

Want to Do Business With the State?

The State of California contracts out more than \$5 billion every year. We buy food, construction, transportation, consulting services...the list is almost endless, and so is the opportunity. And, *certified* small businesses receive a 5% bidding preference on qualifying contracts. What's more, State agencies are encouraged to buy from *certified* Small Businesses and Disabled Veteran Business Enterprises whenever possible, so marketing yourself as a *certified* business can help you win state business.

...Get Certified!

Certification with the State of California gives your business the edge it needs to succeed and grow. Contact the SB/DVBE Services Branch or visit our website at www.dgs.ca.gov/pd (*click on Small Business*) to get your application today!
