Contractor's Tax Identification No.: 13-1968872
Business Size: Large

Definition of Financing Terms

The WSCA contract offers various financing methods in addition to outright purchase. These options are offered and authorized through the State of California Participating Amendment. These options are defined below:

Fair Market Value Leases

At end of lease term, customer has option to purchase equipment at fair market value price or return equipment with no further obligation

Capital Leases

Traditional financing with ownership at end of term

Cancelable Rentals

Cancel with four month penalty on rental payment

All leases and rentals have a non appropriations clause to avoid fiscal commitments.

Funding to purchase or lease upon approval of credit, products available under this contract may be available to State agencies via the GS \$SMART (purchases) or Lease \$SMART program. Local agencies are able to take advantage of all options in the WSCA Master Price Agreement without restrictions.

Connectivity: Customer site installation/training includes set-up as a copier/printer ready for network installation by customers' Network Administrator, with customer telephone assistance available from Sharp for network installation. On-Site network installation assistance can be obtained on an open market basis through a separate contract from the local dealer. Contact you Government Account Executive with any questions. A digital site-survey is required.

Credit Card Orders: Orders should include the following: Credit Card Number, Expiration Date, Type of Card, name and telephone number of individual on the card. Call (866) 813-6126 to place an order or Fax (800) 245-2815

Year after year, Sharp receives prestigious accolades from virtually every independent office equipment evaluator. Sharp's copiers, color devices, fax-based solutions, multi-function products and software solutions continue to claim the most coveted industry awards. Even the most demanding critics – including BERTL, Buyers Laboratory and Better Buys for Business, cite Sharp's unrivaled commitment to quality. Our recent industry awards are listed below.

Sharp MX-2600N

Networked B & W / Color Digital Copier

Sharp's MX-2600N color document system has been meticulously engineered to help businesses maximize their document workflow efficiency while providing outstanding image quality and performance. This model offers many advanced features such as a large, high resolution touch-screen color display with graphical menu navigation and a full-size retractable keyboard to make data entry easy. Plus, with a powerful 800 MHz true multitasking controller, the MX-2600N can save time and money producing professional color documents in-house with breathtaking image quality that is also economical.

Features at a glance

- ◆ 26 PPM Black & White / 26 PPM Color Output - **Networked**
- ◆ Paper capacity maximum: 5,600 sheets
 - 1,100 Standard two 500 sheet paper cassette and 100 sheet bypass tray
 - Optional 500 sheet paper drawer or 500 sheet paper drawers and 3,500 sheet large capacity tray
- ◆ Powerful 800 MHz true multi-tasking full-color document system
- ◆ Large, high resolution touch-screen color display with graphical navigation
- ◆ Advanced second generation micro-fine toner technology offers sharp, high quality images page after page
- ◆ 1200 x 1200 dpi printing provides clear, crisp images even on jobs with fine detail
- ◆ Industry leading ImageSEND™ function scans documents to USB devices, network folders, e-mail and more
- ◆ Robust 30 GB document filing system with thumbnail view and image preview features
- ◆ Network ready PCL®6/PCL5c printing system with direct print function
- ◆ Supports the latest Sharp OSA™ development platform, enabling businesses to streamline document workflow and enhance productivity faster and easier than ever

- ◆ New remote front panel feature allows users and administrators to view and control machine operations from a PC workstation*
- ◆ Environmentally friendly design offers low power consumption and long-life parts
 - * Some features require optional equipment

- ◆ Dimensions 23-1 4" (w) x 27-1/2" (d), x 37-1/2" (h)

Sharp MX-4100N

Networked B & W / Color Digital Copier

Step up to 41 pages per minute in both B&W and Color with the MX-4100N and make it easier to complete your workgroup projects on time. You will benefit from standard features like tray-less duplexing for reliability, automatic document feeding (using our 100-sheet document feeder) and our Job Build feature for productivity. The MX-4100N also touts a large touch-screen color display with a graphical menu navigation, thumbnail view and a full-size retractable keyboard designed to simplify data entry. With an extraordinary engine that can be configured to meet needs across a wide range of function requirements, you'll find that the MX-4100N is advantageous for offices that wish to replace their current black & white MFPs and incorporate affordable color into their workgroup.

