RE: Sustainable Procurement Worldwide Survey

The United Nations Environmental Programme (UNEP) is providing the opportunity for state departments to participate in the 2016 Global Survey on Sustainable Public Procurement (SPP). This Survey forms an important part of UNEP's ongoing effort to identify and map the policies, activities, drivers, and challenges for sustainable public procurement and sustainable procurement worldwide.

UNEP and over 93 partner organizations are eager to hear your opinion on sustainable purchasing trends. Your opinion is important. Participation in the 2016 Global Review of SPP Stakeholder Survey is a step towards understanding and meeting the sustainable challenges in the global market place. Please distribute this announcement throughout your own procurement network.

Access Survey by clicking here:

- [2016 Global Review of SPP Stakeholder Survey](#)

The survey is open until June 10, 2016. Detailed instructions for the survey are available in both English and Spanish.

Questions or concerns regarding this survey may be addressed to:
