The Department of General Services, Procurement Division is pleased to announce the availability of the new Statewide Contract 1-14-75-60A for Toner and Ink Cartridges, New OEM with Technology Integration Group (TIG).

The user instructions for this contract are available on the Department of General Services, Procurement Division, eProcurement website at:

Statewide Contract 1-14-75-60A is an Environmentally Preferable Purchasing contract. To reduce waste disposal, the contract provides a Take Back program for spent cartridges and offers “high yield” cartridges. High yield cartridges usually contain twice as much ink or toner as an equivalent standard-yield cartridge, which translates into more printed pages per cartridge. Visit the [DGS Buying Green Website](#) for additional EPP information.
