Assembly Bill No. 425

CHAPTER 379

An act making appropriations for the support of the government of the State of California and for several public purposes in accordance with the provisions of Section 12 of Article IV of the Constitution of the State of California, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 5, 2002. Filed with Secretary of State September 5, 2002.]

I object to the following appropriations contained in Assembly Bill 425.

Item 0450-101-0932—For local assistance, State Trial Court Funding. I reduce this item from $2,069,477,000 to $2,068,677,000 by reducing:

1. Support for the operation of the Trial Courts from $1,872,495,000 to $1,871,695,000.

I am deleting the $800,000 legislative augmentation to increase funding for family court services activities. Although this program is meritorious, deletion of funding for this program expansion is necessary in light of current fiscal constraints. With this action, $111.5 million remains to support family court services.

Item 0450-111-0001—For transfer by the Controller to the Trial Court Trust Fund. I reduce this item from $1,108,568,000 to $1,079,568,000.

I am deleting the $800,000 legislative augmentation to increase funding for family court services activities to conform to the action taken in Item 0450-101-0932.

I am reducing this transfer by $28,200,000 on a one-time basis. This is a technical adjustment consistent with the January 10 proposal to reduce the 2001–02 transfer by this amount. Since the transfer to the Trial Court Trust Fund for fiscal year 2001–02 was inadvertently not reduced, this action is necessary and will still provide sufficient resources in the Trial Court Trust Fund to meet the level of appropriation provided in this act for 2002–03.

Item 0860-490—Reappropriation, Board of Equalization. I revise this item from $639,000 to $339,000 as follows:

‘‘Notwithstanding any other provision of law, as of June 30, 2002, the unencumbered balance of the appropriation, not to exceed $339,000, provided in the following citations are reappropriated until June 30, 2003, upon review and approval of the Department of Finance for (1) preliminary plans, working drawings, or construction of any project for the alteration of a state or leased facility to facilitate the transition of new Board of Equalization members; and (2) the upgrade of one of the two CEA 1 allocations to the CEA 2 level in each of the elected Board Member offices to recognize the increased level of duties and responsibilities required.

0001—General Fund

(1) Item 0860-001-0001, 10000000-Personal Services, Budget Act of 2001 (Ch. 106, Stats. 2001)

(2) Item 0860-001-0001, 30000000-Operating Expenses and Equipment, Budget Act of 2001 (Ch. 106, Stats. 2001)’’

I am deleting $300,000 of the $639,000 reappropriation, which was for the purposes of facility upgrades for incoming Board members and upgrades of Board member positions. My reduction will enable $300,000 to revert to the General Fund.

Item 0954-101-0001—For local assistance, Scholarshare Investment Board. I revise this item by deleting Provision 2.

I am deleting Provision 2, which states legislative intent to delay payments for 9th and 10th grade awards for the Governor’s Scholars Program by one year. Current law requires that awards be provided to all students who meet the criteria for an award under this program. Therefore, this language expresses intent to enact a substantive
change of law, which can only be included within a single subject bill, not the Budget Act.

Item 1730-001-0001—For support of the Franchise Tax Board. I reduce this item from $402,384,000 to $401,298,000 by reducing:

(1) 10-Tax Programs from $384,174,000 to $383,088,000.

I am deleting the legislative augmentation of $250,000 for the City Business Tax Program that allows the Franchise Tax Board to purchase information regarding local business tax licenses from cities. This reduction is necessary to provide for a prudent General Fund reserve in light of the State’s current fiscal condition.

I am deleting the legislative augmentation of $836,000 and 21.5 personnel years, which would provide funding for the tax assistance call center. While I am supportive of efforts in this area, I am unable to support this augmentation due to fiscal constraints and limited resources in the General Fund. With this action, approximately $15 million in funding remains for the call center.

Item 2240-104-0001—For transfer, upon order of the Director of Finance, to the Farmworker Housing Grant Fund. I reduce this item from $13,984,000 to $10,984,000 and by deleting Provision 2.

I am reducing this item by $3,000,000 and deleting Provision 2. This reduction is necessary to keep State spending growth in line with revenues and provide for a prudent General Fund reserve for economic uncertainties. At my Homelessness Summit in April 2002, I signed the Housing and Emergency Shelter Trust Fund Act of 2002, which places a $2.1 billion housing bond on the November 5, 2002, general election ballot. If approved by the voters, that bond would provide an unprecedented $200 million for farmworker housing programs.

I am deleting Provision 2 to conform to this action. That provision would decrease this item by $8,500,000 only if the voters in the November general election approve the Housing and Emergency Shelter Trust Fund Act of 2002.

Item 2640-102-0046—For local assistance, Special Transportation Programs. I delete this item.

I am deleting the $5,100,000 legislative augmentation for Special Transportation Programs. The program will receive its statutory allocation of $98,018,000 even with this deletion. I am taking this action to conform the budget to the extent possible to the 2002 State Transportation Improvement Program (STIP) Fund Estimate. The Fund Estimate identifies $39.2 million of Public Transportation Account funds available for allocation by the California Transportation Commission for intercity rail and other projects through the STIP. I cannot support an augmentation for Special Transportation Programs at this time because the resources available for STIP allocations will be less than estimated and I want to ensure the retention of any available resources for that purpose.

Item 2660-013-0042—For transfer by the Controller, upon order of the Director of Finance, from the State Highway Account, State Transportation Fund, to the Traffic Congestion Relief Fund. I revise this item by deleting Provision 2.

I am deleting Provision 2 that requires the transfer from the State Highway Account to the Traffic Congestion Relief Fund be made on an “as needed” basis rather than once at the beginning of the fiscal year. This language would require additional monitoring and accounting activities by the Department of Transportation, the Department of Finance, and the State Controller’s Office that would otherwise not be necessary, which results in additional costs to the State. As such, this language is unnecessarily restrictive and interferes with the Administration’s ability to manage State programs.

Item 2660-491—Reappropriation, Department of Transportation. I revise this item by deleting Schedule (3) under 0001-General Fund of this item.

I am deleting Schedule (3) by reducing the amount available for reappropriation by $1,500,000 in unexpended funds in Item 2660-101-0001, Budget Act of 2000, for the purpose of a transit station project in Santa Clara County. My veto will enable the $1,500,000 to revert to the General Fund. The reappropriation would have redirected the funds to a child care facility project adjacent to the transit station. Notwithstanding the merits of this project, this action is essential due to limited resources in the General Fund.
It should be noted that this Budget Act contains $1,403,396,000 in State funds for the Department of Education to fund child development and childcare programs. Additionally, the Department of Housing and Community Development administers a loan program for the construction of new childcare facilities.

Item 2660-496—Reversion, Department of Transportation. I revise this item by decreasing Schedule (1) by $16,937,000 and Schedule (2) by $48,720,000. I am revising Schedules (1) and (2) as follows to provide funds for unanticipated encumbrances for transportation projects:

0042—State Highway Account
(1) Item 2660-101-0042, Budget Act of 1998 (Ch. 324, Stats. 1998)
  (a) 20.25-Highway Transportation—State Local Partnership $88,937,000
     $72,000,000
(2) Item 2660-101-0042, Budget Act of 1999 (Ch. 50, Stats. 1999)
  (a) 20.30-Highway Transportation—Local Assistance $65,720,000
     $17,000,000

Item 2920-001-0001—For support of Technology, Trade, and Commerce Agency. I reduce this item from $20,719,000 to $20,468,000 by reducing:

(3) 10-Economic Development from $7,445,000 to $7,345,000;
(4) 20-International Trade and Investment from $3,814,000 to $3,664,000;
(8) 60-Economic Research and Strategic Initiatives from $563,000 to $562,000;
and by deleting Provision 2.

I am reducing funding for the Office of Military Base Reuse and Retention by $100,000. This reduction is necessary to help provide for a prudent General Fund reserve in light of the State’s current fiscal condition. This reduction is consistent with the reductions I proposed for this program in the May Revision. With this reduction, $193,000 still remains to support the Office of Military Base Reuse and Retention. The next round of military facility closures will not take place until 2005, allowing time to reconsider this program’s funding in 2003–04 to the extent fiscal conditions then allow.

I am reducing funding for the evaluation of the foreign trade offices by $150,000. AB 3000, the general government trailer bill to the 2002–03 Budget Bill includes provisions that will require any proponents of a new foreign trade office to submit a proposed business plan for any newly proposed international trade office. The Technology, Trade, and Commerce Agency will evaluate any new offices proposed by this Administration from within its existing funding. As such, additional funds are not required for this activity.

I am reducing this item by $1,000 from Economic Research and Strategic Initiatives and deleting Provision 2, which would declare the Legislature’s intent that, although no additional funds are appropriated in this item, the activities of the California Economic Strategy Panel shall be funded from this item. This agency’s budget constraints do not permit redirecting resources to fund the activities of the panel.

Item 2920-011-0001—For support of Technology, Trade, and Commerce Agency. I reduce this item from $5,192,000 to $4,692,000 by reducing:

(1) For transfer to the Small Business Expansion Fund (0918) from $5,162,000 to $4,662,000;
and by deleting Provision 1.

I am reducing this item by $500,000 and deleting Provision 1, which would specify that these funds are for the establishment of the Small Business Financial Development Corporation in southeast Los Angeles. The need for such a new financial development corporation has not been demonstrated, and there are several of the 11 existing financial development corporations already located in the Los Angeles area. This reduction is also necessary to limit program expansions and provide for a prudent General Fund reserve in light of the State’s current fiscal condition.

Item 3110-001-0001—For support of Special Resources Programs. I reduce this item from $430,000 to $200,000 and delete Provision 1.

This item provides matching funds for federal grants under the National Sea Grant College Program Act. Over the past three years, I have provided over $2.3 million for grants associated with this program. I believe this program has merit and have committed this Administration to increased participation in accordance with my envi-
ronmental protection priorities. However, these reductions are necessary to limit program expansions and provide for a prudent General Fund reserve in light of the State’s current fiscal condition. With these reductions, $200,000 still remains to support the Sea Grant program. Matching grants for this year should be evaluated and prioritized within the $300 million research budget for the University of California.

I am deleting Provision 1, which would have allocated $80,000 of this item to the University of Southern California. I support the existing grant allocation process that is the statutory responsibility of the Resources Agency, acting upon recommendation from the Sea Grant Advisory Panel. This deletion conforms to the appropriation reductions specified above.

Item 3360-001-0465—For support of Energy Resources Conservation and Development Commission. Reduce this item from $51,247,000 to $49,247,000 by reducing:
(2) 20-Energy Resources Conservation from $23,532,000 to $21,532,000.

I am reducing the legislative augmentation for Dairy Waste-to-Energy Programs from $5,000,000 to $3,000,000. I believe that this level of funding will serve the important goals of helping to address water pollution problems associated with dairies and providing an additional source of fuel to generate energy without resulting in the need to increase surcharges on California’s electric customers.

Item 3810-301-6029—For capital outlay, Santa Monica Mountains Conservancy. I reduce this item from $20,000,000 to $12,000,000 by reducing:
(1) 50.20.001-Capital outlay acquisitions from $20,000,000 to $12,000,000.

I have submitted an expenditure plan for Proposition 40 that meets current environmental acquisition priorities for the Santa Monica Mountains Conservancy Zone and the Rim of the Valley Corridor, and is fiscally responsible. Reduction of this item corresponds to the expenditure priorities associated with that plan.

Item 3835-301-6029—For capital outlay, Baldwin Hills Conservancy. I reduce this item from $20,000,000 to $15,000,000.
(1) 20-Capital Outlay Acquisition and Improvement Program from $35,000,000 to $30,000,000.

I have submitted an expenditure plan for Proposition 40 that meets current environmental acquisition priorities for the Baldwin Hills Conservancy and is fiscally responsible. Reduction of this item corresponds to the expenditure priorities associated with that plan.

Item 3860-001-6029—For support of Department of Water Resources. I delete this item and Provision 1 to make a technical correction to the Budget Bill.

This technical veto will conform to the Legislature’s intent; the funding provided in this item is duplicative of Item 3860-001-6031. Therefore, in order to correct this technical error in the Budget Bill, I am deleting this item.

Item 3900-001-0044—For support of State Air Resources Board. I reduce this item from $35,654,000 to $33,854,000 by reducing:
(1) 15-Mobile Source from $101,157,000 to $99,357,000.

I am deleting the $1,300,000 legislative augmentation for Community Health and the $500,000 legislative augmentation for Global Warming. Although meritorious, these program expansions cannot be funded at this time because of fiscal constraints and limited resources in the Motor Vehicle Account. With this action, $2,235,000 still remains to support the Community Health program.

Item 3900-101-0044—For local assistance, State Air Resources Board. I reduce this item from $35,654,000 to $33,854,000 by reducing:
(1) 35-Subvention from $15,111,000 to $10,111,000.

I am deleting the $5,000,000 legislative augmentation for subventions to local air districts. This action is necessary because of fiscal constraints and limited resources in the Motor Vehicle Account. With this action, $10,111,000 still remains for local air districts.

Item 3980-001-0001—For support of Office of Environmental Health Hazard Assessment. I reduce this item from $12,929,000 to $12,220,000 by reducing:
(1) 10-Health Risk Assessment from $15,997,000 to $15,288,000.
I am deleting the $709,000 legislative augmentation for risk assessments, evaluations of contaminants, and the development of standards. This action is necessary to keep State spending growth in line with revenues and provide for a prudent General Fund reserve for economic uncertainties. With this action, $15,288,000 still remains to support the Office of Environmental Health Hazard Assessment.

Item 4120-101-0001—For local assistance, Emergency Medical Services Authority. I reduce this item from $31,486,000 to $26,486,000 by reducing:

1. Emergency Medical Services Authority from $40,005,000 to $35,005,000, and by revising Provision 7.

I am sustaining $20,000,000 and vetoing $5,000,000 of the $25,000,000 legislative augmentation for support of the state’s trauma system providers. Recognizing trauma centers have experienced increasing fiscal pressure, I sustained $25,000,000 in 2001–02 to assist the State’s trauma care providers. This reduction is necessary in light of the State’s current fiscal constraints.

I am revising Provision 7 to conform to this action.

“7. The State Controller shall transfer $20 million in funds appropriated in this item to the Trauma Care Fund.”

Item 4130-490—Reappropriation, California Health and Human Services Agency Data Center. I revise this item by revising Provision 1.

In order to correct a technical error in the Budget Bill, I am amending Provision 1 by deleting the requirement that the amount of funding reappropriated for automation projects be consistent with the amount approved by the Department of Information Technology (DOIT) in a special project report or equivalent document. As statutory authority for the DOIT expired on June 30, 2002, this language is no longer applicable.

“1. It is the intent of this item to continue funding approved activities for the automation projects that, due to schedule changes, result in unexpended appropriations one year and the need for additional funding in the following year. Therefore, notwithstanding any other provision of law, the balance of the appropriations for these automation projects may, upon approval of the Department of Finance, be reappropriated for transfer to and in augmentation of the corresponding items in this act. The funds reappropriated by this provision shall be made available consistent with the amount approved by the Department of Finance and the Department of Information Technology based on an approved special project report or equivalent document not sooner than 30 days after providing notification in writing to the chairperson of the fiscal committee of each house of the Legislature and the Chairperson of the Joint Legislative Budget Committee.”

Item 4260-001-0001—For support of Department of Health Services. I revise this item by reducing:

1. Public and Environmental Health from $309,846,266 to $284,446,266;

41. Amount payable from the Federal Trust Fund (Item 4260-001-0890) from $−358,240,000 to $−332,840,000;

and by deleting Provision 4.

I am reducing the amount payable from the Federal Trust fund by $25,400,000 as a technical adjustment. This funding, intended to support the State’s efforts to combat bioterrorism, has been included in a separate appropriation bill, SB 406. Therefore, inclusion in Budget Act totals is no longer necessary. I am also deleting $25,400,000 from the Federal Trust Fund in Item 4260-001-0890 to conform to this action.

The May Revision proposed, and the Legislature approved, 91 State positions and funding for 43 contract staff for the Department to expand the Medical Case Management Program (MCMP). The MCMP provides in-home care to severely ill Medi-Cal beneficiaries, allowing them to avoid costly institutional care. Savings of $18 million ($9 million General Fund) were adopted to reflect this expansion. To achieve the budgeted savings, the Department requires a total of 91 staff. Therefore, the total of 134 staff approved for this activity is overstated by 43.

In addition to the MCMP expansion, the Legislature also approved additional savings-generating activities proposed in the May Revision. However, an insufficient
number of positions were proposed, and subsequently approved by the Legislature, to achieve the estimated savings through those activities. Therefore, I am directing the Department of Health Services to utilize 12 of the excess 43 MCMP positions as appropriate to ensure that the Department meets the savings targets adopted by the Legislature. I am eliminating the remaining 31 excess positions. However, I am allowing the department to retain the funding and directing Department of Health Services to fill the positions as soon as possible to ensure that the savings are achieved.

I am deleting Provision 4 as a technical adjustment. This language was included in the 2001–02 Budget Act to govern funding for the Medi-Cal assisted living waiver benefit. A portion of the funding is reappropriated to 2002–03 through Item 4260-490. Therefore, this provision is no longer necessary.

Item 4260-001-0890—For support of Department of Health Services. I reduce this item from $357,215,000 to $331,815,000 .

I am reducing this item by $25,400,000 to conform to the action I have taken in Item 4260-001-0001.

Item 4260-101-0001.—For local assistance, Department of Health Services. I reduce this item from $9,789,639,000 to $9,749,203,000 by reducing:

(1) 20.10.010-Eligibility (County Administration) from $1,523,866,000 to $1,464,257,000 ;

(3) 20.10.030-Benefits (Medical Care and Services) from $23,172,770,000 to $23,156,945,000 ;

(5) Amount payable from the Federal Trust Fund (Item 4260-101-0890) from $14,951,031,000 to $14,916,033,000; and by deleting Provisions 12 and 15.

I am deleting Provision 12. Due to the delay of the budget, September 30, 2002 is no longer a meaningful date for a facility to apply for reimbursement through the Wage Adjustment Rate Program, as described in Section 14110.65 of the Welfare and Institutions Code. Nonetheless, a specific timeframe for when nursing homes can submit a plan is necessary. As such, I am directing the Department of Health Services to issue instructions that allow submittal of a rate adjustment request form up until 30 days after the effective date of the final regulations.

Partially restoring the rates paid to Medi-Cal providers is a priority of my Administration as well as the Legislature. In order to accomplish the intent of the Legislature, the Director of the Department of Health Services will be reducing the provider rates to the pre-August 2000 level, pursuant to AB 442. I am sustaining funding to allow exemptions, as prescribed in AB 442, from provider rate reductions for the following services: California Children’s Services, non-emergency medical transportation, home health services, shift nursing, and family planning physician services. However, the Director can then use existing authority to develop regulations that would partially restore Medi-Cal provider rates by implementing my January 10 budget proposal and rescinding the May Revision rate reductions. The rescission of the May Revision provider rate reductions would take effect retroactively to the date of my signing AB 442, the omnibus health trailer bill. Any funding adjustments needed to effectuate these outcomes will be addressed in my revised 2002–03 budget submitted to the Legislature in January 2003.

I am sustaining $58,959,000 of the $87,959,000 legislative augmentation which restored the 20 percent reduction I proposed in Medi-Cal county administration funding. The total funding provided represents an approximate 6 percent reduction for counties to continue the work they perform on behalf of the State. This reduction is necessary in light of the State’s fiscal constraints and is consistent with General Fund reductions being applied to State agencies and departments. In addition, I am sustaining the $58,959,000 of the $87,959,000 legislative augmentation to the Federal Trust Fund, Item 4260-101-0890, to conform to this action.

I am deleting the $5,997,000 legislative augmentation for implementation of the Medi-Cal expansion that on July 1, 2002, would link children’s Medi-Cal eligibility with eligibility for the National School Lunch Program, pursuant to Chapter 894, Statutes of 2001 (AB 59). Although I am supportive of this program, it would not be
fiscally prudent to implement this program expansion given the current economic situation. I am deleting $5,998,000 from the Federal Trust Fund, Item 4260-101-0890 to conform to this action. I am also deleting Provision 15 to conform to this action.

I am deleting the $5,439,000 legislative augmentation that reflected the rejection of my proposal to implement a county share of cost associated with the Early and Periodic Screening, Diagnosis, and Treatment (EPSDT) program. The May Revision proposed to require counties to provide a 10 percent match to any new growth in the cost of the EPSDT Program. It is my intention to proceed administratively to implement this reform. This match will give counties an incentive to control costs for this program, which have recently been increasing by over 30 percent per year.

