Senate Bill No. 1

CHAPTER 1

An act making appropriations for the support of the government of the State of California and for several public purposes in accordance with the provisions of Section 12 of Article IV of the Constitution of the State of California, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 20, 2009. Filed with Secretary of State February 20, 2009.]

I object to the following appropriations contained in Senate Bill 1, Third Extraordinary Session.

Item 0110-001-0001—For support of Senate
I am not reducing the Legislature’s budget to reflect the $24.9 million in cuts included in my proposed budget. While I am not reducing the Legislature’s budget, I expect the Legislature to achieve savings that equal 10 percent of their budget, by taking action to offset General Fund expenditures in state programs and other areas of the budget.

Item 0120-011-0001—For support of Assembly
I am not reducing the Legislature’s budget to reflect the $24.9 million in cuts included in my proposed budget. While I am not reducing the Legislature’s budget, I expect the Legislature to achieve savings that equal 10 percent of their budget, by taking action to offset General Fund expenditures in state programs and other areas of the budget.

I object to the following appropriations contained in Senate Bill 1 Third Extraordinary Session.

Item 0750-001-0001—For support of Office of the Lieutenant Governor. I reduce this item from $2,778,000 to $1,044,000.

I am reducing the Lieutenant Governor’s budget by $1,734,000 to ensure that sufficient resources are reserved for key programs within state government. In these tough times, we cannot continue to fund the Office of the Lieutenant Governor at the level provided in recent years.

Item 0820-001-0001—For support of Department of Justice. I reduce this item from $369,594,000 to $355,933,000 by reducing:

(8) Amount payable from the Fingerprint Fees Account (Item 0820-001-0017) from −$70,079,000 to −$66,615,000;
(10) Amount payable from the Motor Vehicle Account, State Transportation Fund (Item 0820-001-0044) from −$25,109,000 to −$23,834,000;
(11) Amount payable from the Department of Justice Sexual Habitual Offender Fund (Item 0820-001-0142) from −$2,321,000 to −$2,218,000;
(15) Amount payable from the Indian Gaming Special Distribution Fund (Item 0820-001-0367) from −$15,636,000 to −$14,080,000;
(16) Amount payable from the False Claims Act Fund (Item 0820-001-0378) from $10,657,000 to −$10,090,000;
(17) Amount payable from the Dealers’ Record of Sale Special Account (Item 0820-001-0460) from −$10,787,000 to −$9,907,000;
(19) Amount payable from the Gambling Control Fund (Item 0820-001-0567) from $8,050,000 to −$7,271,000;
(21) Amount payable from the Federal Trust Fund (Item 0820-001-0890) from −$41,174,000 to $37,914,000;
(25) Amount payable from the Missing Persons DNA Data Base Fund (Item 0820-001-3016) from −$3,765,000 to −$3,376,000;
(26) Amount payable from the Public Rights Law Enforcement Special Fund (Item 0820-001-3053) from −$5,957,000 to −$5,615,000;
(27) Amount payable from the Ratepayer Relief Fund (Item 0820-001-3061) from $5,463,000 to $4,896,000;
(28) Amount payable from the DNA Identification Fund (Item 0820-001-3086) from $32,144,000 to $29,267,000;

(30) Amount payable from the Legal Services Revolving Fund (Item 0820-001-9731) from $10,657,000 to $11,4,653,000;
and by adding:
79.20.001-Unallocated Reduction $47,896,000.
I am reducing this appropriation by 10 percent of the Attorney General’s personal services budget which reflects the state employee compensation reductions for furloughs, overtime reform, and elimination of two state holidays. I am reducing these funds to ensure equity among all executive branch agencies relative to employee compensation levels.
Item 0820-001-0017—For support of Department of Justice. I reduce this item from $70,079,000 to $66,615,000.

Item SEC. 25.50—State Controller’s Office Apportionments Payment System Assessments.
I am revising Control Section 25.50 to conform to the action I have taken in Item 0840-001-0001, as follows:

“SEC. 25.50. Notwithstanding any other provision of law, an amount not to exceed $841,000,000 is hereby appropriated from various funds to the Controller, as specified below, for reimbursement of costs for the ongoing maintenance and support of the Apportionment Payment System:

0046 Public Transportation Account $18,000
0062 Highway Users Tax Account 289,000 282,000
0064 Motor Vehicle License Fee Account 16,000
0330 Local Revenue Fund 95,000 93,000
0877 DMV Local Agency Collection Fund 2,000
0932 Trial Court Trust Fund 165,000 161,000
0965 Timber Tax Fund 1,000
0969 Public Safety Account 255,000 249,000
Total, All Funds $841,000,000 $822,000

The Controller shall assess these funds for the costs of the Apportionment Payment System because apportionment payments in excess of $10,000,000 are made annually from these funds. Assessments in support of the expenditures for the Apportionment Payment System shall be made monthly, and the total amount assessed from these funds may not exceed the total expenditures incurred by the Controller for the Apportionment Payment System for the 2009–10 fiscal year.”

With the above deletions, revisions, and reductions, I hereby approve Senate Bill 1, Third Extraordinary Session.

ARNOLD SCHWARZENEGGER

LEGISLATIVE COUNSEL’S DIGEST

SB 1, Ducheny. 2009–10 Budget.
This bill would make appropriations for support of state government for the 2009–10 fiscal year.

The California Constitution authorizes the Governor to declare a fiscal emergency and to call the Legislature into special session for that purpose. The Governor issued a proclamation declaring a fiscal emergency, and calling a special session for this purpose, on December 19, 2008.

This bill would state that it addresses the fiscal emergency declared by the Governor by proclamation issued on December 19, 2008, pursuant to the California Constitution.

This bill would declare that it is to take effect immediately as an urgency statute.

Appropriation: yes.
Assembly Bill No. 1

CHAPTER 1

[Approved by Governor July 28, 2009. Filed with Secretary of State July 28, 2009.]

I object to the following appropriations contained in Assembly Bill 1, Fourth Extraordinary Session.

Item 3340-101-0001—For local assistance, California Conservation Corps. I delete this item.

In order to create a reasonable reserve, I am making additional reductions so we have resources to address emergencies or additional revenue shortfalls. In addition, the Legislature did not make changes to improve the cost-effectiveness of the Beverage Container Recycling Program and address the shortfall in the Fund in a manner that supports recycling objectives. I look forward to working with the Legislature to enact comprehensive reform to the Beverage Container Recycling Program.

I am deleting Provision 2, which would prohibit the Energy Commission from making any expenditure from this appropriation for hydrogen refueling stations. The goal of the Alternative and Renewable Fuel and Vehicle Technology program is to develop and deploy innovative technologies that transform California’s fuel and vehicle types to help attain the state’s climate change policies. This provision would limit the program’s technology options, and would discourage continued development of hydrogen fuels and related vehicles and technology.

Item 3790-001-0001—For support of Department of Parks and Recreation. I reduce this item from $133,988,000 to $127,788,000 by reducing:

1. For support of the Department of Parks and Recreation from $428,717,000 to $422,517,000.

In order to create a reasonable reserve, I am making additional reductions so we have resources to address emergencies or additional revenue shortfalls. I know this reduction will likely lead to closure of additional parks but we are facing unprecedented budget challenges and we have limited choices. I am directing the Department to do everything it can to work with local governments, the federal government, community based organizations, and other interested parties who can partner with the state to help mitigate any state park closures.

Item 4170-001-0001—For support of California Department of Aging. I reduce this item from $4,227,000 to $4,121,000 by reducing:

4. 40-Special Projects from $8,680,000 to $8,574,000.

I am reducing this item by $106,000 and 0.5 personnel years for the following programs:
- $79,000 for the Linkages Program, and
- $27,000 for Community Based Services Programs.

This action conforms to my action in Control Section 17.50.

Item 4260-101-0890—For local assistance, Department of Health Care Services. I am reducing this item from $26,592,825,000 to $26,532,256,000 to conform to the action I have taken in Control Section 18.00.

Item 4265-111-0231—For local assistance, Department of Public Health. I reduce this item from $54,154,000 to $47,354,000.

I am deleting the $6,800,000 one-time augmentation of Proposition 99 funds for the Tobacco Control Program for anti-tobacco media campaigns and competitive grants to local entities. While I proposed this augmentation, tobacco tax revenues have since declined to levels insufficient to support these efforts.
Item 5180-151-0001—For local assistance, Department of Social Services. I reduce this item from $763,375,000 to $702,494,000 by reducing:

(1) 25.30-Children and Adult Services and Licensing from $2,159,705,000 to $2,098,824,000.

I am reducing this item by $60,881,000 to increase the reserve for economic uncertainties and to reduce the state’s structural deficit, consistent with my May Revision proposal to achieve an unallocated reduction in the Child Welfare Services Program. I am reducing a total of $79,956,000 for this purpose: $60,881,000 from this Item and $19,075,000 from subdivision (f) of Control Section 18.50.

Item 5225-001-0001—For support of the Department of Corrections and Rehabilitation. I revise this item by deleting Provisions 7 and 9.

I am deleting Provision 7, which would require the California Department of Corrections and Rehabilitation (CDCR) to report 2008–09 and 2009–10 overtime expenditures for custody staff. This reporting requirement would result in additional workload without regard to the availability of resources. Consequently, I am vetoing this language. Nevertheless, in recognition of the Legislature’s desire to obtain this information, I am instructing the CDCR to comply with the legislative request for this report to the extent that compliance can be achieved using existing resources and without impairing the CDCR’s ability to perform its essential functions.

I am deleting Provision 9, which would restrict certain expenditures within the CDCR’s budget for specified purposes, require the CDCR to report on the expenditure of these funds, allow for the redirection of funds as specified, and provide that any funds not spent revert to the General Fund. While my Administration is committed to ensuring that funds are spent for the purposes for which they are appropriated, this language is too restrictive for CDCR in 2009–10 as they implement major population reforms and other reductions, including a significant unallocated reduction.

Item 5225-002-0001—For support of the Department of Corrections and Rehabilitation. I revise this item by deleting Provision 6.

I am deleting Provision 6, which would restrict certain expenditures within the California Department of Corrections and Rehabilitation’s (CDCR) budget for specified purposes, require the CDCR to report on the expenditure of these funds, allow for the redirection of funds as specified, and provide that any funds not spent revert to the General Fund. While my Administration is committed to ensuring that funds are spent for the purposes for which they are appropriated, this language is too restrictive for CDCR in 2009–10 as they implement major population reforms and other reductions, including significant unallocated reductions.

Item 5225-301-0660—For capital outlay, Department of Corrections and Rehabilitation. I revise this item by deleting Provision 5.

I am deleting Provision 5, which prohibits the Department from making any further encumbrances or expenditures of funding appropriated for the San Quentin State Prison: Condemned Inmate Complex until three specified conditions are met. This project is needed to remedy significant operational deficiencies associated with the existing condemned inmate housing and address issues cited in the Plata and Coleman lawsuits regarding sufficient health care access and accessibility for aging and disabled inmates. This project is ready to begin construction. Having to delay the construction start to comply with these conditions will cause unnecessary increased costs. In addition, this appropriation provides no increased expenditure authority for those costs. This increases the likelihood that the Public Works Board would be required to augment earlier appropriations as provided for by law. I therefore veto this provision so as to control the expenditures of the state.

Item 6110-001-0001—For support of the Department of Education. I reduce this item from $38,210,000 to $37,505,000 by reducing:

(2) 20-Instructional Support from $158,747,000 to $158,042,000, and by deleting Provision 7.

I am reducing this item by $705,000 to capture the maximum amount of savings from the instructional materials flexibility provided in the Education trailer bill to school districts, which suspends the adoption of instructional materials by the State Board of Education (Board) and the subsequent purchasing requirements for school
Ch. 1 — 12 —

districts until 2013–14. As a result, it is unnecessary for the Curriculum Development and Supplemental Materials Commission to continue to advise the Board on content frameworks and instructional materials adoptions for the next five years or until an agreed-upon process is reestablished. This reduction removes funding for unnecessary Commission per diem and travel as well as funding for Department staff.

Item 6110-008-0001—For support of Department of Education, as allocated by the Department of Education to the State Special Schools for student transportation allowances. I delete this item.

This item would provide $3,894,000 Proposition 98 General Fund for student transportation at the State Special Schools. However, the Legislature subsequently provided special education federal funds (Provision 11 of Item 6110-161-0890) for the same purpose with the understanding that this Proposition 98 appropriation is no longer necessary. Therefore, on a technical basis, I delete this item to remove duplicative funding for student transportation at the State Special Schools.

I am also deleting Provisions 1 and 2 to conform to this action.

Item 6600-001-0001—For support of Hastings College of the Law.

I am reducing this item from $9,270,000 to $8,270,000.

I am reducing this item by an additional $1,000,000 to achieve General Fund savings. Combined with the 10-percent reduction approved by the Legislature, this unallocated reduction will reduce Hastings’ state support to be more in line with the General Fund reductions made to the University of California and the California State University since the 2008–09 Budget was first enacted. Because Hastings has increased its student fees by almost 38 percent since 2007–08, including a 13-percent increase for 2009–10, funding for the instructional program still increases by 5 percent in 2009–10 which should be sufficient in this fiscal climate.

Item 7980-001-0001—For support of California Student Aid Commission. I reduce this item from $12,623,000 to $6,323,000 by reducing:

1. 15-Financial Aid Grants Program from $13,049,000 to $6,749,000.

I am vetoing $6,300,000 from the California Student Aid Commission, of which $4,300,000 is set aside to be restored contingent upon enactment of legislation that authorizes the decentralization of the Cal Grant Program and other financial aid programs as warranted. The $2,000,000 difference represents savings that would be achieved though efficiencies resulting from the decentralization and other over-budgeting that currently exists.

Under my January proposal, a proposal that was broadly supported by the higher education segments, the Student Aid Commission’s intermediary role in approving awards will be largely eliminated. The proposal would establish colleges and universities as the single point of contact for most students’ financial aid needs. This change would significantly reduce the Student Aid Commission’s General Fund operating costs on an ongoing basis and save money at the postsecondary segments by reducing double-handling of awards between the colleges and the Commission. This action illustrates my commitment to put the students first and to improve the efficiency of state government. I look forward to working with the Legislature on legislation that will better serve our students and the higher education segments.

Item 9100-101-0001—For local assistance, Tax Relief. I reduce this item from $472,370,000 to $444,379,000 by reducing:

5. 60-Subventions for Open Space from $27,792,000 to $1,000.

I am reducing this item by $27,791,000 to suspend funding for this program, which backfills a portion of property taxes foregone when local governments voluntarily enter into contracts with property owners who agree to use their land for agricultural or open space purposes in exchange for a lower property tax assessment. This is necessary to provide a prudent reserve in the General Fund.

Item 9620-001-0001—For payment of interest on General Fund loans, upon order of the Director of Finance, for any General Fund loan. I delete Provision 4.

I have reviewed the Legislature’s action on my proposal for deficiency funding in the event that the Controller must implement a payment delay plan to manage emergency cash needs. My proposal would have appropriated any amount necessary to pay
the interest expenses, late payment penalties, and other costs incurred by the Controller in implementing such a plan, and it would have accelerated the review and approval process that currently exists for funding such deficiencies.

Provision 4 serves as an appropriation for specific costs incurred by the Controller. The use of this appropriation is contingent upon the occurrence of various actions and events. The legislative action on this appropriation would, in effect, exempt the Controller from obtaining approval from Finance before incurring a deficiency. It might also have the unintended effect of relieving the Controller of the personal responsibility requirements contained in Control Section 32.00. In light of this, I have determined that the provisions of Item 9840-001-0001 are adequate for the review and approval of Controller costs related to a payment delay plan and I hereby veto Provision 4.

Item 9800-001-0001—For Augmentation for Employee Compensation. I reduce this item from $40,742,000 to $15,742,000.

