Cage Code: 5EEU4
DUNS Number: 00-181-8012-1250
Contractor's Tax Identification No.: 13-1968872
Business Size: Large

Definition of Financing Terms

The WSCA contract offers various financing methods in addition to outright purchase. These options are offered and authorized through the State of California Participating Amendment. These options are defined below:

Fair Market Value Leases

At end of lease term, customer has option to purchase equipment at fair market value price or return equipment with no further obligation

Capital Leases

Traditional financing with ownership at end of term

Cancelable Rentals

Cancel with four month penalty on rental payment

All leases and rentals have a non appropriations clause to avoid fiscal commitments.

Funding to purchase or lease upon approval of credit, products available under this contract may be available to State agencies via the GS \$SMART (purchases) or Lease \$SMART program. Local agencies are able to take advantage of all options in the WSCA Master Price Agreement without restrictions.

Connectivity: Customer site installation/training includes set-up as a copier/printer ready for network installation by customers' Network Administrator, with customer telephone assistance available from Sharp for network installation. On-Site network installation assistance can be obtained on an open market basis through a separate contract from the local dealer. Contact you Government Account Executive with any questions. A digital site-survey is required.

Credit Card Orders: Orders should include the following: Credit Card Number, Expiration Date, Type of Card, name and telephone number of individual on the card. Call (866) 813-6126 to place an order or Fax (800) 245-2815

Definition of Service Zones

The following table provides an alteration to the service zones included in the contract which will be utilized for awards in the State of California:

SERVICE ZONE	DEFINITION
URBAN	Within a 60 mile radius of closest Service Base Location, within 60 miles of the State Capital or within a 60 mile radius of a Metropolitan Statistical Area.
RURAL	Outside of a 60 mile radius from closest Service Base Location, the State Capital or a Metropolitan Statistical Area.
REMOTE	All locations within California that are inaccessible via road from any Urban or Rural Service Zone regardless of distance.

Service Surcharges

Rural Service Surcharge: Urban Base Charges X 125%

Remote Service Surcharge: Urban Base Charges X 200%

All Service/Maintenance pricing begins upon installation of Equipment.

SHARP®

Black and White MFPs

In today's fast-paced business environment, you need to operate at peak efficiency. And with Sharp's MX-M260 Document System, you'll be able to raise office productivity to a whole new level. With enhanced versatility, the MX-M260 Document System delivers everything your business needs to get ahead offering 26-ppm copying and printing, convenient networking, and integrated multifunction capabilities. These Document Systems are ideal for busy departments and workgroups. Available features include a 100-sheet reversing document feeder, auto duplexing, 1200 x 600 dpi (enhanced) laser output, and a large 8.1" (measured diagonally) touch-screen LCD display that makes operation easy and intuitive. New micro-fine toner technology offers sharp, high-quality images page after page.

Features at a glance

- ◆ 26 PPM Digital Duplex Copier
- ◆ Up to 1200 DPI (Enhanced) with optional PCL6 print controller
- ◆ Paper capacity maximum: 2,100 sheets
 - Standard two 500 sheet paper cassettes and 100 sheet bypass tray
 - Optional one or two 500 sheet paper cassettes
- ◆ Automatic trayless duplex copying and printing
- ◆ 100 sheet reverse automatic document feeder
- ◆ Electronic sorting
- ◆ Large 8.1" Touch-screen LCD Display
- ◆ Mixed size original detection
- ◆ Reduction and enlargement: 25 - 400% (1% increments)
- ◆ 32 MB total standard memory expandable to 1,072 MB
- ◆ Optional JBIG speed-enhanced PC printing system
- ◆ Standard USB 2.0 port
- ◆ SSL (Encrypted Network Protocol Support) HTTPS/IPPS
- ◆ Dimensions: Approximately 24¾" (w) x 25" (d) x 31¼" (h)

Precision engineered to help increase workflow efficiency and provide exceptional image quality, Sharp's new MX High-Speed Monochrome workgroup document system takes you to the next level in MFP performance and productivity. A large customizable, high resolution touch-screen color display with graphical menu navigation and a full-size retractable keyboard to simplify data entry are just two of the many advanced features offered on this new model. The powerful 800 MHz true multi-tasking controller enables users to save time and money while producing professional documents in-house - robust performance that is also economical. Sharp's advanced device management makes it easy to control usage and costs. With the latest Sharp OSA® development platform, integration with network applications has never been easier. And, to help safeguard the confidentiality of your intellectual property, Sharp's industry-leading security suite is second to none.