Item 4260-101-0890—For local assistance, Department of Health Services. I reduce this item from $14,951,031,000 to $14,916,033,000.

I am deleting this Item by $34,998,000 to conform to the action I have taken in Item 4260-101-0001.

Item 4260-111-0001—For local assistance, Department of Health Services. I reduce this item from $423,121,000 by reducing:

(2) 10.20.010-Environmental Management from $26,344,000 to $9,000,000
(9) 20.40-Primary Care and Family Health from $1,502,101,430 to $1,498,101,430; and
(20) Amount payable from the Federal Trust Fund (Item 4260-111-0890) from $1,078,357,000 to $1,050,973,000.

I am deleting the $2,000,000 legislative augmentation to update the Children’s Health and Disability Prevention Program (CHDP) periodicity schedule. The Department of Health Services reviews the appropriateness of care provided in CHDP within programmatic and fiscal constraints. Due to fiscal constraints and limited General Fund resources, I cannot support an augmentation for this program expansion. In addition, the administration has proposed the CHDP Gateway to pre-enroll children into Medi-Cal or the Healthy Families Program so that they would receive comprehensive medical care in addition to health screening.

I am also deleting the $2,000,000 legislative augmentation from the Federal Trust Fund in Item 4260-111-0890 to conform to this action.

I am reducing the amount payable from the Federal Trust Fund by $25,384,000 as a technical adjustment. This funding, intended to support the State’s efforts to combat bioterrorism, has been included in a separate appropriation bill, SB 406. Therefore, inclusion in Budget Act totals is no longer necessary. I am also deleting $25,384,000 from the Federal Trust Fund in Item 4260-111-0890 to conform to this action.

Item 4260-111-0236—For local assistance, Department of Health Services. I revise this item by deleting Provision 1.

I am deleting Provision 1 which would redirect funding from the California Healthcare for Indigents Program to the Children’s Treatment Program (CTP). Although I am very supportive of children’s health care programs, this provision reduces the Administration’s flexibility in providing funds to local health care providers. In addition, the new Child Health and Disability Prevention Gateway Program should greatly mitigate the need for CTP funding by placing large numbers of children in comprehensive health care in either the Medi-Cal or Healthy Families Program.

Item 4260-111-0890—For local assistance, Department of Health Services. I reduce this item from $1,078,357,000 to $1,050,973,000.

I am reducing this item by $27,384,000 to conform to the action I have taken in Item 4260-111-0001.

Item 4260-113-0001—For local assistance, Department of Health Services. I reduce this item from $29,791,000 to $22,125,000 by reducing:

(1) 20.10.010-Eligibility (County Administration) from $12,709,000 to $11,547,000;
(3) 20.10.030-Benefits (Medical Care and Services) from $81,476,000 to $60,578,000; and
(4) Amount payable from the Federal Trust Fund (Item 4260-113-0890) from $63,630,000 to $49,236,000.

I am deleting the $7,666,000 legislative augmentation for the Medi-Cal to Healthy Families Program two-month bridge. I have already provided $13.6 million (4.7 million General Fund) for a one-month coverage bridge for children. Although I am supportive of providing a coverage bridge for children transitioning from Medi-Cal to the Healthy Families Program, I cannot support extending this program for an additional month or expanding the program to include parents due to fiscal constraints and limited General Fund resources.

I am also deleting the $14,394,000 legislative augmentation from the Federal Trust Fund in Item 4260-113-0890 to conform to this action.

Item 4260-113-0890—For local assistance, Department of Health Services. I reduce this item from $63,630,000 to $49,236,000.

I am reducing this item by $14,394,000 to conform to the action I have taken in Item 4260-113-0001.

Item 4260-301-0001—For capital outlay, Department of Health Services. I delete this item to make a technical correction to the Budget Bill.

The May Revision proposed deletion of this item with which the Legislature concurred. However, the item was inadvertently left in the final version of the Budget Bill. This technical veto will conform the Budget Act to the May Revision.

Item 4260-490—Reappropriation, Department of Health Services. I revise this item by revising Provision 1.

In order to correct a technical error in the Budget Bill, I am amending Provision 1 by deleting the requirement that the amount of funding reappropriated for automation projects be consistent with the amount approved by the Department of Information Technology (DOIT) in a special project report or equivalent document. As statutory authority for the DOIT expired on June 30, 2002, this language is no longer applicable.

"1. It is the intent of this item to continue funding approved activities for the automation projects that, due to schedule changes, result in unexpended appropriations one year and the need for additional funding in the following year. Therefore, notwithstanding any other provision of law, the balance of the appropriations for these automation projects may, upon approval of the Department of Finance, be reappropriated for transfer to and in augmentation of the corresponding items in this act. The funds reappropriated by this provision shall be made available consistent with the amount approved by the Department of Finance and the Department of Information Technology based on an approved special project report or equivalent document not sooner than 30 days after providing notification in writing to the chairperson of the fiscal committee of each house of the Legislature and the Chairperson of the Joint Legislative Budget Committee."

Item 4280-101-0001—For local assistance, Managed Risk Medical Insurance Board. I reduce this item from $69,709,000 to $19,695,000 by reducing:

(2) 40-Healthy Families Program from $771,619,000 to $634,791,000; and

(4) Amount payable from the Federal Trust Fund (Item 4280-101-0890) from $479,448,000 to $392,634,000.

I am deleting the $50,014,000 legislative augmentation for the Healthy Families Program (HFP) Parent Expansion. Although I am supportive of expanding Healthy Families coverage to include parents, I cannot support this augmentation and program expansion due to fiscal constraints and limited General Fund resources. I am also deleting the $86,814,000 legislative augmentation from the Federal Trust Fund in Item 4280-101-0890 to conform to this action.

Item 4280-101-0890—For local assistance, Managed Risk Medical Insurance Board. I reduce this item from $479,448,000 to $392,634,000.

I am reducing this item by $86,814,000 to conform to the action I have taken in Item 4280-101-0001.
Item 4280-102-0001—For local assistance, Managed Risk Medical Insurance Board. I reduce this item from $4,009,000 to $1,593,000 by reducing:

(1) 40-Healthy Families Program from $48,292,000 to $41,788,000, and
(3) Amount payable from the Federal Trust Fund (Item 4280-102-0890) from −$32,869,000 to −$28,781,000.

I am deleting the $2,416,000 legislative augmentation for the Healthy Families Program Parent Expansion. Although I am supportive of expanding Healthy Families coverage to include parents, I cannot support this augmentation and program expansion at this time due to fiscal constraints and limited General Fund resources. I am also deleting the $4,088,000 legislative augmentation from the Federal Trust Fund in Item 4280-102-0890 to conform to this action.

Item 4280-102-0890—For local assistance, Managed Risk Medical Insurance Board. I reduce this item from $32,869,000 to $28,781,000.

I am reducing this item by $4,088,000 to conform to the action I have taken in Item 4280-102-0001.

Item 4300-101-0001—For local assistance, Department of Developmental Services. I reduce this item from $1,458,170,000 to $1,452,555,000 by reducing:

(2) 10.10.020-Purchase of Services from $1,780,703,000 to $1,775,088,000.

I am deleting the $5,615,000 legislative augmentation for Community Placement Plan activities. The Legislature provided an augmentation for one-time grants to develop community resources. In my January Budget, I proposed a total of $50,220,000 for Community Placement Plan activities, including an augmentation of $20,400,000. This reflected my ongoing commitment to provide community-based services to developmentally disabled consumers. With this base reduction, the funding level I proposed in my January Budget will be maintained to facilitate the movement of Developmental Center consumers into the community.

Item 4440-001-0001—For support of Department of Mental Health. I reduce this item from $28,442,000 to $28,172,000 by reducing:

(1) 10-Community Services from $33,679,000 to $33,409,000, and by deleting Provision 2.

I am deleting $150,000 for county plans for children’s mental health services pursuant to legislation (AB 2740) to be enacted during the 2001–02 regular session. The counties are already required to assess mental health needs and develop plans to meet those needs. Section 5772 of the Welfare and Institutions Code requires the local mental health boards at the county level to complete these responsibilities. Since these bodies already exist and have the responsibility for developing plans to meet mental health needs, additional systems and funding do not appear to be needed. Consequently, I cannot support this augmentation at this time.

I am also deleting $120,000 and Provision 2, which requires that $120,000 in General Fund savings achieved through the elimination of vacant positions be redirected for the Protection and Advocacy, Inc., contract. In my January Budget, I proposed to reduce the contract for patient rights advocacy from $800,000 to $680,000 to achieve General Fund savings. The reduction to the patients’ rights contract will reduce administrative expenses and will not affect the availability of services to assist individuals with mental illness. However, the Legislature subsequently redirected $120,000 to restore the proposed reduction to the patients’ rights contract. Although I am supportive of patient rights advocacy, I cannot support this legislative augmentation at this time due to fiscal constraints and limited General Fund resources.

Item 4440-101-0001—For local assistance, Department of Mental Health. I reduce this item from $106,128,000 to $80,328,000 by reducing:

(1) 10.25-Community Services—Other Treatment from $1,142,885,000 to $1,127,446,000;
(3) 10.47-Community Services—Children’s Mental Health Services from $33,800,000 to $20,000,000; and
(6) Reimbursements from −$1,081,852,000 to −$1,076,413,000; and by deleting:

(2) 10.40-Community Services—Adult System of Care ($2,000,000).
I am sustaining $20,000,000 of the $33,800,000 legislative augmentation provided for Children’s System of Care (CSOC). I note with concern that this program has been unable to provide outcome data for all the children served by this program or documented cost savings in the same manner as the Integrated Services for Homeless Adults (ISHA) program. However, I remain supportive of children’s mental health programs, and note that, this Administration provided sufficient funding to implement the CSOC statewide with a $15.5 million General Fund augmentation in 2000–01, bringing total funding to $41.9 million General Fund. I reduced the program by $2.1 million last year because of the State’s economic situation. At that time, I noted that $13 million for mental health services for children in the Healthy Families Program was available to assist children who were not eligible for Medi-Cal. This year, the fiscal challenges facing the State are even greater. Finally, I am directing the Department of Mental Health to restructure the CSOC to provide better accountability and documented cost savings.

I am reducing $10,000,000 for ISHA. I note that this Administration launched this program in 1999–00 with $10 million, and subsequently provided significant augmentations: $45.6 million in 2000–01, and $10 million in 2001–02, for a total funding of $65.6 million. However, the State’s current fiscal challenges necessitate this $10 million reduction. At my Homelessness Summit in April 2002, I signed the Housing and Emergency Shelter Trust Fund Act of 2002, which places a $2.1 billion housing bond on the November 5, 2002, general election ballot. If approved by the voters, this bond would provide $195 million for 2,380 to 2,530 units of transitional housing and $195 million for emergency shelters to assist an estimated 31,160 homeless adults. I am eliminating $2,000,000 for the Adult Systems of Care. I proposed this reduction as part of the May Revision, and the Legislature restored the funding. The Adult Systems of Care program is a categorical program, supplementing the realignment funding the counties receive. The counties will receive over $1.1 billion in Realignment funding for mental health services and have an incentive to continue this program as offsetting savings occur predominately at the local level.

I am reducing reimbursements by $5,439,000 to delete the legislative augmentation that reflected the rejection of my proposal to implement a county share in the costs associated with the Early and Periodic Screening, Diagnosis, and Treatment (EPSDT) program. The May Revision proposed to require counties to provide a 10 percent match to any new growth in the cost of the EPSDT Program. It is my intention to proceed administratively to implement this reform. This match will give counties an incentive to control costs for this program, which have recently been increasing by over 30 percent per year. This conforms to my action in Item 4260-101-0001. I am highly supportive of children’s mental health programs and note that I am sustaining $20 million for the CSOC program.

Item 4440-101-0890—For local assistance, Department of Mental Health. I reduce this item from $59,629,000 to $57,629,000 by deleting:
(1.5) 10.47-Community Services—Children’s Mental Health Services ($2,000,000).

I am reducing $2,000,000 for the Children’s Mental Health Services to conform to my action for the Children’s Systems of Care Program in Item 4440-101-0001.

Item 4700-101-0001—For local assistance, Department of Community Services and Development. I revise this item by reducing:
(2) 47-Naturalization Services from $8,476,000 to $7,601,000, and
(3) Reimbursements from $5,875,000 to $5,000,000.

I am deleting $875,000 legislative augmentation in reimbursements from the Employment Development Department for the Naturalization Services Program (NSP) to conform to the actions taken in Item 5100-001-0869. With these actions, the Budget retains $7.9 million General Fund for the NSP.

Item 5100-001-0869—For support of state programs under the Workforce Investment Act, Employment Development Department. I revise this item by deleting Provisions 3, 4, and 5.

I am deleting Provision 3, which would require the Employment Development Department (EDD) to allocate $875,000 to the Department of Community Services and
Development for naturalization and citizenship services. Under the federal Workforce Investment Act (WIA), the Governor has the authority to allocate 25 percent of WIA dislocated workers funding for Rapid Response allocation to areas that experience disasters, mass layoffs or plant closings, or other events that precipitate substantial increases in unemployment. This provision would decrease the funding available to the Administration to quickly respond to such events.

I am also deleting Provision 4 because it places a limit of $4 million on the amount of funds available for the Faith-Based Initiative. Section 128 of the federal WIA allows the Governor to allocate 15 percent of the WIA funds allotted to California, for the purposes of statewide and employment training activities. Although this funding is subject to legislative appropriation, the language in Provision 4 impinges on the authority of this Administration to allocate funding for this critical program, which provides job services and training to many individuals not traditionally served by the current system of workforce development.

However, I have no concerns with the compromise language developed in Provision 4 that pertains to issues other than the funding limitation. I am directing the EDD to provide grants to community organizations, including faith-based and secular organizations that are not owned or operated as pervasively sectarian institutions, and that have been limited in their ability to take advantage of this funding due to limited resources and a lack of experience in dealing with the competitive contracting process and the allocation processes currently in place at the local level. No pervasively sectarian religious organization is eligible for funds under this item, but a separate nonprofit entity or affiliate that is a tax-exempt organization under the federal Internal Revenue Code, may apply for and receive grants under its own auspices. In awarding grants, the EDD shall use a competitive bidding process that includes provisions regarding existing constitutional protections. Grants or contracts awarded shall comply with the California Constitution, State and federal civil rights laws, and the United States Constitution with regard to pervasively sectarian organizations.

Of the amount allocated for the Faith-Based Initiative, it is my intent that the department may use up to $250,000 for administrative expenses, subject to approval by the Department of Finance.

I am also deleting Provision 5, which would require the EDD to allocate $300,000 to the Youthbuild program. I sustained General Fund augmentations for this program of $1 million in 2000–01 and $250,000 in 2001–02. However, this legislative augmentation is inappropriate. Specifically, Section 128 of the federal WIA authorizes the Governor to allocate 15 percent of the WIA funds allotted to California, for the purposes of statewide and employment training activities. This Provision would decrease the amount of funding available to the Administration to address critical workforce development needs.

Item 5100-001-0870—For support of Employment Development Department. I revise this item by reducing:

1. 10-Employment and Employment Related Services from $206,768,000 to $204,749,000;
2. 21-Tax Collections and Benefit Payments from $728,916,000 to $588,751,000; and
3. (14.5) Amount payable from the Unemployment Fund-Federal (Item 5100-001-0871) from −$177,120,000 to −$34,936,000.

I am revising this item to conform to the action I have taken in Item 5100-001-0871.

Item 5100-001-0871—For support of Employment Development Department. I reduce and revise this item from $177,120,000 to $34,936,000 and revise Provisions 2 and 3.

I am sustaining $500,000 of the $140,665,000 legislative augmentation from Reed Act funds for various information technology (IT) and infrastructure projects, so that $140,165,000 can remain in the Unemployment Insurance (UI) Trust Fund. Providing full funding for these projects at this time may increase UI taxes paid by employers in the future. After the IT project proposals have been subjected to the Feasibility Study Review and budget review processes, the projects could be considered for available Reed Act funding at that time. However, I am sustaining the expansion of the Tax
System Review, in order to include an analysis of enhanced data capability for Employment Development Department (EDD) information technology systems into an existing study of EDD Tax Branch business processes and automated systems. This analysis is scheduled to be completed in 2002–03.

I am revising this item and Provision 2 to conform to this action.

“5100-001-0871—For support of Employment Development Department, for payment to Item 5100-001-0870, payable from the Unemployment Fund Federal, to be available for expenditure until the end of the 2006–07 fiscal year, except that moneys subject to Provision 3 of this item are available for expenditure during the 2002–03 fiscal year

$177,120,000
$34,936,000”

“2. The following amounts shall be used as follows:

(a) $20,000,000 for administrative costs to create an alternate base period; which would allow for expansion of the Unemployment Insurance (UI) program by using recent wages for the purpose of establishing benefit eligibility.

(b) $65,000 for administrative costs to create and implement a trigger mechanism for UI extended benefits.

(c) $500,000 for the review of the Employment Tax System through a contract with a qualified consulting firm to review business operations and automated systems of EDD’s tax programs.

(d) $6,500,000 to upgrade the UI call centers to expand capacity and improve customer service.

(e) $5,100,000 to develop electronic UI claim filing over the Internet.

(f) $500,000 to fund a study with a qualified consultant for improving EDD’s single client database system to enhance efficiency and effectiveness of claim filing and benefit payments; to improve program integrity; and to reduce fraud.

(g) $100,000,000 to upgrade EDD’s single client database.

(h) $7,000,000 to redesign the UI benefit payment system to enable claimants to certify by using the telephone and Internet.

(i) $1,000,000 to redesign the UI adjudication process by the development of a computer-based application.

(j) $500,000 to be allocated via competitive process for support of physical and program access to one-stops. These are in addition to any Workforce Investment Act funds allocated for this purpose.

I am also deleting the $1,519,000 augmentation in Reed Act funds to continue employment services for veterans, so that these funds can remain in the UI Trust Fund and possibly reduce UI taxes paid by employers in the future. In addition, veterans still receive high priority for employment services and benefits in the EDD Employment Services Program, and the EDD indicates that veterans will not lose any assistance as a result of this action. As a result, it is not necessary to appropriate Reed Act funds for this purpose.

I am revising Provision 3 to conform to this action.

“3. During the 2002–03 fiscal year only, $34,436,000 shall be used to support Employment and Employment Services and Tax Collection and Benefit Payment Programs and $1,519,000 shall be used to support veteran’s employment activities.”

Item 5100-011-0890—For support of Employment Development Department. I reduce this item from ($775,267,000) to ($633,083,000).

I am revising this item to conform to the action I have taken in Item 5100-001-0870.

Item 5120-001-0890—For support of the California Workforce Investment Board. I revise this item by deleting Provision 3.

Provision 3 would make the expenditure of $1,120,000 contingent upon the California Workforce Investment Board (CWIB) submitting a report to the Legislature on the role of the CWIB and the Employment Development Department in the California Labor and Workforce Development Agency with respect to the implementation of the Workforce Investment Act (WIA) and other specified information. I believe it would be premature to require the CWIB to define its role within the new agency, before the
Secretary for the new agency has a chance to formulate and communicate the agency’s plans to simplify, strengthen, and improve the operation of the State’s workforce development programs. In addition, the CWIB has indicated it has recently released reports to the Legislature demonstrating progress in implementing the WIA. However, I am directing the CWIB to update the Legislature on its progress in the development of certification protocols for local One-Stop Centers during legislative hearings on the 2003–04 Budget.

Item 5175-101-0001—For local assistance, Department of Child Support Services. I revise this item by reducing:
(1) 10-Child Support Services from $974,893,500 to $974,893,000, and by deleting Provision 8.

In order to correct a technical error in the Budget Bill, I am reducing Schedule (1) by $500 and deleting Provision 8, which requires a county share of costs for any penalty imposed by the federal government for California’s failure to implement an automated statewide child support collection system. This provision was inadvertently left in the final version of the Budget Bill.

Item 5175-101-0890—For local assistance, Department of Child Support Services. I reduce this item from $282,224,000 to $281,899,000.

In order to correct a technical error in the Budget Bill, I am reducing this item by $325,000. This technical veto will conform to the Legislature’s intent, and is consistent with the legislative action taken in Item 5175-101-0001, which reduced the funding for the increase in postage costs.

Item 5175-495—Reversion, Department of Child Support Services. I revise this item as follows:

As of June 30, 2002, $25,215,000 from the unencumbered balance of the appropriation provided in the following citation shall revert to the fund from which the appropriation was made:

0001—General Fund
(1) Item 5175-101-0001, Budget Act of 2001 (Ch. 106, Stats. of 2001)
(a) 10.01-Child Support Administration...$640,000
(b) 10.02-Child Support Incentive....$24,575,000 $10,295,000.