Features at a glance

- ◆ 41 PPM Black & White / 41 PPM Color Output - **Networked**
- ◆ Paper capacity maximum: 5,600 sheets
 - 1,100 Standard two 500 sheet paper cassette and 100 sheet bypass tray
 - Optional 500 sheet paper drawer or 500 sheet paper drawers and 3,500 sheet large capacity tray
- ◆ Standard 100-sheet reversing single pass document feeder
- ◆ Large, high resolution touch-screen color display with graphical navigation
- ◆ Electronic Sorting with Offset Stacking
- ◆ Advanced Image Stabilizing System and second generation micro-fine toner technology provide brilliant, cost-effective color and crisp monochrome images
- ◆ Supports the latest Sharp Open Systems Architecture (OSA) platform, enabling users to access network applications directly from the LCD display
- ◆ Extraordinary 800 MHz multitasking color document system with copy, print and network scanning standard
- ◆ Powerful PCL6/PCL5c Network Printing System with available PS3 and Windows XPS options
- ◆ ImageSEND technology enables users to scan documents to USB devices, network folders, e-mail and more
- ◆ Standard 80 GB HDD allows greater job queuing and document filing
- ◆ Advanced User Account Management allows for up to 1,000 User Accounts
- ◆ Dimensions: 25-1/2" (w) x 27-1/2" (d) x 37-1/2"

Sharp MX-6201N

Networked B & W / Color Digital Copier

With best-in-class features and the versatility of high-quality, on-demand color, the Sharp MX-6201N Document System delivers all the muscle you need to keep up with the pace of your business. This powerful multifunctional document system can streamline your document workflow like never before. Enhance your capabilities with added functionality and a 1GHz multi-tasking controller for large-volume tasks. Standard features like copy, print, scan and document filing deliver versatile functionality that saves time. Ideal for large workgroups, the MX-6201N Document Systems offers an array of paper handling capabilities and optional finishing features that get the job done. Add impact to your communications without breaking the bank with the flexibility of brilliant, on-demand color. And with support for Sharp OSA™ technology, Sharp's innovative development platform, you can boost productivity with one-touch access to your business applications right from the LCD display. The large color touch-screen display features customizable "short cut" keys for increased efficiency in high-volume environments.

For unprecedented security, the MX-6201N Document System delivers several sophisticated options that protect your data by securing walk-up, scan and network access – so your documents remain secure.

Features at a glance

- ◆ 62 PPM Black & White / 50 PPM Color Output - **Networked**
- ◆ Standard 150-sheet duplex single pass document feeder with Color Scan²
- ◆ Scan² Technology minimizes paper misfeeds and enhances reliability
- ◆ Electronic Sorting with Offset Stacking
- ◆ Standard 80 GB HDD allows greater job queuing and document filing
- ◆ Paper capacity maximum: 6,600 sheets
 - 2,000 Standard sheet paper drawer and two 500 drawers and 100 sheet bypass tray
 - Optional 3,500 sheet large capacity tray or 3,000 sheet large capacity tray
- ◆ Easy-to-read Touch-Screen LCD Display with Intuitive Menu Navigation
- ◆ Advanced Image Stabilizing System and micro-fine toner technology provide brilliant, cost-effective color and crisp monochrome images
- ◆ Extraordinary 800 MHz multitasking color document system with copy, print and network scanning standard
- ◆ Powerful PCL6/PCL5c Network Printing System with available PS3
- ◆ ImageSEND technology enables users to scan documents to seven destinations including network folders
- ◆ Supports Sharp's Open Systems Architecture (OSA) which enables users to access network applications directly from the LCD display
- ◆ Advanced User Account Management allows for up to 1,000 User Accounts
- ◆ Dimensions 31-19/64" (w) x 28-9/64" (d) x 48-7/32" (h)

Sharp AR-208D

Digital Copier

The Sharp AR-208D Multifunction Document System is big on performance but compact in size. Designed for small offices and workgroups, the AR-208D delivers all the required features for fast-paced, small office environments. With 20 page-per-minute copying/printing and integrated color PC scanning, your office workflow won't miss a beat. A 50-sheet document feeder provides standard 2-sided scanning for extra efficiency, as well as duplex printing and copying. The cost-effective, consumable system utilizes a three-component system that's easy to replace and easy on your wallet. And since business never stands still, the AR-208D offers flexible options to add Super G3 faxing, networking and web-based management...so you'll be ready for anything.

