CHAPTER 208

An act making appropriations for the support of the government of the State of California and for several public purposes in accordance with the provisions of Section 12 of Article IV of the Constitution of the State of California, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 31, 2004. Filed with Secretary of State July 31, 2004.]

I object to the following appropriations contained in Senate Bill 1113.

Item 0555-001-0028—For support of Secretary for Environmental Protection. I reduce this item from $1,444,000 to $982,000.

I am deleting the $462,000 legislative augmentation to assist the metal plating industry in complying with existing state regulations regarding the disposal of hazardous waste containing hexavalent chromium. This reduction is necessary to limit program expansions and provide for a prudent fund reserve in light of the declining balance in the Unified Program Account.

Item 0555-001-0044—For support of Secretary for Environmental Protection. I revise this item by reducing:

(1) Support from $10,113,000 to $8,151,000;

(5) Amount payable from the Unified Program Account (Item 0555-001-0028) from $1,444,000 to $982,000;

and by deleting:

(11.5) Amount payable from the Hazardous Waste Reduction Loan Account (Item 0555-001-0828) ($1,500,000).

I am revising this item to conform to the actions I have taken in Items 0555-001-0028 and 0555-001-0828.

Item 0555-001-0828—For support of Secretary for Environmental Protection. I delete this item and Provision 1.

I am deleting the $1,500,000 legislative augmentation to assist the metal plating industry in complying with existing state regulations regarding the disposal of hazardous waste containing hexavalent chromium. While certified unified program agencies are intended to assist businesses, it is not appropriate to single out a particular industry for special assistance for failure to comply with environmental rules.

Item 0690-102-0001—For local assistance, Office of Emergency Services.

I am sustaining the $2,000,000 legislative augmentation related to funding 10 domestic violence programs. This augmentation will ensure services for domestic violence victims are protected in all communities. However, I am directing the Office of Emergency Service (OES) to incorporate these funds into the existing funding for domestic violence shelters and allow the 10 shelters to obtain funding through the grant process currently administered by OES. Providing a separate appropriation for these 10 particular shelters would create an inequitable process, and would allocate more funding per shelter compared to the other 75 shelters that receive funding.

Item 1111-003-0001—For support of Consumer Affairs. I reduce this item from $450,000 to $365,000 by reducing:

(1) Office of Privacy Protection from $485,000 to $400,000.

I am deleting the $85,000 legislative augmentation which would provide funding for the Office of Privacy Protection. Given the fiscal condition of the State, this reduction is necessary to help build a prudent reserve and bring ongoing expenditures in line with existing resources over the longer term.

Item 1760-492—Reappropriation, Department of General Services. I revise this item by deleting Schedule (2.5).
I am eliminating the availability of funding provided to the City of Oakland for the seismic retrofit of the Police Administration Building. Funds have been available since 1994 and the city is still unable to provide the required matching funds to receive the resources. If the city is able to commit the funds in the future, I will reconsider this request.

Item 1880-001-0001—For support of State Personnel Board. I reduce this item from $3,388,000 to $3,753,000 by reducing:

(3) 50.01-Administrative Services from $2,798,000 to $2,663,000.

In recognition of potential workload increases associated with the end of the hiring freeze, I am sustaining $465,000 of this $600,000 legislative augmentation to provide funding for staff in the Bilingual Services Unit, the Appeals Division, the Examination Services Unit, and for information technology services. I am deleting the $135,000 for temporary help and related costs. In addition, I am directing the State Personnel Board to develop performance-based measures to evaluate its effectiveness.

Item 2240-105-0001—For transfer to the Emergency Housing and Assistance Fund. I reduce this item from $5,300,000 to $4,000,000.

I am reducing the $1,300,000 legislative augmentation for transfer from the General Fund to the Emergency Housing and Assistance Fund to help build a prudent reserve and bring ongoing expenditures in line with existing resources over the longer term. With these reductions, $4,000,000 still remains to support the Emergency Housing and Assistance Program (EHAP), which grants funding to local agencies that provide homeless shelter beds and related services.

Item 2240-490—Reappropriation, Department of Housing and Community Development. I delete this item.

I am deleting the reappropriation of $400,000 in grant funds originally made available in 2001 but never spent by the City of Orange Cove. The 2004–05 budget plan assumes that these funds as well as others that reverted to the General Fund on July 1, 2004, would be available as a resource for the 2004–05 budget.

Item 2600-001-0042—For support of California Transportation Commission. I reduce this item from $510,000 to $613,000.

I am reducing this item by $38,000 to conform to the action I have taken in Item 2600-001-0046.

Item 2600-001-0046—For support of California Transportation Commission. I reduce this item from $1,000,000 to $932,000 by reducing:

(1) 10-Administration of California Transportation Commission from $1,651,000 to $1,545,000, and

(2) Amount payable from the State Highway Account, State Transportation Fund (Item 2600-001-0042) from −$651,000 to −$613,000.

I am deleting the $106,000 legislative augmentation to increase staffing at the Commission to restore a Legislative Deputy position that was eliminated in 2003–04 subsequent to being vacant for one year. Given the fiscal condition of the State, this reduction is necessary to bring ongoing expenditures in line with existing resources over the longer term.

Item 2665-001-0046—For support of High Speed Rail Authority. I reduce this item from $1,819,000 to $1,200,000 and by deleting Provision 1.

I am deleting the $720,000 legislative augmentation for the completion of the final draft of the High Speed Rail Environmental Impact Report (EIR). The Authority has been fully funded to complete the EIR but reports that it redirected a portion of these funds to the draft EIR when required to perform additional work on that document by federal agencies. Given the fiscal condition of the State, this reduction is necessary to bring ongoing expenditures in line with existing resources over the longer term.

I am also revising this item by deleting Provision 1. This provision would have restricted the use of $300,000 of this item to the legal defense of the environmental documents. By deleting this language I am providing the Authority with the budgetary flexibility it will need to meet its priorities.
Item 3340-001-0001—For support of California Conservation Corps. I reduce this item from $25,373,000 to $23,773,000 by reducing:

(1) 10-Training and Work Program from $57,256,000 to $55,656,000.

I am reducing this item by $1,600,000 and 14 positions for the operation of the Ukiah residential facility. The California Conservation Corps is a valuable program that helps protect the environment and promote leadership skills for young men and women. However, in light of the State’s current fiscal condition, the Ukiah residential facility was selected for conversion to a non-residential facility after a thorough review of all facilities because there are two other Corps residential facilities, Leggett and Shasta Pacific, nearby that also provide services to the Ukiah area. After the conversion, 15 corps members and one Corps employee will remain at the facility.

Item 3790-494—Reappropriation, Department of Parks and Recreation. I delete this item.

I am deleting this legislative reappropriation for three local parks projects. I am deleting the General Fund reappropriation for the renovation and repair of the La Palma Community Center. Given the fiscal condition of the State, this reduction is necessary to help build a prudent reserve and bring ongoing expenditures in line with existing resources over the longer term. I am also deleting the reappropriation of Proposition 12 bond funds for the Paxton-Arleta Softball/Soccer Field. This use of Proposition 12 bond funds is inconsistent with the purpose for which the funds were originally appropriated and therefore not eligible for reappropriation. Finally, I am deleting the reappropriation for the Community Build Youth Center. These bond funds were appropriated in the Budget Act of 2000 and more than adequate time has passed for the funds to be expended for this purpose.

Item 3940-001-0001—For support of State Water Resources Control Board. I revise this item by reducing:

(1) 10-Water Quality from $387,080,000 to $386,878,000, and

(7) Amount payable from the Waste Discharge Permit Fund (Item 3940-001-0193) from −$55,913,000 to −$55,711,000.

I am revising this item to conform to the action I have taken in Item 3940-001-0193.

Item 3940-001-0193—For support of State Water Resources Control Board. I reduce this item from $55,913,000 to $55,711,000.

I am deleting the $202,000 legislative augmentation for activities related to the development of statewide septic tank system standards. The State Water Resources Control Board will continue its efforts to develop the standards with the remaining $287,000 during 2004–05, and will not need the additional resources provided by this augmentation.

Item 4260-001-0001—For support of Department of Health Services. I delete Provision 3 of this item to make a technical correction to the Budget Bill.

Provision 3 in Item 4260-001-0001 refers to provisional language in Item 4260-111-0001 that was removed from the Budget Bill, and is therefore no longer necessary.

Item 4260-001-0890—For support of Department of Health Services. I delete Provision 5.

I am deleting Provision 5, which would require the Department of Health Services (DHS) to include in its application for funding from the federal Centers for Disease Control and Prevention’s (CDC) Public Health Preparedness and Responses to Bio-terrorism Program a request for the establishment of reporting procedures for low-level radioactive waste. Notwithstanding the merits of reporting low-level radioactive waste, this request is outside the scope of the State’s Cooperative Agreement with the CDC. Including this provision in the application will likely delay the availability of federal funds.

Item 4260-101-0001—For local assistance, Department of Health Services. I reduce this item from $11,728,217,000 to $11,727,467,000 by reducing:

(3) 20.10.030-Benefits (Medical Care and Services) from $28,531,016,000 to $28,529,516,000; $27,726,190,000 to $27,724,690,000;
While I recognize the important services that these pharmacies provide to Californians living with HIV/AIDS, I am reducing this item by $750,000 and deleting this provision because providing additional Medi-Cal pharmacy compensation to HIV/AIDS clinics would create unacceptable program inequities that will lead to unnecessary litigation against the State. The budget will ensure that those suffering with HIV/AIDS will continue to have access to critically important drugs.

The concept of a reimbursement model that incorporates the features identified in this proposal should be considered as part of an overall analysis of Medi-Cal provider reimbursement.

I am also deleting a $750,000 augmentation from the Federal Trust Fund in Item 4260-101-0890 to conform to this action.

In order to correct a technical error in the Budget Bill, I am also reducing the amount payable from the Federal Trust Fund (Item 4260-101-0890) by $167,000,000.

Item 4260-101-0890—For local assistance, Department of Health Services. I reduce this item from $18,577,411,000 to $18,576,661,000.

I am reducing this item by $750,000 to conform to my action in Item 4260-101-0001.

I am deleting Provision 2 because it is not possible to obtain federal matching funds without first spending General Fund resources, which have not been appropriated for this purpose. Provision 2 would require the Department of Health Services to expand the scope of the federally required LA County Health Department audit to include an unrelated audit.

Item 4440-101-0001—For local assistance, Department of Mental Health. I reduce this item from $79,676,000 to $59,718,000 by reducing:

(1) 10.25-Community Services—Other Treatment from $1,439,054,000 to $1,438,746,000; and

(1.5) 10.47-Community Services—Children’s Mental Health Services from $20,000,000 to $350,000.

I am reducing this item by $308,000 to eliminate supplemental funding to thirteen counties that is used to match federal rehabilitation funds. This action prioritizes the limited funding available for other mental health programs that reach all or most counties, and is necessary to help build a prudent reserve and bring ongoing expenditures in line with existing resources over the long term.

I am reducing by $19,650,000 the $20,000,000 legislative augmentation to restore funding for the Children’s System of Care program. This action is necessary to help build a prudent reserve and bring ongoing expenditures in line with existing resources over the long term. $350,000 remains in this item for support of the Cathie Wright Technical Assistance Center, which provides training and technical assistance to counties to implement integrated health and human services programs.

During favorable economic conditions, the State has been able to fund a higher level of services to address the mental health needs of children. With current limited resources, however, priority must be placed on the provision of direct and essential services to these children, which will continue to be provided by the Early and Periodic Screening, Diagnosis, and Treatment (EPSDT) program and local county realignment funding. With current limited state resources, however, priority must be placed on the provision of direct and essential services to these children. By maintaining the Cathie Wright Technical Assistance Center, it is my hope that the enhanced coordination of services within counties can be maintained until the economic situation improves.

Item 5175-101-0001—For local assistance, Department of Child Support Services.

I reduce this item from $252,159,000 to $250,799,000 by reducing:

(1) 10-Child Support Services from $978,519,000 to $974,519,000;

(a) 10.01-Child Support Administration from $865,975,000 to $861,975,000;
Amount payable from the Federal Trust Fund (Item 5175-001-0890) from \(-$447,175,000\) to \(-$444,535,000\);
and by deleting Provision 9.
I am deleting the $1,360,000 legislative augmentation for the Los Angeles County local child support agency. On the basis of equity and given the current condition of the General Fund, I cannot support this expenditure. With this reduction, $871,095,000 remains for administrative support of local child support agencies.
I am also deleting a $2,640,000 legislative augmentation from the Federal Trust Fund in Item 5175-101-0890 to conform to this action.

Item 5175-101-0890—For local assistance, Department of Child Support Services. I reduce this item from $447,175,000 to $444,535,000 by reducing:
I am reducing this item by $2,640,000 to conform to the action I have taken in Item 5175-101-0001.

Item 5175-101-0001—For local assistance, Department of Social Services. I reduce this item from $2,881,929,000 to $2,881,900,000 by reducing:
(1) 16.30-CalWORKs from $5,231,280,000 to $5,191,280,000;
(2) 16.65-Other Assistance Payments from $1,522,917,000 to $1,522,888,000; and
(6) Amount payable from the Federal Trust Fund (Item 5180-101-0890) from \(-$3,677,127,000\) to \(-$3,637,127,000\).
I am deleting the $29,000 legislative augmentation for increased costs resulting from providing California Food Assistance Program benefits to convicted drug felons. This technical correction conforms to removal of the language from the associated Budget Trailer Bill.
I am also revising this item to conform to the action I have taken in Item 5180-101-0890.

Item 5180-101-0890—For local assistance, Department of Social Services. I reduce this item from $3,677,127,000 to $3,637,127,000.
I am reducing $40,000,000 in federal Temporary Assistance for Needy Families Block Grant funds for CalWORKs employment services to nullify the effect of language included in the Budget Trailer Bill to provide unspent 2003–04 CalWORKs single allocation funds to counties in 2004–05. This language increases current spending and reduces the ability to maintain funding for the CalWORKs program within available federal and state resources.
While the budget ensures resources necessary to maintain existing benefits and services, this veto will improve the State’s ability to continue these essential benefits and services in the future.