On June 19, 2002, the California State Supreme Court denied the State’s final opportunity to have the amount of the SACSS judgment reduced. The State is now obligated to pay Lockheed Martin the amount of an appellate court ruling, plus interest on the principal amount of the judgment. I am reducing the amount of this reversion by $14,280,000 to enable the Department of Child Support Services to use these funds towards payment of the judgment, to prevent additional interest charges to the State.

Item 5180-101-0001—For local assistance, Department of Social Services. I revise this item by deleting Provision 10:

I am deleting Provision 10, which allows counties to direct $100,000 from the Mental Health and Substance Abuse services allocation to develop a replicable outcome system for CalWORKs mental health and substance abuse treatment. This language could create a future fiscal pressure to exceed the available amount of federal Temporary Assistance for Needy Families Block Grant funds and maintenance-of-effort funding pursuant to funding outcome systems in other counties, or could force a decrease in CalWORKs spending in other areas because of budgetary constraints in 2003–04.

Item 5180-141-0001—For local assistance, Department of Social Services. I reduce this item by $16,514,000 ($6,800,000 General Fund) to reduce funding for county administration of the Food Stamp Program. This action is necessary
due to the significant decline in General Fund revenue. I am sustaining $372.9 million ($157.5 million General Fund) for county administration of the Food Stamp Program.

Item 5180-141-0890—For local assistance, Department of Social Services. I reduce this item from $776,573,000 to $528,231,000.

I am reducing this item by $9,714,000 to conform to actions taken in Item 5180-141-0001.

I am also reducing this item by $238,628,000 to correct a technical error in the Budget Bill. This technical veto is consistent with the Legislature’s intent and legislative actions taken in this item.

Item 5180-151-0001—For local assistance, Department of Social Services. I reduce this item from $782,148,000 to $745,606,000.

I am deleting $17,150,000 General Fund and $9,974,000 Federal Trust Fund from the Child Welfare Services Program augmentations; and $10,817,000 General Fund; $10,521,000 Federal Trust Fund, and $1,062,000 reimbursements in order to suspend the cost-of-doing business adjustment for the Child Welfare Services Program. I am retaining $1.8 billion ($616.7 million General Fund) for the Child Welfare Services Program. As cost-of-living adjustments are not being granted for other social services programs, I am suspending the proposed 2002–03 cost-of-doing business adjustment due to the State’s current fiscal situation.

For the last three years, this Administration has aggressively funded the Adoptions and Kinship Guardianship Assistance Payment programs. These two programs, among others, have significantly reduced the caseload for much of the Child Welfare Services (CWS) program. Notwithstanding this reduction in caseload, this Administration has provided funding for the CWS program in excess of that justified by current social worker caseload and workload standards, providing a total of $420.4 million ($237.9 million General Fund) more over the last three years to counties than caseload requires: $68.4 million ($40 million General Fund) in 1999–00, $125.9 million ($74.3 million General Fund) in 2000–01, and $226.1 million ($123.6 million General Fund) in 2001–02. In light of the State’s current fiscal situation, these reductions are necessary to more closely align funding to current caseload standards.

Similarly, I am deleting $3,000,000 General Fund and $2,200,000 Federal Trust Fund for recent Adoptions Program cost-of-doing business augmentations due to fiscal constraints and limited resources in the General Fund. I am retaining funding of $76.1 million ($38.5 million General Fund) for the Adoptions Program.

I am reducing this Item by $5,575,000 to correct a technical error in the Budget Bill. This technical veto will conform to the Legislature’s intent, and is consistent with the legislative action to reduce funding for the Adult Protective Services program by $5.6 million General Fund. This reduction was correctly reflected in schedule (2) (c) 25.35.050-County Services Block Grant; however, it was not included in the total for this item.

Item 5180-151-0890—For local assistance, Department of Social Services. I reduce this item from $1,195,571,000 to $1,172,876,000.

I am reducing this item by $22,695,000 to conform to the actions taken in Item 5180-151-0001.

Item 5180-491—Reappropriation, Department of Social Services. I revise this item by revising Provision 1.

In order to correct a technical error in the Budget Bill, I am amending Provision 1 by deleting the requirement that the amount of funding reappropriated for automation projects be consistent with the amount approved by the Department of Information Technology (DOIT) in a special project report or equivalent document. As statutory authority for the DOIT expired on June 30, 2002, this language is no longer applicable.
1. It is the intent of this item to continue funding approved activities for the automation projects that, due to schedule changes, result in unexpended appropriations one year and the need for additional funding in the following year. Therefore, notwithstanding any other provision of law, the balance of the appropriations for these automation projects may, upon approval of the Department of Finance, be reappropriated for transfer to and in augmentation of the corresponding items in this act. The funds reappropriated by this provision shall be made available consistent with the amount approved by the Department of Finance and the Department of Information Technology based on an approved special project report or equivalent document not sooner than 30 days after providing notification in writing to the chairperson of the fiscal committee of each house of the Legislature and the Chairperson of the Joint Legislative Budget Committee.

Item 5460-485—Reappropriation (Proposition 98), Department of the Youth Authority. I delete this item.

I am deleting the $2,600,000 reappropriation from the Proposition 98 Reversion Account, provided on a one-time basis to the Department of the Youth Authority for the enrichment of educational services. The additional funding for educational services has not been justified. This action will maintain Proposition 98 funding consistent with the level of the current ward population.

Item 6110-001-0001—For support of Department of Education. I reduce this item from $45,131,000 to $45,081,000 by reducing:

20. Instructional Support from $74,829,840 to $74,779,840;
30. Special Programs from $43,401,280 to $43,291,280; and
9. Amount Payable from Federal Trust Fund (Item 6110-001-0890) from $125,995,000 to $125,995,000.

I am reducing this item by $50,000 to reflect savings that will occur in this item as a result of sustaining a legislative augmentation of $53,000 as reflected in Provision 17 of Item 6110-001-0890, for monitoring and technical assistance for the California Youth Authority special education activities. That augmentation enables the Department to recover indirect costs that are billable to federal funds. Because the Department's costs for oversight of this activity will not significantly increase overall departmental indirect costs, funds in this General Fund item can be reduced with no effect on services to other programs.

I am reducing Schedules (3) and (9) by $110,000 to conform to the action taken in Item 6110-001-0890.

Item 6110-001-0890—For support of Department of Education. I reduce this item from $126,105,000 to $125,995,000.

I am reducing the $388,000 legislative augmentation for two additional staff for implementation of the 21st Century Community Learning Centers Program by $110,000. While I am sustaining the two additional positions and $278,000, the amount reduced reflects indirect costs which have not been adequately justified. Five positions and $523,000 remain available for the purposes of implementing the new federal program, which should be sufficient.

Item 6110-113-0001—For local assistance, Department of Education. I revise this item by reducing:

4. 20.70.030.006-STAR Program from $15,827,000 to $15,027,000.

This reduction is a technical adjustment to reflect the correct amount in Schedule (4). While the item total reflects the intended funding level, Schedule (4) contains $800,000 more than intended.

Item 6110-123-0890—For local assistance, Department of Education. I delete Provision 2.

I am deleting Provision 2, which would require legislative notification prior to the adoption or amendment of any plan for disbursement of $39,131,000 in federal funds for innovative programs to local education agencies. This is inconsistent with federal law, which required California to submit its application for funding under the No Child
Left Behind Act prior to enactment of the budget. I understand this language was only intended to apply to new programs where allocation is subject to legislative direction. Consistent with this, I am deleting this provision because the reporting requirements for this existing program would needlessly delay the disbursement of these federal funds, which are disbursed based on a federally-mandated formula.

Item 6110-130-0001—For local assistance, Department of Education. I reduce this item from $12,300,000 to $10,300,000 by revising Provision 1.

I am deleting $2,000,000 of the legislative augmentation for provision of Advanced Placement teacher training or tutoring services pursuant to Section 52247 of the Education Code. These reductions are necessary to limit program expansions and provide for a prudent General Fund reserve in light of the State’s current fiscal condition. With these reductions, $10,300,000 still remains to support the Advancement Via Individual Determination program.

I am revising Provision 1 to conform to this action.

‘‘1. Of the funds appropriated, $1,300,000 is available for administration of the Advancement Via Individual Determination (AVID) centers and $6,000,000 is available for competitive outreach grants to local education agencies for the AVID program. Notwithstanding any other provision of law, the remaining $3,000,000 shall be used solely for the provision of advanced placement teacher training or tutoring services, pursuant to Section 52247 of the Education Code.’’

Item 6110-136-0890—For local assistance, Department of Education. I revise this item by deleting Provision 8.

I am deleting Provision 8 of this item, which makes the receipt of $1,495,541,000 in Title I federal funds by school districts contingent upon the reporting of unspecified data that is necessary to meet the data reporting requirements of the federal No Child Left Behind Act of 2001. While it will likely be necessary for school districts to provide data to the State to meet these reporting requirements, federal law does not allow the State to condition the receipt of these funds on the provision of data. Thus, this language may constitute a state mandate requiring reimbursement from the General Fund. Item 6110-113-0890 contains $6,880,000 for federally required data collection.

Item 6110-137-0890—For local assistance, Department of Education. I revise this item by deleting Provision 1.

I am deleting Provision 1 of this item, which requires legislative notification prior to adopting or amending any plan for the expenditure of $2,426,000 in federal Rural and Low Income School Grant funds pursuant to the federal No Child Left Behind Act. This provision conflicts with federal law that required the State Board of Education to submit the State’s consolidated application prior to enactment of the budget bill. These funds are provided on a formula basis and are intended to provide small school districts with general purpose discretionary funding. I believe the notification requirement would delay the allocation of the funds and also impede the intended flexibility.

Item 6110-156-0001—For local assistance, State Department of Education. I reduce this item from $605,038,000 to $582,038,000 by reducing:

(2) 10.50.010.008—Remedial education services for participants in the CalWORKs from $31,739,000 to $8,739,000, and by revising Provision 2.

I am reducing the $23,000,000 augmentation for remedial education services for CalWORKs participants. This augmentation consisted of $10,000,000 for support services and $13,000,000 for additional instruction for CalWORKs recipients in adult education programs or regional occupation centers and programs (ROC/Ps). With this action, $9,900,000 in federal Temporary Assistance for Needy Families (TANF) funds remains in the Adult Education and ROC/P items to provide additional instruction for CalWORKs recipients in programs that are at or above their authorized average daily attendance cap. Support services are also provided through the federal Perkins Vocational and Technical Education Act, funded at $138,445,000 and required to target
CalWORKs participants in the welfare-to-work program. The funds reduced from this item are reserved for Proposition 98 contingencies in 2002–03. I am revising Provision 2 to conform to this action.

2. The funds appropriated in Schedule (2) constitute the funding for both remedial education and job training services for participants in the CalWORKs program (Art. 3.2 (commencing with Section 11320) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code). Funds shall be apportioned by the Superintendent of Public Instruction for direct instructional costs only to school districts and Regional Occupational Centers and Programs (ROC/Ps) that certify that they are unable to provide educational services to CalWORKs recipients within their adult education block entitlement or ROC/P block entitlement, or both. However, of the funds appropriated in Schedule (2) of this item, an amount not to exceed $10,000,000, as negotiated through an interagency agreement between the State Department of Education and the State Department of Social Services, shall be provided for Adult Education Programs and ROC/Ps for the purposes of providing instructional and training supportive services for CalWORKs eligible members. These services shall include any of the following:

(a) Career and educational guidance and counseling.
(b) Training-related assessment.
(c) Transportation to the classroom or worksite during training.
(d) Job readiness training and services.
(e) Job development and placement.
(f) Postemployment support and followup to ensure job retention.
(g) Coordination and referrals to other services provided through the State Department of Social Services, the Employment Development Department, the Local Workforce Investment Board, community colleges, the Department of Rehabilitation, the Economic Development Agency, and other community resources.
(h) Curriculum and instruction development to provide short-term integrated programs leading to employment.
(i) Staff development costs resulting from policy development and training occurring between instructional staff and county welfare agencies in the coordination of the program.
(j) One-time excess program startup costs.

Allocations shall be distributed by the Superintendent of Public Instruction as equal statewide dollar amounts, based on the number of CalWORKs eligible family members served in the county and subject to instructional and training support services needed annually by each agency as identified in the county CalWORKs Instruction and Job Training Plan required by Section 10200 of the Education Code.

Item 6110-161-0001—For local assistance, Department of Education (Proposition 98). I am revising this item by revising Provision 15.

I am revising Provision 15 of this item by $754,000 to conform to reductions required as a result of the Legislature’s revision to the level of Education Revenue Augmentation Fund available in 2002–03, and as a result of technical changes required to conform to providing a 2.0 percent cost of living adjustment for special education.

15. Of the amount provided in Schedule (1) of this item, $8,189,000 shall be appropriated in the following priority sequence:
(a) The Superintendent of Public Instruction shall allocate any additional amount, if needed, to augment the amounts appropriated in Schedules (1) and (2) of this item to ensure full funding for the 2002-03 fiscal year.
(b) Once the Superintendent of Public Instruction has determined that none of the programs in Schedules (1) and (2) of this item require any additional funding pursuant to the statutory formulas contained in Chapter 854 of the Statutes of 1997 (AB 602), the remaining amount shall be allocated pursuant to Section 56836.158 of the Education Code.”
Item 6110-161-0890—For local assistance, Department of Education. I reduce this item from $800,319,000 to $798,369,000 by reducing:

(4) 10.60.050.021-IDEA, Capacity Building, Special Education from $44,858,000 to $42,908,000,

and by revising Provisions 3 and 12.

I am deleting the $1,700,000 legislative augmentation provided to expand the existing Family Empowerment Centers on Disabilities. I share the desire to improve results for all children, especially those with disabilities, which is why I signed legislation last year establishing the Family Empowerment Centers funded in this item. However, given that my Budget already provides $2,372,000 for local assistance grants for Family Empowerment Centers on Disabilities, and given that the 12 centers funded through the existing resources have only recently been established, I believe funding to expand this program would not be prudent until results from existing efforts are reviewed.

I am deleting the $250,000 legislative augmentation to fund licensed children’s institution growth. My Budget already provides $1,000,000 for local assistance grants for emergency impaction on Special Education Local Plan Areas as the result of licensed children’s institution growth, and I have not been provided with adequate justification to warrant a program augmentation.

I am revising Provisions 3 and 12 to conform to these actions.

"3. Of the funds appropriated in Schedule (4) of this item, up to $1,250,000 $1,000,000 may be used to fund licensed children’s institution growth pursuant to Section 56836.18 of the Education Code."

"12. Of the funds appropriated in Schedule (4) of this item, $4,072,000 $2,372,000 shall be used for the purposes of establishing Family Empowerment Centers on Disabilities pursuant to Chapter 690, Statutes of 2001."

Item 6110-194-0001—For local assistance, Department of Education. I reduce this item from $1,105,000 to $105,000 by deleting:

(1) 20.60.101.001-Administrator Training and Evaluation Program ($1,000,000), and by revising deleting Provision 2.

I am reducing the legislative augmentation of $1,000,000 in support costs for the Administrator Training and Evaluation Program. This reduction is necessary to provide for a prudent General Fund reserve and eliminate the former Administrator Training and Evaluation Program. With this reduction, $14,336,000 still remains for Principal and Administrator Training and Evaluation Program training activities in programs established by this Administration.

Item 6110-194-0890—For local assistance, Department of Education. I reduce this item from $5,000,000 to $4,350,000, and delete Provisions 2, 3 and 4.

I am deleting $250,000 and Provision 2 which would be used for data collection and evaluation related to the effectiveness of professional development programs. While I recognize the importance of evaluating the effectiveness of programs, given many of these programs are relatively new and the scarcity of resources, I believe funds should be focused on providing training.

I am deleting $400,000 and Provisions 3 and 4 which would earmark these funds for an evaluation of cultural competency training for teachers and provide professional development to substitute teachers, respectively. Both of these programs could be established by pending legislation. I believe it is premature to set aside these funds before the policy merits of the respective related legislation have been decided. In addition, according to the legislation which would establish the substitute teacher training, funding would not be necessary until 2003–04.

Item 6110-195-0890—For local assistance, Department of Education. I reduce this item from $317,526,000 to $317,026,000 by reducing:

(1) 20.60.280-Improving Teacher Quality Local Grants from $315,472,000 to $314,972,000, and by deleting Provision 1.

The reduction in Schedule (1) funding is a technical veto to account for this item over-appropriating the total amount of available federal funds by $500,000.
I am deleting Provision (1), which specifies the uses of these federal funds. I would have preferred language that would have directed these funds to be used on a priority basis to ensure that class size reduction programs are maintained and teachers receive standards-aligned training. As federal law requires, the State has submitted an application for these funds that specifies their uses; therefore this language is unnecessary.

Item 6110-197-0890—For local assistance, Department of Education. I revise this item by deleting Provisions 2(b), 2(c), 2(d), and 2(h), and revising Provision 2(i).

I am deleting Provision 2(b) because this language is unnecessarily restrictive. It would limit the availability of $3,500,000 to direct grants for programs serving middle and elementary school pupils to provide equitable access to and participation in programs. Analysis has not been performed to indicate the level of need for these types of grants. Furthermore, placing restrictions on these funds would limit the number of slots that could be created to serve additional children.

I am deleting Provision 2(c) because this language would restrict the availability of $1,000,000 to fund direct grants for family literacy services for families of students participating in the 21st Century Community Learning Programs. Although I support family literacy programs, this allocation duplicates existing efforts funded through federal Title 3 Literacy funds and other available federal and state funding sources to provide family literacy. Limiting the availability of these funds would restrict the creation of additional before and after school slots.

I am deleting Provision 2(d) because this language is unnecessarily restrictive. It would limit the availability of $2,500,000 to grants for high school programs. Denying accessibility to these funds to middle and elementary school programs, would restrict the creation of additional slots in an area where there is a known need. I am also deleting Provision 2(h) because the language would establish a program with reimbursement policies that conflict with those contained in existing statute, Article 22.5 (commencing with Section 8483.7) of Chapter 2 of Part 6 of Division 1 of the Education Code.

I am revising Provision 2(i) because this language conflicts with language contained in Provision 2(f) of this Item which requires programs to adhere to daily funding rates pursuant to Article 22.5 (commencing with Section 8482.5) of Chapter 2 of Part 6 of Division 1 of the Education Code.

"(i) Earned but unexpended funds may be carried forward to subsequent years consistent with federal requirements. In year one, the full grant may be retained."

As stated above, this language is unnecessarily restrictive and would result in higher costs per pupil. There is approximately $14 million in quality applications pending for the existing Before and After School Learning and Safe Neighborhoods Partnership Program. The overall state need, however, is much greater. Given the success of this program in showing consistent patterns of positive results on student achievement, attendance, behavior, and reductions in grade attendance, I would prefer that the 21st Century federal funds be used to expand the existing program rather than creating additional cost pressures.

Item 6110-200-0001—For local assistance, Department of Education. I reduce this item from $19,000,000 to $2,000,000.

I am reducing the legislative augmentation of $19,000,000 for Healthy Start Support Services by $17,000,000. This reduction is necessary to limit program expansions and provide for a prudent General Fund reserve in light of the State’s current fiscal condition. The program level started with this augmentation would cause costs to multiply in future years. This action will have no effect on schools currently operating this program, as full funding for the multi-year grant period has been provided in past budgets.

The funds reduced from this item are reserved for Proposition 98 contingencies in 2002–03.

Item 6110-205-0001—For local assistance, Department of Education. I revise this item by deleting Provision 3.

I am deleting Provision 3 of this item, which authorizes the Department of Education to establish a pilot program for allocating this funding for the Elementary School Inten-
sive Reading Program as a block grant for up to 20 districts, rather than through hourly reimbursement for services rendered. This proposed pilot is a significant alteration in the program’s current structure. The proposal does not contain any reasonable accountability to ensure that students receive necessary remedial services through this program, and may in fact reduce the total hours of service provided to students. Any program change of this magnitude should be considered in policy legislation, including review by legislative policy committees rather than solely through the budget process.

Item 6110-211-0001—For local assistance, Department of Education (Proposition 98). I reduce this item from $49,721,000 to $35,650,000.

I am reducing this Item for two reasons. First, technical reductions are necessary to reflect both the Legislature’s action to shift the calculation methodology for the block grant to appropriations made in the final Budget Act as well as the adjustments made to final school district funding levels, including the deferrals and reductions to categorical programs included in the final version of the Budget, that have the effect of reducing this item’s statutory growth calculation. Second, I am reducing the item to reflect my objection to the Legislature’s intent to include the Instructional Materials Realignment Program (IMRP) in the block grant. I believe that allowing charter schools to use equivalent funding intended for IMRP purposes in any manner they choose would both undermine the Administration’s objective to ensure availability of standards-aligned instructional materials for all students and unnecessarily increase state costs. Charter schools would still be eligible to receive their share of over $400,000,000 available for IMRP remaining in the Budget.

