(LEED-EB) Consulting Services**

---

In cooperation with the Real Estate Services Division, the Procurement Division is pleased to announce the addition of consulting services for Leadership in Energy & Environmental Design for Existing Buildings (LEED-EB) under the California Multiple Award Schedules (CMAS) Program.

In an effort to assist agencies in complying with Executive Order B-18-12 and the Green Building Action Plan for Implementation of Executive Order B-18-12, CMAS will conduct an outreach to develop a pool of suppliers allowing State and local government agencies to purchase LEED-EB consulting services. These services will specifically exclude physical building retrofits, alterations, and/or construction.
