenditures set forth in this section, and the basis for
that determination.
(d) Each notification of deficiency or emergency expenditure shall include a determination by the Director of Finance as to whether the expenditure was considered in a legislative budget committee and formal action was taken to not approve the expenditure within the previous fiscal year.

(e) The Department of Finance shall provide copies of all requests from agencies to spend at rates that will result in a deficiency appropriation, in an aggregate amount for the 2001–02 fiscal year that exceeds five hundred thousand dollars ($500,000), to the Chairperson of the Joint Legislative Budget Committee and the chairperson of the committee in each house that considers appropriations. The department shall submit these copies within 15 working days of receipt. The transmittal of this information to the Legislature shall not be construed by the requesting agency as approval of the deficiency request.

(f) The Department of Finance shall provide deficiency bill updates to the Chairperson of the Joint Legislative Budget Committee and the chairperson of the committee in each house that considers appropriations if requested by the Legislature or as deemed necessary by the Department of Finance.

SEC. 28.00. (a) It is the intent of the Legislature in enacting this section to provide flexibility for administrative approval of augmentations for the expenditure of unanticipated federal funds or other non-state funds in cases that meet the criteria set forth in this section. However, this section is not intended to provide an alternative budget process, and proposals for additional spending ordinarily should be considered in the annual State Budget or other state legislation.

(b) The Director of Finance may authorize the augmentation of the amount available for expenditure for any program, project, or function in the schedule set forth for any appropriation in this act or any additional program, project, or function in the amount of any additional, unanticipated funds that he or she estimates will be received by the state during the 2001–02 fiscal year from any agency of local government or the federal government, or from any other nonstate source, provided that the additional funding meets all of the following requirements:

(1) The funds will be expended for a purpose that is consistent with state law.

(2) The funds are made available to the state under conditions permitting their use only for a specified purpose, and the additional expenditure proposed under this section would apply to that specified funding purpose.

(3) Acceptance of the additional funding does not impose on the state any requirement to commit or expend new state funds for any program or purpose.

(4) The need exists to expend the additional funding during the 2001–02 fiscal year.

(c) The Director of Finance also may reduce any program, project, or function whenever he or she determines that funds to be received will be less than the amount taken into consideration in the schedule.
(d) Any augmentation or reduction that exceeds either (1) two hundred thousand dollars ($200,000) or (2) 10 percent of the amount available for expenditure in the affected program, project, or function may be authorized not sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house of the Legislature that considers appropriations, the chairpersons of the committees, and the appropriate subcommittees, in each house that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. With regard to any proposed augmentation, the notification shall state the basis for the determination by the Director of Finance that the augmentation meets each of the requirements set forth in subdivision (b). This notification requirement does not apply to federal funds related to caseload increases in Medical, California Work Opportunity and Responsibility to Kids (CalWORKs), and Supplemental Security Income/State Supplementary Program (SSI/SSP).

(e) Any personnel action that is dependent on funds subject to this section shall not be effective until after the provisions of this section have been complied with. Any authorization made pursuant to this section shall remain in effect for the period the director may determine in each instance, but in no event after June 30, 2002.

SEC. 28.50. (a) Except as otherwise provided by law, an officer, department, division, bureau, or other agency of the state may expend for the 2001–02 fiscal year all money received as reimbursement from another officer, department, division, bureau, or other agency of the state that has not been taken into consideration by this act or any other statute, upon the prior written approval of the Director of Finance. The Department of Finance may also reduce any reimbursement amount and related program, project, or function amount if funds received from another officer, department, division, bureau, or other agency of the state will be less than the amount taken into consideration in the schedule.

(b) For any expenditure of reimbursements or any transfer for the 2001–02 fiscal year that exceeds two hundred thousand dollars ($200,000), the Director of Finance shall provide notification in writing of any approval granted under this section, not less than 30 days prior to the effective date of that approval, to the chairperson of the committee in each house of the Legislature that considers appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. Increases to reimbursements are not reportable under this section if the funding for the other officer, department, division, bureau, or other agency of the state providing the reimbursement has already been ap-
proved by the Legislature. These adjustments are considered technical
in nature and are authorized in Section 1.50 of this act.

SEC. 29.00. The Department of Finance shall calculate and pub-
lish a listing of total personnel-years and estimated salary savings for
each department and agency. These listings shall be published by the
Department of Finance at the same time as the publication of (a) the
Governor’s Budget, (b) the May Revision and (c) the Final Change
Book.

(a) The listing provided at the time of the publication of the Gover-
nor’s Budget shall contain estimates of personnel-years for the prior
year, current year, and budget year.

(b) The listing provided at the time of publication of the May Revi-
sion shall contain estimates of personnel-years proposed for the budget
year.

(c) The listing provided at the time of the publication of the Final
Change Book shall contain estimates of personnel-years for the budget
year just enacted.

SEC. 30.00. Section 13340 of the Government Code is amended
to read:

13340. (a) Except as provided in subdivision (b), on and after
July 1, 2002, no moneys in any fund that, by any statute other than a
Budget Act, is continuously appropriated without regard to fiscal years,
may be encumbered unless the Legislature, by statute, specifies that the
moneys in the fund are appropriated for encumbrance.

(b) Subdivision (a) does not apply to any of the following:

1. The scheduled disbursement of any local sales and use tax pro-
ceeds to an entity of local government pursuant to Part 1.5 (commenc-
ing with Section 7200) of Division 2 of the Revenue and Taxation
Code.