I am reducing funding by $25,000,000 for employee compensation and am instructing my administration to absorb this reduction to build a prudent reserve. To effect this reduction, I am directing the Director of Finance to reduce the amount that would have been allocated to each department for increases in employee compensation costs, including health care. This reduced amount available for allocation to departments will not affect pay or benefits for employees in any way. Employees will receive full pay, and the funding for pay and benefits not available from Item 9800 will be funded by a redirection within existing resources by individual departments. All previously negotiated employee compensation increases, and all employee compensation increases for medical, mental, and dental health positions arising from the Coleman, Plata, and Perez court cases will be unaffected by my action to reduce this appropriation.

Item 9800-001-0494—For Augmentation for Employee Compensation. I reduce this item from $51,589,000 to $31,589,000.

I am reducing funding by $20,000,000 for employee compensation and am instructing my administration to absorb this reduction to build a prudent reserve. To effect this reduction, I am directing the Director of Finance to reduce the amount that would have been allocated to each department for increases in employee compensation costs, including health care. This reduced amount available for allocation to departments will not affect pay or benefits for employees in any way. Employees will receive full pay, and the funding for pay and benefits not available from Item 9800 will be funded by a redirection within existing resources by individual departments. All previously negotiated employee compensation increases, and all employee compensation increases for medical, mental, and dental health positions arising from the Coleman, Plata, and Perez court cases will be unaffected by my action to reduce this appropriation.

Item 9800-001-0988—For Augmentation for Employee Compensation. I reduce this item from $25,410,000 to $15,410,000.

I am reducing funding by $10,000,000 for employee compensation and am instructing my administration to absorb this reduction to build a prudent reserve. To effect this reduction, I am directing the Director of Finance to reduce the amount that would have been allocated to each department for increases in employee compensation costs, including health care. This reduced amount available for allocation to departments will not affect pay or benefits for employees in any way. Employees will receive full pay, and the funding for pay and benefits not available from Item 9800 will be funded by a redirection within existing resources by individual departments. All previously negotiated employee compensation increases, and all employee compensation increases for medical, mental, and dental health positions arising from the Coleman, Plata, and Perez court cases will be unaffected by my action to reduce this appropriation.

Item 9840-001-0001—Augmentation for Contingencies or Emergencies. I reduce this item from $44,100,000 to $20,100,000.

In order to create a reasonable reserve, I am making additional reductions so we have resources to address additional revenue shortfalls. Therefore, I am reducing this item...
by $24,000,000 to fund higher competing priorities. I have determined that this reduced level of funding, which is consistent with the amount of unanticipated expenses funded by this Item in the previous fiscal year, is adequate for the purposes of this Item.

SEC. 17.50—I am reducing the item of General Fund appropriation in this section by $6,160,000 as opposed to approving the item as presented without reduction. Thus, I am increasing the General Fund reduction from $9,483,000 to $15,643,000.

The effect of my action reflects a reduction of $6,160,000 to Special Projects (Program 40) to increase the reserve for economic uncertainties and to reduce the state’s structural deficit. This reduction is consistent with my May Revision proposal to eliminate the Linkages Program and Community Based Services Programs. Specifically, I am reducing $3,879,000 from the Linkages Program and $2,281,000 from Community Based Services Programs. Funding of these non-mandated programs cannot be continued due to the state’s severe budget constraints.

“Sec. 17.50. The amount appropriated in Item 4170-101-0001 of Section 2.00 is hereby reduced by $6,160,000.”

SEC. 18.00—I am reducing the item of General Fund appropriation in subdivision (a) of the section by $60,569,000 as opposed to approving the item as presented without reduction. I am also reducing the item of General Fund appropriation in subdivision (e) of this section by $25,000,000 as opposed to approving the item as presented without reduction. Thus, I am revising subdivision (e) of this Section by increasing the General Fund reduction from $4,303,000 to $29,303,000, and County Administration by $60,569,000.

The effect of my action reflects a reduction of $25,000,000 (from $39,909,000 to $14,909,000) to Primary and Rural Health (Program 20.35) to increase the reserve and to reduce the state’s structural deficit. This reduction is consistent with my May Revision proposal to eliminate General Fund grants for Community Clinic Programs. Many, if not all of these clinics, will continue to receive funding through remaining state programs, federal programs, local programs, and private funds. Increased federal stimulus funds are available to many of these clinics and will help to minimize the overall impact of this reduction.

I am also reducing County Administration by $60,569,000 (from $2,893,363,000 to $2,832,794,000) to increase the reserve and to reduce the state’s structural deficit.

“Sec. 18.00. (a) The amount appropriated in Item 4260-101-0001 of Section 2.00 is hereby reduced by $2,281,000, $2,879,363,000.

(b) Schedule (7) of Item 4260-101-0001 of Section 2.00 is hereby deleted.

(c) Provision 13 is added to Item 4260-101-0001 of Section 2.00, to read:

13. It is the intent of the Legislature to actively pursue the receipt of federal funds within the Medicaid (Medi-Cal) Program which are past due from the federal government, including, but not limited to: (a) disability insurance benefits that resulted in state expenditures instead of federal Medicare expenditures, (b) the retroactive payment of Part B premiums due to systemic errors by the federal Social Security Administration, (c) needed adjustments to formulas that penalize California, such as the Medicare Part D “clawback,” and (d) receipt of federal funds due to California under various existing Medi-Cal waiver programs.

(d) Schedule (4) of Item 4260-101-0001 of Section 2.00 is hereby revised to be $284,246,000.

(e) The amount appropriated in Item 4260-111-0001 of Section 2.00 is hereby reduced by $1,303,000, $29,303,000.

(f) Provision 3 is added to Item 4260-111-0001 of Section 2.00, to read:

3. The State Department of Health Care Services shall convene a diverse workgroup as applicable that, at a minimum, represents families enrolled in the California Children’s Services (CCS) Program, counties, specialty care providers, children’s hospitals, and medical suppliers to discuss the administrative structure of the CCS Program, including eligibility determination processes, the use and content of needs assessment tools in case management, and the processes used for treatment authorizations. The purpose of this workgroup will be to identify methods for streamlining, administrative cost-efficiencies, and better utilization of both state and county staff, as applicable, in meeting the needs of children and families accessing the CCS Program. The depart-
ment may provide the policy and fiscal committees of each house of the Legislature with periodic updates of outcomes as appropriate.

(g) Schedule (3) of Item 4260-111-0001 of Section 2.00 is hereby revised to be $58,188,000.

(h) The amount appropriated in Item 4260-113-0001 of Section 2.00 is hereby reduced by $47,265,000.

SEC. 18.10— I am reducing the item of General Fund appropriation in subdivision (c) of this section by $80,473,000 as opposed to approving the item as presented without reduction. Thus, I am increasing the General Fund reduction from $62,967,000 to $143,440,000.

The effect of my action reflects the deletion of various legislative restorations for public health local assistance programs to increase the reserve and to reduce the state’s structural deficit, consistent with my May Revision proposals. When making these difficult reductions to important program services, I have sought to protect the continued delivery of drug therapies to low-income individuals living with HIV and thus retained funding for the AIDS Drug Assistance Program.

Specifically, I am eliminating:
- $52,133,000 General Fund for various programs administered by the Office of AIDS: Education and Prevention, Therapeutic Monitoring, Counseling and Testing, Early Intervention, Home and Community Based Care, and Housing,
- $16,337,000 General Fund for the Domestic Violence Program,
- $9,000,000 General Fund for the Adolescent Family Life Program, and
- $3,003,000 General Fund for the Black Infant Health Program.

I am deleting subdivision (d) of this section to conform to this action.

“SEC. 18.10. (a) The amount appropriated in Item 4265-001-0001 of Section 2.00 is hereby reduced by $6,981,000.

(b) Schedule (6) of Item 4265-001-0001 of Section 2.00 is hereby revised to be $38,739,000.

(c) The amount appropriated in Item 4265-111-0001 of Section 2.00 is hereby reduced by $62,067,000 to $143,440,000.

(d) Provision 2 is added to Item 4265-111-0001 of Section 2.00:

2. It is the intent of the Legislature that the funds appropriated in this item be used to maintain core active surveillance activities to meet federal reporting requirements and to continue HIV/AIDS prevention and education efforts for which federal funds are not available.

(e) Provision 3 is added to Item 4265-111-0001 of Section 2.00:

3. The appropriation in this item for the Alzheimer’s Research Centers shall be used for direct services, including, but not limited to, diagnostic screening, case management, disease management, support for caregivers, and related services necessary for positive client outcomes.”

SEC. 18.20— I am reducing the item of General Fund appropriation in subdivision (a) of this section by $47,050,000 as opposed to approving the item as presented without reduction. I am also reducing the item of General Fund appropriation in subdivision (c) of this section by $2,950,000 as opposed to approving the item as presented without reduction. Thus, I am increasing the General Fund reduction in Item 4280-101-0001 from $125,581,000 to $172,631,000, and in Item 4280-102-0001 from $3,046,000 to $5,996,000.

The effect of my action reflects a reduction of $50,000,000 (from $275,251,000 to $225,251,000 in total General Fund program funding) to increase the reserve and to reduce the state’s structural deficit. While this is a very difficult reduction, the Healthy Families program is not an entitlement and is a program that can be reduced during this difficult economic period. I hereby direct the Health and Human Services Agency to continue to work with the California Children and Families Commission, with local commissions, foundations, and other interested parties to provide additional resources to supplement General Fund appropriations and provide health care coverage for as many children as possible.

“Section 18.20. (a) The amount appropriated in Item 4280-101-0001 of Section 2.00 is hereby reduced by $125,581,000 to $172,631,000.
(b) Provision 2 is added to 4280-101-0001 of section 2.00, to read:

2. It is the intent of the Legislature, during these unprecedented fiscal times, to maintain the integrity of the Healthy Families Program to continue to provide health, dental, and vision coverage to low-income children. However, assistance from philanthropic organizations and other sources will be necessary in order for California to obtain its full allotment of federal funds to support this program. In the event funds are not available, it is the intent of the Legislature for the Managed Risk Medical Insurance Board to utilize its existing authority to establish a waiting list of children for enrollment in the program.

(c) The amount appropriated in Item 4280-102-0001 of Section 2.0 is hereby reduced by $1,663,363,000.'

SEC. 18.30.—I am reducing the item of General Fund appropriation in subdivision (a) of this section by $50,000,000 as opposed to approving the item as presented without reduction. Thus, I am increasing the reduction in subdivision (a) from $214,828,000 to $264,828,000.

I am reducing Regional Center Purchase of Services by $50,000,000 for services to children up to age five, as these services are due to program growth and thus eligible for funding from the California Children and Families Commission. I am directing the Secretary for the Health and Human Services Agency, the Department of Developmental Services, and the Department of Finance to immediately request funds from the Commission for this purpose. I do not intend to pursue separate legislation changing eligibility or services for these children for purposes of achieving these savings. I urge the Commission to provide supplemental funding for the growth in these services.

"SEC. 18.30. (a) The amount appropriated in Item 4300-101-0001 of Section 2.00 is hereby reduced by $214,828,000 to $264,828,000.

(b) Schedule (4) of Item 4300-101-0001 of Section 2.00 is hereby revised to be $1,663,363,000.'

SEC. 18.40.—I am reducing the item of General Fund appropriation in subdivision (e) of this section by $4,082,000 as opposed to approving the item as presented without reduction. Thus, I am increasing the General Fund reduction from $3,547,000 to $7,629,000. I am vetoing $4,082,000 to increase the reserve and to reduce the state's structural deficit, consistent with my May Revision proposal to eliminate this program.

The effect of my action reflects a partial veto of the legislative restoration for the Caregiver Resource Centers.

"SEC. 18.40. (a) The amount appropriated in Item 4440-001-0001 of Section 2.00 is hereby reduced by $8,447,000.

(b) The amount appropriated in Item 4440-103-0001 of Section 2.00 is hereby reduced by $113,380,000.

(c) The amount appropriated in Item 4440-104-0001 of Section 2.00 is hereby reduced by $52,000,000.

(d) (1) Provision 1 of Item 4440-104-0001 of Section 2.00 is hereby deleted.

(2) Provision 3 is added to Item 4440-104-0001 of Section 2.00, to read:

3. These funds are for costs incurred in the 2006–07, 2007–08, 2008–09, and 2009–10 fiscal years. The first priority of funds appropriated in this item shall be used to offset the mandate reimbursement claims for the 2006–07 fiscal year. Remaining funds may be used to offset the mandate reimbursement claims for the 2007–08, 2008–09, and 2009–10 fiscal years.

(e) The amount appropriated in Item 4440-111-0001 of Section 2.00 is hereby reduced by $3,547,000 to $7,629,000.'
The effect of my action reflects a reduction of $37,555,000 to In-Home Supportive Services (IHSS, Program 25.15) to reflect the following reductions:

- $28,900,000 due to the determination that it is necessary to waive exemptions included in paragraph (2) of subdivision (c) of Section 29 of X4 AB 4 to maintain federal financial participation. Due to this determination, more IHSS recipients will be impacted by the reduction in services authorized in X4 AB 4.
- $8,655,000 from reducing funding for IHSS Public Authority administration. This leaves $10,000,000 General Fund available for the Public Authorities to provide assistance to recipients in finding IHSS providers, investigate qualifications of potential IHSS providers, and offer training to IHSS providers.

These reductions total $37,555,000, which I am reducing from subdivision (d) of this Control Section. I am making these reductions so we have a prudent reserve and resources to address emergencies or additional revenue shortfalls.

My action also reflects a reduction of $19,075,000 to Title IV-E Waiver (Program 26) to increase the reserve for economic uncertainties and to reduce the state’s structural deficit, consistent with my May Revision proposal to achieve an unallocated reduction in the Child Welfare Services Program. I am reducing a total of $79,956,000 for this purpose: $19,075,000 from subdivision (f) of this Control Section and $60,881,000 from Item 5180-151-0001.

“Sec. 18.50. (a) The amount appropriated in Item 5180-001-0001 of Section 2.00 is hereby reduced by $7,337,000.

(b) Provision 9 of Item 5180-001-0001 of Section 2.00 is hereby deleted.

(c) The amount appropriated in Item 5180-101-0001 of Section 2.00 is hereby reduced by $500,501,000.

(d) The amount appropriated in Item 5180-111-0001 of Section 2.00 is hereby reduced by $643,248,000 $680,803,000.

(e) Schedule (5) of Item 5180-111-0001 of Section 2.00 is hereby deleted.

(f) The amount appropriated in Item 5180-153-0001 of Section 2.00 is hereby reduced by $16,321,000 $35,496,000.”

With the above deletions, revisions, and reductions, I hereby approve Assembly Bill 1, Fourth Extraordinary Session.

ARNOLD SCHWARZENEGGER

LEGISLATIVE COUNSEL’S DIGEST

The Budget Act of 2009 (Chapter 1 of the 2009–10 Third Extra­ordinary Session) made appropriations for the support of state government for the 2009–10 fiscal year.

This bill would make revisions in those appropriations for the 2009–10 fiscal year. The bill would make specified reductions in certain appropriations.

The California Constitution authorizes the Governor to declare a fiscal emergency and to call the Legislature into special session for that purpose. The Governor issued a proclamation declaring a fiscal emergency, and calling a special session for this purpose, on July 1, 2009.

This bill would state that it addresses the fiscal emergency declared by the Governor by proclamation issued on July 1, 2009, pursuant to the California Constitution.

This bill would declare that it is to take effect immediately as an urgency statute.

Appropriation: yes.
Ch. 1 — 18 —

The people of the State of California do enact as follows:

SECTION 1.00. This act shall be known and may be cited as the “Budget Act of 2009.”

