**RE: Roster of Current Bundled/ Unbundled Statewide Contracts.**

---

In separate emails sent to you in late December 2010 and early January 2011 we asked you to give us your thoughts regarding a new proposal for a Small Business (SB)/ Disabled Veterans Business Enterprise (DVBE) off-ramp policy for statewide contracts. A draft of this proposed policy may be accessed at:

<http://www.documents.dgs.ca.gov/pd/smallbus/SBCouncil/DraftSBDVBEOffRampPolicy.pdf>

**To summarize where we are currently, DGS is proposing the following:**

**Offer a SB/DVBE off-ramp on all statewide contracts except those that have been unbundled and are awarded to a certified SB/DVBE.**

**In support of this proposal, the DGS has now published a list of all current statewide contracts indicating for each whether a contract is bundled or unbundled. This list may be accessed at:**

Thanks to those of you who have taken the time to comment. We will schedule a teleconference with you in the next few weeks which will give us the opportunity to further discuss and seek consensus on this proposed policy. Teleconference details will be provided in a future communication.

Thank you for your hard work and partnership in crafting this new and important policy.
