**LOCAL AGENCY MILITARY BASE RECOVERY AREA ACT
FOR GOODS AND SERVICES SOLICITATIONS****LAMBRA References and Instructions**

The Local Agency Military Base Recovery Area Act (LAMBRA) GC §7118 et seq. promotes employment and economic development at designated military bases by offering 5% worksite and 1% to 4% workforce bidding preferences in specified State contracts. The LAMBRA preferences do not apply to contracts where the worksite is fixed by the contract terms. These preferences only apply to bidders who are California based firms, and only when the lowest responsible bid and resulting contract exceed \$100,000. Bidders must certify, under penalty of perjury, to perform either 50% (for GOODS contracts) or 90% (for SERVICES contracts) of the labor hours required to complete this contract in the eligible LAMBRA area worksite(s) identified in Section I on the reverse side of this page. LAMBRA preferences are limited to 9%, or a maximum of \$50,000 per bid. In combination with any other preferences, the maximum limit is 15% of the lowest responsible bid, and in no case more than \$100,000 per bid.

Section I**Worksite Preference Eligibility and Labor Hours**

Bidders must identify at least one eligible LAMBRA worksite by entering the qualifying "Criteria" letter A, B, or C in section 5 and the LAMBRA name in section 4, in order to be eligible for the 5% preference. You must name each and every firm or site where contract labor hours will be worked. Preference requests may be denied for failure to identify an eligible California LAMBRA worksite, or if all firms performing contract labor hours are not identified. Enter one of the following "Criteria" letters to identify each LAMBRA worksite on the reverse page:

- A. The firm is located in a designated California LAMBRA site.
- B. The firm will establish a worksite within a designated California LAMBRA site.
- C. The bidder will purchase the contract goods from a manufacturer(s) located in a California designated LAMBRA site. **This option applies to solicitations for GOODS only.**

Enter labor hours for each listed firm and site. The hours shall be reasonable and shall only include the labor hours necessary and required to complete the contract activities. Artificially increasing hours at a claimed LAMBRA worksite, or understating labor hours worked outside the eligible worksite may result in a denied preference request. Do not include machine time and non-labor time when projecting contract labor hours. Report all bidder work hours and those of any subcontractor performing this contract. All transportation hours must be reported for each carrier separately and must not be combined or included with hours for manufacturing, processing, or administration, or at any eligible LAMBRA site. Failure to list all the labor hours to be performed at the reportable sites will result in a denial of this preference request.

The bidder must explain, by activity, their firm's projected contract labor hours by completing and signing the *Bidder's Summary* form (included with this solicitation).

If supplying goods, the bidder must also provide a completed and signed *Manufacturer's Summary* form (included with this solicitation) that specifies the number of projected labor hours necessary to make the product(s).

**Section II
Workforce Preference**

Eligibility to request a workforce preference is based on the bidder first claiming and receiving approval of the 5% LAMBRA worksite preference. The workforce preferences are only awarded if the bidder hires and employs the LAMBRA qualified individuals. Workforce preferences will not be approved for another firm's employees. By claiming a workforce preference percentage the bidder must have its eligible employees perform the specified percentage of the total contract workforce hours. See Section I, "Total Projected Labor Hours," form STD. 832. To claim the workforce preference, select the appropriate box for percent of requested bid preferences in Section II.

Section III**Certification for Worksite and Workforce Preferences**

Bidder must sign, under penalty of perjury, the certification contained in Section III to receive any of the preferences requested pursuant to this form. The penalties associated with the LAMBRA statute are: GC §7118 (g)(1): A business that requests and is given the preference by reason of having furnished a false certification, and that by reason of this certification has been awarded a contract to which it would not otherwise have been entitled, shall be subject to all of the following:

- a) Pay to the state any difference between the contract amount and what the State's cost would have been if the contract had been properly awarded.
- b) In addition to the amount specified in subparagraph (a), be assessed a penalty in an amount of not more than 10 percent of the amount of the contract involved.
- c) Be ineligible to transact any business with the state for period of not less than six months and not more than 36 months.

Prior to the imposition of any sanction under this chapter, the contractor or vendor shall be entitled to a public hearing and to five days' notice of the time and place thereof. The notice shall state the reasons for the hearing.

If you receive an award based on these preferences you will be required to report monthly on your contract performance, labor hours, and LAMBRA compliance.

For questions concerning preferences and calculations, or if a bid solicitation does not include preference request forms, please call the awarding department's contract administrator. Only another California certified small business can use TACPA, EZA or LAMBRA preferences to displace a California certified small business bidder.