Item 5180-141-0001—For local assistance, Department of Social Services. I reduce this item from $405,478,000 to $405,454,000 by reducing:
(1) 16.75-County Administration and Automation Projects from $1,024,616,000 to $1,024,557,000; and
(3) Amount payable from the Federal Trust Fund (Item 5180-141-0890) from \(-$580,825,000\) to \(-$580,790,000\).
I am deleting the $59,000 ($24,000 General Fund and $35,000 Federal Trust Fund) legislative augmentation for increased administration costs resulting from providing Food Stamp benefits to convicted drug felons. This technical correction conforms to removal of the language from the associated Budget Trailer Bill.
Item 5180-141-0890—For local assistance, Department of Social Services. I reduce this item from $580,825,000 to $580,790,000.
I am revising this item to conform to the action I have taken in Item 5180-141-0001.

Item 5180-151-0001—For local assistance, Department of Social Services. I reduce this item from $768,509,000 to $751,364,000 by reducing:
(1) 25.30-Children and Adult Services and Licensing from $2,049,695,000 to $2,032,550,000;
and by deleting Provisions 11 and 12.
I am reducing the $17,145,000 legislative augmentation for the Child Welfare Services Augmentation. During better economic times the State was able to pay the counties’ share-of-cost to provide additional social workers for Child Welfare Services. However, due to limited state resources in the General Fund, the State is unable to continue to waive the 30 percent nonfederal county share-of-cost for the Child Welfare Services Augmentation in this Budget. Assuming that counties backfill this reduction with their own resources, $91,440,000 in total funds remains available to counties to support this important program. I am deleting Provision 12 to conform to this action.

The Legislature adopted language that would require the Department of Social Services, with input from the Continuing Care Advisory Committee, to establish a panel to develop governance standards for applicants and operators of Continuing Care Retirement Communities, on or by July 1, 2005. I am deleting Provision 11, as it is inconsistent with efforts to streamline government and consolidate or eliminate boards and commissions to achieve operational efficiencies.

Item 5240-001-0001—For support of the Department of Corrections. I reduce this item from $5,311,082,000 to $5,309,719,000 by reducing:

(2) 22-Health Care Services Program from $942,126,000 to $940,763,000. I am deleting the $1,363,000 legislative augmentation associated with the denial of the department’s plan to reclassify 23.5 vacant staff psychiatrist positions to nurse practitioners. The department will reclassify these positions thereby eliminating the need for the augmentation. The reclassification represents a reasonable effort to address the department’s increasing medical and mental health costs through improved efficiencies that do not compromise or lessen the provision of inmate care. The reclassification is consistent with policies adopted by the Department of Mental Health. The hiring of Nurse Practitioners will also assist in maintaining continuity of mental health care due to the reduced need of temporary contract staff.

Item 6110-001-0001—For support of Department of Education. I reduce this item from $36,443,000 to $36,193,000 by reducing:

(2) 20-Instructional Support from $83,520,000 to $83,270,000. I am reducing a portion of this state operations budget by $250,000 to provide for a prudent General Fund reserve in light of the State’s current fiscal condition. Over the last several years, other constitutional offices have had to absorb significant General Fund reductions without the benefit of the substantial federal funds provided to the State Department of Education. I would note that the Department has received $2.1 million in federal fund augmentations in this budget, an increase that far exceeds this reduction.

Item 6110-130-0001—For local assistance, Department of Education. I reduce this item from $10,300,000 to $9,035,000.

I am sustaining $9,035,000 for the Advancement Via Individual Determination program (AVID) to provide training to teachers and school leaders and assistance to schools in implementing this program that helps students prepare for and be successful in college that might otherwise not attend. During better economic times the State was able to fully support a variety of worthy programs. However, due to limited resources in the General Fund, the State is unable to continue to sustain the same level of support. In making this reduction I encourage districts that currently participate in the AVID program to utilize some of the existing staff development dollars available to them. This budget already includes $957 million for staff development and teacher training programs.

I am revising Provision 1 to conform to this action.

1. Of the funds appropriated, $1,300,000 is available for administration of the Advancement Via Individual Determination (AVID) centers and $6,000,000 is available for competitive outreach grants to local education agencies for the AVID program. Notwithstanding any other provision of law, the remaining $3,000,000 shall be used solely for the provision of advanced placement teacher training or tutoring services.”
Item 6110-161-0890—For local assistance, Department of Education. I reduce this item from $1,091,674,000 to $1,090,974,000 by reducing:

(7) 10.60.050.032-IDEA, Family Empowerment Centers from $3,432,000 to $2,732,000;

and by deleting Provision 11.

I am deleting the legislative augmentation of $700,000 to establish four additional family empowerment centers. An increase in the number of centers is premature, as funding has been provided to conduct a study to evaluate the effectiveness of the twelve existing family empowerment centers. If the study shows these centers are effective in helping students with special needs, their families and schools, I will consider an augmentation to provide better access.

I am deleting Provision 11 to conform to this action.

Item 6110-164-0001—For local assistance, Department of Education. I delete this item and Provision 1.

I am deleting the $1,700,000 legislative augmentation to restore funding for the School-to-Career program. While I am very supportive of vocational education, I am interested in a more comprehensive proposal to reform and improve the State’s efforts in this area rather than sustaining small programs that help a few schools. The State provides an estimated $2 billion for vocational education in programs such as Regional Occupational Centers and Programs, secondary school vocational programs, apprentice programs and Community College programs. The multiplicity of programs and organizations involved makes it difficult to ensure accountability and to ensure all of California’s students receive the kind of training and education they need to perform well in good jobs. The grants provided by this program were intended to provide short-term resources to assist local partnerships to implement activities and working relationships that would be sustained after state funds expire. Once a program is established, it is expected that local businesses provide ongoing support to the extent that they benefit from these partnerships.

I am deleting Provision 1 to conform to this action.

Item 6110-485—Reappropriation, Department of Education, Proposition 98. I revise this item from $320,249,000 to $319,749,000, by deleting:

(8) $500,000, on a one-time basis, to the State Department of Education for the establishment of a web-based model that would differentiate and compare the capabilities of electronic assessment resources. These funds would be available contingent upon legislation for this purpose.

I am deleting the legislative augmentation of $500,000 for the establishment of a web-based model that would allow for comparisons of software packages used to evaluate pupil assessment results. Given that the State currently spends $112.6 million on student testing and assessment, the establishment of this model may have merit. However, I would like to consider the expenditure of additional state funds for this purpose, in conjunction with the pending legislative measure. Until I can evaluate the final legislative proposal, it is premature to appropriate funds in the Budget Act for this purpose.

Item 6360-001-0407—For support of the Commission on Teacher Credentialing. I reduce this item from $14,411,000 to $14,211,000 by reducing:

(1) 10-Standards for Preparation and Licensing of Teachers from $14,650,000 to $14,450,000.

I am deleting the $200,000 legislative augmentation to fund an additional 2.0 positions to address the credential processing backlog. This augmentation is unnecessary because the Commission can reduce the credentialing backlog with the staff provided in the budget. Providing credentialed teachers for all pupils is a goal of this Administration. The Commission should adopt greater efficiencies in conjunction with the review being conducted by the State Auditor, which is expected to be completed in the Fall of 2004, in order to eliminate the credential processing backlog.
Item 6870-101-0001—For local assistance, Board of Governors of the California Community Colleges (Proposition 98). I reduce this item from $2,810,212,000 to $2,778,803,000 by reducing:

(4) 10.10.040-Partnership for Excellence from $225,000,000 to $193,591,000; and

by revising Provision 4.

I am reducing this item by reducing the funding for the Partnership for Excellence program by $31,409,000 to maintain the May Revision Proposition 98 spending level for community colleges. Instead, funds were provided to support additional student enrollments and to maintain lower fees for Bachelor degree holders. With this reduction, $193,591,000 will still be available for this program through the general apportionments pursuant to Provision 4(a) of this item. The Legislature reduced the rigor of the accountability structure for this program proposed in the Governor's Budget. Because this program lacks accountability at the district level, it is appropriate that this funding be reduced. However, given my strong commitment to the Community Colleges and the extraordinary work they do in educating over a million full-time equivalent students seeking transfer, technical and basic skills every year, I am willing to restore this funding in the 2005–06 budget provided that district level goals and performance evaluations are incorporated into the accountability structure as had been proposed.

I revise provision 4(a) as follows to conform to this action: "4. (a) The amount appropriated in Schedule (4) shall be made available to districts in the same manner as the general apportionment funding in Schedule (1), and shall be made available in the same amount provided to each district for the Partnership for Excellence program in the 2003–04 fiscal year, including the funding deferred for this program pursuant to Section 84321 of the Education Code, and notwithstanding the basic aid status of any district. As a condition of receiving these funds, the districts shall first agree to assure that courses related to student needs for transfer, basic skills, and vocational and workforce training are accorded the highest priority and are provided to the maximum extent possible within the budgeted funds."

Item 8260-101-0001—For local assistance, California Arts Council. I delete this item.

I am deleting the $1,000,000 legislative augmentation for local arts grants. Given the fiscal condition of the State, this reduction is necessary to help build a prudent reserve and bring ongoing expenditures in line with existing resources over the longer term.

Item 8570-101-0001—For local assistance, Department of Food and Agriculture. I reduce this item from $6,078,000 to $5,528,000 by reducing:

(1) 11-Agricultural Plant and Animal, Pest and Disease Prevention from $6,078,000 to $5,528,000.

I am deleting the $550,000 legislative augmentation that would provide specified Los Angeles County employees performing pest detection and eradication activities with permanent employee status. This augmentation is associated with pending legislation and I am opposed to the appropriation of funds for legislation that has not yet been approved by the Legislature and the Administration.

Item 8665-001-9326—For support of California Consumer Power and Conservation Financing Authority. I reduce this item from $1,224,000 to $424,000 by reducing:

(1) 15-Energy Acquisition from $738,000 to $258,000;
(2) 20-Planning and Policy Development from $486,000 to $166,000;
(3) 30.01-Administration from $343,000 to $119,000; and
(4) 30.02-Distributed Administration from −$343,000 to −$119,000.

I am deleting the $800,000 legislative augmentation to increase funding for California Power Authority (Authority) activities. I proposed in my January 10 Budget to eliminate the Authority as a first step towards reorganizing California’s energy agencies. While further energy reorganizations may be proposed, the continued existence of the Authority will not contribute to improving California’s energy situation and its elimination need not wait for more comprehensive energy reorganization proposals. Other State energy agencies already perform activities similar to those of the Authority. Elimination of the Authority is an appropriate first step to streamline energy programs
and I renew my call on the Legislature to send me legislation statutorily eliminating this unnecessary organization.

Item 8830-001-0001—For support of California Law Revision Commission. I reduce this item from $662,000 to $512,000 by reducing:
(1) 10-Law Revision Commission from $677,000 to $527,000.
I am deleting the $150,000 legislative augmentation. Given the fiscal condition of the State, this reduction is necessary to help build a prudent reserve and bring ongoing expenditures in line with existing resources over the longer term. With this reduction, $527,000 remains to support the Commission’s programs.
With the above deletions, revisions, and reductions, I hereby approve Senate Bill 1113.

ARNOLD SCHWARZENEGGER

LEGISLATIVE COUNSEL’S DIGEST
SB 1113, Committee on Budget and Fiscal Review. 2004–05 Budget.

This bill would make appropriations for support of state government for the 2004–05 fiscal year.
The bill would declare that it is to take effect immediately as an urgency statute.

Appropriation: yes.

The people of the State of California do enact as follows:

SECTION 1.00. This act shall be known and may be cited as the “Budget Act of 2004.”
SEC. 1.50. (a) In accordance with Section 13338 of the Government Code, as added by Chapter 1284, Statutes of 1978, and as amended by Chapter 1286, Statutes of 1984, it is the intent of the Legislature that this act utilize a coding scheme compatible with the Governor’s Budget and the records of the Controller, and provide for the appropriation of federal funds received by the State and deposited in the State Treasury.
(b) Essentially, the format and style are as follows:
(1) Appropriation item numbers have a code which is common to all the state’s fiscal systems. The meaning of this common coded item number is as follows:
2720—Organization Code (this code represents the California Highway Patrol)
001—Reference Code (first appropriation for a particular fund for support of each department)
0044—Fund Code (Motor Vehicle Account, State Transportation Fund)
(2) Appropriation items are organized in organization code order as reflected in the Governor’s Budget.
(3) All the appropriation items, reappropriation items, and reversion items, if any, for each department or entity are adjacent to one another.
(4) Federal funds received by the state and deposited in the State Treasury are appropriated in separate items.
(c) The Department of Finance may authorize revisions to the codes used in this act in order to provide compatibility between the codes used in this act and those used in the Governor’s Budget and in the records of the State Controller.

(d) Notwithstanding any other provision of this act, the Department of Finance may revise the schedule of any appropriation made in this act where the revision is of a technical nature and is consistent with legislative intent. These revisions may include, but shall not be limited to, the substitution of category for program or program for category limitations, the proper categorization of allocated administration costs and cost recoveries, the distribution of any unallocated amounts within an appropriation and the adjustment of schedules to facilitate departmental accounting operations, including the elimination of categories providing for amounts payable from other items or other appropriations and the distribution of unscheduled amounts to programs or categories. These revisions shall include a certification that the revisions comply with the intent and limitation of expenditures as appropriated by the Legislature.

(e) Notwithstanding any other provision of this act, when the Department of Finance, pursuant to subdivision (d), approves the schedule or revision of any appropriation relating to the elimination of amounts payable, the language authorizing the transfer shall also be eliminated.

SEC. 2.00. (a) The following sums of money and those appropriated by any other sections of this act, or so much thereof as may be necessary unless otherwise provided herein, are hereby appropriated for the use and support of the State of California for the 2004–05 fiscal year beginning July 1, 2004, and ending June 30, 2005. All of these appropriations, unless otherwise provided herein, shall be paid out of the General Fund in the State Treasury.

(b) Appropriations and reappropriations for capital outlay, unless otherwise provided herein, shall be available for expenditure during the 2004–05, 2005–06 and 2006–07 fiscal years, except that appropriations and reappropriations for studies, preliminary plans, working drawings, or minor capital outlay, except as provided herein, shall be available for expenditure only during the 2004–05 fiscal year. In addition, the balance of every appropriation or reappropriation made in this act that contains funding for construction that has not been allocated, through fund transfer or approval to proceed to bid, by the Department of Finance on or before June 30, 2005, except as provided herein, shall revert as of that date to the fund from which the appropriation was made.