Features at a glance

- ◆ 20 PPM Compact Desktop Digital Copier - **Upgradeable**, with high quality 600 dpi output
- ◆ Up to 100-Page Electronic Sorting and Offset Output Stacking allows copying of multiple sets quickly and efficiently
- ◆ 50-sheet Reversing Single Pass Feeder with standard 2-sided PC scanning
- ◆ Paper capacity maximum: 550 sheets
 - Standard 250 sheet paper cassette and 50-Sheet multi-purpose bypass tray handles different size paper ranging from 3 1/2" x 5 1/2" up to 8 1/2" x 14" as well as envelopes, labels, and transparencies
 - Optional 250 sheet paper cassette
- ◆ 25% to 400% zoom magnification with eight preset modes for easy image-to-paper sizing
- ◆ Scan and send documents to a variety of destinations for easy distribution
- ◆ Optional Network Expansion Kit with 10/100 base TX Ethernet, Network PCL6 Printing and Network Scanning with ImageSEND technology
- ◆ PostScript 3 option with IPv6 support
- ◆ Optional Super G3 fax kit with 118 auto-dial destinations
- ◆ Dimensions: 20-1 2" (w) x 17-5 8" (d) x 14-5 8" (h)

Sharp MX-M753U

Digital Copier

Precision engineered to help increase workflow efficiency and provide exceptional image quality, Sharp's new MX High-Speed Monochrome workgroup document system takes you to the next level in MFP performance and productivity. A large customizable, high resolution touch-screen color display with graphical menu navigation is just one of the many advanced features offered on this new model. The powerful 800 MHz true multi-tasking controller enables users to save time and money while producing professional documents in-house - robust performance that is also economical. Sharp's advanced device management makes it easy to control usage and costs. With the latest Sharp OSA® development platform, integration with network applications has never been easier. And, to help safeguard the confidentiality of your intellectual property, Sharp's industry-leading security suite is second to none.

Features at a glance

- ◆ 75 PPM Digital Copier
- ◆ 1200 x 1200 dpi printing provides clear, crisp images, even on jobs with fine detail
- ◆ Paper capacity maximum: 6,600 sheets
 - Standard 2,000 sheet paper drawer, 2 X 500 sheet paper drawers and 100 sheet bypass tray
 - Optional 3,000 sheet large capacity tray (letter / legal / ledger) or a 3,500 sheet large capacity tray (letter)
- ◆ Large high resolution touch-screen color display
- ◆ Standard 80GB Hard Drive
- ◆ Standard 150-sheet duplexing single pass feeder with color Scan² Technology minimizes paper misfeeds and enhances reliability
- ◆ 800 MHz true multi-tasking controller
- ◆ Network interface supports gigabit ethernet
- ◆ Remote front panel feature allows users and administrators to view and control machine operations from a PC workstation
- ◆ Sharp OSA® development platform with optional application communication module and external accounting module
- ◆ Optional PCL6/PCL5e printing system with direct print function and available Postscript 3 and Windows XPS options
- ◆ Dimensions: 29"(w) X 27"(d) X 48"(h)

Sharp MX-M850 / MX-M950 / MX-M1100

High Volume Multifunction Duplicator

Designed for high-volume production environments, the MX-M850/M950/M1100 Series document systems deliver lightning-fast output with robust multi-tasking performance, so your workflow never misses a beat. With a standard paper capacity of 3,000 sheets, expandable to 8,050 sheets, the MX-M850/M950/M1100 Series document systems can manage large scale jobs with incredible efficiency. Plus, a flexible paper handling system combined with a wide range of supported media allows these powerful performers to meet the needs of any high-volume production environment from walk-up office environments and corporate data centers to high-volume CRD and service bureaus. For large volume jobs or print jobs, choose from either the 4,500-sheet letter-size triple paper tray or the 4,000-sheet ledger-size triple paper tray - which supports paper weights up to 170 lb. index! For even more flexibility add the optional 500-sheet Auto-Bypass Tray.