Features at a glance

- ◆ 62 PPM Digital Copier - Networked
- ◆ 1200 x 1200 dpi printing provides clear, crisp images, even on jobs with fine detail
- ◆ Paper capacity maximum: 6,600 sheets
 - Standard 2,000 sheet paper drawer, 2 X 500 sheet paper drawers and 100 sheet bypass tray
 - Optional 3,000 sheet large capacity tray (letter / legal / ledger) or a 3,500 sheet large capacity tray (letter)
- ◆ Large high resolution touch-screen color display with graphical navigation
- ◆ Standard 80GB Hard Drive
- ◆ Standard 150-sheet duplexing single pass feeder with color Scan² Technology minimizes paper misfeeds and enhances reliability
- ◆ 800 MHz true multi-tasking controller
- ◆ Standard retractable keyboard
- ◆ ImageSEND™ function with blank-page skip scans documents to e-mail, network folders and USB devices
- ◆ Network interface supports gigabit ethernet
- ◆ Remote front panel feature allows users and administrators to view and control machine operations from a PC workstation
- ◆ Sharp OSA® development platform with standard application communication module and external accounting module
- ◆ Standard PCL6/PCL5e printing system with direct print function and available Postscript 3 and Windows XPS options
- ◆ Dimensions: 29"(w) X 27"(d) X 48"(h)

Precision engineered to help increase workflow efficiency and provide exceptional image quality, Sharp's new MX High-Speed Monochrome workgroup document system takes you to the next level in MFP performance and productivity. A large customizable, high resolution touch-screen color display with graphical menu navigation is just one of the many advanced features offered on this new model. The powerful 800 MHz true multi-tasking controller enables users to save time and money while producing professional documents in-house - robust performance that is also economical. Sharp's advanced device management makes it easy to control usage and costs. With the latest Sharp OSA® development platform, integration with network applications has never been easier. And, to help safeguard the confidentiality of your intellectual property, Sharp's industry-leading security suite is second to none.

Features at a glance

- ◆ 75 PPM Digital Copier
- ◆ 1200 x 1200 dpi printing provides clear, crisp images, even on jobs with fine detail
- ◆ Paper capacity maximum: 6,600 sheets
 - Standard 2,000 sheet paper drawer, 2 X 500 sheet paper drawers and 100 sheet bypass tray
 - Optional 3,000 sheet large capacity tray (letter / legal / ledger) or a 3,500 sheet large capacity tray (letter)
- ◆ Large high resolution touch-screen color display with graphical navigation
- ◆ Standard 80GB Hard Drive
- ◆ Standard 150-sheet duplexing single pass feeder with color Scan² Technology minimizes paper misfeeds and enhances reliability
- ◆ Optional 800 MHz true multi-tasking controller
- ◆ Network interface supports gigabit ethernet
- ◆ Remote front panel feature allows users and administrators to view and control machine operations from a PC workstation when network-connected
- ◆ Sharp OSA® development platform with optional application communication module and external accounting module
- ◆ Optional PCL6/PCL5e printing system with direct print function and available Postscript 3 and Windows XPS options
- ◆ Dimensions: 29"(w) X 27"(d) X 48"(h)

MX-M850 / MX-M950 / MX-M1100 Digital Duplicator High Volume Multifunction Duplicator

Designed for high-volume production environments, the new MX-M850/M950/M1100 Series document systems deliver lightning-fast output with robust multi-tasking performance, so your workflow never misses a beat. With a standard paper capacity of 3,000 sheets, expandable to 8,050 sheets, the MX-M850/M950/M1100 Series document systems can manage large scale jobs with incredible efficiency. Plus, a flexible paper handling system combined with a wide range of supported media allows these powerful performers to meet the needs of any high-volume production environment from walk-up office environments and corporate data centers to high-volume CRD and service bureaus. For large volume jobs or print jobs, choose from either the 4,500-sheet letter-size triple paper tray or the 4,000-sheet ledger-size triple paper tray - which supports paper weights up to 170 lb. index! For even more flexibility add the optional 500-sheet Auto-Bypass Tray.

Sharp's MX-M850/M950/M1100 Series document systems with flexible and versatile options from paper feed to finishing, as well as highly customizable software architecture, adhere to principles that have made Sharp the award-winning choice.