SEC. 1.50. (a) In accordance with Section 13338 of the Government Code, as added by Chapter 1284, Statutes of 1978, and as amended by Chapter 1286, Statutes of 1984, it is the intent of the Legislature that this act utilize a coding scheme compatible with the Governor’s Budget and the records of the Controller, and provide for the appropriation of federal funds received by the state and deposited in the State Treasury.

(b) Essentially, the format and style are as follows:

(1) Appropriation item numbers have a code which is common to all the state’s fiscal systems. The meaning of this common coded item number is as follows:

2720—Organization Code (this code represents the California Highway Patrol)
001—Reference Code (first appropriation for a particular fund for support of each department)
0044—Fund Code (Motor Vehicle Account, State Transportation Fund)

(2) Appropriation items are organized in organization code order.

(3) All the appropriation items, reappropriation items, and reversion items, if any, for each department or entity are adjacent to one another.

(4) Federal funds received by the state and deposited in the State Treasury are appropriated in separate items.

(c) The Department of Finance may authorize revisions to the codes used in this act in order to provide compatibility between the codes used in this act and those used in the Governor’s Budget and in the records of the State Controller.

(d) Notwithstanding any other provision of this act, the Department of Finance may revise the schedule of any appropriation made in this act where the revision is of a technical nature and is consistent with legislative intent. These revisions may include, but shall not be limited to, the substitution of category for program or program for category limitations, the proper categorization of allocated administration costs and cost recoveries, the distribution of any unallocated amounts within an appropriation and the adjustment of schedules to facilitate departmental accounting operations, including the elimination of categories providing for amounts payable from other items or other appropriations and the distribution of unscheduled amounts to programs or categories. These revisions shall include a certification that the revisions comply with the intent and limitation of expenditures as appropriated by the Legislature.

(e) Notwithstanding any other provision of this act, when the Department of Finance, pursuant to subdivision (d), approves the schedule or revision of any appropriation relating to the elimination of amounts payable, the language authorizing the transfer shall also be eliminated.
SEC. 1.80. (a) The following sums of money and those appropriated by any other sections of this act, or so much thereof as may be necessary unless otherwise provided herein, are hereby appropriated for the use and support of the State of California for the 2009–10 fiscal year beginning July 1, 2009, and ending June 30, 2010. All of these appropriations, unless otherwise provided herein, shall be paid out of the General Fund in the State Treasury.

(b) All capital outlay appropriations and reappropriations, unless otherwise provided herein, are available as follows:

1. Studies, preliminary plans, working drawings, and minor capital outlay funds are available for expenditure until June 30, 2010.

2. Construction funds are available for expenditure until June 30, 2012, if allocated through fund transfer or approval to proceed to bid by the Department of Finance by June 30, 2010. Any funds not allocated by June 30, 2010, shall revert on July 1, 2010, to the fund from which the appropriation was made.

3. All other capital outlay funds are available until June 30, 2012.

(c) Whenever by constitutional or statutory provision the revenues or receipts of any institution, department, board, bureau, commission, officer, employee, or other agency, or any moneys in any special fund created by law therefor, are to be used for salaries, support, or any proper purpose, expenditures shall be made therefrom for any such purpose only to the extent of the amount therein appropriated, unless otherwise stated herein.

(d) Appropriations for purposes not otherwise provided for herein that have been heretofore made by any existing constitutional or statutory provision shall continue to be governed thereby.

This item includes $135,050,000 in funds for the purpose of administering federal Edward Byrne Memorial Justice Assistance Grant program funding provided by the American Recovery and Re-investment Act of 2009. The California Emergency Management Agency (Cal EMA) shall distribute these one-time funds in the 2009–10 fiscal year consistent with the following requirements:

(a) Of the total provided, $45,000,000 shall be used to provide substance abuse treatment for criminal offenders convicted of nonviolent drug offenses in the Offender Treatment Program authorized under Section 11999.30 of the Health and Safety Code, a deferred entry of judgment program authorized by Section 1000 of the Penal Code, a diversion program authorized by Section 1000.5 of the Penal Code, or a similar program funded through the State Department of Alcohol and Drug Programs (DADP). Any programs receiving funding shall follow a drug court model, establish and maintain protocols for the use of drug testing to monitor offenders’ progress in treatment, and work collaboratively with probation departments, other local law enforcement agencies, the district attorney, the public defender, and appropriate community-based organizations. Of this amount, $600,000 shall be for Cal EMA to enter into an interagency agreement with DADP to distribute and administer these funds according to program requirements. The remaining $44,400,000 provided for these programs shall be passed through to counties as local assistance.

(b) Of the total provided, $45,000,000 shall be used to provide grants to county probation departments for the purpose of providing evidence-based supervision, programs, or services to adult felon probationers with the pur-
pose of reducing the likelihood that these probationers will commit new crimes or other violations and be sent to prison. In order to receive funding, applicants seeking these funds shall be required to demonstrate that the programs for which they are seeking funds are evidence-based and targeted toward adults on felony probation. Applicants shall also be required to demonstrate how these programs create jobs. Cal EMA shall seek to distribute these funds proportionately to all county probation departments that submit qualifying applications based on each county’s population of adults 18 to 25 years of age, inclusive, provided that each county receiving funding shall receive a minimum of $25,000. An evidence-based program for adult probationers is one for which the applicant can identify empirical evidence that the program has been shown to reduce rates of reoffending, rearrest, reconviction, or reincarceration for program participants or that the program is considered a best practice in the criminal justice literature. Evidence-based programs for adult offenders include, but are not limited to, risk and needs assessments, graduated sanctions for probation violators, substance abuse and mental health treatment, employment and training assistance, case management, intensive supervision for high-risk offenders coupled with treatment services, and program evaluation. Applicants must demonstrate how specified outcome-based measures consistent with the goals of this program will be identified and tracked. A total of $424,000 of the $45,000,000 funded for this program shall be awarded to the Administrative Office of the Courts for the purpose of providing technical assistance to recipient counties in implementing these grants, including, but not limited to, developing, tracking, and reporting on outcome-based measurements to evaluate the program.

(c) Of the total provided, $19,750,000 shall be used for the Anti-Drug Abuse (ADA) Enforcement Program to support multijurisdictional drug task forces that combat street to
mid-level drug sales, manufacturing, and distribution at the local level.

(d) Of the total provided, $10,000,000 shall be provided to the Judicial Council to create, in partnership with the Department of Corrections and Rehabilitation (DCR), reentry courts designed to divert parole violators from prison through use of collaborative courts that provide enhanced supervision and services for inmates with mental health and substance abuse problems. No more than 5 percent of the $10,000,000 provided may be used by the Administrative Office of the Courts or DCR for administration of this program.

(e) Of the total provided, $4,500,000 shall be used for the California Multijurisdictional Methamphetamine Enforcement Team (Cal-MMET) Program to combat mid- to high-level methamphetamine manufacturing and drug trafficking organizations.

(f) Of the total provided, $3,750,000 shall be used for human trafficking task forces for purposes of increasing coordination among law enforcement agencies, district attorneys, victim services groups, and others to improve or increase training in human trafficking cases and the investigation and prosecution of those cases.

(g) Of the total provided, $3,300,000 shall be used for firearm trafficking programs designed to increase coordination among state, federal, and local law enforcement agencies for the purpose of increasing antifirearms trafficking efforts in California’s border region.

(h) Of the total provided, $2,100,000 shall be used for Regional Anti-Gang Intelligence-Led Policing Programs designated to establish a statewide network of antigang coordinators among law enforcement agencies and community antigang efforts to support intelligence-led policing focused on gang violence.

Provisions:

1. It is the intent of the Legislature that all funds appropriated to the Franchise Tax Board for processing tax returns, auditing, and collecting owed tax amounts shall be used in a manner consistent with both its authorized budget and with the documents that were presented to the Legislature for its review in support of that budget. The Franchise Tax Board shall not reduce expenditures or redirect either funding or personnel resources away from direct auditing or collection activities without prior approval of the Director of Finance. The director shall not approve any such reduction or redirection sooner than 30 days after providing notification to the Joint Legislative Budget Committee. No such position may be transferred from the organizational unit to which it was assigned in the 2009–10 Governor’s Budget and the Salaries and Wages Supplement as revised by legislative actions without the approval of the Department of Finance. Furthermore, the board shall expeditiously fill budgeted positions consistent with the funding provided in this act.

2. It is the intent of the Legislature that the Franchise Tax Board resolve tax controversies, without litigation, on a basis that is fair to both the state and the taxpayer and in a manner that will enhance voluntary compliance and public confidence in the integrity and efficiency of the board.

3. During the 2009–10 fiscal year, the collection cost recovery fee for purposes of subparagraph (A) of paragraph (1) of subdivision (a) of Section 19254 of the Revenue and Taxation Code shall be $217, and the filing enforcement cost recovery fee for purposes of subparagraph (A) of paragraph (2) of that subdivision shall be $113.

4. During the 2009–10 fiscal year, the collection cost recovery fee for purposes of subparagraph (B) of paragraph (1) of subdivision (a) of Section 19254 of the Revenue and Taxation Code shall be $413, and the filing enforcement cost recovery fee for
purposes of subparagraph (B) of paragraph (2) of that subdivision shall be $188.

5. Notwithstanding subdivision (b) of Section 19282 of the Revenue and Taxation Code, the combined costs to administer the Court-Ordered Debt Collection Program and to fund the Court-Ordered Debt Expansion Project may be funded from the Court Collection Account in an amount that may exceed 15 percent of annual collections.

6. The Franchise Tax Board (FTB) shall submit a written report to the Joint Legislative Budget Committee, the Assembly Committee on Budget, the Senate Committee on Budget and Fiscal Review, and the revenue and taxation policy committees of both houses of the Legislature on the Enterprise Data to Revenue (EDR) project within 21 days of the following circumstances:

(a) The project scope has changed and results in a 10-percent or more variance to schedule, cost, or revenue generation when compared to the most recent project document approved by the Office of the State Chief Information Officer (OSCIO). This includes, but is not limited to, any cumulative changes in system functionality and deployment plans that would trigger a special project report (SPR).

(b) The project schedule has changed by 10 percent or more when compared to the most recent OSCIO-approved project document. This includes, but is not limited to, any cumulative changes in milestones or deliverables that would trigger an SPR.

(c) The project costs has changed by 10 percent or more when compared to the most recent OSCIO-approved project document stating the total cost of system development. This includes, but is not limited to, any cumulative changes in contract, hardware/software, and staff expenses that would trigger an SPR.

(d) The realized revenues generated for a given fiscal year by the developed EDR system (net of revenues generated by addressing FTB’s backlog issue) vary by 10 percent or more above or below projected revenues in the most recent OSCIO-approved project document.
Ch. 1 — 120 —

Any report issued pursuant to this provision shall include a brief summary of the factors behind scope, schedule, cost or revenue changes and the steps FTB plans to take to address those issues, and the most recent Status Report on file at the OSCIO.

Provisions:
1. Notwithstanding any other provision of law, revenues from the sale of legislative bills and publications received by the Legislative Bill Room shall be deposited in the Service Revolving Fund.
2. Notwithstanding any other provision of law, if the Director of General Services determines in writing that there is insufficient cash in a special fund under his or her authority to make one or more payments currently due and payable, he or she may order the transfer of moneys to that special fund in the amount necessary to make payment or payments, as a loan from the Service Revolving Fund. That loan shall be subject to all of the following conditions:
   (a) No loan shall be made that would interfere with carrying out the object for which the Service Revolving Fund was created.
   (b) The loan shall be repaid as soon as there are sufficient moneys in the recipient fund to repay the amount loaned, but no later than 18 months after the date of the loan. The amount loaned shall not exceed the amount that the fund or program is authorized at the time of the loan to expend during the 2009–10 fiscal year from the recipient fund except as otherwise provided in Provisions 4, 5, and 6.
   (c) The terms and conditions of the loan are approved, prior to the transfer of funds, by the Department of Finance pursuant to appropriate fiscal standards.
3. The Director of General Services may augment this item or any of Items 1760-001-0002, 1760-001-0003, 1760-001-0026, and 1760-001-0602, by up to an aggregate of 10 percent in cases where (a) the Legislature has approved funds for a customer for the purchase of services or equipment through the Department of General Services (DGS) and the corresponding expenditure authority has not been provided in this item or (b) a local government entity or the federal government has
requested services from the DGS. Any augmentation that is deemed to be necessary on a permanent basis shall be submitted for review as part of the normal budget development process. If the Director of General Services augments this item or Item 1760-001-0002, 1760-001-0003, 1760-001-0026, or 1760-001-0602, the DGS shall notify the Department of Finance within 30 days after that augmentation is made as to the amount, justification, and the program augmented. Any augmentation made in accordance with this provision shall not result in an increase in any rate charged to other departments for services or the purchase of goods without the prior written consent of the Department of Finance. The Director of General Services shall not use this provision to augment this item or Item 1760-001-0002, 1760-001-0003, 1760-001-0026, or 1760-001-0602 for costs that the Department of General Services had knowledge of in time to include in the May Revision.

4. If this item or Item 1760-001-0002, 1760-001-0003, 1760-001-0026, or 1760-001-0602 is augmented pursuant to Provision 3 by the maximum allowed under that provision, the Director of Finance may further augment the item or items in cases where (a) the Legislature has approved funds for a customer for the purchase of services or equipment through the Department of General Services (DGS) and the corresponding expenditure authority has not been provided in these items, or (b) a local government entity or the federal government has requested services from the DGS. Any augmentation that is deemed to be necessary on a permanent basis shall be submitted for review as part of the normal budget development process. The Director of Finance shall not use this provision to augment this item or Item 1760-001-0002, 1760-001-0003, 1760-001-0026, or 1760-001-0602 for costs of which the Departments of Finance or General Services had knowledge in time to include in the May Revision.

5. The Director of General Services may augment this item and Items 1760-001-0003 and 1760-001-0026 to increase authorized expenditures by the Office of State Publishing, the Office of Risk and Insurance Management, the Office of Fleet Administration, and the Office of Public Safety
Radio Services. The augmentation shall be for the specific purpose of enabling the Office of State Publishing, the Office of Risk and Insurance Management, the Office of Fleet Administration, and the Office of Public Safety Radio Services to provide competitive services to their customers (including local government entities or the federal government) and may be made only if the office has sufficient operating reserves available to fund the augmentation. If the Director of General Services proposes to augment any of the items in this provision, the director shall notify the Department of Finance, the chairpersons of the fiscal committees of each house of the Legislature, and the Chairperson of the Joint Legislative Budget Committee 30 days prior to making the augmentation, including the amount, justification, and the office augmented. Any augmentation that is deemed to be necessary on a permanent basis shall be submitted for review as part of the normal budget development process.

6. Any augmentation made pursuant to Provisions 3 and 4 shall be reported in writing to the chairpersons of the fiscal committees of each house of the Legislature and the Chairperson of the Joint Legislative Budget Committee within 30 days of the date the augmentation is approved. This notification shall be provided in a format consistent with normal budget change requests, including identification of the amount of, and justification for, the augmentation, and the program that has been augmented. Copies of the notification shall be provided to the Department of Finance.

7. Notwithstanding any other provision of law, the Director of General Services or his or her designee, in lieu of the Director of Finance, is authorized to approve Budget Revision, Standard Form 26, subject to a copy being provided to the Department of Finance.

8. Notwithstanding any other provision of law, due to the inability to issue energy efficiency revenue bonds pursuant to Chapter 2.7 (commencing with Section 15814.10) of Part 10b of Division 3 of Title 2 of the Government Code, in order to repay the General Fund for the cost of completing energy efficiency projects on specified buildings, the Department of General Services shall, within
10 fiscal years, recover an amount sufficient to repay the costs associated with completed energy efficiency projects plus 5-percent interest, through utility rates charged to tenants. On August 1 of each fiscal year beginning with the 2005–06 fiscal year, the Department of General Services shall transfer that amount to the General Fund. Once the General Fund has been fully repaid, the Department of General Services shall adjust utility rates for all tenants to accurately reflect the current rates.

