RE: Survey for Fire Engines and Emergency Crew Transports Statewide

The Department of General Services, Procurement Division (DGS/PD) is providing the opportunity for State departments to participate in a survey that will assist the DGS/PD in meeting departments' needs. The survey's purpose is to determine if existing fire stations or new fire stations will be ordering fire engines from our contract 1-07-23-21 within the next two years.

The DGS/PD requests that PACs distribute the survey to the appropriate department subject matter experts who may be able to provide comments and/or suggestions to ensure that contract requirements will continue to meet departments' needs.

This survey is available on the Department of General Services, Procurement Division website at:
