NON-CONFORMING IMAGES

8043.2

(New 06/2012)

A non-conforming image is an item that was transmitted to the bank remotely and was unable to be processed. To redeposit a non-conforming image the department will retrieve and manually deposit the original item by one of the alternative methods described in SAM section 8032.2 and use the proper endorsement as provided in SAM section 8034.1.