(c) Whenever by constitutional or statutory provision the revenues or receipts of any institution, department, board, bureau, commission, officer, employee, or other agency, or any moneys in any special fund created by law therefor, are to be used for salaries, support or any proper purpose, expenditures shall be made therefrom for any such purpose only to the extent of the amount therein appropriated, unless otherwise stated herein.
(d) Appropriations for purposes not otherwise provided for herein that have been heretofore made by any existing constitutional or statutory provision shall continue to be governed thereby.

In addition to funding approved and appropriated through the program budget process, on an annual basis, it is the intent of the Legislature that the state shall provide, upon the order of the Director of Finance, to the Judicial Council an amount of discretionary funding that is deemed to be fair, reasonable, and fiscally responsible and meets specific criteria established and agreed upon by the Director of the Department of Personnel Administration, Director of Finance, and the Administration Director of the Courts. The level of funding shall be based on factors such as workload, population growth, agreed-upon policy goals, changes in local geographical circumstances and other agreed-upon criteria, which shall include the average percentage salary and benefit increases provided to state employees.

Furthermore, the board shall expeditiously fill budgeted positions consistent with the funding provided in this act.

2. It is the intent of the Legislature that the Franchise Tax Board resolve tax controversies, without litigation, on a basis that is fair to both the state and the taxpayer and in a manner that will enhance voluntary compliance and public confidence in the integrity and efficiency of the board.

5. Of the amounts appropriated in this item, the amounts provided in Schedule (5) and Schedule (13), Reimbursements—Child Support Automation, are, pursuant to Section 5 of Chapter 479 of the Statutes of 1999, available for the 2004–05 and 2005–06 fiscal years.

6. It is the intent of the Legislature that the California Child Support Automation System project shall receive the highest commitment and priority of all of the state’s child support automation activities.

7. The Legislature intends that the California Child Support Automation System project shall support all child support collections activities in compliance with federal certification requirements.

8. Notwithstanding any other provision of law, upon request of the Franchise Tax Board, the Department of Finance may augment the amount available for expenditure in this item to pay for start-up costs for the State Disbursement Unit component of the California Child Support Automation System project. The augmentation may be made no sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house of the Legislature that considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine. 6. The Santa Monica Mountains Conservancy shall secure refunds from the Mountains Recreation and Conservation Authority of the unencumbered balances of previous years’ grants made from this funding source to the conservancy. For the purposes of this provision, “unencumbered balance” means funds that are not essential to fulfill the obligations of an enforceable, legal, and binding contract as determined by the Office of the Attorney General, taking into account the advice of the Office of the State Treasurer with respect to federal tax issues. These funds shall remain available for encumbrance according to the terms of the initial appropriation and all the budget control language included in this act.

7. Any time that the Office of the Attorney General concludes that any use of bond funds has not been consistent with the opinion standard, the Santa
Monica Mountains Conservancy shall follow the instructions of the Attorney General with respect to recovery, refund, or other settlement.

8. The Santa Monica Mountains Conservancy shall follow the advice of the Office of the Attorney General with respect to the refund of $491,841 in overhead on the grant for acquisition of the Avatar property.

9. Funds from the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Act of 2000 (Item 3810-301-0005) shall not be available to the Santa Monica Mountains Conservancy until the Department of Finance has confirmed that those amounts are actually available as a result of refunds from prior appropriations.

10. It is the intent of the Legislature that the Department of Personnel Administration and the Department of Finance shall approve the reclassification of one or more of the Santa Monica Mountains Conservancy’s authorized positions to improve fiscal and contracts management.

Schedule:
(1) 50.20.001- Capital Outlay Acquisitions ............................................ 9,500,000

Provisions:
1. The Santa Monica Mountains Conservancy may encumber these funds for either capital outlay or local assistance grants through June 30, 2007. The conservancy shall not encumber these funds for any grant not previously approved by the Office of the Attorney General.

2. The Santa Monica Mountains Conservancy shall submit a revised cost allocation methodology to the Department of Finance no later than September 1, 2004, that shall be applied to grants made from this appropriation. The Department of Finance shall review this revised methodology for its reasonableness. The Department of Finance may either recommend approval of the revised methodology as presented or recommend modifications to the methodology. In either case, the Director of Finance shall provide notification of the department’s recommendation in writing to the
Chairperson of the Joint Legislative Budget Committee. The Chairperson of the Joint Legislative Budget Committee shall either approve or reject the recommendation within 30 days of the date of notification. If the chairperson does not approve or reject the department’s recommendation within 30 days, the department’s recommendation will be deemed approved.

3. The Santa Monica Mountains Conservancy shall provide the services of the conservancy’s executive director and of other conservancy staff to a joint powers authority only to the extent that the sharing of services is permitted by law, as determined by the Office of the Attorney General.

4. The Santa Monica Mountains Conservancy shall develop and implement procedures in response to the Final Management Letter from the Department of Finance, dated May 4, 2004, that assure the separation of functions with respect to fiscal operations of joint powers authorities. These procedures shall include procedures whereby all financial transactions of the joint powers authority are supervised by officers and employees who are separate from the conservancy and do not report to any officers or employees of the conservancy in any capacity. The conservancy shall provide a report on those procedures and their implementation to the chairpersons of the fiscal committees and appropriate subcommittees of each house of the Legislature by January 1, 2005. For the purposes of this provision, “fiscal operations” and “financial transactions” refer to any and all activities involving the receipt, tracking, and paying out of moneys, including, but not limited to, accounting, auditing, payroll, and contract disbursement activities.

5. The Santa Monica Mountains Conservancy shall issue grants from this appropriation only in accordance with the General Obligation Bond Law and the specific provisions of the bond funds from which appropriations have been made, and according to advice it has received from the Office of the Attorney General, and, if appropriate, from the Office of the State Treasurer, respecting the permissible use of bond funds available to the conservancy.
6. The Santa Monica Mountains Conservancy shall secure refunds from the Mountains Recreation and Conservation Authority of the unencumbered balances of previous years’ grants made from this funding source to the conservancy. For the purposes of this provision, “unencumbered balance” means funds that are not essential to fulfill the obligations of an enforceable, legal, and binding contract as determined by the Office of the Attorney General, taking into account the advice of the Office of the State Treasurer with respect to federal tax issues. Provisions:

1. Provision 1 of Item 5180-101-0001 also applies to this item.

2. Notwithstanding Chapter 1 (commencing with Section 18000) of Part 6 of Division 9 of the Welfare and Institutions Code, a loan not to exceed $50,000,000 shall be made available from the General Fund from funds not otherwise appropriated, to cover the federal share of costs of a program(s) when the federal funds have not been received by this state prior to the usual time for transmitting that federal share to the counties of this state. That loan from the General Fund shall be repaid when the federal share of costs for the program(s) becomes available.

3. The Department of Finance may authorize the establishment of positions and transfer of amounts from this item to Item 5180-001-0001, in order to allow the state to perform the facilities evaluation function of Community Care Licensing in the event the counties fail to perform that function.

4. Nonfederal funds appropriated in this item which have been budgeted to meet the state’s Temporary Assistance for Needy Families maintenance-of-effort requirement established pursuant to the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193) may not be expended in any way that would cause their disqualification as a federally allowable maintenance-of-effort expenditure.

5. The Department of Finance may authorize the establishment of positions and transfer of amounts
from this item to Item 5180-001-0001, in order to allow the state to perform the adoptions function in the event that a county notifies the Department of Social Services that it intends to cease performing that function.

6. Notwithstanding any other provision of law, upon request by the State Department of Social Services, the Department of Finance may redirect funding appropriated in this item for the Child Welfare Services/Case Management System (CWS/CMS) to pay costs associated with the planning and procurement of the migration of the hosting function of the CWS/CMS to the Health and Human Services Data Center, upon approval by the federal government of the state’s “Go-Forward” plan for the CWS/CMS project and restoration of Statewide Automated Child Welfare Information System-level federal funding. This redirection shall not be effected sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house of the Legislature that considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or whatever lesser time the chairperson of the committee, or his or her designee, may in each instance determine. The redirection of expenditure authority granted pursuant to this provision shall be consistent with the amount approved by the Department of Finance based on its review of the special project report or equivalent document.

7. It is the intent of the Legislature that the Department of Social Services and the Health and Human Services Data Center provide the highest commitment and priority to completing the Technical Architecture Alternatives Analysis plan and beginning the re-procurement for the Child Welfare Services/Case Management System.

8. On or before April 1, 2005, the Department of Social Services shall submit the Technical Architecture Alternatives plan to the federal government and the Chairperson of the Joint Legislative Budget Committee. The plan shall include, but is not limited to, analyses of both Statewide Automated Child Welfare Information System (SACWIS) and non-SACWIS alternatives, including a cost-benefit analysis of each alternative. Alternatives
for technology changes must examine both the technology of the existing system and other technologies that can be readily enhanced and modernized for the expected life of the system, and that employ open architectures and standards. Each alternative examined shall consider a strategy that ensures open and fair competition, including a multi-procurement strategy. The Department of Social Services shall consult with the County Welfare Directors Association during the development of the plan.

9. Of the amount appropriated in this item, $54,319,000 from the General Fund shall be available to maintain and operate the Child Welfare Services/Case Management System. In the event that the federal government disapproves federal financial participation in any amount, the Department of Social Services shall immediately notify the Department of Finance. Within 45 days of receiving notification of federal government disapprovals exceeding a cumulative total of $1,000,000, the Department of Finance shall provide the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees of both houses of the Legislature a proposed revised expenditure plan.

10. The Department of Social Services shall consult with the counties, children’s advocates, and current and former foster youth in the development and implementation of permanency and youth services initiatives.

11. On or before July 1, 2005, the Department of Social Services, with input from the Continuing Care Advisory Committee established pursuant to Section 1777 of the Health and Safety Code, shall create a panel of residents, providers, and representatives of the department to develop governance standards for applicants and operators of continuing care retirement communities, including but not limited to; standards that define the authority and representation of independent directors on boards of directors of continuing care retirement communities and on the audit, compensation, and nominating committees of the boards of directors.

12. Of the amount appropriated in this item, $91,440,000 shall be provided to counties to
fund additional child welfare service activities and shall be allocated based on child welfare services caseload and county unit costs. However, no county shall receive less than $100,000. These funds shall be expressly targeted for emergency response, family reunification, family maintenance, and permanent placement services, and shall be used to supplement, not to supplant, child welfare services funds. A county is not required to provide a match of the funds received pursuant to this provision if the county appropriates the required full match for the county’s child welfare services program exclusive of the funds received pursuant to this provision. These funds are available only to counties that have certified that they are fully utilizing the Child Welfare Services/Case Management System (CWS/CMS) or have entered into an agreed-upon plan with the State Department of Social Services outlining the steps that will be taken to achieve full utilization. The department shall reallocate any funds that counties choose not to accept under this provision to other counties based on the allocation formula specified in this provision. The department, in collaboration with the County Welfare Directors Association and representatives from labor groups representing social workers, shall develop the definition of full utilization of the CWS/CMS, the method for measuring full utilization, the process for the state and counties to work together to move counties toward full utilization, and measurements of progress toward full utilization.

Provisions:
1. Funds appropriated to accommodate projected institutional population levels in excess of those that actually materialize, if any, shall revert to the General Fund, except that the Director of Finance may approve an increase in expenditures that are not related to caseload for the Department of Corrections through the redirection of funding that is reasonably believed not to be needed for accom-

This restriction shall not apply to any existing contract, but shall apply to the extension or renewal of that contract. In addition, the total operational cost of incarcerating state inmates in leased county jail beds (which includes state costs, but is exclusive of one-time and capital outlay costs), shall not exceed the department's average cost for operating comparable institutions.

5. Notwithstanding any other provision of law, but subject to providing 30 days' prior notification to the Joint Legislative Budget Committee, funds appropriated in Schedule (1) or (3), or both, of this item may be transferred to Item 5240-101-0001, Schedule (2), upon order of the Director of Finance, to provide funds for the reimbursement of counties for the cost of holding parole violators in local jail.

9. No later than February 17, 2005, the Director of Corrections shall submit to the chairpersons and vice chairpersons of the Committee on Budget in both the Assembly and Senate and to the Legislative Analyst’s Office, an operating budget for each of the correctional facilities under the control of the Department of Corrections. For every institution, the operating budget shall clearly identify the number of authorized and vacant positions,
the estimated personal service costs, the estimated overtime budget, the estimated benefits budget, the estimated operating expense and equipment budget, and a list of all capital outlay projects occurring or projected to occur during the 2004–05 fiscal year.

10. No later than 60 days following enactment of this act, and subsequently on February 10 and upon release of the May Revision, the Director of Corrections shall submit to the Director of Finance the Post Assignment Schedule for each institution, reconciled to budgeted authority and consistent with approved programs, along with allotments consistent with the reconciled Post Assignment Schedule for each institution.

12. Of the amount appropriated in this item, $650,000 is for establishing performance measures for, and evaluating the effectiveness of, various prison and parole programs. Prior to the
expenditure of these funds, the Department of Corrections shall provide the Legislature with a plan specifying how the department will use these funds. This plan shall include, but is not limited to, a list of the programs chosen for performance measures and evaluation, a description of the evaluation methodologies that will be employed for each program listed, the estimated costs to conduct each program evaluation, and a schedule of when reports describing the evaluation results will be completed. This appropriation is limited to two years, unless the Legislature specifically acts to further extend the funding.

13. It is the intent of the Legislature that any funds allocated to the Department of Corrections for the purpose of staffing administrative segregation units that remain unspent at the end of the fiscal year revert to the General Fund. In addition, the Department of Corrections will provide to the Legislature no later than October 1, 2004, a report regarding departmental policies affecting the placement and removal of inmates in administrative segregation units, as well as the criteria and procedures to be used by department headquarters in determining how administrative segregation funding controlled at headquarters will be distributed to individual prisons.

The department shall not assign the development of the correlation matrix to the Curriculum Development and Supplemental Materials Commission established pursuant to Section 33530 of the Education Code.