9. The Director of Finance is authorized to increase this item for purposes of funding tenant improvement projects to facilitate the backfill of vacant space within stand-alone Department of General Services (DGS) bond-funded office buildings. This provision shall only be used to augment expenditure authority for DGS stand-alone individual rate office buildings where a $0.03 tenant improvement surcharge has been approved by the Department of Finance and is included in the monthly rental rate. Department of Finance approval is contingent upon justification for the proposed tenant improvement projects to be provided by the DGS including an analysis of cost impacts and how the tenant improvements will improve the state’s utilization of the facility. Any augmentation made in accordance with this provision shall not result in an increase in any rate charged to other departments for services without the prior written consent of the Department of Finance. Any augmentation made pursuant to this provision may be authorized not sooner than 30 days after notification in writing to the chairpersons of the fiscal committees of each house of the Legislature and the Chairperson of the Joint Legislative Budget Committee.

10. Notwithstanding any other provision of law, funds appropriated in this item may be transferred to Item 0502-001-0001 if the Director of Finance determines the transfer to be necessary to carry out Governor’s Reorganization Plan No. 1 of 2009. These transfers may be made upon the order of the Director of Finance not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in each house of the Legislature.

*1900-015-0822—For support of the Board of Administration of the Public Employees’ Retirement System, payable from the Public Employees’ Health Care Fund ............................................................... (13,693,000)

Provisions:
1. Notwithstanding any other provision of law, the Board of Administration of the Public Employees’ Retirement System (PERS), in accordance with all applicable provisions of the California Constitution, shall submit to the Controller, the
Department of Finance, the Joint Legislative Budget Committee, and the fiscal committees of the Legislature all of the following:

(a) No later than May 15, 2010, a copy of the proposed budget for PERS for the 2010–11 fiscal year as approved by the Board of Administration.

(c) Commencing October 1, 2009, all expenditures and performance workload data provided to the Board of Administration, as updated on a quarterly basis. This quarterly update information is to be submitted to the Joint Legislative Budget Committee and fiscal committees of the Legislature, and shall be in sufficient detail to be useful for legislative oversight purposes and to sustain a thorough ongoing review of Public Employees’ Retirement System expenditures.

2. The Legislature finds and declares that the Public Employees’ Retirement System (PERS) is accountable to members, governmental entities, and taxpayers with respect to the annual health premium increases that its board of administration adopts. The Board of Administration is encouraged to use the means at its disposal under law, consistent with requirements to provide benefits to public employees and others, to achieve low annual premium increases. To facilitate legislative oversight, the Board of Administration shall submit an annual report within 100 days of its adoption of annual health premium increases or decreases that describes the methods it employed to moderate annual increases in premiums when taking that action. In years when the Board of Administration adopts health premium increases in excess of those assumed in the most recent state retiree health program actuarial valuation, the report shall include a discussion of actions that the Board of Administration plans to take, if any, to attempt to reduce the rate of annual premium growth to levels below those assumed in this valuation.
vation for the next three years. This reporting requirement applies to the Board of Administration’s action in 2009 to adopt premium rates for 2010 and all Board of Administration actions to increase or decrease annual health premiums adopted thereafter. This reporting requirement does not obligate the Board of Administration to adopt any specific level of premium for any given year or to change any action it otherwise determines is necessary under state law. The Board of Administration may state in the report that it is unable to commit to specific actions to reduce the rate of health premium growth or does not know if future reductions in the rate of health premium growth can be achieved. PERS is requested to complete these reports with existing budgetary and staffing resources. The report shall be submitted to the Chairperson of the Joint Legislative Budget Committee, the chairpersons of the committees and subcommittees in each house of the Legislature that consider PERS’ budget and activities, the Controller, the Director of Finance, and the Legislative Analyst.

In addition, the balance of funds appropriated for construction that has not been allocated, through fund transfer or approval to bid, by the Department of Finance on or before June 30, 2012, shall revert as of that date to the fund from which the appropriation was made.

3. The Department of Forestry and Fire Protection and the State Public Works Board are authorized and directed to execute and deliver any and all leases, contracts, agreements, or other documents necessary or advisable to consummate the sale of bonds or otherwise effectuate the financing of the scheduled projects.

4. The State Public Works Board shall not be deemed a lead or responsible agency for purposes of the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code) for any activities under the State Building Construction Act of 1955 (Part 10b (commencing with Section 15800) of Division 3 of Title 2 of the Government Code). This section does not exempt the Department of Forestry and Fire Protection from the requirements of the California Environmental Quality Act. This section is intended to be declarative of existing law.

5. The funds appropriated in Schedules (2), (6), (8), and (10) include funding for construction and pre-construction activities, including, but not limited to, study, environmental documents, preliminary plans, working drawings, equipment, and other costs relating to the design and construction of forest fire station facilities, that may be performed by the Department of Forestry and Fire Protection. Not less than 20 days after providing notice to the Joint Legislative Budget Committee, the Department of Finance may modify which
projects may be managed by the Department of Forestry and Fire Protection, provided that those projects are limited to the design and construction of fire station facilities or facilities with substantially similar components, which can be managed by existing capital outlay staff. Provisions:
1. Of the amount appropriated in this item, $11,588,000 for the California Flood SAFE Program shall be available for encumbrance or expenditure until June 30, 2012.

Provisions:
1. This item is for the payment of the settlement entered into by the State of California and the plaintiffs of the Coordination Proceeding Special Title (Rule 1550(b)) February 20, 1986, Flood Cases (Paterno v. State of California (2003) 113 Cal.App.4th 998), that was ultimately acquired by Merrill Lynch & Co. and allows for repayment over a 10-year period ending in 2015. The Director of Finance shall notify the Joint Legislative Budget Committee 30 days prior to the expenditure of any additional funds from this item.
3. In the event that the actual total payments for this item are less than the amount appropriated, the excess funds will revert to the General Fund on June 30, 2010.

The Director of the Emergency Medical Services Authority may contract with eligible poison control centers for the distribution of these funds.

2. The Emergency Medical Services Authority shall use the following guidelines in administering state-funded grants to local agencies: (a) funding eligibility shall be limited to rural multicounty regions that demonstrate a heavy use of the emergency medical services system by nonresidents, (b) local agencies shall provide matching funds of at least $1 for each dollar of state funds received, (c) state funding shall be used to provide only essential minimum services necessary to operate the system, as defined by the authority, (d) no region shall receive both federal and state funds in the same fiscal year for the same purpose, and (e) the Emergency Medical Services Authority shall monitor the use of the funds by recipients to ensure that these funds are used in an appropriate manner.
3. Each region shall be eligible to receive up to one-half of the total cost of a minimal system for that region, as defined by the Emergency Medical Services Authority. However, the authority may reallocate unclaimed funds among regions.

4. Notwithstanding Provision 2(b), each region with a population of 300,000 or less as of June 30, 2008, shall receive the full amount for which it is eligible if it provides a cash match of $0.41 per capita or more. Failure to provide local cash contributions at the specified level shall result in a proportional reduction in state funding.

5. It is the intent of the Legislature that the Director of the Emergency Medical Services Authority provide assistance, when feasible, to poison control centers in seeking sources of funding other than General Fund support, including grants from health-related foundations, federal grants, and assistance from the California Children and Families Commission, or other relevant entities. It is also the intent of the Legislature that poison control centers assertively seek and obtain funding from foundations, private-sector entities, the federal government, and sources other than the General Fund.

Provisions:

1. Except as otherwise prohibited by law, the State Department of Public Health (SDPH) shall promulgate emergency regulations to adjust the public health fees set by regulation to an amount such that, if the new fees were effective throughout the 2009–10 fiscal year, the estimated revenues would be sufficient to offset at least 95 percent of the approved program level intended to be supported by those fees. The General Fund fees of the SDPH that are subject to the annual fee adjustment pursuant to subdivision (a) of Section 100425 of the Health and Safety Code shall be increased by 11.18 percent. The special fund fees of SDPH that are subject to the annual fee adjustment pursuant to subdivision (a) of Section 100425 of the Health and Safety Code may be increased by 11.18 percent only if the fund condition statement for a fund projects a reserve less than 10 percent of estimated expenditures and the revenues projected for the 2009–10 fiscal year are less than the appropriation contained in this act.

2. Notwithstanding subdivision (b) of Section 100450 of the Health and Safety Code, departmental fees that are subject to the annual fee adjustment pursuant to subdivision (a) of Section 100450 of the Health and Safety Code shall be increased by 4.01 percent, effective July 1, 2009.

3. The State Department of Public Health shall limit expenditures in this item to implement the Uniform Anatomical Gift Act (Ch. 829, Stats. 2000) to the amount of actual fees collected from tissue banks.

4. The State Department of Public Health shall provide the fiscal and policy committees of each house of the Legislature by no later than January 15, 2010, a copy of the annual work plan for accomplishing the mandates set forth in the Nursing Home Administrators’ Act. This work plan will identify goals and objectives, required activities, resources needed, timeframes, and expected outcomes that will result in the accomplishment of the defined mandates.
5. The State Department of Public Health shall use the standard state personnel year equivalent for all new positions funded in the 2009–10 fiscal year for licensing and certification activities related to health care facilities.

6. Of the amount appropriated in this item, $1,000,000 shall be used for Valley Fever research and related activities.

1. (a) No funds appropriated in this item shall be encumbered unless every rule or regulation adopted and every all-county letter issued by
the State Department of Social Services that adds to the costs of any program is approved by the Department of Finance as to the availability of funds before it becomes effective. In making the determination as to availability of funds to meet the expenditures of a rule, regulation, or all-county letter that would increase the costs of a program, the Department of Finance shall consider the amount of the proposed increase on an annualized basis, the effect the change would have on the expenditure limitations for the program set forth in this act, the extent to which the rule, regulation, or all-county letter constitutes a deviation from the premises under which the expenditure limitations were prepared, and any additional factors relating to the fiscal integrity of the program or the state’s fiscal situation.

(b) Notwithstanding Sections 28.00 and 28.50, the availability of funds contained in this item for rules, regulations, or all-county letters that add to program costs funded from the General Fund in excess of $500,000 on an annual basis, including those that are the result of a federal regulation but excluding those that are (1) specifically required as a result of the enactment of a federal or state law or (2) included in the appropriation made by this act, shall not be approved by the Department of Finance sooner than 30 days after notification in writing to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or such lesser time as the chairperson of the joint committee, or his or her designee, may in each instance determine.

2. Notwithstanding Chapter 1 (commencing with Section 18000) of Part 6 of Division 9 of the Welfare and Institutions Code, a loan not to exceed $500,000,000 shall be made available from the General Fund, from funds not otherwise appropriated, to cover the federal share of costs of a program or programs when the federal funds have not been received by this state prior to the usual time for transmitting that federal share to the counties.

(b) If the Department of Finance determines that the estimate of expenditures will exceed the expenditures authorized for this item, the department shall so report to the Legislature. At the time the report is made, the amount of the appropriation made in this item shall be increased by the amount of the excess unless and until otherwise provided by law.

5. Nonfederal funds appropriated in this item which have been budgeted to meet the state’s Temporary Assistance for Needy Families maintenance-of-effort requirement established pursuant to the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193) may not be expended in any way that would cause their disqualification as a federally allowable maintenance-of-effort expenditure.

6. In the event of declared disaster and upon county request, the State Department of Social Services may act in the place of any county and assume direct responsibility for the administration of eligibility and grant determination. Upon recommendation of the Director of Social Services, the Department of Finance may authorize the transfer of funds from this item and 5180-101-0890, to Items 5180-001-0001 and 5180-001-0890, for this purpose.
7. Pursuant to the Electronic Benefit Transfer (EBT) Act (Chapter 3 (commencing with Section 10065) of Part 1 of Division 9 of the Welfare and Institutions Code) and in accordance with the EBT System regulations (Manual of Policies and Procedures Section 16-401.15), in the event a county fails to reimburse the EBT contractor for settlement of EBT transactions made against the county’s cash assistance programs, the state is required to pay the contractor. The State Department of Social Services may use funds from this item to reimburse the EBT contractor for settlement on behalf of the county. The county shall be required to reimburse the department for county’s settlement via direct payment or administrative offset.

Provisions:
1. Any funds recovered as a result of audits of locally operated return-to-custody centers shall revert to the General Fund.
2. When contracting with counties for vacant jail beds for any inmate under the jurisdiction of the Secretary of the Department of Corrections and Rehabilitation, the department shall not reimburse counties more than the average amount it costs the
state to provide the same services in comparable state institutions. This restriction shall not apply to any existing contract, but shall apply to the extension or renewal of that contract. In addition, the total operational cost of incarcerating state inmates in leased county jail beds (which includes state costs, but is exclusive of one-time and capital outlay costs) shall not exceed the department’s average cost for operating comparable institutions.

3. Notwithstanding any other provision of law, but subject to providing 30 days’ prior notification to the Joint Legislative Budget Committee, funds appropriated in Schedule (8) or (9), or both, may be transferred to Item 5225-101-0001, Schedule (7), upon order of the Director of Finance, to provide funds for the reimbursement of counties for the cost of holding parole violators in local jail.

4. Not later than 60 days following enactment of this act, and subsequently on February 10 and upon release of the May Revision, the Secretary of the Department of Corrections and Rehabilitation shall submit to the Director of Finance the Post Assignment Schedule for each adult institution, reconciled to budgeted authority and consistent with approved programs, along with allotments consistent with the reconciled Post Assignment Schedule for each adult institution.

5. Not later than February 17, 2010, the Secretary of the Department of Corrections and Rehabilitation shall submit to the chairpersons and vice chairpersons of the committees in both houses of the Legislature that consider the State Budget and to the Legislative Analyst’s Office an operating budget for each of the correctional facilities under the control of the department. Specifically, the report shall include: (a) yearend expenditures by program for each institution in the 2008–09 fiscal year, (b) allotments and projected expenditures by program for each institution in the 2009–10 fiscal year, (c) the number of authorized and vacant positions, estimated overtime budget, estimated benefits budget, and operating expense and equipment budget for each institution, and (d) a list of all capital outlay projects occurring or projected to occur during the 2009–10 fiscal year.
6. Funds appropriated to accommodate projected adult institutional and parolee population levels in excess of those that actually materialize, if any, shall revert to the General Fund.

7. No later than January 10, 2010, the Department of Corrections and Rehabilitation (DCR), in consultation with the Office of the Receiver, shall report to the budget committees of both houses of the Legislature on its overtime expenditures for security staff (correctional officers, sergeants, and lieutenants) in the 2008–09 and 2009–10 fiscal years; including both security staff under the direction of the DCR and the Office of the Receiver. This report shall: (a) identify the total budgeted resources available to DCR and the Office of the Receiver for security staff overtime (including funding for correctional relief officers and overtime funding for medical guarding and transportation); (b) compare the total budgeted resources to actual overtime expenditures and describe how DCR and the Office of the Receiver accommodated any identified funding shortfall; (c) identify the estimated amount by which different factors (such as vacancy rates) drive overtime costs; (d) provide an estimate of the DCR's and the Office of the Receiver's actual need for overtime funding; and (e) include a plan for how DCR and the Office of the Receiver will control overtime expenditures in the future.

8. Notwithstanding any other provision of law, and no sooner than 30 days after notifying the Joint Legislative Budget Committee and the chairpersons of the fiscal committees in each house of the Legislature, the Department of Finance may reduce the amount appropriated in this item commensurate with savings identified by the Department of Corrections and Rehabilitation related to the implementation of reforms to the Division of Juvenile Justice during the 2009–10 fiscal year. Program reductions may be made to Programs 20, 21, 22, and 23. Reductions shall not be made below funding levels needed to maintain compliance with the Farrell Remedial Plans.