The funds reduced from this item are reserved for Proposition 98 contingencies in 2002–03.

Item 6110-223-0001—For local assistance, Department of Education. I delete this item and Provisions 1 and 2.

I am deleting the legislative augmentation of $36,000,000 for PERS offset mitigation because the May Revision already provided $97,000,000 to fund the state’s share of PERS costs for school classified employees. As rates increase in the future, the state will fund the entire amount of the employer’s share of this cost, and the offset will diminish.

I am also deleting the legislative augmentation of $42,000,000 for equalization adjustments for school district revenue limit apportionments. Given the subsequent $406,000,000 augmentation contained in AB 2781 to be provided commencing with 2003–04 for revenue limit equalization, this one-time appropriation should be set aside for Proposition 98 contingencies in light of the State’s current fiscal conditions.

The funds reduced from this item are reserved for Proposition 98 contingencies in 2002–03.

Item 6110-241-0001—For local assistance, Department of Education. I delete this item and Provision 1.

I am deleting this item, which provides $150,000 for low-performing high schools, as it inadvertently made an appropriation for local assistance that was intended to provide state operations funding to support a new program to be created in pending legislation. This local assistance appropriation cannot be used for the intended purpose. In addition, I believe it is premature to earmark funding in the Budget until the policy merits of the legislation are decided.

The funds reduced from this item are reserved for Proposition 98 contingencies in 2002–03.

Item 6360-001-0407—For support of the Commission on Teacher Credentialing. I revise this item by deleting Provision 6.

I am deleting Provision 6, which would require the Commission to reduce processing times for first-time and new-type credential applications to 25 days. This is inconsistent with current statute that requires credentials to be processed in 60 days. The Teacher Credentialing Service Improvement Project will not be sufficiently complete to allow the Commission to realize significant savings in the staff time required to process credential renewal applications in 2002–03. Consequently, this
provision could force the Commission to redirect resources from the processing of credential renewal applications, thereby generating an unacceptable increase in the time required to process these applications. Alternatively, this language could result in the Commission requesting additional funding and positions to meet this timeframe.

Item 6610-001-0001—For support of California State University. I reduce this item from $2,617,173,000 to $2,616,983,000 by reducing:
(1) Support from $3,494,437,000 to $3,494,247,000, and by deleting Provisions 18, 19, and 20.
I am deleting $190,000 legislative augmentation to conduct a California State University (CSU) Export Delivery Study ($140,000) and to fund the CSU Centers for Excellence ($50,000), pursuant to separate legislation. Notwithstanding the potential merits of the subject legislation, it is premature to include funding in the budget for these activities. I am willing to consider the legislation on its merits, and any funding necessary, once it is approved by the Legislature. I am deleting Provisions 18 and 19 to conform to these actions.

I am deleting Provision 20 because it requires the CSU to defer new expenditures for the CMS/PeopleSoft project, prohibits the University from entering into any new agreements needed to maintain the implementation schedule, and delays the completion of the project by one year. This language would increase project costs for the University and would delay the operational efficiencies the University believes will be achieved when the project is completed and delay staff training. I encourage the University to cooperate fully in the audit currently in progress of the project and expect continued adherence to all relevant information technology policies and bid procedures.

Item 6870-101-0001—For local assistance, Board of Governors of the California Community Colleges (Proposition 98). I reduce this item from $2,670,792,000 to $2,659,792,000 by reducing:
(12) 20.10.070-Matriculation from $64,307,000 to $54,307,000; and by deleting:
(12.5) 20.20.015-Faculty and Staff Development ($1,000,000); and by revising Provision 1.
I am reducing the legislative augmentation for Matriculation by $10,000,000, and I am also deleting the proposed augmentation of $1,000,000 to continue the Faculty and Staff Development program. With this action, $54,307,000 still remains to support Matriculation services. I also note that the general apportionment funding increase of over $192 million in this Budget is more than $43 million above the statutory requirement. Therefore, this Budget provides sufficient funds for colleges to sustain matriculation services if they are a priority. Further, funding for the Faculty and Staff Development program contains little meaningful accountability and represents only a fraction of the funds used by districts for training. I believe this is a significantly lower priority for state assistance than direct classroom instruction. Districts may use discretionary funds, as necessary, to fund these activities on a priority basis. I am revising Provision 1 to conform to this action.

'1. The funds appropriated in Schedules (1), (2), (3), (4), (5), (6), (8), (10), (11), (12), (12.5) (14), (15), (16), (17), (18), (22), and (25) are for transfer by the Controller during the 2002–03 fiscal year to Section B of the State School Fund.'

The funds reduced from this item are reserved for Proposition 98 contingencies in 2002–03.

Item 6870-485—Reappropriation, (Proposition 98) California Community Colleges. I revise this item from $53,189,000 to $34,497,000 by deleting Schedule (3).
In order to correct a technical error in the Budget Bill, I am reducing this item by $9,692,000. I am also deleting the legislative augmentation of $9,000,000 for Special Services for CalWORKs Recipients. I am supportive of this program as indicated by the $20,000,000 General Fund restoration I provided for this program in the May Revision, for which local districts will provide an additional $20,000,000. With this reduction, a total of $63,000,000, will remain to support CalWORKs recipients attending community colleges.
I delete this item.

I am deleting Item 6870-486, which would provide authority for the Chancellor to reallocate for specified purposes up to $20 million in prior year savings from categorical programs in Item 6870-101-0001. Such authority would limit the flexibility of the Administration and Legislature to allocate Proposition 98 Reversion Account funds for future high priority K–14 demands.

Item 7980-001-0001—For support of Student Aid Commission. I revise this item by reducing:

1. Financial Aid Grants Program from $12,342,000 to $12,244,000, and
2. Reimbursements from $3,195,000 to $3,097,000.

I am revising this Item to delete a $98,000 legislative augmentation for reimbursements from the Student Loan Operating Fund to cover administrative costs for the Assumption Program of Loans for Education related to 1,000 additional awards added as part of an action to suspend the Governor’s Teaching Fellowships for one year. The 2001 Budget Act included $253,000 for three additional positions to administer this program, conduct a study to assess the administrative process for this and other Specialized Programs, and make recommendations for efficiency measures. The need for additional resources for this purpose has not been justified. In addition, it would be premature to provide additional funding until those recommendations have been made and considered.

Item 8100-101-0001—For local assistance, Office of Criminal Justice Planning. I reduce this item from $45,856,000 to $45,687,000 by reducing:

6. Youth Emergency Telephone Referral from $338,000 to $169,000.

This reduction is necessary to provide for a prudent General Fund reserve for economic uncertainties. With this action, $169,000 remains to support the Youth Emergency Telephone Referral program. I am revising Provision 3 to make two technical changes to this provision.

3. Of the amount appropriated in this item, $800,000 appropriated in Schedule (20.5) shall be available for competitive grants for the California Innocence Protection Program. The OCJP shall make the funds available for the purpose of assisting convicted persons who are attempting to establish their actual innocence through the use of postconviction DNA testing. Grants shall only be used to represent indigent inmates convicted of a crime in a California court. Applications for funding provided pursuant to this item shall only be received from qualified nonprofit organizations meeting guidelines established by the American Bar Association for operating legal clinics using law students. It is the intent of the Legislature that funds provided to qualifying nonprofit organizations shall be made available as soon as possible in the interest of justice and shall be disbursed within 60 days of receipt of an application for funding. For qualified nonprofit organizations receiving funding under this program, at least 25 percent of their total budget for these purposes must come from other sources, which may include in-kind contributions.

Funding for this program shall not be expended for the purpose of court-approved DNA forensic testing under Section 1405 of the Penal Code.

Entities receiving funding under this program shall report to the OCJP the number of the requests received and the number of cases in which any of the following have occurred: (1) a preliminary investigation was conducted, (2) a full investigation was conducted and DNA testing was sought, (3) the appellant was represented in court proceedings or an attempt was made to vacate a conviction, and (4) an appellant’s conviction was vacated or overturned as a direct result of the representation by the entity or attorney. The entities shall also provide detailed expenditure reports semiannually and annually on the use of funds provided under this program. These semiannual and annual reports shall also list all staff positions supported by this funding and their compensation. The OCJP shall prepare and submit a report to the Joint Legislative Budget Committee.
Committee on or before February 1, 2003, on the foregoing information for each entity receiving funding under this program.”

Item 8100-112-0001—For transfer by the Controller to the High Technology Theft Apprehension and Prosecution Program Trust Fund. I reduce this item from $13,518,000 to $13,300,000.

I am reducing the amount available for transfer to the High Technology Theft Apprehension and Prosecution Program Trust Fund by $218,000. This is a technical correction to this General Fund transfer item. The amount shown here reflects the total local assistance program funding, including federal funds, rather than the General Fund transfer portion that is appropriately scheduled in this item.

Item 8350-001-0001—For support of Department of Industrial Relations. I reduce this item from $141,031,000 to $136,815,000 by reducing:

(3) 30—Workers’ Compensation Administration from $98,653,000 to $94,053,000;

(5) 36—Commission on Health & Safety and Workers’ Compensation from $2,666,000 to $1,408,000; and

(20) Amount payable from the Workers’ Compensation Administration Revolving Fund (Item 8350-001-0223) from $20,992,000 to $19,938,000;

and by deleting:

(38) Amount payable from the Workers’ Occupational Safety and Health Education Fund (Item 8350-001-3030) ($588,000).

I am deleting the legislative augmentations provided to the Department of Industrial Relations for AB 749-related activities for training grants, workers’ compensation studies, and workload in the Division of Workers’ Compensation. Although I agree that AB 749 will increase the responsibilities of the department, these augmentations have not been fully justified. AB 749 does not take effect until January 1, 2003, and in light of the state’s current fiscal condition, I have instructed the department to absorb the associated workload during the first six months of implementation for these purposes. To the extent that a comprehensive justification based on actual workload needs is available in the future, I would consider funding at that time. I am, however, retaining the $1 million augmentation included in this item for fraud prevention activities.

Item 8350-001-0223—For support of Department of Industrial Relations. I reduce this item from $20,992,000 to $19,938,000 to conform to my action in Item 8350-001-0001.

Item 8350-001-3030—For support of Department of Industrial Relations. I delete this item.

I am deleting this item to conform to my previous action in Item 8350-001-0001.

SEC. 9.40—Proposition 40 Administration Cost Limits. I delete this Control Section.

I am deleting this control section which would restrict administrative expenditures for Proposition 40 bond funds to five percent of budget appropriations for all grant programs and property acquisitions made in the budget year. This is inconsistent with the provisions of Proposition 40, which require all program delivery and administrative costs be paid through the Bond Act. I have submitted an expenditure plan for Proposition 40 that meets current environmental acquisition priorities and is fiscally responsible. This plan sets aside adequate funds to deliver these necessary projects in a timely manner, in accordance with the intent of the electorate. I am directing all affected agencies and departments to provide for effective program delivery while controlling their administrative costs.

With the above deletions, revisions, and reductions, I hereby approve Assembly Bill 425.

GRAY DAVIS
LEGISLATIVE COUNSEL’S DIGEST

This bill would make appropriations for support of state government for the 2002–03 fiscal year.

This bill would declare that it is to take effect immediately as an urgency statute.

Appropriation: yes.

The people of the State of California do enact as follows:

SECTION 1.00. This act shall be known and may be cited as the “Budget Act of 2002.”

SEC. 1.50. (a) In accordance with Section 13338 of the Government Code, as added by Chapter 1284, Statutes of 1978, and as amended by Chapter 1286, Statutes of 1984, it is the intent of the Legislature that this act utilize a coding scheme compatible with the Governor’s Budget and the records of the State Controller, and provide for the appropriation of federal funds received by the state and deposited in the State Treasury.

(b) Essentially, the format and style are as follows:

1. Appropriation item numbers have a code which is common to all the state’s fiscal systems. The meaning of this common coded item number is as follows:

   2720—Organization Code (this code represents the California Highway Patrol)
   001—Reference Code (first appropriation for a particular fund for support of each department)
   0044—Fund Code (Motor Vehicle Account, State Transportation Fund)

2. Appropriation items are organized in organization code order as reflected in the Governor’s Budget.

3. All the appropriation items, reappropriation items, and reversion items, if any, for each department or entity are adjacent to one another.

4. Federal funds received by the state and deposited in the State Treasury are appropriated in separate items.

(c) The Department of Finance may authorize revisions to the codes used in this act in order to provide compatibility between the codes used in this act and those used in the Governor’s Budget and in the records of the State Controller.

(d) Notwithstanding any other provision of this act, the Department of Finance may revise the schedule of any appropriation made in this act where the revision is of a technical nature and is consistent with legislative intent. These revisions may include, but shall not be limited to, the substitution of category for program or program for category limitations, the proper categorization of allocated administration costs and
cost recoveries, the distribution of any unallocated amounts within an appropriation and the adjustment of schedules to facilitate departmental accounting operations, including the elimination of categories providing for amounts payable from other items or other appropriations and the distribution of unscheduled amounts to programs or categories. These revisions shall include a certification that the revisions comply with the intent and limitation of expenditures as appropriated by the Legislature.

(e) Notwithstanding any other provision of this act, when the Department of Finance, pursuant to subdivision (d), approves the schedule or revision of any appropriation relating to the elimination of amounts payable, the language authorizing the transfer shall also be eliminated.

SEC. 2.00. (a) The following sums of money and those appropriated by any other sections of this act, or so much thereof as may be necessary unless otherwise provided herein, are hereby appropriated for the use and support of the State of California for the 2002–03 fiscal year beginning July 1, 2002, and ending June 30, 2003. All of these appropriations, unless otherwise provided herein, shall be paid out of the General Fund in the State Treasury.

(b) Appropriations and reappropriations for capital outlay, unless otherwise provided herein, shall be available for expenditure during the 2002–03, 2003–04 and 2004–05 fiscal years, except that appropriations and reappropriations for studies, preliminary plans, working drawings, or minor capital outlay, except as provided herein, shall be available for expenditure only during the 2002–03 fiscal year. In addition, the balance of every appropriation or reappropriation made in this act that contains funding for construction that has not been allocated, through fund transfer or approval to proceed to bid, by the Department of Finance on or before June 30, 2003, except as provided herein, shall revert as of that date to the fund from which the appropriation was made.

(c) Whenever by constitutional or statutory provision the revenues or receipts of any institution, department, board, bureau, commission, officer, employee, or other agency, or any moneys in any special fund created by law therefor, are to be used for salaries, support or any proper purpose, expenditures shall be made therefrom for any such purpose only to the extent of the amount therein appropriated, unless otherwise stated herein, or authorized pursuant to Section 11006 of the Government Code.

(d) Appropriations for purposes not otherwise provided for herein that have been heretofore made by any existing constitutional or statutory provision shall continue to be governed thereby.

3. It is the intent of the Legislature that the departments that provide e-government services or transactions shall reimburse the Department of General Services (DGS) for the development, implementation, and maintenance of the state’s centralized e-government systems. The DGS shall establish rates that departments shall be charged for the ongoing use and maintenance of the systems. Departments shall not develop or implement e-government systems to the extent such systems already exist within the state’s centralized e-government systems. Notwithstanding Item 9840-001-0988, Item 9840-001-0494, and Section 27 of this act, the Director of General Services may augment this item, by up to an aggregate of one and one-half percent in cases where the Legislature has provided funding in departmental budgets for e-government services. Any augmentation that is deemed to be necessary on a permanent basis shall be submitted for review as part of the normal budget development process. An augmentation shall be approved by the Department of Finance and shall not be made sooner than 30 days after written notification is provided to the Chairperson of the Senate Committee on Budget and Fiscal Review, the Chairperson of the Assembly Budget Committee, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee may determine.

the Legislature has approved funds for a customer for the purchase of services or equipment through the Department of General Services (DGS) and the corresponding expenditure authority has not been provided in this item or (b) a local government entity or the federal government has requested services from the DGS. Any augmentation that is deemed to be necessary on a permanent basis shall be submitted for review as part of the normal budget development process. If the Director of the Department of General Services augments this item or Item 1760-001-0002, 1760-001-0003, 1760-001-0026, or 1760-001-0602 the DGS shall notify the Department of Finance within 30 days after that augmentation is made as to the amount, justification, and the program augmented. Any augmentation made in accordance with this provision shall not result in an increase in any rate charged to other departments for services or the purchase of goods without the prior written consent of the Department of Finance.

5. Notwithstanding Item 9840-001-0988, Item 9840-001-0494, and Section 27.00 of this act, if this item or Item 1760-001-0002, 1760-001-0003, 1760-001-0026, or 1760-001-0602 is augmented pursuant to Provision 4 by the maximum allowed under that provision, the Director of Finance may further augment the item or items in cases where (a) the Legislature has approved funds for a customer for the purchase of services or equipment through the DGS and the corresponding expenditure authority has not been provided in these items, or (b) a local government entity or the federal government has requested services from the DGS. If the Director of General Services augments either of the items in this provision, the DGS shall notify the Department of Finance within 30 days after that augmentation is made as to the amount, justification, and the office augmented. Any augmentation that is deemed to be necessary on a permanent basis shall be submitted for review as part of the normal budget development process.

7. Any augmentation made pursuant to Provisions 4, 5, and 6 of this item shall be reported in writing to the chairpersons of the fiscal committees of each house and the Chairperson of the Joint Legislative Budget Committee within 30 days of the date the augmentation is approved. This notification shall identify the amount of, and justification for, the augmentation, and the program that has been augmented. Provisions:
1. For purposes of the funds appropriated in Schedules (2) to (7), inclusive, Program 20—Highway Transportation, upon approval of the Department of Finance, the Department of Transportation
shall notify the chairpersons of the fiscal committees and the Chairperson of the Joint Legislative Budget Committee at least 20 days prior to spending funds to expand activities above budgeted levels or to implement a new activity not identified in this act, including any of those expenditures to be funded through a transfer of money from other expenditure categories or programs, except in the case of emergency work increases caused by snow, storm, or earth movement damage.

2. From funds appropriated in this item, the Department of Transportation may enter into interagency agreements with the Department of the California Highway Patrol to compensate that department for the cost of work performed by patrol officers at or near state highway construction projects so as to reduce the risk of occurrence of serious motor vehicle accidents.

3. (a) Notwithstanding any other provision of law, funds appropriated in this item from the State Highway Account may be reduced and replaced by an equivalent amount of federal funds determined by the department to be available and necessary to comply with Section 8.50 of this act and the most effective management of state transportation resources. Not more than 30 days after replacing the state funds with federal funds, the Director of Finance shall notify in writing the chairperson of the committee in each house that considers appropriations and the Chairperson of the Joint Legislative Budget Committee of this action.

(b) To the extent that moneys in the State Highway Account are reduced pursuant to this provision, the Department of Transportation may transfer, with the approval of the Business, Transportation and Housing Agency, and upon authorization by the Director of Finance, all or part of the savings to Item 2660-101-0042 or Item 2660-301-0042 for local assistance or capital outlay projects approved by the California Transportation Commission. The Director of Finance shall authorize the transfer not sooner than 30 days after notification in writing to the chairperson of the committee in each house that considers ap-
propriations and the Chairperson of the Joint Legislative Budget Committee.

4. Notwithstanding any other provision of law, funding appropriated in this item may be transferred to Item 2660-005-0042 to pay for any necessary insurance, debt service, and other financing related expenditures for department-owned office buildings. Any transfer will require the prior approval of the Department of Finance.

5. Notwithstanding any other provision of law, funds appropriated in Schedules (1) to (10), inclusive, in this item may be transferred to Item 2660-002-0608 for increases in equipment services costs, provided that the increase does not increase the overall appropriation authority for the Department of Transportation and no funding appropriated in Schedules (1) to (10), inclusive, is augmented. Any transfer will require the prior approval of the Department of Finance.

6. Of the funds appropriated in Schedule (2), $19,502,000 shall be used for state positions to perform technical oversight and invoice review of contracted architectural and engineering services that are managed by districts, and shall be available for expenditure on a prorated basis to correspond to actual contract expenditures for this purpose.

7. The funds appropriated in Schedule (2) for external consultant and professional services related to project delivery (also known as 232 contracts) that are unencumbered or encumbered but unexpended related to work that will not be performed during the fiscal year shall revert to the fund from which they were appropriated.