The department shall submit its verification results to the State Board of Education for approval and the State Board of Education shall approve or disapprove the materials at the next regularly scheduled meeting after receipt of the department’s verification, in accordance with public notification requirements.

(c) The Controller shall establish an account entitled Section 8278 Expenditures in 2003 in Item 6110-196-0001, Program 30.10.060. Any unexpended General Fund balances as of June 30, 2004, or subsequent abatements, from those amounts listed in Schedules (1), (1.5)(a), (1.5)(b), (1.5)(c), (1.5)(d), (1.5)(g), (1.5)(h), (1.5)(i), (1.5)(j), (1.5)(k), (1.5)(l), and (1.5)(m) of this item, that are available pursuant to Section 8278 of the Education Code, shall be transferred to the account for the purpose of making expenditures pursuant to that section and as specified in this provision.

2. The State Department of Education shall report to the Joint Legislative Budget Committee and the Department of Finance, by March 31, 2005, the amount of child development funds, by program, that have been determined after audit to be unearned. The report shall include the settlement of claims payable by program from unearned contract fund balances. This provision includes both Federal Fund and General Fund contracts.

4. (a) Notwithstanding any other provision of law, alternative payment child care programs shall be subject to the rate ceilings established in the Regional Market Rate Survey of California child care and development providers for provider payments. The SDE shall utilize a federal fund contract, to be awarded through a competitive bid process, to conduct a market rate survey. A summary report and analyses of changes in mean and ceiling rates, adjustment factors, and region rates shall be forwarded to the Department of Finance along with the mean and ceiling rates. The contract shall also provide resources sufficient for the contractor to respond to requests for related information by the Department of Finance. Any changes
to the market rate limits, adjustment factors or regions are subject to the approval process for child care contract funding terms and conditions as specified in Section 8447 of the Education Code. When approved, those changes shall be utilized by the SDE and DSS in various programs under the jurisdiction of both departments to determine limits of reimbursement to providers.

5. The funds appropriated in this item for campus child care tax bailout shall be allocated by the State Department of Education based on a schedule provided by the Chancellor of the California Community Colleges. The chancellor shall schedule the allocation of these funds to community college districts that levied child care permissive override taxes in the 1977–78 fiscal year pursuant to Sections 8329 and 8330 of the Education Code in an amount equal to the property tax revenues, tax relief subventions, and state aid required to be made available by the district to its child care and development program for the 1979–80 fiscal year pursuant to Section 30 of Chapter 1035 of the Statutes of 1979, increased by any cost-of-living increases granted in subsequent fiscal years. These funds shall be used only for the purpose of community college child care and development programs.

6. Notwithstanding any provision of law, higher educational institutions may establish and maintain child development programs on or near their respective campuses with priority for services given to children of students of that campus. Those higher educational institutions under contract with the State Department of Education for
child care and development services shall be subject to the rules and regulations adopted by the Superintendent of Public Instruction, except where those rules and regulations differ with respect to the conditions specified for the community colleges in Provision 14 of Item 6870-101-0001.

7. Funds in Schedule (1.5) (1) of this item, shall be reserved for activities to improve the quality and availability of child care, pursuant to the following:
   (a) $2,067,000 is for the schoolage care and resource and referral earmark.
   (b) $11,656,000 is for the infant and toddler earmark and shall be used for increasing the supply of quality child care for infants and toddlers. Notwithstanding any other provision of law, expenditure plans and contract provisions for awarding these funds shall give high, but not exclusive, priority to the development of new family day care home providers, especially those who offer care during nontraditional hours such as weekends, evenings, and nights and who offer care for special needs children.
   (c) $9,044,000 in one-time federal funding is available to continue dissemination and training efforts for the Pre-Kindergarten guidelines and curriculum, health and safety training, and other programs to improve the quality of care provided by licensed and license-exempt providers. Notwithstanding any other provision of law, these funds shall be available for expenditure until June 30, 2006.
   (d) From the remaining funds, the following amounts shall be allocated for the following purposes: $4,000,000 to train former CalWORKs recipients as child care teachers; $2,700,000 for contracting with the Department of Social Services for increased inspections of child care facilities; $1,200,000 for

The balance of the $425,000 identified in this subdivision shall be made available to support projects in Fresno and San Diego, based upon the determination by the State Department of Education of the satisfaction by the projects operated by the public television station in each of those cities of the criteria set forth in (1) to (6), inclusive, of this subdivision.

(f) $30,000 shall be made available for a preschool public television project in Eureka.

(g) As required by federal law, the State Department of Education shall develop an expenditure plan that sets forth the final priorities and the reasons therefor if the final priorities are different from those approved in response to the reporting requirement contained in Provision 7(g) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 2002 (Ch. 379,
This plan shall be submitted to the Department of Finance by January 1, 2005, and funds shall not be encumbered prior to approval of the plan by the Department of Finance. The State Department of Education shall coordinate with the Department of Social Services, the California Children and Families State Commission, and other applicable entities to identify annual statewide expenditures for quality enhancements which qualify for meeting federal requirements, and shall reference these expenditures in its biennial federal quality plans or any subsequent amendments.

(h) The department shall establish expenditure priorities for the 2005–06 fiscal year that set forth the proposed state and local activities to improve child care, including the reasons therefor, to be undertaken in the 2005–06 fiscal year. This plan shall be submitted in a format developed in consultation with the Department of Finance and shall be submitted to the Department of Finance and to the fiscal committees of both houses of the Legislature at least 30 days prior to the commencement of public hearings on the proposed plan and no later than March 1, 2005.

(i) $15,000,000 from the General Fund shall be for child care worker recruitment and retention programs as specified by Chapter 547 of the Statutes of 2000.

8. (a) The department shall maintain an improved allocation, contracting, and reimbursement system for CalWORKs Stage 2 and Stage 3 Setaside funding to ensure funds are distributed in proportion to statewide needs. These needs shall recognize attrition experience and family fees collected at the local level which shall be counted toward the funding available to meet those needs. The department shall conduct monthly analyses of caseloads and expenditures and adjust agency contract maximum reimbursement amounts and allocations as necessary to ensure funds are distributed proportional to need. The department shall share monthly caseload analyses with the Department of Social Services (DSS).
(b) The department shall provide quarterly reports on the sufficiency of funding for Stage 2 and Stage 3 Setaside to the Department of Finance, the DSS, and the Legislative Analyst’s Office. The department shall provide case-loads, expenditures, allocations, unit costs, family fees, and other key variables and assumptions used in determining the sufficiency of state allocations. Detailed backup by month and on a county-by-county basis shall be provided to the DSS at least on a quarterly basis for comparisons with Stage 1 trends.

(c) Any request from the Temporary Assistance to Needy Families (TANF) reserve shall be based on the information and analyses pursuant to the preceding paragraphs and shall be made jointly and coordinated with the DSS to eliminate duplication. In order to facilitate coordination, detailed backup by month and on a county-by-county basis, if different from quarterly data provided pursuant to the previous paragraph, shall be provided to the DSS to facilitate its analyses and comparison of overall CalWORKs caseloads and related child care needs.

(d) By September 15, 2004, and March 15, 2005, the department shall ensure that detailed caseload and expenditure data, through the most recent period for Stage 2 and Stage 3 Setaside along with all relevant assumptions, is provided to DSS to facilitate budget development and the May Revision, respectively. The detailed data provided shall include actual and projected monthly caseload from Stage 2 scheduled to time off of their transitional child care benefit from the last actual month reported by agencies through the 2006–07 fiscal year as well as local attrition experience. DSS shall utilize data provided by the department, including key variables from the prior fiscal year and the first two months of the 2004–05 fiscal year, to provide coordinated estimates in November 2004 for each of the three stages of care for preparation of the 2005–06 Governor’s Budget, and shall utilize data from at least the first two quarters of the
2004–05 fiscal year, and any additional months’ data as they become available for preparation of the 2005 May Revision. DSS shall share its assumptions and methodology with SDE in the preparation of the 2005–06 Governor’s Budget.

(e) As deemed necessary by the department for counties where there is more than one Alternative Payment Program participating in CalWORKs child care programs, county welfare departments shall participate jointly with the Alternative Payment Programs, as applicable, to jointly determine the amount of funds initially distributed to each Alternative Payment Program. However, the department may adjust these allocations at any time for providers deemed by the department to be on conditional status and shall adjust the allocations as necessary to ensure a distribution of funding proportional to each alternative payment provider’s documented need pursuant to the analysis specified in this provision.

(f) Upon request by the Department of Finance, the department shall determine, through survey or mandatory reporting, and through use of consultant services as necessary, requested information (such as selected updates of data collected pursuant to Provision 8(c)(6) of the Budget Act of 2000 (Ch. 52, Stats. 2000)) which shall be provided to the Department of Finance for use in 2005–06 budget development.

(g) The department shall coordinate with the DSS to identify annual general subsidized child care program expenditures for TANF-eligible children. The department shall modify existing reporting forms to capture this data.

(h) The State Department of Education shall provide to the Department of Social Services, upon request, access to the information and data elements necessary to comply with federal reporting requirements and any other information deemed necessary to improve estimation of child care budgeting needs.

9. Notwithstanding any other provision of law, the funds in Schedule (1.5)(f) for Stage 3 Setaside are
reserved exclusively for continuing child care for (1) former CalWORKs families who are working, have left cash aid and have exhausted their two-year eligibility for transitional services in either Stage 1 or 2 pursuant to subdivision (c) of Section 8351 or 8353 of the Education Code, respectively, but still meet eligibility requirements for receipt of subsidized child care services; and (2) families who received lump-sum diversion payments or diversion services under Section 11266.5 of the Welfare and Institutions Code and have spent two years in Stage 2 off of cash aid, but still meet eligibility requirements for receipt of subsidized child care services.

10. Nonfederal funds appropriated by this item to meet the state’s Temporary Assistance for Needy Families maintenance-of-effort requirement established pursuant to the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193) shall only be expended on behalf of CalWORKs recipients and may not be expended in any way that would cause their disqualification as a federally allowable maintenance-of-effort expenditure.

11. Administrative and support services allowances for the Alternative Payment, Stage 2, and Stage 3 Setaside child care programs funded through Schedules (1.5)(d), (1.5)(e), and (1.5)(f) of this item, shall be limited to no more than 23.4568 percent of the direct cost-of-care payments to child care providers.

12. Notwithstanding Section 26.00 of this act, the funds appropriated in Schedule (3) of this item, for child development cost-of-living adjustments, are for allocation among Schedules (1), (1.5)(a), (1.5)(b), (1.5)(c), (1.5)(d), (1.5)(g), (1.5)(h), (1.5)(i), (1.5)(j), and (1.5)(m) within this item. Funds shall not be allocated to programs prior to approval of a budget revision by the Department of Finance. After allocation of the 2004–05 COLA, the maximum standard reimbursement rate shall not exceed $28.82 per day for General Child Care programs and $18.39 per day for State Preschool. Furthermore, the Community College Match, the Migrant Child Care, and the Cal-SAFE Child Care programs shall adhere to the maximum standard reim-
bursement rates as prescribed for the General Child Care programs. All other rates and adjustment factors shall be revised to conform.

13. Notwithstanding Section 26.00 of this act, the funds appropriated in Schedule (4) of this item, for child development growth adjustments, are for allocation among Schedules (1), (1.5)(a), (1.5)(b), (1.5)(c), (1.5)(d), (1.5)(i), and (1.5)(j) within this item. Funds shall not be allocated to programs prior to approval of a budget revision by the Department of Finance.

(b) Notwithstanding any other provision of law, the funds appropriated in this item shall not be used to provide child care services to grandfathered families eligible only under subdivision (b) of Section 8263.1 of the Education Code.

(c) Notwithstanding any other provision of law, the income eligibility limits pursuant to subdivision (a) of Section 8263.1 of the Education Code used in the 2003–04 fiscal year shall remain in effect for the 2004–05 fiscal year.

15. Notwithstanding any other provision of law, it is the intent of the Legislature that unearned contract amounts appropriated for CalWORKs Stage 2 and Stage 3 Setaside in any prior year be used to offset direct services costs in CalWORKs Stage 2 child care in each subsequent year. Therefore, in order to account for these funds in determining the budget, the Department of Education shall disencumber any amounts in excess of a two-percent reserve of the original contract amount for each unaudited contract and shall provide a report by September 1, 2004, and
April 1, 2005, of the available balances to the Department of Finance. The Department of Education shall ensure child care audits are closed out in a timely fashion to ensure savings are available in the fiscal year budget following initial appropriation.

16. Notwithstanding any other provision of law, the Superintendent of Public Instruction may, upon request by a program that is earning the full grant amount, waive the funding caps for core grants for elementary, middle, and junior high school students to allow expenditure of any uncommitted funds that are available to enable those programs to create additional slots for 11- and 12-year-old pupils and their eligible younger siblings redirected from state-funded and federally funded subsidized child care programs pursuant to Section 8263.4 of the Education Code.

6110-196-0890—For local assistance, Department of Education, payable from the Federal Trust Fund ........................................................................................................ 874,459,000

1. Notwithstanding any other provision of law, the funds appropriated in this item, to the extent permissible under federal law, are subject to Section 8262 of the Education Code.
2. The funds appropriated in this item include the federal Child Care and Development Block Grant and are contingent upon receipt of that federal grant.
3. Of the funds appropriated in this item, $315,203,000 is from the transfer of funds from the federal Temporary Assistance for Needy Families (TANF) Block Grant administered by the State Department of Social Services to the federal Child Care and Development Block Grant for Stage 2 child care. This amount may be increased by transfer from the TANF reserve pursuant to Item 5180-403 of this act, except that funds may not be first transferred to the Child Care Development Block Grant if those transfers result in an increase to the federal quality requirements beyond the level currently budgeted for quality activities.
4. Of the funds appropriated in this item, $1,061,000 is available on a one-time basis for Stage 3 child
care. This funding reflects funds made available on a one-time basis by a federal reallocation.

5. Of the funds appropriated in this item, $45,553,000 is available on a one-time basis for Stage 3 and $2,100,000 is available on a one-time basis for Stage 2 from federal Child Care and Development Block Grant funds appropriated prior to the 2004 federal fiscal year.

