RE: Statewide Contract 1-14-89-69 Dried Legumes

This broadcast announces that due to the inability of Intersect USA to obtain USDA Grade 1, Black-Eyed Peas, the Department of General Services (DGS) is issuing a buyout notification for Black-Eyed Peas from the statewide mandatory contract 1-14-89-69, dried legumes. This buyout only applies to Black-Eyed Peas (item 7) and will be in place this date to January 31, 2015, or until cancelled or extended. During this time, state departments are allowed to purchase Black-Eyed Peas (item 7) out-side the mandatory contract using delegated purchasing authority. Ordering departments are responsible for developing all aspects of their purchase including specifications, allowing for other grades of Black-Eyed Peas.

For all December 2014 and January 2015 deliveries, ordering departments must use their delegation for orders of Black-eye Peas.

To expedite awards and deliveries, DGS recommends the use of the Small Business/DVBE Option (see State Contracting Manual, Volume 2, Chapter 3, Section 3.2.4. Copies of all P.O.s (STD 65) issued for purchases during the buyout must be faxed or emailed to Dave Henning, Contract Administrator to 1-14-89-69: Fax 916-375-4439 or email dave.henning@dgs.ca.gov.
