# STEP 4 - CMAS

- **Look into becoming a California Multiple Award Schedules (CMAS) Contractor**

# What is a CMAS

- A California Multiple Award Schedule (CMAS) is a streamlined, best value purchasing solution for State agencies and local governments seeking IT and Non-IT goods and services

# What is a CMAS

- CMASs are not established through a competitive bid process conducted by the State of California
- Therefore, all pricing, products and/or services offered must have been previously bid and awarded on a Federal GSA Schedule

\*California code does not allow for formal protest of CMAS transactions

# What is a CMAS

- The CMAS Program does not "use" the Federal GSA Schedule
- Instead, the State of California establishes a totally independent multiple award schedule for the same products and/or services, based on the same prices

# What is a CMAS

- A CMAS does not guarantee that your company will do business with the state of California or with local governments
- However, being awarded a CMAS places your company in a pool of potential contractors that ordering agencies can choose from

# What is a Federal GSA Schedule

- The Federal GSA Schedule is a multiple award schedule for the federal government
- Products and/or services are assessed and evaluated
- A GSA Schedule contains pre-negotiated pricing, delivery terms, warranties, and other terms and conditions

# CMAS/GSA Schedule Pricing

- The GSA Schedule terms and conditions and pricing must be published at the GSA eLibrary
- The GSA Schedule pricing posted at the eLibrary is the maximum allowed for each product and/or service
- When responding to a Request For Offer (RFO), CMAS suppliers can offer prices that are lower than the GSA Schedule pricing, but not higher

# Basis for Offer

- Two Options:
  - 1) If the contractor already holds their own GSA Schedule, they can offer it as the base for their CMAS offer

**\*\*The CMAS Unit does not recommend applying for a GSA Schedule for the sole purposes of CMAS**

# Basis for Offer

- Two Options:
  - 2) The contractor can offer products, services, and pricing from a Federal GSA Schedule held by another company. In this case, the process is referred to as "piggybacking"

# CMAS Term

- The term of a CMAS begins on the date of award by the CMAS Unit, and runs concurrent with the Federal GSA Schedule.

# CMAS Renewal

- CMAS contract renewals/extensions do NOT occur automatically when the term of the base GSA schedule is renewed or extended
- It is the responsibility of the CMAS contractor to monitor the GSA eLibrary for renewals or extensions
- Please see the “CMAS Contract Management & Information Guide” for specific details

# Who Can Use CMAS

- State and local government agencies may use CMAS, unless the contractor explicitly stipulates in their CMAS contract offer that the CMAS is not available to local governments.
- A local government agency is any city, county, district, or other local governmental body, including the California State University (CSU) and University of California (UC) systems, K-12 public schools and community colleges empowered to expend public funds.

# CMAS Program Fees

- There is no fee to apply for a CMAS
- For CMAS sales to State agencies, the State agency pays an administrative fee to the Department of General Services. CMAS contractors do not pay fees for sales to State agencies
- For CMAS sales to local government agencies, the CMAS contractor pays a 1% incentive fee to the Department of General Services based on the total value of the purchase order
- If the CMAS contractor is a California certified Small Business (SB), both the administrative and incentive fees are waived

# What is Excluded

- Products and services from other DGS-Procurement Division contracts.
- Facility planning, medical services, registered nursing, human resources and security guard services.
- Legal Services
- Public works projects

# What is Excluded (Con't)

- Architectural, Construction, Engineering, and Environmental Services
- Facilities Maintenance and Management services are not allowed on CMAS. Two exceptions are:
  - Third party verification services of greenhouse gas emission and reports for existing facilities and operations.
  - Leadership in Energy & Environmental Design for existing buildings (LEED – EB)

# Fiscal Agents

- When a subcontractor ultimately performs all of the services that a prime contractor has agreed to provide, and the prime contractor only handles the invoicing of expenditures, then the prime contractor's role becomes that of a fiscal agent because it is merely administrative in nature. It is unacceptable to use fiscal agents in this manner because the agency is paying unnecessary administrative costs.