8. Notwithstanding any other provision of law, funds appropriated in this item may be supplemented with federal funding appropriation authority and with prior fiscal year State Highway Account appropriation balances at a level determined by the department as required to process claims utilizing federal advance construction through the Plan of Financial Adjustment process pursuant to Sections 11251 and 16365 of the Government Code.

9. This item includes $3,127,000 to fund 16 new positions to establish the Program and Project Management Division. Four positions shall also be re-

10. This item includes $400,000 to fund four new positions to establish a cash monitoring and management program. The Department of Transportation shall track the workload of these new positions and report to the Legislature by December 1, 2004, with a comparative analysis of this request and activities performed.

11. The Legislature recognizes that the Department of Transportation’s capital outlay support workload projections based on the 2002 State Transportation Improvement Program adopted by the California Transportation Commission indicate a workload decline through June 30, 2007. It is the intent of the Legislature that the Department of Transportation develop a multi-year plan to be updated annually to manage capital outlay support resources that does not result in the layoff of state employees. At a minimum, the plan should include historical attrition rates of state employees and contract out resources required for specialty project delivery services. The plan shall be provided to the Legislature annually with the May Revision.

12. To the extent that capital outlay support positions are eliminated through Section 31.60 of this act or Section 12439 of the Government Code, the Director of Finance may authorize the associated personal services and operating expense dollars appropriated in Schedule (2) to be used to administratively manage capital outlay support resources to meet workload demand, upon 30-day advance notification to the Joint Legislative Budget Committee.

Provisions:
1. The State Public Works Board may issue lease-revenue bonds, notes, or bond anticipation notes
pursuant to Chapter 5 (commencing with Section 15830) of Part 10b of Division 3 of Title 2 of the Government Code to finance the acquisition, design, and construction of the projects authorized by this item.

2. The State Public Works Board and the Department of Forestry and Fire Protection may obtain interim financing for the project costs authorized in this item from any appropriate source including, but not limited to, the Pooled Money Investment Account pursuant to Sections 16312 and 16313 of the Government Code.

3. The State Public Works Board may authorize the augmentation of the cost of construction of the project scheduled in this item pursuant to the board’s authority under Section 13332.11 of the Government Code. In addition, the State Public Works Board may authorize any additional amount necessary to establish a reasonable construction reserve and to pay the cost of financing including the payment of interest during construction of the project, the costs of financing a debt service fund, and the cost of issuance of permanent financing for the project. This additional amount may include interest payable on any interim financing obtained.

4. Notwithstanding Section 2.00 of the Budget Act, the funds appropriated by Schedule 2, 8, 9, 13, 18, 19 and 20 of this item shall be available for expenditure during the 2002–2003 fiscal year, except appropriations for working drawings which shall be available for expenditure until June 30, 2004 and appropriations for construction which shall be available for expenditure until June 30, 2007. In addition, the balance of funds appropriated for construction by Schedule 2, 8, 9, 13, 18, 19 and 20 that have not been allocated, through fund transfer or approval to bid, by the Department of Finance on or before June 30, 2005, shall revert as of that date to the fund from which the appropriation was made.

5. This department is authorized and directed to execute and deliver any and all leases, contracts, agreements or other documents necessary or advisable to consummate the sale of bonds or otherwise effectuate the financing of the scheduled projects.
6. The State Public Works Board shall not be deemed a lead or responsible agency for purposes of the California Environmental Quality Act (commencing with Section 21000 of the Public Resources Code) for any activities under the State Building Construction Act of 1955 (commencing with Section 15800 of the Government Code). This section does not exempt this department from the requirements of the California Environmental Quality Act. This section is intended to be declarative of existing law.

7. Preliminary plans for Schedules (2), (9), (18), and (19) of this item are not yet complete. Due to the consistent design and components of forest fire stations, and to facilitate the use of the Public Buildings Construction Fund and related interim financing from the Pooled Money Investment Account, these projects are authorized to the extent the scope and cost for Schedules (2), (9), (18), and (19) remain consistent with Department of General Services capital outlay budget packages B1CDF98, B2CDF109, B1CDF102, and B2CDF103, respectively. Nothing in this provision shall be construed to limit the Public Works Board’s authority pursuant to Section 13332.11 of the Government Code.

8. The funds appropriated pursuant to Item 3540-301-0660, Budget Act of 2001 (Ch. 106, Stats. 2001), Schedule (6), and the funds appropriated for the Hemet-Ryan Air Attack Base: Replace Facility Project in this item, represent 100 percent of the state’s share of acquisition and construction costs for this project. Notwithstanding Section 15815 of the Government Code or any other provision of law, the Department of Forestry and Fire Protection, with the approval of the State Public Works Board, may contract with the March Joint Powers Redevelopment Agency to cause and manage the construction of the project. The Department of Forestry and Fire Protection may transfer construction funds to the March Joint Powers Redevelopment Agency to cause and manage the construction of this project. The Department of General Services or the Department of Forestry and Fire Protection shall provide oversight of the project, which shall be subject to the review of the State Public Works Board and the
requirement of authorization to proceed to bid by the Department of Finance. As part of this project the Department of General Services is authorized to enter into and purchase a long-term ground lease not to exceed 99 years.

The special fund fees of DHS that are subject to the annual fee adjustment pursuant to subdivision (a) of Section 100425 of the Health and Safety Code may be in-

7. Of the amount appropriated in this item, $200,000 shall be used to fund positions to expand the Program for All-Inclusive Care (PACE). The Legislature’s intent for expanding this program is to increase community-based services and to address

These systems should also provide feedback to staff and administrators to help improve services. Outcomes should include both employment and problem resolution for parents and children. The CalWORKs project shall provide technical assistance to each county and the department shall write a report summarizing the results of the project to be submitted to the Legislature by March 2004.

6. Of the amount appropriated in this item, $120,813,000 shall be provided to counties to fund additional child welfare service activities and shall be allocated based on child welfare services caseload and county unit costs. The department shall reallocate any funds that counties choose not to accept under this provision, to other counties based on the allocation formula specified in this provision.

The department, in collaboration with the County Welfare Directors Association and representatives from labor groups representing social workers, shall develop the definition of full utilization of the CWS/CMS, the method for measuring full utilization, the process for the state and counties to work together to move counties toward full utilization, and measurements of progress toward full utilization.

9. The Department of Finance may authorize the establishment of positions and transfer of amounts from this item to Item 5180-001-0001, in order to allow the state to perform the adoptions function in the event that a county notifies the Department of Social Services that it intends to cease performing that function.

11. Provisions:
1. (a) $22,200,000 of the amount in Schedule (3) of this item is for the annualization of the quarter-year expansion funding provided in Chapter 1 of the Statutes of 2002, Third Extraordinary Session for the Before and After School Learning and Safe Neighborhoods Partnerships Program.

   (aa) Of the amount appropriated in Schedule (3) of this item, no less than $4,055,000 is for expansion of the Before and After School Learning and Safe Neighborhoods Partnerships Program. Notwithstanding any other provision of law, the priority for these funds shall be new middle schools where at least 50 percent of students are eligible for free or reduced-cost meals through the school lunch program of the United States Department of Agriculture. If there is insufficient need in the middle schools, elementary schools would then be eligible for these funds. The department shall issue a Request for Applications in order to determine the most qualified recipients of the funds in this item. Any applicant that applied in the most recent funding cycle and was determined to be qualified but was not funded may not be required to submit a new application in order to be considered for funding in this item.

2. Notwithstanding Section 8278 of the Education Code, funds available for expenditure pursuant to Section 8278 of the Education Code shall be expended in the 2002–03 fiscal year pursuant to the following schedule:
   (a) $6,000,000 or whatever lesser or greater amount is necessary for accounts payable pursuant to paragraph (1) of subdivision (b) of Section 8278 of the Education Code.
   (b) $59,933,000 shall be available for CalWORKs child care, of which $55,733,000 shall be available for Stage 2 and $4,200,000 shall be available for Stage 3.
   (c) $1,000,000 to continue the Family Child Care At Its Best training project, which, through an
interagency agreement with the University of California at Davis Extension Program, provides child development training to licensed family child care home providers to enhance the quality and safety of licensed family child care homes.

(d) $1,000,000 for the Home Instruction Program for Preschool Youngsters (HIPPY) to be distributed pursuant to legislation approved in the 2002 Legislative Session, or in absence of legislation, to be distributed to districts as specified herein, contingent upon a written agreement with the California HIPPY State Office by October 1, 2002, to provide evaluation, training, and technical assistance to local districts implementing HIPPY programs according to the HIPPY statewide capacity building design. The agreement shall specify implementation goals including starting date and participation levels as agreed to by both parties. In the event that a school district or county office of education does not substantially meet the implementation requirements specified in the written agreement by February 1, 2003, its share may be redistributed as determined by the Superintendent of Public Instruction and the California HIPPY State Office with the approval of the Department of Finance through notification of the Legislature through the Section 28.00 notification process. Absent legislation approved in the 2002 Legislative Session, which specifies an alternative distribution process, funds shall be allocated under this provision as follows: (1) Los Angeles Unified School District ($100,000), (2) Los Angeles County Office of Education ($100,000), (3) Santee School District ($115,000), (4) San Diego Unified School District ($340,000), (5) Contra Costa County Office of Education ($75,000), (6) San Francisco Unified School District ($100,000), (7) Santa Barbara Unified School District ($85,000), and (8) Stanislaus County Office of Education ($85,000).

(e) Of the remaining funds available after meeting the requirements in (a) and (b) of this provision, $1,732,000 shall be allocated for in-
structional materials and equipment for center-based programs and to improve resource lending libraries in resource and referral programs, and up to $10,000,000 shall be allocated for facilities renovation and repair contracts necessary to meet health and safety standards and to comply with the federal Americans with Disabilities Act of 1990. Additional amounts that become available pursuant to Section 8278 beyond those specified herein, shall be used to fund Stage 3 Setaside costs if those costs exceed the amount specified in Schedule (2)(f).

(f) The Controller shall establish an account entitled Section 8278 Expenditures in 2000 in 6110-196-0001, Program 30.10.060. Any unexpended General Fund balances as of June 30, 2002, or subsequent abatements, from those amounts listed in Schedules (1), (2)(a), (2)(b), (2)(c), (2)(d), (2)(g), (2)(h), (2)(i), (2)(j), (2)(k), (2)(l) and (2)(m) of this item, that are available pursuant to Section 8278 of the Education Code, shall be transferred to the account for the purpose of making expenditures pursuant to that section and as specified in this provision.

3. The State Department of Education shall report to the Joint Legislative Budget Committee and the Department of Finance, by March 31, 2003, the amount of child development funds, by program, that have been determined after audit to be unearned. The report shall include the settlement of claims payable by program from unearned contract fund balances. This provision includes both Federal Fund and General Fund contracts.

4. (a) Notwithstanding any other provision of law, alternative payment child care systems shall be subject to the rates established in the Regional Market Rate Survey of California child care and development providers for provider payments. The 2002–03 fiscal year regional market rates for child care provider payments that apply to all child care provided by Alternative Payment Programs and CalWORKs child care shall be the rates in effect as of July 1, 2001. The State Department of Education and the State Department of Social Ser-
services, in consultation with the Department of Finance and the Legislative Analyst, shall develop a new survey methodology to be employed by future market rate surveys. The State Department of Education shall utilize a federal fund contract awarded on a competitive basis to conduct a market rate survey during the 2002–03 fiscal year.

(b) The family copayment schedule for child care and development programs shall conform to all Education Code Provisions that may be implemented through legislation approved in the 2002 Legislative Session and shall first be approved by the Department of Finance in accordance with law. When approved, it shall be utilized by the State Department of Education, the Community Colleges, and the Department of Social Services where applicable.

5. The funds appropriated in this item for campus child care tax bailout shall be allocated by the State Department of Education based on a schedule provided by the Chancellor of the California Community Colleges. The chancellor shall schedule the allocation of these funds to community college districts that levied child care permissive override taxes in the 1977–78 fiscal year pursuant to Sections 8329 and 8330 of the Education Code in an amount equal to the property tax revenues, tax relief subventions, and state aid required to be made available by the district to its child care and development program for the 1979–80 fiscal year pursuant to Section 30 of Chapter 1035 of the Statutes of 1979, increased by any cost-of-living increases granted in subsequent fiscal years. These funds shall be used only for the purpose of community college child care and development programs.

6. Notwithstanding any provision of law to the contrary, higher educational institutions may establish and maintain child development programs on or near their respective campuses with priority for services given to children of students of that campus. Those higher educational institutions under contract with the State Department of Education for child care and development services shall be subject to the rules and regulations adopted by the Superintendent of Public Instruction except where
those rules and regulations differ with respect to the conditions specified for the community colleges in Provision 11 of Item 6870-101-0001.

7. Funds in Schedule (2), along with funds allocated pursuant to Provision 2(b) of this item, shall be reserved for activities to improve the quality and availability of child care, pursuant to the following:
   (a) $2,116,000 is for the schoolage care and resource and referral earmark.
   (b) $11,933,000 is for the infant and toddler earmark and shall be used for increasing the supply of quality child care for infants and toddlers. Notwithstanding any other provision of law, expenditure plans and contract provisions for awarding these funds shall give high, but not exclusive, priority to the development of new family day care home providers, especially those who offer care during nontraditional hours such as weekends, evenings, and nights and who offer care for special needs children.
   (c) $1,500,000 is for the five-year regional resource centers program initiated in the Budget Act of 1999 (Ch. 50, Stats. 1999) to develop capacity in underserved areas.
   (d) From the remaining funds, the following amounts shall be allocated for the following purposes: $4,000,000 to train former CalWORKs recipients as child care teachers; $9,804,000 in one-time funding available through 2004–05 for the primary purpose of outreach to all exempt providers for the purposes of providing training in prekindergarten learning and development guidelines developed pursuant to Section 8203.3 of the Education Code and health and safety training to be allocated after a plan has been approved by the Department of Finance; secondly, to augment funding for expanded Trustline registration workload for exempt family members as determined to be necessary in conjunction with the Department of Social Services; and lastly for development of a certification process to qualify exempt providers for incentives to improve developmental outcomes for the children that they serve; $2,700,000 for
contracting with the Department of Social Services for increased inspections of child care facilities; $1,000,000 for Trustline registration workload (Ch. 3.35 (commencing with Sec. 1596.60), Div. 2, H. & S.C.); $500,000 for health and safety training for licensed and exempt child care providers; $320,000 for the Child Development Training Consortium; $300,000 for the Health Hotline; and $300,000 to implement a technical assistance program to child care providers in accessing financing for renovation, expansion, and/or construction of child care facilities.

(e) The State Department of Education shall allocate $425,000 to preschool education projects including, but not limited to, those operated by the public television stations in Redding, Sacramento, San Francisco, San Jose, Los Angeles, Fresno, and San Diego. Of this amount, the department shall allocate up to $320,000 to public television stations in Redding, Sacramento, San Francisco, San Jose, and Los Angeles, based upon the satisfaction by the projects operated by the public television stations in each of those cities of all of the following criteria: (1) the 30-percent minimum match; (2) a plan that identifies the providers to be trained; (3) number of trainers to be trained; (4) the quality of the training offered; (5) linkages to the child care community; and (6) cost-effectiveness. The balance of the $425,000 identified in this subdivision shall be made available to support projects in Fresno and San Diego, based upon the determination by the State Department of Education of the satisfaction by the projects operated by the public television station in each of those cities of the criteria set forth in (1) to (6), inclusive, of this subdivision. As a condition of receiving funds as described in this subdivision in the 2002–03 fiscal year, each grantee that received funds in the 2001–02 fiscal year shall complete and submit to the State Department of Education, no later than March 1, 2003, an evaluation of the effectiveness of the project operated by the grantee in
improving the quality of child care provided in the affected community.

(f) $30,000 shall be made available for a preschool public television project in Eureka.

(g) As required by federal law, the State Department of Education shall develop an expenditure plan that sets forth the final priorities and the reasons therefor if the final priorities are different from those approved in response to the reporting requirement contained in Provision 7(g) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 2001 (Ch. 106, Stats. 2001). This plan shall be submitted to the Department of Finance by September 1, 2002, and funds shall not be encumbered prior to approval of the plan by the Department of Finance. The State Department of Education shall coordinate with the Department of Social Services, the California Children and Families State Commission, and other applicable entities to identify annual statewide expenditures for quality enhancements which qualify for meeting federal requirements, and shall reference these expenditures in its biennial federal quality plans or any subsequent amendments.

(h) The State Department of Education shall establish expenditure priorities for the 2003–04 fiscal year that set forth the proposed state and local activities to improve child care, including the reasons therefore, to be undertaken in the 2003–04 fiscal year. This plan shall be submitted in a format developed in consultation with the Department of Finance and shall be submitted to the Department of Finance and to the fiscal committees of both houses at least 30 days prior to the commencement of public hearings on the proposed plan and no later than March 1, 2003.

(i) $15,000,000 from the General Fund shall be for child care worker recruitment and retention programs as specified by Chapter 547, Statutes of 2000.

8. (a) If the federal funds available pursuant to Provision 10 of Item 6110-196-0001 of Section 2.00 of the Budget Act of 1997 (Ch. 282, Stats. 1997) have not been transferred to Item
6110-001-0001 of Section 2.00 of this act by June 30, 2002, those funds shall be available in the 2002–03 fiscal year for (a) interim data reporting as approved by the Department of Finance, and, (b) for the same purposes and subject to the same conditions, including FSR development, and reporting requirements otherwise applicable to Item 6110-196-0001 and Item 6110-001-0890 of Section 2.00 of the Budget Act of 1997 (Ch. 282, Stats. 1997).

(b) No later than August 31, 2001, the State Department of Education (SDE) shall convene a data collection task force composed of representatives of the SDE, the Legislative Analyst, the chairs and vice chairs of the appropriate fiscal and policy committees of the Legislature, the Department of Social Services, the Senate Office of Research, the Joint Legislative Audit Committee, the Department of Finance, child care providers, and other stakeholders as defined by the task force. The task force shall advise the SDE on the implementation of the interim data collection system and development and implementation of the long-term data collection system. The task force members shall provide advice concerning any associated feasibility study reports and requests for proposals, assist the SDE in designing systems that generate policy-relevant information, establish timelines for project completion, and monitor progress toward project completion. Any company or individual who participates in the task force or in an advisory capacity to the task force shall not be eligible to bid for the development of the system. In the development of this system, the SDE shall contract for a risk assessment of the project. The SDE shall provide copies of any status reports it is required to send to the United States Department of Health and Human Services, as well as any feasibility study reports and requests for proposals, to each of the task force participants. If the interim system and long-term system are not fully discussed in those reports, the SDE shall provide supplementary reports to the members of the task force on October 1, 2001, and
March 1, 2002, regarding progress toward completion of the projects. It is the intent of the Legislature that the SDE take all necessary steps to comply with federal reporting requirements in a timely fashion.

(c) The State Department of Education shall, to the extent practicable as recommended by the Legislative Analyst’s office and the Department of Finance, and in collaboration with the Data Collection Task Force, ensure that any long-term data collection system adopted by the department is able to collect the data specified by Provision 8(c)(6) of Item 6110-196-0001 of the Budget Act of 2000 (Ch. 52, Stats. 2000).

(d) For purposes of ensuring adequate data for policy consideration, management of the current year budget, and development of the child care budget for the 2003–04 fiscal year, with special emphasis on CalWORKs caseload driven programs, it is the intent of the Legislature that the SDE utilize funds made available pursuant to subdivision (a) above for interim data collection to finance any surveys or sampling activities needed to augment state staff capabilities in meeting requirements specified herein and as clarified or amended by the Department of Finance. It is legislative intent that the SDE expedite any contracting necessary to fulfill the data requirements of this subdivision. It is recognized that the CalWORKs child care programs present unique challenges requiring the cooperation of the two implementing state agencies with the Department of Finance to annually determine a budgetary plan and to determine any midyear adjustments which may be advisable. Therefore, the following requirements shall apply:

1. The State Department of Education shall maintain an improved allocation, contracting, and reimbursement system for CalWORKs Stage 2 and Stage 3 Setaside funding to ensure funds are distributed in proportion to statewide needs. These needs shall recognize attrition experience and family fees collected at the local level.
which shall be counted toward the funding available to meet those needs. The department shall conduct monthly analyses of caseloads and expenditures and adjust agency contract maximum reimbursement amounts and allocations as necessary to ensure funds are distributed proportional to need. The department shall share monthly caseload analyses with the Department of Social Services.

(2) The department shall provide quarterly reports on the sufficiency of funding for Stage 2 and Stage 3 Setaside to the Department of Finance, the Department of Social Services (DSS), and the Legislative Analyst’s Office. The department shall provide caseloads, expenditures, allocations, unit costs, family fees, and other key variables and assumptions used in determining the sufficiency of state allocations. Detailed backup by month and on a county-by-county basis shall be provided to the DSS at least on a quarterly basis for comparisons with Stage 1 trends.

