**Note:** LPA thresholds are applicable unless otherwise specified in the respective LPA User Instructions.

- If this box is checked, the department’s competitive solicitation authority for the procurement of **non-information technology goods or information technology goods and services** over their approved amounts is **not** a general expansion of authority. This authority is limited as follows:

- If this box is checked, the department has been granted single competitive solicitation authority as referenced above. The department must obtain PAMS concurrence for specified events in the procurement process. The department is cautioned not to execute additional unauthorized solicitations.
- If this box is checked, the department’s Application is deficient. These deficiencies are identified in the attached list. The department must resolve the deficiencies and report the resolution to DGS/PD/PAMS by the corrective action due dates.
- If this box is checked, this approval revises the department’s purchasing authority as of the revision effective date indicated above.