1. The funds appropriated by this item are for transfer by the Controller to Section A of the State School Fund, for allocation by the Superintendent of Public Instruction to school districts, county offices of education, and other educational agencies for purposes of the Proposition 98 programs in this item, in lieu of the amounts otherwise provided for those programs by statute.

2. Of the amount appropriated in this item, $19,000 is provided for increases in average daily attendance at a rate of 0.95 percent. If an amount to fund growth is insufficient, the State Department of Education may adjust the per-pupil growth rates to reflect available funds. Additionally, $49,000 is for the purpose of providing a cost-of-living adjustment at a rate of 2.41 percent.

6110-197-0890—For local assistance, Department of Education, payable from the Federal Trust Fund, 21st Century Community Learning Centers Program

Schedule:

1) 30.10.080-Special Program, Child Development, 21st Century Community Learning Centers Program

Provisions:

1. (a) It is the intent of the Legislature that the department give significant weight in rating applications, reallocations of available funding
and in approving use of grant carryover amounts to the level of student participation and cost per student served. Approval of use of carryover funds from year to year for programs receiving grants shall ensure that additional participation be required so as to not increase the cost per student served in the fiscal year in which grant funds are expended. The department shall also track cost per student planned versus actually achieved and actively ensure that each grant maximizes student participation in relation to the level of the annual grant or shall reduce grant amounts accordingly in subsequent years.

(b) The department shall provide an annual report to the Legislature and Department of Finance by September 1 of each year that identifies by cohort for the previous fiscal year each high school program funded, the amount of the annual grant and actual funds expended, the numbers of students served and planned to be served, and the average cost per student per day. If the average cost per student per day exceeds $10 per day, the department shall provide specific reasons why the costs are justified and cannot be reduced. In calculating cost per student per day, the department shall not count attendance unless the student is under the direct supervision of after school program staff funded through the grant. Additionally, the department shall calculate cost per day on the basis of the equivalent of a three-hour day for 180 days per school year. The department shall also identify for each program, as applicable, if the attendance of students is restricted to any particular subgroup of students at the school in which the program is located. If such restrictions exist, the department shall provide an explanation of the circumstances and necessity therefor.

2. The State Department of Education (SDE) shall provide a report to the Department of Finance (DOF), the budget committees of each house of the Legislature, and the Legislative Analyst’s Office (LAO) by October 15, 2004, on the requests and awards of direct grants pursuant to Article 22.6 (commencing with Section 8484.7) of Chap-
ter 2 of Part 6 of the Education Code, the 21st Century Community Learning Centers Program.
The report shall include, but not be limited to, the purposes of the direct grants awarded, the amount requested and the subsequent awards received. The report shall also include the number of applications and awards, both core and direct grants, categorized by public and private high schools, then by school type (elementary, middle, or junior high schools) as well as information identifying those grantees that have been awarded funding through both the state-funded and the federally-funded program. In addition, SDE shall report to DOF, the budget committees of each house of the Legislature, and the LAO by May 1, 2005, on the effectiveness of 21st Century Community Learning Centers Program operated by private schools.

3. The provisions of this item shall become inoperative in the event federal funds are not made available for this purpose. It is the intent of the Legislature that the provisions of this item not be considered a precedent for General Fund augmentation of either this state-administered, federally funded program or any state-funded before or after school program.

4. Of the amount appropriated in this item, $60,410,000 is new ongoing federal 21st Century Community Learning Centers Program funds, $782,000 is one-time reallocated federal funds, and $608,000 is one-time federal carryover funds. Of the ongoing funds, $5,000,000 shall be used for high school grants, and $47,977,000 shall be used for elementary, middle, and junior high school grants, with priority placed on increasing the number of slots available for 11- and 12-year-olds and their eligible younger siblings in order to accommodate them in after-school programs rather than subsidized child care programs pursuant to Section 8263.4 of the Education Code.

(b) Notwithstanding any other provision of law, the Superintendent of Public Instruction may, upon request by a program that is earning the full grant amount, waive the funding caps for core grants for elementary, middle, and junior high schools to enable those programs to create additional slots for 11- and 12-year-old
pupils and their eligible younger siblings pursuant to subdivision (a).

(c) Of the funds remaining in subdivision (a) after the allocations pursuant to that subdivision, $2,118,000 shall be for technical assistance grants, $5,195,000 shall be for access grants, and $1,510,000 shall be for literacy grants.

5. (a) Of the amount appropriated in this item, $25,430,000 is available on a one-time basis, of which $488,000 is one-time federal reallocated funds, and the remaining $24,942,000 is carryover of program savings. $20,000,000 of these funds shall be expended in priority order as follows, to: (1) increase core grant caps for those programs that are at or above their maximum amount to provide additional slots for 11- and 12-year-olds and their eligible younger siblings; (2) expand existing grants to allow programs to offer summer, vacation, and intercession programs thus increasing the number of program days of operation, and (3) increase core grant caps for programs above their maximum amount or with waiting lists. Notwithstanding any other provision of law, the Superintendent of Public Instruction may waive the caps on core grants for these purposes.

(b) The remainder of these funds shall be available on a one-time basis to programs that were allocated funding from the appropriation in this item in the 2002 Budget Act (Ch. 379, Stats 2002) and in the 2003 Budget Act (Ch. 157, Stats. 2003). Funds shall be available for training, standards-aligned materials, and other allowable one-time costs. The State Department of Education shall provide a report to the Legislature and the Department of Finance by October 1, 2005, identifying how these funds were allocated.

6110-198-0001—For local assistance, Department of Education (Proposition 98), for transfer by the Controller to Section A of the State School Fund, for allocation to school districts and county offices of education, in lieu of the amount that otherwise would be appropriated pursuant to statute.............................. 50,497,000
Schedule:

(2) 30.10.020-CalSAFE Child Care .... 23,353,000
(3) 20.60.221-All Services for Non-converting Pregnant Minors Programs ........................................ 13,437,000

Provisions:
1. Notwithstanding any other provision of law, a school district or county superintendent of schools operating, by October 1, 1999, a School Age Parent and Infant Development Program pursuant to Article 17 (commencing with Section 8390) of Chapter 2 of Part 6 of, a Pregnant Minors Program pursuant to Chapter 6 (commencing with Section 8900) of Part 6 of, and Section 2551.3 of, or a Pregnant and Lactating Students Program pursuant to Sections 49553 and 49559 of, the Education Code, or any combination thereof, that chooses to participate in the CalSAFE program shall have priority for CalSAFE program funding for an amount up to the dollar amount provided under those provisions in the fiscal year prior to participation in the CalSAFE program, provided an application is submitted and approved.

2. The amounts in Schedules (1), (2), and (3) of this item are based on estimates of the amounts required by existing programs for operation of CalSAFE programs in 2004–05. By October 31, 2004, the Department of Education shall submit to the Department of Finance current expenditure data for 2003–04 and 2004–05 showing each agency’s allocation and supporting detail including average daily attendance and child care attendance and enrollment data. The State Department of Education shall also provide estimates of average daily attendance and child care to be provided in 2005–06.

3. Schedule (3) above is to provide funding for all child care, as well as both academic and supportive services for programs choosing to retain their Pregnant Minors Program revenue limit. Notwithstanding any other provision of law, the department shall compute allocations to these agencies using the respective agencies’ 1998–99 Pregnant Minors Program revenue limits. Further, notwithstanding any other provision of law, programs
which choose to retain their Pregnant Minors revenue limit rather than convert to the CalSAFE revenue limit must provide child care within the revenue limit funding for children of students comprising base-year average daily attendance. To the extent additional units of average daily attendance are authorized by the department for growth for these agencies, academic and supportive services reimbursement for such growth shall be computed using the new CalSAFE revenue limit. Growth funding for the child care component shall be equal to the proportionate share of total child care costs for the specific agency’s program as determined by dividing the authorized growth in student average daily attendance by the total authorized average daily attendance.

4. Of the funds appropriated in this item, $464,000 is for the purpose of providing an adjustment for increases in average daily attendance at a rate of 0.95 percent, and $1,188,000 is for the purpose of providing a cost-of-living adjustment at a rate of 2.41 percent.

Provisions:
1. The funds appropriated in Schedules (1), (2), (3), (4), (5), (7), (8), (9), (10), (12), (13), (14), (15), $22,050,000 in Schedule (16), (17), (19), and (20) are for transfer by the Controller during the 2004–05 fiscal year to Section B of the State School Fund.
2. The amount appropriated in Schedule (1) reflects the intent of the Legislature to defer $200,000,000 for apportionments to the 2005–06 fiscal year,
pursuant to separate legislation enacted for the 2004–05 fiscal year.

3. Notwithstanding any other provision of law or regulation, apportionment funding for community college districts shall be based on the greater of the current year or prior year level of FTES, consistent with K–12 declining enrollment practices pursuant to Section 42238.5 of the Education Code. Decreases in FTES shall result in a revenue reduction at the district’s average level of apportionment funding per FTES and shall be made in the year following the initial year of decrease in FTES.

4. (a) The amount appropriated in Schedule (4) shall be made available to districts in the same manner as the general apportionment funding in Schedule (1), and shall be made available in the same amount provided to each district for the Partnership for Excellence program in the 2003–04 fiscal year, including the funding deferred for this program pursuant to Section 84321 of the Education Code, and notwithstanding the basic aid status of any district. As a condition of receiving these funds, the districts shall first agree to assure that courses related to student needs for transfer, basic skills, and vocational and workforce training are accorded the highest priority and are provided to the maximum extent possible within budgeted funds.

(b) On or before January 10, 2005, the Board of Governors of the California Community Colleges shall develop and adopt a clear methodology for determining which courses are considered transfer, basic skills, or vocational and workforce training for the purposes of this provision.

(c) The Board of Governors of the California Community Colleges shall annually assess and report to the Legislature, on or before April 15, district and college data on the same educational outcome measures reported to the Legislature as part of the Partnership for Excellence program pursuant to Section 84754 of the Education Code. As part of the April 15, 2005, report, the Chancellor of the California Community Colleges shall include his
or her findings and determinations regarding the definition of transfer, basic skill, vocational, and workforce training courses, as required by subdivision (b).

(d) Acceptance of funds appropriated in Schedule (4) shall constitute concurrence by the district or college to collect and provide to the Chancellor of the California Community Colleges all information necessary to quantify baseline performance and annually report changes in outcome measures to the chancellor if, in the judgment of the chancellor, current Management Information System (MIS) data are insufficient for the purpose of any of the approved measures.

5. Of the funds appropriated in Schedule (1), Apportionments:
   (a) Up to $100,000 is for a maintenance allowance, pursuant to regulations adopted by the board of governors.
   (b) Up to $500,000 is to reimburse colleges for the costs of federal aid repayments related to assessed fees for fee waiver recipients. This reimbursement only applies to students who completely withdraw from college before the census date.
   (c) Notwithstanding any other provision of law or regulation, the chancellor shall not reduce district workload obligations for a lack of a funded cost-of-living adjustment.

6. Of the funds appropriated in Schedule (1), $80,000,000 is for equalization, to be allocated pursuant to legislation enacted during the 2003–04 Regular Session. These funds shall not be considered Program Improvement Funds pursuant to Title 5 of the California Code of Regulations.

7. Notwithstanding any other provision of law, $28,967,000 of the funds appropriated in Schedule (2) is for allocation to community college districts in the 2004–05 fiscal year for the purposes of funding FTES in courses in basic skills, including English-as-a-second-language courses and workforce preparation courses for newly legalized immigrants, to the extent the total FTES claimed by a district for the 2004–05 fiscal year exceeds the level of total FTES funded for that
district in the 2004–05 fiscal year. The Chancellor of the California Community Colleges shall develop criteria for allocating these funds.

8. Of the funds appropriated in Schedule (2), the funds not required for the 2004–05 fiscal year to meet the demand for the program funded under that schedule shall be made available on a one-time basis for general apportionment under Schedule (1) of this item, provided that no transfer shall occur prior to May 15, 2005.

9. (a) Of the amount appropriated in Schedule (2), up to $12,729,000 shall be available as necessary upon certification by the Chancellor of the California Community Colleges for the purpose of funding community college-related and supplemental instruction pursuant to Section 3074 of the Labor Code as provided in Section 8152 of the Education Code. No community college district shall use funds available under this provision to offer any new apprenticeship training program or the expansion of any existing program unless the new program or expansion has been approved by the chancellor.

(b) Notwithstanding Section 8152 of the Education Code, each 60-minute hour of teaching time devoted to each indentured apprentice enrolled in and attending classes of related and supplemental instruction as provided under Section 3074 of the Labor Code shall be reimbursed at the rate of four dollars and eighty-six cents ($4.86) per hour. For purposes of this provision, each hour of teaching time may include up to 10 minutes for passing time and breaks.

10. Notwithstanding any other provision of law, funds appropriated in Schedule (3) of this item shall only be allocated for growth in full-time-equivalent students (FTES), on a district-by-district basis, as determined by the Chancellor of the California Community Colleges. The chancellor shall not include any FTES from concurrent enrollment in physical education, dance, recreation, study skills, and personal development courses and other courses in conflict with existing law for the purpose of calculating a district’s three-year overcap adjustment. The board
of governors shall implement the criteria required by provision 5(a) of the Budget Act of 2003 for the allocation of funds appropriated in Schedules (1) and (3), so as to assure that courses related to student needs for transfer, basic skills and vocational/workforce training are accorded the highest priority and are provided to the maximum extent possible within budgeted funds.

(b) Of the amount appropriated in Schedule (3), a total of $27,000,000 shall be allocated to districts in proportion to their unfunded FTES as measured at the second principal apportionment for the 2003–04 fiscal year.

11. (a) Of the funds appropriated in Schedule (5), not less than $10,338,000 is available to reimburse community college districts for the provision of Board of Governors (BOG) of the California Community Colleges fee waiver awards.