9. (a) The funds appropriated in this item are restricted for use by the Department of Corrections and Rehabilitation for the specific programmatic and operational purposes specified
in the Supplemental Report of the Budget Act of 2009. The department shall provide two reports identifying its progress toward expending these funds during the 2009–10 fiscal year to the Joint Legislative Budget Committee and the fiscal committees of both houses of the Legislature. The first report shall be due February 1, 2010, and shall separately detail the activities of the first two quarters of the 2009–10 fiscal year. The second report shall be due May 1, 2010, and shall display the activities for the third quarter of the 2009–10 fiscal year. The funds identified in the Supplemental Report of the Budget Act of 2009 shall be utilized for the purposes specified; and any unspent funds shall revert to the General Fund.

(b) In situations where fluctuations in population result in lower expenditure levels as identified in the department’s population budget change proposals, these savings shall be captured in the population funding estimates and may be used to offset other population-related expenditure increases.

(c) After providing a 30-day notification period to the Joint Legislative Budget Committee, the department may expend funds identified in the Supplemental Report of the Budget Act of 2009 on other identified needs.

10. The Department of Corrections and Rehabilitation (DCR) shall continue its efforts in consultation with legislative staff and the Department of Finance to create a more accurate and transparent population budget request for caseload-related funding. In particular, DCR shall identify appropriate funding formulas to use to estimate staffing levels and funding associated with changes in the projected inmate, parolee, and ward populations. These formulas shall be presented to the Legislature no later than January 10, 2010, so as to be considered during budget deliberations. If approved, these formulas shall be incorporated into DCR’s budget request the following year.

11. The Budget Act of 2009 reflects a reduction in funding for inmate and parolee programs designed to reduce recidivism. The Department of
Corrections and Rehabilitation shall implement these reductions consistent with the following requirements: (a) the department shall prioritize the preservation of programs for which there is evidence—based on studies of the programs operated by the department or in the national literature—that they are effective at reducing recidivism, (b) the department shall seek to achieve savings through more efficient operations in the delivery of these programs, (c) the department shall seek to place inmates and parolees into programs for which they are best suited by prioritizing the placement of offenders who are assessed as higher risk to reoffend, demonstrate a significant need for the services provided for a particular program, and who have a sufficient amount of time left to serve in prison to reasonably complete the program or, at a minimum, make a reasonable amount of progress that it is possible to have an impact on their likelihood of recidivating, (d) the department shall seek to prioritize the elimination of vacant positions over laying off existing staff, (e) the department shall seek to use available resources to maximize the number of inmates and parolees who have access to and complete programs, and (f) the department shall seek to maximize the use of federal or other funds to maintain or enhance inmate and parolee programs. No later than August 15, 2009, the department shall report to the Joint Legislative Budget Committee a detailed plan as to how it will achieve savings from inmate and parolee programs, as well as how that plan is consistent with the requirements of this provision. No later than April 15, 2010, the department shall report to the joint committee regarding its progress in achieving these savings.

   (b) $10,873,244 is for the infant and toddler earmark and shall be used for increasing the supply of quality child care for infants and toddlers.
   (c) $2,969,000 in one-time federal funding is available for use in the 2009–10 fiscal year. The remaining funds shall be used for child care and development quality expenditures identified by the State Department of Education (SDE) and approved by the Department of Finance.
   (d) From the remaining funds in Schedule (1.5)(l), the following amounts shall be allocated for the following purposes: $4,000,000 to train former CalWORKs recipients as child care teachers, for which administrative costs shall be minimized to allow for maximum enrollment, with priority for funding given to programs at community colleges that have demonstrated high completion rates;

(b) The SDE shall provide quarterly information regarding the sufficiency of funding for Stage 2 and Stage 3 to DSS. The SDE shall provide caseloads, expenditures, allocations, unit costs, family fees, and other key variables and assumptions used in determining the sufficiency of state allocations. Detailed backup by month and on a county-by-county basis shall be provided to the DSS at least on a quarterly basis for comparisons with Stage 1 trends.
(c) By September 30 and March 30 of each year, the SDE shall ensure that detailed caseload and expenditure data, through the most recent period for Stage 2 and Stage 3 Setaside along with all relevant assumptions, is provided to DSS to facilitate budget development. The detailed data provided shall include actual and projected monthly caseload from Stage 2 scheduled to time off of their transitional child care benefit from the last actual month reported by agencies through the next two fiscal years as well as local attrition experience. DSS shall utilize data provided by the SDE, including key variables from the prior fiscal year and the first two months of the current fiscal year, to provide coordinated estimates in November of each year for each of the three stages of care for preparation of the Governor’s Budget, and shall utilize data from at least the first two quarters of the current fiscal year, and any additional monthly data as they become available for preparation of the May Revision. The DSS shall share its assumptions and methodology with the SDE in the preparation of the Governor’s Budget.

In addition, identify and classify the reasons for fee exemptions.

(3) Within and across all major programs, as specified in paragraph (1), determine the monthly rates of attrition of families. If the average cost per pupil per day exceeds $10 per day, the department shall provide specific reasons why the costs are justified and cannot be reduced. In calculating cost per pupil per day, the department shall not count attendance unless the pupil is under the direct supervision of after school program staff funded through the grant. Additionally, the department shall calculate cost per day on the basis of the equivalent of a three-hour day for 180 days per school year. The department shall also identify for each program, as applicable, if the attendance of pupils is restricted to any particular subgroup of pupils at the school in which the program is located. (3) 30.10.020-Cal-SAFE Child Care.... 24,778,000

Provisions:

Provisions:

1. The funds appropriated in this item are for transfer by the Controller during the 2009–10 fiscal year to Section B of the State School Fund.

2. Notwithstanding any other provision of law, apportionment funding for community college districts shall be based on the greater of the current year or prior year level of full-time equivalent students (FTES), consistent with K–12 declining enrollment practices pursuant to Section 42238.5 of the Education Code. Decreases in FTES shall result in a revenue reduction at the district’s average level of apportionment funding per FTES and shall be made in the year following the initial year of decrease in FTES.

3. The funds appropriated in Schedule (1) for Apportionments include $31,409,000 to encourage district-level accountability efforts pursuant to Section 84754.5 of the Education Code. It is intended that the Chancellor of the California Community Colleges submit an annual report on district-specific accountability measures by March 19 of each year. This report shall reflect outcomes from the most recently completed fiscal year for which data is available pursuant to Section 84754.5 of the Education Code.

4. Of the funds appropriated in Schedule (1), Apportionments:
   (a) Up to $100,000 is for a maintenance allowance, pursuant to Section 54200 of Title 5 of the California Code of Regulations.
   (b) Up to $500,000 is to reimburse colleges for the costs of federal aid repayments related to assessed fees for fee waiver recipients. This reimbursement only applies to students who completely withdraw from college before the census date pursuant to Section 58508 of Title 5 of the California Code of Regulations.

6. Notwithstanding any other provision of law, the Chancellor of the California Community Colleges shall not reduce district workload obligations for a lack of a funded cost-of-living adjustment.
Item 7. (a) The amount appropriated in Schedule (2) for the Apprenticeship Program shall be available as necessary upon certification by the Chancellor of the California Community Colleges for the purpose of funding community college-related and supplemental instruction pursuant to Section 3074 of the Labor Code, as provided in Section 8152 of the Education Code. No community college district shall use funds available under this provision to offer any new apprenticeship training program or the expansion of any existing program unless the new program or expansion has been approved by the chancellor.

(b) Notwithstanding Section 8152 of the Education Code, each 60-minute hour of teaching time devoted to each indentured apprentice enrolled in and attending classes of related and supplemental instruction as provided under Section 3074 of the Labor Code shall be reimbursed at the rate of $5.06 per hour. For purposes of this provision, each hour of teaching time may include up to 10 minutes for passing time and breaks.

8. Funds appropriated in Schedule (3), Growth for Apportionments, shall be available first to any districts bringing online in the current fiscal year newly accredited colleges or California Postsecondary Education Commission-approved educational centers. It is the intent of the Legislature that increases in basic foundation allocations to each college be funded prior to additional growth in full-time equivalent students. The Chancellor of the California Community Colleges shall provide a report by November 1 of each year, to the Department of Finance and the Legislative Analyst, on the number of new centers and colleges added for the current fiscal year and those anticipated to be added for the prospective budget year. This report shall also detail the specific funding adjustments provided for basic foundation allocations to each college and center for the current fiscal year.

9. Notwithstanding any other provision of law, funds appropriated in Schedule (3) for Growth for Apportionments shall only be allocated for growth in full-time equivalent students (FTES), on a
district-by-district basis, as determined by the Chancellor of the California Community Colleges. The chancellor shall not include any FTES from concurrent enrollment in physical education, dance, recreation, study skills, and personal development courses and other courses in conflict with existing law for the purpose of calculating a district’s three-year overcap adjustment. The Board of Governors of the California Community Colleges shall implement the criteria required by subdivision (a) of Provision 5 of Item 6870-101-0001 of the Budget Act of 2003 (Ch. 157, Stats. 2003) for the allocation of funds appropriated in Schedules (1) and (3), so as to ensure that courses related to student needs for transfer, basic skills, and vocational/workforce training are accorded the highest priority and are provided to the maximum extent possible within budgeted funds.

10. The funds appropriated in Schedule (4), Student Success for Basic Skills Students, shall be allocated as follows:
   (a) $1,344,000 for faculty and staff development to improve curriculum, instruction, student services, and program practices in the areas of basic skills and English as a Second Language (ESL) programs. The Office of the Chancellor of the California Community Colleges shall select a district, utilizing a competitive process, to carry out these faculty and staff development activities. All colleges receiving funds pursuant to subdivision (b) shall be provided with the opportunity to participate in the faculty and staff development programs specified in this subdivision. The chancellor shall report on the use of these funds by the selected district to the Legislative Analyst and the Department of Finance not later than September 1, 2010.

(d) (1) Of the amount appropriated in Schedule (5), $2,800,000 shall be for a contract with a community college district to conduct a statewide media campaign to promote the general message to pro-
spective students as follows: (A) the California Community Colleges (CCC) remain affordable, (B) financial aid and tax credits are available to cover enrollment fees and help with books and other costs, and (C) the active encouragement of contact between pupils and local CCC financial aid offices. Any funds used from this source to produce radio, television, or mail campaigns must emphasize the availability of financial aid, the easiest and most reliable method of accessing the aid, a contact telephone number, an Internet Web site address, where applicable, and the physical location of a financial aid office. Any mail campaign must give priority to existing pupils, recent high school graduates, and 12th graders. The outreach and information campaign should target its efforts in high schools, welfare offices, unemployment offices, churches, community centers, and any other location that will most effectively reach low-income and disadvantaged students who must overcome barriers in accessing postsecondary education. a district. It is the intent of the Legislature, to the extent that funds are provided in this item, that all campuses provide additional staff resources to increase both financial aid participation and student access to low-income and disadvantaged students who must overcome barriers in accessing postsecondary education. Funds may be used for screening current students for possible financial aid eligibility and offering personal assistance to these students in accessing financial aid, providing individual help in multiple languages for families and students in filling out the necessary paperwork to apply for financial aid, and increasing financial aid staff to process additional financial aid forms.

(3) Funding provided to community college districts in paragraph (2) of this subdivision (d) is provided to directly offset any mandated costs claimed by community college districts pursuant to the Commission on State Mandates test claim 02-TC-28 (Cal Grants) and 02-TC-21 (Tuition Fee Waivers).

(4) Funds allocated to a community college district for financial aid personnel, outreach determination of financial need, and delivery of student financial aid services shall supplement, and shall not supplant, the level of funds allocated for the administration of student financial aid programs during the 2001–02 fiscal year or 2006–07, whichever is greater.

(5) It is the intent of the Legislature that the Office of the Chancellor of the California Community Colleges provide the Legislature with a report not later than April 1, 2010, on the use of the funds allocated pursuant to paragraphs (1) and (2) of this subdivision (d), including the distribution of the funds, specific uses of the funds, strategies employed to reach low-income and disadvantaged students potentially eligible for financial aid, and
the extent to which districts were successful in increasing the number of students accessing financial aid, particularly the maximum Pell Grant award.

(6) It is the intent of the Legislature that the chancellor report by May 15, 2010, in the manner and using the factors set forth in paragraph (5) of subdivision (c) of Provision 11 of Item 6870-101-0001 of the Budget Act of 2007, on the impact of outreach efforts on student headcount and FTES enrollment for the 2006–07 and 2007–08 academic years.

12. (a) The funds appropriated in Schedule (6) for the Disabled Students Program are for assisting districts in funding the excess direct instructional cost of providing special support services or instruction, or both, to disabled students enrolled at community colleges, and for state hospital programs, as mandated by federal law.

(b) Of the amount appropriated in Schedule (6), no less than $3,166,000 shall be used to address deficiencies identified by the federal Office of Civil Rights (OCR), as determined by the Office of the Chancellor of the California Community Colleges.

(c) Of the amount appropriated in Schedule (6), at least $757,000 shall be used for support of the High Tech Centers for activities including, but not limited to, training of district employees, staff, and students in the use of specialized computer equipment for the disabled. All High Tech Centers shall meet standards developed by the Office of the Chancellor. Colleges that receive these augmentations shall not supplant existing resources provided to the centers.

(d) Notwithstanding any other provision of law, of the funds appropriated in Schedule (6), $1,000,000 shall be for state hospital adult education programs at the hospitals served by the Coast and Kern Community College Districts since the 1986–87 fiscal year. If adult education services at any of the three hospitals are not supported by the community colleges in any portion of the 2009–10
fiscal year, remaining funds shall, upon order of the Department of Finance, after 30 days’ notice to the Chairperson of the Joint Legislative Budget Committee, be transferred to the State Department of Developmental Services (DDS). For any transfer of funds to DDS during the 2009–10 fiscal year, the Proposition 98 base funding levels for community colleges and DDS shall be adjusted accordingly.

(e) Of the funds appropriated in Schedule (6) for the Disabled Student Services, no less than $7,704,000 shall be allocated to support high-cost sign language interpreter services and real-time captioning equipment or other communication accommodations for hearing-impaired students based on a 4-to-1 state-to-local district match.

13. The funds appropriated in Schedule (7), Special Services for CalWORKs Recipients, are for the purpose of assisting welfare recipient students and those in transition off of welfare to achieve long-term self-sufficiency through coordinated student services offered at community colleges, including workstudy, other educational related work experience, job placement services, child care services, and coordination with county welfare offices to determine eligibility and availability of services. All services funded in Schedule (7) shall be for current CalWORKs recipients or prior CalWORKs recipients who are in transition off of cash assistance for no more than two years. Current cash-assistance recipients may utilize these services until their initial educational objectives are met. Former recipients in transition off of cash assistance may utilize these services for a period of up to two years after leaving cash assistance subject to the conditions of this provision. These funds shall be used to supplement and not supplant existing funds and services provided for CalWORKs recipients attending community colleges. The Chancellor of the California Community Colleges shall develop an equitable method for allocating funds to all districts and colleges based on the relative
numbers of CalWORKs recipients in attendance and shall allocate funds for the following purposes:
(a) Job placement.
(b) Coordination with county welfare offices and other local agencies, including local workforce investment boards.
(c) Curriculum development and redesign.
(d) Child care and workstudy.
(e) Instruction.
(f) Postemployment skills training and related skills.
(g) Campus-based case management, limited to on-campus assistance and services not provided by county case workers that do not supplant other counseling and academic support services funded through existing California Community Colleges categorical programs.