Features at a glance

- ◆ 85 / 95 / 110 PPM Digital Duplicator
- ◆ High volume print production capability
- ◆ Paper capacity maximum: 8,050 sheets
 - Standard 3,000 sheet large capacity tray with three drawers Includes 2,000 sheet letter size tandem tray (drawer 1) 500 sheet multi purpose tray (drawer 2) and 500-sheet multi-purpose tray (drawer 3)
 - Optional: 4,550-sheet tray with three drawers, 2,000-sheet multi-purpose tray with three drawers, 3,500 sheet letter size large capacity tray, 3,000 sheet ledger size multipurpose large capacity tray
 - 500- sheet bypass tray or 100-sheet bypass tray
- ◆ Standard Duplexing Single Pass Feeder with Scan² technology
- ◆ Duplexing on stocks up to 110# index from three different paper trays
- ◆ Standard 80 GB hard drive
- ◆ Open Systems Architecture enables users to access network applications directly from LCD display
- ◆ Easy serviceability due to the long life drum and non-detachable maintenance
- ◆ Secure network interface with IPv6 and SNMPv3
- ◆ FTP Server printing allows users to browse an FTP server from the LCD to access files for pull printing or forward data from a client PC
- ◆ TIFF and PDF Direct Printing
- ◆ Permanent font and form storage
- ◆ Customizable with a variety of input options including optional color scanning to professional-looking output such as pamphlets, newsletters and booklets
- ◆ Standard IEEE1284 and USB 2.0 ports
- ◆ Energy Star compliant

SHARP®

Color / B & W MFPs

Sharp's new MX-2310U is a full-color ledger-size document system that will meet virtually all of your business needs. Boost workgroup efficiency and productivity with Sharp's environmentally-friendly MX-2310U full color MULTI-FUNCTIONAL DOCUMENT SYSTEM, precision-engineered to deliver amazing image quality and consistent day-to-day performance while also being easy to afford. Features include a HIGH RESOLUTION TOUCH SCREEN color display with graphical user navigation for easy operation. Equipped with a powerful 600 MHz TRUE MULTI-TASKING controller that allows quick processing of even complex print jobs, the MX-2310U produces HIGH QUALITY, vibrant color documents in-house, helping you save time and money. Sharp's advanced device management tools make it simple for businesses to control system access, color usage and costs. To make integration with network applications easier than ever, the MX-2310U supports the optional SHARP OSA® DEVELOPMENT PLATFORM.* Sharp's industry leading security helps assure the confidentiality of your intellectual property.* That's the SHARP DIFFERENCE.

Features at a glance

- ◆ 23 PPM Black & White / 23 PPM Color Output - **Networked**
- ◆ Paper capacity maximum: 2,100 sheets
 - 600 Sheets Standard: one 500 sheet paper cassette and one 100 sheet bypass tray
 - Optional single, double or triple 500 sheet paper drawer
- ◆ Powerful 600 MHz true multi-tasking full-color document system
- ◆ Large, high resolution touch-screen color display with graphical navigation
- ◆ Enhanced second generation micro-fine toner technology offers sharp, high quality images page after page
- ◆ 600 x 600 dpi printing provides clear, crisp images
- ◆ Advanced ImageSEND™ function scans documents to USB devices, network folders, e-mail and more
- ◆ Robust 160 GB HDD with 86 GB document filing system with thumbnail view and image preview features
- ◆ Standard network printing with Sharp Advanced Printing Language (SAPL-C) delivers robust performance, PCL6 and PS3 optional
- ◆ Supports the Sharp OSA™ development platform, enabling businesses to streamline document workflow and enhance productivity with speed and efficiency*
- ◆ Remote front panel feature allows users and administrators to view and control machine operations from a PC workstation*
- ◆ Environmentally friendly design offers low power consumption, fast warm-up, compact design and long-life parts and supplies
- ◆ Dimensions 23" (w) x 24-3/4" (d), x 33" (h)

* Some features require optional equipment

Sharp's new MX-4110N color document system combines the simplicity of touch-screen menu navigation with robust multi-tasking workflow features that can elevate your office productivity to new levels. A large 10.1" (diagonally measured) high-resolution tilting, touch-screen display offers groundbreaking real-time image preview with intuitive flick and tap editing to help ensure your documents are produced accurately and without waste. The new MX color series also offers many advanced features such as a fully customizable home screen and dynamic action menus that provide feature-specific guidance, and an available full-size retractable keyboard for easy data entry. Plus, with Sharp's enhanced second-generation micro-fine toner technology and true 1200 x 1200 dpi print resolution, the new MX series can help your organization produce professional looking color documents in-house with breathtaking image quality that is also economical. The new MX-4110N color copier has been built on the latest Sharp OSA® Development platform, making integration with network applications and cloud services easier than ever. And, with Sharp's Industry leading security platform with standard 256 bit data encryption and overwrite protection, you can rest assured that your intellectual property is well protected.

