**RE: Contract: 1-10-62-31 Mandatory Statewide California Lamp Contract  
Expired May 31, 2012**

---

This broadcast notifies departments that the mandatory statewide California Lamp Contract 1-10-62-31 expired on Thursday, May 31, 2012 and will not be extended past this date. A competitive solicitation to establish a new statewide contract for lamps and ballast will be underway. Until such time as a new statewide contract has been awarded, departments may use their approved non-IT purchasing authority to continue purchasing lighting and ballast products.

Departments are encouraged to use one of the following procurement approaches for purchasing lighting products:

- SB/DVBE Option – allows departments to solicit CA certified SB and DVBE suppliers and award purchase documents valued from \$5,000.01 to \$249,999.99 which assist departments in meeting their SB/DVBE participation goals. To find a certified California SB/DVBE go to DGS/PD website:

<http://www.eprocure.dgs.ca.gov/default.htm>

- Fair and Reasonable – allows departments to acquire non-IT goods valued less than \$5,000.00 if fair and reasonable pricing can be established. Refer to State Contracting Manual, Volume 2, and Chapter 4 on how to determine fair and reasonable pricing.
- Leverage Procurement Agreements (LPA) – allows departments to acquire non-IT goods through pre-established contracts, e.g. WSCA or CMAS. Refer to the State Contract Index list on available LPAs at:

<http://www.documents.dgs.ca.gov/pd/contracts/contractindexlisting.htm>

**Note:** State departments that do not have approved non-IT purchasing authority must submit a purchase estimate (STD.66) to the DGS/PD unless the value of the purchase is \$100 or less.