(3) Any request from the child care reserve shall be based on the information and analyses pursuant to the preceding paragraphs and shall be made jointly and coordinated with the DSS to eliminate duplication. In order to facilitate coordination, detailed backup by month and on a county-by-county basis, if different from quarterly data provided pursuant to the previous paragraph, shall be provided to the DSS to facilitate its analyses and comparison of overall CalWORKs caseloads and related child care needs.

(4) By September 15, 2002, and March 15, 2003, the department shall ensure that detailed caseload and expenditure data, through the most recent period for Stage 2 and Stage 3 Setaside along with all relevant assumptions, is provided to DSS to facilitate budget development and the May Revision, respectively. The detailed
data provided shall include actual and projected monthly caseload from Stage 2 scheduled to time off of their transitional child care benefit from the last actual month reported by agencies through the 2004–05 fiscal year as well as local attrition experience. DSS shall utilize data provided by the State Department of Education (SDE), including key variables from the prior fiscal year and the first two months of the 2002–03 fiscal year, to provide coordinated estimates in November 2002 for each of the three stages of care for preparation of the 2003–04 Governor’s Budget, and shall utilize data from the first two quarters of the 2002–03 fiscal year for preparation of the 2003 May Revision. DSS shall share its assumptions and methodology with SDE in the preparation of the 2003–04 Governor’s Budget.

(5) As deemed necessary by the department for counties where there is more than one Alternative Payment Program participating in CalWORKs child care programs, county welfare departments shall participate jointly with the Alternative Payment Programs, as applicable, to jointly determine the amount of funds initially distributed to each Alternative Payment Program. However, the State Department of Education may adjust these allocations at any time for providers deemed by the State Department of Education to be on conditional status and shall adjust the allocations as necessary to ensure a distribution of funding proportional to each alternative payment provider’s documented need pursuant to the analysis specified in this provision.

(6) Upon request by the Department of Finance, the State Department of Education shall determine, through survey or mandatory reporting, and through use of consultant services as necessary, requested information (such as selected updates of
data collected pursuant to Provision 8(c)(6) of the Budget Act of 2000 (Ch. 52, Stats. 2000)) which shall be provided to the Department of Finance for use in 2003–04 budget development.

(e) The State Department of Education (SDE) and the State Department of Social Services (DSS) in consultation with the Department of Finance shall administer a survey of current child care practices and trends to update and adjust the information provided pursuant to Provision 8(c)(6) of Item 6110-196-0001 of the 2000 Budget Act (Ch. 52, Stats. 2000). A new survey tool, along with the data collection methodology and target populations, shall be developed by SDE and DSS, in consultation with the Legislative Analyst, and shall be approved by the Department of Finance. SDE and DSS shall jointly complete the administration of the survey and the collection of the results. By October 30, 2002, SDE and DSS shall make available to the Directors of DSS and the Department of Finance and the Legislative Analyst the complete data files to be used for analysis of child care policy. The costs of administering the survey, collecting survey data, and preparing an accurate data file shall be funded from funds set aside for interim data collection in Provision 8(a) of this item.

9. (a) The Department of Finance is authorized to augment the appropriation in this item for CalWORKs Stage 3 Setaside funding upon demonstration by the State Department of Education that additional funding is necessary to serve the caseload specified in Provision 9(b). The Department of Finance shall provide written notification to the chairperson of the fiscal committees of each house of the Legislature and the Chairperson of the Joint Legislative Budget Committee at the time such augmentation is approved.

(b) Notwithstanding any other provision of law, the funds in Schedule (2)(f) for Stage 3 Setaside are reserved exclusively for continuing
child care through June 30, 2003 for: (1) former CalWORKs families who are working, have left cash aid and have exhausted their two-year eligibility for transitional services in either Stage 1 or 2 pursuant to subdivision (c) of Section 8351 or Section 8353 of the Education Code, respectively, but still meet eligibility requirements for receipt of subsidized child care services; and (2) families who received lump-sum diversion payments or diversion services under Section 11266.5 of the Welfare and Institutions Code and have spent two years in Stage 2 off of cash aid, but still meet eligibility requirements for receipt of subsidized child care services.

10. Nonfederal funds appropriated by this item which have been budgeted to meet the state’s Temporary Assistance for Needy Families maintenance-of-effort requirement established pursuant to the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193) may not be expended in any way that would cause their disqualification as a federally allowable maintenance-of-effort expenditure.

11. In recognition of the economies of scale that occur as contract amounts have been multiplied since 1996–97, it is the intent of the Legislature that administrative and support services allowances for alternative payment contractors be limited to no more than 25 percent of the direct cost-of-care payments to child care providers. Therefore, notwithstanding any other provision of law or regulation, the State Department of Education shall ensure that contract provisions conform to this intent for Alternative Payment Program, Stage 2, and Stage 3 Setaside child care contracts funded through Schedules (2)(d), (2)(e) and (2)(f) of this item.

12. Notwithstanding Section 26.00 of this act, the funds appropriated in Schedule (4) of this item, for child development cost-of-living adjustments, is for transfer to Schedules (1), (2)(a), (2)(b), (2)(c), (2)(d), (2)(g), (2)(h), (2)(i), (2)(j), and (2)(m) within this item. However, COLA for Schedules (2)(a) and (2)(d), General Child Care

and Alternative Payment Program, shall be based upon the 2001–02 base rate and shall be limited to $12,089,000 and $4,164,000, respectively. Upon application of the 2002–03 COLA, the maximum standard reimbursement rate shall not exceed $28.14 per day for General Child Care programs and $17.96 per day for State Preschool. Furthermore, the Community College Match, the Migrant Child Care, and the CalSAFE Child Care programs shall adhere to the maximum standard reimbursement rates as prescribed for the General Child Care programs. All other rates and adjustment factors shall be revised to conform.

14. Of the funds in Schedule (2)(c) of this item, up to $5,000,000 may be used to establish or continue a pilot Migrant Alternative Payment Network Program for central valley counties. This program shall comply with the requirements approved pursuant to Provision 18 of Item 6110-196-0001 of Section 2.00 of the Budget Act of 1998 (Ch. 324, Stats. 1998).

15. Notwithstanding any other provision of law, it is the intent of the Legislature that unearned contract amounts from General Funds or Federal Funds appropriated for CalWORKs Stage 2 and Stage 3 Setaside in any prior year be used to offset direct service costs in CalWORKs Stage 2 child care in the 2000–01 fiscal year and each year thereafter. Therefore, in order to account for these funds in determining the budget, the Department of Education shall disencumber any amounts in excess of a three-percent reserve of the original contract amount for each unaudited contract and shall provide a report by September 1, 2002, and April 1, 2003 of the available balances to the Department of Finance. The Department of Education shall ensure child care audits are closed out in a timely fashion to ensure savings are available in the fiscal year budget following initial appropriation.

This amount may be increased by transfer from the CalWORKs child care reserve pursuant to Item 5180-401 of this act, except that funds shall not be first transferred to the Child Care Development Block Grant if those transfers result in an increase to the federal quality requirements beyond the level currently budgeted for quality activities.

2. Of the funds appropriated by this item, $27,000 is for the purpose of making adjustments for increases in average daily attendance at a rate of 1.37 percent. If growth funds are insufficient, the State Department of Education may adjust the per-pupil growth rates to conform to available funds. 6110-197-0890—For local assistance, Department of Education, payable from the Federal Trust Fund, 21st Century Community Learning Centers............... 40,867,000

Schedule:
(1) 30.10.080-Special Program, Child Development, 21st Century Community Learning Centers............ 40,867,000

Provisions:
1. It is the intent of the Legislature that the 21st Century Community Learning Centers complement the existing Before and After School Learning and Safe Neighborhoods Partnerships Program pursuant to Article 22.5 (commencing with Section 8482.5) of Chapter 2 of Part 6 of Division 1 of the Education Code utilizing the existing per pupil rates and grant caps specified in that article and provide the local flexibility needed to implement this federal program through direct grants as specified herein.

2. Of the funds appropriated in this item, funds shall only be available for expenditure in the amounts specified and for the purposes identified herein:
   (a) $1,000,000 shall be available to the State Department of Education for purposes of providing technical assistance, evaluation and training services, as the department shall determine necessary.
   (b) Up to $3,500,000 shall be available for direct grants for programs serving middle and elementary school pupils for providing equitable access to and participation in programs according to needs determined by the local community. These direct grants shall be in ac-
cordance with the federal 21st Century Community Learning Centers Program requirements as determined by the department. No direct grant shall exceed $25,000 per schoolsite per year. Consistent with the local partnership approach inherent in the intent of Article 22.5 (commencing with Section 8482.5) of Chapter 2 of Part 6 of Division 1 of the Education Code; these direct grants are intended to provide additional assistance to programs, and not necessarily to fund the full anticipated costs of these services. In determining fiscal hardship, these grants shall be based on a needs assessment and determination that existing resources are not available to meet these needs, including, but not limited to, a description of how the needs, strengths, and resources of the community have been assessed; what resources are currently available; and why there may be a need for additional resources for that purpose. To be eligible to receive these funds; the designated public agency representative for the applicant shall be required to certify that an annual fiscal audit will be conducted and adequate; accurate records will be kept. In addition, an assurance that the funds were expended only for those services and supports for which they were granted will be required. Award of these direct grants shall be based on a justification for specific uses. Annual budget reports shall be required and the department shall have the authority to withhold funds in subsequent years if direct grant funds are expended for purposes other than as awarded.

(c) Up to $1,000,000 shall be available for direct grants of up to $20,000 per schoolsite per year for providing family literacy services only to those schoolsites that identify such a need for families of 21st Century Community Learning Center Program students and that demonstrate a fiscal hardship by certifying that existing resources such as, but not limited to, Proposition 227, adult education, community college, and Even Start are not available or are
not sufficient to serve these families. An assurance that the funds were expended only for those services and supports for which they were granted will be required.

(d) Of the remaining funds appropriated in this item, $2,500,000 shall be allocated on a priority basis for grants to programs serving high school pupils; and the remainder shall be allocated on a priority basis for programs for middle and elementary school pupils.

(e) Grant awards are restricted to only those applications that propose to primarily serve pupils that attend schools that are identified as Title I schoolwide programs. Competitive priority shall be given to applications that propose to serve children and youth in schools designated in need of improvement under Section 1116 of Part A of Title I of the No Child Left Behind Act of 2001 (P.L. 107-110) and that are jointly submitted by school districts and community-based organizations. Applications to serve students in programs that have received grants under Article 22.5 (commencing with Section 8482.5) of Chapter 2 of Part 6 of Division 1 of the Education Code shall be funded only when proposing to expand in additional schools or to add students to a currently funded school site.

(f) Core funding grants for programs serving middle and elementary school pupils in before and after school programs shall conform to the per pupil rates and grant caps established in Article 22.5 (commencing with Section 8482.5) of Chapter 2 of Part 6 of Division 1 of the Education Code for similar state-funded programs. Funding for each grant will be allocated in annual increments for a period not exceeding five years. First year grant award of core funding will be fully earned through at least 70 percent of the proposed pupil attendance. Second year core funding will be fully earned through at least 85 percent of the proposed pupil attendance. Subsequent years core funding shall be earned through 100 percent pupil attendance. Each grantee shall be required to identify the federal, state, and local
programs that will be combined or coordinated with the proposed program for the most effective use of public resources and to describe a plan for continuing the program beyond federal grant funding. Grantees shall be required to submit annual attendance data and results to facilitate evaluation and compliance with provisions established by the department. Programs receiving grants under this item are not assured of grant renewal from future state or federal funding at the conclusion of the grant period.

(g) A total annual grant award for core funding and direct grants serving a middle or elementary school site shall be no less than $50,000 per year consistent with federal requirements.

(h) Grants for programs serving high school pupils at schoolsites or sites of other organizations, as determined eligible by the State Department of Education and consistent with the provisions of the 21st Century Community Learning Centers Program, shall be available as an annual minimum grant of $50,000 per year. Grant funding above the minimum shall be determined in proportion to the average daily attendance of the high school program site or sites to be served and other factors such as, but not limited to, proposed attendance and effective use of resources as determined by the department up to $250,000 per year for five years. A grantee that establishes a high school program pursuant to this subdivision will be subject to annual reporting and recertification as required by the department. After the second year the department shall reduce funding of programs in which actual attendance is significantly below targeted attendance levels. An evaluation of the program funded pursuant to this subdivision shall be submitted 180 days after the completion of the second year of the program. The department shall provide the results of that evaluation and work with the Legislature, the Department of Finance, program providers, and other stakeholders to adopt or restructure a high school after school program for Califor-
nia that is both programmatically and fiscally sound. Grantees will be eligible for fourth and fifth year funding consistent with the restructured requirements. Each grantee shall be required to identify the federal, state, and local programs that will be combined or coordinated with the proposed program for the most effective use of public resources and to describe a plan for continuing the program beyond federal grant funding. Grantees shall be required to submit annual attendance data results to facilitate evaluation and compliance with provisions established by the department. Programs receiving grants under this item are not assured of grant renewal from future state or federal funding at the conclusion of the grant period.

(i) Earned but unexpended funds may be carried forward to subsequent years consistent with federal requirements. In year one, the full grant may be retained.

(j) The provisions of this item shall become inoperative in the event federal funds are not made available for this purpose. It is the intent of the Legislature that the provisions of this item not be considered a precedent for General Fund augmentation of either this state-administered, federally funded program or any state-funded before or after school program.

It is further the intent of the Legislature that priority be given to campus programs that, to the extent possible, will meet the requirements of federal funds for improving schools identified as low-performing pursuant to state and federal law. The university shall include in its March 2003 report to the Legislature an explanation of actions taken to comply with this provision as well as the basis upon which continuation of existing long-term programs was determined.
(3) $2,316,000 is provided for pupil academic development programs and K–12 partnership programs in the Central Valley. (b) $7,000,000 is provided for services to community college students to promote transfer, particularly among community colleges with historically low transfer rates or a large proportion of disadvantaged students. Of this total, $2,500,000 is provided for the Dual Admission Program to increase the number of UC advisers on targeted community college campuses, and promote other recruitment efforts aimed at increasing the diversity of the pool of students who transfer from community colleges to the University of California. None of the funds provided for the Dual Admission Program may be encumbered until the University of California provides a list of targeted community colleges to the Joint Legislative Budget Committee and the Joint Legislative Budget Committee approves the list. The report should also include a list of benchmarks on which data is being collected, the studies that have been funded, and a description of data being collected at the campus level that is not routinely provided in the annual outreach report. This report should be submitted to the Legislature by December 1, 2002.

Funding provided in this subdivision shall be provided to campuses contingent on the elimination of the two-tiered admission system and the establishment of a unitary admissions review process.

(hh) $1,000,000 is provided for student-initiated, student-run outreach activities focused on recruitment and mentorships aimed at high school students. It is the intent of the Legislature that funding provided in this subdivision subsection for student-initiated, student-run outreach activities shall be distributed proportionally to the general campuses based on campus enrollment.

(b) The service provided under the contract does not result in the displacement of any represented civil service employee.

(c) The rate of compensation for salary and health benefits for the person providing service under the contract does not exceed by more than 10 percent the current rate of compensation for salary and health benefits determined by the Department of Personnel Administration for civil service personnel in a comparable position. The payment of any other compensation or any reimbursement for travel or per diem expenses shall be in accordance with the State Administrative Manual and the rules and regulations of the Department of Personnel Administration.

Provisions:
1. The funds appropriated in Schedules (1), (2), (3), (4), (5), (6), (8), (10), (11), (12), (13a), (14), (15), (16), (17), (18), (22), and (25) are for transfer by
   the Controller during the 2002–03 fiscal year to
   Section B of the State School Fund.
2. Of the funds appropriated in Schedule (1), Appor-
   tionments, up to $100,000 is for a maintenance al-
   lowance, pursuant to regulations adopted by the
   board of governors. Up to $500,000 is to reim-
   burse colleges for the costs of federal aid repay-
   ments related to assessed fees for fee waiver re-
   cipients. This reimbursement only applies to
   students who completely withdraw from college
   before the census date.
3. Notwithstanding any other provision of law,
   $27,823,000 of the funds appropriated in Sched-
   ule (2), is for allocation to community college dis-
   tricts in the 2002–03 fiscal year for the purposes
   of funding FTES in courses in basic skills, includ-
   ing English-as-a-second-language courses and
   workforce preparation courses for newly legal-
   ized immigrants, to the extent the total FTES
   claimed by a district for the 2002–03 fiscal year
   exceeds the level of total FTES funded for that
   district in the 2002–03 fiscal year. The Chancellor
   of the California Community Colleges shall de-
   velop criteria for allocating these funds.
4. (a) Of the amount appropriated in Schedule (2),
   up to $12,729,000 shall be available as nec-
   essary upon certification by the Chancellor of
   the California Community Colleges for the
   purpose of funding community college-
   related and supplemental instruction pursuant
   to Section 3074 of the Labor Code as pro-
   vided in Section 8152 of the Education Code.
   No community college district shall use funds
   available under this provision to offer any
   new apprenticeship training program or the
   expansion of any existing program unless the
   new program or expansion has been approved
   by the chancellor.
(b) Notwithstanding Section 8152 of the Education Code, each 60-minute hour of teaching time devoted to each indentured apprentice enrolled in and attending classes of related and supplemental instruction as provided under Section 3074 of the Labor Code shall be reimbursed at the rate of four dollars and eighty-six cents ($4.86) per hour. For purposes of this provision, each hour of teaching time may include up to 10 minutes for passing time and breaks.

5. Notwithstanding any other provision of law, the funds appropriated in Schedule (3) of this item shall only be allocated for growth in FTES, on a district-by-district basis, as determined by the Chancellor of the California Community Colleges.

6. Funds provided in Schedule (4) are for the Partnership for Excellence Program established pursuant to Section 84754 of the Education Code. It is the intent of the Legislature that community college districts increase the level of instruction and student services provided to meet the system-wide goal for student transfer. The goal for the California Community Colleges is to increase the number of “transfer ready” students to provide enough applicants to increase by at least 6 percent annually the number of transfer students eligible to enroll at the University of California through the year 2005–06. The goal is also to increase the number of “transfer ready” students to provide enough eligible applicants to increase by at least 5 percent annually the number of transfer students eligible to enroll at the California State University through the year 2005–06.

In administering the provisions of Sections 66734 and 84754 of the Education Code, the chancellor shall review the capacity and readiness of each community college district to meet the needs of students desiring to transfer. From within existing resources, the chancellor shall provide technical assistance to community college districts as necessary to assure that each community college district identifies options to use its local resources most effectively for providing reasonable opportunities to transfer for students served by the district. Technical assistance shall be pro-
vided to any college with persistently low numbers or rates of transfer, with the goal that the number of transfers will increase by an average of 10 percent annually, as necessary to overcome these low numbers or rates by the 2004–05 academic year. On or before March 1, 2002, the chancellor shall provide a progress report to the Governor and the Legislature on this review and technical assistance, and, on or before April 15 of each year thereafter, shall report on progress each community college has made in increasing the number of transfers, along with campus expenditures on transfer-related activities, as part of the annual Partnership for Excellence report submitted to the Governor and the Legislature in accordance with paragraph (1) of subdivision (e) of Section 84754 of the Education Code.

7. Of the funds appropriated in Schedules (2) and (5), the funds not required for the 2002–03 fiscal year to meet the demand for the programs funded under those schedules shall be made available on a one-time basis for general apportionment under Schedule (1) of this item, provided that no transfer shall occur prior to May 15, 2003.

8. Of the funds appropriated in Schedule (6), $83,695,000 is for Extended Opportunity Programs and Services in accordance with Article 8 (commencing with Section 69640) of Chapter 2 of Part 42 of the Education Code. Of this amount $6,000,000 may only be allocated to serve 10,000 additional students over the number served in the 1999–2000 fiscal year. Funds provided in this item for Extended Opportunity Programs and Services (EOPS) shall be available to students on all campuses within the California Community College system, including those students on new campuses or in new districts. $12,370,000 is for funding, at all colleges, the Cooperative Agencies Resources for Education (CARE) program in accordance with Article 4 (commencing with Section 79150) of Chapter 9 of Part 48 of the Education Code. The board of governors shall allocate funds on a priority basis and to local programs on the basis of need for student services.

9. Of the funds appropriated in Schedule (6), at least $5,000,000 shall only be available to increase the amount of grants to students for purchasing
books. In addition, these funds shall not supplant the amount of resources used for book grants by the community colleges in Extended Opportunity Programs and Services.