Of the amount appropriated in Schedule (7), $12,750,000 is for child care and does not require a district match. For the remaining funds, districts shall, as a condition of receipt of these funds, provide a $1 match for every $1 provided by the state.

Funds utilized for subsidized child care shall be for children of CalWORKs recipients through campus-based centers or parental choice vouchers at rates and with rules consistent with those applied to related programs operated by the State Department of Education in the 2009–10 fiscal year, including eligibility, reimbursement rates, and parental contribution schedules. Subsidized campus child care for CalWORKs recipients may be provided during the period they are engaged in qualifying state and federal work activities through attainment of their initial education and training plan and for up to three months thereafter or until the end of the academic year, whichever period of time is greater.

Funds utilized for workstudy shall be used solely for payments to employers that currently participate in campus-based workstudy programs or are providing work experiences that are directly related to and in furtherance of student educational programs and work participation requirements, provided that those payments may
not exceed 75 percent of the wage for the work-study positions, and the employers shall pay at least 25 percent of the wage for the work-study positions. These funds may be expended only if the total hours of education, employment, and work-study for the student are sufficient to meet both state and federal minimum requirements for qualifying work-related activities.

Funds may be used to provide credit or non-credit classes for CalWORKs students if a district has committed all of its funded full-time equivalent students (FTES) and is unable to offer the additional instructional services to meet the demand for CalWORKs students. This determination shall be based on fall enrollment information. Districts shall submit applications to the Office of the Chancellor by October 15 of each year. If the chancellor approves the use of funds for direct instructional workload, the Office of the Chancellor shall submit a report to the Department of Finance and the Joint Legislative Budget Committee by November 15, 2009, that (a) identifies the enrollment of new CalWORKs students, (b) states whether and why additional classes were needed to accommodate the needs of CalWORKs students, and (c) sets forth an expenditure plan for the balance of funds.

As a condition of receipt of the funds appropriated in Schedule (7), by the fourth week following the end of the semester or quarter term commencing in January 2010, each participating community college shall submit to the Office of the Chancellor a report, in the format specified by the chancellor in consultation with the State Department of Social Services, that includes, but is not limited to, the funded components, the number of hours of child care provided, the average monthly enrollment of CalWORKs dependents served in child care, the number of work-study hours provided, the hourly salaries and type of jobs, the number of students being case managed, the short-term programs available, the student participation rates, and other outcome data. It is intended that, to the extent practicable, reporting from colleges utilize data gathered for federal reporting requirements at the state and local level. Further, it is intended that the Office
of the Chancellor compile the information for annual reports to the Legislature, the Governor, the Legislative Analyst, the Department of Finance, and the State Department of Social Services by November 15 of each year.

First priority for expenditures of any funds appropriated in Schedule (7) shall be in support of current CalWORKs recipients. However, if case-loads are insufficient to fully utilize all of the funding in this schedule in a cost-beneficial way, it is intended that up to $5,000,000 of the funds subject to local matching requirements may be allocated for providing postemployment services to former CalWORKs recipients who have been off of cash assistance for no longer than two years to assist them in upgrading skills, job retention, and advancement. Allowable services include direct instruction that cannot be funded under available growth funding, child care to support attendance in these classes consistent with this provision, job development and placement services, and career counseling and assessment activities which cannot be funded through other programs. Child care services may only be provided for periods commensurate with a student’s need for postemployment training within the two-year transitional period.

Prior to allocation of funds for postemployment services, the chancellor shall first secure the approval of the Department of Finance for the allocations, complete a cumulative report on the outcomes, activities, and cost-effectiveness of the program no later than November 15, 2009, in compliance with the Budget Acts of 1998 (Ch. 324, Stats. 1998) and 1999 (Ch. 50, Stats. 1999) and this act, and shall provide the rationale and justification for the proposed allocation of postemployment services to districts for transitional students.

If a district is unable to fully expend its share of child care funds, it may request that the Office of the Chancellor approve a reallocation to other CalWORKs purposes authorized by this provision, subject to all pertinent limitations and district match required for these purposes under this provision.
Of the funds appropriated in Schedule (7) for the Special Services for CalWORKs Recipients Program, no less than $6,800,000 is to provide direct workstudy wage reimbursement for students served under this program, and $850,000 is available for campus job development and placement services.

14. Funds appropriated in Schedule (7) for the Special Services for CalWORKs Recipients Program have been budgeted to meet the state’s Temporary Assistance for Needy Families maintenance-of-effort requirement pursuant to the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193) and may not be expended in any way that would cause their disqualification as a federally allowable maintenance-of-effort expenditure.

15. (a) Funds provided in Schedule (8) for the Foster Care Education Program shall be allocated to provide foster and relative/kinship care education and training. Districts shall ensure that education and training required by Sections 1529.1 and 1529.2 of the Health and Safety Code and Section 16003 of the Welfare and Institutions Code receive priority. Districts may use any remaining funds for additional parenting skills training.

(b) Funds provided in Schedule (8) shall be used for foster parent and relative/kinship care provider education training services consistent with the following criteria:

(1) The Chancellor of the California Community Colleges shall use these funds exclusively for foster parent and relative/kinship care provider education and training, as specified by the chancellor in consultation with an advisory committee that includes foster parents, representatives of statewide foster parent organizations, parent and relative/kinship care providers, and representatives from the State Department of Social Services.

(2) Acceptance of funds under this program shall constitute agreement by the district to comply with such reporting require-

(3) Each college plan for foster and relative/kinship care education programs shall include the provision of training to facilitate the development of foster family homes, small family homes, and relative/kinship homes to care for no more than six children who have special mental, emotional, developmental, or physical needs.

17. The funds in Schedule (13) for the Part-time Faculty Compensation Program shall be allocated solely to increase compensation for part-time faculty from the amounts previously authorized. Funds shall be distributed to districts based on the total actual full-time equivalent students served in the previous fiscal year and include a small district factor as determined by the Chancellor of the California Community Colleges. These funds are to be used to assist districts in making part-time faculty salaries more comparable to full-time salaries for similar
work, as determined through each district’s local collective bargaining process. These funds shall not supplant the amount of resources each district used to compensate part-time faculty or be used to exceed parity of each part-time faculty employed by each district with regular full-time faculty at the same district, as certified by the chancellor. If a district achieves parity, its allocation may be used for any other educational purpose.

18. (a) $19,637,380 of the funds provided in Schedule (15) for the Telecommunications and Technology Services Program shall be for the purpose of supporting technical and application innovations and for coordination of activities that serve to maximize the utility of the technology investments of the community college system towards improving learning outcomes. Allocations shall be made by the Chancellor of the California Community Colleges, based on criteria and guidelines as developed by the chancellor, on a competitive basis through the RFA/RFP application process for the following purposes:

Item 5870-101-0001 of the Budget Act of 2003 (Ch. 157, Stats. 2003). These funds shall not supplant existing funds used for those purposes, and colleges shall match maintenance and ongoing costs with other funds as provided by Provision 21(a) of Item 6870-101-0001 of the Budget Act of 2003 (Ch. 157, Stats. 2003).

(b) The Office of the Chancellor of the California Community Colleges shall develop the reporting criteria for all programs funded by this item and shall submit that for review along with an annual progress report on program implementation to the Legislative Analyst, the Office of the Secretary for Education, and the Department of Finance no later than December 1 of each year. Funds allocated for purposes of subdivision (h) of Section 88531 of the Education Code for credit and noncredit instruction may be transferred to Schedule (1) or (3) to facilitate distribution at the chancellor’s discretion. Any funds that become available from network centers due to savings, discontinuance, or reduction of amounts shall first be made available for additional allocations in subdivision (b) to increase the level of subsidized training otherwise available.

(g) Funds allocated by the Board of Governors of the California Community Colleges under this provision may not be used by community college districts to supplant existing courses or contract education offerings. The chancellor shall ensure that funds are spent only for expanded services and shall implement accountability reporting for districts receiving these funds to ensure that training, credit, and noncredit programs remain relevant to business needs. Programs that do not demonstrate continued relevance and support by business shall not be eligible for continued funding. The board of governors shall consider the level of involvement and financial commitments of business and industry as primary factors in making awards. The chancellor shall incorporate project requirements into the guidelines for audits of economic development projects.

1. Allocations of funds provided in this item to the appropriate local entities shall be made by the Controller in accordance with the provisions of each statute or executive order that mandates the reimbursement of the costs, and shall be audited to verify the actual amount of the mandated costs in accordance with subdivision (d) of Section 17561 of the Government Code. Audit adjustments to prior-year claims may be paid from this item. The funds appropriated in this item shall be allocated only for the payment of claims as required by Chapter 4 (commencing with Section 17550) of Part 7 of Division 4 of Title 2 of the Government Code, and that payment shall be made pursuant to Article 5 (commencing with Section 17615) of that chapter. Notwithstanding any other provision of law, interest shall be paid from funds appropriated in this item only to the extent, and in the amount, authorized by Section 17561.5 of the Government Code.

2. Notwithstanding any other provision of law, the payment of estimated reimbursement claims for the 2008–09 fiscal year shall not be made from this appropriation.

3. The Controller shall offset payments made from the appropriation in this item to recoup the amount of any unallowable mandate claim costs determined by desk or field audits.

4. Notwithstanding any other provision of law, accounts receivable for recoveries that result in savings as described in Provision 3 shall have no effect upon the positive balance of the General Fund. The savings may be used to pay claims for costs incurred to carry out the cited state mandates in this item.
Item 5. Of the funds appropriated in Schedule (1), $21,500,000 may be used to fund the initial reimbursement claims for mandates approved during the 2008–09 fiscal year.

6. The Department of Finance, in consultation with the California State Association of Counties, shall review all mandates funded under this item relating to elections. The department shall submit a report to the Joint Legislative Budget Committee, by October 1, 2009, with recommendations regarding simplifying the reimbursement process for these mandates, including replacement of the current mandates’ parameters and guidelines with a reasonable reimbursement methodology. The Controller’s office shall not disburse, prior to June 1, 2010, any funds appropriated under this item to pay election mandate claims, unless the Director of Finance has submitted a letter to the Joint Legislative Budget Committee and the Controller’s office indicating that the director has reached an agreement with the California Association of Counties on either the revised mandate reimbursement process proposed by the Department of Finance or an alternative, simplified mandate reimbursement process proposed by the California Association of Counties.

7. The Department of Finance and the Department of Justice shall review the mandates funded under this item relating to domestic violence and rape counseling. The departments shall submit a report to the Joint Legislative Budget Committee, by January 1, 2010, with recommendations regarding consolidating the mandated requirements, coordinating the mandated requirements with voter-approved measures, and, if appropriate, reallocating funding for these mandates to victims’ assistance programs.

Provisions:

1. The amount appropriated in this item shall not be construed to control or influence collective bargaining between the state employer and employee representatives.

2. The funds appropriated in this item are for compensation increases and increases in benefits related thereto of employees whose compensation, or portion thereof, is chargeable to the General Fund, to be allocated by executive order by the Director of Finance to the several state offices, departments, boards, bureaus, commissions, and other state agencies, in augmentation of their respective appropriations or allocations, in accordance with approved memoranda of understanding or, for employees excluded from collective bargaining, in accordance with salary and benefit schedules established by the Department of Personnel Administration.

3. It is the intent of the Legislature that all proposed augmentations for increased employee compensation costs, including, but not limited to, base salary increases, pay increases to bring one group of employees into a pay equity position with another group of public employees, and recruitment and
retention differentials, be budgeted and considered on a comprehensive, statewide basis. Therefore, the Legislature declares its intent to reject any proposed augmentations that are not included in Item 9800 in the 2010–11 Budget Act, given that this is the item where the funds to implement comprehensive statewide compensation policies, including those adopted pursuant to collective bargaining, are considered. This provision shall not apply to augmentations for increased employee compensation costs resulting from mandatory judicial orders to raise pay for any group of employees or augmentations for increased compensation costs, or approvals for departments to provide increased employee compensation levels, that are included in bills separate from the Budget Act.

5. This item contains funds estimated to be necessary to implement side letters, appendices, or other addenda to a memorandum of understanding (collectively referred to as “pending agreements”) that have been determined by the Joint Legislative Budget Committee to require legislative approval prior to their implementation, but which may not have been approved in separate legislation as of the date of the passage of this act. In the event that the Legislature does not approve separate legislation to authorize implementation of any of the pending agreements, the Director of Finance shall not allocate any funds related to those pending agreements pursuant to Provision 2, and the expenditure of funds for those pending agreements shall not be deemed to have been approved by the Legislature.

6. As of July 31, 2010, the unencumbered balances of the above appropriation shall revert to the General Fund.

Within 15 days of receipt, the director shall also provide copies to these chairpersons of all other requests received by the Director of Finance from any state agency, department, board, commission, or other state entity to fund a contingency or emergency through a supplemental appropriations bill augmenting this item.

(a) “Personal services,” which shall include all expenditures for payment of officers and employees of the state, including: salaries and wages, workers’ compensation, compensation paid to employees on approved leave of absence on account of sickness, unemployment compensation benefits, insurance premiums for workers’ compensation coverage, industrial disability leave and payments, nonindustrial disability benefits and payments, the state’s contributions to the Public Employees’ Retirement Fund, the State Teachers’ Retirement Fund, the University of California Retirement Fund to provide for that portion of retirement costs to be provided for Hastings College of the Law in Item 6600-001-0001 of Section 2.00, the Old Age and Survivors’ Insurance Revolving Fund, the Public Employees’ Contingency Reserve Fund, and the state’s cost of health benefits plans; but shall not include compensation of independent contractors rendering personal services to the state under contract.

(b) “Operating expenses and equipment,” which shall include all expenditures for purchase of materials, supplies, equipment, services (other than services of state officers and employees), departmental services (services provided by other organizational units within a department, including indirect distributed costs), and all other proper expenses.

(c) “Preliminary plans” are defined as a site plan, architectural floor plans, elevations, outline specifications, and a cost estimate. For each utility, site development, conversion, and remodeling project, the drawings shall be sufficiently descriptive to accurately convey the location, scope, cost, and the nature of the improvement being proposed.

(d) “Working drawings” are defined as a complete set of plans and specifications showing and describing all phases of a project, architectural, structural, mechanical, electrical, civil engineering, and landscaping systems to the degree necessary for the purposes of accurate bidding by contractors and for the use of artisans in constructing the project. All
necessary professional fees and administrative service costs are included in the preparation of these drawings.

(e) “Construction,” when used in connection with a capital outlay project, shall include all such related things as fixtures, installed equipment, auxiliary facilities, contingencies, project construction, management, administration, and associated costs.

(f) “Minor projects” include planning, working drawings, construction, improvements, and equipment projects not specifically set forth in the schedule.

(g) “Programs” include all expenditures, regardless of category, required to carry out the objectives of the named activity.

For the purpose of further interpreting the meaning of the words, terms and phrases, and uniform codes used in the schedules, reference is hereby made to those documents entitled, “State of California Governor’s Budget for 2009–10,” submitted by the Governor to the Legislature at the 2009 portion of the 2009–10 Regular Session, the uniform accounting system prescribed by the Department of Finance under the provisions of Section 13300 and following of the Government Code, the Uniform Codes Manual, and the appropriate portions thereof. The Legislature requests that the Bureau of State Audits provide to the Director of Finance, the Chairperson of the Joint Legislative Committee, and the Legislative Analyst an estimate of the funds it will require for ARRA statewide oversight and auditing activities in each fiscal year during which it will be undertaking such activities as soon as possible. The Bureau of State Audits may amend this estimate of the funds it will require for ARRA activities after the initial submission of this document.