2. The scheduled disbursement of any transactions and use tax pro-
ceeds to an entity of local government pursuant to Part 1.6 (commenc-
ing with Section 7251) of Division 2 of the Revenue and Taxation
Code.

3. The scheduled disbursement of any funds by a state or local
agency or department that issues bonds and administers related pro-
grams for which funds are continuously appropriated as of June 30,
2002.

4. Moneys that are deposited in proprietary or fiduciary funds of
the California State University and that are continuously appropriated
without regard to fiscal years.

5. The scheduled disbursement of any motor vehicle license fee
revenues, including the General Fund appropriations made pursuant to
Sections 11000 and 11000.1 of the Revenue and Taxation Code, to an
entity of local government pursuant to the Vehicle License Fee Law
(Part 5 (commencing with Section 10701) of Division 2 of the Revenue
and Taxation Code).

SEC. 31.00. (a) The appropriations made by this act shall be sub-
ject, unless otherwise provided by law, to Section 13320 of, and Ar-
article 2.5 (commencing with Section 13332) of Chapter 3 of Part 3 of Division 3 of Title 2 of, the Government Code, requiring expenditures to be made in accordance with the allotments and other provisions of fiscal year budgets approved by the Department of Finance.

(b) The fiscal year budgets shall authorize, in the manner that the Department of Finance shall prescribe, all established positions whose continuance for the year is approved and all new positions. No new position shall be established unless authorized by the Department of Finance on the basis of work program and organization.

(c) The Director of Finance, or his or her authorized designee, shall notify the Chairperson of the Joint Legislative Budget Committee within 30 days of authorizing any position not authorized for that fiscal year by the Legislature or any reclassification to a position with a minimum step per month of six thousand thirty-two dollars ($6,032) as of July 1, 2001. He or she also shall report all transfers to blanket authorizations and the establishment of any permanent positions out of a blanket authorization.

(d) All positions administratively established pursuant to this section during the 2001–02 fiscal year shall terminate on June 30, 2002, except for those positions that have been (a) included in the Governor’s Budget for the 2002–03 fiscal year as proposed new positions, or (b) approved by the Department of Finance and reported to the Legislature after the 2002–03 Governor’s Budget submission to the Legislature. The positions identified in (a) and (b) above may be reestablished by the Department of Finance during the 2002–03 fiscal year, provided these positions are shown in the Governor’s Budget for the 2003–04 fiscal year as submitted to the Legislature, or in subsequent Department of Finance letters to the Legislature, and provided that these positions do not result in the establishment of positions deleted by the Legislature through the budget process for the 2002–03 fiscal year.

(e) No money in any 2001–02 fiscal year appropriation not appropriated for that purpose may be expended for increases in salary ranges or any other employee compensation action unless the Department of Finance certifies to the salary and other compensation-setting authority, prior to the adoption of the action, that funds are available to pay the increased salary or employee compensation resulting from the action. Prior to certification, the Department of Finance shall determine whether the increase in salary range or employee compensation action will require supplemental funding in the 2002–03 fiscal year. If the Department of Finance determines that supplemental funding will be required, no certification shall be issued unless notification in writing is given by the Department of Finance, at least 30 days before certification is made, to the chairperson of the committee in each house that considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or a lesser time which the chairperson of the joint committee, or his or her designee, determines.

(f) A certification on a payroll claim that expenditures therein are in accordance with current budgetary provisions as approved by the De-
partment of Finance shall be sufficient evidence to the Controller that these expenditures comply with the provisions of this section.

SEC. 32.00. The officers of the various departments, boards, commissions, and institutions, for whose benefit and support appropriations are made in this act, are expressly forbidden to make any expenditures in excess of these appropriations unless the consent of the Department of Finance is first obtained, and a certificate in writing is duly signed by the director of the department seeking authority for the expenditure, certifying the unavoidable necessity of the expenditure. Any indebtedness attempted to be created against the state in violation of this section shall be null and void, and shall not be allowed by the Controller nor paid out of any state appropriation. Any member of a department, board, commission, or institution who shall vote for any expenditure, or create any indebtedness against the state in excess of the respective appropriations made by this act, unless the consent of the Department of Finance and the director’s signature on the certificate, as required by this section, are first obtained, shall be liable both personally and on his or her official bond for the amount of the indebtedness, to be recovered in any court of competent jurisdiction by the person or persons, firm, or corporation to which the indebtedness is owing.

SEC. 33.00. If any item of appropriation in this act is vetoed, eliminated, or reduced by the Governor under Section 10 of Article IV of the California Constitution, while approving portions of this act, such veto, elimination, or reduction shall not affect the other portions of this act, and these other portions of this act, so approved, shall have the same effect in law as if any vetoed or eliminated items of appropriation had not been present in this act, and as if any reduced item of appropriation had not been reduced.

SEC. 34.00. If any portion of this act is held unconstitutional, that decision shall not affect the validity of any other portion of this act. The Legislature hereby declares that it would have passed this act, and each portion thereof, irrespective of the fact that any other portion be declared unconstitutional.

SEC. 36.00. This act, inasmuch as it provides for appropriations for the usual and current expenses of the state, shall, under the provisions of Section 8 of Article IV of the California Constitution, take effect immediately.

SEC. 37.00. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

This act makes appropriations and contains related provisions for support of state and local government for the 2001–02 fiscal year and provides for capital outlay appropriations in continuance of existing programs and to promote and sustain the economy of the state. It is imperative that these appropriations be made available for expenditure not later than July 1, 2001. It is therefore necessary that this act go into immediate effect.
