Recent Highlights...

Cal eProcure is now open for business

Wednesday, December 9, 2015

The California Department of General Services and the Financial Information System for California (FI\$Cal) are pleased to announce the release of the Cal eProcure vendor portal.

This new online tool is many months in the making and offers a modern, more streamlined way of doing business with the state of California.

To view the new site, visit [Cal eProcure](#).

Background

Cal eProcure is the buying, selling and small business component of FI\$Cal and replaces BidSync as the procurement system of record for the state.

Cal eProcure includes many new features designed to enhance the user experience for state customers as well as a responsive design and mobile compatibility.

System functionality to be released progressively over the coming weeks

The vast majority of functionality for the new system is live as of this morning with the rest to be introduced incrementally over the coming weeks. This approach allows for a more gradual transition as customers learn the new system while also enabling state staff to quickly address any issues with the environment or functionality that may arise after launch.

This week's release includes the following functionality:

Bidder registration: All bidders can set up their profile in Cal eProcure. Small Business and Disabled Veteran Business Enterprise (SB/DVBE) firms have already been preregistered in the system. After go-live, they will be able to update their profiles and desired notifications.

- **SB/DVBE certification:** New applicants can apply for certification in Cal eProcure. Firms already certified can update or renew their certification information.
- **SB/DVBE search:** Find certified SBs and DVBEs.
- **Leveraged Purchase Agreement (LPA) Search:** Search for state LPAs (statewides, California Multiple Award Schedules, Software Licensing Program, Masters, NASPO ValuePoint, State Price Schedule, etc.).
- **State Contracting and Procurement Registration System (SCPRS) search:** Search SCPRS data.

The following functionality, primarily related to the California State Contracts Register (CSCR), will be released in the coming weeks:

- **CSCR posting:** State departments will start posting new bids/solicitations in Cal eProcure.
- **CSCR notification and search:** The public will be able to search for new bids on Cal eProcure and bidders will start receiving notification of new bids based on the profile they established after the December 9 go-live.

Have Questions?

We have created a [Frequently Asked Questions](#) document for users of the new system.

Small Business and DVBE Outreach Events Mobile App

Tuesday, June 30, 2015

DGS-PD's Communication & Outreach section is committed to expanding statewide outreach efforts for the SB and DVBE community through education and business opportunity enhancements. Access here via the [link](#) or scan with your mobile device.

DGS Emergency Acquisitions Guide

Thursday, February 19, 2015

The Department of General Services, Procurement Division (DGS/PD) is pleased to announce the release of the DGS Emergency Acquisitions Guide. This guide is intended to assist procurement officials with planning and carrying out procurement activities during major disasters or other state emergencies.

DGS worked in coordination with first-responding departments and participants from the Emergency Functions (EF) 7 Resources workgroup to compile existing statutes and policies related to emergencies.

The DGS Emergency Acquisitions Guide can be found at the link below:

What is the FI\$Cal Project?

[↑ Back to Top](#)

The Financial Information System for California (FI\$Cal Project) is a business transformation project for state government processes in the areas of budgeting, accounting, procurement and cash management. The Project will prepare the state systems and workforce to function in an integrated financial management system environment. To ensure the success of the Project, the Partner Agencies have entered into a Memorandum of Understanding (MOU) signed by the State Controller, the State Treasurer, and the Directors of the Departments of Finance and General Services. The MOU demonstrates support for the Project at the highest levels of these organizations and provides the framework for the FI\$Cal Project.

Where can I obtain more information about FI\$Cal?

[↑ Back to Top](#)

To obtain the latest information regarding the Project's status and upcoming activities, departments can attend stakeholder meetings, such as FI\$Cal Forum meetings. The FI\$Cal Website, www.fiscal.ca.gov, will be regularly updated with information. If you have questions regarding FI\$Cal you can contact us at fiscal.cmo@fiscal.ca.gov. What is the structure of the FI\$Cal Organization? The FI\$Cal Project has a "One Team" philosophy where employees of FI\$Cal, our Partner Agencies, and Accenture work collaboratively. There are six components to the organization: Executive, Administration, Technology, Business, Change Management, and Project Management.

How was the contractor chosen?

[↑ Back to Top](#)

Under Public Contract Code (PCC) Â§6611, the Department of General Services led an innovative two-stage procurement to select the FI\$Cal System Integrator (SI). Stage 1 of the procurement qualified three (3) bidders (Accenture, CGI, and IBM) to participate in a "Fit Gap" where the State had the opportunity to share detailed information about the business and technical requirements provided in the Request for Proposal (RFP). During this time, the bidders were able to determine the "fit" of their solution to the State's requirements, and identify any "gaps" to bridge in order to fulfill the State's needs. Stage 2 of the procurement required all three bidders to submit their proposals for the design, development, and implementation of FI\$Cal. The FI\$Cal Project conducted a thorough review and evaluation of all three proposals based on criteria established in the RFP. Based on the evaluations, the bidder receiving the highest total score was selected as the winning bidder. The winning bidder was Accenture.