# STEP 5 - Marketing

- Market Your Business to State Agencies

**STEP 5****MARKET YOUR BUSINESS TO STATE AGENCIES**

Once you become a certified firm or a CMAS contractor your business information is included in databases accessible to state purchasing officials. However, you must still market your products and services to state agencies.

- Most state agencies have an SB/DVBE Advocate to disseminate information on pending solicitations to SBs/DVBEs, ensure prompt payments and resolve contracting issues. Find SB/DVBE Advocates at [www.dgs.ca.gov/pd/advocate](http://www.dgs.ca.gov/pd/advocate)
- Some state agencies have delegated purchasing authority to allow them to contract directly with vendors. Find out which agencies have delegated purchasing authority at [www.dgs.ca.gov/pd/delegated](http://www.dgs.ca.gov/pd/delegated)
- Find out what state agencies buy and the dollar amount of the contracts. Go to [www.dgs.ca.gov/pd/Programs/caleprocure/SCPRSData.aspx](http://www.dgs.ca.gov/pd/Programs/caleprocure/SCPRSData.aspx)
- Certain other local governments and industry partners honor the state's SB/DVBE certification. Visit [www.dgs.ca.gov/pd/reciprocity](http://www.dgs.ca.gov/pd/reciprocity)
- The California Online Directory provides access to state government information and services including employee phone numbers, agency information, and a government organization chart. [www.cold.ca.gov](http://www.cold.ca.gov)

## Reciprocity Program

The Certification and Outreach Branch further promotes Small Business (SB) and Disabled Veteran Business Enterprise (DVBE) participation by administering the Reciprocity Program. The program builds partnerships with cities, counties and special districts throughout California with businesses holding SB and/or DVBE certification programs.

The Reciprocity Program allows the SB and/or DVBE to go through a single certification process so that their certification is valid with both the state and the participating agency. The certified business optimizes the benefits that both certification programs offer.

### Small Business (SB) and Disabled Veteran Business Enterprise (DVBE) Participation

Participation of Small Business (SB) and Disabled Veteran Business Enterprise (DVBE) firms in the state's annual \$10 billion award is vital to a strong economy. Every year, the Department of General Services publishes the Consolidated Annual Report on contracting dollars that the state departments award to certified SBs, including microbusinesses (MB), and to DVBEs. The minimum required participation goals are 25 percent for SB and 3 percent for DVBE.<sup>1</sup>

#### SB/DVBE Participation Highlights for Fiscal Year 2014-15<sup>2</sup>

- Overall, mandatory reporting departments exceeded both participation statewide goals: 25.61 percent SB and 3.87 percent DVBE (See chart below).

\$18 billion awarded by 154 state and reporting departments (includes non-mandatory reporters): \$2.4 billion (23.34 percent) to SBs and \$407 million (4.04 percent) to DVBEs; over half of all contract dollars awarded by only five of the 154 departments.<sup>3</sup>

- Eight out of every 10 mandatory departments reported; 86 mandatory departments reported achieving their SB participation goals, 76 reported achieving their DVBE participation goals.

#### Other Report Highlights

- Non-IT services: 54 percent of mandatory departments' contract dollars (\$4.4 billion).
- Consulting services: 2,233 contracts awarded (\$476 million).
- SB/DVBE Option: 22,674 contracts awarded (\$531 million).
- Infrastructure Bond Acts of 2006: seven departments used funding (\$6.9 million).

#### Three-year Mandatory Departments SB/DVBE Participation

<sup>1</sup> Executive Orders #D-43-01 and #S-02-06 for DVBE and SB/MB, respectively.  
<sup>2</sup> Review full report at: [www.dgs.ca.gov/pd/Programs/OSDS/ContractReporting.aspx](http://www.dgs.ca.gov/pd/Programs/OSDS/ContractReporting.aspx).