(d) The Director of Finance shall provide to the Chairperson of the Joint Legislative Budget Committee, when appropriate, a comprehensive plan describing statewide ARRA oversight and auditing activities anticipated for the entire period during which such ARRA oversight and auditing will be necessary. The report shall, at a minimum, describe all of the following: (1) the amount of ARRA funds expected to be available to be spent on statewide accountability and oversight activities (including data collection, tracking, and reporting) based on definitive federal guidance or legislation concerning this matter, (2) a description of the roles of each entity in state government to be involved in statewide oversight and auditing activities related to ARRA, (3) specific citations, as appropriate, of federal guidance, regulations, or legislation that require each function of each entity in state government involved in ARRA statewide oversight and auditing activities, (4) detailed descriptions of why any proposed activities not specifically required in federal guidance, regulations, or legislation will be undertaken, and (5) the amount of ARRA federal funds for statewide accountability and oversight (including data collection, tracking, and reporting) expected to be needed in each fiscal year during which ARRA statewide oversight and auditing activities will be required. The Director of Finance shall include costs for ARRA statewide auditing and oversight activities of the Bureau of State Audits in the comprehensive plan and may amend the comprehensive report after its initial submission to account for costs identified by the bureau.

(e) The Director of Finance may request additional General Fund loans or the authority to expend federal ARRA funds related to statewide auditing and oversight in amounts exceeding those in subdivision (b) but in no case may the Director of Finance request funding for the 2009–10 fiscal year in excess of that available for its activities during that fiscal year, as described in item 5 of the comprehensive report described in subdivision (d). The additional loans or authority to expend funds described in this subdivision shall not be made available to the Director of Finance until 30 days after both the comprehensive report described in subdivision (d) and the request for these loans or funds is provided to the Chairperson of the Joint Legislative Budget Committee or at such earlier date as the chairperson of the joint committee may determine. In the event that General Fund loans are requested, they shall
be reimbursed from federal funds in a manner similar to that described in subdivision (b).

(f) The Bureau of State Audits may request additional General Fund loans or the authority to expend federal ARRA funds related to statewide auditing and oversight in amounts exceeding those in subdivisions (b) and (c), but it is the intent of the Legislature that the bureau not request funding for the 2009–10 fiscal year in excess of that specified in the estimate of required funds that the bureau will submit or amend pursuant to subdivision (c). The additional loans or authority to expend funds described in this subdivision shall not be made available to the Bureau of State Audits until 30 days after the request for these loans or funds is provided to the Chairperson of the Joint Legislative Budget Committee or at such earlier date as the chairperson of the joint committee may determine. In the event that General Fund loans are requested, they shall be reimbursed from federal funds in a manner similar to that described in subdivision (b).

(g) Except for the $2,500,000 authorized in Provision 6 of Item 8860-001-0001 of Section 2.00, no funds provided in this section or in any other item of this act may be expended by the Director of Finance, the ARRA inspector general, a state department under the control of the Governor, or the ARRA task force for a centralized statewide database of ARRA spending until 30 days after a detailed justification of the federal requirements therefor has been submitted to the Chairperson of the Joint Legislative Budget Committee or at such earlier date as the chairperson of the joint committee may determine. This request may be combined with the comprehensive report described in subdivision (d).

(h) It is the intent of the Legislature that funds provided to the Director of Finance pursuant to this section address costs of the state’s ARRA coordinating task force, the Inspector General appointed by the Governor, and the Office of State Audits and Evaluation’s efforts described herein and provide full transparency to the public in the use of ARRA funds.

SEC. 9.20. Notwithstanding Section 15860 of the Government Code, the amount of funds expended for administrative costs associated with any appropriation contained in this act for acquisition of property pursuant to the Property Acquisition Law (Part 11 (commencing with Section 15850) of Division 3 of Title 2 of the Government Code) shall be limited to the amount specified for those costs in the Supplemental Report of the Budget Act of 2009. Amounts for administrative costs may be augmented by no more than 5 percent by the State Public Works Board. Notwithstanding the foregoing, any amounts needed for administrative costs associated with acquisition through the condemnation authority of the State Public Works Board shall be provided through augmentation of the affected appropriations as authorized by existing law.

SEC. 9.30. In the event that federal courts issue writs of execution for the levy of state funds and such writs are executed, the State Controller shall so notify the Department of Finance. The Department of
Finance shall then notify the State Controller of the specific appropriation or fund to be charged. Federal writs of execution for the levy of state funds may only be charged against appropriations or funds having a direct programmatic link to the circumstances under which the federal writ was issued. If the appropriate department or agency no longer exists, or no linkage can be identified, the federal writ shall be charged to the unappropriated surplus of the General Fund. In the event that an appropriation in the act would have insufficient funding by such a charge, funding augmentations must follow the regular budget processes.

SEC. 9.45. (a) Any state agency, department, board, or commission shall provide notification to the Department of Finance and the Joint Legislative Budget Committee not less than 30 days prior to committing funding from Proposition 40, 50, or 84 if all of the following criteria apply:

1. The funds will be used, either directly or through a grant, for the purchase of interests in or the restoration or rehabilitation of property.

2. The funds will be used for a grant or project that is not appropriated in statute by name or description.

3. The total expenditure for the project, including, but not limited to, Proposition 40, 50, or 84 funds is in excess of $25,000,000.

(b) The notification shall include a detailed description of the portion of the project being funded and a detailed description of the whole project. For the purposes of this section, the criteria set forth in subdivision (a) shall apply to both single transactions and cumulative transactions that involve the purchase of properties near or adjacent to each other.

(c) For purchases and grants meeting the criteria set forth in subdivision (a), the state agency, department, board, or commission may take public actions and hold public meetings prior to 30 days following notification only if such actions are expressly approved pending the completion of the 30-day review by the Department of Finance and the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. The seller or grantee must be explicitly notified in writing of this condition 10 days prior to any action taken.

SEC. 9.50. For minor capital outlay projects for which, pursuant to Section 10108 of the Public Contract Code, the services of the Department of General Services are not required and a state agency or department is authorized to carry out its own project, the amount of the unencumbered balance of the project shall be determined in accordance with this section. Upon receipt of bids for the project, an estimate of any amount necessary for the completion of the project, including supervision, engineering, and other items, if any, shall be deemed a valid encumbrance and shall be included with any other valid encumbrance in determining the amount of an unencumbered balance.
SEC. 11.00. (a) A state agency to which state funds are appropriated by one or more statutes, including this act, for an information technology project may not enter into, or agree to, any contract or any contract amendment in the 2009–10 fiscal year that results, in the aggregate, in an increase in the budgeted cost of the project exceeding $500,000, or 10 percent of the budgeted cost of the project, whichever is less, unless the approval of the Director of Finance is first obtained and written notification of that approval is provided by the department to the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the budget committees of each house of the Legislature, not less than 30 days prior to the effective date of the approval, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine. Each notification required by this section shall (1) explain the necessity and rationale for the proposed contract or amendment, (2) identify the cost savings, revenue increase, or other fiscal benefit of the proposed contract or amendment, and (3) identify the funding source for the proposed contract or amendment.

(b) Subdivision (a) does not apply to a resulting increase in the budgeted cost of a project that is less than $100,000, or that is funded by an augmentation authorized pursuant to Section 26.00.

(c) The following definitions apply for the purposes of this section:

1. “Budgeted cost of a project” means the total cost of the project as identified in the most recent feasibility study report, special project report, or equivalent document submitted to the Legislature in connection with its consideration of a bill that appropriated any state funding for that project.

2. “State agency” means each agency of the state that is subject to Article 2 (commencing with Section 13320) of Chapter 3 of Part 3 of Division 3 of Title 2 of the Government Code, except that this section shall not apply to the University of California, the California State University, the State Compensation Insurance Fund, the community college districts, agencies provided for by Article VI of the California Constitution, or the Legislature.

SEC. 11.10. (a) Before a department may enter into or amend a statewide software license agreement not previously approved by the Legislature that obligates state funds in the current year or future years, the Director of Finance shall notify the Legislature whether or not the obligation will result in a net expenditure or savings. A department shall prepare and submit to the Department of Finance a business proposal containing the following elements: installed base analysis, future use (including assumptions for future use), the reason for choosing a statewide license agreement rather than any other procurement method such as a volume purchase agreement, a cost-benefit analysis, a cost allocation methodology, and funding plan. A statewide software license agreement may not be entered into or amended unless the approval of the Director of Finance is first obtained and written notification of that approval is provided by the department to the Chairperson of the Joint
Legislative Budget Committee, and the chairpersons of the budget committees of each house of the Legislature, not less than 30 days prior to the effective date of the approval, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine. Each notification required by this section shall:

(1) Explain the necessity and rationale for the proposed agreement.
(2) Identify the cost savings, revenue increase, or other fiscal benefit of the proposed agreement.
(3) Identify the funding source for the proposed agreement.

(b) For purposes of this section, “statewide software license agreement” means a software license contract that can be used by multiple state agencies subject to Article 2 (commencing with Section 13320) of Chapter 3 of Part 3 of Division 3 of Title 2 of the Government Code except that this section shall not apply to the University of California, the California State University, the State Compensation Insurance Fund, the community college districts, agencies provided for by Article VI of the California Constitution, or the Legislature.

(c) Subdivision (a) does not apply if the amount of the proposed contract or amendment is less than $1,000,000 in the aggregate.

SEC. 11.11. In order to protect the privacy of state employees and ensure the security of the payment of public funds, all departments, boards, offices, and other agencies and entities of the state shall distribute pay warrants and direct deposit advices to employees in a manner that ensures that personal and confidential information contained on the warrants and direct deposit advices is protected from unauthorized access. The Department of Personnel Administration shall advise all departments, boards, offices, and other agencies and entities of state government of the requirements contained in this section.

Any judicial action or proceeding to attack, review, set aside, void, or annul the “appropriations limit” for the 2009–10 fiscal year shall be commenced within 45 days of the effective date of this act.

SEC. 12.30. There is hereby appropriated from the General Fund for transfer to the Special Fund for Economic Uncertainties by the Controller, upon order of the Director of Finance, an amount necessary to bring the balance of this special fund up to the amount stated in the 2009–10 Final Change Book for the 2009–10 fiscal year ending balance in the Special Fund for Economic Uncertainties. The amount so transferred shall be reduced by the amount of excess revenues subject to Section 2 of Article XIII B of the California Constitution, as determined by the Director of Finance.

*SEC. 12.32. (a) It is the intent of the Legislature that appropriations that are subject to Section 8 of Article XVI of the California Constitution be designated with the wording “Proposition 98.” In the event these appropriations are not so designated, they may be designated as
such by the Department of Finance, where that designation is consistent with legislative intent, within 30 days after notification in writing of the proposed designation to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or within a lesser time that the chairperson of the joint committee, or his or her designee, determines.

(b) Pursuant to the Proposition 98 funding requirements established in Chapter 2 (commencing with Section 41200) of Part 24 of Division 3 of Title 2 of the Education Code, the total appropriations for Proposition 98 for the 2009–10 fiscal year are $35,032,443,000 or 40.6 percent of total General Fund revenues and transfers subject to the state appropriations limit. General Fund revenues appropriated for school districts are $31,198,354,000 or 36.1 percent of total General Fund revenues and transfers subject to the state appropriations limit. General Fund revenues appropriated for community college districts are $3,721,897,000 or 4.3 percent of total General Fund revenues and transfers subject to the state appropriations limit. General Fund revenues appropriated for other state agencies that provide direct elementary and secondary level education, as defined in Section 41302.5 of the Education Code, are $112,192,000 or 0.1 percent of total General Fund revenues and transfers subject to the state appropriations limit.

*SEC. 12.45. The Director of Finance shall, for all agencies and departments paid through the Uniform State Payroll System, reduce as necessary the appropriations in the items set forth in Section 2.00 to recognize the change in the accounting method for the payment of state employee salaries pursuant to Section 13302 of the Government Code.  

*SEC. 12.50. The amount appropriated in Item 7980-101-0001 of Section 2.00 is hereby reduced by $37,600,000.
*SEC. 12.55. The Director of Finance shall permit the California African-American Museum to utilize $293,000 from the Exposition Park Improvement Fund for the replacement, repair, and other upgrades of critical infrastructure costs for the museum.

Notwithstanding any other provision of law, the Controller, upon approval of the Director of Finance, shall transfer unobligated funds between any of the following voluntary participation programs to the extent needed to fully fund eligible participation. First priority for allocation of savings shall be given to the Cal-SAFE Program, Item 6110-198-0001. SEC. 14.00. (a) Notwithstanding any other provision of law, if the Director of Consumer Affairs determines in writing that there is insufficient cash in a special fund under the authority of a board, commission, or bureau of the Department of Consumer Affairs to make one or more payments currently due and payable, the director may order the transfer of moneys to that special fund, in the amount necessary to make the payment or payments, as a loan from a special fund under the authority of another board, commission, or bureau of the department. That loan shall be subject to all of the following conditions:

1. No loan from a special fund shall be made that would interfere with the carrying out of the object for which the special fund was created.

2. The loan shall be repaid as soon as there are sufficient moneys in the recipient fund to repay the amount loaned, but no later than a date 18 months after the date of the loan. Interest on the loan shall be paid from the recipient fund at the rate accruing during the loan period to moneys in the Pooled Money Investment Account.

3. The amount loaned shall not exceed the amount that the appropriate board, commission, or bureau is statutorily authorized at the time of the loan to expend during the 2009–10 fiscal year from the recipient fund.

4. The terms and conditions of the loan are approved, prior to the transfer of funds, by the Department of Finance pursuant to appropriate fiscal standards.

(b) (1) Notwithstanding any other provision of law, the Department of Consumer Affairs, during the 2009–10 fiscal year, may order the release of moneys from the clearing account in the Consumer Affairs Fund in an amount exceeding the amount advanced to the clearing account from a special fund within the department, as a loan to make one or more payments on behalf of that special fund that are currently due and payable. To the extent that the amount of moneys currently in the
clearing account is insufficient to make the payment or payments on behalf of that special fund, the department may transfer additional moneys to the clearing account from any other special fund under the authority of a board, commission, or bureau of the department to include in the loan. A loan made to a special fund under this subdivision shall be subject to all of the following conditions:

(A) The loan shall not be made if it would reduce the amount advanced to the clearing account from another special fund, or the amount contained in that special fund, as applicable, to an extent that would interfere with the carrying out of the object for which that special fund was created.

(B) The loan shall be repaid as soon as there are sufficient moneys in the recipient fund to repay the amount loaned, but no later than a date 60 days after the date of the loan.

(C) The amount loaned shall not exceed the amount that the appropriate board, commission, or bureau is statutorily authorized at the time of the loan to expend during the 2009–10 fiscal year from the recipient fund.

(2) For purposes of this subdivision, the “clearing account” in the Consumer Affairs Fund is the account established in that fund, consisting of moneys advanced from the various special funds within the department, from which the Department of Consumer Affairs pays operating and other expenses of each special fund in an amount ordinarily not exceeding the amount advanced from that special fund.

(c) The Director of Consumer Affairs shall provide a report by March 1, 2010, on all loans initiated or repayments made pursuant to subdivision (a) or (b) within the preceding fiscal year to the chairperson of the budget committee, and the chairperson of the appropriate legislative oversight committee, of each house of the Legislature.

(d) At least 10 days prior to initiating a loan to be made pursuant to subdivision (a) or (b), the Director of Consumer Affairs shall provide written notification to the Joint Legislative Budget Committee if either (1) any loan from any one fund exceeds $200,000 or (2) the aggregate amount of loans from any one fund exceeds $200,000.

SEC. 15.25. (a) Notwithstanding any other provision of law, the Director of Finance may adjust amounts in any item of appropriation in Section 2.00 resulting from changes in rates for data center services approved by the Technology Services Board in the 2009 or 2010 calendar year.

(b) The aggregate amount of General Fund appropriation increases provided under this section during the fiscal year may not exceed the aggregate amount of General Fund appropriation decreases.