Will all state agencies be required to participate in the FI\$Cal System?

[↑ Back to Top](#)

California Government Code Section 15849.22 (b) (1) states, "All state departments and agencies shall use the FI\$Cal System. The FI\$Cal System shall replace any existing central or departmental systems duplicative of the functionality of the FI\$Cal System." The Department of Finance and the State Chief Information Office issued corresponding Budget Letter 08-05, "Moratorium on Developing Administrative IT Systems," instructing departments and agencies that an IT project moratorium is in effect for functionality duplicating FI\$Cal.

Who is going to provide Project Management Services for the team - Accenture or the State?

Buying Green Home

Buyers Guide

Suppliers Guide

General Info

Buying Green Home

What is Buying Green?

Environmentally Preferable Purchasing (EPP) is the procurement of goods and services that have a reduced impact on human health and the environment as compared to other goods and services serving the same purpose (Public Contract Code §12400-12404). In simple terms, EPP means "Buying Green." The law also states that the Department of General Services (DGS) is to provide state agencies with information and assistance regarding EPP. In response, DGS developed a best practices manual - the Buying Green Guide. This Guide provides information, tools and tips for buyers and provides insight to suppliers on how the State views "green" products and businesses.

Announcements

Announcing New and Improved Layout for Buying Green

Welcome to the new and improved Buying Green website. This new layout will provide better support and functionality for large screen monitors and mobile device users. While content accessibility has improved, please ensure your devices are running the most updated version of your browser for the best viewing experience.

DGS hosts Green Gov Challenge Innovation Contest

The Department of General Services and the Government Operations Agency are holding the Green Gov Challenge to award innovative California residents \$25,000 for solutions to help improve California's sustainable operations. This contest is part of the new "Find a New Way program" (AB2138) signed into law last year by Governor Jerry Brown.

Excellence in the Business of Government!

The Department of General Services (DGS) serves as business manager for the state of California. General Services helps to better serve the public by providing a variety of services to state agencies through procurement and acquisition solutions, real estate management and design, environmentally friendly transportation, professional printing, design and Web services, administrative hearings, legal services, building standards, oversight of structural safety, fire/life safety and accessibility for the design and construction of K-12 public schools and community colleges, and funding for school construction.

DGS Values

The Department of General Services has adopted core values to help employees maximize their potential as individuals and professionals within the organization. DGS core values include **integrity, accountability, communication, excellence, innovation, and teamwork.**

FI\$Cal Project Privacy Policy Statement

Updated: 09/25/2015

The FI\$Cal Project (the Project) is committed to promoting and protecting the privacy rights of individuals as enumerated in Article 1 of the California Constitution, the Information Practices Act of 1977, and other State and federal laws.

It is the policy of the Project to limit the collection and safeguard the privacy of personal information collected or maintained by the Project. The Project's information management practices conform to the requirements of the Information Practices Act (Civil Code Section 1798 et seq.), the Public Records Act (Government Code Section 6250 et seq), Government Code Sections 11015.5 and 11019.9, and other applicable laws pertaining to information privacy. Electronically collected personal information is exempt from requests made under the Public Records Act.

The Project collects personal information on individuals only as allowed by law. The Project values and protects the privacy of individuals by 1) only collecting personal information when it is necessary for carrying out an authorized business function and 2) ensuring that the appropriate physical, technical, and administrative controls are in place to limit access to such information to staff who need it in the course and scope of their jobs.

Personally Identifiable Information (PII) is only obtained through lawful means and for what is relevant and necessary to accomplish the purpose for which it is collected. Any personal information obtained will not be sold, disclosed, made available, or otherwise used for a purpose other than that specified, except with the consent of the subject of the data, or as required by law or regulation.

The Project secures PII against loss, damage, modification, unauthorized access, or disclosure as required by law and policy. Appropriate computer, network, and Internet technical security controls at the employee and departmental levels prevent unauthorized access to personal information. Some of these security controls are: password and user identification verification, data encryption, confidential transmissions, secure storage areas, and audit trails.

The Project does not collect, distribute, or sell home, business, or email addresses, or account information from persons who simply browse our Internet website. FI\$Cal collects personal information about individuals through our website only if an individual provides such information to the Project voluntarily through forms or surveys, or if it is required through the FI\$Cal System.

Email is considered a communication tool. Any data sent by email is not secured or encrypted by the Project. If a user sends FI\$Cal an email message, the email address and the information submitted will be collected and may be provided to other State agencies to serve the department's needs. Users are prohibited from sending any confidential or personal information (such as Social Security Number (SSN) via e-mail.

