COST OF SERVICES

1330.1

(Revised 9/2016)

Agencies pay rent for the space they use in buildings owned and operated by DGS. The rent covers regular building services, including all labor, materials and equipment. The DGS' Price Book lists the FMD's hourly rates for services not covered in the rent. Your building manager may be contacted to answer any billing questions. Monthly invoices are generated directly to the requesting agency for:

1. Special building services that are not included in the rent, i.e., tenant services such as locksmithing, painting, carpentry, minor repairs, etc. Charges for special services are based on costs for time and materials. Your building manager can provide information on the services included in standard and special building services.
2. Services to special-funded buildings where costs are not recovered through rent. Charges to special fund agencies who own their building(s) are based on the actual costs of providing services.

BUILDING ALTERATIONS

1330.2

(Revised 9/2016)

When an agency determines the need for a building alteration in a DGS-owned or managed building and funding of the proposal is approved, FMD will complete the project with its in-house staff, or hire a private contractor. If a private contractor is hired, FMD will obtain contract approval/execute and supervise the completion of the job.

USE OF BUILDINGS OUTSIDE REGULAR WORKING HOURS

1330.3

(Revised 9/2016)

The DGS-owned and managed buildings are typically in operation from 7:00 a.m. to 6:00 p.m. In light of resource conservation, personal safety, and building security concerns, agencies are encouraged to minimize the use of state buildings outside of these hours. In many buildings, use outside of the regular operation hours requires the heating or cooling of the entire building.

If your agency's operations require use of a building outside of regular operation hours, please contact your building manager so appropriate staffing and other arrangements can be made.

PARKING IN LOADING DOCK AREAS OF STATE BUILDINGS

1330.4

(Revised 9/2016)

Assigned parking is not permitted in loading dock areas in buildings under the jurisdiction of the DGS. Unauthorized vehicles may be towed at the vehicle owner's expense.

SMOKING IN STATE BUILDINGS

1330.5

(Revised 9/2016)

Government Code Sections 19994.30-35 ban smoking, including electronic cigarettes that deliver nicotine or other vaporized liquids, in state-owned and state-leased space. This prohibition applies to any area enclosed by the outermost walls of the building. Atriums, balconies, stairwells, and other similar building features are considered within a building.

OFFICE PLANTS

1330.6

(Revised 9/2016)

Purchase and care of office plants are not a service of FMD. Budgetary justification, purchase, or lease of office plants by state personnel or by a service contract is the responsibility of the agency.

PURCHASE AND DISPLAY OF FLAGS AT STATE BUILDINGS

1330.8

(Revised 9/2016)

General

Government Code Sections [420](#) and [430-439](#) provide basic information regarding the State Flag of California and the Flag of the United States. A pamphlet entitled *California Bear Flag* is available from DGS, Office of Procurement, Documents and Publications Section.

Information pertaining to the Flag of the United States is available at a nominal charge from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C., 20402. The [Flags of the World](#) web site also has information and links on this topic.

Purchase and Display

State law requires the State and American flags to be displayed at all state buildings when the state is the sole or major tenant of the building (occupying more than 50 percent of the available space). The flags must be flown outside the building and must be prominently placed although a freestanding flagpole is not necessarily required.

Flying any other flags outside or on state buildings will require the approval of the Director of DGS.

The responsibility for purchase and display of flags is:

1. With an individual state agency when the agency is the sole or major tenant of the building, and the building is not maintained by DGS.
2. With FMD where it manages and maintains the buildings and grounds.

Should a duly elected California official on behalf of a democratic sovereign nation or its duly appointed representative(s) request the flying of its national flag at a state building to commemorate or honor the special day, such request should be made in writing to the Director of DGS 60 days in advance of the event, when practical.

The Governor annually proclaims the third Friday of September to be known as Prisoner-of-War/Missing in Action (POW/MIA) Recognition Day. On that day the flag of the National League of POW/MIA Families shall be flown over certain prescribed state buildings and public buildings and grounds as specified in Military and Veterans Code Section 1831.

Flying the Flag at Half-mast

Generally the American flag is flown at half-mast at state buildings only by presidential and/or gubernatorial decree. In the event a state agency wishes to fly flags at half- mast, authorization will be obtained from their agency secretary. The state flag shall be displayed in the same manner as the American flag.