Sharp's MX-M850/M950/M1100 Series document systems with flexible and versatile options from paper feed to finishing, as well as highly customizable software architecture, adhere to principles that have made Sharp the award-winning choice.

Features at a glance

- ◆ 85 / 95 / 110 PPM Digital Multifunction Duplicator - **Upgradeable**
- ◆ High volume print production capability
- ◆ Paper capacity maximum: 8,050 sheets
 - Standard 3,000 sheet large capacity tray with three drawers Includes 2,000 sheet letter size tandem tray (drawer 1) 500 sheet multi purpose tray (drawer 2) and 500-sheet multi-purpose tray (drawer 3)
 - Optional: 4,550-sheet tray with three drawers, 2,000-sheet multi-purpose tray with three drawers, 3,500 sheet letter size large capacity tray, 3,000 sheet ledger size multipurpose large capacity tray
 - 500- sheet bypass tray or 100-sheet bypass tray
- ◆ Standard Duplexing Single Pass Feeder with Scan² technology
- ◆ Duplexing on stocks up to 110# index from three different paper trays
- ◆ Standard 80 GB hard drive
- ◆ Open Systems Architecture enables users to access network applications directly from LCD display
- ◆ Easy serviceability due to the long life drum and non-detachable maintenance
- ◆ Secure network interface with IPv6 and SNMPv3
- ◆ FTP Server printing allows users to browse an FTP server from the LCD to access files for pull printing or forward data from a client PC
- ◆ TIFF and PDF Direct Printing
- ◆ Permanent font and form storage
- ◆ Customizable with a variety of input options including optional color scanning to professional-looking output such as pamphlets, newsletters and booklets
- ◆ Standard IEEE1284 and USB 2.0 ports
- ◆ Energy Star compliant

At Sharp, we know **COLOR** ... and understand the value of **GREEN**

Copier Toner Recycling Program

As part of our commitment to preserving the environment and reducing landfill waste, Sharp Imaging and Information Company of America offers our customers a Toner Recycling Program for all Sharp® copier and MFP toner cartridges.

We encourage Sharp customers to recycle by providing a pre-paid shipping label for the return of all used toner cartridges.

In addition, to facilitate bulk shipments and in order to help conserve resources and reduce energy use, Sharp provides a toner cartridge shipping carton. This carton can be conveniently placed in the customer's mailroom or near the copier for easy collection and shipment of up to 10 used cartridges.

Since the program's inception, each month over 4 tons of used toner cartridges have been prevented from ending up in a landfill.

Please visit www.sharpusa.com/recycle to learn more about our recycling program.

To learn more about our Environmental Initiatives, please visit www.sharpusa.com/environment

Keep your cartridge out of a landfill... please recycle.

Environmental Leadership

Reinforcing our commitment to the environment, in 2007, Sharp Electronics received the **Excellence in Partnership Green Contractor Award** as well as the **Evergreen Award** from the U.S. Government's General Services Administration and the Coalition for Government Procurement. These awards recognize environmentally responsible businesses and their efforts in recycling, waste reduction and affirmative procurement practices.

Additionally, Sharp was one of the first members of the EPA's **SmartWaySM Transport Program**. This voluntary alliance establishes incentives for fuel efficiency improvements and reductions in greenhouse gas emissions through creating partnerships, reducing unnecessary engine idling and increasing efficiency. Sharp received the SmartWay Excellence award in 2006, 2007 and 2008.

Sharp actively participates in the EPA's **"Plug-In to eCycling"** program. This voluntary program was created to help reduce the environmental impact of electronic products during their production, use and disposal.

Sharp provides consumers opportunities to recycle end of life Sharp products across the United States through the use of the **MRM recycling** network.