(c) Within 30 days of making any adjustment pursuant to this section, the Department of Finance shall report the adjustment in writing to the Joint Legislative Budget Committee.

*SEC. 15.30. (a) Notwithstanding any other provision of law, the Director of Finance may reduce items of appropriation in this act to reflect information technology and related savings achieved by state
agencies, as identified by the State Chief Information Officer pursuant to the Governor’s Reorganization Plan No. One of 2009 or Section 11545 of the Government Code. It is the intent of the Legislature that the reductions authorized by this section total at least $100,000,000 for General Fund items of appropriation; however, in achieving these and other savings, the State Chief Information Officer shall take no action with respect to IT budgets or projects that might reasonably be anticipated to cause a significant reduction in General Fund revenue collections.

(b) The Director of Finance shall report the reductions in writing to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees of each house of the Legislature that consider appropriations not more than 30 days after the reductions are made. The report shall list the reductions by department and agency.

*SEC. 15.45. (a) The Controller shall offset General Fund expenditures with any funds received from county offices of education for state program costs, other than costs of trial courts, pursuant to Section 99081 of the Government Code. These offsets shall be recorded as a reduction of total expenditures for each agency under which the state program expenditures occur and shall not be a reduction to any department or program budget item. The Director of Finance shall identify the specific non-Budget Act items against which to record the payments.

(b) The Controller shall offset payments to the Trial Court Trust Fund from Item 0250-111-0001 of Section 2.00 with any funds received from county offices of education for reimbursement of trial court costs pursuant to Section 99081 of the Government Code.

SEC. 26.00. (a) It is the intent of the Legislature, in enacting this section, to provide flexibility for the administrative approval of intraschedule transfers within individual items of appropriation in those in-
stances where the transfers are necessary for the efficient and cost-effective implementation of the programs, projects, and functions funded by this act. No transfer shall be authorized under this section to either eliminate any program, project, or function, except when implementation is found to be no longer feasible in light of changing circumstances or new information, or establish any new program, project, or function.

(b) The Director of Finance may, pursuant to a request by the officer, department, division, bureau, board, commission, or other agency to which an appropriation is made by this act, authorize the augmentation of the amount available for expenditure in any schedule set forth for that appropriation, by making a transfer from any of the other designated programs, projects, or functions within the same schedule. No intraschedule transfer may be made under this section to fund any capital outlay purpose, regardless of whether budgeted in a capital outlay or a local assistance appropriation. Upon the conclusion of the 2009–10 fiscal year, the Director of Finance shall furnish the chairpersons of the committees in each house of the Legislature that consider appropriations and the State Budget, and the Chairperson of the Joint Legislative Budget Committee, with a report on all authorizations given pursuant to this section during that fiscal year.

(c) Intraschedule transfers of the amounts available for expenditure for a program, project, or function designated in any line of any schedule set forth for that appropriation by transfer from any of the other designated programs, projects, or functions within the same schedule shall not exceed, during any fiscal year:

1. 20 percent of the amount so scheduled on that line for those appropriations made by this act that are $2,000,000 or less.
2. $400,000 of the amount so scheduled on that line for those appropriations made by this act that are more than $2,000,000 but equal to or less than $4,000,000.
3. 10 percent of the amount so scheduled on that line for those appropriations made by this act that are more than $4,000,000.
4. The Department of Transportation Highway Program shall be limited to a schedule change of 10 percent.

(d) Any transfer in excess of $200,000 may be authorized pursuant to this section not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or no sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine.

(e) Any transfer in excess of the limitations provided in subdivision (c) may be authorized not sooner than 30 days after notification in writing of the necessity to exceed the limitations is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee or his or her designee, may in each instance determine.
SEC. 28.00. (a) It is the intent of the Legislature in enacting this section to provide flexibility for administrative approval of augmentations for the expenditure of unanticipated federal funds or other non-state funds in cases that meet the criteria set forth in this section. However, this section does not provide an alternative budget process, and proposals for additional spending ordinarily should be considered in the annual State Budget or other state legislation. Specifically, augmentations for items which the administration had knowledge to include in its 2009–10 budget plan should not be submitted through the process provided by this section. Augmentations for items which can be deferred to 2010–11 should be included in the administration’s 2010–11 budget proposals.

(b) The Director of Finance may authorize the augmentation of the amount available for expenditure for any program, project, or function in the schedule of any appropriation in this act or any additional program, project, or function equal to the amount of any additional, unanticipated funds that he or she estimates will be received by the state during the 2009–10 fiscal year from any agency of local government or the federal government, or from any other nonstate source, provided that the additional funding meets all of the following requirements:

1. The funds will be expended for a purpose that is consistent with state law.
2. The funds are made available to the state under conditions permitting their use only for a specified purpose, and the additional expenditure proposed under this section would apply to that specified funding purpose.
3. Acceptance of the additional funding does not impose on the state any requirement to commit or expend new state funds for any program or purpose.
4. The need exists to expend the additional funding during the 2009–10 fiscal year.
5. In order to receive consideration for an augmentation, an agency shall either (1) notify the director within 45 days of receiving official notice of the availability of additional, unanticipated funds, or (2) explain in writing to the director why that notification was infeasible or impractical. In either case, the recipient agency shall provide the director a copy of the official notice of fund availability.
6. The director also may reduce any program, project, or function whenever he or she determines that funds to be received will be less than the amount taken into consideration in the schedule.
7. Any augmentation or reduction that exceeds either (1) $400,000 or (2) 10 percent of the amount available for expenditure in the affected program, project, or function may be authorized not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations, the chairpersons of the committees, and the appropriate subcommittees, in each house of the Legislature that consider the State Budget, and the Chairperson of the Joint Legislative Budget
Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. With regard to any proposed augmentation, the notification shall state the basis for the determination by the director that the augmentation meets each of the requirements set forth in subdivisions (b) and (c). This notification shall include the date that the recipient department received official notice of the additional funds, and a copy of the agency’s written explanation if a 45-day notice was not provided to the director. This notification requirement does not apply to federal funds related to caseload increases in Medi-Cal, California Work Opportunity and Responsibility to Kids (CalWORKs), and Supplemental Security Income/State Supplementary Program (SSI/SSP).

(f) Any personnel action that is dependent on funds subject to this section shall not be effective until after the provisions of this section have been complied with. Any authorization made pursuant to this section shall remain in effect for the period the director may determine in each instance, but in no event after June 30, 2010.

(g) Any federal funds received as a result of federal legislation enacted after January 1, 2009, shall be deemed unanticipated for the purposes of this section.

SEC. 28.50. (a) Except as otherwise provided by law, an officer, department, division, bureau, or other agency of the state may expend for the 2009–10 fiscal year all moneys received as reimbursement from another officer, department, division, bureau, or other agency of the state that has not been taken into consideration by this act or any other statute, upon the prior written approval of the Director of Finance. The Department of Finance may also reduce any reimbursement amount and related program, project, or function amount if funds received from another officer, department, division, bureau, or other agency of the state will be less than the amount taken into consideration in the schedule.

(b) For any expenditure of reimbursements or any transfer for the 2009–10 fiscal year that exceeds $200,000, the Director of Finance shall provide notification in writing of any approval granted under this section, not less than 30 days prior to the effective date of that approval, to the chairpersons of the committees in each house of the Legislature that consider appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. Increases to reimbursements are not reportable under this section if the funding for the other officer, department, division, bureau, or other agency of the state providing the reimbursement has already been approved by the Legislature. These adjustments are considered technical in nature and are authorized in Section 1.50.
SEC. 29.00. The Department of Finance shall calculate and publish a listing of total personnel-years and estimated salary savings for each department and agency. These listings shall be published by the Department of Finance at the same time as the publication of (a) the Governor’s Budget, (b) the May Revision, and (c) the Final Change Book.

(a) The listing provided at the time of the publication of the Governor’s Budget shall contain estimates of personnel-years for the prior year, current year, and budget year.

(b) The listing provided at the time of publication of the May Revision shall contain estimates of personnel-years proposed for the budget year.

(c) The listing provided at the time of the publication of the Final Change Book shall contain estimates of personnel-years for the fiscal year just enacted.

SEC. 30.00. Section 13340 of the Government Code is amended to read:

13340. (a) Except as provided in subdivision (b), on and after July 1, 2010, no moneys in any fund that, by any statute other than a Budget Act, are continuously appropriated without regard to fiscal years, may be encumbered unless the Legislature, by statute, specifies that the moneys in the fund are appropriated for encumbrance.

(b) Subdivision (a) does not apply to any of the following:

1. The scheduled disbursement of any local sales and use tax proceeds to an entity of local government pursuant to Part 1.5 (commencing with Section 7200) of Division 2 of the Revenue and Taxation Code.

2. The scheduled disbursement of any transactions and use tax proceeds to an entity of local government pursuant to Part 1.6 (commencing with Section 7251) of Division 2 of the Revenue and Taxation Code.

3. The scheduled disbursement of any funds by a state or local agency or department that issues bonds and administers related programs for which funds are continuously appropriated as of June 30, 2009.

4. Moneys that are deposited in proprietary or fiduciary funds of the California State University and that are continuously appropriated without regard to fiscal years.

5. The scheduled disbursement of any motor vehicle license fee revenues to an entity of local government pursuant to the Vehicle License Fee Law (Part 5 (commencing with Section 10701) of Division 2 of the Revenue and Taxation Code).

SEC. 31.00. (a) The appropriations made by this act shall be subject, unless otherwise provided by law, to Section 13320 and Article 2.5 (commencing with Section 13332) of Chapter 3 of Part 3 of Division 3 of Title 2 of the Government Code, requiring expenditures to be made in accordance with the allotments and other provisions of fiscal year budgets approved by the Department of Finance.
(b) The fiscal year budgets shall authorize, in the manner that the Department of Finance shall prescribe, all established positions whose continuance for the year is approved and all new positions. No new position shall be established unless authorized by the Department of Finance on the basis of work program and organization.

(c) The Department of Finance shall, for a period of not less than two years, keep and preserve documentation concerning (1) the authorization of any position not authorized for that fiscal year by the Legislature and (2) any reclassification to a position with a minimum step per month of $6,808, which is equivalent to the top step of the Staff Services Manager II (Managerial) classification as of July 1, 2009. The department may use electronic means to keep and preserve this documentation.

(d) It is the intent of the Legislature that all positions administratively established pursuant to this section that are intended by the administration to be ongoing be submitted to the Legislature for approval through the regular budget process as soon as possible. All positions administratively established pursuant to this section during the 2009–10 fiscal year shall terminate on June 30, 2010, except for those positions that have been (1) approved by the Legislature as part of the regular budget process for the 2010–11 fiscal year as new positions, or (2) approved by the Department of Finance after the 2010–11 Governor’s Budget submission to the Legislature and subsequently reported to the Legislature prior to July 1, 2010. The positions identified in (2) above may be reestablished by the Department of Finance during the 2010–11 fiscal year, provided that these positions are shown in the Governor’s Budget for the 2011–12 fiscal year as submitted to the Legislature, and provided that these positions do not result in the reestablishment of positions deleted by the Legislature through the budget process for the 2010–11 fiscal year. The Department of Finance will notify the Legislature within 30 days of the reestablishment of positions approved in the 2010–11 fiscal year pursuant to (2) above.

(e) Moneys appropriated in the 2009–10 fiscal year may be expended for increases in salary ranges or any other employee compensation action only if appropriated for that purpose, or if the Department of Finance certifies to the salary and other compensation-setting authority, prior to the adoption of the action, that funds are available to pay the increased salary or employee compensation resulting from the action. Prior to certification, the Department of Finance shall determine whether the increase in salary range or employee compensation action will require supplemental funding in the 2010–11 fiscal year. If the Department of Finance determines that supplemental funding will be required, the department may certify only if it notifies in writing, at least 30 days before, the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or a lesser time which the chairperson of the joint committee, or his or her designee, determines.
(f) A certification on a payroll claim that expenditures therein are in accordance with current budgetary provisions as approved by the Department of Finance shall be sufficient evidence to the Controller that these expenditures comply with this section.

SEC. 32.00. (a) The officers of the various departments, boards, commissions, and institutions, for whose benefit and support appropriations are made in this act, are expressly forbidden to make any expenditures in excess of these appropriations. Any indebtedness attempted to be created against the state in violation of this section shall be null and void, and shall not be allowed by the Controller nor paid out of any state appropriation.

(b) Any member of a department, board, commission, or institution who shall vote for any expenditure, or create any indebtedness against the state in excess of the respective appropriations made by this act shall be liable both personally and on his or her official bond for the amount of the indebtedness, to be recovered in any court of competent jurisdiction by the person or persons, firm, or corporation to which the indebtedness is owing. Notwithstanding the foregoing or any other provision of law, a person may not be held personally liable for the amount of any indebtedness created by an expenditure in excess of an appropriation made by this act if all of the following occur: (1) the expenditure is in response to increases in enrollment, population, or caseload by the State Department of Social Services, the Department of Corrections and Rehabilitation, the State Department of Developmental Services, the State Department of Mental Health, the State Department of Health Care Services, or the State Department of Public Health; (2) that expenditure is incurred no sooner than 30 days after the Director of Finance provides written notification of its necessity to the Chairperson of the Joint Legislative Budget Committee; and (3) if the chairperson does not advise in response that the expenditure shall not occur. The director’s notification shall include a certification of any amounts required by enrollment, population, or caseload, rather than management decisions or policy changes.

(c) Neither subdivision (a) nor (b) applies to the expenditure of monies to fund continuous appropriations, including appropriations made in the California Constitution, and federal laws mandating the expenditure of funds.

SEC. 33.00. If any item of appropriation in this act is vetoed, eliminated, or reduced by the Governor under Section 10 of Article IV of the California Constitution, while approving portions of this act, such veto, elimination, or reduction shall not affect the other portions of this act, and these other portions of this act, so approved, shall have the same effect in law as if any vetoed or eliminated items of appropriation had not been present in this act, and as if any reduced item of appropriation had not been reduced.

SEC. 34.00. If any portion of this act is held unconstitutional, that decision shall not affect the validity of any other portion of this act. The Legislature hereby declares that it would have passed this act, and each
portion thereof, irrespective of the fact that any other portion be declared unconstitutional.

SEC. 35.20. If legislation is enacted amending Section 13302 of the Government Code to allow the accrual of tax payments due more than two months after the close of the fiscal year for transactions occurring in the prior fiscal year, the Department of Finance shall provide guidance pursuant to Section 13310 of the Government Code with respect to the methodology to be employed in determining accruals and the timing of implementation of any changes in tax accrual practices. This change to accrual treatment of corporation and franchise tax payments and all of the change to the treatment of personal income tax payments shall apply to the 2007–08 fiscal year.

*SEC. 35.50. (a) For purposes of paragraph (1) of subdivision (f) of Section 10, and subdivision (f) of Section 12, of Article IV of the California Constitution, “General Fund revenues” means the total resources available to the General Fund for a fiscal year before any transfer to the Budget Stabilization Account.

(b) For purposes of subdivision (f) of Section 12 of Article IV of the California Constitution, “all appropriations from the General Fund for that fiscal year” shall not include any transfer to the Budget Stabilization Account to retire Economic Recovery Bonds because that amount is reflected in the “amount of any General Fund moneys transferred to the Budget Stabilization Account.”

(c) For purposes of subdivision (f) of Section 12 of Article IV of the California Constitution, the estimate of General Fund revenues for the 2009–10 fiscal year pursuant to this act, as passed by the Legislature, is $82,244,800,000 $86,162,300,000.

(d) For purposes of subdivision (b) of Section 20 of Article XVI of the California Constitution, General Fund revenues shall be defined as revenues and transfers before any transfer to the Budget Stabilization Account, excluding any proceeds from Economic Recovery Bonds, as estimated in the enacted State Budget.

SEC. 35.60.