(b) (1) Of the amount appropriated in Schedule (5), $2,800,000 shall be for a contract with a community college district to conduct a statewide media campaign to promote the general message to prospective students as follows: (1) the California Community Colleges remain affordable; (2) financial aid and tax credits are available to cover enrollment fees and help with books and other costs; and (3) the active encouragement of contact between pupils and local CCC financial aid offices. Any funds used from this source to produce radio, television, or mail campaigns must emphasize the availability of financial aid, the easiest and most reliable method of accessing the aid, a contact telephone number, an Internet address, where applicable, and the physical location of a financial aid office. Any mail campaign must give priority to existing pupils, recent high school graduates, and 12th graders. The outreach and information campaign should target its efforts in high schools, welfare offices, unemployment offices, churches, community
centers, and any other location that will most effectively reach low-income and disadvantaged students who must overcome barriers in accessing postsecondary education. The community college district awarded the contract shall consult with the Chancellor of the California Community Colleges and the Student Aid Commission prior to performing any activities to ensure appropriate coordination with any other state efforts in this area and ensure compliance with this provision.

(2) Of the amount appropriated in Schedule (5), not more than $34,200,000 shall be for direct contact with potential and current financial aid applicants. Each CCC campus shall receive a minimum allocation of $50,000. The remainder of the funding shall be allocated to campuses based upon a formula reflecting full-time-equivalent students (FTES) weighted by a measure of low-income populations as demonstrated by BOG fee waiver program participation within a district. It is the intent of the Legislature, to the extent that funds are provided in this section, that all campuses provide additional staff resources to increase both financial aid participation and student access to low-income and disadvantaged students who must overcome barriers in accessing postsecondary education. Funds may be used for screening current students for possible financial aid eligibility and offering these students personal assistance in accessing financial aid, providing individual help in multiple languages for families and students in filling out the necessary paperwork to apply for financial aid, and increasing financial aid staff to process additional financial aid forms.

(3) Funds allocated to a community college district for financial aid personnel, outreach determination of financial need,
and delivery of student financial aid services shall supplement, and shall not supplant, the level of funds allocated for the administration of student financial aid programs during the 2001–02 fiscal year.

(4) It is the intent of the Legislature that the Chancellor’s Office of the California Community Colleges provide the Legislature with a report by no later than April 1, 2005, on the use of the funds allocated pursuant to Provision 11(b), including the distribution of the funds, specific uses of the funds, strategies employed to reach low-income and disadvantaged students potentially eligible for financial aid, and the extent to which districts were successful in increasing the number of students accessing financial aid, particularly the maximum Pell Grant award.

(5) It is the intent of the Legislature to monitor the impact of the 2004–05 fiscal year fee increase on student enrollment and access to financial aid. To assist the Legislature in this effort, the Chancellor of the California Community Colleges shall provide two reports to the Legislature. The first, to be submitted by November 15, 2004, shall be a preliminary report comparing systemwide enrollment, and other external factors as determined by the chancellor, including, where applicable, the change in financial aid applications and BOG waivers processed, preliminary data on the types and frequency of contact and the overall costs of the outreach devoted to this, from fall 2004. The second, to be submitted by September 1, 2005, shall be a final report comparing enrollment in the 2003–04 academic year with enrollment in the 2004–05 academic year. Both reports shall include FTES and headcount data for total enrollment, as well as for student subgroups based on age, race,
Of the funds appropriated in Schedule (20), $86,069,000 is for Extended Opportunity Programs and Services (EOPS) in accordance with Article 8 (commencing with Section 69640) of Chapter 2 of Part 42 of the Education Code. Funds provided in this item for EOPS shall be available to students on all campuses within the California Community College system, including those students on new campuses or in new districts. $12,722,000 is for funding, at all colleges, the Cooperative Agencies Resources for Education (CARE) program in accordance with Article 4 (commencing with Section 79150) of Chapter 9 of Part 48 of the Education Code. The Board of Governors of the California Community Colleges shall allocate funds on a priority basis and to local programs on the basis of need for student services.

Of the funds appropriated in Schedule (21), $6,158,000 is for additional targeted student services, to be expended as follows:

1. $1,921,000 is for the Puente Project to support up to 75 colleges. These funds are available if matched by $200,000 of private funds and the participating community colleges and University of California campuses maintain their 1995–96 support level for the Puente Project. All funding shall be allocated directly to participating districts in accordance with their participation agreement.

2. Up to $2,459,000 is for the Mathematics, Engineering and Science Achievement (MESA) Program. For each dollar allocated, the recipient district shall provide one dollar in matching funds.

3. No less than $1,778,000 is for the Middle College High School Program. With the exception of fully compliant special part-time students at the community colleges pursuant to Section 48802 and 76001 of the Education Code, student workload based on participation in the Middle College High School Program shall not be eligible for community college state appor-
13. (a) The funds appropriated in Schedule (7) are for assisting districts in funding the excess direct instructional cost of providing special support services or instruction, or both, to disabled students enrolled at community colleges, and for state hospital programs, as mandated by federal law.

(b) Of the amount appropriated in Schedule (7), $3,945,000 shall be used to address deficiencies identified by the federal Office of Civil Rights (OCR), as determined by the chancellor’s office.

(c) Of the amount appropriated in Schedule (7) at least $943,000 shall be used for support of the High Tech Centers for activities including, but not limited to, training of district employees, staff and students in the use of specialized computer equipment for the disabled. All High Tech Centers shall meet standards developed by the chancellor’s office. Colleges that receive these augmentations shall not supplant existing resources provided to the centers.

(d) Notwithstanding any other provision of law, of the funds appropriated in Schedule (7) of this item, $1,000,000 shall be for state hospital adult education programs at the hospitals served by the Coast, Kern, and West Valley Community College Districts since the 1986–87 fiscal year. If adult education services at any of the three hospitals are not supported by the community colleges in the 2004–05 fiscal year, the associated funds shall, upon order of the Department of Finance, after 30 days’ notice to the Chairperson of the Joint Legislative Budget Committee, be transferred to the State Department of Developmental Services (DDS). For any transfer of funds to DDS during the 2004–05 fiscal year, the Proposition 98 base funding levels for community colleges and DDS shall be adjusted accordingly.
14. The funds appropriated in Schedule (8), Special Services for CalWORKs recipients, are for the purpose of assisting welfare recipient students and those in transition off of welfare to achieve long-term self-sufficiency through coordinated student services offered at community colleges, including: workstudy, other educational related work experience, job placement services, child care services, and coordination with county welfare offices to determine eligibility and availability of services. All services funded in this schedule shall be for current CalWORKs recipients or prior CalWORKs recipients who are in transition off of cash assistance for no more than two years. Current cash assistance recipients may utilize these services until their initial educational objectives are met. Former recipients in transition off of cash assistance may utilize these services for a period of up to two years after leaving cash assistance subject to the conditions of this provision. These funds shall be used to supplement and not supplant existing funds and services provided for CalWORKs recipients attending community colleges. The chancellor shall develop an equitable method for allocating funds to all districts and colleges based on the relative numbers of CalWORKs recipients in attendance and shall allocate funds for the following purposes:
(a) Job placement.
(b) Coordination with county welfare offices and other local agencies, including local workforce investment boards.
(c) Curriculum development and redesign.
(d) Child care and workstudy.
(e) Instruction.
(f) Postemployment skills training and related skills.

Of the amount appropriated in Schedule (8) of this item, $15,000,000 shall be for child care and shall not require a district match. For the remaining funds, districts shall, as a condition of receipt of these funds, provide a $1 match for every $1 provided by the state.

Funds utilized for subsidized child care shall be for children of CalWORKs recipients through campus-based centers or parental choice vouch-
ers at rates and with rules consistent with those applied to related programs operated by the State Department of Education in the 2004–05 fiscal year, including eligibility, reimbursement rates, and parental contribution schedules. Subsidized campus child care for CalWORKs recipients may be provided during the period they are engaged in qualifying state and federal work activities through attainment of their initial education and training plan and for up to three months thereafter or until the end of the academic year, whichever period of time is greater.

Funds utilized for workstudy shall be used solely for payments to employers that currently participate in campus-based workstudy programs or are providing work experiences that are directly related to and in furtherance of student educational programs, provided that those payments may not exceed 75 percent of the wage for the workstudy positions, and the employers shall pay at least 25 percent of the wage for the workstudy position. These funds may be expended only if the total hours of education, employment, and workstudy for the student are sufficient to meet both state and federal minimum requirements for qualifying work-related activities.

Funds may be used to provide credit or non-credit classes for CalWORKs students if a district has committed all of its funded FTES and is unable to offer the additional instructional services to meet the demand for CalWORKs students. This determination shall be based on fall enrollment information. Districts shall make application to the chancellor’s office by October 15 of each year. If the chancellor approves the use of funds for direct instructional workload, the chancellor’s office shall submit a report to the Joint Legislative Budget Committee by November 15, 2004, that (1) identifies the enrollment of new CalWORKs students, (2) states whether and why additional classes were needed to accommodate the needs of CalWORKs students, and (3) sets forth an expenditure plan for the balance of funds.

As a condition of receipt of the funds appropriated in Schedule (8), by the fourth week following the end of the semester or quarter term
commencing in January 2005, each participating community college shall submit to the chancellor’s office a report, in the format specified by the chancellor in consultation with the State Department of Social Services, that includes, but is not limited to, the funded components, the number of hours of child care provided, the average monthly enrollment of CalWORKs dependents served in child care, the number of workstudy hours provided, the hourly salaries and type of jobs, the number of students being case managed, the short-term programs available, the student participation rates, and other outcome data. It is intended that, to the extent practical, reporting from colleges utilize data gathered for federal reporting requirements at the state and local level. Further, it is intended that the chancellor’s office compile the information for annual reports to the Legislature, the Governor, the Legislative Analyst, and the Departments of Finance and Social Services by November 15 of each year.

First priority for expenditures of any funds appropriated in Schedule (8) shall be in support of current CalWORKs recipients. However, if caseloads are insufficient to fully utilize all of the funding in this schedule in a cost beneficial way, it is intended that up to $5,000,000 of the funds subject to local matching requirements may be allocated for providing postemployment services to former CalWORKs recipients who have been off of cash assistance for no longer than two years to assist them in upgrading skills, job retention, and advancement. Allowable services include direct instruction that cannot be funded under available growth funding, child care to support attendance in these classes consistent with this provision, job development and placement services, and career counseling and assessment activities which cannot be funded through other programs. Child care services may only be provided for periods commensurate with a student’s need for postemployment training within the two-year transitional period.

Prior to allocation of funds for postemployment services, the chancellor shall first secure the approval of the Department of Finance for
the allocations, complete a cumulative report on the outcomes, activities, and cost-effectiveness of the program no later than November 15, 2003, in compliance with the Budget Acts of 1998 (Ch. 324, Stats. 1998) and 1999 (Ch. 50, Stats. 1999) and this act, and shall provide the rationale and justification for the proposed allocation of postemployment services to districts for transitional students.

If a district is unable to fully expend its share of child care funds, it may request that the chancellor’s office approve a reallocation to other CalWORKs purposes authorized by this provision, subject to all pertinent limitations and district match required for these purposes under this provision.

15. Funds appropriated in Schedule (8) of this item have been budgeted to meet the state’s Temporary Assistance for Needy Families maintenance-of-effort requirement pursuant to the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (Public Law 104-193) and may not be expended in any way that would cause their disqualification as a federally allowable maintenance-of-effort expenditure.

16. The funds in Schedule (9) of this item shall be allocated to provide foster parent training. Funds shall be allocated in such a manner as to ensure priority for training required by Section 1529.2 of the Health and Safety Code. Districts shall make services available to foster parents to satisfy the requirements of Section 1529.2 of the Health and Safety Code as a first priority. Remaining funds may be used for services to foster child relative caretakers and for additional parenting skills, thereafter.

16.5. (a) Funds appropriated in Schedule (10) are for the purpose of student matriculation pursuant to Article 1 (commencing with Section 78210) of Chapter 2 of Part 48 of the Education Code.

(b) Of the amount appropriated in Schedule (10), an amount equal to $14,842,670 shall be allocated to community college districts on a one-to-one matching funds basis to
provide matriculation services, including, but not limited to, orientation, assessment, and counseling, for students enrolled in designated noncredit classes and programs who may benefit most, as determined by the Chancellor of the California Community Colleges pursuant to Sections 78216 to 78218, inclusive, of the Education Code.

17. (a) $9,550,000 of the funds provided in Schedule (16) of this item shall be for the purpose of supporting technical and application innovations and for coordination of activities that serve to maximize the utility of the technology investments of the community college system towards improving learning outcomes. Allocations shall be made by the chancellor, based on criteria and guidelines as developed by the chancellor, on a competitive basis through the RFA/RFP application process as follows:

(1) $2,000,000, or as much as necessary, shall be available for a statewide digital uplink for the purpose of delivering statewide satellite services to system colleges and districts related to instruction, student support, and administration.

(2) $2,300,000 is for the development and implementation of a systemwide audio bridging and telephony capability of the 4C Net backbone to facilitate collaboration of faculty, students, and staff in instruction, student services, and shared governance activities.

(3) Any remaining funds shall be available for centers to provide regional coordination for technical assistance and planning, cooperative purchase agreements, and faculty and staff development. All other provisions as specified in Provision 17(b)(3) of Item 6870-101-0001 of Section 2.00 of the Budget Act of 1996 (Ch. 162, Stats. 1996) shall apply.

(b) $12,500,000 of the funds provided in Schedule (16) shall be available for allocations to districts. It is the intent of the Legislature
that these funds be used by colleges to maintain the technology capabilities specified in Provision 21(a) of Item 6870-101-0001 of the Budget Act of 2003 (Ch. 157, Stats. 2003). These funds shall not supplant existing funds used for those purposes, and colleges shall match maintenance and ongoing costs with other funds as provided by Provision 21(a) of Item 6870-101-0001 of the Budget Act of 2003 (Ch. 157, Stats. 2003).

(c) Of the funds provided in Schedule (16), $1,347,000 shall be available for grants to districts to fund California Virtual University distance education centers, for instructing faculty in teaching courses online, and other expenses for conversion of courses for distance education. The funds appropriated in this item shall not supplant existing funds and shall be subject to established fiscal controls, annual reporting and accountability requirements specified by the chancellor. The chancellor shall develop criteria for the allocation of these funds. As a condition of receipt of the funds, colleges are required to submit to the chancellor’s office reports in a format specified by the chancellor sufficient to document the value and productivity of this program, including, but not limited to, numbers and nature of courses converted, and the amount of distance education instructional workload services provided as a result of these courses. It is intended that the chancellor’s office further develop the reporting criteria for participating colleges and submit that for review along with an annual progress report on program implementation to the Legislative Analyst, Office of the Secretary for Education, and the Department of Finance no later than November 1, 2004, for review and comment.