The Project may use session cookies in some areas of the FI\$Cal website to improve the overall usability of the

BIDDER REGISTRATION

A bidder is an entity that has registered in Cal eProcure to receive notifications, and submit bids online, maintain their information, and apply for certifications.

Business Name

Street address

City, State, Zip:

Re: Cal eProcure login

Cal eProcure is the new online portal designed to improve the experience of businesses selling products and services to the state of California. Launching December 9, 2015, this new system replaces BidSync, allowing access to bidding and contracting resources in one location. Cal eProcure is user-friendly and offers a responsive design for mobile devices.

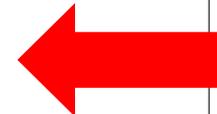

Small Business and Disabled Veteran Business Enterprise (SB/DVBE) certification information has been converted from BidSync to the Cal eProcure portal. You will be able to log-in to Cal eProcure and access your information. Along with accessing your record, you will be able to:

- Maintain and update notifications for bidding opportunities advertised in California State Contracts Register (CSCR)
- Apply for or renew SB/DVBE certification
- Follow transactions including purchase orders, receipts, invoices and payments
- Maintain certification related data and contact information

On or after December 9, 2015, go to www.caleprocure.ca.gov

USER ID: your DGS issued certification ID

Password: XXXXXXXX

**** IMPORTANT:** To avoid missing any bid opportunities, please log-in to review the existing UNSPSC codes currently associated with your profile.

Cal eProcure system inquiries:
FISCAL Service Center, Vendor Management
Email: vendors@fiscal.ca.gov
Phone (Toll Free): 1-855-421-6355

SB/DVBE certification program inquiries:

Terms and Conditions

9/9

Make sure you read the terms and conditions fully before continuing.

I agree to be bound by the following Terms and Conditions:

1. The services provided through this Website and the use of the Website are governed by these Terms and Conditions. By accessing or using the services or the website or by registering as either a buyer or a seller, you agree that (1) you have read and familiarized yourself with the Terms and Conditions, (2) you understand the Terms and Conditions, and (3) you are bound by the Terms and Conditions in your use of the services or the Website. The Terms and Conditions, together with any additional terms and conditions specific to a particular event, constitute the entire agreement and supersede and replace any and all prior agreements between the parties regarding such subject matter.

2. Registration and Eligibility. The services and the website are only available to persons with the legal capacity to enter into this agreement. This organization may, at its sole and absolute discretion, refuse to accept a person's (or entity's) registration and may at any time after accepting registration, refuse to permit a person's (or entity's) continuing use of the services and the Website for any reason.

3. Changes to Services, Website and Terms and Conditions. User acknowledges and agrees that this organization may change, modify, amend, suspend or discontinue any aspect of the services or the Website, at any time, without notice and without liability to user or to any third party. Further, user acknowledges and agrees that the organization may amend any or all of the Terms and Conditions at any time without notice. Any amendment of the Terms and Conditions will be reflected on the Website. User is encouraged to periodically review the Terms and Conditions posted on the Website. Use of the services and the website constitutes acceptance of the Terms and Conditions, including any amendments thereto.

SUPPLIER REGISTRATION

A supplier (or vendor) is an entity that is actively doing business with the State, or otherwise receiving payments from the State. You should have received a notification from Fi\$Cal with a business code and temporary password.

Business Name

Street Address

City, State, Zip

Re: Cal eProcure registration

Cal eProcure is the new online portal designed to improve the experience of businesses selling products and services to the state of California. Launching December 9, 2015, this new system replaces BidSync, giving businesses access to bidding and contracting resources in one location. Cal eProcure is user-friendly and offers a responsive design for mobile devices.

Businesses who are actively doing business with state of California departments transacting in FISCal already have an existing record in the FISCal Vendor Management File (VMF). By registering in Cal eProcure, businesses will also be able to:

- Access their existing records
- Maintain and update notifications for bidding opportunities advertised in California State Contracts Register (CSCR)
- Apply for or renew Small Business or Disabled Veteran Business Enterprise certification
- Follow procurement transactions including purchase orders, receipts, invoices and payments

To Establish Your Credentials on Cal eProcure

On or after December 9, 2015, go to www.caleprocure.ca.gov

Registration code: 439305734

Vendor ID: XXXXXXXX

Tax Identification Number: known by you

**** IMPORTANT:** Even though your firm is already a vendor with the state, you are not set up to receive notification of bids in Cal eProcure. To avoid missing bidding and contracting opportunities, please register UNSPSC codes associated with your profile.

****NOTE:** Registration code will expire February 7, 2016 – contact the number below to register after that day

For registration or other Cal eProcure system inquiries:

FISCal Service Center, Vendor Management

Email: vendors@fiscal.ca.gov