Features at a glance

- ◆ 41 PPM Black & White / 41 PPM Color Output - **Networked**
- ◆ Paper capacity maximum: 5,600 sheets
 - 1,100 Standard - Two 500 sheet paper drawers and 100 sheet bypass tray
 - Optional (1) x 500 sheet paper drawer / Stand
 - Optional (2) x 500 sheet paper drawers / Stand
 - Optional 3,500 sheet large capacity tray
- ◆ Large 10.1" high resolution touch-screen display with tilt view
- ◆ Standard 256 bit data encryption and up to 7 times overwrite protection
- ◆ 100-Sheet Reversing Single-Pass Feeder
- ◆ Real-time image preview feature with flick, tap and slide menu navigation
- ◆ Fully customizable home screen feature enables users to add custom backgrounds and custom icons for personalization
- ◆ Action menus to provide users with feature-specific guidance
- ◆ 1200 x 1200 dpi printing provides clear, crisp images even on jobs with fine detail

With best-in-class features and the versatility of high-quality, on-demand color, the Sharp MX-6201N Document System delivers all the muscle you need to keep up with the pace of your business. This powerful multifunctional document system can streamline your document workflow like never before. Enhance your capabilities with added functionality and a 1GHz multi-tasking controller for large-volume tasks. Standard features like copy, print, scan and document filing deliver versatile functionality that saves time. Ideal for large workgroups, the MX-6201N Document Systems offers an array of paper handling capabilities and optional finishing features that get the job done. Add impact to your communications without breaking the bank with the flexibility of brilliant, on-demand color. And with support for Sharp OSA™ technology, Sharp's innovative development platform, you can boost productivity with one-touch access to your business applications right from the LCD display. The large color touch-screen display features customizable "short cut" keys for increased efficiency in high-volume environments.

For unprecedented security, the MX-6201N Document Systems deliver several sophisticated options that protect your data by securing walk-up, scan and network access – so your documents remain secure.

Features at a glance

- ◆ 62 PPM Black & White / 50 PPM Color Output - **Networked**
- ◆ Standard 150-sheet duplex single pass document feeder with Color Scan²
- ◆ Scan² Technology minimizes paper misfeeds and enhances reliability
- ◆ Electronic Sorting with Offset Stacking
- ◆ Standard 80 GB HDD allows greater job queuing and document filing
- ◆ Paper capacity maximum: 6,600 sheets
 - 2,000 Standard sheet paper drawer and two 500 drawers and 100 sheet bypass tray
 - Optional 3,500 sheet large capacity tray or 3,000 sheet large capacity tray
- ◆ Easy-to-read Touch-Screen LCD Display with Intuitive Menu Navigation
- ◆ Advanced Image Stabilizing System and micro-fine toner technology provide brilliant, cost-effective color and crisp monochrome images
- ◆ Extraordinary 800 MHz multitasking color document system with copy, print and network scanning standard
- ◆ Powerful PCL6/PCL5c Network Printing System with available PS3
- ◆ ImageSEND technology enables users to scan documents to seven destinations including network folders
- ◆ Supports Sharp's Open Systems Architecture (OSA) which enables users to access network applications directly from the LCD display
- ◆ Advanced User Account Management allows for up to 1,000 User Accounts
- ◆ Dimensions 31-19/64" (w) x 28-9/64" (d) x 48-7/32" (h)

The Sharp Data Security Kit: the cornerstone of optimum security

Secure the Image Data: Be sure you leave nothing behind.

Designed to protect your confidential information, **Sharp's Data Security Kit** works as a "digital shredder," offering several layers of advanced security. With both encryption and overwrite features, **Sharp's Data Security Kit** helps protect your confidential information from even the most sophisticated threats.

Personnel and medical records, strategic plans, salary grade levels, and countless other sensitive documents are printed, copied, scanned, and faxed inside state agencies every day.

Data Encryption:

With 128-bit encryption, **Sharp's Data Security Kit** encrypts image data in the MFP (Multi-Functional Products) before it's written to the hard drive, RAM or ROM for print, copy, scan, or fax functions. This first layer of security provides peace of mind even while your documents are still active.

Automatic and Manual Memory Clear:

You can choose to have the **Data Security Kit** automatically overwrite all memory when the MFP is powered up, and/or after each print/copy/scan/fax job. Or, at any time, you can also choose to manually clear all memory for added versatility and control.

Data Overwrite:

Random numbers overwrite the information written to memory when a document is printed, copied, scanned or faxed. For the highest levels of security, **Sharp's Data Security Kit** can be set to perform up to seven overwrites - more than any other competitor to date.

- Hard disk overwrite for print, copy and scan functions
- RAM overwrite for print, copy and scan functions
- Flash ROM overwrite for fax function

Western States Contracting Alliance – Contract # 7-09-36-04