For information on product recycling locations near you, please go to: www.mrmrecycling.com

SAVING ENERGY

SAVING RESOURCES

MAXIMIZING RECYCLING

Our Environmental Philosophy

Creating an Environmentally-Conscious Company with Sincerity and Creativity.

High Standards

Sharp is dedicated to steadily improving our environmental sustainability management and commitment to environmental conservation.

In fact, since 2004, all Sharp Corporation production facilities worldwide have been ISO 14001 certified. This certification ensures that environmental management systems to prevent pollution are maintained, and continual improvement of these systems occurs.

Commitment to GREEN

At Sharp we strive to create both energy-saving and energy-creating products and strengthening our environmental efforts is an ongoing, company-wide endeavor. As a worldwide leader in solar electricity solutions, Sharp focuses on building a sustainable society through environmentally-conscious policies and processes. Sharp leverages our environmental initiatives as a platform for sharing that expertise with consumers and increasing public environmental awareness.

Environmental Initiatives

Through its unprecedented research and development efforts, Sharp has succeeded in reducing the power consumption of its document solution products.

- 🍃 **Energy Star® Qualified** models are those with advanced technologies which use 10 - 50% less energy than the standard products in their category. Sharp MFPs are Energy Star Qualified.
- 🍃 New, state-of-the-art toner cartridges are one-fifth the size of conventional toner cartridges, requiring less packaging material and significantly less power consumption.
- 🍃 **Organic photoconductive drum** units have an extended life of up to one million pages.
- 🍃 Sharp further reduces waste by incorporating reusable airbags for its packaging materials, eliminating the use of expanded polystyrene as a packaging material for all products under 11 pounds.

Sharp's Environmental and Social Contributions

In 2008, Sharp Electronics collaborated with education experts to develop an environmental education program for elementary students called "Sharp Solar Academy". Taught by Sharp employee volunteers, the curriculum addresses environmental awareness, climate change, energy conservation, recycling and renewable energy, encouraging students to take small steps to adopt more eco-friendly lifestyles.

In the US, Sharp has presented the Solar Academy to fourth and fifth graders in NJ, NY and CA. Due to tremendous interest from schools, Sharp is now planning to expand the program to additional school districts. Sharp has operated a similar program in Japan reaching roughly 37,000 students.

In Mahwah, NJ, home to Sharp's US headquarters, Sharp has donated funds, video equipment and a solar system to Ramapo College of New Jersey for the Sharp Sustainability Education Center. The center is a showcase for green practices; with classrooms, demonstration space and a science laboratory that will teach local school children how to bring sustainability into their lives.

Please visit www.sharppusa.com/environment to learn more about our Environmental Awards and Initiatives.

The Sharp Data Security Kit: the cornerstone of optimum security

Secure the Image Data: Be sure you leave nothing behind.

Designed to protect your confidential information, **Sharp's Data Security Kit** works as a "digital shredder," offering several layers of advanced security. With both encryption and overwrite features, **Sharp's Data Security Kit** helps protect your confidential information from even the most sophisticated threats.

Personnel and medical records, strategic plans, salary grade levels, and countless other sensitive documents are printed, copied, scanned, and faxed inside state agencies every day.

Data Encryption:

With 128-bit encryption, **Sharp's Data Security Kit** encrypts image data in the MFP (Multi-Functional Products) before it's written to the hard drive, RAM or ROM for print, copy, scan, or fax functions. This first layer of security provides peace of mind even while your documents are still active.

Automatic and Manual Memory Clear:

You can choose to have the **Data Security Kit** automatically overwrite all memory when the MFP is powered up, and/or after each print/copy/scan/fax job. Or, at any time, you can also choose to manually clear all memory for added versatility and control.

Data Overwrite:

Random numbers overwrite the information written to memory when a document is printed, copied, scanned or faxed. For the highest levels of security, **Sharp's Data Security Kit** can be set to perform up to seven overwrites - more than any other competitor to date.

- Hard disk overwrite for print, copy and scan functions
- RAM overwrite for print, copy and scan functions
- Flash ROM overwrite for fax function

Western States Contracting Alliance – Contract # 7-09-36-04