18. Of the funds provided in Schedule (17) for the Economic and Workforce Development Program:

(a) $18,984,027 is allocated for grants for regional business resources assistance and innovation network centers. Each grant awarded to a district for Centers for Interna-
tional Development shall contain sufficient funds, as determined by the chancellor, for the continued operation of Mexican International Trade Centers.

(b) $5,612,281 is allocated for Industry-Driven Regional Education and Training Collaboratives. These grants shall be made on a competitive basis and the award amounts shall not be restricted to any predetermined limit, but rather shall be funded on their individual merits.

(c) $3,800,000 is allocated for statewide network leadership, organizational development, coordination, information and support services, or other program purposes.

(d) $3,393,692 is available for Job Development Incentive Training programs focused on job creation for public assistance recipients. Any annual savings from this subdivision shall only be available for expenditure for one-time activities listed under subdivision (j) of Section 88531 of the Education Code.

(e) The following provisions apply to the expenditure of funds within subdivisions (a) and (b) above: Funds allocated for centers and regional collaboratives shall seek to maximize the use of state funds for subdivisions (g) through (j) of Section 88531 of the Education Code. Funds allocated to districts for purposes of subdivisions (g) and (i) of Section 88531 of the Education Code for performance-based training and student internships shall be matched by a minimum of $1 of private business and industry funding for each $1 of state funds. Funds allocated for purposes of subdivision (h) of Section 88531 of the Education Code for credit and noncredit instruction may be transferred to Schedule (1) or (3) to facilitate distribution at the chancellor’s discretion. Any funds that become available from network centers due to savings, discontinuance, or reduction of amounts shall first be made available for additional allocations in subdivision (b) above to increase the level of subsidized training otherwise available.
(f) $4,000,000 is allocated to continue enrollment growth provided for community college nursing programs pursuant to paragraph (2) of subdivision (a) of Section 2 of Chapter 514 of the Statutes of 2001.

(g) Funds allocated by the board of governors under this provision may not be used by community college districts to supplant existing courses or contract education offerings. The chancellor shall ensure that funds are spent only for expanded services and shall implement accountability reporting for districts receiving these funds to ensure that training, credit, and noncredit programs remain relevant to business needs. Programs that do not demonstrate continued relevance and support by business shall not be eligible for continued funding. The board of governors shall consider the level of involvement and financial commitments of business and industry as primary factors in making awards. The chancellor shall incorporate grant requirements into its guidelines for audits of Economic Development grants.

(h) A primary objective of the Economic Development program is to maximize instruction, to prepare students for entry-level jobs, to increase skills of the current workforce, and to stimulate the growth of businesses through training so that more jobs are created. The chancellor shall submit an annual report to the Legislative Analyst, the budget and fiscal committees of the Legislature, and the Department of Finance, commencing March 1, 2003, and each March 1 annually thereafter, that includes the amount provided to each economic development regional center and each industry-driven regional education and training collaborative, and to the extent practicable, the total number of hours of contract education services, performance-based training, credit and noncredit instruction, and job placements created as a result of this program by each center and collaborative.
19. Of the funds appropriated in Schedule (18), $589,000 is for Project Assist, $835,000 is for the California Articulation Number (CAN) system, $550,000 is for faculty articulation workshops through fiscal year 2004–05. The chancellor’s office shall report to the Department of Finance and the Legislature by September 1, 2004, on the status of these projects and any additional resource needs to complete articulation for major coursework and common course numbering.

20. The funds appropriated in Schedule (19) are available for the following purposes:

(a) Scheduled maintenance and special repairs of facilities, replacement of instructional equipment, and replacement of library materials. The chancellor shall allocate funds to districts on the basis of actual reported FTES, and may establish a minimum allocation per district. As a condition of receiving and expending these funds for maintenance or special repairs, a district shall certify that it will increase its operations and maintenance spending from the 1995–96 fiscal year by the amount it allocates from this appropriation for maintenance and special repairs, plus an equal amount to be provided from district discretionary funds. The chancellor may waive all or a portion of the matching requirement based upon a review of a district’s financial condition. The question of whether a district has complied with its resolution shall be reviewed under the annual audit of that district. For every $3 a district expends from this appropriation for replacement of instructional equipment or library materials, the recipient district shall provide $1 in matching funds. The funds provided for instructional equipment and library materials shall not be used for personal services costs or operating expenses.

(b) Hazardous substances, abatement, cleanup and repairs.

(c) Architectural barrier removal projects that meet the requirements of the federal Americans with Disabilities Act of 1990 and seis-
mic retrofit projects limited to $400,000. Districts that receive funds for architectural barrier removal projects shall provide a $1 match for every $1 provided by the state. The amounts in Schedule (19) of this item shall be available for expenditure until June 30, 2006.

21. Pursuant to Sections 69648.5, 78216, and 84850, and subdivision (b) of Section 87108, of the Education Code, the Board of Governors of the California Community Colleges may allocate funds appropriated in Schedules (7), (10), (12), and (20) by grant or contract, or through the apportionment process, to one or more districts for the purpose of providing program evaluation, accountability, monitoring, or program development services, as appropriate under the applicable statute.

1. The project identified in Schedule (8) is subject to the following:
   a) Notwithstanding Section 13332.11 of the Government Code, the community college districts shall complete each project identified within the total funding amount specified in the schedule for that project. This condition
does not limit the authority of the districts to use nonstate funds to fund or augment these projects with State Public Works Board approval.

(b) The community college districts shall complete each project identified without any change to its scope. The scope of a project means, in this respect, the intended purpose of the project as determined by reference to the following elements of the budget request for that project submitted by the Board of Governors to the Department of Finance: (1) the program elements related to project type, and (2) the functional description of spaces required to deliver the academic and supporting programs as approved by the Legislature.

(c) Notwithstanding Section 2.00 of this act or any other provision of law, the appropriation made by this item is available for encumbrance during the 2004–05 and 2005–06 fiscal years, except that the funds appropriated for equipment purposes are available for encumbrance until June 30, 2007. For the purposes of encumbrance, funds appropriated for construction management and project contingencies purposes, as well as any bid savings, shall be deemed to be encumbered at the time a contract is awarded; these funds also may be used to initiate consulting contracts necessary for management of the project during the liquidation period.

Provisions:
1. The projects identified in Schedules (35) and (41) are subject to the following:
   (a) Notwithstanding Section 13332.11 of the Government Code, the community college districts shall complete each project identified within the total funding amount specified in the schedule for that project. This condition does not limit the authority of the districts to use nonstate funds to fund or augment these projects with State Public Works Board approval.
   (b) The community college districts shall complete each project identified without any change to its scope. The scope of a project means, in this respect, the intended purpose of
the project as determined by reference to the following elements of the budget request for that project submitted by the board of governors to the Department of Finance: (1) the program elements related to project type and (2) the functional description of spaces required to deliver the academic and supporting programs as approved by the Legislature.

(c) Notwithstanding Section 2.00 of this act or any other provision of law, the appropriation made by this item is available for encumbrance during the 2004–05 and 2005–06 fiscal years, except that the funds appropriated for equipment purposes are available for encumbrance until June 30, 2007. For the purposes of encumbrance, funds appropriated for construction management and project contingencies purposes, as well as any bid savings, shall be deemed to be encumbered at the time a contract is awarded; these funds also may be used to initiate consulting contracts necessary for management of the project during the liquidation period.

The sum of $5,383,000 is hereby reappropriated on a one-time basis from the Proposition 98 Reversion Account, for support of the Foster Parent Training Program. Of this amount, $2,383,000 shall be for support of the program in the 2003–04 fiscal year, and $3,000,000 for support of the program in the 2004–05 fiscal year.

These funds are intended to supplement funds available for pest detection/trapping in Item 8570-101-0001. If a county declines to participate in a pest detection/trapping program, or fails to conduct the program to the state’s satisfaction, the secretary shall reduce, by the amount that would otherwise be allocated to the county, funds available pursuant to subdivision (c) of Section 224 and other state allocations from Item 8570-101-0001. Reporting shall be required only for satellite wagering projects that are funded by interim financing or long-term financing, including bond agreements.

8570-404—Notwithstanding Provision 1 of Item 8570-112-0111, Budget Act of 2002, the $15,000,000 loan authorized, shall be fully repaid to the Agriculture Fund by October 1, 2005. SEC. 8.50. (a) In making appropriations to state agencies that are eligible for federal programs, it is the intent and understanding of the Legislature that applications made by the agencies for federal funds under federal programs shall be for the maximum amount allowable under federal law. Therefore, any amounts received from the federal government are hereby appropriated from federal funds for expenditure or for transfer to, and disbursement from, the State Treasury fund established for the purpose of receiving the federal assistance subject to any provisions of this act that apply to the expenditure of these funds, including Section 28.00 of this act.

federal writ was issued. If the appropriate department or agency no
longer exists, or no linkage can be identified, the federal writ shall be
charged to the unappropriated surplus of the General Fund. In the event

(c) For purchases and grants meeting the criteria set forth in subdivision (a), the state agency, department, board, or commission may take public actions and hold public meetings prior to 30 days following notification only if such actions are expressly approved pending the completion of the 30-day review by the Department of Finance and the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. For the 2004–05 fiscal year, the donations and oil and mineral revenues from federal lands that are deposited in the State School Fund shall be divided between Section A and Section B of the State School Fund, with 85 percent of these revenues to be credited to Section A of the fund exclusively for regular apportionments for school districts serving pupils in kindergarten or any of grades 1 to 12, inclusive, and 15 percent to Section B of the fund exclusively for community college district regular apportionments. The amounts accruing to the State School Fund under this section shall be disbursed fully before any General Fund transfers to Section A or Section B of the State School Fund are disbursed for regular apportionments.

SEC. 24.03. Notwithstanding any other provision of law, funds appropriated by Section 2.00, Section 8.50, Section 28.00, Section 28.50, or any other provision of this act may not be expended for the support of any program, network, or material, with the exception of instruction to pupils who are identified as deaf or hearing impaired pursuant to 34 C.F.R. 300.7(b) paragraphs (3) and (4), that promotes or uses reading instruction methodologies that emphasize contextual clues in lieu of fluent decoding.

SEC. 24.10. (a) Notwithstanding Section 1464 of the Penal Code or Section 41304 of the Education Code, the first one million one hundred six thousand dollars ($1,106,000) received by the Driver Training Penalty Assessment Fund for the 2004–05 fiscal year shall be available for the purposes of Item 6110-001-0178 of Section 2.00 of this act. The amount retained by the Driver Training Penalty Assessment Fund for the purposes of Item 6110-001-0178 may be adjusted by the Department of Finance for actions pursuant to any Control Section of this act.

(b) After moneys are retained by the Driver Training Penalty Assessment Fund pursuant to subdivision (a), the Controller shall transfer any remaining balances as follows: $4,121,000 to the Victim Witness Assistance Fund; and $14,000,000 to the Peace Officers’ Training Fund. Any remaining unallocated moneys in the Driver Training Penalty Assessment Fund shall be transferred to the General Fund.

SEC. 24.30. Notwithstanding any other provision of law, the Controller, upon order of the Director of Finance, shall transfer rental income received in the 2004–05 fiscal year pursuant to Section 17089 of the Education Code from the State School Building Aid Fund to the General Fund.

SEC. 24.60. Each state entity receiving lottery funds shall annually report to the Governor and the Legislature on or before May 15 the amount of lottery funds that the entity received and the purposes for which those funds were expended in the prior fiscal year, including administrative costs. The State Department of Education shall report on behalf of K–12 entities. If applicable, the entity shall also report the
amount of lottery funds received on the basis of adult education average daily attendance (ADA) and the amount of lottery funds expended for adult education.

SEC. 24.70. From the funds appropriated to the State Department of Education for local assistance, the department shall ensure that the expenditure of funds allocated to a local educational agency (LEA), through a contract between the department and the LEA or through a grant from the department to the LEA, shall be subject to the LEA’s fiscal accountability policies and procedures. If it is necessary for the LEA to establish a separate entity to complete the work scope of the contract or grant, the fiscal accountability policies and procedures for that entity shall be the same as those of the LEA, or amended only with the approval of both the superintendent of schools of the LEA and a fiscal representative of the department designated by the Superintendent of Public Instruction. Further, the department shall have the authority to provide for an audit of the expenditures under the contract or grant between the department and the LEA to verify conformance with appropriate fiscal accountability policies and procedures. The cost of the audit, if required, shall be charged to the audited contract or grant.

SEC. 25.25. Notwithstanding any other provision of law, a sum not to exceed $2,520,000 is appropriated from various special and non-governmental cost funds to the State Controller for payment of costs to support the replacement of the existing automated human resource/payroll systems known as the 21st Century Project. The Controller shall assess these funds in sufficient amounts to pay for the authorized 21st Century Project costs that are attributable to such funds pursuant to legislation enacted during the 2003–04 Regular Session of the Legislature. Assessments in support of the expenditures for the 21st Century Project shall be made quarterly and the total amount assessed from these funds in the 2004–05 fiscal year shall not exceed the total expenditures incurred by the State Controller for the 21st Century Project that are attributable to those funds in the 2004–05 fiscal year.

SEC. 25.50. Notwithstanding any other provision of law, an amount not to exceed five hundred seventy-nine thousand dollars ($579,000) is hereby appropriated from various funds to the State Controller as specified below for reimbursement of costs for the procurement, development, and implementation of a new Apportionment Payment System:

SEC. 26.00. (a) It is the intent of the Legislature, in enacting this section, to provide flexibility for the administrative approval of intraschedule transfers within individual items of appropriation in those instances where the transfers are necessary for the efficient and cost effective implementation of the programs, projects, and functions funded by this act. No transfer shall be authorized under this section to either eliminate any program, project, or function, except when implementation is found to be no longer feasible in light of changing circumstances or new information, or establish any new program, project, or function.