10. The funds appropriated in Schedule (7) are for funding the 2002–03 costs for the Community College Teacher and Reading Development Partnerships. Grants are designed to both encourage promising students to pursue careers in teaching through development of an articulated internship program with school districts and California State University institutions and to assist elementary school pupils to develop improved reading skills. Acceptance of grants shall constitute concurrence by the district to collect and provide all information specified by the chancellor. The board of governors shall administer the program in accordance with the plan approved by the Office of the Secretary for Education.

11. (a) The funds appropriated in Schedule (8) are for local assistance for funding the excess direct instructional cost of providing special support services or instruction, or both, to disabled students enrolled at community colleges, and for state hospital programs.

(b) Of the amount appropriated in Schedule (8), $3,945,000 shall be used to address deficiencies identified by the federal Office of Civil Rights (OCR) as follows:

(1) $597,000 to provide access to print information to visually impaired students by creating and printing braille versions of written materials.

(2) $3,348,000 to provide accessibility to hearing impaired distance education students by having live and closed captioning on telecourses and other video and Internet related instructions.

(c) Of the amount appropriated in Schedule (8) at least $943,000 shall be used for support of the High Tech Centers for activities including, but not limited to, training of district employees, staff and students in the use of specialized computer equipment for the disabled. All High Tech Centers shall meet standards developed by the chancellor’s of-
(d) Notwithstanding any other provision of law, of the funds appropriated in Schedule (8) of this item, $1,529,000 shall be for state hospital adult education programs at the hospitals served by the Coast, Kern, and West Valley Community College Districts since the 1986–87 fiscal year. The amount provided includes the level of funding provided for these state hospital programs in the 1986–87 fiscal year, plus subsequent cost-of-living adjustments if provided. If adult education services at any of the three hospitals are not supported by the community colleges in the 2002–03 fiscal year, the associated funds shall, upon order of the Department of Finance, after 30 days’ notice to the Chairperson of the Joint Legislative Budget Committee, be transferred to the State Department of Developmental Services (DDS). For any transfer of funds to DDS during the 2002–03 fiscal year, the Proposition 98 base funding levels for community colleges and DDS shall be adjusted accordingly.

12. Of the funds appropriated in Schedule (21):
   (a) Up to $1,944,000 is for the Puente Project to support 75 colleges and is available if these funds are matched by $200,000 of private funds and the participating community colleges and University of California campuses maintain their 1995–96 support level for the Puente Project. These funds are not required to be allocated on a temporary basis and may be allocated on a permanent basis to support a Puente Project that meets the conditions of the Puente Project contract agreement. All funding shall be allocated directly to participating districts in accordance with their participation agreement.
   (b) Up to $2,489,000 is for the Mathematics, Engineering and Science Achievement (MESA) Programs. These funds are not required to be allocated on a temporary basis and may be allocated on a permanent basis provided the conditions for receipt of funds
continue to be met. For each dollar allocated, the recipient district shall provide one dollar in matching funds.

(c) No less than $1.8 million is reserved for maintaining middle college high school programs pursuant to the Governor’s initiative.

(d) With the exception of special part-time students at the community colleges pursuant to Section 48802 of the Education Code, student workload based on participation in the Middle College High School Program shall not be eligible for community college state apportionment.

13. The funds appropriated in Schedule (10), Special Services for CalWORKs recipients, are for the purpose of assisting welfare recipient students and those in transition off of welfare to achieve long-term self-sufficiency through coordinated student services offered at community colleges, including: workstudy, other educational related work experience, job placement services, child care services, and coordination with county welfare offices to determine eligibility and availability of services. All services funded in this schedule shall be for current CalWORKs recipients or prior CalWORKs recipients who are in transition off of cash assistance for no more than two years. Current cash assistance recipients may utilize these services until their initial educational objectives are met. Former recipients in transition off of cash assistance may utilize these services for a period of up to two years after leaving cash assistance subject to the conditions of this provision. These funds shall be used to supplement and not supplant existing funds and services provided for CalWORKs recipients attending community colleges. The chancellor shall develop an equitable method for allocating funds to all districts and colleges based on the relative numbers of CalWORKs recipients in attendance and shall allocate funds for the following purposes:

(a) Job placement.

(b) Coordination with county welfare offices and other local agencies, including local workforce investment boards.

(c) Curriculum development and redesign.
(d) Child care and workstudy.
(e) Instruction.
(f) Postemployment skills training and related skills.

Of the amount appropriated in Schedule (10) of this item, $15,000,000 shall be for child care and shall not require a district match. For the remaining $20,000,000, districts shall, as a condition of receipt of these funds, provide a $1 match for every $1 provided by the state.

Funds utilized for subsidized child care shall be for children of CalWORKs recipients through campus-based centers or parental choice vouchers at rates and with rules consistent with those applied to related programs operated by the State Department of Education, including eligibility, reimbursement rates, and parental contribution schedules. Subsidized campus child care for CalWORKs recipients may be provided during the period they are engaged in qualifying state and federal work activities through attainment of their initial education and training plan and for up to three months thereafter or until the end of the academic year, whichever period of time is greater.

Funds utilized for workstudy shall be used solely for payments to employers that currently participate in campus-based workstudy programs or are providing work experiences that are directly related to and in furtherance of student educational programs, provided that those payments may not exceed 75 percent of the wage for the workstudy positions, and the employers shall pay at least 25 percent of the wage for the workstudy position. These funds may be expended only if the total hours of education, employment, and workstudy for the student are sufficient to meet both state and federal minimum requirements for qualifying work-related activities.

Funds may be used to provide credit or non-credit classes for CalWORKs students if a district has committed all of its funded FTES and is unable to offer the additional instructional services to meet the demand for CalWORKs students. This determination shall be based on fall enrollment information. Districts shall make ap-
plication to the chancellor’s office by October 15. If the chancellor approves the use of funds for direct instructional workload, the chancellor’s office shall submit a report to the Joint Legislative Budget Committee by November 15, 2002, that (1) identifies the enrollment of new CalWORKs students, (2) states whether and why additional classes were needed to accommodate the needs of CalWORKs students, and (3) sets forth an expenditure plan for the balance of funds.

As a condition of receipt of the funds appropriated in Schedule (10), by the fourth week following the end of the semester or quarter term commencing in January 2003, each participating community college shall submit to the chancellor’s office a report, in the format specified by the chancellor in consultation with the State Department of Social Services, that includes, but is not limited to, the funded components, the number of hours of child care provided, the average monthly enrollment of CalWORKs dependents served in child care, the number of workstudy hours provided, the hourly salaries and type of jobs, the number of students being case managed, the short-term programs available, the student participation rates, and other outcome data. It is intended that, to the extent practical, reporting from colleges utilize data gathered for federal reporting requirements at the state and local level. Further, it is intended that the chancellor’s office compile the information for annual reports to the Legislature, the Governor, the Legislative Analyst, and the Departments of Finance and Social Services by November 15 of each year as specified in the annual Budget Act.

First priority for expenditures of any funds appropriated in Schedule (10) shall be in support of current CalWORKs recipients. However, if caseloads are insufficient to fully utilize all of the funding in this schedule in a cost beneficial way, it is intended that up to $5,000,000 of the $20,000,000 subject to local matching requirements may be allocated for providing postemployment services to former CalWORKs recipients who have been off of cash assistance for no longer than two years to assist them in upgrading
skills, job retention, and advancement. Allowable services include direct instruction that cannot be funded under available growth funding, child care to support attendance in these classes consistent with this provision, job development and placement services, and career counseling and assessment activities which cannot be funded through other programs. Child care services may only be provided for periods commensurate with a student’s need for postemployment training within the two-year transitional period.

Prior to allocation of funds for postemployment services, the chancellor shall first secure the approval of the Department of Finance for the allocations, complete a cumulative report on the outcomes, activities, and cost-effectiveness of the program no later than November 15, 2002, in compliance with the Budget Acts of 1998 (Ch. 324, Stats. 1998) and 1999 (Ch. 50, Stats. 1999) and this act, and shall provide the rationale and justification for the proposed allocation of postemployment services to districts for transitional students.

15. Nonfederal funds appropriated in Schedule (10) of this item have been budgeted to meet the state’s Temporary Assistance for Needy Families maintenance-of-effort requirement pursuant to the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (Public Law 104-193) and may not be expended in any way that would cause their disqualification as a federally allowable maintenance-of-effort expenditure.

16. The funds in Schedule (11) of this item shall be allocated to provide foster parent training. Funds shall be allocated in such a manner as to ensure priority for training required by Section 1529.2 of the Health and Safety Code. Districts shall make services available to foster parents to satisfy the requirements of Section 1529.2 of the Health and Safety Code as a first priority. Remaining funds may be used for services to foster child relative caretakers and for additional parenting skills, thereafter.

18. (a) The funds appropriated in Schedule (12) are for the purpose of student matriculation, as specified in Article 1 (commencing with
Section 78210) of Chapter 2 of Part 48 of the Education Code.

(b) Of the amount appropriated in Schedule (12), an amount equal to 15.64 percent of that amount shall be allocated to community college districts on a one-to-one matching fund basis to provide matriculation services to include, but not be limited to, orientation, assessment, and counseling for students enrolled in designated noncredit classes and programs who may benefit most, as determined by the Chancellor of the California Community Colleges pursuant to Sections 78216 to 78218, inclusive, of the Education Code.

19. The funds in Schedule (16) of this item shall be allocated solely to increase compensation for part-time faculty from the amounts previously authorized. Funds shall be distributed to districts based on the total actual full-time equivalent students served in the previous fiscal year and include a small district factor as determined by the chancellor. These funds are to be used to assist districts in making part-time faculty salaries more comparable to full-time salaries for similar work, as determined by each district's local collective bargaining unit. These funds shall not supplant the amount of resources each district used to compensate part-time faculty or be used to exceed parity of each part-time faculty employed by each district with regular full-time faculty at the same district, as certified by the chancellor. If a district achieves parity, its allocation may be used for any other educational purpose.

21. (a) $12,500,000 of the funds provided in Schedule (18) shall be for the purpose of providing allocations to all districts. It is the intent that colleges receiving these funds shall maintain all of the capabilities specified in the Budget Acts of 1996 through 2002 for the Telecommunications and Technology Infrastructure program. The funds appropriated in this item shall be allocated by the chancellor, shall not supplant existing funds used for technology and networking purposes, and shall be subject to established fiscal controls, annual re-
porting and accountability requirements specified by the chancellor. It is the intent that this allocation shall enable further development of networks. Therefore, colleges shall match maintenance and ongoing costs with other funds, after installation, for the following required purposes: (1) maintenance of communication lines, software and other costs associated with connecting to the collaborative California State University/California Community College telecommunications wide area network (4C Net); (2) video conference connectivity, transport, maintenance, and training; (3) local planning and development for improving library technology including library automation, connections to college local area networks and connections to external databases; (4) digital satellite systems and the following optional purposes: (A) the development, expansion, and maintenance of local area networks both within and between buildings; (B) development, expansion, and maintenance of districtwide wide area networks for interconnecting multiple campuses and off-campus centers within a district; and (C) implementation of local technology applications that are intended to improve student learning and other services.

All provisions related to technology standards and telecommunication plans as specified in Provision 17(a) of Item 6870-101-0001 of Section 2.00 of the Budget Act of 1996 (Ch. 162, Stats. 1996) and Provision 14(a) of Item 6870-101-0001 of Section 2.00 of the Budget Act of 1997 (Ch. 282, Stats. 1997), shall apply.

(b) $12,000,000 of the funds provided in Schedule (18) of this item shall be for the purpose of supporting technical and application innovations and for coordination of activities that serve to maximize the utility of the technology investments of the community college system toward improving learning outcomes. Allocations shall be made by the chancellor, based on criteria and guidelines as developed by the chancellor, on a com-
petitive basis through the RFA/RFP application process as follows:

(1) All provisions as specified in Provision 17(b)(2) of Item 6870-101-0001 of Section 2.00 of the Budget Act of 1996 (Ch. 162, Stats. 1996) shall apply to Provision (1) above.

(2) Not more than $10,000,000 shall be available for centers to provide regional coordination for technical assistance and planning, cooperative purchase agreements, and faculty and staff development. All other provisions as specified in Provision 17(b)(3) of Item 6870-101-0001 of Section 2.00 of the Budget Act of 1996 (Ch. 162, Stats. 1996) shall apply. $4.0 million is intended to fund the segment’s share of upgrading the 4C Net backbone from an OC-3 to an OC-12 Network and shall be matched dollar for dollar by the CSU. If this condition is not met, the chancellor shall report the reasons the expenditure should still be made on any other use of the funds using the reporting provisions of the Section 28.00 process. $2.3 million is for the development and implementation of a systemwide audio bridging and telephony capability of the 4C Net backbone to facilitate collaboration of faculty, students, and staff in instruction, student services, and shared governance activities.

(3) $2,000,000, or as much as necessary, shall be available for a statewide digital uplink for the purpose of delivering statewide satellite services to system colleges and districts related to instruction, student support, and administration.

(c) The chancellor shall submit an annual report to the Legislative Analyst, the budget and fiscal committees of the Legislature, and the Department of Finance no later than November 1, 2002, identifying any changes to the standards developed pursuant to the control
provisions for this program in the Budget Act of 1997 (Ch. 282, Stats. 1997), the status of the implementation of the Telecommunication and Technology Infrastructure Program to date and any additional needs, including the reasons therefore.

22. The funds provided in Schedule (19) of this item shall be available for grants to districts to fund California Virtual University distance education centers, for instructing faculty in teaching courses online, and other expenses for conversion of courses for distance education. The funds appropriated in this item shall not supplant existing funds and shall be subject to established fiscal controls, annual reporting and accountability requirements specified by the chancellor. The chancellor shall develop criteria for the allocation of these funds. As a condition of receipt of the funds, colleges are required to submit to the chancellor’s office reports in a format specified by the chancellor sufficient to document the value and productivity of this program including but not limited to numbers and nature of courses converted, and the amount of distance education instructional workload services provided as a result of these courses. It is intended that the chancellor’s office further develop the reporting criteria for participating colleges and submit that for review along with an annual progress report on program implementation to the Legislative Analyst, Office of the Secretary for Education, and the Department of Finance no later than November 1, 2002, for review and comment.

23. Of the funds provided in Schedule (22) for the Economic Development Program:
   (a) $17,536,000 is allocated for grants for regional business resources assistance and innovation Network Centers.
   (b) $7,537,000 is allocated for Industry Driven Regional Education and Training Collaboratives. These grants shall be made on a competitive basis and the award amounts shall not be restricted to any predetermined limit, but rather shall be funded on their individual merits.
(c) $4,149,000 is allocated for statewide network leadership, organizational development, coordination, information and support services, or other program purposes.

(d) $5,000,000 is available for Job Development Incentive Training programs focused on job creation for public assistance recipients. Any annual savings from this subdivision shall only be available for expenditure for one-time activities listed under subdivision (j) of Section 88531 of the Education Code.

(e) $2,100,000 is allocated for Mexican International Trade Centers operated consistent with the requirements of subdivision (a) of Section 1 of Chapter 959 of the Statutes of 1999.

(f) $4,000,000 is allocated to continue enrollment growth provided for community college nursing programs pursuant to paragraph (2) of subdivision (a) of Section 2 of Chapter 514 of the Statutes of 2001.

(g) The following provisions apply to the expenditure of funds within subdivisions (a) and (b) above: Funds allocated for centers and regional collaboratives shall seek to maximize the use of state funds for subdivisions (g) through (j) of Section 88531 of the Education Code. Funds allocated to districts for purposes of subdivisions (g) and (i) of Section 88531 of the Education Code for performance-based training and student internships shall be matched by a minimum of $1 of private business and industry funding for each $1 of state funds. Funds allocated for purposes of subdivision (h) of Section 88531 of the Education Code for credit and noncredit instruction may be transferred to Schedule (1) or (3) to facilitate distribution at the chancellor’s discretion. Any funds that become available from Network Centers due to savings, discontinuance, or reduction of amounts shall first be made available for additional allocations in subdivision (b) above to increase the level of subsidized training otherwise available.
(h) Funds allocated by the board of governors under this provision may not be used by community college districts to supplant existing courses or contract education offerings. The chancellor shall ensure that funds are spent only for expanded services and shall implement accountability reporting for districts receiving these funds to ensure that training, credit, and noncredit programs remain relevant to business needs. Programs that do not demonstrate continued relevance and support by business shall not be eligible for continued funding. The board of governors shall consider the level of involvement and financial commitments of business and industry as primary factors in making awards. The chancellor shall incorporate grant requirements into its guidelines for audits of Economic Development grants.

(i) A primary objective of the Economic Development program is to maximize instruction, to prepare students for entry-level jobs, to increase skills of the current workforce, and to stimulate the growth of businesses through training so that more jobs are created. The chancellor shall submit an annual report to the Legislative Analyst, the budget and fiscal committees of the Legislature, and the Department of Finance, commencing March 1, 2003, and each March 1 annually thereafter, that includes the amount provided to each Economic Development regional center and each industry-driven regional education and training collaborative, and to the extent practicable, the total number of hours of contract education services, performance-based training, credit and noncredit instruction, and job placements created as a result of this program by each center and collaborative.

24. Of the funds appropriated in Schedule (23), $589,000 is for Project Assist, $835,000 is for the California Articulation Number (CAN) system, $550,000 is for faculty articulation workshops through fiscal year 2004–05.

25. The funds appropriated in Schedule (24) of this item and Schedule (1) of Item 6870-485 shall be distributed by the Chancellor of the California
Community Colleges to community college districts on a project-by-project basis based on priority of need for the project. As a condition of receiving these funds, a district shall certify that it will increase its operations and maintenance spending from 1995–96 fiscal year actual levels by the amount of the allocation plus an amount to be provided from district discretionary funds equivalent to $1 for each $1 of state funds. The chancellor may waive all or a portion of the matching requirement, case by case, based upon a review of a district’s financial condition. The question of whether a district has complied with its resolution shall be reviewed under the annual audit of that district.

26. The funds appropriated in Schedule (25) and Schedule (2) of Item 6870-485 are available for the purpose of providing community college districts with funds to replace high priority instructional equipment and library materials. The Chancellor of the California Community Colleges shall allocate these funds on the basis that, for every $3 of funds allocated from Schedule (25) of this item or Schedule (2) of Item 6870-485, the recipient district shall provide $1 in matching funds. These funds shall not be used for personal services costs or operating expense.

Of the funds appropriated in Schedule (25), $5 million is available only to institute competitive matching grants for workforce development instructional equipment based on the ability of the grant to leverage the best industry match, at a minimum $1 industry for every $2 allocated by the state. Up to 10% of these grants may be authorized for staff training in the use of new equipment.

27. Of the funds appropriated in Schedules (24), (25) and (26) of this item and Schedules (1) and (2) of Item 6870-485, the Chancellor of the California Community Colleges shall have the discretion to transfer funds among these schedules to fund the highest infrastructure priorities of the system. Funds from Schedules (24) and (26) of this item and Schedule (1) of Item 6870-485 may be used to fund architectural barrier removal projects that meet the requirements of the federal Americans with Disabilities Act of 1990 and
seismic retrofit projects limited to $400,000. Districts that receive funds for architectural barrier removal projects shall provide a $1 match for every $1 provided by the state. The amounts in Schedules (24) and (26) of this item and Schedule (1) of Item 6870-485 shall be available for expenditure until June 30, 2004.

29. Pursuant to Sections 69648.5, 78216, and 84850 of the Education Code, the Board of Governors of the California Community Colleges may allocate funds appropriated in Schedules (6), (8), and (12) of this item by grant or contract, or through the apportionment process, to one or more districts for the purpose of providing program evaluation, accountability, monitoring, or program development services, as appropriate under the applicable statute.

SEC. 24.10. (a) Notwithstanding Section 1464 of the Penal Code or Section 41304 of the Education Code, the first one million one hundred six thousand dollars ($1,106,000) received by the Driver Training Penalty Assessment Fund for the 2002–03 fiscal year shall be available for the purposes of Item 6110-001-0178 of Section 2.00 of this act. Any remaining unallocated moneys in the Driver Training Penalty Assessment Fund shall be transferred to the General Fund.

SEC. 24.60. (a) From the funds appropriated in Items 4300-003-0814, 4440-011-0814, 5460-001-0831, 6110-006-0814, 6110-101-0814, 6440-001-0814, 6600-001-0814, and 6870-101-0814 of this act, the State Department of Developmental Services, the State Department of Mental Health, the Department of the Youth Authority, the State Special Schools, the Regents of the University of California, the Board of Directors of Hastings College of the Law, the Board of Trustees of the California State University, and community college districts through the Chancellor of the California Community Colleges shall report to the Governor and the Legislature no later than January 15, 2004, the amount of lottery funds that each entity received and the purposes for which those funds were expended in the 2002–03 fiscal year, including administrative costs, and proposed expenditures and purposes for expenditure for the 2003–04 fiscal year. If applicable, the amount of lottery funds received on the basis of adult education average daily attendance (ADA) and the amount of lottery funds expended for adult education also shall be reported.

