

State Approved General Freight Carrier List

This list contains carriers that have rates on file with the State of California, Department of General Services (DGS), Transportation Management Unit (TMU). **Many carriers serve limited areas within the State** and have varying types of capabilities/equipment to meet your needs. **This list and all services offered by carriers are subject to change.** Please contact TMU at (916) 376-1888 to confirm whether the carrier has a current agreement for the type of services needed and established rates.

CAUTION: Even though carriers may serve other areas or provide other services, departments may pay public rates unless they first verify the scope of the carrier's agreement with DGS TMU.