(b) The Director of Finance may, pursuant to a request by the officer, department, division, bureau, board, commission, or other agency to which an appropriation is made by this act, authorize the augmentation of the amount available for expenditure in any schedule set forth for that appropriation, by making a transfer from any of the other designated programs, projects, or functions within the same schedule. No intraschedule transfer may be made under this section to fund any capital outlay purpose, regardless of whether budgeted in a capital outlay or a local assistance appropriation. Upon the conclusion of the 2004–05 fiscal year, the Director of Finance shall furnish the chairpersons of the committees in each house of the Legislature that consider appropriations and the Budget, and the Chairperson of the Joint Legislative Budget Committee, with a report on all authorizations given pursuant to this section during that fiscal year.

(c) Intraschedule transfers of the amounts available for expenditure for a program, project, or function designated in any line of any schedule set forth for that appropriation by transfer from any of the other designated programs, projects, or functions within the same schedule shall not exceed, during any fiscal year:

1. 20 percent of the amount so scheduled on that line for those appropriations made by this act that are $2,000,000 or less.
2. $400,000 of the amount so scheduled on that line for those appropriations made by this act that are more than $2,000,000 but equal to or less than $4,000,000.
3. 10 percent of the amount so scheduled on that line for those appropriations made by this act that are more than $4,000,000.
4. The Department of Transportation Highway Program shall be limited to a schedule change of 10 percent.

(d) Any transfer in excess of $200,000 may be authorized pursuant to this section not sooner than 30 days after notification in writing of the
necessity therefor is provided to the chairperson of the committee in each house of the Legislature that considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine.

(e) Any transfer in excess of the limitations provided in subdivision (c) may be authorized not sooner than 30 days after notification in writing of the necessity to exceed the limitations is provided to the chairperson of the committee in each house that considers appropriations and the Chairperson of the Joint Legislative Budget Committee or his or her designee, may in each instance determine.

SEC. 28.00. (a) It is the intent of the Legislature in enacting this section to provide flexibility for administrative approval of augmentations for the expenditure of unanticipated federal funds or other non-state funds in cases that meet the criteria set forth in this section. However, this section does not provide an alternative budget process, and proposals for additional spending ordinarily should be considered in the annual State Budget or other state legislation.

(b) The Director of Finance may authorize the augmentation of the amount available for expenditure for any program, project, or function in the schedule of any appropriation in this act or any additional program, project, or function equal to the amount of any additional, unanticipated funds that he or she estimates will be received by the state during the 2004–05 fiscal year from any agency of local government or the federal government, or from any other nonstate source, provided that the additional funding meets all of the following requirements:

(1) The funds will be expended for a purpose that is consistent with state law.

(2) The funds are made available to the state under conditions permitting their use only for a specified purpose, and the additional expenditure proposed under this section would apply to that specified funding purpose.

(3) Acceptance of the additional funding does not impose on the state any requirement to commit or expend new state funds for any program or purpose.

(4) The need exists to expend the additional funding during the 2004–05 fiscal year.

(c) The Director of Finance also may reduce any program, project, or function whenever he or she determines that funds to be received will be less than the amount taken into consideration in the schedule.

(d) Any augmentation or reduction that exceeds either (1) two hundred thousand dollars ($200,000) or (2) 10 percent of the amount available for expenditure in the affected program, project, or function may be authorized not sooner than 30 days after notification in writing of the necessity is provided to the chairperson of the committee in each house of the Legislature that considers appropriations, the chairpersons of the committees, and the appropriate subcommittees, in each house that considers the State Budget, and the Chairperson of the Joint Legislative
Budget Committee, or not sooner than whatever lesser time the Chair-
person of the Joint Legislative Budget Committee, or his or her desig-
nee, may in each instance determine. With regard to any proposed aug-
mentation, the notification shall state the basis for the determination by
the Director of Finance that the augmentation meets each of the re-
quirements set forth in subdivision (b). This notification requirement
does not apply to federal funds related to caseload increases in Medi-
Cal, California Work Opportunity and Responsibility to Kids (Cal-
WORKs), and Supplemental Security Income/State Supplementary
Program (SSI/SSP).

(e) Any personnel action that is dependent on funds subject to this
section shall not be effective until after the provisions of this section
have been complied with. Any authorization made pursuant to this sec-
tion shall remain in effect for the period the director may determine in
each instance, but in no event after June 30, 2005.

SEC. 28.50. (a) Except as otherwise provided by law, an officer,
department, division, bureau, or other agency of the state may expend
for the 2004–05 fiscal year all moneys received as reimbursement from
another officer, department, division, bureau, or other agency of the
state that has not been taken into consideration by this act or any other
statute, upon the prior written approval of the Director of Finance. The
Department of Finance may also reduce any reimbursement amount
and related program, project, or function amount if funds received from
another officer, department, division, bureau, or other agency of the
state will be less than the amount taken into consideration in the sched-
ule.

(b) For any expenditure of reimbursements or any transfer for the
2004–05 fiscal year that exceeds two hundred thousand dollars
($200,000), the Director of Finance shall provide notification in writing
of any approval granted under this section, not less than 30 days prior
to the effective date of that approval, to the chairperson of the commit-
tee in each house of the Legislature that considers appropriations, the
chairpersons of the committees and the appropriate subcommittees in
each house of the Legislature that consider the State Budget, and the
Chairperson of the Joint Legislative Budget Committee, or not sooner
than whatever lesser time the Chairperson of the Joint Legislative Bud-
get Committee, or his or her designee, may in each instance determine.
Increases to reimbursements are not reportable under this section if the
funding for the other officer, department, division, bureau, or other
agency of the state providing the reimbursement has already been ap-
proved by the Legislature. These adjustments are considered technical
in nature and are authorized in Section 1.50 of this act.

SEC. 29.00. The Department of Finance shall calculate and pub-
lish a listing of total personnel-years and estimated salary savings for
each department and agency. These listings shall be published by the
Department of Finance at the same time as the publication of (a) the
Governor’s Budget, (b) the May Revision and (c) the Final Change
Book.
(a) The listing provided at the time of the publication of the Governor’s Budget shall contain estimates of personnel-years for the prior year, current year, and budget year.

(b) The listing provided at the time of publication of the May Revision shall contain estimates of personnel-years proposed for the budget year.

(c) The listing provided at the time of the publication of the Final Change Book shall contain estimates of personnel-years for the budget year just enacted.

SEC. 30.00. Section 13340 of the Government Code is amended to read:

13340. (a) Except as provided in subdivision (b), on and after July 1, 2005, no moneys in any fund that, by any statute other than a Budget Act, are continuously appropriated without regard to fiscal years, may be encumbered unless the Legislature, by statute, specifies that the moneys in the fund are appropriated for encumbrance.

(b) Subdivision (a) does not apply to any of the following:

1. The scheduled disbursement of any local sales and use tax proceeds to an entity of local government pursuant to Part 1.5 (commencing with Section 7200) of Division 2 of the Revenue and Taxation Code.

2. The scheduled disbursement of any transactions and use tax proceeds to an entity of local government pursuant to Part 1.6 (commencing with Section 7251) of Division 2 of the Revenue and Taxation Code.

3. The scheduled disbursement of any funds by a state or local agency or department that issues bonds and administers related programs for which funds are continuously appropriated as of June 30, 2005.

4. Moneys that are deposited in proprietary or fiduciary funds of the California State University and that are continuously appropriated without regard to fiscal years.

5. The scheduled disbursement of any motor vehicle license fee revenues, including the General Fund appropriations made pursuant to Sections 11000 and 11000.1 of the Revenue and Taxation Code, to an entity of local government pursuant to the Vehicle License Fee Law (Part 5 (commencing with Section 10701) of Division 2 of the Revenue and Taxation Code).

SEC. 31.00. (a) The appropriations made by this act shall be subject, unless otherwise provided by law, to Section 13320 of, and Article 2.5 (commencing with Section 13332) of Chapter 3 of Part 3 of Division 3 of Title 2 of, the Government Code, requiring expenditures to be made in accordance with the allotments and other provisions of fiscal year budgets approved by the Department of Finance.

(b) The fiscal year budgets shall authorize, in the manner that the Department of Finance shall prescribe, all established positions whose continuance for the year is approved and all new positions. No new po-
position shall be established unless authorized by the Department of Finance on the basis of work program and organization.

(c) The Director of Finance, or his or her authorized designee, shall notify the Chairperson of the Joint Legislative Budget Committee within 30 days of authorizing any position not authorized for that fiscal year by the Legislature or any reclassification to a position with a minimum step per month of six thousand three hundred thirty-four dollars ($6,334) as of July 1, 2004. He or she also shall report all transfers to blanket authorizations and the establishment of any permanent positions out of a blanket authorization.

(d) All positions administratively established pursuant to this section during the 2004–05 fiscal year shall terminate on June 30, 2005, except for those positions that have been (a) included in the Governor’s Budget for the 2005–06 fiscal year as proposed new positions, or (b) approved by the Department of Finance and reported to the Legislature after the 2005–06 Governor’s Budget submission to the Legislature. The positions identified in (a) and (b) above may be reestablished by the Department of Finance during the 2005–06 fiscal year, provided these positions are shown in the Governor’s Budget for the 2006–07 fiscal year as submitted to the Legislature, or in subsequent Department of Finance letters to the Legislature, and provided that these positions do not result in the establishment of positions deleted by the Legislature through the budget process for the 2005–06 fiscal year.

(e) No money in any 2004–05 fiscal year appropriation not appropriated for that purpose may be expended for increases in salary ranges or any other employee compensation action unless the Department of Finance certifies to the salary and other compensation-setting authority, prior to the adoption of the action, that funds are available to pay the increased salary or employee compensation resulting from the action. Prior to certification, the Department of Finance shall determine whether the increase in salary range or employee compensation action will require supplemental funding in the 2005–06 fiscal year. If the Department of Finance determines that supplemental funding will be required, no certification shall be issued unless notification in writing is given by the Department of Finance, at least 30 days before certification is made, to the chairperson of the committee in each house that considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or a lesser time which the chairperson of the joint committee, or his or her designee, determines.

(f) A certification on a payroll claim that expenditures therein are in accordance with current budgetary provisions as approved by the Department of Finance shall be sufficient evidence to the Controller that these expenditures comply with the provisions of this section.

SEC. 32.00. (a) The officers of the various departments, boards, commissions, and institutions, for whose benefit and support appropriations are made in this act, are expressly forbidden to make any expenditures in excess of these appropriations. Any indebtedness attempted to be created against the state in violation of this section shall
be null and void, and shall not be allowed by the Controller nor paid out of any state appropriation. Any member of a department, board, commission, or institution who shall vote for any expenditure, or create any indebtedness against the state in excess of the respective appropriations made by this act shall be liable both personally and on his or her official bond for the amount of the indebtedness, to be recovered in any court of competent jurisdiction by the person or persons, firm, or corporation to which the indebtedness is owing.

(b) Subdivision (a) does not apply to the expenditure of moneys to fund continuous appropriations, including appropriations made in the California Constitution, and federal laws mandating the expenditure of funds.

SEC. 33.00. If any item of appropriation in this act is vetoed, eliminated, or reduced by the Governor under Section 10 of Article IV of the California Constitution, while approving portions of this act, such veto, elimination, or reduction shall not affect the other portions of this act, and these other portions of this act, so approved, shall have the same effect in law as if any vetoed or eliminated items of appropriation had not been present in this act, and as if any reduced item of appropriation had not been reduced.

SEC. 33.50. Notwithstanding any other provision of law, the Director of Finance is authorized to reduce amounts in items of appropriation in this act for the 2004–05 fiscal year to the extent that savings are achieved through strategic sourcing procurement reform. The director shall provide to the Chairperson of the Joint Legislative Budget Committee an implementation timeline for this section which shall include, but is not limited to, a description of strategic sourcing and a report of proposed savings resulting from strategic sourcing. This report is due at least 30 days prior to any reduction of an item of appropriation pursuant to this section.

SEC. 34.00. If any portion of this act is held unconstitutional, that decision shall not affect the validity of any other portion of this act. The Legislature hereby declares that it would have passed this act, and each portion thereof, irrespective of the fact that any other portion be declared unconstitutional.

SEC. 34.50. (a) Notwithstanding any other provision of law, the Director of Finance is authorized to reimburse General Fund expenditures for the 2004–05 fiscal year from the balance in the Public Benefit Trust Fund. The total reimbursement shall not exceed the amount available in the Public Benefit Trust Fund.

(b) This reimbursement will result in overall General Fund savings. It is not the intent of the Legislature in enacting this section to provide additional expenditure authority to state programs.

(c) It is the intent of the Legislature to review proposals and consider whether to apportion some portion of punitive damage awards to the state and whether the payment of those awards should be deductible as a business expense for income tax purposes.
SEC. 35.00. (a) Notwithstanding any other provision of law, the Director of Finance is authorized to reimburse General Fund expenditures for the 2003–04 and 2004–05 fiscal years from the balance in the Deficit Recovery Fund. The total reimbursement shall not exceed the amount available in the Deficit Recovery Fund.

(b) This reimbursement will result in overall General Fund savings. It is not the intent of the Legislature in enacting this section to provide additional expenditure authority to state programs.

SEC. 35.50. (a) For purposes of paragraph (1) of subdivision (f) of Section 10, and subdivision (f) of Section 12, of Article IV of the California Constitution, “General Fund revenues” means the total resources available to the General Fund for a fiscal year.

(b) For purposes of subdivision (f) of Section 12 of Article IV of the California Constitution, the estimate of General Fund revenues for the 2004–05 fiscal year pursuant to this act, as passed by the Legislature, is $80,390,500,000.

SEC. 36.00. This act, inasmuch as it provides for appropriations for the usual and current expenses of the state, shall, under the provisions of Section 8 of Article IV of the California Constitution, take effect immediately.

SEC. 37.00. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

This act makes appropriations and contains related provisions for support of state and local government for the 2004–05 fiscal year and provides for capital outlay appropriations in continuance of existing programs and to promote and sustain the economy of the state. It is imperative that these appropriations be made available for expenditure not later than July 1, 2004. It is therefore necessary that this act go into immediate effect.
INDEX BY BUDGET TITLE

SEC. 99.00. The following provides an index to the appropriations and related provisions of this act, by organization in alphabetical order, with the code number of the affected organization. The organization code is the first four numbers of any item number in this act. For ease of reference, the appropriation items in this act are organized in numerical order, and all of the appropriation items for any one organization are adjacent to one another.