(b) The State Department of Education shall conduct a survey of a representative sample of 100 local education agencies to determine the patterns of use of lottery funds in those agencies. The sample shall be drawn to include all local education agencies having more than 200,000 ADA and representative local education agencies randomly selected by size, range, type, and geographical dispersion. On or before May 15, 2003, the State Department of Education shall report to the Legislature and the Governor the results of the survey for the 2001–02 fiscal year.

SEC. 24.70. From the funds appropriated to the State Department of Education for local assistance, the department shall ensure that the expenditure of funds allocated to a local education agency (LEA), through a contract between the department and the LEA or through a
grant from the department to the LEA, shall be subject to the LEA’s fiscal accountability policies and procedures. If it is necessary for the LEA to establish a separate entity to complete the work scope of the contract or grant, the fiscal accountability policies and procedures for that entity shall be the same as those of the LEA, or amended only with the approval of both the superintendent of schools of the LEA and a fiscal representative of the department designated by the Superintendent of Public Instruction. Further, the department shall have the authority to provide for an audit of the expenditures under the contract or grant between the department and the LEA to verify conformance with appropriate fiscal accountability policies and procedures. The cost of the audit, if required, shall be charged to the audited contract or grant.

SEC. 26.00. (a) It is the intent of the Legislature, in enacting this section, to provide flexibility for the administrative approval of intraschedule transfers within individual items of appropriation in those instances where the transfers are necessary for the efficient and cost effective implementation of the programs, projects, and functions funded by this act. No transfer shall be authorized under this section to either eliminate any program, project, or function, except when implementation is found to be no longer feasible in light of changing circumstances or new information, or establish any new program, project, or function.

(b) The Director of Finance may, pursuant to a request by the officer, department, division, bureau, board, commission, or other agency to which an appropriation is made by this act, authorize the augmentation of the amount available for expenditure in any schedule set forth for that appropriation, by making a transfer from any of the other designated programs, projects, or functions within the same schedule. No intraschedule transfer may be made under this section to fund any capital outlay purpose, regardless of whether budgeted in a capital outlay or a local assistance appropriation. Upon the conclusion of the 2002–03 fiscal year, the Director of Finance shall furnish the chairpersons of the committees in each house of the Legislature that consider appropriations and the budget, and the Chairperson of the Joint Legislative Budget Committee, with a report on all authorizations given pursuant to this section during that fiscal year.

(c) Intraschedule transfers of the amounts available for expenditure for a program, project, or function designated in any line of any schedule set forth for that appropriation by transfer from any of the other designated programs, projects, or functions within the same schedule shall not exceed, during any fiscal year:

1. 20 percent of the amount so scheduled on that line for those appropriations made by this act that are $2,000,000 or less.
2. $400,000 of the amount so scheduled on that line for those appropriations made by this act that are more than $2,000,000 but equal to or less than $4,000,000.
3. 10 percent of the amount so scheduled on that line for those appropriations made by this act that are more than $4,000,000.
(4) The Department of Transportation Highway Program shall be limited to a schedule change of 10 percent.

(d) Any transfer in excess of $200,000 may be authorized pursuant to this section not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairperson of the committee in each house of the Legislature that considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine.

(e) Any transfer in excess of the limitations provided in subdivision (c) may be authorized not sooner than 30 days after notification in writing of the necessity to exceed the limitations is provided to the chairperson of the committee in each house that considers appropriations and the Chairperson of the Joint Legislative Budget Committee or his or her designee, may in each instance determine.

SEC. 27.00. (a) Approval by the Department of Finance of the creation of deficiencies pursuant to Section 11006 of the Government Code or approval to expend at rates that, in the opinion of the Director of Finance, will require a deficiency appropriation may be granted only in cases of actual necessity. It is the intent of the Legislature that authorization for deficiency spending under this section should be limited to cases of unanticipated expenses incurred in the operation of existing programs, where it is necessary to incur those expenses during the 2002–03 fiscal year. No deficiency authorization may be made under this section for any expenditure for capital outlay.

(b) The Director of Finance may not approve any deficiency authorization unless the approval is made in writing and filed with the Chairperson of the Joint Legislative Budget Committee and the chairperson of the committee in each house that considers appropriations not later than 30 days prior to the effective date of the approval, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine, except for an approval for an emergency expenditure. “Emergency expenditure,” for this purpose, means an expenditure incurred in response to conditions of disaster or extreme peril that threaten the health or safety of persons or property within the state. This notification requirement is not applicable to caseload increases in Medi-Cal, California Work Opportunity and Responsibility to Kids (CalWORKs), and Supplemental Security Income/State Supplementary Program (SSI/SSP). All notifications shall include: (1) the date a deficiency request was received by the Department of Finance, (2) the reason for the proposed deficiency, (3) the approved amount, and (4) the basis of the department’s determination that the expenditure for which the deficiency authorization is approved is required by a case of actual necessity.

(c) Approval for any emergency expenditure shall be made in writing and filed with the Chairperson of the Joint Legislative Budget Committee and the chairperson of the committee in each house that consid-
ers appropriations not later than 10 days after the effective date of the approval. All notices shall state the reason for and the amount of the deficiency, together with the director’s determination that the expenditure for which the deficiency authorization is approved satisfies the criteria for emergency expenditures set forth in this section, and the basis for that determination.

(d) Each notification of deficiency or emergency expenditure shall include a determination by the Director of Finance as to whether the expenditure was considered in a legislative budget committee and formal action was taken to not approve the expenditure within the previous fiscal year.

(e) The Department of Finance shall provide copies of all requests from agencies to spend at rates that will result in a deficiency appropriation, in an aggregate amount for the 2002–03 fiscal year that exceeds five hundred thousand dollars ($500,000), to the Chairperson of the Joint Legislative Budget Committee and the chairperson of the committee in each house that considers appropriations. The department shall submit these copies within 15 working days of receipt. The transmittal of this information to the Legislature shall not be construed by the requesting agency as approval of the deficiency request.

(f) The Department of Finance shall provide deficiency bill updates to the Chairperson of the Joint Legislative Budget Committee and the chairperson of the committee in each house that considers appropriations if requested by the Legislature or as deemed necessary by the Department of Finance.

SEC. 28.00. (a) It is the intent of the Legislature in enacting this section to provide flexibility for administrative approval of augmentations for the expenditure of unanticipated federal funds or other non-state funds in cases that meet the criteria set forth in this section. However, this section is not intended to provide an alternative budget process, and proposals for additional spending ordinarily should be considered in the annual State Budget or other state legislation.

(b) The Director of Finance may authorize the augmentation of the amount available for expenditure for any program, project, or function in the schedule set forth for any appropriation in this act or any additional program, project, or function in the amount of any additional, unanticipated funds that he or she estimates will be received by the state during the 2002–03 fiscal year from any agency of local government or the federal government, or from any other nonstate source, provided that the additional funding meets all of the following requirements:

1. The funds will be expended for a purpose that is consistent with state law.

2. The funds are made available to the state under conditions permitting their use only for a specified purpose, and the additional expenditure proposed under this section would apply to that specified funding purpose.
(3) Acceptance of the additional funding does not impose on the state any requirement to commit or expend new state funds for any program or purpose.

(4) The need exists to expend the additional funding during the 2002–03 fiscal year.

(c) The Director of Finance also may reduce any program, project, or function whenever he or she determines that funds to be received will be less than the amount taken into consideration in the schedule.

(d) Any augmentation or reduction that exceeds either (1) two hundred thousand dollars ($200,000) or (2) 10 percent of the amount available for expenditure in the affected program, project, or function may be authorized not sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house of the Legislature that considers appropriations, the chairpersons of the committees, and the appropriate subcommittees, in each house that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. With regard to any proposed augmentation, the notification shall state the basis for the determination by the Director of Finance that the augmentation meets each of the requirements set forth in subdivision (b). This notification requirement does not apply to federal funds related to caseload increases in Medi-Cal, California Work Opportunity and Responsibility to Kids (CalWORKs), and Supplemental Security Income/State Supplementary Program (SSI/SSP).

(e) Any personnel action that is dependent on funds subject to this section shall not be effective until after the provisions of this section have been complied with. Any authorization made pursuant to this section shall remain in effect for the period the director may determine in each instance, but in no event after June 30, 2003.

SEC. 28.50. (a) Except as otherwise provided by law, an officer, department, division, bureau, or other agency of the state may expend for the 2002–03 fiscal year all money received as reimbursement from another officer, department, division, bureau, or other agency of the state that has not been taken into consideration by this act or any other statute, upon the prior written approval of the Director of Finance. The Department of Finance may also reduce any reimbursement amount and related program, project, or function amount if funds received from another officer, department, division, bureau, or other agency of the state will be less than the amount taken into consideration in the schedule.

(b) For any expenditure of reimbursements or any transfer for the 2002–03 fiscal year that exceeds two hundred thousand dollars ($200,000), the Director of Finance shall provide notification in writing of any approval granted under this section, not less than 30 days prior
to the effective date of that approval, to the chairperson of the committee in each house of the Legislature that considers appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. Increases to reimbursements are not reportable under this section if the funding for the other officer, department, division, bureau, or other agency of the state providing the reimbursement has already been approved by the Legislature. These adjustments are considered technical in nature and are authorized in Section 1.50 of this act.

SEC. 29.00. The Department of Finance shall calculate and publish a listing of total personnel-years and estimated salary savings for each department and agency. These listings shall be published by the Department of Finance at the same time as the publication of (a) the Governor’s Budget, (b) the May Revision and (c) the Final Change Book. (a) The listing provided at the time of the publication of the Governor’s Budget shall contain estimates of personnel-years for the prior year, current year, and budget year.

(b) The listing provided at the time of publication of the May Revision shall contain estimates of personnel-years proposed for the budget year.

(c) The listing provided at the time of the publication of the Final Change Book shall contain estimates of personnel-years for the budget year just enacted.

SEC. 30.00. Section 13340 of the Government Code is amended to read:

13340. (a) Except as provided in subdivision (b), on and after July 1, 2003, no moneys in any fund that, by any statute other than a Budget Act, is continuously appropriated without regard to fiscal years, may be encumbered unless the Legislature, by statute, specifies that the moneys in the fund are appropriated for encumbrance.

(b) Subdivision (a) does not apply to any of the following:

2) The scheduled disbursement of any transactions and use tax proceeds to an entity of local government pursuant to Part 1.6 (commencing with Section 7251) of Division 2 of the Revenue and Taxation Code.

3) The scheduled disbursement of any funds by a state or local agency or department that issues bonds and administers related programs for which funds are continuously appropriated as of June 30, 2003.
Moneys that are deposited in proprietary or fiduciary funds of the California State University and that are continuously appropriated without regard to fiscal years.

The scheduled disbursement of any motor vehicle license fee revenues, including the General Fund appropriations made pursuant to Sections 11000 and 11000.1 of the Revenue and Taxation Code, to an entity of local government pursuant to the Vehicle License Fee Law (Part 5 (commencing with Section 10701) of Division 2 of the Revenue and Taxation Code).

SEC. 31.00. (a) The appropriations made by this act shall be subject, unless otherwise provided by law, to Section 13320 of, and Article 2.5 (commencing with Section 13332) of Chapter 3 of Part 3 of Division 3 of Title 2 of, the Government Code, requiring expenditures to be made in accordance with the allotments and other provisions of fiscal year budgets approved by the Department of Finance.

(b) The fiscal year budgets shall authorize, in the manner that the Department of Finance shall prescribe, all established positions whose continuance for the year is approved and all new positions. No new position shall be established unless authorized by the Department of Finance on the basis of work program and organization.

(c) The Director of Finance, or his or her authorized designee, shall notify the Chairperson of the Joint Legislative Budget Committee within 30 days of authorizing any position not authorized for that fiscal year by the Legislature or any reclassification to a position with a minimum step per month of six thousand thirty-two dollars ($6,032) as of July 1, 2002. He or she also shall report all transfers to blanket authorizations and the establishment of any permanent positions out of a blanket authorization.

(d) All positions administratively established pursuant to this section during the 2002–03 fiscal year shall terminate on June 30, 2003, except for those positions that have been (a) included in the Governor’s Budget for the 2003–04 fiscal year as proposed new positions, or (b) approved by the Department of Finance and reported to the Legislature after the 2003–04 Governor’s Budget submission to the Legislature. The positions identified in (a) and (b) above may be reestablished by the Department of Finance during the 2003–04 fiscal year, provided these positions are shown in the Governor’s Budget for the 2004–05 fiscal year as submitted to the Legislature, or in subsequent Department of Finance letters to the Legislature, and provided that these positions do not result in the establishment of positions deleted by the Legislature through the budget process for the 2003–04 fiscal year.

(e) No money in any 2002–03 fiscal year appropriation not appropriated for that purpose may be expended for increases in salary ranges or any other employee compensation action unless the Department of Finance certifies to the salary and other compensation-setting authority, prior to the adoption of the action, that funds are available to pay the
increased salary or employee compensation resulting from the action. Prior to certification, the Department of Finance shall determine whether the increase in salary range or employee compensation action will require supplemental funding in the 2003–04 fiscal year. If the Department of Finance determines that supplemental funding will be required, no certification shall be issued unless notification in writing is given by the Department of Finance, at least 30 days before certification is made, to the chairperson of the committee in each house that considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or a lesser time which the chairperson of the joint committee, or his or her designee, determines.

(f) A certification on a payroll claim that expenditures therein are in accordance with current budgetary provisions as approved by the Department of Finance shall be sufficient evidence to the Controller that these expenditures comply with the provisions of this section.

SEC. 31.50. (a) This act reflects elimination of vacant positions in various departments in state government. For each department that has unspecified vacant positions to be abolished, the following documents must be submitted to the Department of Finance no later than September 1, 2002:

(1) A list of the actual positions to be abolished.
(2) The Change in Established Positions, Form 607, documents necessary to eliminate the positions from the State Controller’s payroll roster.

(b) The Department of Finance shall forward the Form 607 documents required pursuant to paragraph (2) of subdivision (a) to the State Controller after review and approval.

(c) It is the intent of the Legislature that vacant positions that already have been eliminated or redirected to other activities through amendments to the Budget Bill adopted pursuant to the May Revision of the Governor’s Budget for 2002–03 shall be counted toward the number of unspecified vacant positions to be eliminated.

SEC. 31.60. Notwithstanding any other provision of law, the Director of Finance shall abolish at least 6,000 permanent vacant positions from departments including all boards, commissions, departments, agencies, or other employment authorities of the state, as determined by the Director of Finance. The Director shall select the positions to be eliminated from all the positions that were vacant on June 30, 2002. The Director of Finance shall allocate the necessary reductions required by this section based on detailed plans submitted by the agency secretaries, and if there is no agency secretary, by the appropriate authority. A position that is abolished by the State Controller pursuant to Section 12439 of the Government Code may also be included in the positions to be abolished pursuant to this section and may be counted by the Director of Finance toward the position reduction required by this section.
The Director of Finance shall not abolish positions pursuant to this section authorized for the University of California, the California State University, the Legislature, the Legislative Counsel Bureau, the Bureau of State Audits, the Judiciary, or the State Compensation Insurance Fund, Public Employees’ Retirement System, State Teachers’ Retirement System, and the California State Lottery System, but these departments are encouraged to consolidate activities and implement efficiencies in order to eliminate positions. The Director of Finance shall not abolish any positions pursuant to this section if the positions are directly involved in public safety or providing 24-hour care.

On or before July 17, 2002, the State Controller shall provide to each department a listing of all positions in that department that were vacant on June 30, 2002. The State Controller shall also provide the Department of Finance a copy of each listing of vacant positions. On or before August 1, 2002, each agency secretary, or other appropriate authority if there is no agency secretary, shall submit to the Director of Finance a list of vacant positions from which the Director of Finance shall select positions to be abolished pursuant to this section. The list of positions submitted to the Director of Finance shall total at least 50 percent of the total number of positions determined by the State Controller to be vacant on June 30, 2002, for each agency, or other appropriate authority if there is no agency secretary. With the written concurrence of the Department of Finance, a department may correct errors in the listing of vacant positions provided to it by the State Controller.

The Director of Finance is authorized to unallot and revert savings attributable to this section to the appropriate fund sources. Position reductions pursuant to this section shall be reflected and identified in the 2003–04 Governor’s Budget. At the time that the 2003–04 Governor’s Budget is submitted to the Legislature, the Department of Finance shall provide a report to the Joint Legislative Budget Committee and the budget committee in each house identifying the reductions allocated to each department, estimating the amount of associated savings, which shall include the salaries and wages, staff benefits, and associated marginal operating expenses and equipment for the positions abolished. The report shall also identify any significant program or service reductions or eliminations that departments plan to implement or propose for legislative approval due to the reduced number of authorized positions and funding. The total amount of the unallotments pursuant to this section shall be at least $300,000,000.

On or before October 1, 2002, the Director of Finance shall transmit to the Joint Legislative Budget Committee, and to the chair of the committee in each house that considers appropriations, a listing of all the positions abolished pursuant to this section. For each department, the listing of abolished positions shall show by classification, program, and organizational unit, the number of positions abolished. The positions identified to be abolished pursuant to this section shall be abolished effective July 1, 2002.
SEC. 31.70. The Director of Finance is authorized to augment any appropriation in this act by an amount the Director of Finance determines to be necessary to ensure that a department has an appropriate level of appropriations after any unallotment of funds pursuant to Section 31.60 of this act. In determining the amount of any augmentation pursuant to this section, the Director of Finance shall not approve an augmentation that is greater than the amount of the unallotment pursuant to Section 31.60. The total amount of augmentations pursuant to this section shall not exceed 50 percent by fund source of the total amount unallotted pursuant to Section 31.60.

Any augmentation approved by the Director of Finance pursuant to this section shall be reported within 30 days to the chairperson of the committee in each house of the Legislature that considers appropriations, the chairperson of the committee in each house that considers the State Budget, and the Chairperson of the Joint Legislative Budget Committee. The report shall state the necessity for the augmentation.

SEC. 32.00. The officers of the various departments, boards, commissions, and institutions, for whose benefit and support appropriations are made in this act, are expressly forbidden to make any expenditures in excess of these appropriations unless the consent of the Department of Finance is first obtained, and a certificate in writing is duly signed by the director of the department seeking authority for the expenditure, certifying the unavoidable necessity of the expenditure. Any indebtedness attempted to be created against the state in violation of this section shall be null and void, and shall not be allowed by the Controller nor paid out of any state appropriation. Any member of a department, board, commission, or institution who shall vote for any expenditure, or create any indebtedness against the state in excess of the respective appropriations made by this act, unless the consent of the Department of Finance and the director’s signature on the certificate, as required by this section, are first obtained, shall be liable both personally and on his or her official bond for the amount of the indebtedness, to be recovered in any court of competent jurisdiction by the person or persons, firm, or corporation to which the indebtedness is owing.

SEC. 33.00. If any item of appropriation in this act is vetoed, eliminated, or reduced by the Governor under Section 10 of Article IV of the California Constitution, while approving portions of this act, such veto, elimination, or reduction shall not affect the other portions of this act, and these other portions of this act, so approved, shall have the same effect in law as if any vetoed or eliminated items of appropriation had not been present in this act, and as if any reduced item of appropriation had not been reduced.

SEC. 34.00. If any portion of this act is held unconstitutional, that decision shall not affect the validity of any other portion of this act. The Legislature hereby declares that it would have passed this act, and each portion thereof, irrespective of the fact that any other portion be declared unconstitutional.
SEC. 36.00. This act, inasmuch as it provides for appropriations for the usual and current expenses of the state, shall, under the provisions of Section 8 of Article IV of the California Constitution, take effect immediately.

SEC. 37.00. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

This act makes appropriations and contains related provisions for support of state and local government for the 2002–03 fiscal year and provides for capital outlay appropriations in continuance of existing programs and to promote and sustain the economy of the state. It is imperative that these appropriations be made available for expenditure not later than July 1, 2002. It is therefore necessary that this act go into immediate effect.
SEC. 99.00. The following provides an index to the appropriations and related provisions of this act, by organization in alphabetical order, with the code number of the affected organization. The organization code is the first four numbers of any item number in this act. For ease of reference, the appropriation items in this act are organized in numerical order, and all of the appropriation items for any one organization are adjacent to one another.
